QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

1. What are the Company's outstanding voting securities?

The outstanding classes of our voting securities include our Class A common stock, par value \$0.01 per share (Class A common stock), and Class B common stock, par value \$0.01 per share (Class B common stock). In addition, we have outstanding Special Class A voting stock, par value \$0.01 per share (Special Class A stock), and Special Class B voting stock, par value \$0.01 per share (Special Class B stock), through which the holders of Class A exchangeable shares and Class B exchangeable shares issued by Molson Coors Canada Inc. (Exchangeco), a Canadian corporation and subsidiary of Molson Coors, may exercise their voting rights with respect to Molson Coors.

Each holder of record of the Class A common stock, Class B common stock, Class A exchangeable shares and Class B exchangeable shares is entitled to one vote for each share held, without the ability to cumulate votes on the election of directors.

2. How many shares are outstanding?

At the close of business on March 28, 2011, the record date for the Annual Meeting, there were outstanding 2,583,794 shares of Class A common stock and 162,138,078 shares of Class B common stock, 1 share of Special Class A stock (representing 2,939,789 Class A exchangeable shares) and 1 share of Special Class B stock (representing 19,283,614 Class B exchangeable shares). Only stockholders of record at the close of business on March 28, 2011, are entitled to vote at the Annual Meeting.

3. What are the Class A exchangeable shares and Class B exchangeable shares? How do they vote?

The Special Class A stock and the Special Class B stock provide the mechanism for holders of Class A exchangeable shares and Class B exchangeable shares, which are intended to be substantially the economic equivalent of the corresponding class of Molson Coors common stock, to vote with the corresponding class of Molson Coors common stock. The Special Class A stock and Special Class B stock are entitled to one vote for each outstanding Class A exchangeable share and Class B exchangeable share, respectively, excluding shares held by Molson Coors or its subsidiaries, and generally vote together with the Class A common stock and Class B common stock, respectively, on all matters on which the Class A common stock and Class B common stock are entitled to vote. This structure provides voting rights to a holder of the exchangeable shares through a voting trust arrangement. The trustee holder of the Special Class A stock and the Special Class B stock has the right to cast a number of votes equal to the number of then-outstanding Class A exchangeable shares and Class B exchangeable shares, respectively, but will only cast a number of votes equal to the number of Class A exchangeable shares and Class B exchangeable shares as to which it has received voting instructions from the owners of record of those Class A exchangeable shares and Class B exchangeable shares, other than Molson Coors or its subsidiaries, respectively, on the record date.

4. I am a holder of exchangeable shares; will I receive additional materials?

The exchangeable shares are non-voting (except as required by the provisions attaching to the exchangeable shares or by applicable law) with respect to Exchangeco. Therefore, this proxy statement and the proxy solicitation materials relate solely to Molson Coors. There will not be a separate annual meeting of Exchangeco. You will not receive a notice of an annual meeting of the stockholders of Exchangeco, nor will you receive an information circular or proxy for an annual meeting of the stockholders of Exchangeco.

Because the value of the exchangeable shares, determined through dividend and dissolution entitlements and capital appreciation, is determined by reference to the consolidated financial performance and condition of Molson Coors rather than Exchangeco, information respecting Exchangeco (otherwise than as included in our public disclosure and consolidated financial statements) is not relevant to holders of exchangeable shares.

Holders of exchangeable shares effectively have a participating interest in Molson Coors and not a participating interest in Exchangeco. It is, therefore, the information relating to Molson Coors that is directly relevant to the holders of exchangeable shares voting in connection with the matters to be transacted at the Annual Meeting.

5. What is the difference between holding shares as a stockholder of record and as a beneficial stockholder?

If your shares are registered directly in your name through either Computershare Trust Company, N.A. (Computershare), for the Class A common stock or the Class B common stock, or CIBC Mellon Trust Company (CIBC Mellon), for the exchangeable shares, you are considered a stockholder of record with respect to those shares.

If your shares are held in a brokerage account or bank, you are considered the beneficial owner of those shares.

Table of Contents

6. How do I attend the Annual Meeting and what do I need to bring?

If you are a stockholder of record, you will be asked to present photo identification, such as a driver's license, in order for Molson Coors to verify your record ownership of shares. If you vote prior to the Annual Meeting, you should indicate your planned attendance at the Annual Meeting when you cast your vote or submit your proxy card.

If you are a beneficial owner, bring the notice or voting instruction form you received from your bank, brokerage firm or other nominee, as well as photo identification, for admission to the Annual Meeting. You also may bring your brokerage statement reflecting your ownership as of March 28, 2011 with you. Please note that upon admittance to the Annual Meeting, you will not be able to vote your shares at the Annual Meeting without a legal proxy, as described in the response to Question 7.

Please note that cameras, sound or video recording equipment, cellular telephones, blackberries or other similar equipment, electronic devices, large bags, briefcases or packages will not be allowed in the meeting room.

7. How can I vote at the Annual Meeting if I am a beneficial owner of Class A common stock or Class B common stock?

You should ask your bank, broker or other intermediary to furnish you with a legal proxy. You will need to bring the legal proxy with you to the Annual Meeting and hand it in with a signed ballot that will be provided to you at the Annual Meeting. You will not be able to vote your shares at the Annual Meeting without a legal proxy.

Please note that if you request a legal proxy, any previously executed proxy will be revoked and your vote will not be counted unless you appear at the Annual Meeting and vote in person or legally appoint another proxy to vote on your behalf. If you do not receive the legal proxy in time, you can follow the procedures described in the response to Question 6 to gain admission to the Annual Meeting. However, you will not be able to vote your shares at the Annual Meeting.

8. I hold exchangeable shares; how do I vote? Can I vote in person at the Annual Meeting?

As discussed above, holders of exchangeable shares (other than Molson Coors or its subsidiaries) are entitled to vote at annual meetings of holders of the corresponding classes of Molson Coors common stock through a voting trust arrangement. If you hold Class A exchangeable shares and/or Class B exchangeable shares as of the record date, you may provide voting instructions to CIBC Mellon, as trustee, although your voting instructions must be received no later than 11:59 p.m. EDT on May 22, 2011. If you do not send instructions by this deadline, the trustee will not be able to vote your Class A exchangeable shares and/or Class B exchangeable shares. You may revoke previously given voting instructions by delivering subsequent voting instructions by mail, Internet or telephone, but in no circumstance, later than 11:59 p.m. EDT on May 22, 2011.

Holders of exchangeable shares cannot vote in person at the Annual Meeting.

9. I hold shares in my MillerCoors retirement accounts; how do I vote?

We have been advised by MillerCoors LLC, the Company's joint venture with SABMiller plc (MillerCoors), that according to the trust agreement concerning the MillerCoors LLC Savings and Investment Plan (the MillerCoors Plan), employees holding Molson Coors shares in their retirement plans are entitled to receive proxy materials and vote at the Annual Meeting. If you participate in the MillerCoors Plan, you may vote the number of shares of common stock equivalent to the interest in Molson Coors common stock credited to your account as of the record date. You may provide voting instructions to Fidelity Management Trust Company, as trustee, through its agent, Broadridge Financial Services (Broadridge), by completing and returning the proxy card accompanying your proxy materials. The trustee will vote your shares in accordance with your duly executed instructions received no later than 5:00 p.m. EDT on May 19, 2011. If you do not send instructions to Broadridge, the trustee will not be able to vote the share equivalents credited to your account. You may also revoke previously given voting instructions prior to 5:00 p.m. EDT on May 19, 2011, by submitting to Broadridge, a properly completed and signed proxy card bearing a later date.

10. What is a quorum?

The holders of shares entitled to cast a majority of the total votes of the outstanding shares of stock entitled to vote on each matter, as of the record date, represented in person or by proxy, will constitute a quorum for the transaction of business at the Annual Meeting. If a quorum is not present, the Annual Meeting may be postponed or adjourned to allow additional time for obtaining the required quorum. At any subsequent reconvening of the Annual Meeting, all proxies will be voted in the same manner as the proxies would have been voted at the original convening of the Annual Meeting, except for any proxies that have been effectively revoked or withdrawn. Shares held by Molson Coors in treasury do not count toward a quorum.

Table of Contents

11. What different methods can I use to vote?

By Written Proxy. All stockholders of record can vote by written proxy card. If you are a beneficial owner, you will receive a written proxy card or a vote instruction form from your bank or broker.

By Telephone or Internet. All stockholders of record also can vote by touchtone telephone from the U.S., Puerto Rico and Canada, using the toll-free telephone number on the proxy card, or through the Internet, using the procedures and instructions described on the proxy card. Beneficial owners may vote by telephone or Internet if their bank or broker makes those methods available, in which case the bank or broker will enclose the instructions with the proxy materials. The telephone and Internet voting procedures are designed to authenticate stockholders identities, to allow stockholders to vote their shares, and to confirm that their instructions have been recorded properly.

In Person. All stockholders of record of Class A common stock and Class B common stock may vote in person at the Annual Meeting. Beneficial owners of Class A common stock and Class B common stock may vote in person at the Annual Meeting if they have a legal proxy, as described in the response to Question 7.

12. What is the record date and what does it mean?

The record date for the Annual Meeting is March 28, 2011. The record date is established by the Board as required by the Delaware General Corporation Law and the Company's bylaws. Owners of record of Class A common stock, Class B common stock, Class A exchangeable shares and Class B exchangeable shares at the close of business on the record date are entitled to:

- receive notice of the Annual Meeting; and
- vote at the Annual Meeting and any adjournments or postponements of the Annual Meeting.

13. What can I do if I change my mind after I vote my shares?

Holder of common stock can revoke a proxy prior to the completion of voting at the Annual Meeting by:

- giving written notice to the Office of the Secretary of the Company;

- delivering a later-dated proxy (or instructions to your bank or broker if you are a beneficial owner); or
- voting in person at the Annual Meeting (*unless you are a beneficial owner without a legal proxy, as described in the response to Question 7*).

Holders of exchangeable shares can revoke voting instructions by delivering subsequent voting instructions by mail, Internet or telephone no later than 11:59pm EDT on May 22, 2011.

14. What are my voting choices when voting for Class A Director nominees identified in this proxy statement, and what vote is needed to elect the Class A Directors?

In the vote on the election of the 11 Class A Director nominees identified in this proxy statement to serve until the next annual meeting, holders of Class A common stock and Class A exchangeable shares may:

- vote in favor of all nominees;
- vote in favor of specific nominees;
- vote against all nominees;
- vote against specific nominees;
- abstain from voting with respect to all nominees; or
- abstain from voting with respect to specific nominees.

Directors will be elected by a plurality of the votes cast by the holders of the Class A common stock and Class A exchangeable shares, together as a class, voting in person or by proxy at the Annual Meeting.

The Board recommends a vote FOR each of the nominees.

15. What are my voting choices when voting for Class B Director nominees identified in this proxy statement and what vote is needed to elect the Class B Directors?

In the vote on the election of the 3 Class B Director nominees identified in this proxy statement to serve until the next annual meeting, holders of Class B common stock and Class B exchangeable shares may:

- vote in favor of all nominees;

Table of Contents

Directors will be elected by a plurality of the votes cast by the holders of the Class B common stock and Class B exchangeable shares, together as a class, voting in person or by proxy at the Annual Meeting.

The Board recommends a vote FOR each of the nominees.

16. What are my voting choices when voting on the ratification of the appointment of PricewaterhouseCoopers LLP (PwC) as independent auditors and what vote is needed to ratify their appointment?

In the vote on the approval of the appointment of PwC as independent auditors, holders of Class A common stock and Class A exchangeable shares may:

- vote in favor of the ratification;
- vote against the ratification; or
- abstain from voting on the ratification.

The proposal to ratify the appointment of PwC as independent auditors will require the affirmative vote of a majority of the votes cast by the holders of the Class A common stock and Class A exchangeable shares, together as a class, voting in person or by proxy at the Annual Meeting.

The Board recommends a vote FOR the ratification.

17. What are my voting choices when voting on the advisory proposal on executive compensation (say on pay) and what vote is needed to approve say on pay?

In the advisory vote to approve say on pay, holders of Class A common stock and Class A exchangeable shares may:

- vote in favor of the proposal;
- vote against the proposal; or
- abstain from voting on the proposal.

The advisory proposal to approve say on pay will require the affirmative vote of a majority of the votes cast by the holders of the Class A common stock and Class A exchangeable shares, together as a class, voting in person or by proxy at the Annual Meeting. As an advisory vote, this proposal is not binding on the Company. However, the Board values the opinions expressed by stockholders, and the Compensation and Human Resources Committee (Compensation Committee) will consider the outcome of the vote when making future compensation decisions.

The Board recommends a vote FOR the advisory vote to approve say on pay.

18. What are my voting choices when voting on the advisory proposal on the frequency of future say on pay votes?

In the advisory proposal on the frequency of future say on pay votes, holders of Class A common stock and Class A exchangeable shares may:

- vote for holding the say on pay vote every year;
- vote for holding the say on pay vote every 2 years;
- vote for holding the say on pay vote every 3 years; or
- abstain from voting on the proposal.

In order for any of the foregoing choices to be approved, the choice must receive the affirmative vote of a majority of the votes cast by the holders of the Class A common stock and Class A exchangeable shares, together as a class, voting in person or by proxy at the Annual Meeting. As an advisory vote, this proposal is not binding on the Company. However, the Board values the opinions expressed by stockholders and will consider the outcome of the vote when determining the frequency of future say on pay votes. While the Board is making a recommendation with respect to this proposal, stockholders are being asked to vote on the choices specified above, and not whether they agree or disagree with the Board's recommendation.

Table of Contents

The Board recommends holding say on pay votes once every 3 YEARS.

19. What if I am a stockholder of record and do not specify a choice for a matter when returning a proxy?

Stockholders should specify their choice for each matter on the enclosed proxy card. If no specific instructions are given, proxies which are signed and returned will be voted:

- FOR the election of all Director nominees as set forth in this proxy statement;
- FOR the proposal to ratify the appointment of PwC as independent auditors;
- FOR the advisory proposal on say on pay; and
- in favor of holding the say on pay vote once every 3 YEARS.

20. What if I am a beneficial owner and do not give voting instructions to my broker?

As a beneficial owner, in order to ensure your shares are voted in the way you would like, you **must** provide voting instructions to your bank, broker or other nominee by the deadline provided in the materials you receive from your bank, broker or other nominee. If you do not provide voting instructions to your bank, broker or other nominee, whether your shares can be voted by such person depends on the type of item being considered for vote.

Non-Discretionary Items. The election of Directors, the advisory vote on say on pay and the advisory vote on the frequency of future say on pay votes are non-discretionary items and **may not** be voted on by brokers, banks or other nominees who have not received specific voting instructions from beneficial owners of Class A common stock and Class B common stock.

Discretionary Items. The ratification of the appointment of PwC is a discretionary item. Generally, brokers, banks and other nominees that do not receive voting instructions from beneficial owners of Class A common stock may vote on this proposal in their discretion.

Edgar Filing: MOLSON COORS BREWING CO - Form DEF 14A

If you are a beneficial owner of exchangeable shares and do not provide CIBC Mellon with voting instructions, your shares will not be voted.

21. How are abstentions and broker non-votes counted?

Abstentions and broker non-votes are included in determining whether a quorum is present, but will not be included in vote totals and will not affect the outcome of the vote on any matter.

22. Can I access the Notice of Annual Meeting, Proxy Statement, and Annual Report on Form 10-K on the Internet?

The Notice of Annual Meeting, Proxy Statement, and our Annual Report on Form 10-K for the fiscal year ended December 25, 2010 (Form 10-K) are available at www.proxyvote.com. Instead of receiving future copies of these documents by mail, stockholders of record and most beneficial owners can elect to receive an e-mail that will provide electronic links to these documents. We will reimburse brokers, fiduciaries and custodians for their costs in forwarding proxy materials to beneficial owners of common stock and/or exchangeable shares. Our Directors, officers and employees also may solicit proxies by mail, telephone and personal contact. They will not receive any additional compensation for these activities.

PROPOSAL NO. 1 ELECTION OF DIRECTORS

The Company's bylaws provide for the annual election of Directors. The Board has currently set the number of directors at 15: 12 Class A directors and 3 Class B directors. However, for purposes of the Annual Meeting, only 14 directors are being nominated for election. There will be one Class A director vacancy which the Board does not currently plan to fill. At the Annual Meeting, votes may not be cast for a greater number of director nominees than the 14 nominees named in the proxy statement.

Fourteen directors are to be elected at the Annual Meeting, each to serve until the next annual meeting and until his or her successor shall have been elected and qualified. The 14 nominees consist of:

- 11 directors to be elected by the holders of Class A common stock and the Special Class A stock (as instructed by the holders of Class A exchangeable shares), voting together as a single class; and
- 3 directors to be elected by the holders of the Class B common stock and the Special Class B stock voting (as instructed by the holders of Class B exchangeable shares) together as a single class.

The following table sets forth certain biographical information regarding each Director, including a summary description of each individual's particular knowledge, qualifications or areas of expertise considered for nomination to the Company's Board. For more information on the nomination of our Class A directors and Class B directors, please refer to "Nomination of Directors" beginning on page 11.

Each of the Directors has consented to serve if elected. If any of them becomes unavailable to serve as a Director, a substitute nominee may be designated in accordance with the certificate of incorporation and bylaws. In that case, the persons named as proxies will vote for the substitute nominees designated in accordance with the certificate of incorporation and bylaws.

INDEPENDENCE AND RELATED PERSON TRANSACTIONS

Independence Determinations

At its meeting held on February 17, 2011, the Board affirmatively determined that each of the following directors is independent:

Francesco Bellini
Rosalind G. Brewer
John E. Cleghorn

Brian Goldner

Charles M. Herington

Franklin W. Hobbs

Iain J.G. Napier

David P. O'Brien
H. Sanford Riley

None of the Directors who were determined to be independent had any relationships that were outside the categorical standards listed in the Directors Independence Standards.

The Board examined the Company's relationship with Wal-Mart. Rosalind G. Brewer, one of our Directors, is an Executive Vice President of Wal-Mart. This relationship is described on page 16. The Board determined that this relationship is not material since (i) the amounts involved were less than 2% of the consolidated gross revenues of both the Company and Wal-Mart, (ii) the payments were for the purchase of products in the ordinary course of business for both Wal-Mart and the Company, and (iii) the business relationship has been in place for many years prior to Ms. Brewer's service as a Director. This relationship does not disqualify Ms. Brewer as an independent director under the rules of the NYSE and falls within categorical standard e of our Director Independence Standards.

Approval of Related Person Transactions

The Board has adopted a formal written policy for the review, approval and ratification of related person transactions. Under the policy, the Audit Committee is responsible for reviewing and pre-approving or ratifying (as applicable), all transactions in which (i) the aggregate amount involved will or is expected to exceed \$100,000, (ii) the Company is a participant, and (iii) any related party has or will have a direct or indirect interest. A related party is generally (i) any person who is, or was since the beginning of the last fiscal year, an executive officer or director of the Company, (ii) a greater than 5% beneficial owner of the Company's stock, or (iii) any immediate family members of any of the foregoing. Additionally, the Company's bylaws require supermajority approval of the Board of certain transactions with affiliates or members of the Coors and Molson families.

In determining whether to approve or ratify a transaction subject to the policy, the Audit Committee takes into account whether the transaction is on terms no less favorable than terms generally available to or from an unaffiliated third party under the same or similar circumstances and the extent of the related party's interest in the transaction. The Board further delegated to the Chair of the Audit Committee, the authority to pre-approve or ratify (as applicable) any such related party transaction in which the aggregate amount involved is expected to be less than \$1 million.

Each of the transactions and relationships set forth in this section were either (1) pre-approved or ratified by the Audit Committee or by the Chair of the Audit Committee, pursuant to the terms of the Company's related party transactions policy, or (2) pre-approved or ratified by a supermajority of the Board according to the bylaws.

Certain Related Person Transactions

From time to time, we employ members of the Coors and Molson families, which together own a controlling interest in the Company. Hiring and placement decisions are made based upon merit, and compensation packages are offered that are commensurate with policies in place for all employees of Molson Coors. Christien Coors Ficeli (a Director and daughter of Peter H. Coors, Chairman of the Board of the Company and MillerCoors); Melissa Coors Osborn (daughter of Peter H. Coors and sister of Christien Coors Ficeli); Davis S. Coors (son of Peter H. Coors and brother of Christien Coors Ficeli); and Peter J. Coors (son of Peter H. Coors and brother of Christien Coors Ficeli) are employed by MillerCoors in non-executive positions.

MillerCoors purchases a large portion of its paperboard packaging from Graphic Packaging Holding Company (GPHC). The Coors Trust and various other Coors family trusts, collectively through Adolph Coors Company LLC, beneficially own approximately 42% of our Class A voting common stock, approximately 12.24% of our Class B common stock, and approximately 33% of GPHC's common stock. In 2010, the total amount of payments made by MillerCoors, directly and through joint ventures, to GPHC totaled approximately \$254 million. Jeffrey H. Coors, a director of GPHC, is also a brother of Peter H. Coors, Chairman of the Board of Molson Coors and MillerCoors, and uncle of Christien Coors Ficeli, a Director. We expect payments by MillerCoors in 2011 to be approximately the same as the total amount of payments made by MillerCoors in 2010.

Eric Molson, the father of Andrew and Geoffrey Molson, serves as a Director and Chairman Emeritus. In this role, he serves as a consultant to and representative of the Company. In connection with his role, Eric Molson has the ability to recommend up to \$325,000 per year in charitable contributions to be made by the Company.

The Company sold the Coors family home in Golden, Colorado to the Adolph Coors Company LLC, whose members consist of various Coors family limited liability companies. Peter H. Coors is one of the managers of each of these family limited liability companies. The selling price of \$540,000 was based on a market appraisal by an independent third party.

Rosalind Brewer, one of our Directors, is Executive Vice President of Wal-Mart. In 2010, Wal-Mart made payments totaling approximately \$46.2 million to the Company, directly and through distributors, to purchase our products in the ordinary course of business. Also in 2010, Wal-Mart made payments totaling approximately \$426.5 million to MillerCoors, directly and through distributors, to purchase its products in the ordinary course of business. The business relationship has been in place for many years, is fair and reasonable, and is on terms substantially similar to our relationships with other customers.

The Company has contractual relationships with the Montréal Canadiens professional hockey team. Andrew Molson and Geoffrey Molson, two of our Directors, are affiliated with the general partner of CH Group Limited Partnership, the owner of the Canadiens and the Bell Centre. In 2010, the Company made payments totaling approximately \$8.6 million to the Canadiens in marketing, advertising, promotional endeavors and sponsorship rights in the ordinary course of business and the Canadiens made payments totaling approximately \$2.6 million to the Company according to the terms of our agreements and to purchase our products in the ordinary course of business. The business relationship has been in place for many years, is fair and reasonable, and is on terms comparable to market conditions for similar business relationships.

AUDIT COMMITTEE REPORT

The Audit Committee is comprised solely of independent directors. Each member of the Audit Committee meets the financial literacy requirements of the NYSE. Each member also meets the enhanced independence requirements applicable to audit committee members under the rules of the SEC and NYSE. Two members of the Audit Committee have been designated audit committee financial experts as defined by SEC rules.

The role of the Audit Committee is to prepare this report and to represent and assist the Board in its oversight of: (1) the integrity of Molson Coors' financial reporting process and the Company's financial statements; (2) the Company's compliance with legal and regulatory requirements, and its ethics and compliance program, including the Code of Business Conduct; (3) the Company's systems of internal control over financial reporting and disclosure controls and procedures; (4) the Company's internal audit function; and (5) the qualifications, engagement, compensation and performance of the independent auditors, their conduct of the annual audit and their engagement. The Audit Committee operates pursuant to a written charter, which it annually reviews. The Audit Committee also oversees the Company's policies and procedures with respect to risk assessment and risk management.

Table of Contents

As set forth in the charter, management of Molson Coors is responsible for the preparation, presentation and integrity of Molson Coors' financial statements, and the effectiveness of internal control over financial reporting. Management is responsible for maintaining Molson Coors' accounting and financial reporting principles and internal controls and procedures reasonably designed to assure compliance with accounting standards and applicable laws and regulations. Molson Coors has a full-time Internal Audit department that reports to the Audit Committee. The Internal Audit department is responsible for objectively reviewing and evaluating the adequacy, effectiveness and quality of Molson Coors' internal controls relating, for example, to the reliability and integrity of Molson Coors' financial information and the safeguarding of assets. The independent registered public accounting firm is responsible for auditing Molson Coors' financial statements and expressing an opinion as to their conformity with U.S. generally accepted accounting principles.

In the performance of its oversight function, the Audit Committee has reviewed and discussed the audited financial statements with management and PwC. The Audit Committee has also discussed with PwC the matters required to be discussed by Statement on Auditing Standards No. 61, as amended, as adopted by the Public Company Accounting Oversight Board (PCAOB) in Rule 3200T. Finally, the Audit Committee has received the written disclosures and the letter from PwC required by applicable requirements of the PCAOB regarding the independent accountant's communications with the Audit Committee on independence. The Audit Committee has ultimate authority and responsibility to select, evaluate, and, when appropriate, replace the Company's independent registered public accounting firm. The fees billed by PwC for non-audit services were pre-approved by the Audit Committee and were also considered in the discussions of independence.

Audit Committee members are not employees of Molson Coors, and do not perform the functions of auditors or accountants. As such, it is not the duty or responsibility of the Audit Committee or its members to conduct field work or other types of auditing or accounting reviews or procedures or to set auditor independence standards. Members of the Audit Committee necessarily rely on the information provided to them by management and the independent registered public accounting firm. Accordingly, the Audit Committee's considerations and discussions referred to above do not assure that the audit of Molson Coors' financial statements has been carried out in accordance with standards of the PCAOB, that the financial statements are presented in accordance with accounting principles generally accepted in the United States or that Molson Coors' registered public accounting firm is in fact independent.

Based upon the reports and discussions described in this report, and subject to the limitations on the role and responsibilities of the Audit Committee referred to above and in the charter, the Audit Committee recommended to the Board that the audited financial statements be included in the Form 10-K filed with the SEC. The Audit Committee also appointed PwC as the independent registered public accounting firm for Molson Coors for the fiscal year ending December 31, 2011, subject to ratification by the Company's stockholders.

The Chairman of the Audit Committee has been delegated authority by the Audit Committee to pre-approve interim services by PwC other than the annual audit. COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

We are focused on driving growth as a global brewer through a global total rewards program that is designed to attract, motivate and retain top talent. Our global total rewards program is based on the following principles:

- Our compensation program is competitive within our peer group and comparable industry data, enabling us to attract and retain top talent.
- We pay for performance and, as a result, most compensation for senior executives including the named executive officers (NEOs) is tied to performance and not guaranteed. We compensate executives primarily on the basis of the Company's financial and business performance, as well as individual performance and contribution.
- We create incentives to grow the Company in established and growth markets worldwide.
- We have a common framework for setting base salaries, annual incentive opportunities and long-term incentive grant values for our NEOs and other top executives, but we generally set benefits and perquisites on the basis of home country practice and law.
- We facilitate cross-border mobility within our workforce through our compensation practices.

The Compensation Committee reviews these principles regularly to ensure that they support our global growth and other business objectives. Incentive plan metrics are reviewed against Board-approved business and financial plans. Our objective is for all executive compensation arrangements to be consistent with competitive practice.

2010 Performance

In 2010, the Company made good progress in building our brands, innovating, reducing costs, strengthening our balance sheet and generating cash. We introduced new brands and value-enhancing innovations in each of our businesses to drive the top line, exceeded all of our cost-reduction targets for the year, and used a portion of our free cash flow to fund our pensions and reduce balance sheet risk. As a result, we achieved solid growth in pretax income and free cash flow, despite continued input cost inflation and weak industry volume. Financial

highlights include:

- Income from continuing operations, net of tax: \$668.1 million, -8.4% (\$3.57 per diluted share)
- Underlying pretax income: \$794.4 million, +10.6%
- Underlying after-tax income: \$666.9 million, -5.7% (\$3.56 per diluted share)
- Underlying free cash flow: \$924.3 million, +26.8%
- Net sales: \$3,254.4 million, +7.3%

Underlying pretax income, underlying after-tax income and underlying free cash flow differ from what is reported under U.S. generally accepted accounting principles (GAAP). See the Investors section of our website, www.molsoncoors.com, for a reconciliation of non-GAAP financial measures to our results as reported under GAAP.

These achievements are reflected in our salary adjustments, MCIP payouts and LTIP grants and performance-based payouts, as shown in the Summary Compensation Table, the supporting tables and the discussions accompanying them.

Executive Officer Compensation within the Global Total Rewards Strategy

In addition to paying our NEOs a base salary, we provide them opportunities to earn annual and long-term incentives based on Company, business unit, and individual performance. NEOs also participate in retirement and welfare benefit arrangements on the same basis as other employees; have the opportunity to accumulate supplemental retirement income through plans set up in their home regions; and receive certain perquisites. Within our global total rewards strategy, the percentage of at-risk performance based pay increases with responsibility. Consistent with the compensation structure at our peer companies and our philosophy, an NEO's annual total direct compensation is structured so that 20% to 30% is base salary with the remainder composed of annual and long-term incentive compensation awards. Annual incentive and long-term awards are based on important financial measures (pre-tax earnings and considered EPS) and on the value of our common stock, which helps us drive and reward the performance of Molson Coors, our business units and our people. Individual performance is also a factor in setting compensation. This mix of fixed and variable, annual and long-term incentive compensation motivates and rewards both short-term performance toward designated financial objectives and longer-term strategic performance, in either case designed to increase stockholder value. The long-term incentive compensation and retirement benefits also help us retain our talent.

Compensation Program Risk

The Compensation Committee regularly evaluates our compensation program performance criteria and targets to ensure that they are appropriately motivational while not providing an incentive for executives to take excessive or unnecessary risks. The Compensation Committee has determined that our compensation policies and practices do not provide an incentive for executives to take excessive or unnecessary risks.

Determining Compensation

Roles and Responsibilities

To ensure consistent application of our compensation philosophy, including pay-for-performance, we draw on the perspectives of different groups in setting objectives, reviewing performance and determining rewards for our executive officers, including our NEOs. The table below outlines their involvement.

Roles and Responsibilities

Independent Members of the Board of Directors	<ul style="list-style-type: none"> • Set individual performance objectives and goals for Messrs. Swinburn and Coors based on the recommendations of the Compensation Committee. • Determine performance against objectives for Messrs. Swinburn and Coors based on the recommendations of the Compensation Committee. • In executive session, approve salary, annual incentive and LTIP award values for Messrs. Swinburn and Coors, on the recommendation of the Compensation Committee.
Compensation Committee	<ul style="list-style-type: none"> • Sets compensation for the NEOs other than Messrs. Swinburn and Coors. • Reviews data, assesses achievement, and recommends compensation for Messrs. Swinburn and Coors for approval by the Board. • Considers compensation competitiveness based on the results of the review of peer group and where applicable comparable industry compensation. • With input from Mr. Swinburn, sets individual performance objectives based on Company-wide and business unit targets, individual goals, and cumulative results objectives (CROs), which are individual goals with cumulative results shared by all executive officers, as described more fully under the heading Annual Incentive beginning on page 25, for the NEOs, other than Messrs. Swinburn and Coors, and evaluates achievement of those goals and objectives.

Edgar Filing: MOLSON COORS BREWING CO - Form DEF 14A

- Evaluates achievement of individual performance objectives and goals for Messrs. Swinburn and Coors and makes recommendations to the independent members of the Board.

- Establishes performance measures and maximum payouts for purposes of Section 162(m) of the Internal Revenue Code of 1986 (the Code) and certifies achievement of such performance measures.

- Certifies levels of attainment of Company and business unit performance, and determines the NEOs performance on individual goals and CROs.

Compensation Consultant to the Compensation Committee

- Reports directly to the Compensation Committee.
- Assists in developing recommendations for compensation for executive officers including the NEOs.

(the Compensation Consultant)

- Based on input and guidance from the Compensation Committee, the CEO and the Global Chief People Officer, develops and provides information and recommendations for use by the Compensation Committee in reviewing and adjusting the Company's global compensation program, including:

- peer group and industry data;
- assessments of pay competitiveness for executive officers;
- incentive plan design and implementation; and

- methodologies for implementation of compensation elements and relative pay and performance alignment.

CEO

- Recommends individual performance objectives and goals of NEOs (other than Mr. Coors), for adoption by the Compensation Committee, and guides the achievement of those goals.

- Evaluates each NEO (other than Mr. Coors), on the basis of goals set for the year and a self assessment completed by the NEO.

- Recommends NEO salaries and annual and long-term incentive awards (other than for himself and Mr. Coors), based on his assessments. Recommendations take into account subjective criteria such as unique talents, criticality to the organization and retention risk.

- Reviews trend information and reports prepared by the Compensation Consultant regarding competitiveness and effectiveness of our compensation policies, programs and pay levels in order to make recommendations to the Compensation Committee.

Global Chief People Officer

- Reviews reports and trend information prepared by the Compensation Consultant regarding the competitiveness and effectiveness of our compensation policies, programs and pay levels for our executive officers, in order to make recommendations to the Compensation Committee.

- Makes recommendations regarding changes to our executive compensation programs to the CEO and the Compensation Committee.

Compensation Elements in Context

The Compensation Committee sets each element of the NEOs' compensation, including base salary, annual and long term incentive compensation, benefits and perquisites, except that it makes recommendations to the independent

Table of Contents

members of the Board with respect to the compensation of Messrs. Swinburn and Coors. The Compensation Committee also compares total direct compensation with that of our peer group of companies by position, using this information to assess the overall competitiveness of our compensation program and to determine whether sufficient retention and performance incentives are in place. While current levels of compensation are a more significant factor in compensation decision making than the compensation accumulated by an executive officer over time, the Compensation Committee takes into account the effect changes in base salary have on annual and long-term incentive compensation. Additionally, the Compensation Committee considers the expense of compensation and benefit programs in relation to our performance against budget and overall financial performance.

Unique Position of Mr. Coors

As Chairman of the Board of the Company, Executive Chairman of MillerCoors and as a well-recognized public representative of the Company with strong relationships with U.S. distributors, Mr. Coors serves a unique role with the Company. In addition to these responsibilities, Mr. Coors is an iconic figure in the U.S. beer business around product quality; his advocacy of quality provides a significant competitive advantage. There are no direct peer comparisons for that role. In 2010, Mr. Coors did not receive director fees for his service as Chairman of the Board of the Company. The Compensation Committee recognizes that Mr. Coors, as a member of one of the 2 founding shareholding families with one of the largest interests in the Company, is motivated to stay with the Company whether or not he receives compensation designed for retention. Nevertheless the Compensation Committee exercises its insight and discretion in recommending an appropriate salary for Mr. Coors, and generally expects to recommend a salary below that of the CEO. For performance compensation, Mr. Coors' short-term incentive compensation target is set at 80% of his base salary and is based on financial performance of MillerCoors, and his long-term incentive target generally is set below that of the CEO. MillerCoors is not involved in determining Mr. Coors' compensation for his services as Executive Chairman of MillerCoors, but reimburses the Company for the full cost of his salary and annual bonus given that his primary focus is on the MillerCoors joint venture. Effective 2011, the Compensation Committee recommended and the Board approved changes to the compensation payable to Mr. Coors. Mr. Coors' base salary was not increased. However, his target MCIP award was increased to 120% of salary. MillerCoors will continue to reimburse the Company for the full cost of these amounts. Additionally, it was also determined that Mr. Coors would not receive an LTIP award in 2011 but would be entitled to receive director fees. The Compensation Committee and the Board considered these changes to be appropriate given Mr. Coors' primary focus on the MillerCoors business and his service as a Director.

Use of Market Data: Establishing Competitive Executive Compensation

Each year, the Compensation Committee reviews the competitiveness of our compensation program. This analysis is completed using peer group and other industry data as appropriate to determine competitive levels for each of the elements of total direct compensation (base salary, annual incentive, long-term incentive) and in selected years perquisites and executive benefits. For 2010, our peer group consisted of the companies listed below.

While the peer group data is the primary tool used to assess the competitiveness of our compensation program, the Compensation Committee also uses this additional information as a reference guideline in determining (or recommending in the case of Messrs. Swinburn and Coors) NEO compensation. Actual compensation awards are set with reference to this peer group data but also take into account general industry data for comparable positions where appropriate. Factors such as the criticality of the role to the Company, individual performance and retention risk for the executive are also considered.

Although the peer group includes companies significantly larger and smaller (based on revenues and market capitalization) than the Company, we are between the 50th and 75th percentiles of revenues and market capitalization of the peer group. All members of the peer group are food and beverage companies that rely on discretionary consumer spending. The Compensation Committee selected this peer group as representative of the companies most like us in their operations, their brand equity, and the challenges they face. Additionally, in some cases we compete with these companies for executive talent.

The Compensation Committee established the following overall guidelines of peer group compensation, and where applicable, comparable industry compensation to attract and retain the desired level of talent.

Table of Contents

Element of Compensation	Target Percentile
Base Salary	50th percentile of comparable positions
Annual Incentive Awards	<ul style="list-style-type: none"> NEOs (other than Mr. Coors) -75th percentile of comparable positions Mr. Coors Set by the Board in relation to the other NEO incentive targets, with a minimum target of 80% of salary per his employment agreement
Long-term Incentive Awards	<ul style="list-style-type: none"> NEOs (other than Messrs Swinburn and Coors) - A single executive award range is identified for executives, including the NEOs, based on an average of 50th percentile award targets for comparable positions. CEO - 50th percentile of CEO positions Mr. Coors Less than the CEO; set at the discretion of the Board
Total Direct Compensation	50th-75th percentile

Setting base salary and LTIP award targets at approximately the market median provides the level of awards and degree of flexibility required to attract and retain top talent. At the same time, annual incentive targets have been set at the 75th percentile because of the unique challenges of operating a global company on a single unified set of principles. While each of the elements of the program is reviewed individually to determine market competitiveness, the Compensation Committee also looks at the impact the individual compensation element targets have on total direct compensation

Compensation Program Elements

A summary of the key elements of our executive compensation program and the key decisions made in 2010 are discussed below.

Base salary

- Fixed dollar amount, to provide a competitive level of fixed compensation, consistent with our peers, and to reward individual performance and level of experience.
- Base salary adjustments for the NEOs, other than Mr. Coors, were approved in March 2010 and are reflected in the table below. The adjustments were based on the Compensation Committee's review of market data, Company performance and individual performance. The actual amounts paid in calendar 2010 are reflected in the Summary Compensation Table.

Name	Salary Increase/ New Salary, effective 4/1/2010
Peter Swinburn	11.4% / \$975,000
Stewart Glendinning	4% / \$540,800
Peter Coors	0% / \$850,000
David Perkins	2% / \$612,000 (Canadian dollars)
Samuel Walker	2% / \$602,534

- In March 2011, Mr. Swinburn's salary was increased to \$1,075,000, an increase of 10.3%, effective April 1, 2011. Additionally, the other NEOs, other than Mr. Coors, received salary increases ranging from 2.5% to 3.5% effective April 1, 2011.

Annual Incentive

- Our annual incentive program is the Molson Coors Incentive Plan (referred to as the MCIP). The MCIP provides variable pay opportunity for short-term performance, consistent with peer companies' practice, and rewards for achievement of short-term objectives that can have a long-term impact on Company performance.
- The MCIP rewards executives including the NEOs for performance against annual company, business unit and individual objectives and CROs. The Compensation Committee maintains control over MCIP award payout, gauging reasonableness based on performance and Company financial gain.
- For 2010, based on Mr. Swinburn's recommendation, the Compensation Committee set numerous CROs, for each executive officer (including the NEOs other than Mr. Coors), and for the group of executive officers as a whole, to encourage teamwork and collective decision making. We believe this is an excellent way of building teamwork and leveraging the efforts of the executive officers. No specific weighting is given to any particular CRO. The CROs are set to be challenging but not impossible to meet. Early in 2011, the Compensation Committee, with

Table of Contents

input from Mr. Swinburn on NEOs (other than himself and Mr. Coors) used its discretion to determine the collective level of attainment of the CROs across the leadership team. For 2010, the Compensation Committee awarded a 150% payout for the 25% of the MCIP linked to the CROs.

- The Company-wide objective for the MCIP was based on pre-tax income in 2010. The pretax income achievement for the Company and the Canadian business unit, and EBITDA for MillerCoors, were measured against a performance scale which included threshold, target and maximum performance levels for the year. Award payouts could range from 0 to 200% of the target, based on level of achievement. The Compensation Committee reserved discretion to adjust awards for unforeseen economic or business issues impacting any one or all of the business units.

- For 2010, the target levels of achievement at the corporate and business group levels were set as follows. All income figures reported are in millions of U.S. dollars. We have adjusted the target figures using current exchange rates in order to remove the impact the change in exchange rates has on the calculations over the course of the year.

MCBC Business Unit	Income Achievement Targets			Performance	Payout
	Pre-Tax Income* for 100% (Target) Payout	Pre-Tax Income* for 150% of Target Payout	Pre-Tax Income for 200% of Target Payout	Pre-Tax Income* (Achievement)	Business Unit Component Payout Percentage
MCC	\$ 471.2	\$ 486.7	\$ 508.8	\$ 451.3	132%
MCBC Corporate	\$ 754.2	\$ 791.9	\$ 829.6	\$ 802.0	162%
MillerCoors (*EBITDA)	\$ 397.0	\$ 426.6	\$ 456.1	\$ 405.6	101%

2010 MCIP Award Payout Table

The following table summarizes the calculation of final MCIP payouts after review by the Compensation Committee (and the independent members of the Board in the case of Messrs. Swinburn and Coors). The Company's performance against the pre-determined measures is set forth in the table above. The multiplier shown is aligned with corporate, business unit and CRO performance and represents achievement against objectives. This multiplier was subject to discretionary adjustment (up or down, subject to the plan payout maximum) by the Compensation Committee (or the independent members of the Board, in the case of Messrs Swinburn and Coors) based on individual performance. The Grants of Plan Based Awards Table provides information on threshold, target and maximum MCIP awards.

Long Term Incentive

We generally grant executives 3 types of long-term incentive awards: Performance Units, stock options, and RSUs. The mix of awards is designed to balance performance focus with retention value. The mix also mitigates the risk of over-focus on a single metric. The key components of our LTIP and the 2010 awards are summarized below.

Table of Contents

Performance Units

- The Performance Unit Plan generally measures Company achievement against a pre-determined performance measure over a 3-year performance period.
- The Performance Unit Plan provides for annual grants which maintain the visibility of the Performance Unit Plan, keeps focus on the applicable performance metric and aids employee retention. Annual grants (as opposed to end-to-end 3-year grants) also provide less opportunity for the performance metrics to become misaligned with the strategic direction and objectives of the Company.
- Each NEO is granted a Performance Unit award of a stated target dollar amount. This dollar amount is divided by the Company's closing stock price on the vesting date to determine the number of units. The number of units that are earned as of the end of the 3-year period is based on the 3-year cumulative Considered EPS achieved by the Company over the period, subject to threshold and maximum limits. Below threshold, none of the units are earned. At maximum, 200% of the target number of units can be earned. If the cumulative 3-year cumulative Considered EPS value achieves threshold, but fails to reach at least a designated low-growth value, a discount factor is applied to the award, reducing the value by a factor computed as the percentage of the range between Threshold and Low Growth that the Company actually achieves for the period. The earned units are settled in shares. Considered EPS is defined as earnings per share adjusted to reflect a normalized Company income tax rate. Considered EPS provides a metric in addition to pre-tax income (upon which the annual incentive is significantly based) which focuses on growth in earnings but also on the value created for our stockholders.
- Performance Units are paid pro-rata / at target on retirement and are paid at 120% of target upon a change in control. On any other termination of employment before the end of the performance period, the Performance Units are forfeited.
- Performance Units were granted to the NEOs in 2010 for the 3-year performance period ending on December 29, 2012. The number of Performance Units granted to each NEO is detailed in the Grants of Plan Based Awards Table beginning on page 33. Performance Units constituted 40% of the total LTIP awards granted to NEOs in 2010
- The goals for Performance Units granted in 2010 are shown in the table below.

Performance Unit Awards 3 Year Cumulative Considered EPS Values

Vesting Date	Threshold	Low Growth	Target	Maximum Value
May 14, 2013	\$ 9.81	\$ 11.03	\$ 11.91	\$ 23.82
% of Award Earned	0%	93%	100%	200%

Stock Options

- Stock option grants generally vest in 3 equal annual installments beginning on the first anniversary of the grant date, subject to continuing employment. The exercise price of the option can be no less than the fair market value (as defined in the Plan) of the Class B Common Stock on the date of grant.
- Upon retirement, unvested stock options vest. In the event of termination for any other reason, unvested options are forfeited. In the event of a change in control, all unvested stock options vest.
- The ten-year term of our stock options provides an effective retention tool over the longer term as they retain potential value for employees even in the face of a prolonged downturn in the equity markets. This provides balance when compared with our Performance Unit Plan, which may lose all value if we miss the threshold performance criteria built into the grant.
- Stock options enhance the ownership perspective of our executives because stock options do not pay out unless there is an increase in the value of our shares.
- Stock options constituted 40% of the total LTIP awards granted to each NEO in 2010. The number of options, the exercise price, and the assumptions used to determine the Black Scholes value of each option are set forth in the Grants of Plan Based Awards Table beginning on page 33.

RSUs

- Providing part of the annual LTIP award in the form of RSUs significantly strengthens the retention value of our LTIP by providing a full value component to balance stock options and Performance Units.
- Shares vest 100% on the third anniversary of the date of grant, subject to continuing employment, and are settled in shares at that time.

Table of Contents

- Vesting accelerates in the event of a change in control, retirement or death. Otherwise, RSUs are forfeited upon termination.
- RSUs constituted 20% of the total LTIP awards granted to NEOs in 2010. The number of RSUs granted to each NEO is detailed in the Grants of Plan Based Awards Table.

Grant Date Fair Value of 2010 Awards. The grant date value of the LTIP awards granted to the NEOs in 2010 is shown below. Options are shown at their Black-Scholes value, as described on page 31.

NEO	Total 2010 LTIP Award (000s)	
Peter Swinburn	\$	3,850
Stewart Glendinning	\$	1,180
Peter Coors	\$	2,000
David Perkins	\$	1,050
Samuel Walker	\$	1,000

Other Elements

In addition to the compensation program elements described above, we provide certain retirement benefits, change in control and severance protection to our executives, including the NEOs. The key features of these elements are described below.

Retirement

Executive officers participate in the same retirement, 401(k) and pension plans as do other salaried employees in their home country. In addition to the Company's 401(k) plan in the US, the Company provides the Supplemental Savings and Investment Plan to highly-compensated U.S. employees to address the IRS income and benefit restrictions placed on our retirement plans.

As of April 1, 2009, the Company froze benefit accruals under the qualified defined benefit pension plan in place for employees in the Molson Coors Brewing Company (UK) business unit. Messrs. Swinburn and Glendinning have benefits in that plan and were impacted in accordance with these changes.

The Company has qualified defined benefit and defined contribution, and non-qualified defined benefit and defined contribution plans in place in Canada.

Edgar Filing: MOLSON COORS BREWING CO - Form DEF 14A

Details regarding the operation of the Company's retirement and pension plans is provided in the narrative following the Pension Benefits Table beginning on page 36.

Change in Control and Severance

The Company provides economic protection to senior executives through the combination of the Change in Control Program (CIC Program) and the Company's Severance Pay Plan which provides protection to executives in other situations involving termination not for cause. The NEOs, other than Mr. Coors, participate in the CIC program and the Severance Pay Plan. Mr. Coors does not participate in either arrangement, as he has a separate salary continuation agreement with the Company.

As a condition of participating in the CIC Program, eligible employees are required to enter into confidentiality and non-compete agreements in favor of the Company. The non-compete provisions of the CIC Program protect the Company whether or not a change in control occurs.

Under the CIC Program, a participant is entitled to certain benefits if he or she is terminated by the Company other than for cause (as defined in the CIC Program), death or disability, or if he or she resigns for good reason (as defined in the CIC Program) on or within a certain period of time (for NEOs, 2 years) after a change in control of the Company (as defined in the CIC Program). These defined terms are described in the narrative to the Potential Payments upon Termination or Change in Control Table. Benefits are also payable if a qualifying termination occurs up to 6 months prior to the change in control at the request of a third party involved in or contemplating a change in control of the Company.

Employment Agreements

Employment agreements are in place for Messrs. Coors, Swinburn, and Glendinning. The material terms of these agreements are described beginning on page 39.

Table of Contents

These agreements do not provide a guarantee of continued employment but rather clarify the workplace transition that will occur should employment of the executive end in a not for cause situation.

Important Factors Affecting Compensation Decisions

Recovery of Awards

We consider it unlikely that misconduct by the Company or its employees will result in a financial restatement. As a result, the Compensation Committee does not have a written policy specifying the consequences with respect to past compensation payments or awards if such a restatement occurs. However, we do require participants in our long-term incentive awards program to agree that the awards will be forfeited and amounts received subject to recovery if the participant engages in conduct detrimental to us (such as working for a competitor, improper use or disclosure of our confidential information or conduct damaging to us). In the event of a restatement of our financial statements, the Compensation Committee will develop an appropriate response in relation to past compensation payments or awards. The Compensation Committee will develop a recovery policy based on the requirements to be issued by the NYSE pursuant to the mandate of the Dodd-Frank Wall Street Reform and Consumer Protection Act (Dodd-Frank Act).

Tax and Accounting Considerations

As a public company, we are not allowed a federal income tax deduction for compensation paid to certain of our NEOs in excess of \$1 million during the year, except for performance-based compensation. The Compensation Committee reviews the requirements for performance based compensation and structures annual bonus and long-term incentive compensation to be eligible to qualify as performance based compensation. While the Compensation Committee believes its primary goal is to design a compensation program that encourages us to achieve our objectives, we do design plans to be tax efficient for the Company. As a result, there have been and there likely will be additional circumstances where the Company pays compensation that is not fully deductible. The Compensation Committee intended all compensation paid in 2010 to be deductible.

The Compensation Committee also reviews all plans, programs and agreements developed to provide non-qualified deferred compensation and seeks to avoid the unintentional triggering of any excise taxes and other penalties on employees, including our NEOs.

The Compensation Committee also considers the effect of accounting treatment in determining appropriate forms of compensation.

Other

Equity Grant Process

We have no practice of timing equity grants to coordinate with the release of material non-public information, and we have not timed the release of material non-public information for the purpose of affecting the compensation of our NEOs.

Beginning in 2010 the Compensation Committee determined to evaluate and approve annual equity grants at the same time as it determines and approves the Company's annual salary adjustments and annual incentive (MCIP) payout.

Individual recognition equity awards may be granted at other times during the year related to special events (joint ventures, extraordinary performance, etc.). Awards of stock options, RSUs or other equity incentives to new executive officers occur at the time the individual joins the organization or first becomes an officer. No such grants were made to NEOs in 2010.

See columns (f) and (g) of the Summary Compensation Table, columns (f) through (i) of the Grants of Plan-Based Awards Table and the Outstanding Equity Awards Table for more information on long-term incentive awards granted to the NEOs.

Stock Ownership Guidelines

We have stock ownership guidelines for our senior officers, including the NEOs, because it is important for the leadership team to have a meaningful stake in the Company to further align management's interests with those of our stockholders. Under the guidelines, senior officers are to accumulate shares and share equivalents having a market value equal to a prescribed multiple of annual salary. All of our NEOs satisfied the applicable stock ownership guidelines, which are set forth below.

Independence of Compensation Consultant to the Compensation Committee

During 2010, the Compensation Committee utilized Pay Governance, an independent executive compensation firm who does no other business with the Company, to advise the Compensation Committee and Board on the design and potential changes to the Company's executive and director compensation policies.

The Compensation Committee reviews the Company's relationship with Pay Governance to ensure the independent judgment of the Compensation Consultant to the Compensation Committee. The review is conducted to ensure the Compensation Consultant renders candid and direct advice independent of management's influence.

COMPENSATION COMMITTEE REPORT

The Compensation Committee, comprised of independent directors, reviewed and discussed the above Compensation Discussion and Analysis (CD&A) with the Company's management. Based on the review and discussion, the Compensation Committee recommended to the Board that the CD&A be included in these proxy materials.

Stock Awards (Column (e))

The amount in the Stock Awards column is the grant date fair value of stock awards granted to each NEO, calculated in accordance with the provisions of the Financial Accounting Standards Board Accounting Standards

Codification 718, Compensation-Stock Compensation (FASB Topic 718). The stock awards granted to the NEOs consisted of Performance Units and RSUs and are described in the CD&A beginning on page 27.

The assumptions used to calculate these amounts are incorporated by reference to Note 14 to the Company's consolidated financial statements in the Form 10-K. The Performance Units and the RSUs were granted under the Molson Coors Brewing Company Incentive Compensation Plan (Incentive Plan), the material provisions of which are described beginning on page 40.

The Company cautions that the amounts reported for these awards may not reflect the amounts that the NEOs will actually realize from the award. Whether, and to what extent, a NEO realizes value is dependent on a number of factors including, the Company's performance, stock price, and the NEOs continued employment.

Option Awards (Column (f))

The amount in the Option Awards column is the grant date fair value of option awards granted to each NEO, calculated in accordance with FASB Topic 718. In calculating these amounts, the Company does not take into account the risk of forfeiture. The stock options awards granted to the NEOs are described in the CD&A.

The assumptions used to calculate these amounts are incorporated by reference to Note 14 to the Company's consolidated financial statements in the Form 10-K. The stock options were granted under the Incentive Plan.

Non-Equity Incentive Plan Compensation (Column (g))

The amounts reported in the Non-Equity Incentive Plan Compensation column represent amounts earned by the NEOs under the MCIP in 2010. The MCIP is a sub-plan under the Incentive Plan. Details regarding the calculation of MCIP payments are included in the CD&A beginning on page 25.

Change in Pension Value and Non-Qualified Deferred Compensation Earnings (Column (h))

The amounts shown in the Change in Pension Value and Non-Qualified Deferred Compensation Earnings column include change in pension value under the tax qualified pension plan for our UK and Canadian units and under the SERP. Amounts shown for years prior to 2009 also include the change in value of benefits under the Molson Coors Retirement Plan or the U.S. tax qualified defined benefit pension plan, which was transferred to MillerCoors at the time the joint venture was formed.

All Other Compensation (Column (i))

The amounts reported in the All Other Compensation Column reflect the sum of (i) the incremental cost to the Company of all perquisites and other personal benefits; (ii) the amount of any tax reimbursements; (iii) the amounts contributed by the Company to the Molson Coors Brewing Company Savings and Investment Plan (Thrift Plan) and the Molson Coors Brewing Company Supplemental Savings and Investment Plan (Supplemental Thrift Plan); and (iv) the dollar value of life insurance premiums paid by the Company. The amounts contributed to the Thrift Plan and Supplemental Thrift Plan (collectively, Thrift Plans) are calculated on the same basis for all participants in the relevant plan. The material provisions of the Thrift Plans are described beginning on page 40.

The table below outlines the perquisites and other personal benefits that are required to be disclosed under SEC rules. The table also outlines the additional all other compensation required to be disclosed under SEC rules. A **Yes** indicates that the NEO received the amount but is not required to be disclosed and a **No** indicates that the NEO did not receive the perquisite or personal benefit. A description of all perquisites and other personal benefits provided by the Company in 2010 follows the table.

(1) This column includes SOSARs and stock options that have not vested. Stock options and SOSARs vest in equal annual installments over a 3 year period, subject to acceleration of vesting in the event of a change in control or certain termination events.

(2) This column indicates the stock option and SOSAR strike price.

(3) This column indicates the expiration date for stock options and SOSARs which is ten years from the date of grant.

(4) This column includes unvested RSUs which, except as described in this note, vest on the third anniversary of the date of grant, based on continuing employment, subject to acceleration in the event of a change in control or certain termination events. Mr. Coors' 16,000 unvested RSUs are part of a grant of 80,000. The settlement of Mr. Coors' RSUs is deferred until 6 months after termination of employment.

Edgar Filing: MOLSON COORS BREWING CO - Form DEF 14A

(5) Market value of RSUs that have not vested is calculated by multiplying the number of unvested RSUs by the closing market price of \$50.93 on December 23, 2010.

(6) The value of Performance Units is calculated based on target values as of the date of grant. For the phase-in Performance Units with a one year vest, the target value is \$3.04 per unit and, based on 2009 considered EPS results, will pay out at \$3.27 per unit; for the phase-in Performance Units that vest over 2 years, the target value is \$ 6.38 per unit and for the 3 year Performance Units the target value is \$10.05 per unit.

Edgar Filing: MOLSON COORS BREWING CO - Form DEF 14A

Swinburn and Glendinning (through December 31, 2010) using an assumed retirement age of 60 (age 55 for Mr. Swinburn) a discount rate of 5.7%, a price inflation rate of 3.6%, and pension increases which are assumed to be 3.5% for pre-April 2006 contributions and 3.0% for post-April 2006 contributions. The post-retirement mortality is determined from the PA80 C08 mortality table with medium cohort improvements from 2010. The average annual exchange rate for 2010 of 1.5468 U.S. dollars to the British Pound was used to complete the currency conversion. The UK pension plan was frozen to future benefit accrual effective April 11, 2009.

Mr. Coors Pension

The present value of accumulated benefits for Mr. Coors represents a change to Mr. Coors retirement benefit approved in 2009. Through this change, Mr. Coors Non-Qualified plan balance (valued at the end of 2008 at \$4,755,548) and the post retirement Salary Continuation Plan Agreement (valued at \$4,141,657 at the end of 2008) were converted to a single sum value of \$7,500,000 as of the beginning of 2009. The new plan credits the balance with 4% interest annually until Mr. Coors retirement. At that time Mr. Coors will receive the balance as a lump sum.

Table of Contents**Canadian Pension**

The qualified and non-qualified balances for Mr. Perkins are displayed in the table above. The material provisions are described on page 39. Mr. Perkins' balances were converted from Canadian to U.S. dollars using the average annual exchange rate for 2010 of 1.0313 Canadian dollars to the U.S. dollar.

SUMMARY OF MATERIAL PLANS

Retirement Plans

Pension Benefits Plan

United States Participants

The Company froze its U.S. qualified pension plan in 2008 and the assets and liabilities of the plan were transferred to MillerCoors. During 2009, the Company converted its supplemental executive retirement plan (SERP) and excess benefit plan into the Supplemental Thrift Plan. The Supplemental Thrift Plan covers selected employees affected by federal tax rules limiting the amount of compensation that may be taken into account or benefits that such employees may receive under U.S. tax qualified retirement plans sponsored by the Company. At the time the Supplemental Thrift Plan was formed, it assumed liabilities from the SERP and excess benefit plan. As noted above, in 2009, upon agreement of the Board and Mr. Coors, Mr. Coors' Salary Continuation Plan (SCP) and non-qualified deferred compensation plan balances were converted into a new retirement benefit which will be payable as a lump sum at the time of his retirement. This new agreement is described under the caption Mr. Coors' Pension on page 37.

Canadian Participants

Edgar Filing: MOLSON COORS BREWING CO - Form DEF 14A

The Company maintains qualified and non-qualified defined benefit plans and qualified and non-qualified defined contribution plans for certain Canadian employees, including Mr. Perkins. The non-qualified SERP defined benefit plan provides for an annual pension benefit, payable at age 65, equal to 2% of the participant's highest 3 year average earnings for each year of service up to 25 years and 1% for years in excess of 25. For purposes of calculating benefits under this plan, earnings include base salary and bonus.

The benefits to which participants are eligible under the non-qualified SERP defined benefit plan are reduced by the amount of benefits that the participant is entitled to under the defined contribution plans and the qualified and non-qualified defined benefit plan. Under the defined contribution plans, the Company contributes an amount equal to 5.5% of the participant's base salary annually. The qualified and non-qualified defined benefit plans are defined benefit career average plans with a current formula of 1% of participant's base annual salary up to the Year's Maximum Pensionable Earnings (YMPE) plus 1.4% of base annual salary in excess of the YMPE. The amount set forth in the table above for Mr. Perkins represents the present value of Mr. Perkins' accumulated benefits under the Company's non-qualified SERP defined benefit plan, reduced by the present value of the benefits to which he is entitled under the Company's qualified and non-qualified wrap-around defined benefit plan.

Non-qualified defined benefit plan provisions are the same as the qualified defined benefit plan based on the excess of the benefits that exceed the Income Tax Limit.

United Kingdom Participants

Effective April 1, 2009, the Company froze its UK defined benefit plan for all employees. For Mr. Swinburn, the rate of accrual was 1/30th per year of service based on plan provisions in place at the time he joined the plan. Final pensionable pay is defined as a one-year average of basic pay. The benefit is earned on a straight line approach and capped at a maximum of 20 years' service. Normal retirement age for executive participants is age 60, although Mr. Swinburn chose to draw his benefits from age 55 without reduction for early payment under an enhanced early retirement facility. Once pension payments have commenced, the benefit is increased each year by a cost of living adjustment subject to a maximum of 5% per year. (For accruals after April 5, 2006, the maximum adjustment has been

Table of Contents

reduced to 3%). For purposes of calculating the present value of accumulated benefits in the table above, the annual cost of living adjustment has been assumed to be 3.6% annually.

The Thrift Plan

The Thrift Plan is a broad-based tax qualified contribution plan that applies on the same terms for most U.S. employees. The Company contributes to each participant's account an amount equal to (i) 100% of the participant's contributions but not more than 4% of the participant's compensation or the amount allowable under the limits imposed under the Code, whichever is lower (Matching Contribution); and (ii) 5% of the participant's compensation or the amount allowable under the limits imposed under the Code, whichever is lower (Non-elective Contribution). For 2010, compensation over \$245,000 may not be taken into account under the Thrift Plan. The Company's contributions are made in cash. Employees are immediately vested in the Matching Contributions. Non-elective contributions vest after the completion of 3 years of service.

The Supplemental Thrift Plan

The Supplemental Thrift Plan makes employees whole when the Code limits the Company contributions that otherwise would be credited to them under the Thrift Plan. The Company makes up for amounts that cannot be credited under the Thrift Plan by crediting the employee with the Company contributions in cash. Participants are immediately vested in their Supplemental Thrift Plan benefit. Employees are not permitted to make contributions to the Supplemental Thrift Plan.

Incentive Plans

Annual Incentives

The Company maintains the MCIP as a sub-plan under the Incentive Plan. The Compensation Committee may designate one or more criteria from the list outlined in the Incentive Plan. Target annual incentives are established for each participant. No payments can be made under the Incentive Plan if a minimum level of performance is not achieved.

Long Term Incentives

Stock Options

Edgar Filing: MOLSON COORS BREWING CO - Form DEF 14A

The Company has outstanding options under the Incentive Plan, Adolph Coors Company Equity Incentive Plan (1990 Plan) and the Molson Inc. 1988 Canadian Stock Option Plan (Molson Plan). The plans provide that the exercise price must be at least equal to 100% of the fair market value of the underlying shares on the date of grant.

All grants under the 1990 Plan and the Molson Plan are vested. Under the Incentive Plan, vesting accelerates in connection with a change in control and for retirement eligible employees, in all cases other than termination for cause.

Stock Appreciation Rights

The Company has outstanding, stock appreciation rights, or SARs, under the Incentive Plan, SARs may be granted to participants at any time as determined by the Plan Committee. The plans permit the Company to grant freestanding SARs, tandem SARs, or any combination of these forms of SARs. The grant price for each grant of a freestanding SAR must be at least equal to 100% of the fair market value of the underlying shares on the date of grant. The grant price of tandem SARs will be equal to the exercise price of the related option. Generally, the term of an SAR shall not exceed 10 years.

All grants under the 1990 Plan and the Molson Plan are vested. Under the Incentive Plan, vesting accelerates in connection with a change in control and for retirement eligible employees, in all cases other than termination for cause.

Restricted Stock Units

The Company has outstanding RSUs under the Incentive Plan. The Company may impose such conditions or restrictions on any shares of restricted stock units granted pursuant to the Plan as it may deem advisable including, without limitation, a requirement that participants pay a stipulated purchase price for each restricted stock unit, restrictions based upon the achievement of specific performance goals, time based restrictions on vesting following the attainment of the performance goals, time based restrictions, or restrictions under applicable laws or under the requirements of any stock exchange or market upon which such shares are listed or traded, or holding requirements or sale restrictions placed on the shares by the Company upon vesting of such restricted stock or RSUs.

Table of Contents

A participant has no voting rights with respect to any RSUs granted. The Company may provide for dividend equivalents to be credited with respect to any RSUs granted.

In the event of death or disability, or for retirement eligible employees in all cases other than termination for cause, RSU vesting is accelerated on a pro-rata basis. In the event of a change in control, all RSUs vest.

Performance Units

The Company has outstanding Performance Units under the Incentive Plan. In connection with the grant of Performance Units or performance shares, the Compensation Committee will set performance goals in its discretion which, depending on the extent to which such goals are met, will determine the value or number of Performance Units paid to the participant.

The form and timing of payment of earned Performance Units and performance shares shall be determined by the Compensation Committee. The Compensation Committee, in its sole discretion, may pay earned Performance Units in the form of cash or in shares (or in a combination thereof) equal to the value of the earned Performance Units at the close of the performance period. Any shares may be granted subject to restrictions deemed appropriate by the Compensation Committee.

In the event of death or disability, or for retirement eligible employees in all cases other than termination for cause, Performance Unit vesting is accelerated on a pro-rata basis. In the event of a change in control, all Performance Units vest.

CIC Program

The CIC Program provides benefits to participants in the event that their employment is terminated within a specified period following a change in control. In the event of a change in control, under the CIC Program, the benefits for participants are:

- A lump sum payment of the sum of salary and target annual bonus times the applicable multiplier (3x for the NEOs, other than Mr. Coors).
- A pro rata annual bonus covering the performance year in which the employee is terminated due to CIC.

- For executives participating in a U.S. health plan, the ability to continue health coverage under COBRA at the same cost sharing level as active employees.
- Up to 12 months of outplacement services, and
- Accelerated vesting of stock options, restricted stock, RSUs, and other stock based awards, with awards remaining exercisable until the earlier of one year after termination of employment or the expiration of the term of the award.

Under the CIC Program, cause will arise in the event of conviction of certain crimes, commission of certain illegal acts or breaches of the code of conduct, or willful failure to perform duties. Good reason for a participant will arise following a change in control if the Company fails to pay the participant as promised, materially reduces or modifies the participant's position, responsibilities or authority, or requires relocation outside a 50 mile radius of the participant's location of employment. For purposes of the CIC Program, a change in control will occur if an individual or group acquires voting stock of the Company sufficient to have more voting power than the Voting Trust established under the Class A Common Stock Voting Trust Agreement, there is an unwelcome change in the majority of the Board or a merger or other business combination occurs and the Voting Trust no longer holds more than 50 percent of the voting power. The CIC Program supersedes change in control provisions in individual employment agreements. As a condition of accepting participation in the CIC Program, eligible employees are required to enter into confidentiality and non-compete agreements in favor of the Company. The non-compete provisions of the CIC Program protect the Company whether or not a change in control occurs. Mr. Coors does not participate in the CIC Program.

DIRECTOR COMPENSATION

We use a combination of cash and stock-based incentive compensation to ensure desired stability of the Board and to secure the Company's ongoing ability to attract high caliber individuals to serve on the Board. In setting director compensation, the Company considers the significant amount of time that Directors expend in fulfilling their duties to the Company, the skill level required of members of the Board, as well as the compensation of directors at our peer companies. As with executive officers, we have a minimum share ownership requirement for Directors.

All Directors are reimbursed for any expenses incurred while attending Board or committee meetings and in connection with other Company business. In situations where spouses are invited to attend, these expenses are

Table of Contents

reimbursed as well. The Compensation Committee, with assistance from Pay Governance, the Compensation Committee's Compensation Consultant, reviews and makes recommendations to the Board annually with respect to the form and amount of Director compensation.

For 2010, non-employee directors received an annual cash retainer of \$100,000 and an annual equity grant of \$100,000. The Chairman and Vice Chairman are entitled to an additional fee of \$75,000. Additionally, the chairmen of the Audit Committee, Compensation Committee and Finance Committee receive additional cash retainers as follows: (i) Audit - \$15,000; (ii) Compensation - \$8,000; and (iii) Finance - \$5,000.

As employee members of the Board, Mr. Swinburn and Mr. Coors receive no additional compensation for their services as Board member and Chairman of the Board. All compensation provided by the Company to Mr. Swinburn and Mr. Coors is reported in the Summary Compensation Table.

In 2006, the Board adopted a Directors Stock Plan. Under the terms of this plan, non-employee Directors may elect to receive 50% or 100% of their annual retainer in the form of either (i) shares of Company common stock, or (ii) deferred stock units (DSUs), with the balance, in each case, being paid in cash. DSUs represent the right to receive shares of Company common stock when the Director's service on the Board terminates.

The table below summarizes the compensation paid by the Company to Directors for the fiscal year ended December 25, 2010.

PROPOSAL NO. 3 ADVISORY VOTE ON EXECUTIVE COMPENSATION (THE SAY ON PAY VOTE)

Pursuant to the requirements of the Dodd-Frank Act, the Company seeks a non-binding advisory vote from holders of Class A common stock and Class A exchangeable shares to approve the compensation of its NEOs as described in the Compensation Discussion and Analysis beginning on page 22 and the Executive Compensation section beginning on page 30. This proposal is also referred to as the say on pay vote.

2010 Performance

Company performance in 2010 was good. We made progress in building our brands, innovating, reducing costs, strengthening our balance sheet and generating cash. We introduced new brands and value-enhancing innovations in each of our businesses to drive the top line, exceeded all of our cost-reduction targets for the year, and used a portion of our free cash flow to fund our pensions and reduce balance sheet risk. As a result, we achieved solid growth in pretax income and free cash flow, despite continued input cost inflation and weak industry volume. Financial highlights include:

- Income from continuing operations, net of tax: \$668.1 million, -8.4% (\$3.57 per diluted share)
- Underlying pretax income: \$794.4 million, +10.6%
- Underlying after-tax income: \$666.9 million, -5.7% (\$3.56 per diluted share)
- Underlying free cash flow: \$924.3 million, +26.8%

- Net sales: \$3,254.4 million, +7.3%

Underlying pretax income, underlying after-tax income and underlying free cash flow differ from what is reported under GAAP. See the Investors section of our website, www.molsoncoors.com, for a reconciliation of non-GAAP financial measures to our results as reported under GAAP.

The Board recommends that stockholders vote FOR the following resolution:

RESOLVED, that the stockholders approve, on an advisory basis, the compensation of the Company's Named Executive Officers, as disclosed in this proxy statement, including the Compensation Discussion and Analysis, the executive compensation tables, and the related narrative.

Because your vote is advisory, it will not be binding upon the Board. However, the Board values stockholder opinions and the Compensation Committee will take into account the outcome of the vote when considering future executive compensation arrangements.

The Board of Directors recommends a vote FOR the advisory vote on executive compensation.

PROPOSAL NO. 4 ADVISORY VOTE ON THE FREQUENCY OF HOLDING THE SAY ON PAY VOTE

In addition to the advisory vote on executive compensation set forth in Proposal No. 3 above, the Dodd-Frank Act requires that stockholders have the opportunity to vote on how often they believe the advisory vote on executive compensation should be held in the future.

Table of Contents

The Board believes that holding an advisory vote on executive compensation every 3 years is the most appropriate policy for our stockholders and the Company at this time. The Company's long-term incentive compensation programs generally have 3 year performance periods. As such, an advisory vote on executive compensation every 3 years enables stockholders to include the Company's performance against these performance periods in analyzing the Company's pay practices.

While the Board recommends that stockholders vote to hold the say on pay vote every 3 years, the voting options are to hold the say on pay vote every year, every 2 or every 3 years. Stockholders may also abstain from voting on this proposal.

Because your vote is advisory, it will not be binding upon the Board. However, the Board values the opinion expressed by stock holders and will consider the outcome of the vote when determining the frequency of the say on pay vote. While the Board is making a recommendation with respect to this proposal, stockholders are being asked to vote on the choices specified above, and not whether they agree or disagree with the Board's recommendation.

The Board of Directors recommends a vote for holding the say on pay vote EVERY 3 YEARS.

To be eligible for inclusion in Molson Coors' proxy statement for the 2012 annual meeting of stockholders pursuant to SEC rule 14a-8, stockholder proposals must have been received by Molson Coors by December 16, 2011.

For proposals not intended to be included in the proxy statement or nominations of persons to stand for election to the Board, the bylaws require that such stockholder must be entitled to vote at the annual meeting and must have given timely notice of the stockholder proposal in writing to the Corporate Secretary of Molson Coors, and such business must be a proper matter for action by holders of the class of stock held by such stockholder. To be timely for the 2012 annual meeting of stockholders, a stockholder's notice shall have been delivered to the Corporate Secretary at the principal executive offices of Molson Coors no earlier than January 26, 2012 and no later than February 25, 2012 and must include the information required by Section 1.9.2 of our bylaws.

You can request to receive a copy of our Form 10-K at no charge. You should send your written requests to our Corporate Secretary at 1225 17th Street, Suite 3200, Denver, Colorado 80202. The exhibits to the Form 10-K are available upon payment of charges that approximate our cost of reproduction.

5. What is householding?

The SEC allows us to deliver a single Notice of Internet Availability of Proxy Materials and set of proxy materials to an address shared by 2 or more of our stockholders. This delivery method, referred to as householding, can result in significant cost savings for us. As a result, stockholders who share the same address and hold some or all of their shares of common stock through a broker, bank or other nominee may receive only one copy of the Notice of Internet Availability of Proxy Materials, or upon request, the proxy materials, as the case may be, unless the broker, bank or other nominee has received contrary instructions from one or more of the stockholders at that address. Certain brokers, banks and other nominees have procedures in place to discontinue duplicate mailings to stockholders sharing an address. Beneficial owners that desire to eliminate duplicate mailings should contact their broker, bank or other nominee for more information, and stockholders of record should submit their request by contacting Broadridge, Householding Department, 51Mercedes Way, Englewood, NY 11717 or call them at 800-542-1061.

The Company will deliver promptly, upon written or oral request, a separate copy of the proxy statement and annual report to a stockholder at a shared address to which a single copy of the documents was delivered. A stockholder preferring to receive his/her own set of the Notice of Internet Availability of Proxy Materials and/or proxy materials now or in the future, should contact Broadridge, Householding Department, 51Mercedes Way, Englewood, NY 11717 or call them at 800-542-1061. However, please note that any stockholder who wishes to receive a paper or email copy of the proxy materials for purposes of voting at this year's Annual Meeting should follow the instructions included in the Notice of Internet Availability that was sent to the stockholder.

As of the date of this proxy statement, Molson Coors received no proposal, nomination for director or other business submitted in accordance with its bylaws for consideration at the Annual Meeting, other than that set forth in the Notice of Annual Meeting of Stockholders and as more specifically described in this proxy statement, and, therefore, it is not expected that any other business will be brought before the Annual Meeting. However, if any other business should properly come before the Annual Meeting, it is the intention of the persons named on the
