General

On September 29, 2006, we purchased approximately \$101.5 million of used, dry-van trailers. Prior to this transaction we had been utilizing these trailers under the terms of various operating leases. These trailers were purchased directly from Transport International Pool, Inc., the lessor under the terms of the original operating lease arrangements.

Financing and Structure

In connection with the purchase of these trailers, we entered into a term loan and credit agreement (the facility) arranged by SunTrust Bank. This new \$100 million facility, which is collateralized by a security interest in the trailing equipment, was by and between J.B. Hunt Transport, Inc., our subsidiary, and SunTrust Bank of Nashville, TN. We also entered into a Guarantee Agreement where J.B. Hunt Transport Services, Inc. guaranteed the principal and interest owed to SunTrust Bank and other lenders.

This facility matures on September 29, 2009 and our borrowing costs are based on three-month LIBOR plus an applicable margin and other fees. We are also required to make periodic minimum principal payments. A \$3.5 million principal payment is due on December 29, 2006, with additional \$3.5 million principal payments due every three months thereafter through June 29, 2009. This facility requires us to maintain certain covenants and financial ratios.

On September 29, 2006, we utilized \$100 million from this new facility to purchase these used trailers and convert them from operating lease arrangements to owned equipment.

A copy of the Term Loan Agreement and the other related documents are filed as Exhibits 10.1 through 10.4 to this current report on form 8-K. This purchase will reduce our operating costs associated with these trailers.

Interest Rate Swap Arrangement

In connection with the facility and purchase described above, we also, on September 29, 2006, entered into an arrangement to swap the variable interest rate on the facility to a fixed 5.85% interest rate. The terms of the interest rate swap, such as the notional amount and maturity date, match the terms of the facility. The counterpart to the interest rate swap is also SunTrust Bank.

ITEM 9.01. FINANCIAL STATEMENTS AND EXHIBITS

- 10.2 Term Note
- 10.3 Security Agreement
