Dear Shareholder:

You are cordially invited to attend the 2016 Annual Meeting of Shareholders of Dynatronics Corporation that will be held on Friday, December 16, 2016 at 3:00 p.m. Mountain Time, at our corporate headquarters located at 7030 Park Centre Drive, Cottonwood Heights, Utah.

Details of the business to be conducted at the meeting are contained in the accompanying Notice of Annual Meeting and the Proxy Statement.

We are using the Internet as our primary means of furnishing proxy materials to shareholders. Consequently, most shareholders will not receive paper copies of our proxy materials. We will instead send these shareholders a notice with instructions for accessing the proxy materials and voting via the Internet. The notice also provides information on how shareholders may obtain paper copies of our proxy materials if they so choose.

Whether or not you plan to attend the Annual Meeting, please vote as soon as possible. Every vote is important. As an alternative to voting in person at the Annual Meeting, you may vote via the Internet, by telephone or, if you receive a paper proxy card in the mail, by mailing the completed proxy card. Voting by any of these methods will ensure your vote is represented at the Annual Meeting.

We look forward to seeing you at the Annual Meeting.

Sincerely yours,

/s/ Kelvyn H. Cullimore, Jr.

YOUR VOTE IS IMPORTANT

In order to ensure your representation at the Annual Meeting, you may submit your proxy and voting instructions via the Internet or by telephone, or, if you receive a paper proxy card and voting instructions by mail, you may vote your shares by completing, signing and dating the proxy card as promptly as possible and returning it in the enclosed envelope (to which no postage need be affixed if mailed in the United States). Please refer to the section entitled "Voting via the Internet, by Telephone or by Mail" on page 2 of the Proxy Statement for a description of these voting methods. If your shares are held by a bank, brokerage firm or other holder of record (your record holder) and you have not given your record holder instructions to do so, your record holder will NOT be able to vote your shares with respect to any matter other than the amendment of our Articles of Incorporation to increase the number of authorized shares of common stock. We strongly encourage you to vote.

DYNATRONICS CORPORATION

FOR approval of the amendment increasing the number of shares of preferred stock the Company is authorized to issue.

ADDITIONAL INFORMATION ABOUT THE MEETING

Date, Time and Place

The Board of Directors has called our 2016 Annual Meeting to be held at the Company's Corporate Headquarters, 7030 Park Centre Drive, Cottonwood Heights, Utah, at 3:00 p.m. (Mountain Standard Time) on Friday, December 16, 2016. Registration for shareholders will begin at 2:30 p.m. at that location.

Solicitation of Proxies and Proxy Materials

Our Board of Directors is soliciting your vote for the Annual Meeting. We invite you to the Annual Meeting and request that you vote on the election of directors and other proposals described in this Proxy Statement. Regardless of whether you intend to attend the Annual Meeting, we ask that you complete your Proxy Card or Voting Instruction Card, as the case may be, or otherwise vote electronically as described in the Internet Notice. The Board has made available to you, as described in the Internet Notice and in conjunction with our Annual Meeting, the Letter to Shareholders, Notice of Annual Meeting, this Proxy Statement, Proxy Card and Annual Report in the form of Form 10-K. Exhibits to the Annual Report are not included with it. However, the Annual Report includes a list briefly describing all of those exhibits. We will furnish a copy of an exhibit to the Annual Report to a shareholder upon

written request to us and payment of a fee to cover our expenses in furnishing that exhibit.

1

Record Date

The Board has chosen the close of business on October 27, 2016, as the record date for our 2016 Annual Meeting ("Record Date"). All shareholders who own shares of Company common stock, no par value ("Common Stock") or our Series A 8% Convertible Preferred Stock ("Series A Preferred") as of the Record date may attend and vote at our Annual Meeting.

Shareholders of Record and Beneficial Owners

A shareholder may hold shares through a broker, bank or other nominee rather than directly in the shareholder's own name. As summarized below, there are some differences between shares held of record and those owned beneficially. **Shareholder of Record.** If your shares are registered directly in your name with our transfer agent, Interwest Transfer Company ("Interwest"), you are considered the shareholder of record with respect to those shares, and the Internet Notice and these proxy materials are being sent directly to you. As the shareholder of record, you have the right to grant your voting proxy directly to us, to vote electronically or to vote in person at our Annual Meeting. If we have received a request from you for printed proxy materials, we have enclosed a Proxy Card for you to use.

Beneficial Owner. If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of the shares held in "street name," and the Internet Notice and these proxy materials are being forwarded to you by your broker, bank or nominee who is considered the shareholder of record with respect to those shares. As a beneficial owner, you have the right to direct your broker, bank or nominee on how to vote and are also invited to attend our Annual Meeting. However, since you are not the shareholder of record, you may not vote these shares in person at our Annual Meeting, unless you request, complete and deliver a legal proxy from your broker, bank or nominee. If you requested printed proxy materials, your broker, bank or nominee has enclosed a Voting Instruction Card for you to use in directing that person as to how to vote your shares.

Voting Rights

Only shareholders of record of Dynatronics Common Stock and Dynatronics Series A Preferred on the Record Date, will be entitled to receive notice of, attend, and vote at the Annual Meeting. Each holder of record of Common Stock will be entitled to one vote for each share of Common Stock held on the Record Date. A holder of record of shares of Series A Preferred votes on an as-converted basis, one vote for each share of Common Stock issuable upon an assumed conversion of the Series A Preferred; provided, however, that the voting rights of the Series A Preferred are subject to limitations of a rule of The NASDAQ Stock Market ("NASDAQ") known as the "Voting Cutback." The Voting Cutback limits the number of "as-if-converted common shares" that may be voted by a Series A Preferred shareholder to the number of shares of Common Stock issuable upon conversion of the Series A Preferred held by such holder that exceeds the quotient of (x) the aggregate purchase price paid by such holder of Series A Preferred for its Series A Preferred, divided by (y) the greater of (i) \$2.50 and (ii) the market price of the Common Stock on the trading day immediately prior to the date of issuance of such holder's Series A Preferred shares. On the date immediately prior to the date of issuance of the Series A Preferred, the trading price of the Common Stock was \$3.23 per share. Therefore, the maximum number of shares that may be voted at the Annual Meeting by the holders of the Series A Preferred on an as-converted basis is 1,246,130 shares. On the Record Date, there were [•] shares of Common Stock outstanding.

In addition to the voting rights of the holders of the Common Stock and the holders of the Series A Preferred outlined above as to the proposals to be voted upon at the Annual Meeting, under Utah law, the holders of the Series A Preferred have voting rights, voting as a class, to approve the amendment to the Restated Articles of Incorporation increasing the number of shares of preferred stock the Company is authorized to issue. The voting rights of the Series A Preferred when voting as a class only on Proposal No. 4, as opposed to their vote on an as-converted basis as described above when voting with the holders of the Common Stock on this and the other proposals at the Annual Meeting, is not subject to the Voting Cutback and is one vote for each share of Series A Preferred held by such holder on the Record Date.

The total number of shares of issued and outstanding Common Stock and as-converted Series A Preferred as of the Record Date entitled to vote at the Annual Meeting is [•] shares.

Admission to Meeting

You are entitled to attend the Annual Meeting if you were a shareholder of record or a beneficial owner of our Common Stock or Series A Preferred as of October 27, 2016, the Record Date, or you hold a valid legal proxy for the Annual Meeting. If you are a shareholder of record, you may be asked to present valid picture identification, such as a

driver's license or passport, for admission to the Annual Meeting.

2

If your shares are registered in the name of a bank, brokerage firm or other holder of record (your record holder), you may be asked to provide proof of beneficial ownership as of the Record Date, such as a brokerage account statement, a copy of the Notice of Internet Availability or voting instruction form provided by your record holder, or other similar evidence of ownership, as well as picture identification, for admission. If you wish to be able to vote in person at the Annual Meeting, you must obtain a legal proxy from your brokerage firm, bank or other holder of record and present it to the inspector of elections with your ballot at the Annual Meeting.

Registration will begin at 2:30 p.m. Mountain Time on the date of the Annual Meeting. If you do not provide picture identification and comply with the other procedures outlined above, you may not be admitted to the Annual Meeting. We recommend that you arrive early to ensure that you are seated by the commencement of the Annual Meeting.

Quorum

A quorum is the minimum number of shares that must be present at the Annual Meeting to conduct business. The presence at the Annual Meeting, in person or by proxy, of the holders of at least [•] shares of Common Stock (including the Series A Preferred, subject to the Voting Cutback) entitled to vote at the meeting will constitute a quorum. In general, shares of Common Stock represented by a properly signed and returned proxy card will be counted as shares present and entitled to vote at the meeting for purposes of determining a quorum. Abstentions will be counted as "represented" for the purpose of determining the presence or absence of a quorum, but will not be counted for any other purpose. Broker non-votes (as explained below) will also be counted as "represented" for the purpose of determining the presence or absence of a quorum for all purposes of the Annual Meeting.

Voting via the Internet, by Telephone or by Mail

Holders of shares of Dynatronics Common Stock whose shares are registered in their own name with Dynatronics' transfer agent, Interwest Transfer Company, are record holders. As an alternative to voting in person at the Annual Meeting, record holders may vote via the Internet, by telephone or, for those shareholders who receive a paper proxy card in the mail, by mailing a completed proxy card.

For those record holders who request a paper proxy card, instructions for voting via the Internet, telephone or by mail are set forth on the proxy card. If you are a shareholder who elects to vote by mail, you should sign and mail the proxy card in the addressed, postage paid envelope that was enclosed with the proxy materials, and your shares will be voted at the Annual Meeting in the manner you direct. In the event that you return a signed proxy card on which no directions are specified, your shares will be voted FOR each of the nominees of the Board of Directors (Proposal No. 1), FOR adoption of the resolution approving the compensation paid to our executive officers or the "say on pay resolution" (Proposal No. 2); and FOR approval of the amendment to be included in our Restated Articles of Incorporation increasing the authorized amount of common shares (Proposal No. 3); and FOR the approval of the amendment to be included in our Restated Articles of Incorporation increasing the authorized amount of preferred shares (Proposal No. 4); and in the discretion of the proxy holders as to any other matters that may properly come before the Annual Meeting or any postponement or adjournment of the Annual Meeting.

Dynatronics shareholders whose shares are not registered in their own name with Interwest are beneficial holders of shares held in street name. Such shares may be held in an account at a bank or at a brokerage firm (your record holder). As the beneficial holder, you have the right to direct your record holder on how to vote your shares, and you will receive instructions from your record holder that must be followed in order for your record holder to vote your shares per your instructions. Many banks and brokerage firms have a process for their beneficial holders to provide instructions via the Internet or by telephone. If Internet or telephone voting is unavailable from your record holder you may request a voter instruction card. Shares held beneficially in street name may be voted by you in person at the Annual Meeting only if you obtain a legal proxy from your record holder giving you the right to vote such shares in person at the Annual Meeting.

For those shareholders who receive a Notice of Internet Availability of Proxy Materials (described under "Internet Availability of Proxy Materials" below), the Notice of Internet Availability of Proxy Materials provides information on how to access your proxy on the Internet, which contains instructions on how to vote via the Internet or by telephone. If you received a Notice of Internet Availability, you can request a printed copy of your proxy materials by following the instructions contained in the notice.

Revocation of Proxies

You may revoke or change a previously delivered proxy at any time before the Annual Meeting by delivering another proxy with a later date, by voting again via the Internet or by telephone, or by delivering written notice of revocation of your proxy to Jim Ogilvie, Director of Business Development, at the Company's principal executive offices before the beginning of the Annual Meeting. You may also revoke your proxy by attending the Annual Meeting and voting in person, although attendance at the Annual Meeting will not, in and of itself, revoke a valid proxy that was previously delivered. If you hold shares through a bank or brokerage firm, you must contact that bank or brokerage firm to revoke any prior voting instructions. You also may revoke any prior voting instructions by voting in person at the Annual Meeting if you obtain a legal proxy as described under "Admission to Meeting" above.

Vote Required

In the election of directors, a nominee who receives a plurality of the votes cast at the Annual Meeting will be elected as a director. The "plurality" standard means the three nominees who receive the largest number of "FOR" votes (also known as a "plurality" of the votes) will be elected. The number of shares not voted for the election of a nominee are not counted and will not affect the determination of whether that nominee has received the necessary votes for election under Utah law. Votes that are withheld will not be included in the vote tally for the election of directors.

Shareholders may not cumulate votes in the election of directors.

If a quorum is present, each of the other proposals will be approved if the votes cast for the proposal exceed the votes cast against it.

Voting of Proxies

Your shares will be voted as you direct on your proxy card. If you do not specify on your proxy card how you want to vote your shares, we will vote signed returned proxies FOR each nominee for director, FOR Proposal No. 2, FOR Proposal No. 3, and FOR Proposal No. 4. We do not know of any other business that may be presented at the meeting. If a proposal other than those listed in the Notice is presented at the Annual Meeting, your proxy authorizes the persons named in the proxy to vote your shares on such matters in their discretion.

Broker Non-votes

A broker non-vote occurs when a bank, broker or other holder of record holding shares for a beneficial owner submits a proxy for the Annual Meeting but does not vote on a particular proposal. Brokers do not have authority to vote on matters considered to be non-routine unless they have received instructions from the beneficial owners of the shares. If the broker returns a valid proxy without marking a vote or abstaining, the shares represented by the proxy will be counted in determining whether a quorum is present.

Counting the Votes

Votes will be tabulated through a vendor selected by the Company to establish the platform for Internet voting. Proxy Cards and other evidences of voting are to be reviewed by an independent inspector of election, retained by the Company for the Annual Meeting, for compliance with instructions adopted by our Board for voting in the context of that meeting. Separate counts of "FOR," "AGAINST" and "ABSTAIN" on votes on any proposals are to be made along with separate counts of broker non-votes. Abstentions will be counted for the purpose of determining whether a quorum is present, but will not be counted towards an affirmative vote total for and will have the effect of a vote against a proposal at our Annual Meeting. Broker non-votes will be counted for the purpose of determining whether a quorum is present, but will otherwise be excluded from the tallies.

Announcing the Results

Voting results will be announced at our Annual Meeting. Also, the results will be included in our current report on Form 8-K filed with the SEC subsequent to the Annual Meeting. Furthermore, we will post the results on our website at www.dynatronics.com. After the Form 8-K is filed, you may obtain a copy by visiting our website.

INTERNET AVAILABILITY OF PROXY MATERIALS

In accordance with the rules of the Securities and Exchange Commission ("SEC"), we are using the Internet as our primary means of furnishing proxy materials to shareholders. Consequently, most shareholders will not receive paper copies of our proxy materials. We will instead send these shareholders a Notice of Internet Availability of Proxy Materials with instructions for accessing the proxy materials, including our proxy statement and annual report, and voting via the Internet. The Notice of Internet Availability of Proxy Materials also provides information on how shareholders may obtain paper copies of our proxy materials if they so choose. This makes the proxy distribution process more efficient and less costly, and helps conserve natural resources. If you previously elected to receive our

proxy materials electronically, these materials will continue to be sent via email unless you change your election.

4

PROXY SOLICITATION

We are soliciting proxies from our shareholders for use by our Board of Directors at our Annual Meeting. We will pay the cost of solicitation of proxies from our shareholders, including preparation, assembly, printing and mailing of this Proxy Statement and the proxy cards. Solicitation materials will be furnished to banks, brokerage houses, fiduciaries and custodians holding in their names shares of our Common Stock beneficially owned by others. We may reimburse persons representing beneficial owners of our Common Stock for their costs of providing solicitation materials to beneficial owners. In addition to solicitation by use of the mail, proxies may be solicited by our management (including our Board of Directors, officers and employees), in person or by telephone, electronic mail, or other means of communication. No additional compensation for soliciting proxies will be paid to Company management or employees for such services.

Independence

Upon recommendation of the Nominating and Governance Committee, the Board of Directors has affirmatively determined that each member of the Board of Directors, other than Mr. Cullimore, is independent under the criteria established by NASDAQ for director independence. All members of the Company's Audit, Compensation, and Nominating and Governance committees are independent directors. In addition, the Board of Directors has determined that the members of the Compensation Committee meet the additional independence criteria required under NASDAQ Listing Rule 5605(a)(2) and that each member of the Audit Committee: (i) is independent, (ii) meets the financial literacy requirements of the NASDAQ Rules, and (iii) meets the enhanced independence standards under Section 10A(m)(3) of the Securities Exchange Act of 1934, as amended (the "Exchange Act").

Board Committees

Our Board of Directors has three standing committees: the Compensation Committee, the Audit Committee and the Nominating and Governance Committee.

Compensation Committee

The Compensation Committee is responsible for reviewing and approving, where required, the compensation, as well as evaluating the performance, of our principal executive officer and other executive officers, and advising and assisting management in developing our overall compensation strategy to assure that it promotes shareholder interests, supports our strategic and tactical objectives, and provides for appropriate rewards and incentives for our management and employees. In exercising its responsibilities, the Compensation Committee establishes and monitors policies governing the compensation of executive officers, reviews the performance of and determines salaries and incentive compensation for executive officers, and makes option awards to those individuals. Additionally, the Compensation Committee administers our stock plans and reviews and approves the structure of our bonus plans. The Compensation Committee has a written charter, a copy of which is available on our corporate Web site, www.dynatronics.com, under "Company Information, Investor Relations, Company Policies."

As of the date of this Proxy Statement, the following independent directors are members of the Compensation Committee: Scott A. Klosterman, (Chair), Erin S. Enright, and R. Scott Ward. Scott A. Klosterman was appointed to this committee in February 2016. The Compensation Committee held two meetings during fiscal year 2016.

Audit Committee

The Audit Committee, which has been established in accordance with requirements of Section 3(a)(58)(A) of the Exchange Act, is comprised of the following independent directors: David B. Holtz (Chair), Erin S. Enright, and Scott A. Klosterman. Mr. Holtz and Mr. Klosterman were appointed to the committee in February 2016. The NASDAQ corporate governance listing standards require that at least one member of our Audit Committee must have past employment experience in finance or accounting, requisite professional certification in accounting, or comparable experience or background which results in the individual's "financial sophistication." This financial sophistication may derive from the person being or having been a chief executive officer, chief financial officer or other senior officer with financial oversight responsibilities. Our Board believes that Ms. Enright and Messrs. Holtz and Klosterman, are audit committee financial experts ("Audit Committee Financial Experts") and also meet the NASDAQ requirements for financial sophistication. Our Board further believes that each of them is an independent director as the term is defined in the NASDAQ Stock Market corporate listing standards (to which the Company is subject), i.e., an individual other than one of our executive officers or employees or any other individual having a relationship which in the opinion of our Board would interfere in carrying out the responsibilities of a director. Under the SEC's rules, an Audit Committee Financial Expert is defined as a person who has all of the following attributes:

- Understanding of accounting principles generally accepted in the United States of America ("GAAP") and financial statements.
- Ability to assess the general application of GAAP in connection with accounting for estimates, accruals and reserves.

Experience in preparing, auditing, analyzing or evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by our financial statements, or experience actively supervising one or more persons engaged in such activities.

- Understanding of internal control over financial reporting.

- Understanding of audit committee functions.

The Audit Committee is concerned primarily with the integrity of our financial statements, the independence, qualifications and performance of our independent registered public accounting firm, and our compliance with legal requirements. The Audit Committee operates under a written charter approved by the Board of Directors and the Audit Committee that reflects standards and requirements adopted by the SEC and NASDAQ. The Audit Committee Charter can be found on our website, www.dynatronics.com, under "Company Information, Investor Relations, Company Policies." The Audit Committee held four meetings during fiscal year 2016. Each member of the Audit Committee attended at least 75% of the Audit Committee's meetings.

As indicated in its charter, the Audit Committee's duties include selecting and engaging our independent registered public accounting firm; reviewing the scope of the audit to be conducted by our independent registered public accounting firm; overseeing our independent registered public accounting firm and reviewing the results of its audit; reviewing our financial reporting processes, including the accounting principles and practices followed and the financial information provided to shareholders and others; overseeing our internal control over financial reporting and disclosure controls and procedures; and serving as our legal compliance committee.

Nominating and Governance Committee

The Nominating and Governance Committee is responsible for overseeing, reviewing and making periodic recommendations concerning Dynatronics' corporate governance policies, and for recommending to the full Board of Directors candidates for election to the Board of Directors. The committee is comprised of the following directors: Erin S. Enright (Chair), David B. Holtz, and Scott A. Klosterman. All members were appointed to the committee in February 2016. Each member of this committee is an independent director under applicable NASDAQ listing standards.

Nominees for the Board of Directors should be committed to enhancing long-term shareholder value and must possess a high level of personal and professional ethics, sound business judgment and integrity. The Board of Directors is composed of a diverse group of leaders in their respective fields. The Board of Directors encourages selection of

directors who will contribute to Dynatronics' corporate governance, including: responsibility to its shareholders, technology leadership, effective execution, high customer satisfaction and superior employee working environment. The Nominating and Governance Committee from time to time reviews the appropriate skills and characteristics required of board members, including factors that it seeks in board members such as diversity of business experience, viewpoints and, personal background, and diversity of skills in technology, finance, marketing, international business, financial reporting and other areas that are expected to contribute to an effective Board of Directors. In evaluating potential candidates for the Board of Directors, the Nominating and Governance Committee considers these factors in the light of the specific needs of the Board of Directors at that time. The brief biographical description of each nominee set forth in the "Business Experience and Qualifications of Nominees" above includes the primary individual experience, qualifications, attributes and skills of each of our directors that led to the conclusion that each director should serve as a member of the Board of Directors at this time.

Shareholders may recommend a director nominee to Dynatronics' Nominating and Governance Committee. In recommending candidates for election to the Board of Directors, the Nominating and Governance Committee considers nominees recommended by directors, officers, employees, shareholders and others, using the same criteria to evaluate all candidates. The Nominating and Governance Committee reviews each candidate's qualifications, including whether a candidate possesses any of the specific qualities and skills desirable in certain members of the Board of Directors. Evaluations of candidates generally involve a review of background materials, internal discussions and interviews with selected candidates as appropriate. Upon selection of a qualified candidate, the Nominating and Governance Committee would recommend the candidate for consideration by the full Board of Directors. The Nominating and Governance Committee may engage consultants or third-party search firms to assist in identifying and evaluating potential nominees.

To recommend a prospective nominee for the Nominating and Governance Committee's consideration, submit the candidate's name and qualifications to Dynatronics' Secretary in writing to the following address: Dynatronics Corporation, Attn: Jim Ogilvie, Director of Business Development, 7030 Park Centre Drive, Cottonwood Heights, Utah 84121. When submitting candidates for nomination to be elected at Dynatronics' annual meeting of shareholders, shareholders must also follow the notice procedures and provide the information required by Dynatronics' bylaws. In particular, for the Nominating and Governance Committee to consider a candidate recommended by a shareholder for nomination at the 2017 Annual Meeting of Shareholders, the recommendation must be delivered or mailed to and received by Dynatronics' Corporate Secretary between July 2, 2017 and August 1, 2017 (or, if the 2017 annual meeting is not held within 30 calendar days of the anniversary of the date of the 2016 Annual Meeting, within 10 calendar days after Dynatronics' public announcement of the date of the 2017 annual meeting). The recommendation must include the same information as is specified in Dynatronics' bylaws for shareholder nominees to be considered at an annual meeting, including the following:

- The shareholder's name and address and the beneficial owner, if any, on whose behalf the nomination is proposed;

- The shareholder's reason for making the nomination at the annual meeting, and the signed consent of the nominee to serve if elected;

- The number of shares owned by, and any material interest of, the record owner and the beneficial owner, if any, on whose behalf the record owner is proposing the nominee;

- A description of any arrangements or understandings between the shareholder, the nominee and any other person regarding the nomination; and

- Information regarding the nominee that would be required to be included in Dynatronics' proxy statement by the SEC rules, including the nominee's age, business experience for the past five years and any directorships held by the nominee, including directorships held during the past five years.

Meetings of the Board of Directors

There were six meetings of the Board of Directors held during fiscal year 2016. No director attended fewer than 75% of these meetings.

Executive Sessions of Independent Directors

During the year ended June 30, 2016, the independent directors did not meet in executive session.

Board Leadership Structure and Role in Risk Oversight

Kelvyn H. Cullimore, Jr. serves as the Chairman of our Board of Directors and as our Chief Executive Officer. We do not have a formal policy with respect to separation of the offices of chairman of the board and chief executive officer, and the Board of Directors believes that flexibility in appointing the Chairman and Chief Executive Officer allows the Board of Directors to make a determination as to such positions from time to time and in a manner that it believes is in the best interest of the Company and its shareholders.

The Board of Directors believes that the traditional practice of combining the roles of Chairman of the Board and Chief Executive Officer currently provides the preferred form of leadership for the Company. Given Mr. Cullimore's long tenure and vast experience with the Company and our industry, the tremendous respect which he has earned from employees, business partners and shareholders, as well as other members of the medical device manufacturers industry, and his proven leadership skills, the Board of Directors believes the best interests of our shareholders are met by Mr. Cullimore's continued service in both capacities. The Board of Directors also believes that Mr. Cullimore's performance of both responsibilities encourages clear accountability and effective decision-making, and provides strong leadership for our employees and other stakeholders.

Given the experience and qualifications our directors contribute to the Board's activities, we have implemented a number of practices designed to encourage effective corporate governance. These practices include:

- the requirement that at least a majority of the directors meet the standards of independence applicable to the Company;

- executive sessions of the independent members of the Board of Directors and committee meetings which include individual sessions with representatives of the Company's independent registered public accounting firm, as well as the CFO and CEO; and

- completion of performance evaluations of the CEO by the Compensation Committee.

Our management is primarily responsible to manage risk and inform the Board of Directors regarding the most material risks confronting us and our business. The Board of Directors has oversight responsibility of the processes established to monitor and manage such risks. The Board of Directors believes that such oversight function is the responsibility of the entire Board of Directors through frequent reports and discussions at regularly scheduled Board meetings. In addition, the Board has delegated specific risk management oversight responsibility to the Audit Committee and to the independent members of the Board of Directors. In particular, the Audit Committee oversees management of risks related to accounting, auditing and financial reporting and maintaining effective internal controls for financial reporting. The independent members of the Board of Directors oversee risk management related to corporate governance practices and executive compensation plans and arrangements. These specific risk categories and our risk management practices are reviewed by the entire Board of Directors in the ordinary course of regular Board meetings.

Communications with the Board of Directors

Shareholders may communicate directly with our Board of Directors by writing to them at Board of Directors, c/o Jim Ogilvie, Director of Business Development, Dynatronics Corporation, 7030 Park Centre Drive, Cottonwood Heights, Utah 84121. All communications received in this manner will be opened for the sole purpose of determining whether the contents represent a message to our directors, after which they will be forwarded to the director or directors to whom addressed, except for communications that are (1) advertisements, promotions of a product or service, patently offensive material or matters deemed inappropriate for the Board of Directors, (2) solely related to complaints with respect to ordinary course of business, customer service and satisfaction issues, or (3) clearly unrelated to our business, industry, management, Board of Directors, or related committee matters.

Code of Conduct and Ethics

We have established a Code of Business Ethics that applies to our officers, directors and employees. The Code of Business Ethics contains general guidelines for conducting our business consistent with the highest standards of business ethics, and is intended to qualify as a "code of ethics" within the meaning of the Exchange Act and as a "code of business conduct and ethics" within the meaning of the NASDAQ Rules.

All of our directors, officers and employees must act in accordance with our Code of Business Ethics. Employees and directors are required to report any conduct that they believe in good faith to be an actual or apparent violation of the Code of Business Conduct and Ethics. In addition, our Audit Committee has established procedures to receive, retain and treat complaints received regarding accounting, internal accounting controls, or auditing matters, and to allow for the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters.

The Code of Business Ethics is available on our website at www.dynatronics.com, in the "Company Information, Investor Relations, Company Policies" section. A copy may also be obtained by writing to the Director of Business Development, Dynatronics Corporation, 7030 Park Centre Drive, Cottonwood Heights, Utah 84121.

EXECUTIVE COMPENSATION

Employment Agreement and Potential Payments upon Termination or Change in Control

Effective May 1, 2015, we entered into an employment agreement with Kelvyn H. Cullimore, Jr., our Chairman, President and CEO. The agreement was approved by the Compensation Committee. The compensation package underlying this agreement includes (i) a base salary of \$200,000 per year, (ii) an automobile allowance, (iii) a discretionary annual bonus (as determined by the Compensation Committee), (iv) restricted stock awards and/or stock options granted under our equity compensation plan, as amended and restated, and (v) other welfare and employee benefits that are standard in such agreements, including, by way of example, life and disability insurance, health insurance, and paid vacation. The agreement also contains a provision granting Mr. Cullimore a single lump-sum cash payment of \$500,000 within 30 days following a change of control event occurring after May 1, 2015. The agreement defines a "change of control" as an event in which:

- (a) any person or group of persons together with its affiliates, but excluding (i) the Company or any of its subsidiaries, (ii) any employee benefit plans of the Company or (iii) a corporation owned, directly or indirectly, by the shareholders of the Company in substantially the same proportions as their ownership of stock of the Company, is or becomes, directly or indirectly, the "beneficial owner" (as defined in Rule 13d-3 under the Exchange Act) of securities of the Company representing fifty percent (50%) or more of the combined voting power of the Company's then outstanding securities (not including in the securities beneficially owned by such person any securities acquired directly from the Company);
- (b) the following individuals cease for any reason to constitute a majority of the number of directors then serving: individuals who, on May 1, 2015, constitute the Board and any new director (other than a director whose initial

assumption of office is in connection with an actual or threatened election contest, including but not limited to a consent solicitation, relating to the election of directors of the Company) whose appointment or election by the Board or nomination for election by the Company's shareholders was approved or recommended by a vote of at least two-thirds (2/3) of the directors then still in office who either were directors on the Effective Date or whose appointment, election or nomination for election was previously so approved or recommended;

13

- (c) the consummation of a merger or consolidation of the Company or any direct or indirect subsidiary of the Company with any other corporation or entity regardless of which entity is the survivor, other than a merger or consolidation which would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or being converted into voting securities of the surviving entity) more than fifty percent (50%) of the combined voting power of the voting securities of the Company, such surviving entity or any parent thereof outstanding immediately after such merger or consolidation; or
- (d) the shareholders of the Company approve a plan of complete liquidation or winding-up of the Company or there is consummated an agreement for the sale or disposition by the Company of all or substantially all of the Company's assets.

Notwithstanding the foregoing, a change of control shall not be deemed to have occurred by virtue of the consummation of any transaction or series of integrated transactions immediately following which the holders of the Common Stock of the Company immediately prior to such transaction or series of transactions continue to have substantially the same proportionate ownership in an entity which owns all or substantially all of the assets of the Company immediately following such transaction or series of transactions, and a change of control shall not occur for purposes of the agreement as a result of any primary or secondary offering of Company Common Stock to the general public through a registration statement filed with the SEC.

In addition, notwithstanding the foregoing, to the extent that any payment under the agreement is payable solely upon or following the occurrence of a change of control and such payment is treated as "deferred compensation" for purposes of §409A of the Internal Revenue Code, no event that would not qualify as a "change in the ownership of the Company," a "change in the effective control of the Company," or a "change in the ownership of a substantial portion of the assets of the Company" as such terms are defined in §1.409A-3(i)(5) of the Treasury Regulations, shall be treated as a change of control under the agreement.

If a change of control occurs, Mr. Cullimore's stock options, stock awards, warrants and other similar rights granted to him prior to termination will immediately and entirely vest and will be immediately delivered to him without restriction or limitation of any kind (except for normal transfer restrictions required by law). In the event of termination prior to the expiration of the term of the agreement, we are also obligated to pay Mr. Cullimore a separation payment equal to twelve (12) months' salary.

The agreement also provides that upon termination of employment we will transfer to Mr. Cullimore title, free and clear of all encumbrances, to either the Company-owned vehicle used by him at the time of termination, or a vehicle of substantially similar market value.

The agreement terminates upon Mr. Cullimore's death or disability or upon termination of his employment for cause. The agreement also contains covenants against competition during the term of his employment and for eighteen months after the termination.

401(k) Plan

We have a 401(k) plan. Employees who are 20 years of age or older and have completed at least six months of service with us are eligible to participate in the 401(k) plan. Eligible employees may contribute to our 401(k) retirement plan in the form of salary deferrals of up to \$18,000, the maximum allowable for calendar year 2016. Eligible employees who are over 50 years old may contribute an additional \$6,000 in catchup contributions during calendar year 2016. We match annual employee contributions at 25% of employee contributions, up to a maximum of \$500 per employee per year.

Participants in the 401(k) plan are fully vested in their salary deferral contributions and vest 20% per year after two years of participation in matching contributions. Amounts deferred by Named Executive Officers in the 401(k) plan, along with the 25% matching contributions, are included under "All Other Compensation" in the Summary Compensation Table.

Section 162(m) Treatment Regarding Performance-Based Equity Awards

Under Section 162(m) of the Code, a public company is generally denied deductions for compensation paid to its chief executive officer and the next four most highly compensated executive officers to the extent the compensation for any such individual exceeds \$1,000,000 for the taxable year. Our executive compensation programs are designed to preserve the deductibility of compensation payable to executive officers, although deductibility is just one among a number of factors considered in determining appropriate levels or types of compensation.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth information, as of September 28, 2016 (the "Table Date"), except as indicated in the footnotes below, for the following: (1) each person whom we know beneficially owns more than 5% of our Common Stock; (2) each of our directors and director nominees; (3) each of our Named Executive Officers; and (4) all of our executive officers and directors as a group. As of the Table Date, 2,846,678 shares of Common Stock were issued and outstanding. Unless otherwise indicated, the address of each beneficial owner listed in the table is c/o Dynatronics Corporation, 7030 Park Centre Drive, Cottonwood Heights, Utah 84121.

We have determined beneficial ownership in accordance with the rules of the SEC. Except as indicated in the footnotes below, we believe, based on the information furnished to us, that the persons named in the table below have sole voting and investment power with respect to all shares of Common Stock that they beneficially own, subject to applicable community property laws. In computing the number of shares beneficially owned by each person or group as of the Table Date, we included shares of Common Stock that such person or group had the right to acquire on or within 60 days after the Table Date, including, but not limited to, shares issuable upon the exercise of options or the vesting of restricted share awards that would vest or could settle on or within 60 days after the Table Date. We did not deem these shares outstanding, however, for the purpose of computing the percentage ownership of any other person. Beneficial ownership representing less than one percent is denoted with an asterisk (*).

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Review, Approval or Ratification of Transactions with Related Persons

We have adopted a policy that any transactions with directors, executive officers or entities of which they are also officers or directors or in which they have a financial interest, will only be on terms consistent with industry standards and approved by a majority of the disinterested directors of our Board of Directors. Our bylaws provide that no such transactions by us shall be either void or voidable solely because of such relationship or interest of directors or officers or solely because such directors are present at the meeting of our Board of Directors or a committee thereof which approves such transactions, or solely because their votes are counted for such purpose if:

The fact of such common directorship or financial interest is disclosed or known by our Board of Directors or committee and noted in the minutes, and our Board of Directors or committee authorizes, approves or ratifies the contract or transaction in good faith by a vote for that purpose without counting the vote or votes of such interested directors; or

The fact of such common directorship or financial interest is disclosed to or known by the shareholders entitled to vote, and they approve or ratify the contract or transaction in good faith by a majority vote or written consent of shareholders holding a majority of the shares of Common Stock entitled to vote (the votes of the interested directors or officers shall be counted in any such vote of shareholders); or

·The contract or transaction is fair and reasonable to us at the time it is authorized or approved.

In addition, interested directors may be counted in determining the presence of a quorum at a meeting of our Board of Directors or a committee thereof that approves such transactions. If there are no disinterested directors, we shall obtain a majority vote of the shareholders approving the transaction.

PROPOSAL NO. 2
ADVISORY VOTE ON EXECUTIVE COMPENSATION
General

The SEC has adopted rules pursuant to The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 ("Dodd-Frank Act") that require public companies to (i) at least once every three years, present to shareholders a non-binding, advisory vote a resolution approving the compensation of certain executive officers, and (ii) at least once every six years, present to the shareholders a non-binding, advisory vote on the frequency of future resolutions to approve executive compensation. In accordance with the advisory vote of a majority of shareholders received at the Company's 2013 Annual Meeting of Shareholders, the Board has determined to provide the shareholders an opportunity to approve executive compensation every three years. Accordingly, at the 2016 Annual Meeting the Board will submit to the shareholders an advisory nonbinding proposal to approve the following "say on pay resolution", which gives you as a shareholder the opportunity to endorse or not endorse the compensation paid to our Named Executive Officers, as disclosed in this Proxy Statement pursuant to Item 402 of Regulation S-K (including the compensation tables and accompanying narrative discussion):

"RESOLVED, that the shareholders hereby approve the compensation paid to the Company's Named Executive Officers as disclosed pursuant to Item 402 of Regulation S-K under the heading "Executive Compensation" and "Summary Compensation Table" in the Company's 2016 Proxy Statement, including the compensation tables and narrative discussion therein."

The advisory vote on the say on pay proposal is intended to address the overall compensation of the Company's Named Executive Officers rather than any specific element or amount of compensation. This advisory vote is not binding on the Board or the Company and may not be construed as overruling a decision by the Board or the Compensation Committee, creating or implying any change to the fiduciary duties of the Board or the Compensation Committee or any additional fiduciary duty by the Board or the Compensation Committee or restricting or limiting the ability of shareholders to make proposals for inclusion in proxy materials related to executive compensation. However, the Compensation Committee will take into account the results of the advisory vote when considering future executive compensation arrangements.

THE BOARD RECOMMENDS A VOTE "FOR" APPROVAL OF THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT.

PROPOSAL NO. 3
APPROVAL OF AN INCREASE IN THE AMOUNT OF THE
COMPANY'S AUTHORIZED COMMON STOCK

Our Board of Directors proposes that the shareholders approve an amendment to be included in Amended and Restated Articles of Incorporation to be adopted and filed by the Board of Directors pursuant to Section 16-10a-1007 of the Utah Revised Business Corporation Act, increasing the aggregate number of shares of Common Stock that we are authorized to issue from 50,000,000 shares to 100,000,000 shares. You are being asked to consider and act upon this proposal and approve the proposed amendment in the form attached as Annex A to this Proxy Statement.

Under Utah law, we may only issue shares of Common Stock to the extent such shares have been authorized for issuance under our Articles of Incorporation as amended or restated. Our Restated Articles of Incorporation currently authorize the issuance of 50,000,000 shares of Common Stock, no par value per share. As of the Record Date of the Annual Meeting, [•] shares of Common Stock were issued and outstanding. In addition, we are obligated to issue a total of 4,623,961 shares of Common Stock upon the exercise of conversion or purchase rights of outstanding convertible preferred stock, stock options, and stock purchase warrants and restricted stock awards as follows:

- 1,610,000 shares of Common Stock issuable upon conversion of the Series A Preferred;
- 1,207,500 shares of Common Stock issuable upon exercise of A-Warrants held by the Series A Preferred investors;
- 1,207,500 shares of Common Stock issuable upon exercise of B-Warrants held by the Series A Preferred investors;

121,557 shares of Common Stock issuable upon exercise of stock options granted under stock incentive and equity incentive plans of the Company, vested and unvested;

405,404 shares of Common Stock reserved for issuance pursuant to future awards under the Company's 2015 Equity Incentive Award Plan;

72,000 shares of Common Stock subject to restricted stock awards.

19

Purpose and Effect of the Increase in the Number of Authorized Shares of Common Stock

The increase in the number of authorized shares of Common Stock is proposed to ensure that additional shares of Common Stock will be available to further enable the Board to pursue the Company's growth strategy through strategic acquisitions and business combinations and in the event the Board of Directors determines that it is necessary or appropriate to raise additional capital through the sale of equity securities, convertible debt securities or other equity-linked securities. Adoption of this proposal would permit the Board of Directors, without further approval of the shareholders (except as may be required by applicable law), to issue additional shares of Common Stock from time to time as the Board of Directors may determine, for such consideration as the Board of Directors establishes. The availability of additional shares will also provide the Company with the flexibility to structure possible acquisitions of another business or its assets, to establish strategic relationships with corporate partners, to provide equity incentives to employees and officers (subject to additional shareholder approvals as required), to permit future stock dividends or for other corporate purposes. The availability of additional shares of Common Stock is particularly important in the event that the Board of Directors needs to undertake any of the foregoing actions on an expedited basis and thus to avoid the time and expense of seeking shareholder approval in connection with the contemplated issuance of Common Stock. Having a sufficient number of authorized shares of Common Stock also increases the flexibility of the Board to adjust or include conversion features of preferred stock and derivative instruments in capital raising and acquisition transactions. If the amendment is approved by the shareholders, the Board does not intend to solicit further shareholder approval prior to the issuance of shares of Common Stock unless such approval is required by law. The increase in the authorized shares of Common Stock will not have any immediate effect on the rights of existing shareholders. However, the Board of Directors will have the authority to issue authorized Common Stock without future shareholder approval of such issuances, except as may be required by applicable law. To the extent that additional authorized shares are issued in the future, they may decrease the existing shareholders' percentage equity ownership and, depending on the price at which they are issued, could be dilutive to the existing shareholders. The holders of our Common Stock have no preemptive rights and the Board of Directors has no plans to grant such rights with respect to any such shares.

The increase in authorized Common Stock and the subsequent issuance of such shares could also have the effect of delaying or preventing, a change of control of the Company without further action by shareholders. Shares of authorized and unissued Common Stock could, within the limits of applicable law, be issued in one or more transactions which would make a takeover of the Company more difficult or costly, and therefore less likely. Any such issuance of additional stock could have the effect of diluting earnings per share and book value per share of outstanding shares of Common Stock and such additional shares could be used to dilute the stock ownership or voting rights of a person seeking to obtain control of the Company.

We do not have any arrangements, commitments or understandings to issue any shares of our capital stock, other than in connection with our existing stock option plan and pursuant to the exercise of outstanding warrants and conversion of our convertible debentures.

The Board of Directors is not currently aware of any attempt to take over or acquire the Company. While it may be deemed to have potential anti-takeover effects, the proposed amendment to increase the authorized Common Stock is not prompted by any specific effort or takeover threat currently perceived by management.

Our Board of Directors believes that the increase in the number of authorized shares of Common Stock is in the best interest of the Company and its shareholders.

Effective Date of the Amendment

If the proposed amendment is adopted by the required vote of shareholders, the Board of Directors will include it in an Amended and Restated Articles of Incorporation to be filed and become effective when filed with the Utah Department of Commerce, Division of Corporations. The Company anticipates that this filing will be made promptly following receipt of requisite shareholder approval, or as soon as practicable thereafter.

Vote Required

The affirmative vote of a majority of the issued and outstanding shares of our common stock, including our Series A Preferred, voting together on an as converted basis, is required to approve the proposed amendment to increase the number of authorized shares of Common Stock. Abstentions have the same effect as a vote against the proposal. THE BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THE APPROVAL OF PROPOSAL NO. 3.

PROPOSAL NO. 4

APPROVAL OF AN INCREASE IN THE AMOUNT OF THE COMPANY'S AUTHORIZED PREFERRED STOCK

Our Board of Directors proposes that the shareholders approve an amendment to be included in Amended and Restated Articles of Incorporation to be adopted and filed by the Board of Directors pursuant to Section 16-10a-1007 of the Utah Revised Business Corporation Act, increasing the aggregate number of shares of preferred stock, no par value, that we are authorized to issue from 5,000,000 shares to 50,000,000 shares. You are being asked to consider and act upon this proposal and approve the proposed amendment in the form attached as Annex B to this Proxy Statement.

As described in more detail below, the Board recommends that you vote "FOR" the amendment in order to replenish the number of authorized and undesignated and unissued preferred shares available for issuance by the Company and to provide the Company with additional flexibility as it evaluates acquisition, capital-raising and refinancing alternatives. Of the 5,000,000 currently authorized preferred shares, as of November 4, 2016, a total of 2,000,000 shares had been designated as Series A Preferred and, of those designated shares, a total of 1,610,000 shares were issued and outstanding.

Board Right to Designate Rights and Preferences for Preferred Shares

Under the terms of our Restated Articles of Incorporation, the Board is vested with the authority to establish one or more series of preferred shares and to fix and determine the variations in the relative rights and preferences of the preferred shares of any series it establishes, including, without limitation, the following: (i) the rate of dividend and whether dividends shall be cumulative, noncumulative, or partially cumulative (ii) the price and terms on which the preferred shares may be redeemed (iii) the amount payable with respect to the preferred shares in event of involuntary liquidation (iv) the amount payable with respect to the preferred shares in event of voluntary liquidation (v) sinking fund provisions for the redemption or purchase of the preferred shares (vi) the terms and conditions on which the preferred shares may be converted to the Company's other securities and (vii) such other variations in the relative rights and preferences of the preferred shares that at the time of the establishment of such series are not prohibited by law or the Company's existing contractual obligations. The Board is also authorized to increase or decrease (but not below the number of shares of such series then outstanding) the number of shares of that series. Under our Restated Articles of Incorporation, our preferred shares are without any par value.

Rights of Designated Preferred Shares

The Company, acting through our Board of Directors, has designated a single series of preferred shares, Series A 8% Convertible Preferred Stock ("Series A Preferred"), consisting of 2,000,000 designated shares, as of November 4, 2016. The Series A Preferred is convertible to common stock on a 1:1 basis. A forced conversion can be initiated based on a formula related to share price and trading volumes as outlined in the terms of the private placement. The dividend is fixed at 8% and is payable in either cash or common stock. This dividend is payable quarterly and equates to an annual payment of \$372,291 in cash or a value in common stock based on the trading price of the stock on the date the dividend is declared. Certain redemption rights are attached to the Series A Preferred, but none of the redemption rights for cash are deemed outside the control of the Company. The redemption rights deemed outside the control of the Company require common stock payments or an increase in the dividend rate. The Series A Preferred includes a liquidation preference under which Preferred Investors would receive cash equal to the stated value of their stock plus unpaid dividends. In accordance with the terms of the sale of the Series A Preferred, the Company was

required to register the underlying common shares associated with the Series A Preferred and the warrants. That registration statement filed on form S-3 became effective on August 13, 2015.

21

The Series A Preferred votes on an as-converted basis, one vote for each share of common stock issuable upon conversion of the Series A Preferred, provided, however, that because of the Voting Cutback, no holder of Series A Preferred shall be entitled to cast votes for the number of shares of common stock issuable upon conversion of such Series A Preferred held by such holder that exceeds the quotient of (x) the aggregate purchase price paid by such holder of Series A Preferred for its Series A Preferred, divided by (y) the greater of (i) \$2.50 and (ii) the market price of the common stock on the trading day immediately prior to the date of issuance of such holder's Preferred Stock. The market price of the common stock on the trading day immediately prior to the date of issuance was \$3.23 per share. Based on a \$4,025,000 investment and a \$3.23 per share price the number of common stock equivalents eligible for voting by preferred shareholders is 1,246,130.

The purchasers of the Series A Preferred purchased a total of 1,610,000 shares of Series A Preferred, and received in connection with such purchase, (i) A-Warrants, exercisable by cash exercise only, to purchase 1,207,500 shares of common stock, and (ii) B-Warrants, exercisable by "cashless exercise", to purchase 1,207,500 shares of common stock. The warrants are exercisable for 72 months from the date of issuance and carry a Black-Scholes put feature in the event of a change in control. The put right is not subject to derivative accounting as all equity holders are treated the same in the event of a change in control.

Our Board of Directors has the authority to cause the Company to issue, without any further vote or action by the shareholders, up to 3,390,000 additional shares of preferred stock, no par value per share, in one or more series, to designate the number of shares constituting any series, and to fix the rights, preferences, privileges and restrictions thereof, including dividend rights, voting rights, rights and terms of redemption, redemption price or prices and liquidation preferences of such series.

Our Board believes it is important that we have as much flexibility and as many alternatives as possible as we assess capital-raising and refinancing alternatives. We believe that the limited number of available preferred shares might detract from our ability to utilize preferred shares for financing or refinancing purposes.

Potential Effects of Preferred Share Issuances on Existing Shareholders

To the extent the Board issues additional preferred shares (either from the currently authorized but unissued preferred shares or from any additional preferred shares authorized by our shareholders pursuant to this proposal), the earnings available to common shareholders would likely be reduced and our existing common and preferred shareholders would experience dilution of their ownership interests. The reduction and dilution could be substantial. In addition, since the Board is vested with the authority under our Restated Articles of Incorporation to designate rights and preferences for the preferred shares (without further shareholder approval) that may be different from, or superior to, the rights of existing shareholders, the issuance of additional preferred shares could result in a significant reduction in the voting power of the existing shareholders, the liquidation value of their holdings, the book and market value of existing shares and the future earnings per share of the Company. The sale or resale of the additional securities could also cause the market price of our existing securities to decline. In addition to the foregoing, the increase in the number of issued preferred shares in connection with potential financings may have anti-takeover implications, as more fully discussed below.

The Board considered the possible negative impact that the increase in the number of issued preferred shares could have on our existing shareholders when it considered this proposal and concluded that any such impact would be outweighed by the potential benefits to the Company and its shareholders resulting from the increase in our available capital.

Possible Anti-Takeover Effects

The proposal to increase the number of authorized preferred shares could adversely affect the ability of third parties to take over the Company or effect a change in the control of the Company by, for example, permitting issuances that would dilute the share ownership of a person seeking to effect a change in the composition of our Board of Directors or contemplating a tender offer or other transaction for our combination with another company that the Board determines is not in our best interests or in the best interests of our shareholders. The ability of the Board of Directors to cause the Company to issue substantial amounts of preferred shares without the need for shareholder approval, except as may be required by law, regulation or share exchange rules, upon such terms and conditions, and with such rights and preferences, as the Board of Directors may determine from time to time in the exercise of its business judgment may, among other things, be used to create voting impediments with respect to changes in control of the Company or to dilute the share ownership of holders of our existing securities that may be seeking to obtain control of

the Company.

22

The issuance of preferred shares, while providing desirable flexibility in connection with potential financings and other corporate transactions, may have the effect of discouraging, delaying, or preventing a change in our control. The Board of Directors does not view the proposed increase in the authorized preferred shares as an anti-takeover measure. Since the Board already has the right to designate the rights and preferences of the authorized but undesignated preferred shares, the Board believes that the authorization of additional preferred shares will not constitute an expansion of the Board's ability, under proper circumstances, to use the preferred shares as an anti-takeover measure.

Effective Date of the Amendment

If the proposed amendment is adopted by the required vote of shareholders, the Board of Directors will include it in an Amended and Restated Articles of Incorporation to be filed and become effective when filed with the Utah Department of Commerce, Division of Corporations. The Company anticipates that this filing will be made promptly following receipt of requisite shareholder approval, or as soon as practicable thereafter.

Vote Required

The affirmative vote of a majority of the issued and outstanding shares of our common stock, including our Series A Preferred, voting together on an as-converted basis, and the affirmative vote of a majority of the issued and outstanding shares of our Series A Preferred voting as a class, are both required to approve the proposed amendment to increase the number of authorized shares of preferred stock. Abstentions have the same effect as a vote against the proposal.

Requirements for Shareholder Proposals to be Brought Before the Annual Meeting

Dynatronics' bylaws provide that, except in the case of proposals made in accordance with Rule 14a-8, for shareholder nominations to the Board of Directors or other proposals to be considered at an annual meeting of shareholders, the shareholder must have given timely notice thereof in writing to the Secretary of Dynatronics not less than sixty nor more than ninety calendar days prior to the anniversary of the date on which Dynatronics first mailed its proxy materials for its immediately preceding annual meeting of shareholders (as specified in Dynatronics' proxy materials for its immediately preceding annual meeting of shareholders). To be timely for the 2017 Annual Meeting of Shareholders, a shareholder's notice must be delivered or mailed to and received by Dynatronics' Secretary at the principal executive offices of Dynatronics between July 2, 2017, and August 1, 2017. However, in the event that the annual meeting is called for a date that is not within thirty calendar days of the anniversary of the date on which the immediately preceding annual meeting of shareholders was called, to be timely, notice by the shareholder must be so received not later than the close of business on the tenth calendar day following the date on which public announcement of the date of the annual meeting is first made. In no event will the public announcement of an adjournment of an annual meeting of shareholders commence a new time period for the giving of a shareholder's notice as provided above. A shareholder's notice to Dynatronics' Secretary must set forth the information required by Dynatronics' bylaws with respect to each matter the shareholder proposes to bring before the annual meeting. In addition, the proxy solicited by the Board of Directors for the 2017 Annual Meeting of Shareholders will confer discretionary authority to vote on (i) any proposal presented by a shareholder at that meeting for which Dynatronics has not been provided with notice on or prior to August 1, 2017, and (ii) any proposal made in accordance with the bylaw provisions, if the 2017 proxy statement briefly describes the matter and how management's proxy holders intend to vote on it, if the shareholder does not comply with the requirements of Rule 14a-4(c)(2) under the Exchange Act.

PROXY SOLICITATION AND COSTS

Dynatronics will bear the entire cost of this solicitation of proxies, including the preparation, assembly, printing, and mailing of the Notice of Internet Availability of Proxy Materials, this Proxy Statement, the proxy and any additional solicitation material that Dynatronics may provide to shareholders. Copies of solicitation material will be provided to brokerage firms, fiduciaries and custodians holding shares in their names that are beneficially owned by others so that they may forward the solicitation material to such beneficial owners. This solicitation is being made by mail and through the Internet, but also may be made by telephone or in person. Proxies may also be solicited on behalf of the Board by directors, officers or employees of Dynatronics by telephone or in person, or by email or through the Internet. Further, the original solicitation of proxies by mail may be supplemented by solicitation by telephone and other means by directors, officers and employees of Dynatronics. No additional compensation will be paid to these individuals for any such services.

SHAREHOLDERS SHARING THE SAME ADDRESS

The SEC has adopted rules that permit companies and intermediaries (such as brokers) to implement a delivery procedure called "householding." Under this procedure, multiple shareholders who reside at the same address may receive a single copy of our annual report and proxy materials, including the Notice of Internet Availability of Proxy Materials, unless the affected shareholder has provided contrary instructions. This procedure reduces printing costs and postage fees.

Once again this year, a number of brokers with account holders who beneficially own our Common Stock will be "householding" our annual report and proxy materials, including the Notice of Internet Availability of Proxy Materials. A single Notice of Internet Availability of Proxy Materials and, if applicable, a single set of annual report and other proxy materials will be delivered to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once you have received notice from your broker that it will be "householding" communications to your address, "householding" will continue until you are notified otherwise or until you revoke your consent. Shareholders with shares held in street name may revoke their consent at any time by contacting Broadridge Financial Solutions, either by calling toll-free (800) 542-1061, or by writing to Broadridge Financial Solutions, Householding Department, 51 Mercedes Way, Edgewood, New York, 11717.

Upon written or oral request, Dynatronics will promptly deliver a separate copy of the Notice of Internet Availability of Proxy Materials and, if applicable, a separate set of the annual report and other proxy materials to any beneficial owner at a shared address to which a single copy of any of those documents was delivered. To receive a separate copy of the Notice of Internet Availability of Proxy Materials and, if applicable, a separate set of the annual report and other proxy materials, you may write or call Dynatronics' Investor Relations Department at Dynatronics Corporation, 7030 Park Centre Drive, Cottonwood Heights, Utah 84121, Attention: Jim Ogilvie, Director of Business Development, telephone (801) 727-1755.

Shareholders who share the same address and currently receive multiple copies of our Notice of Internet Availability of Proxy Materials or annual report and other proxy materials, who wish to receive only one set in the future, can contact their bank, broker or other holder of record to request information about householding.

ANNUAL REPORT ON FORM 10-K

WE WILL PROVIDE, WITHOUT CHARGE, TO EACH SHAREHOLDER TO WHOM THIS PROXY STATEMENT IS DELIVERED, UPON WRITTEN OR ORAL REQUEST, A COPY OF OUR ANNUAL REPORT ON FORM 10-K FOR THE YEAR ENDED JUNE 30, 2016, INCLUDING THE FINANCIAL STATEMENTS, AS FILED WITH THE SEC. THE REQUESTED DOCUMENT WILL BE SENT BY FIRST CLASS MAIL OR OTHER EQUALLY PROMPT MEANS. WRITTEN OR ORAL REQUESTS FOR SUCH INFORMATION SHOULD BE DIRECTED TO MR. JIM OGILVIE, DIRECTOR OF BUSINESS DEVELOPMENT, DYNATRONICS CORPORATION, 7030 PARK CENTRE DRIVE, COTTONWOOD HEIGHTS, UTAH 84121.

OTHER BUSINESS

We know of no other matters that will be presented at the Annual Meeting. If, however, any further business should properly come before the Annual Meeting, the persons named as proxies in the accompanying form will vote on such business in accordance with their best judgment.
