Item 2.02 Results of Operations and Financial Condition.

The following information is furnished pursuant to Item 2.02, Results of Operations and Financial Condition.

On February 26, 2007, Expeditors International of Washington, Inc., a Washington corporation, issued a press release announcing that its 2006 year-to-date diluted earnings per share (EPS) amount of \$1.07, previously reported in their press release on February 13, 2007, has been corrected to \$1.06. As corrected, the fourth sentence in the second paragraph of the earlier release should have read:

Diluted net earnings per share for the year 2006 were \$1.06 as compared with \$.86(1) per share for 2005, an increase of 23%.

The \$.01 difference in the year-to-date EPS amount was due to a correction to the calculation of diluted weighted average shares outstanding. No other amounts in the previous release were affected other than year-to-date EPS and diluted weighted average shares outstanding for the three months and year ended December 31, 2006. A corrected copy of the Financial Highlights and the Condensed Consolidated Statements of Earnings for the three months and the twelve months ended December 31, 2006, accompanies this release.

The correction to the calculation of diluted weighted average shares outstanding was made when the Company identified that a default setting in the parameter screen of the program, used to assist in this calculation, was set incorrectly in the original calculations. The Company has modified its procedures over the review and verification of parameter settings and program output.

A copy of the press release is furnished as Exhibit 99.1 to this report.
