We look forward to seeing you at the annual meeting.

DYNATRONICS CORPORATION

PROXY STATEMENT FOR
2015 ANNUAL MEETING OF SHAREHOLDERS
To Be Held December 16, 2015

This Proxy Statement contains information regarding the Annual Meeting of Shareholders of Dynatronics Corporation, a Utah corporation, to be held at 3:00 p.m. Mountain Time on Wednesday, December 16, 2015, at our corporate headquarters, 7030 Park Centre Drive, Cottonwood Heights, Utah and at any postponements or adjournments thereof. These proxy materials were first sent on or about October 27, 2015 to shareholders entitled to vote at the annual meeting.

PURPOSE OF MEETING

The annual meeting will be held for the following purposes:

- To elect four members of Dynatronics' Board of Directors (Proposal No. 1);
- To ratify the appointment of Mantyla McReynolds LLC as the Company's independent registered public accounting firm for the fiscal year ending June 30, 2016 (Proposal No. 2); and
- To act upon such other matters as may properly come before the annual meeting or any adjournments or postponements thereof.

Recommendations of the Board of Directors

Dynatronics' Board of Directors recommends that you vote:

- FOR each of the nominees of the Board of Directors (Proposal No. 1); and
- FOR the ratification of the appointment of Mantyla McReynolds LLC as the Company's independent registered public accounting firm for the year ending June 30, 2016 (Proposal No. 2).

VOTING

Voting Rights

Only shareholders of record of Dynatronics common stock, no par value per share ("Common Stock") and Dynatronics Series A 8% Convertible Preferred Stock ("Series A Preferred") on October 27, 2015, the record date, will be entitled to vote at the annual meeting. Each holder of record of Common Stock will be entitled to one vote on each matter for each share of Common Stock held on the record date. The Series A Preferred votes on an as-converted basis, one vote for each share of Common Stock issuable upon an assumed conversion of the Series A Preferred; provided, however, that the voting rights of the Series A Preferred are subject to Nasdaq rules (the "Voting Cutback") that limit the number of "as-if-converted common shares" that may be voted to the number of shares of Common Stock issuable upon conversion of the Series A Preferred held by a holder that exceeds the quotient of (x) the aggregate purchase price paid by such holder of Series A Preferred for its Series A Preferred, divided by (y) the greater of (i) \$2.50 and (ii) the market price of the Common Stock on the trading day immediately prior to the date of issuance of such holder's Series A Preferred shares. On the date immediately prior to the date of issuance of the Series A Preferred Stock, the trading price of the Common Stock was \$3.23 per share. The maximum number of shares that may be voted on an

as-converted basis by the holders of the Series A Preferred is 1,246,130 shares. On the record date, there were 2,642,389 shares of Common Stock outstanding.

A majority of the outstanding shares of Common Stock (including the Series A Preferred on an as-converted basis) must be present or represented by proxy at the annual meeting in order to have a quorum. Abstentions and broker non-votes will be treated as shares present for the purpose of determining the presence of a quorum for the transaction of business at the annual meeting. A broker non-vote occurs when a bank, broker or other holder of record holding shares for a beneficial owner submits a proxy for the annual meeting but does not vote on a particular proposal, except for Proposal No. 2, because that holder does not have discretionary voting power with respect to that proposal and has not received instructions from the beneficial owner. If the persons present or represented by proxy at the annual meeting constitute the holders of less than a majority of the outstanding shares of Common Stock as of the record date, the annual meeting may be adjourned to a subsequent date for the purpose of obtaining a quorum.

In the election of directors, a nominee who receives a plurality of the votes (including votes of the Series A Preferred on an as-converted basis, subject to the Voting Cutback) cast at the annual meeting will be elected as a director. The “plurality” standard means the four nominees who receive the largest number of “for” votes (also known as a “plurality” of the votes) will be elected. The number of shares not voted for the election of a nominee (and the number of “withhold” votes cast with respect to that nominee) are not counted and will not affect the determination of whether that nominee has received the necessary votes for election under Utah law. Votes that are withheld will not be included in the vote tally for the election of directors. Shareholders may not cumulate votes in the election of directors. The other proposal requires the approval of the affirmative vote of a majority of the shares of Common Stock (including the Series A Preferred on an as-converted basis, subject to the Voting Cutback) present or represented by proxy and voting at the annual meeting.

Abstentions and broker non-votes have no effect on the determination of whether a nominee or any of the proposals has received the vote of a majority of the shares of Common Stock present or represented by proxy and voting at the meeting.

The inspector of elections appointed for the annual meeting will separately tabulate affirmative and negative votes, abstentions and broker non-votes.

Admission to Meeting

You are entitled to attend the annual meeting if you were a shareholder of record or a beneficial owner of our common or preferred stock as of October 27, 2015, the record date, or you hold a valid legal proxy for the annual meeting. If you are a shareholder of record, you may be asked to present valid picture identification, such as a driver's license or passport, for admission to the annual meeting.

If your shares are registered in the name of a bank, brokerage firm or other holder of record (your record holder), you may be asked to provide proof of beneficial ownership as of the record date, such as a brokerage account statement, a copy of the Notice of Internet Availability or voting instruction form provided by your record holder, or other similar evidence of ownership, as well as picture identification, for admission. If you wish to be able to vote in person at the annual meeting, you must obtain a legal proxy from your brokerage firm, bank or other holder of record and present it to the inspector of elections with your ballot at the annual meeting.

Registration will begin at 2:30 p.m. Mountain Time on the date of the annual meeting. If you do not provide picture identification and comply with the other procedures outlined above, you may not be admitted to the annual meeting. We recommend that you arrive early to ensure that you are seated by the commencement of the annual meeting.

Voting via the Internet, by Telephone or by Mail

Holders of shares of Dynatronics Common Stock whose shares are registered in their own name with Dynatronics' transfer agent, Interwest Transfer Company, are record holders. As an alternative to voting in person at the annual meeting, record holders may vote via the Internet, by telephone or, for those shareholders who receive a paper proxy card in the mail, by mailing a completed proxy card.

For those record holders who receive a paper proxy card, instructions for voting via the Internet, telephone or by mail are set forth on the proxy card. If you are a shareholder who elects to vote by mail, you should sign and mail the proxy card in the addressed, postage paid envelope that was enclosed with the proxy materials, and your shares will be voted at the annual meeting in the manner you direct. In the event that you return a signed proxy card on which no directions are specified, your shares will be voted FOR each of the nominees of the Board of Directors (Proposal No. 1), and FOR the ratification of the appointment of Mantyla McReynolds LLC as Dynatronics' independent registered public accounting firm for the fiscal year ending June 30, 2016 (Proposal No. 2), and in the discretion of the proxy holders as to any other matters that may properly come before the annual meeting or any postponement or adjournment of the annual meeting.

Dynatronics shareholders whose shares are not registered in their own name with Interwest are beneficial holders of shares held in street name. Such shares may be held in an account at a bank or at a brokerage firm (your record holder). As the beneficial holder, you have the right to direct your record holder on how to vote your shares, and you will receive instructions from your record holder that must be followed in order for your record holder to vote your shares per your instructions. Many banks and brokerage firms have a process for their beneficial holders to provide instructions via the Internet or by telephone. If Internet or telephone voting is unavailable from your record holder, please complete and return the enclosed voting instruction card in the addressed, postage paid envelope provided. If

your shares are held beneficially in street name and you have not given your record holder voting instructions, your record holder will not be able to vote your shares with respect to any matter other than ratification of the appointment of Dynatronics' independent registered public accounting firm. Shares held beneficially in street name may be voted by you in person at the annual meeting only if you obtain a legal proxy from your record holder giving you the right to vote such shares in person at the annual meeting.

For those shareholders who receive a Notice of Internet Availability of Proxy Materials (described under "Internet Availability of Proxy Materials" below), the Notice of Internet Availability of Proxy Materials provides information on how to access your proxy on the Internet, which contains instructions on how to vote via the Internet or by telephone. If you received a Notice of Internet Availability, you can request a printed copy of your proxy materials by following the instructions contained in the notice.

Revocation of Proxies

You may revoke or change a previously delivered proxy at any time before the annual meeting by delivering another proxy with a later date, by voting again via the Internet or by telephone, or by delivering written notice of revocation of your proxy to Dynatronics' Secretary at Dynatronics' principal executive offices before the beginning of the annual meeting. You may also revoke your proxy by attending the annual meeting and voting in person, although attendance at the annual meeting will not, in and of itself, revoke a valid proxy that was previously delivered. If you hold shares through a bank or brokerage firm, you must contact that bank or brokerage firm to revoke any prior voting instructions. You also may revoke any prior voting instructions by voting in person at the annual meeting if you obtain a legal proxy as described under "Admission to Meeting" above.

Voting of Proxies

Your shares will be voted as you direct on your signed proxy card. If you do not specify on your proxy card how you want to vote your shares, we will vote signed returned proxies FOR each nominee for director and FOR Proposal No. 2. We do not know of any other business that may be presented at the meeting. If a proposal other than those listed in the Notice is presented at the annual meeting, your signed proxy card authorizes the persons named in the proxy to vote your shares on such matters in their discretion.

Vote Required for Approval

A plurality of the shares voting at the annual meeting is required to elect directors. This means that the four nominees receiving the highest number of affirmative votes of the shares entitled to be voted for them will be elected.

The affirmative vote of a majority of the shares of Common Stock (including the Series A Preferred "as converted" subject to the Voting Cutback) by shareholders present at the annual meeting (in person or by proxy) and entitled to vote is required to approve Proposal No. 2.

Quorum

The presence at the annual meeting, in person or by proxy, of the holders of a majority of the outstanding shares of Common Stock (including the Series A Preferred, subject to the Voting Cutback) entitled to vote at the meeting (a "quorum") is required to transact business at the annual meeting. In general, shares of Common Stock represented by a properly signed and returned proxy card will be counted as shares present and entitled to vote at the meeting for purposes of determining a quorum. Abstentions will be counted as "represented" for the purpose of determining the presence or absence of a quorum, but will not be counted for any other purpose. Inasmuch as street name holders will have discretionary voting rights with respect to routine Proposal No. 2, ratification of the selection of our independent registered public accounting firm, broker non-votes will also be counted as "represented" for the purpose of determining the presence or absence of a quorum for all purposes of the annual meeting.

INTERNET AVAILABILITY OF PROXY MATERIALS

In accordance with the rules of the Securities and Exchange Commission ("SEC"), we are using the Internet as our primary means of furnishing proxy materials to shareholders. Consequently, most shareholders will not receive paper copies of our proxy materials. We will instead send these shareholders a Notice of Internet Availability of Proxy Materials with instructions for accessing the proxy materials, including our proxy statement and annual report, and voting via the Internet. The Notice of Internet Availability of Proxy Materials also provides information on how shareholders may obtain paper copies of our proxy materials if they so choose. This makes the proxy distribution process more efficient and less costly, and helps conserve natural resources. If you previously elected to receive our

proxy materials electronically, these materials will continue to be sent via email unless you change your election.

PROXY SOLICITATION

We are soliciting proxies from our shareholders for use by our Board of Directors at our annual meeting. We will pay the cost of solicitation of proxies from our shareholders, including preparation, assembly, printing and mailing of this Proxy Statement and the proxy cards. Solicitation materials will be furnished to banks, brokerage houses, fiduciaries and custodians holding in their names shares of our Common Stock beneficially owned by others. We may reimburse persons representing beneficial owners of our Common Stock for their costs of providing solicitation materials to beneficial owners. In addition to solicitation by use of the mail, proxies may be solicited by our management (including our Board of Directors, officers and employees), in person or by telephone, electronic mail, or other means of communication. No additional compensation for soliciting proxies will be paid to Company management or employees for such services.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

General

The names of persons who are nominees for director and their current positions and offices with Dynatronics are set forth in the table below. The proxy holders intend to vote all proxies received by them for the nominees listed below unless otherwise instructed. Each of the current directors has been nominated for election by the Board of Directors upon recommendation by the Nominating and Governance Committee and has decided to stand for election. The authorized number of directors is seven.

Vote Required

Under the bylaws of the Company, directors are elected on a plurality of the votes cast at the annual meeting. The four nominees receiving the most affirmative votes will be elected at the annual meeting and will serve a one-year term expiring at the next annual meeting of shareholders or at such time as their successor has been elected or appointed. At the annual meeting, proxies cannot be voted for a greater number of individuals than the four nominees named in this Proxy Statement.

Audit Committee

The Audit Committee, which has been established in accordance with requirements of Section 3(a)(58)(A) of the Exchange Act, is comprised of the following independent directors: Howard L. Edwards (chair), Richard J. Linder, Erin S. Enright and R. Scott Ward. Mr. Linder was appointed to the committee when he joined the Board of Directors in March 2015. Ms. Enright was appointed to the committee when she joined the Board of Directors in July 2015. The Board of Directors has determined that each member of the Audit Committee: (i) is independent, (ii) meets the financial literacy requirements of the Nasdaq Rules, and (iii) meets the enhanced independence standards established by the SEC. In addition, the Board has determined that Mr. Edwards and Ms. Enright each qualifies as an “audit committee financial expert” as that term is defined in Item 407(d)(5)(ii) of Regulation S-K promulgated under the Exchange Act by the SEC. Neither Mr. Edwards nor Mr. Linder is standing for re-election at the expiration of this term at the Annual Meeting.

The Audit Committee is primarily concerned with the integrity of our financial statements, the independence, qualifications and performance of our independent registered public accounting firm, and our compliance with legal requirements. The Audit Committee operates under a written charter approved by the Board of Directors and the Audit Committee that reflects standards and requirements adopted by the SEC and Nasdaq. The Audit Committee Charter can be found on our website, www.dynatronics.com, under “Company Information, Investor Relations, Company Policies.” The Audit Committee held four meetings during fiscal year 2015. Each member of the Audit Committee attended at least 75% of the Audit Committee’s meetings.

As indicated in its charter, the Audit Committee’s duties include selecting and engaging our independent registered public accounting firm; reviewing the scope of the audit to be conducted by our independent registered public accounting firm; overseeing our independent registered public accounting firm and reviewing the results of its audit; reviewing our financial reporting processes, including the accounting principles and practices followed and the financial information provided to shareholders and others; overseeing our internal control over financial reporting and disclosure controls and procedures; and serving as our legal compliance committee.

Nominating and Governance Committee

The Nominating and Governance Committee was established in fiscal year 2016 and is responsible for overseeing, reviewing and making periodic recommendations concerning Dynatronics’ corporate governance policies, and for recommending to the full Board of Directors candidates for election to the Board of Directors. Each member of this committee is an independent director under applicable NASDAQ listing standards.

Nominees for the Board of Directors should be committed to enhancing long-term shareholder value and must possess a high level of personal and professional ethics, sound business judgment and integrity. The Board of Directors is composed of a diverse group of leaders in their respective fields. The Board of Directors encourages selection of directors who will contribute to Dynatronics’ overall corporate goals: responsibility to its shareholders, technology leadership, effective execution, high customer satisfaction and superior employee working environment. The Nominating and Governance Committee from time to time reviews the appropriate skills and characteristics required of board members, including factors that it seeks in board members such as diversity of business experience, viewpoints and, personal background, and diversity of skills in technology, finance, marketing, international business, financial reporting and other areas that are expected to contribute to an effective Board of Directors. In evaluating potential candidates for the Board of Directors, the Nominating and Governance Committee considers these factors in the light of the specific needs of the Board of Directors at that time. The brief biographical description of each nominee set forth in the “Business Experience and Qualifications of Nominees” above includes the primary individual experience, qualifications, attributes and skills of each of our directors that led to the conclusion that each director should serve as a member of the Board of Directors at this time.

Shareholders may recommend a director nominee to Dynatronics' Nominating and Governance Committee. In recommending candidates for election to the Board of Directors, the Nominating and Governance Committee considers nominees recommended by directors, officers, employees, shareholders and others, using the same criteria to evaluate all candidates. The Nominating and Governance Committee reviews each candidate's qualifications, including whether a candidate possesses any of the specific qualities and skills desirable in certain members of the Board of Directors. Evaluations of candidates generally involve a review of background materials, internal discussions and interviews with selected candidates as appropriate. Upon selection of a qualified candidate, the Nominating and Governance Committee would recommend the candidate for consideration by the full Board of Directors. The Nominating and Governance Committee may engage consultants or third-party search firms to assist in identifying and evaluating potential nominees.

To recommend a prospective nominee for the Nominating and Governance Committee's consideration, submit the candidate's name and qualifications to Dynatronics' Secretary in writing to the following address: Dynatronics Corporation, Attn: Bob Cardon, Vice President of Administration and Corporate Secretary, 7030 Park Centre Drive, Cottonwood Heights, Utah 84121. When submitting candidates for nomination to be elected at Dynatronics' annual meeting of shareholders, shareholders must also follow the notice procedures and provide the information required by Dynatronics' bylaws. In particular, for the Nominating and Governance Committee to consider a candidate recommended by a shareholder for nomination at the 2016 Annual Meeting of Shareholders, the recommendation must be delivered or mailed to and received by Dynatronics' Corporate Secretary between July 2, 2016 and August 1, 2016 (or, if the 2016 annual meeting is not held within 30 calendar days of the anniversary of the date of the 2015 Annual Meeting, within 10 calendar days after Dynatronics' public announcement of the date of the 2016 annual meeting). The recommendation must include the same information as is specified in Dynatronics' bylaws for shareholder nominees to be considered at an annual meeting, including the following:

- The shareholder's name and address and the beneficial owner, if any, on whose behalf the nomination is proposed;
- The shareholder's reason for making the nomination at the annual meeting, and the signed consent of the nominee to serve if elected;
- The number of shares owned by, and any material interest of, the record owner and the beneficial owner, if any, on whose behalf the record owner is proposing the nominee;
- A description of any arrangements or understandings between the shareholder, the nominee and any other person regarding the nomination; and
- Information regarding the nominee that would be required to be included in Dynatronics' proxy statement by the SEC rules, including the nominee's age, business experience for the past five years and any directorships held by the nominee, including directorships held during the past five years.

Meetings of the Board of Directors

There were eight meetings of the Board of Directors held during fiscal year 2015. No director attended fewer than 75% of these meetings.

Executive Sessions of Independent Directors

During the year ended June 30, 2015, the independent directors did not meet in executive session.

Board Leadership Structure and Role in Risk Oversight

Kelvyn H. Cullimore, Jr. serves as the Chairman of our Board of Directors and as our Chief Executive Officer. We do not have a formal policy with respect to separation of the offices of chairman of the board and chief executive officer, and the Board of Directors believes that flexibility in appointing the Chairman and Chief Executive Officer allows the Board of Directors to make a determination as to such positions from time to time and in a manner that it believes is in the best interest of the Company and its shareholders.

The Board of Directors believes that the traditional practice of combining the roles of Chairman of the Board and Chief Executive Officer currently provides the preferred form of leadership for the Company. Given Mr. Cullimore's long tenure and vast experience with the Company and our industry, the tremendous respect which he has earned from

employees, business partners and shareholders, as well as other members of the medical device manufacturers industry, and his proven leadership skills, the Board of Directors believes the best interests of our shareholders are met by Mr. Cullimore's continued service in both capacities. The Board of Directors also believes that Mr. Cullimore's performance of both responsibilities encourages clear accountability and effective decision-making, and provides strong leadership for our employees and other stakeholders.

Given the experience and qualifications our directors contribute to the Board's activities, we have implemented a number of practices designed to encourage effective corporate governance. These practices include:

- the requirement that at least a majority of the directors meet the standards of independence applicable to the Company;
- the appointment of a lead independent director (currently a position held by Howard L. Edwards), empowered to schedule and conduct meetings of the independent directors, communicate with the Chairman of the Board, disseminate information to the Board and raise issues with management on behalf of the independent directors when appropriate;
- executive sessions of the independent members of the Board of Directors and committee meetings which include individual sessions with representatives of the Company's independent registered public accounting firm, as well as the CFO and CEO; and
- completion of performance evaluations of the CEO by the Compensation Committee.

Our management is primarily responsible to manage risk and inform the Board of Directors regarding the most material risks confronting us and our business. The Board of Directors has oversight responsibility of the processes established to monitor and manage such risks. The Board of Directors believes that such oversight function is the responsibility of the entire Board of Directors through frequent reports and discussions at regularly scheduled Board meetings. In addition, the Board has delegated specific risk management oversight responsibility to the Audit Committee and to the independent members of the Board of Directors. In particular, the Audit Committee oversees management of risks related to accounting, auditing and financial reporting and maintaining effective internal controls for financial reporting. The independent members of the Board of Directors oversee risk management related to corporate governance practices and executive compensation plans and arrangements. These specific risk categories and our risk management practices are reviewed by the entire Board of Directors in the ordinary course of regular Board meetings.

Communications with the Board of Directors

Shareholders may communicate directly with our Board of Directors by writing to them at Board of Directors, c/o Bob Cardon, Vice President of Administration, Dynatronics Corporation, 7030 Park Centre Drive, Cottonwood Heights, Utah 84121. All communications received in this manner will be opened for the sole purpose of determining whether the contents represent a message to our directors, after which they will be forwarded to the director or directors to whom addressed, except for communications that are (1) advertisements, promotions of a product or service, patently offensive material or matters deemed inappropriate for the Board of Directors, (2) solely related to complaints with respect to ordinary course of business customer service and satisfaction issues, or (3) clearly unrelated to our business, industry, management, Board of Directors, or related committee matters.

Code of Conduct and Ethics

We have established a Code of Business Ethics that applies to our officers, directors and employees. The Code of Business Ethics contains general guidelines for conducting our business consistent with the highest standards of business ethics, and is intended to qualify as a “code of ethics” within the meaning of the Exchange Act and as a “code of business conduct and ethics” within the meaning of the Nasdaq Rules.

All of our directors, officers and employees must act in accordance with our Code of Business Ethics. Employees and directors are required to report any conduct that they believe in good faith to be an actual or apparent violation of the Code of Business Conduct and Ethics. In addition, our Audit Committee has established procedures to receive, retain and treat complaints received regarding accounting, internal accounting controls, or auditing matters, and to allow for the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters.

The Code of Business Ethics is available on our website at www.dynatronics.com, in the “Company Information, Investor Relations, Company Policies” section. A copy may also be obtained by writing to the Vice President of Administration, Dynatronics Corporation, 7030 Park Centre Drive, Cottonwood Heights, Utah 84121.

None of our executive officers serves on the board of directors of another entity whose executive officers serve on the Compensation Committee of our Board of Directors. PROPOSAL NO. 2

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

General

Dynatronics is asking the shareholders to ratify the Audit Committee's appointment of Mantyla McReynolds LLC ("Mantyla McReynolds") as Dynatronics' independent registered public accounting firm for the fiscal year ending June 30, 2016. In the event the shareholders fail to ratify the appointment, the Audit Committee will reconsider this appointment. Even if the appointment is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in Dynatronics' and its shareholders' best interests.

The Audit Committee is directly responsible for the appointment, determination of the compensation for, retention and oversight of the work of the independent registered public accounting firm retained to audit Dynatronics' consolidated

financial statements. The Audit Committee has appointed Mantyla McReynolds as Dynatronics' independent registered public accounting firm for fiscal 2016 and is responsible for pre-approving all audit and permissible non-audit services to be provided by Mantyla McReynolds. Mantyla McReynolds has audited Dynatronics' consolidated financial statements annually since fiscal 2014. In order to assure continuing auditor independence, the Audit Committee periodically considers whether there should be a regular rotation of the independent registered public accounting firm. The members of the Audit Committee and the Board believe that the continued retention of Mantyla McReynolds to serve as Dynatronics' independent registered public accounting firm is in the best interests of Dynatronics and its shareholders. Representatives of Mantyla McReynolds are expected to be present at the annual meeting and will have the opportunity to make a statement if they desire to do so. It is also expected that those representatives will be available to respond to appropriate questions.

Principal Accountant Fees and Services

Financial Information Systems Design and Implementation Fees

During fiscal years 2015 and 2014, we did not engage Mantyla McReynolds to provide any professional services in connection with (i) operating or supervising the operation of our information system or managing our local area network or (ii) designing or implementing a hardware or software system that aggregates source data underlying the financial statements or generates information that is significant to our financial statements taken as a whole.

Audit Fees

The aggregate fees billed by Mantyla McReynolds for professional services rendered for the fiscal years ended June 30, 2015 and 2014 in connection with (i) the audit of our annual financial statements set forth in our Annual Report on Form 10-K for the fiscal year then ended, and (ii) the reviews of our quarterly financial statements set forth in our Quarterly Reports on Form 10-Q for each of our fiscal quarters during the periods then ended, totaled approximately \$80,000 and \$59,000, respectively.

Audit-Related Fees

No fees were billed by Mantyla McReynolds in each of the last two fiscal years for other assurance and related services. The aggregate fees billed by Mantyla McReynolds for professional services rendered during the fiscal year ended June 30, 2015 in connection with the Company's private placement of Series A preferred stock in 2015 was \$33,348. These fees were approved by the Company's Audit Committee.

Audit Committee Policy Regarding Pre-Approval of Audit and Permissible Non-Audit Services of the Company's Independent Registered Public Accounting Firm

The Audit Committee has established a policy that all audit and permissible non-audit services provided by the independent registered public accounting firm will be pre-approved by the Audit Committee. These services may include audit services, audit-related services, tax services and other services. The Audit Committee considers whether the provision of each non-audit service is compatible with maintaining the independence of the independent registered public accounting firm. Pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The independent registered public accounting firm and our management are required to periodically report to the Audit Committee regarding the extent of services provided in accordance with this pre-approval, and the fees for the services performed to date.

Vote Required

The affirmative vote of a majority of the shares of Dynatronics Common Stock present or represented by proxy and voting at the annual meeting (including the Series A Preferred, subject to the Voting Cutback), is required for approval of this proposal.

Recommendation of the Board of Directors

Compensation Discussion and Analysis

The Compensation Committee oversees our executive compensation program and reviews all compensation decisions relating to our Named Executive Officers. The following Compensation Discussion and Analysis describes the material elements of the compensation and benefit programs for our Named Executive Officers. The Compensation Committee evaluates both performance and compensation to ensure that we are able to attract and retain the best possible employees in key positions and that the compensation provided to key employees remains competitive.

Compensation Program Objectives

Executive compensation is determined by several factors. The following are the main objectives of our executive compensation program as determined by the Compensation Committee:

- Retention of qualified officers.
- Providing overall corporate direction for the officers and also to provide direction that is specific to officer's respective areas of authority. The level of compensation amongst the officer group, in relation to one another, is also considered in order to maintain a high level of satisfaction within the leadership group. We consider the relationship that the officers maintain to be one of the most important elements of the leadership group.
- Providing a performance incentive for the officers.

The compensation program is designed to reward the officers in the following areas:

- Achievement of specific goals
- Creativity in the form of innovative ideas and analysis for new programs and projects
- New program implementation
- Attainment of company goals, budgets, and objectives
- Results-oriented determination and organization
- Positive and supportive direction for company personnel

The Compensation Committee determines the portion of compensation allocated to each element for each individual executive officer. The discussions of compensation practices and policies are of historical practices and policies. Our Board of Directors and the Compensation Committee expect to continue these policies and practices, but will reevaluate the practices and policies as they consider advisable.

The principal elements of our executive compensation program include:

- Base salary
- Performance bonus
- Stock options and stock awards
- Employee benefits in the form of:
 - o health and dental insurance
 - o life insurance
- Other benefits including use of Company automobile and cell phone

Base salary

Base salary is intended to provide competitive compensation for job performance and to attract and retain qualified executive officers. The base salary level is determined by considering several factors inherent in the market place such as: the size of the company; the prevailing salary levels for the particular office or position; prevailing salary levels in a given geographic locale; and the qualifications and experience of the executive officer. In determining the salary of the executive officers, the Compensation Committee considered the comparable salary levels provided by various published executive compensation survey reports for the medical device industry.

Performance bonus

Bonuses are based on company performance. A percentage formula based on our pre-tax profit is used in determining the performance bonus for the executive officers.

Stock options and stock awards

Stock ownership is provided to enable executive officers to participate in our success. The direct or potential ownership of stock is expected to provide the incentive to expand the involvement of the executive officer to include, and therefore be mindful of, the perspective of our shareholders.

Employee benefits

Employee benefits for the executive officers are selected to provide security. Most notably, insurance coverage for health, life, and disability are intended to provide a level of protection that will enable the executive officers to function without having the distraction of having to manage undue risk. The health insurance also provides access to preventative medical care which will help the executive officers function at a high energy level, manage job related stress, and contribute to the overall well being of the executive officers, all of which contribute to an enhanced job performance.

Other benefits

Other employee benefits such as cell phones and automobile usage are directly related to job functions and contain a personal use element which is considered to be a goodwill gesture that contributes to enhanced job performance.

As discussed above, the Compensation Committee determines the portion of compensation allocated to each element for each individual executive officer. As a general rule, base salary is competitively based while giving consideration to employee retention, qualifications, performance, and general market conditions. Typically, stock options are based on the current market value of the underlying common shares and how that will contribute to the overall compensation of the executive officer. Consideration is also given to the fact that the option has the potential for an appreciated future value. As such, this future value may in fact be the most significant factor of the option, but it is also more difficult to quantify as a benefit to the executive officer.

Accordingly, in determining our compensation program, as well as setting the compensation for each executive officer, the Compensation Committee attempts to attract the interest of the executive officer within the constraints of a compensation package that is fair and equitable to all parties involved.

Employment Agreements and Potential Payments upon Termination or Change in Control

We believe it is in our best interests to secure the services of key executives and that it is appropriate to provide these executives with protection should their employment with Dynatronics be terminated under certain circumstances.

Effective May 1, 2015, we entered into new written employment agreements with Larry K. Beardall, our Executive Vice President and Kelvyn H. Cullimore, Jr., our Chairman, President and CEO. These agreements reflect substantially the same terms of, but supersede and replace agreements entered into in 2012, as subsequently amended. The agreements were approved by the Compensation Committee.

The compensation package underlying each of these agreements includes (i) a base salary (\$200,000 per year for Mr. Cullimore and \$175,000 per year for Mr. Beardall), (ii) an automobile allowance, (iii) a discretionary annual bonus (as determined by the Compensation Committee), (iv) restricted stock awards and/or stock options granted under our equity compensation plans, as amended and restated, and (v) other welfare and employee benefits that are standard in such agreements, including, by way of example, life and disability insurance, health insurance, and paid vacation. These agreements also contain a provision granting the executives a single cash lump-sum payment (\$500,000 for Mr. Cullimore and \$400,000 for Mr. Beardall) within 30 days following an event of a change in control occurring after the effective date of the agreements (May 1, 2015). As defined in these employment contracts, a “change of control” is defined as follows:

(a) any person or group of persons together with its affiliates, but excluding (i) the Company or any of its subsidiaries, (ii) any employee benefit plans of the Company or (iii) a corporation owned, directly or indirectly, by the shareholders of the Company in substantially the same proportions as their ownership of stock of the Company, is or becomes, directly or indirectly, the “beneficial owner” (as defined in Rule 13d-3 under the Exchange Act) of securities of the Company representing fifty percent (50%) or more of the combined voting power of the Company’s then outstanding securities (not including in the securities beneficially owned by such person any securities acquired directly from the Company);

(b) the following individuals cease for any reason to constitute a majority of the number of directors then serving: individuals who, on May 1, 2015, constitute the Board and any new director (other than a director whose initial assumption of office is in connection with an actual or threatened election contest, including but not limited to a consent solicitation, relating to the election of directors of the Company) whose appointment or election by the Board

or nomination for election by the Company's shareholders was approved or recommended by a vote of at least two-thirds (2/3) of the directors then still in office who either were directors on the Effective Date or whose appointment, election or nomination for election was previously so approved or recommended;

(c) the consummation of a merger or consolidation of the Company or any direct or indirect subsidiary of the Company with any other corporation or entity regardless of which entity is the survivor, other than a merger or consolidation which would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or being converted into voting securities of the surviving entity) more than fifty percent (50%) of the combined voting power of the voting securities of the Company, such surviving entity or any parent thereof outstanding immediately after such merger or consolidation; or

(d) the shareholders of the Company approve a plan of complete liquidation or winding-up of the Company or there is consummated an agreement for the sale or disposition by the Company of all or substantially all of the Company's assets.

Notwithstanding the foregoing, for purposes of these agreements, a "Change of Control" shall not be deemed to have occurred by virtue of the consummation of any transaction or series of integrated transactions immediately following which the holders of the Common Stock of the Company immediately prior to such transaction or series of transactions continue to have substantially the same proportionate ownership in an entity which owns all or substantially all of the assets of the Company immediately following such transaction or series of transactions, and a "Change of Control" shall not occur for purposes of this Agreement as a result of any primary or secondary offering of Company Common Stock to the general public through a registration statement filed with the SEC.

In addition, notwithstanding the foregoing, to the extent that any payment under the agreements is payable solely upon or following the occurrence of a Change of Control and such payment is treated as "deferred compensation" for purposes of §409A of the Code, no event that would not qualify as a "change in the ownership of the Company," a "change in the effective control of the Company," or a "change in the ownership of a substantial portion of the assets of the Company" as such terms are defined in §1.409A-3(i)(5) of the Treasury Regulations, shall be treated as a "Change of Control" under the agreements.

If a change of control occurs, the executive's stock options, stock awards, warrants and other similar rights granted by us to each executive prior to termination will immediately and entirely vest and will be immediately delivered to the executive without restriction or limitation of any kind (except for normal transfer restrictions required by law). In the event of termination prior to the expiration of the term, we are also obligated to pay the executive a separation payment equal to twelve (12) months' salary.

Each agreement also provides that upon termination of the executive's employment we will transfer to him title, free and clear of all encumbrances, to either (i) the Company-owned vehicle used by the executive at the time of termination, or (ii) a vehicle of substantially similar market value.

These employment agreements terminate upon the executive's death or disability or termination of their employment for cause. The employment contracts also contain covenants against competition by each executive during the term of his employment and for eighteen months after the termination of his employment for any reason.

401(k) Plan

Dynatronics has adopted a 401(k) plan. Employees who are 20 years of age or older and have completed at least six months of service with us are eligible to participate in the 401(k) plan.

Eligible employees may contribute to Dynatronics' 401(k) retirement plan in the form of salary deferrals of up to \$18,000, the maximum allowable for calendar year 2015. Eligible employees who are over 50 years old may contribute an additional \$6,000 in catchup contributions during calendar year 2015. We match annual employee contributions at 25% of employee contributions, up to a maximum of \$500 per employee per year.

Participants in the 401(k) plan are fully vested in their salary deferral contributions and vest 20% per year after two years of participation in matching contributions. Amounts deferred by Named Executive Officers in the 401(k) plan, along with the 25% matching contributions, are included under “Other Compensation” in the Summary Compensation Table.

Section 162(m) Treatment Regarding Performance-Based Equity Awards

Under Section 162(m) of the Code, a public company is generally denied deductions for compensation paid to the chief executive officer and the next four most highly compensated executive officers to the extent the compensation for any such individual exceeds \$1,000,000 for the taxable year. Our executive compensation programs are designed to preserve the deductibility of compensation payable to executive officers, although deductibility is just one among a number of factors considered in determining appropriate levels or types of compensation.

Consideration of Shareholder Advisory Votes

The Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Dodd-Frank Act”), required that we include in our proxy statement last year for our 2013 Annual Meeting of Shareholders (the “2013 Annual Meeting”) a non-binding, advisory shareholder vote to approve the compensation of our Named Executive Officers. At the 2013 Annual Meeting, our shareholders voted for approval of the compensation of our Named Executive Officers (85% of votes cast). In addition, at the 2013 Annual Meeting, the Compensation Committee recommended, and the shareholders approved (69% of votes cast) the Company’s determination to include a shareholder advisory vote on executive compensation in its future proxy materials once every three years. The Compensation Committee has affirmed its recommendation to the Board that this advisory vote be held once every three years and the Board has approved the committee’s recommendation. This will be the frequency of such advisory votes until the next required vote on the frequency of advisory votes on executive compensation, which will occur at the Company’s Annual Meeting of shareholders in 2016, or until the Compensation Committee or Board of Directors otherwise determines a different frequency for such shareholder advisory votes.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Review, Approval or Ratification of Transactions with Related Persons

We have adopted a policy that any transactions with directors, executive officers or entities of which they are also officers or directors or in which they have a financial interest, will only be on terms consistent with industry standards and approved by a majority of the disinterested directors of our Board of Directors. Our bylaws provide that no such transactions by us shall be either void or voidable solely because of such relationship or interest of directors or officers or solely because such directors are present at the meeting of our Board of Directors or a committee thereof which approves such transactions, or solely because their votes are counted for such purpose if:

- The fact of such common directorship or financial interest is disclosed or known by our Board of Directors or committee and noted in the minutes, and our Board of Directors or committee authorizes, approves or ratifies the contract or transaction in good faith by a vote for that purpose without counting the vote or votes of such interested directors; or

The fact of such common directorship or financial interest is disclosed to or known by the shareholders entitled to vote, and they approve or ratify the contract or transaction in good faith by a majority vote or written consent of shareholders holding a majority of the shares of Common Stock entitled to vote (the votes of the interested directors or officers shall be counted in any such vote of shareholders); or

The contract or transaction is fair and reasonable to us at the time it is authorized or approved.

In addition, interested directors may be counted in determining the presence of a quorum at a meeting of our Board of Directors or a committee thereof that approves such transactions. If there are no disinterested directors, we shall obtain a majority vote of the shareholders approving the transaction.

Certain Transactions with Related Parties

During fiscal year 2015, the office and warehouse spaces in Detroit, Michigan and Hopkins, Minnesota were leased on an annual/monthly basis from employees/shareholders, or entities controlled by shareholders, who were previously principals of the dealers acquired in 2007.

The above related-party transactions are with two employees and shareholders. We believe the lease agreements were entered into on terms that represent an arms-length basis and that are similar to those that would be available to the Company in transactions with unrelated third parties. The expense associated with these related-party transactions totaled \$70,800 and \$69,900 for the years ended June 30, 2015 and 2014.

Except as described above and in this Proxy Statement under executive employment contracts, during the two years ended June 30, 2015, we were not a party to any transaction in which any director, executive officer or shareholder holding more than 5% of the issued and outstanding Common Stock had a direct or indirect material interest.

SHAREHOLDER PROPOSALS FOR 2016 ANNUAL MEETING OF SHAREHOLDERS

Requirements for Shareholder Proposals to Be Considered for Inclusion in Dynatronics' Proxy Materials

Shareholders of Dynatronics may submit proposals on matters appropriate for shareholder action at meetings of Dynatronics' shareholders in accordance with Rule 14a-8 promulgated under the Exchange Act. For such proposals to be included in Dynatronics' proxy materials relating to its 2016 Annual Meeting of Shareholders, all applicable requirements of Rule 14a-8 must be satisfied and such proposals must be received by Dynatronics no later than June 2, 2016. Such proposals should be delivered to Dynatronics Corporation, 7030 Park Centre Drive, Cottonwood Heights, Utah 84121, Attention: Bob Cardon, V.P. Administration, telephone (801) 568-7000.

Requirements for Shareholder Proposals to be Brought Before the Annual Meeting

Dynatronics' bylaws provide that, except in the case of proposals made in accordance with Rule 14a-8, for shareholder nominations to the Board of Directors or other proposals to be considered at an annual meeting of shareholders, the

shareholder must have given timely notice thereof in writing to the Secretary of Dynatronics not less than sixty nor more than ninety calendar days prior to the anniversary of the date on which Dynatronics first mailed its proxy materials for its immediately preceding annual meeting of shareholders (as specified in Dynatronics' proxy materials for its immediately preceding annual meeting of shareholders). To be timely for the 2016 Annual Meeting of Shareholders, a shareholder's notice must be delivered or mailed to and received by Dynatronics' Secretary at the principal executive offices of Dynatronics between July 2, 2016 and August 1, 2016. However, in the event that the annual meeting is called for a date that is not within thirty calendar days of the anniversary of the date on which the immediately preceding annual meeting of shareholders was called, to be timely, notice by the shareholder must be so received not later than the close of business on the tenth calendar day following the date on which public announcement of the date of the annual meeting is first made. In no event will the public announcement of an adjournment of an annual meeting of shareholders commence a new time period for the giving of a shareholder's notice as provided above. A shareholder's notice to Dynatronics' Secretary must set forth the information required by Dynatronics' bylaws with respect to each matter the shareholder proposes to bring before the annual meeting.

In addition, the proxy solicited by the Board of Directors for the 2016 Annual Meeting of Shareholders will confer discretionary authority to vote on (i) any proposal presented by a shareholder at that meeting for which Dynatronics has not been provided with notice on or prior to August 1, 2016 and (ii) any proposal made in accordance with the bylaw provisions, if the 2016 proxy statement briefly describes the matter and how management's proxy holders intend to vote on it, if the shareholder does not comply with the requirements of Rule 14a-4(c)(2) under the Exchange Act.

PROXY SOLICITATION AND COSTS

Dynatronics will bear the entire cost of this solicitation of proxies, including the preparation, assembly, printing, and mailing of the Notice of Internet Availability of Proxy Materials, this Proxy Statement, the proxy and any additional solicitation material that Dynatronics may provide to shareholders. Copies of solicitation material will be provided to brokerage firms, fiduciaries and custodians holding shares in their names that are beneficially owned by others so that they may forward the solicitation material to such beneficial owners. This solicitation is being made by mail and through the Internet, but also may be made by telephone or in person. Proxies may also be solicited on behalf of the Board by directors, officers or employees of Dynatronics by telephone or in person, or by email or through the Internet. Further, the original solicitation of proxies by mail may be supplemented by solicitation by telephone and other means by directors, officers and employees of Dynatronics. No additional compensation will be paid to these individuals for any such services.

SHAREHOLDERS SHARING THE SAME ADDRESS

The SEC has adopted rules that permit companies and intermediaries (such as brokers) to implement a delivery procedure called "householding." Under this procedure, multiple shareholders who reside at the same address may receive a single copy of our annual report and proxy materials, including the Notice of Internet Availability of Proxy Materials, unless the affected shareholder has provided contrary instructions. This procedure reduces printing costs and postage fees.

Once again this year, a number of brokers with account holders who beneficially own our Common Stock will be "householding" our annual report and proxy materials, including the Notice of Internet Availability of Proxy Materials. A single Notice of Internet Availability of Proxy Materials and, if applicable, a single set of annual report and other proxy materials will be delivered to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once you have received notice from your broker that it will be "householding" communications to your address, "householding" will continue until you are notified otherwise or until you revoke your consent. Shareholders with shares held in street name may revoke their consent at any time by contacting Broadridge Financial Solutions, either by calling toll-free (800) 542-1061, or by writing to Broadridge Financial Solutions, Householding Department, 51 Mercedes Way, Edgewood, New York, 11717.

Upon written or oral request, Dynatronics will promptly deliver a separate copy of the Notice of Internet Availability of Proxy Materials and, if applicable, a separate set of the annual report and other proxy materials to any beneficial owner at a shared address to which a single copy of any of those documents was delivered. To receive a separate copy of the Notice of Internet Availability of Proxy Materials and, if applicable, a separate set of the annual report and other proxy materials, you may write or call Dynatronics' Investor Relations Department at Dynatronics Corporation, 7030 Park Centre Drive, Cottonwood Heights, Utah 84121, Attention: Bob Cardon, V.P. Administration, telephone (801) 568-7000.

Shareholders who share the same address and currently receive multiple copies of our Notice of Internet Availability of Proxy Materials or annual report and other proxy materials, who wish to receive only one set in the future, can contact their bank, broker or other holder of record to request information about householding.

ANNUAL REPORT ON FORM 10-K

WE WILL PROVIDE, WITHOUT CHARGE, TO EACH SHAREHOLDER TO WHOM THIS PROXY STATEMENT IS DELIVERED, UPON WRITTEN OR ORAL REQUEST, A COPY OF OUR ANNUAL REPORT ON FORM 10-K FOR THE YEAR ENDED JUNE 30, 2015, INCLUDING THE FINANCIAL STATEMENTS, AS FILED WITH THE SEC. THE REQUESTED DOCUMENT WILL BE SENT BY FIRST CLASS MAIL OR OTHER EQUALLY PROMPT MEANS. WRITTEN OR ORAL REQUESTS FOR SUCH INFORMATION SHOULD BE DIRECTED TO MR. BOB CARDON, VICE PRESIDENT OF ADMINISTRATION, DYNATRONICS CORPORATION, 7030 PARK CENTRE DRIVE, COTTONWOOD HEIGHTS, UTAH 84121.

OTHER BUSINESS

We know of no other matters that will be presented at the annual meeting. If, however, any further business should properly come before the annual meeting, the persons named as proxies in the accompanying form will vote on such business in accordance with their best judgment.
