Frequently Asked Questions

Why did I receive these proxy materials?

We are providing these proxy materials to our stockholders in connection with the solicitation of proxies by our Board of Directors for use at the Annual Meeting.

You are invited to attend our Annual Meeting, which will be held at The California Center for the Arts Escondido, 340 North Escondido Boulevard, Escondido, California 92025. Stockholders will be admitted to the Annual Meeting beginning at 8:30 A.M. and refreshments will be provided.

Do I need a ticket to attend the Annual Meeting?

Edgar Filing: REALTY INCOME CORP - Form DEF 14A

No, you do not need a ticket, but you will need to register and identify yourself as a stockholder in order to receive certain Annual Meeting materials when you arrive.

What is the purpose of the Annual Meeting?

At the Annual Meeting, stockholders will consider and vote upon:

The election of eight directors to serve until the 2008 annual meeting of stockholders and until their respective successors are duly elected and qualify; and

The transaction of such other business as may properly come before the Annual Meeting or any adjournments or postponements of the Annual Meeting.

Who is entitled to vote at the Annual Meeting?

Holders of our common stock at the close of business on March 15, 2007 are entitled to receive notice of and to vote their shares at the Annual Meeting. As of that date, there were 101,007,276 shares of common stock outstanding and entitled to vote. Each outstanding share of our common stock is entitled to one vote on each matter properly brought before the Annual Meeting.

What is the difference between holding shares as a stockholder of record or as a beneficial owner?

If your shares are registered directly in your name with our transfer agent, The Bank of New York, you are considered the stockholder of record. In this case, you receive your dividend check from The Bank of New York and these materials were sent to you directly by us.

If your shares are held in a brokerage account, or by a bank or other holder of record, you are considered the beneficial owner of shares held in street name. These materials have been forwarded to you by your broker, bank, or other holder of record who is considered the stockholder of record. As the beneficial owner you have the right to direct your broker, bank, or other holder of record on how to vote your shares by using the voting instruction card included in the mailing or by following their instructions for voting by telephone or on the Internet.

How do I vote?

You may vote using any of the following methods:

By Mail

Be sure to complete, sign and date the proxy card or voting instruction card and return it in the prepaid envelope. If you are a stockholder of record and you return your signed proxy card but do not indicate your voting preferences, the persons named in the proxy

card will vote the shares represented by that proxy FOR the election of the board's eight nominees for director and in the discretion of the proxy holders on any such matter that may properly come before the meeting.

If you are a stockholder of record, and the prepaid envelope is missing, please mail your completed proxy to: Realty Income, c/o The Bank of New York, P.O. Box 11147, New York, NY 10203-0147.

By Telephone

Beneficial owners may authorize their proxies by telephone. The telephone procedures established by us are designed to authenticate your identity, to allow you to authorize your proxy, to give your voting instructions and to confirm that those instructions have been properly recorded. You can authorize your proxy by calling the toll-free number on your proxy card. Please have your proxy card available when you call. Easy-to-follow voice prompts allow you to authorize your proxy and to confirm that your instructions have been properly recorded. Telephone facilities will be available 24 hours a day and will close at 11:59 P.M. Eastern Daylight Time on May 14, 2007. If you authorize your proxy by telephone, you do not have to return your proxy card.

By Internet

Beneficial owners may authorize their proxies on the Internet by going to our web site at www.realtyincome.com and clicking on the 2007 Annual Meeting icon shown on the home page. The 2007 Annual Meeting page contains a link to meeting material documents as well as a link to authorize your proxy at www.proxyvote.com. Please have your proxy card handy as it contains your control number, which will be required to identify yourself and authorize your proxy on www.proxyvote.com. Step-by-step instructions on how to authorize your proxy are provided on their site.

In person at the Annual Meeting

All stockholders may vote in person at the Annual Meeting. You may also be represented by another person at the meeting by executing a proper proxy designating that person. If you are a beneficial owner of shares, you must obtain a legal proxy from your broker, bank or other holder of record and present it to the inspector of election with your ballot to be able to vote at the Annual Meeting.

Can I change my vote after I submit my proxy?

You may revoke your proxy at any time before it is voted at the Annual Meeting by doing any one of the following:

delivering to our corporate secretary a written notice of revocation prior to or at the Annual Meeting;

signing and returning to our corporate secretary a proxy bearing a later date;

authorizing another proxy by telephone or on the Internet (your most recent telephone or Internet authorization is used); or

voting in person at the Annual Meeting.

Your attendance at the Annual Meeting will not by itself be sufficient to revoke a proxy unless you vote in person or give written notice of revocation to our corporate secretary before the polls are closed. Any written notice revoking a proxy should be sent to our corporate secretary, at our corporate offices, at 220 West Crest Street, Escondido, California 92025-1707.

How does our Board of Directors recommend you vote on the proposal?

Our Board of Directors recommends a vote FOR the election of the eight director nominees to serve until the 2008 annual meeting and until their successors are duly elected and qualify.

What are the voting requirements to elect our directors?

The presence of the holders of a majority of outstanding shares of common stock entitled to vote at the Annual Meeting, present in person or represented by proxy, is necessary to constitute a quorum. Abstentions and broker non-votes are counted as present and entitled to vote for purposes of determining a quorum. A broker non-vote occurs when a bank, broker or other holder of record holding shares for a beneficial owner does not vote because that holder does not have discretionary voting power and has not received voting instructions from the beneficial owner.

The affirmative vote of a plurality of all the votes cast is necessary for the election of a director. Thus, the eight nominees receiving the highest number of votes will be elected. For the purpose of the election of directors, abstentions will have no effect on the outcome of the vote. Since brokers are permitted to vote for the election of directors in an uncontested election, there will be no broker non-votes with respect to Proposal 1. If you are a beneficial owner, your bank, broker or other holder of record is permitted to vote your shares on the election of directors if the broker does not receive voting instructions from you.

Will any other business be conducted at the Annual Meeting?

Our Board of Directors does not know of any matters to be presented at the meeting other than those mentioned in this Proxy Statement. If any other matters are properly brought before the meeting, it is intended

that the proxies will be voted in accordance with the discretion of the person or persons voting the proxies. Under the New York Stock Exchange rules, if you are a beneficial owner, your bank, broker or other holder of record may not vote your shares on any stockholder proposal without instructions from you.

If the Annual Meeting is postponed or adjourned for any reason, at any subsequent convening or resumption of the Annual Meeting, all proxies will be voted in the same manner as such proxies would have been voted at the Annual Meeting as originally convened (except for any proxies that have effectively been revoked or withdrawn).

Who will count the vote?

Representatives of our transfer agent, The Bank of New York, will tabulate the votes and act as inspector of election.

Can I access the Notice of Annual Meeting, Proxy Statement and 2007 Annual Report on the Internet?

These materials are available on our web site and can be accessed by clicking on the 2007 Annual Meeting Materials icon on our home page, www.realtyincome.com.

What is householding and how does it affect me?

We have adopted a procedure approved by the Securities and Exchange Commission (SEC) called householding . Under this procedure, stockholders of record who have the same address and last name and do not participate in electronic delivery of proxy materials will receive only one copy of our Notice of Annual Meeting, Proxy Statement and Annual Report, unless one or more of these stockholders notifies us that they wish to continue receiving individual copies. This procedure reduces our printing and postage costs.

Stockholders who participate in householding will continue to receive separate proxy cards. Also, householding will not in any way affect dividend check mailings.

If you are eligible for householding, but you and other stockholders of record, with whom you share an address, currently receive multiple copies of the Notice of Annual Meeting, Proxy Statement and Annual Report, or if you hold stock in more than one account, and in either case you wish to receive only a single copy of each of these documents for your household, please contact our transfer agent, The Bank of New York, by mail at: Shareholder Relations Department, P.O. Box 11258, Church Street Station, New York, NY 10286 or by phone at 1-877-218-2434 or email at shareowner-svcs@bankofny.com.

Beneficial owners can request information about householding from their banks, brokers or other holders of record.

Who bears the cost of soliciting proxies?

We will bear the cost of soliciting proxies from our stockholders. In addition to solicitation by mail, our directors, officers, employees and agents may solicit proxies by telephone, telegram, Internet or otherwise. These directors, officers and employees will not be additionally compensated for the solicitation, but may be reimbursed for out-of-pocket expenses incurred in connection with the solicitation. Brokerage firms, fiduciaries and other custodians who forward soliciting material to the beneficial owners of shares of our common stock held of record by them will be reimbursed for their reasonable expenses incurred in forwarding such material.

Stockholders who authorize their proxies through the Internet should be aware that they may incur costs to access the Internet, such as usage charges from telephone companies or Internet service providers and these costs must be borne by the stockholder.

Our common stock is traded on the New York Stock Exchange (NYSE) under the ticker symbol O. On March 15, 2007, the last reported sale price for our common stock on the NYSE was \$28.02 per share.

No person is authorized to make any representation with respect to the matters described in this Proxy Statement other than those contained herein and, if given or made, such information or representation must not be relied upon as having been authorized by us or any other person.

The date of this Proxy Statement is

March 23, 2007.

PROPOSAL 1

Director Nominees

Our Board of Directors currently consists of eight directors. They will be elected at the Annual Meeting to serve for a one-year term expiring at the annual meeting in 2008 and until their respective successors have been duly elected and qualify.

Shares of our common stock represented in person or by proxy will be counted for the purposes of determining whether a quorum is present at the Annual Meeting. Shares that abstain from voting on any proposal will be treated as shares that are present and entitled to vote at the Annual Meeting for purposes of determining whether a quorum exists.

Election of Directors

The affirmative vote of a plurality of all of the votes cast at the Annual Meeting at which a quorum is present is necessary for the election of a director. The eight nominees receiving the highest number of votes will be elected. For the purposes of the election of directors, abstentions will have no effect on the outcome of the vote. The election of directors is a matter on which a broker or other nominee is empowered to vote.

The director is, or has been within the last three years, our employee or an employee of any of our subsidiaries;

An immediate family member of the director is, or has been within the last three years, our executive officer or an executive officer of any of our subsidiaries;

The director (or an immediate family member of the director) received during any twelve-month period within the last three years, more than \$100,000 in direct compensation from us or any of our subsidiaries, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service);

The director was affiliated with or employed within the last three years by our present or former (internal or

external) auditor or an immediate family member of the director was affiliated with or employed in a professional capacity by our present or former (internal or external) auditor;

The director (or an immediate family member of the director) is, or has been within the last three years, employed as an executive officer of another company where any of our executives served on that company's compensation committee;

The director is a current employee, or an immediate family member of the director is a current executive officer of another company that made payments to, or received payments from us or any of our subsidiaries for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million, or two percent (2%) of such other company's consolidated gross revenues;

The director (or an immediate family member of the director) was, within the last three years, an affiliate or executive officer of another company which was indebted to us, or to which we were indebted, where the total amount of either company's indebtedness to the other was five percent (5%) or more of our total consolidated assets or the total consolidated assets of the company he or she served as an affiliate or executive officer;

The director (or an immediate family member of the director) was, within the last three years, an officer, director or trustee of a charitable organization where our (or an affiliated charitable foundation's) annual discretionary charitable contributions to the charitable organization exceeded the greater of \$1 million or five percent (5%) of that organization's consolidated gross revenues.

Affiliate includes any person beneficially owning in excess of 10% of the voting power of, or a general partner or managing member of, a company.

Audit Committee

The Audit Committee of our Board of Directors was established in accordance with Section 10A-3 of the Securities Exchange Act of 1934 and is comprised of Dr. Allen and Messrs. Kuppinger (Chairman), Merriman and Smith. Our board has determined that each of Messrs. Kuppinger and Merriman qualify as an audit committee financial expert, as defined in Item 401(h)(2)-(3) of Regulation S-K. All of the members of the Audit Committee are independent within the meaning of our director independence standards, which reflect the NYSE director independence standards, as discussed above, and the audit committee requirements of the SEC. Additionally, our Board of Directors has considered Mr. Merriman's concurrent service on the audit committees of more than three public companies and has determined that such simultaneous service does not impair his ability to effectively serve on our Audit Committee.

The Audit Committee's principal responsibilities include:

The selection, approval and engagement of our independent registered public accounting firm, approving any special assignments given to the independent registered public accounting firm and reviewing:

The scope and results of the audit engagement with the independent registered public accounting firm and management, including the independent registered public accounting firm's letters to the Audit Committee;

The independence of the independent registered public accounting firm;

The effectiveness and efficiency of our internal accounting function; and

Any proposed significant accounting changes.

Compensation Committee

The Compensation Committee of our Board of Directors is comprised of Messrs. Cameron (Chairman), Kuppinger, McKee and Smith. All of the members of the Compensation Committee are independent within the meaning of our director independence standards, which reflect the NYSE director independence standards, as discussed above. The Compensation Committee's principal responsibilities include:

Establishing remuneration levels for our officers;

Reviewing management organization and development;

Reviewing significant employee benefits programs; and

Establishing and administering executive compensation programs, including bonus plans, stock option and other equity-based programs, deferred compensation plans and any other cash or stock incentive programs.

The Compensation Committee regularly reviews and approves our executive compensation strategy and principles to ensure that they are aligned with our business strategy and objectives, encourage high performance, promote accountability and assure that employee interests are aligned with the interests of our stockholders. The Compensation Committee:

Conducts an annual review of our compensation philosophy;

Conducts an annual review and approves the goals and objectives relating to the compensation of the chief executive officer, evaluates the performance of the chief executive officer in light of our business strategy and objectives and determines and approves the compensation of the chief executive officer based on such evaluation;

Conducts an annual review and approves all compensation for all other officers (as such term is defined in Rule 16a-1 promulgated under the 1934 Act), directors and all of our other employees or the employees of our subsidiaries with a base salary greater than or equal to \$200,000;

Reviews and approves all officers' employment agreements and severance arrangements;

Manages and annually reviews executive annual bonus and long-term incentive compensation;

Manages and annually reviews employee pension and welfare benefit plans (including 401(k) and other plans);
and

Sets performance targets under all annual bonus and long-term incentive compensation plans as appropriate.

The Compensation Committee's charter reflects these various responsibilities, and the Compensation Committee periodically reviews and revises its charter. To assist in carrying out its responsibilities, the Compensation Committee regularly receives reports and recommendations from the chief executive officer, management, and from an outside compensation consultant it selects and retains and, as appropriate, consults with its own legal or other advisors, all in accordance with the authority granted to the Compensation Committee in its charter.

To assist in its efforts to meet the objectives outlined above, the Compensation Committee has retained FPL Associates Compensation, a division of FPL Associates, LP, a nationally known executive compensation and benefits consulting firm, to advise it on a regular basis on the amount and form of our executive compensation and benefit programs. The Compensation Committee engaged the consultant to provide general executive compensation consulting services and to respond to any Compensation Committee member's questions and to management's need for advice and counsel. In addition, the consultant performs special executive compensation projects and consulting services from time to time as directed by the Compensation Committee. In 2006, such services included providing data regarding market practices and making recommendations for changes to our plan designs and policies consistent with our compensation philosophies and objectives, and advising on executive base salaries, bonuses and long-term incentive compensation. In 2006, the consultant also assisted the Compensation Committee in designing and reviewing tally sheets regarding total compensation of our executive officers and provided studies and recommendations regarding our peer group. The consultant reports to the chairman of the Compensation Committee. Pursuant to the Compensation Committee's charter, the Compensation Committee has the power to engage such consultants and other advisors.

The Compensation Committee has the authority to determine and approve the individual elements of total compensation paid to the chief executive officer and other executives holding the title of vice president or higher. The Compensation Committee reviews the performance and compensation of the chief executive officer, and all of the executive officers named in this Proxy Statement. The chief executive officer and president, chief operating officer, annually assist in the review of the compensation of our other executive officers and members of senior management. The chief executive officer makes recommendations with respect to salary adjustments and annual bonus and nonvested stock awards to the Compensation Committee based on his review and on market data compiled by the compensation consultant.

Nominating/Corporate Governance Committee

The Nominating/Corporate Governance Committee of our Board of Directors is comprised of Messrs. Cameron, McKee (Chairman) and Merriman. All of the members of the Nominating/Corporate Governance Committee are independent within the meaning of our director independence standards, which reflect the NYSE director independence standards, as discussed above. The Corporate Governance Committee's principal purpose is to provide counsel to our Board of Directors with respect to:

- Organization, membership and function of our Board of Directors;
- Structure and membership of the committees of our Board of Directors; and
- Succession planning for our executive management.

Director Qualifications

Edgar Filing: REALTY INCOME CORP - Form DEF 14A

The director qualifications developed to date focus on what the Nominating/Corporate Governance Committee believes to be essential competencies to effectively serve on the board. In reviewing and considering potential nominees for the board, the Nominating/Corporate Governance Committee looks at the following qualities, skills and attributes:

Experience in corporate governance, such as an officer or former officer of a publicly held company;

Experience in our industry;

Experience as a board member of another publicly held company;

Personal and professional integrity, ethics and values;

Practical and mature business judgment, including the ability to make independent analytical inquiries;

Academic expertise in an area of our operations; and

Background in financial and accounting matters.

Identifying and Evaluating Nominees for Directors

The Nominating/Corporate Governance Committee identifies nominees for directors by first evaluating the current members of our board willing to continue in service. Current members with qualifications and skills that are consistent with the Nominating/Corporate Governance Committee's criteria for board service are re-nominated. As to new candidates, the Nominating/Corporate Governance Committee will generally poll our board members and members of management for their recommendations. The Nominating/Corporate Governance Committee may also hire a search firm if deemed appropriate. An initial slate of candidates will be presented to the chairman of the Nominating/Corporate Governance Committee, who will then make an initial determination as to the qualification and fit of each candidate. Final candidates will be interviewed by the chief executive officer and a Nominating/Corporate Governance Committee member. The Nominating/Corporate Governance Committee will then approve final director candidates and, after review and deliberation of all feedback and data, will make its recommendation to our board. Recommendations received by stockholders will be considered and processed and are subject to the same criteria as are candidates nominated by the Nominating/Corporate Governance Committee.

Stockholder Nominations

The Nominating/Corporate Governance Committee's policy is to consider candidates recommended by stockholders. The stockholder must submit a detailed resume of the candidate and an explanation of the reasons why the stockholder believes the candidate is qualified for service on our board and how the candidate satisfies our board's criteria. The stockholder must also provide such other information about the candidate as would be required by the SEC rules to be included in a Proxy Statement. In addition, the stockholder must include the consent of the candidate and describe any arrangements or undertakings between the stockholder and the candidate regarding the nomination. The stockholder must submit proof of Realty Income stockholdings. The stockholder must also comply with the advance notice provisions of our Bylaws. All communications are to be directed to the chairman of the Nominating/Corporate Governance Committee, c/o the Corporate Secretary, Realty Income Corporation, 220 West Crest Street, Escondido, CA 92025. Recommendations received less than 90 days or more than 120 days prior to the anniversary of the mailing of the Proxy Statement for the previous year's annual meeting of stockholders will not be considered timely for consideration at the current year's annual meeting of stockholders. See "Stockholder Proposals for 2008 Annual Meeting" in this Proxy Statement. Properly submitted stockholder recommendations will be evaluated by the Nominating/Corporate Governance Committee using the same criteria used to evaluate other director candidates.

Meetings and Attendance

Our Board of Directors met 16 times during 2006. In 2006, the Audit Committee met nine times, the Compensation Committee met five times and the Nominating/Corporate Governance Committee met two times. All directors attended at least 75% of the aggregate of (i) the total number of meetings of our Board of Directors while they were on our board and (ii) the total number of meetings of the committees of our Board of Directors on which such directors served. Although we have no policy with regard to board members' attendance at our annual meeting of stockholders, it is customary for, and we expect, all board members to attend. All of our directors then in office attended the 2006 annual meeting of stockholders.

To ensure free and open discussion among the independent directors of our board, only independent directors attend executive sessions of our board. The independent directors have nominated Mr. Cameron to serve as presiding lead independent director at each executive session. The board met in executive session four times during 2006.

Communications with the Board

Stockholders and other interested parties may communicate with our lead independent director or with the non-management directors, as a group, by sending an email to mpfeiffer@realtyincome.com or by regular mail addressed to the Lead Independent Director, c/o the Corporate Secretary, Realty Income Corporation, 220 West Crest Street, Escondido, CA 92025. All correspondence will be forwarded promptly by the corporate secretary to the lead independent director.

(1) Fees earned or paid in cash include retainers and board meeting fees. Retainers include (i) an annual fee retainer of \$15,000 for each board member (\$30,000 for the chairman of our board), (ii) an Audit Committee chair retainer of \$10,000, (iii) a Compensation Committee chair retainer of \$5,000, and (iv) a lead independent director retainer of \$10,000. Board meeting fees are \$1,000 per meeting in person (\$1,500 for the chairman of our board) and \$500 for telephonic attendance (\$750 for the chairman of our board). Committee meeting fees are \$500 per meeting in person (\$1,000 for the chairman of the committee) and \$250 for telephonic attendance (\$500 for the chairman of the committee).

(2) The amounts in this column equal the current year's amortization of the stock awards granted from 2001 through 2006. Each stock award is multiplied by the fair market value of our common stock on that award's grant date and the sum of these products is amortized over the vesting period for each award. The amortization of stock compensation incorporated into our 2006 consolidated financial statements is calculated in the same manner, in accordance with Statement of Financial Accounting Standard No. 123R, *Share Based Payments*. Stock awards vest in accordance with the vesting schedule outlined in the Stock Awards for Directors section of this Proxy Statement. Nonvested stock is eligible to receive distributions from the date of grant.

(3) On May 16, 2006, each of the directors who was not our officer received 4,000 shares of nonvested common stock which vests in accordance with the schedule below. The grant date fair value of \$89,040 is calculated by multiplying the 4,000 shares by the closing market price on May 16, 2006 of \$22.26. These stock grants are eligible to receive distributions from the date of grant.

- (4) Includes distributions paid on nonvested stock awards during the year ended December 31, 2006.
- (5) As of December 31, 2006, Dr. Allen had 12,000 shares of nonvested common stock awards and is vested in all of her 10,000 common stock option awards.
- (6) As of December 31, 2006, Mr. Cameron had 8,000 shares of nonvested common stock awards and is vested in all of his 10,000 common stock option awards. Mr. Cameron subsequently exercised these remaining 10,000 common stock option awards on January 1, 2007.
- (7) As of December 31, 2006, Mr. Clark had 8,000 shares of nonvested common stock awards and did not hold any common stock option awards.
- (8) As of December 31, 2006, Mr. Kuppinger had 8,000 shares of nonvested common stock awards and is vested in all of his 30,000 common stock option awards.
- (9) Mr. Lewis, our CEO, receives no compensation to serve on our Board of Directors.
- (10) As of December 31, 2006, Mr. McKee had 8,000 shares of nonvested common stock awards and did not hold any common stock option awards.
- (11) As of December 31, 2006, Mr. Merriman had 7,200 shares of nonvested common stock awards and did not hold any common stock option awards.
- (12) As of December 31, 2006, Mr. Smith had 12,000 shares of nonvested common stock awards and is vested in all of his 10,000 common stock option awards. Mr. Smith subsequently exercised these 10,000 common stock option awards on January 2, 2007.

Stock Awards for Directors

Our 2003 Incentive Award Plan provides that upon the initial election to our Board of Directors and at each annual meeting of stockholders thereafter, if the director is still serving as a director, each director who is not a Realty Income officer is automatically granted 4,000 shares of our common stock. The stock shall vest based on the non-employee director's years of service in accordance with the following schedule:

20% increments on each of the first five anniversaries of the date the shares of stock are granted to directors with less than six years of service at the date of grant;

25% increments on each of the first four anniversaries of the date the shares of stock are granted to directors with six years of service at the date of grant;

33 1/3% increments on each of the first three anniversaries of the date the shares of stock are granted to directors with seven years of service at the date of grant;

50% increments on each of the first two anniversaries of the date the shares of stock are granted to directors with eight years of service at the date of grant;

100% vested on the first anniversary of the date the shares of stock are granted to directors with nine years of service at the date of grant; and

100% vested as of the date the shares of stock are granted to directors with ten or more years of service at the date of grant.

Other Payments for Directors

The members of our board are also entitled to reimbursement of their expenses incurred in connection with attendance at board and committee meetings and conferences with our senior management, in accordance with our policy.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis section discusses the compensation policies and programs for our executive officers, including our Named Executive Officers, as such term is defined in the Summary Compensation Table below. The Compensation Committee administers the compensation policies and programs for our executive officers and regularly reviews and approves our executive compensation strategy and principles to ensure that they are aligned with our business strategy and objectives, encourage high performance, promote accountability and assure that management's interests are aligned with the interests of our stockholders.

Compensation Committee Membership. The Compensation Committee is comprised entirely of independent directors who satisfy the independence requirements of the New York Stock Exchange, are non-employee directors within the meaning of Rule 16b-3 of the Securities Exchange Act of 1934, as amended (the 1934 Act), and are outside directors under the regulations promulgated under Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code).

Overview of Compensation Philosophy and Program. The Compensation Committee believes that compensation should reflect the value created for our stockholders while supporting our business strategies and long-range plans and the markets we serve, and that such compensation should assist us in attracting and retaining key executives critical to our long-term success. In doing so, our compensation programs reflect the following themes:

A compensation program that stresses our financial performance and the individual performance of each executive officer;

A compensation program that strengthens the relationship between pay and performance by providing compensation that is reflective of current market practices and comparable executive rates and is dependent upon the level of success in meeting specified company and individual performance goals;

A compensation program that seeks to align the financial interests of the executive officers with those of our stockholders;

A compensation program that is reasonable, performance-based, and consistent with our overall compensation objectives designed to retain key members of management;

An annual incentive plan that supports a performance-oriented environment and which generates a portion of compensation based on the achievement of performance goals; and

A long-term incentive plan that is designed to reward executive officers for our long-term strategic management and the enhancement of stockholder value.

To achieve our goals, the Compensation Committee offers our chief executive officer and other executive officers a compensation package that is mainly comprised of the following compensation elements: (1) a base salary, designed to be competitive with salary levels in our industry and to reflect individual performance; (2) an annual incentive bonus payable in cash and tied to our achievement of annual financial and other performance goals, which supports our annual performance; (3) long-term stock-based incentive awards, which support our long term performance and are designed to strengthen the mutuality of interests between our executive officers and our stockholders; and (4) severance payments and other benefits payable upon termination of an officer's employment by us without cause or subsequent to a change of control of us, which promote executive retention and efforts toward the best interests of the stockholders in the event of an actual or threatened change of control of us. We believe that each of these elements and their combination is necessary to support our overall compensation objectives.

Compensation Consultant and Peer Comparisons. To assist in its efforts to meet the objectives outlined above, the Compensation Committee has retained FPL Associates Compensation, a division of FPL Associates, LP, a nationally known executive compensation and benefits consulting firm to advise it on a regular basis on the amount and form of our executive compensation and benefit programs. The Compensation Committee engaged the consultant to provide general executive compensation consulting services and to respond to any Compensation Committee member's questions and to management's need for advice and counsel. In addition, the consultant performs special executive compensation projects and consulting services from time to time as directed by the Compensation Committee. In 2006, such services included providing data regarding market practices and making recommendations for changes to our plan designs and policies consistent with our compensation philosophies and objectives, and advising on executive base salaries, bonuses and long-term incentive compensation. In 2006, the consultant also assisted the Compensation Committee in designing and reviewing tally sheets regarding total compensation of our executive officers and

provided studies and recommendations regarding the compensation of our peer group. The consultant reports to the chairman of the Compensation Committee and the Compensation Committee retains the right to terminate or replace the consultant at any time. Pursuant to the Compensation Committee's charter, the Compensation Committee has the power to engage such consultants and other advisors.

In determining compensation for our executive officers, the Compensation Committee annually surveys each company in our peer group and examines each peer company's performance (including total return and funds from operations growth) and the compensation elements and levels provided to their executive officers. The Compensation Committee then evaluates our performance and generally determines whether the compensation elements and levels that we provide to our executive officers are appropriate relative to the compensation elements and levels provided to their counterparts at our peer companies, in light of our executive officer's individual contribution to our performance. If appropriate, the Compensation Committee will adjust compensation paid to our executive officers. In addition to reviewing executive officers' compensation against the peer companies, the Compensation Committee also solicits appropriate input from our chief executive officer and our president, chief operating officer, regarding total compensation for each of our executive officers. The Compensation Committee believes that the compensation paid to each of our executive officers is generally in line with the compensation paid to executive officers of our peer group companies.

The Compensation Committee, with the help of the consultant, periodically reviews the composition of the peer group and the criteria and data used in compiling the peer group list, and considers modifications to this group. Throughout 2006, the Compensation Committee reviewed data provided by the consultant regarding the appropriate companies to include in the peer group and the effects any change in the peer group would have on our standing within the peer group. For 2006, the peer group used by the Compensation Committee included the following companies: National Retail Properties, Entertainment Properties Trust, Getty Realty Corporation, Lexington Corporate Properties Trust, Spirit Finance Corporation and Truststreet Properties, Inc., each of which invests in similar assets as we do. In addition, our peer group included 12 companies that are of a similar size as we are and 13 companies that are located in California.

Performance Benchmarks. The Compensation Committee also sets performance benchmarks for assessing the performance of each executive officer and evaluates such performance benchmarks in determining the annual cash bonus and equity awards. The general methodologies for assessing such performance include the following:

Shareholder returns, including absolute returns and comparative returns versus other REITs and other stock indexes and a subjective analysis of the relative risk taken by peer companies;

Company operations, including revenue, expense control, funds from operations performance, access to capital, debt levels, vacancy levels and resolution, credit quality, acquisition levels, yields and internal rates of return, asset diversification, employee turnover, trading multiples, dividend yields and increases, executive peer evaluations and new initiatives suggested and implemented; and

Industry compensation levels, including what peer companies are paying for comparable positions, other alternatives for the executive officer, how valuable is the executive officer, future prospects for the executive officer, how difficult it would be to replace the executive officer and how the executive officer performed versus other years.

In addition to the foregoing general methodologies for assessing performance, the Compensation Committee reviews specific benchmarks for the executive officers based upon their position within the company and then uses this information in assessing the level of compensation to provide to each executive officer.

Elements of Executive Compensation

Base Salary. Base salaries provide our executive officers with a degree of financial certainty and stability, and are used to attract and retain highly qualified individuals. The Compensation Committee annually reviews and determines the base salaries of our executive officers. Base salaries are also evaluated at the time of a promotion or other significant change in responsibilities. Increases in base salaries are based on the Compensation Committee's evaluation of such factors as an executive officer's level of responsibility and development potential, the results previously achieved by the executive officer, and the level of pay of the executive officer in question relative to other similarly situated executive officers at our peer companies.

Edgar Filing: REALTY INCOME CORP - Form DEF 14A

On an individual basis, base salaries are designed to reward performance consistent with our overall financial performance in the context of competitive practice. Effective January 1, 2007, each of the Named Executive Officers, as such term is defined in the Summary Compensation Table, has entered into an employment agreement with us. In 2007, under these agreements:

Thomas A. Lewis, our vice chairman of the board and chief executive officer, receives a base salary of no less than \$350,000, which is the same amount awarded to him in both 2006 and 2005;

Gary M. Malino, our president and chief operating officer, receives a base salary of no less than \$325,000, which is the same amount awarded to him in 2006, and which represents approximately an 8% increase over 2005;

Paul M. Meurer, our executive vice president, chief financial officer and treasurer, receives a base salary of no less than \$300,000, which is the same amount awarded to him in 2006, and which represents a 20% increase over 2005;

Michael R. Pfeiffer, our executive vice president, general counsel and secretary, receives a base salary of no less than \$275,000, which is the same amount awarded to him in 2006, and which represents a 10% increase over 2005; and

Richard G. Collins, our executive vice president, portfolio management, receives a base salary of no less than \$220,000, which is the same amount awarded to him in 2006, and which represents approximately a 13% increase over 2005.

Each of the increases in base salary referenced above was determined by the Compensation Committee to be appropriate based upon the executive officer's responsibilities, performance and peer group review.

Annual Cash Bonus. The annual cash incentive is designed to supplement the pay of our executive officers (and other key management personnel) so that overall total cash compensation (salary and bonus) is competitive in our industry and properly rewards the executive officers for their efforts in achieving their objectives. In February 2006, the Compensation Committee established company and individual performance objectives for the payment of annual bonuses to each of our executive officers. The objectives evaluated by the Compensation Committee in determining the amount of cash bonuses to be paid to our executive officers vary considerably in detail and subject matter depending on the executive officer's position, and included such performance goals as funds from operations growth, our access to long term capital, expense control, the performance of individual departments and executive peer review as more fully described in the Performance Benchmarks section of this Proxy Statement.

Actual bonus amounts under the plan were determined on the basis of our actual performance relative to a range of performance levels as determined by our Compensation Committee. The cash bonuses paid to the executive officers for 2006 also reflected the Compensation Committee's determination of each executive officer's individual performance and the level of pay of each executive officer compared to other similarly situated executives in the peer companies as described above. The Compensation Committee, with input from our chief executive officer with respect to the other executive officers, uses its discretion in determining actual bonus amounts. Bonuses were approved by the Compensation Committee in December 2006 and paid in January 2007.

The actual salary paid and annual bonus awarded to each Named Executive Officer in 2006 is reported in the Summary Compensation Table in this Proxy Statement.

Long-Term Incentive Compensation Awards. The Compensation Committee grants nonvested stock awards to our executive officers under our 2003 Incentive Award Plan. These stock awards are designed to increase executive officers' stock ownership in us, motivate our executive officers to improve long-term dividend performance, encourage long-term dedication to us and to operate as an executive officer retention mechanism for key members of our management.

Our nonvested stock awards generally vest evenly, on each anniversary of the grant date, over ten years. When a Named Executive Officer reaches the age of 55, his vesting on the grant of any new shares of nonvested stock awards would be accelerated from ten years to five years. The nonvested stock awards granted for the 2006 fiscal year vest evenly, on each anniversary of the grant date, over ten years for all Named Executive Officers, except for Mr. Collins, whose nonvested stock grants vest evenly on each anniversary of the grant date, over five years. Distributions are paid on the entirety of the grant from the grant date. At the beginning of 2006, the Compensation Committee determined a range of stock awards to be granted to each executive officer. Actual awards within this range would depend on each executive officer's performance in accordance with the performance benchmarks described above as more fully described in the Performance Benchmarks section of this Proxy Statement. The range of stock awards to be granted to the chief executive officer was 20,000-60,000 shares, to the president and chief operating officer was 20,000-30,000 shares and to each of the executive vice presidents was 10,000-20,000 shares. The actual stock awards granted to each Named Executive Officer are reported in the Grants of Plan-Based Awards Table in this Proxy Statement. The Compensation Committee may choose to grant more or less shares than set forth in those ranges.

In 2006, no stock options were granted to the Named Executive Officers. In 2001, we discontinued our practice of granting stock options in favor of only granting nonvested stock. We believe that nonvested stock is a more appropriate incentive to our executive officers given the focus of our business on monthly dividends.

Equity Grant Practices. Nonvested stock awards are granted to our executive officers at the Compensation Committee's annual meeting in November or December of each year. Such stock awards are effective as of January 1 of the following year. Board and committee meetings are generally scheduled at least a year in advance. Scheduling decisions are made without regard to anticipated earnings or other major announcements by the company.

Severance and Change in Control Arrangements. We have entered into change of control arrangements with each of our Named Executive Officers and other executive officers which provide for severance payments and other benefits to the officers if their employment is terminated by us without cause or following a change of control of us. The agreements are designed to retain our executive officers and provide continuity of management in the event of an actual or threatened change in the control of us and to ensure that our executive officers' compensation and benefits expectations would be satisfied in such event. A description of the material terms of our change of control arrangements can be found under *Potential Payments Upon Termination or Change in Control* in this Proxy Statement.

401K Plan. We have a 401(k) plan, whereby we match 50% of the employee's contribution to the plan up to 3% of the employee's compensation. Employees may contribute up to 60% of their salary, subject to annual limits under the IRS Code of 1986, as amended (the Code).

Section 162(m) of the Internal Revenue Code of 1986, as Amended

Section 162(m) of the Code limits the deductibility of compensation paid to our chief executive officer and our four other most highly compensated executive officers. To qualify for deductibility under Section 162(m), compensation (including base salary, annual bonus, stock option exercises, compensation attributable to vesting of stock grants and nonqualified benefits) in excess of \$1,000,000 per year paid to each of these executive officers generally must be performance based compensation as determined under Section 162(m). While the Compensation Committee's intention is, to the greatest extent reasonable, to structure compensation so that it satisfies the performance based compensation requirements under Section 162(m), the Compensation Committee will balance the costs and burdens involved in doing so against the value to us and our stockholders of the tax benefits to be obtained by us. Accordingly, the Compensation Committee reserves the right to design programs that recognize a full range of performance criteria important to our success, even where the compensation paid under such programs may not be fully deductible as a result of Section 162(m).

Despite the fact that our incentive bonuses and stock-related awards are determined based on the evaluation of our performance and take into consideration certain financial and strategic goals, the Compensation Committee does not apply these factors on a strict formulaic basis. As a result, our incentive bonuses and stock-related awards do not satisfy the performance based compensation requirements of Section 162(m).

Sections 280G and 4999 of the Code

Sections 280G and 4999 of the Code impose certain adverse tax consequences on compensation treated as excess parachute payments. An executive is treated as having received excess parachute payments for purposes of Sections 280G and 4999 of the Code if his or her compensation is contingent on a change in the ownership or control of a corporation, and the aggregate amount of such contingent compensatory payments and benefits equal or exceeds three times the executive's base amount. If the executive's aggregate contingent compensatory payments and benefits equal or exceeds three times the base amount, the portion of the payments and benefits in excess of the base amount are treated as excess parachute payments. Treasury Regulations define the events that constitute a change in ownership or control of a corporation for purposes of Sections 280G and 4999 of the Code and the executives subject to Sections 280G and 4999 of the Code.

An executive's base amount generally is determined by averaging the executive's Form W-2 taxable compensation from the corporation and its subsidiaries for the five calendar years preceding the calendar year in which the change in ownership or control occurs. An executive's excess parachute payments are subject to a 20% excise tax under Section 4999 of the Code, in addition to any applicable federal income and employment taxes. Also, the corporation's compensation deduction with respect to the executive's excess parachute payments is disallowed under Section 280G of the Code. If we were to be subject to a change of control, certain amounts received by our executives (for example, amounts attributable to the accelerated vesting of nonvested stock awards) could be excess parachute payments under Sections 280G and 4999 of the Code.

The following table sets forth information concerning the compensation earned by our chief executive officer, our chief financial officer, and our three other most highly compensated executive officers (collectively, the Named Executive Officers) for the fiscal year ended December 31, 2006.

Name and Principal Position	Salary(1)	Bonus(2)	Stock awards(3)	Option awards	Non-equity incentive plan compensation	Change in pension value and non-qualified deferred compensation earnings	All other compensation(4)	Total

(1) The amounts shown include amounts earned, but a portion of which may be deferred, at the election of the officer under our 401(k) retirement plan.

(2) The bonuses shown for 2006 were paid in January 2007.

(3) The amounts in this column equal the current year's amortization of the stock awards granted from 2001 through 2006. Each stock award is multiplied by the fair market value of our common stock on that award's grant date and the sum of these products is amortized over the vesting period for each award. The amortization of stock compensation incorporated in our 2006 consolidated financial statements is calculated in the same manner, in accordance with Statement of Financial Accounting Standard No. 123R, *Share Based Payments* (SFAS 123R). The Compensation Committee awards grants of nonvested stock awards that generally vest over ten years in accordance

with the provisions of our 2003 Incentive Award Plan. When a Named Executive Officer reaches the age of 55, vesting on the grant of any new shares of nonvested stock awards would be accelerated from 10 years to five years. Nonvested stock is eligible to receive distributions from the date of grant.

(4) The following table sets forth distributions paid on nonvested stock, matching contributions by us to the Named Executive Officer's 401(k) savings account and the cost of term life and long-term disability insurance premiums paid by us:

Name	Distributions Paid on Nonvested Stock	401(k) Matching Contributions	Group Term Insurance Payments	Mandatory Contributions for Long-Term Disability Insurance	Total Other Compensation
Thomas A. Lewis	\$ 396,825	\$ 7,500	\$ 1,518	\$ 520	\$ 406,363

Paul M. Meurer	126,909	7,500	660	520	135,589
Michael R. Pfeiffer	102,620	7,500	927	520	111,567
Richard G. Collins	60,365	7,500	2,090	520	70,475

Pension Benefits

None of the Named Executive Officers participate in or have account balances in qualified or non-qualified defined benefit plans sponsored by us. The Compensation Committee may elect to adopt qualified or non-qualified defined benefit plans if they determine that doing so is in our best interest.

Nonqualified Deferred Compensation

None of the Named Executive Officers participate in or have account balances in non-qualified defined contribution plans or other deferred compensation plans maintained by us. The Compensation Committee may elect to provide our officers and other employees with non-qualified defined contribution or deferred compensation benefits if they determine that doing so is in our best interest.

Potential Payments upon Termination or Change In Control

Edgar Filing: REALTY INCOME CORP - Form DEF 14A

Each of the Named Executive Officers has the right to receive severance compensation upon the occurrence of certain events as specified in their employment agreements. The employment agreements provide that the employees will be entitled to receive severance payments upon termination by us without cause or termination resulting from a change in control of us.

Termination by Us Without Cause. For termination by us without cause, each of Messrs. Lewis, Malino, Meurer, Pfeiffer and Collins are entitled to receive the following:

a severance payment equal to twelve months base salary;

the average of the last three years cash bonus paid;

payment of any accrued vacation pay to which the employee may be entitled prorated through the date of termination; and

continuation of group medical insurance coverage at our expense for a period of twelve months from the date of termination or until the employee becomes covered under another group medical insurance plan, whichever occurs first.

Termination by Us Following a Change in Control. In the event of a termination within six months prior to, or twelve months after a change in control of us, each of Messrs. Lewis, Malino, Meurer, Pfeiffer and Collins are entitled to receive the following:

a severance payment equal to eighteen months base salary;

the average of the last three years cash bonus paid;

payment of any accrued vacation pay to which the employee may be entitled prorated through the date of termination; and

continuation of group medical insurance coverage at our expense for a period of eighteen months from the date of termination or until the employee becomes covered under another group medical insurance plan, whichever occurs first.

In addition, in the event of a change in control of us, all nonvested options and nonvested stock awards will automatically vest and become exercisable. The employment agreements define change in control to mean (i) the acquisition of shares of our common stock by any person, entity or group in a transaction, or series of transactions, resulting in the beneficial ownership of more than 50% of our outstanding common stock, (ii) a merger, consolidation or sale of substantially all of our assets, (iii) a contested election of our directors resulting in a majority of the nominees recommended by the Board of Directors not being elected; (iv) a change in composition within a 60 day period of a majority of our Board of Directors; or (v) any other event which results in a change of voting power sufficient to elect a majority of our Board of Directors.

Termination for Death or Disability. In the event that the executive officer dies or is physically or mentally unable to perform his or her duties, the executive officer is entitled to benefits in accordance with our policies generally applicable to all executive officers. If the executive officer dies, pursuant to the terms of the employment agreement, he or she is entitled to life insurance benefits under our group life insurance program. Upon termination of employment as a result of death or disability, the executive officer will forfeit any nonvested stock awards.

Termination For Failure to Perform. Upon termination for failure to perform duties, the executive officer is not entitled to any payment or benefit other than the payment of unpaid salary and accrued vacation pay.

Termination by Executive Officer. The executive officer may also terminate the agreement at any time upon two weeks notice to us, which will not result in any severance payments other than the payment of unpaid salary and accrued vacation pay.

The employment agreements provide that the executive officer must devote his or her full time, attention and energy to our business and may not engage in any other business activity which would interfere with the performance of his or her duties or be competitive with us, unless specifically permitted by our Board of Directors. This restriction does not prevent the executive officer from making passive investments, so long as the investment does not require the executive officer's services in a manner that would impair the performance of his or her duties under the employment agreement.

Termination Scenario Tables

The tables below estimate the payments and benefits to each of the Named Executive Officers assuming they were terminated on December 31, 2006 under each of the circumstances listed above other than termination by executive officer. With the exception of medical benefits and disability payments, which are to be paid monthly, the following amounts represent lump-sum payments and benefits.

However, all nonvested awards vest as specifically provided in each officer's nonvested stock agreement.
- (2) The bonus payment is the average of annual bonuses paid for the previous three calendar years and assumes that the bonuses paid in January 2007, January 2006 and January 2005 have been incorporated into the calculation.
- (3) This column assumes permanent disability for each officer at December 31, 2006. For each officer, short-term disability of \$2,300 per week applies to the first nine weeks of disability. After that time, long-term disability of \$10,000 per month applies for each officer up to the age of 65.
- (4) For purposes of this calculation, each officer's total nonvested stock awards on January 1, 2007, which includes stock awards for the 2006 fiscal year granted on January 1, 2007, are multiplied by our common stock price on December 29, 2006 of \$27.70.

AUDIT COMMITTEE REPORT

The Audit Committee of Realty Income's Board of Directors is comprised of independent directors as required by the listing standards of the NYSE. The Audit Committee operates pursuant to a written charter, as required by the NYSE and the rules and regulations of the SEC, which was adopted by Realty Income's Board of Directors. In 2006, the Audit Committee met nine times.

The role of the Audit Committee is to oversee Realty Income's financial reporting process on behalf of the Board of Directors. Management of Realty Income has the primary responsibility for the preparation of Realty Income's consolidated financial statements as well as executing Realty Income's financial reporting process, principles and internal controls. The independent registered public accounting firm is responsible for performing an audit of Realty Income's consolidated financial statements and Realty Income's internal controls over financial reporting and expressing an opinion as to the conformity of such consolidated financial statements with U.S. generally accepted accounting principles and expressing an opinion on management's assessment of and the effectiveness of Realty Income's internal controls over financial reporting.

In this context, the Audit Committee has reviewed and discussed the audit of the consolidated financial statements and the audit of internal controls over financial reporting of Realty Income, as of and for the year ended December 31, 2006, with management and the independent registered public accounting firm. The Audit Committee has discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as currently in effect. In addition, the Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), as currently in effect, and it has discussed with the auditors their independence from Realty Income. The Audit Committee has also considered whether the independent public accounting firm's preparation of tax returns, tax consulting services and other non-audit services to Realty Income is compatible with maintaining the registered public accounting firm's independence.

Based on the reports and discussions described above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in Realty Income's Annual Report on Form 10-K for the year ended December 31, 2006, for filing with the SEC.

Submitted on March 23, 2007 by the members of the Audit Committee of Realty Income's Board of Directors.

Any related party transaction shall be consummated and shall continue only if the Audit Committee has approved or ratified such transaction in accordance with the guidelines set forth in the policy.
