Financial review
On 5 May 2014, Portugal Telecom subscribed a share capital increase of Oi through the contribution in kind of the PT Assets, defined as its 100% interest in PT Portugal, which as of that date included all operational businesses of Portugal Telecom Group except for the subsidiaries Bratel BV, Bratel Brasil, S.A., PTB2, S.A. and Marnaz, S.A. and the investments in Oi, Contax and its controlling shareholders. As a result of the contribution to the Oi share capital increase on 5 May 2014:
• PT increased its effective interest in Oi from 23.2%, previously held through Bratel Brasil, to an economic interest of 39.7%, held through a total direct interest of 35.8% (32.8% in Portugal Telecom and 3.0% in Bratel Brasil) and an indirect interest of 3.9% held through the controlling shareholders of Oi.
• The investment in Oi is classified in accordance with the provisions of IFRS 5 as from 5 May 2014 and accordingly measured at fair value based on the quote prices of Oi s shares at the balance sheet date.
• As a result of all transactions that were necessary to implement in connection with the contribution of assets to Oi s capital increase and the low historical carrying value of some of the assets in PT s consolidated statement of financial position, Portugal Telecom recorded a gain of Euro 701 million that then was partially offset by the write off of certain tax assets, namely its tax losses carried forward recognized as an deferred tax assets at its 2013 balance sheet amounting to Euro 208 million as of 5 May 2014, following the discontinuing of the Portuguese operations that supported this tax loss.
• The earnings and losses of all businesses contributed to Oi share capital increase were presented as discontinued operations and accordingly the income statements for the 1H13 and 2Q13 were restated.

Non-controlling interests	4.0	13.3	13.6	26.3
Net income attributable to controlling interests	360.0	257.3	345.2	284.0

Consolidated operating costs amounted to Euro 13 million in 1H14 and Euro 8 million in 1H13, reflecting higher third party expenses related to the ongoing business combination between Portugal Telecom and Oi and also higher indirect costs related to those expenses.

Net other gains of Euro 126 million in 1H13 include mainly a gain resulting from the settlement of contractual obligations related to the acquisition of the investment in Oi in 2011, by a lower amount than the liability recognized.

Net interest income amounting to Euro 10 million in 1H14 and Euro 8 million in 1H13 relate mainly to term deposits held by Portugal Telecom and Bratel Brasil, as Portugal Telecom s debt prior to the Oi share capital increase was transferred to Oi as part of PT Assets.

Losses in joint ventures correspond to Portugal Telecom s share in the losses of joint ventures up to 5 May 2014, based on the equity method of accounting, since as from that date the investment in Oi is measured at fair value based on the share price of Oi s shares with the related changes in fair value being included under the caption Net losses on financial assets and other investments . PT s share in the losses of joint ventures decreased to Euro 38 million in 1H14 as compared to Euro 60 million in 1H13, reflecting mainly a capital gain recorded by Oi in the first quarter of 2014 relating to the disposal of mobile telecommunication towers, amounting to R\$ 1,247 million (equivalent to approximately Euro 60 million corresponding to PT s share, net of taxes), and lower interest expenses

Table of Contents

from Oi s controlling shareholders, which in 2014 relate to only four months as compared to six months in 2013. These effects were partially offset by higher interest costs, higher net other financial expenses and lower revenues.

Net losses on financial assets and other investments in 1H14 correspond to the loss resulting from the reduction in the fair value of the investment in Oi between 5 May and 30 June 2014, since as from 5 May 2014 this investment is classified as held for distribution to owners and accordingly measured at fair value based on the quote price of Oi s shares.

Net other financial losses reflect mainly certain bank commissions and other financial services, including in 2Q14 certain financial costs incurred in connection with the business combination between Portugal Telecom and Oi, namely financial taxes paid for the transfer of funds to Brasil.

Income taxes amounted to a gain of Euro 4 million in 1H14, corresponding basically to the tax effect on operating costs and other financial expenses net of interest income recorded in the period. The change compared to the same period of last year reflects mainly higher operating and net other financial costs.

Net income from discontinued operations in 1H14 includes primarily a gain recorded in connection with Oi s share capital increase, totalling Euro 701 million, partially offset by the write-off of tax losses of Euro 208 million recorded on the same date due to the discontinuing of Portuguese businesses that supported the recognition of that deferred tax loss. Adjusting for these effects, discontinued operations reported a net loss of Euro 9 million in 1H14, as compared to a net income of Euro 259 million in 1H13 that reflects primarily the gain recorded in connection with the disposal of the equity investment in CTM in 2Q13 (Euro 310 million), partially offset by certain provisions and adjustments recorded in the same period to adjust the carrying value of certain assets to their corresponding recoverable amounts.

Net income attributable to non-controlling interests amounted to Euro 14 million in 1H14 and Euro 26 million in 1H13, reflecting mainly lower income from African businesses in 2014 up to 5 May, when these businesses were contributed to Oi s share capital increase.

Net income increased to Euro 345 million in 1H14 as compared to Euro 284 million in 1H13, reflecting primarily (1) the gain recorded in connection with Oi s share capital increase as described above, and (2) lower losses in joint ventures recorded through the equity method of accounting. These effects were partially offset by (1) the net income from discontinued operations in 1H13, amounting to Euro 259 million, which reflected mainly the gain recorded in connection with the disposal of the equity investment in CTM (Euro 310 million), (2) net other gains recorded in 2Q13 (Euro 126 million), related mainly to the settlement of contractual obligations resulting from the acquisition of Oi, and (3) the loss recorded in 2Q14 due to the reduction in the fair value of the investment in Oi as from 5 May (Euro 71 million).

Total liabilities	58.2	10,153.6
Equity excluding non-controlling interests	2,291.2	1,641.3
Non-controlling interests		225.5
Total equity	2,291.2	1,866.8
Total liabilities and shareholders equity	2,349.4	12,020.4

The decrease in **total assets** and **total liabilities** reflect the assets and liabilities of the businesses that were contributed to Oi share capital on 5 May 2014, explaining the reduction across the majority of captions of the consolidated statement of financial position.

Non-current assets held for distribution to owners as at 30 June 2014 correspond to the fair value of the investment in Oi based on quote prices of Oi s shares as of that date. The investment in Oi is classified in accordance with the provisons of IFRS 5 and accordingly measured at fair value based on the quote prices of Oi s shares, since this fair value is lower than the previous carrying amount.

Shareholders equity excluding non-controlling interests amounted to Euro 2,291 million as at 30 June 2014, compared to Euro 1,641 million as at 31 December 2013, an increase of Euro 650 million reflecting (1) the net income generated in the period (Euro 345 million), (2) positive foreign currency translation adjustments of Euro 213 million, related mainly to the impact of the appreciation of the Brazilian Real against the Euro, and (3) the reversal of treasury shares related to 10% interest in Portugal Telecom held by Oi (Euro 159 million), following the remeasuring of this investment from the equity accounting to fair value. These effects were partially offset by dividends attributed to PT s shareholders on 30 April 2014 (Euro 86 million) and paid on 30 May.

02 Business performance
The Business Combination
Following the memorandum of understanding disclosed to the market on October 2, 2013 (the Memorandum of Understanding), Portugal Telecom, Oi and the main shareholders of both companies announced their intention to implement a combination of the businesses of Portugal Telecom and Oi (the Business Combination) into a single listed company governed by the laws of Brazil, which has now been determined to be CorpCo.
The Business Combination transaction, as initially considered, involved three principal steps:
• A first step involving a share capital increase of Oi (the Oi Capital Increase), completed on May 5, 2014, with the issuance of common shares and preferred shares in a subscription offer totaling R\$8,250 million in cash, including the proceeds resulting from the exercise of the greenshoe option, and the issuance of common shares and preferred shares to Portugal Telecom in exchange for Portugal Telecom s transferring to Oi (i) all of Portugal Telecom s operational assets, except for interests held directly or indirectly through Bratel Brasil, SA (Bratel Brasil) and PTB2 SA (PTB2) - in Oi, Contax Participações, SA, and Bratel BV, and (ii) substantially all of Portugal Telecom s liabilities at the time of transfer, which the valuation report valued at a net value (i.e. assets minus liabilities) of R\$5,709.9 million. Concurrently with the Oi Capital Increase, Portugal Telecom subscribed, through its Brazilian subsidiaries, convertible debentures issued by companies within the chain of control of AG Telecom Participações SA (AG Telecom) and of LF Tel SA (LF Tel), and these companies subscribed convertible debentures of TmarPart. All of such debentures have been converted, and, as a result, PT acquired an additional stake in these companies within the chain of control of AG Telecom and LF Tel and, indirectly, in TmarPart and Oi;
• A second step involving a Brazilian law incorporation of shares (the Merger of Shares), pursuant to which, subject to the approval of holders of Oi and CorpCo common shares, all Oi shares, other than those held by CorpCo, would be exchanged for CorpCo common shares, with Oi thereby becoming a wholly-owned subsidiary of CorpCo. At the same time, CorpCo would become listed on the Novo Mercado segment of the BM&FBOVESPA, SA Bolsa de Valores, Mercadorias e Futuros (the BM&FBOVESPA). Concurrently with the Merger of Shares, the control structure of CorpCo was expected to be simplified through the corporate reorganization of the various holding companies having direct and indirect shareholder interests in CorpCo, as a result of which, among other effects, PT would directly hold the Oi shares corresponding to its indirect interest in CorpCo (the Corporate Reorganization); and
• A third step involving the later merger through incorporation, under Portuguese and Brazilian law, of Portugal Telecom by and into CorpCo, with the latter being the surviving company (the Merger), and as a result of which the shareholders of Portugal Telecom would receive a total amount of shares of CorpCo equal to the amount of shares of that company held by Portugal Telecom immediately prior to the Merger. The shares of CorpCo, the entity resulting from the abovementioned transactions, would be

Table of Contents

listed on the Novo Mercado segment of the BM&FBOVESPA, on the NYSE Euronext Lisbon regulated market (Euronext Lisbon), and on the New York Stock Exchange (NYSE).

The transaction was thus characterized as a friendly merger, and it was left to the management of both companies (which included certain members exercising management positions at both companies as a result of the cross-shareholdings between the companies) to implement such transactions, subject to approval by the shareholders at general meetings. With respect to PT, the first and third steps of the Business Combination were to be subject to the approval of PT s shareholders at general meetings.

Oi Capital Increase

In the context of the Business Combination, the Oi Capital Increase has already taken place, whereby, as expected, part of the new shares issued by Oi were subscribed by Portugal Telecom through a contribution in kind corresponding to all of the shares of PT Portugal, SGPS, SA (PT Portugal), a company that held all the operational assets corresponding to the businesses of the companies of the Portugal Telecom group (Portugal Telecom Group) (with the exception of the interests held, directly or indirectly, in Oi, Contax Participações, SA, and Bratel BV) and the respective liabilities on the date of their contribution (PT Assets). The PT Assets were contributed based on the value set forth in a proposal of the Board of Directors of Oi to the general meeting of Oi s shareholders based on a valuation report issued by an independent, specialized institution - Banco Santander (Brasil) SA, engaged by Oi for that purpose in accordance with applicable Brazilian legislation, which valuation report was approved at the Oi general shareholders meeting held on March 27, 2014. For more information regarding the valuation methods and criteria used by Banco Santander (Brasil) SA for the issuance of the valuation report, see the copy attached as Annex 1 to the proposal of the PT Board of Directors to the general shareholders meeting held last March 27, and available at www.cmvm.pt.

As indicated above, given its importance, PT s subscription to the Oi Capital Increase was subject to and approved by the shareholders of PT at a general shareholders meeting.

Upon completion of the Oi Capital Increase, Oi became a company with significant presence in the principal segments of the telecommunications markets in Portugal and Brazil, while at the same time holding the interests previously held by PT in Africa.

Given the strong complementarity and convergence of PT and Oi s infrastructures, there is a significant potential for joint operation of their businesses, with the resulting development of products and services that are innovative and more far-reaching, as well as for the capture of operational and financial synergies.

On March 27, 2104, the general meeting of Oi s shareholders approved the aforementioned valuation report and the contribution of the PT Assets to Oi, which assets were valued at R\$5,709.9 million - corresponding to Euro 1,750 million, using the conversion rate from Reais to Euros on February 20, 2014 (that is, R\$3.2628 per Euro), as set forth in the previous agreements - the amount for which the general shareholders meeting of Portugal Telecom, also held on March 27, approved the contribution of the PT Assets in the context of the Oi Capital Increase.

The Oi Capital Increase was completed on May 5, 2014, where Portugal Telecom subscribed for 1,045,803,934 common shares and 1,720,252,731 preferred shares of Oi in exchange for the contribution of all of the shares of PT Portugal, owner of the PT Assets. As a result, Portugal Telecom currently owns, as its sole material asset, a direct and

Table of Contents

indirect interest of 39.7% of Oi s share capital, including 39.0% of the voting share capital (excluding indirect interests through TmarPart, AG Telecom and LF Tel in Oi).

The PT Assets contributed by PT in the context of the Oi Capital Increase included a creditor position with respect to Rio Forte Investments, SA (Rioforte) - a company within GES - corresponding to certain short-term investments subscribed for or acquired by two companies which at the time were wholly-owned subsidiaries of Portugal Telecom namely, PT Portugal and Portugal Telecom International Finance, BV (PTIF) in the aggregate amount of Euro 897 million, as further detailed below (the Rioforte Investments).

On July 15, 2014, the Rioforte Investments held by the above mentioned subsidiaries in the amount of Euro 847 million matured. On July 17, the additional portion of Euro 50 million of the Rioforte Investments also matured.

Rioforte failed to repay the amounts due under the Rioforte Investments on their respective maturity dates, and on July 22 and 24, 2014, the additional grace periods during which the payment of the Rioforte Investments due on July 15 and 17, respectively, could have been made, also lapsed without the amounts due having been paid.

Shareholder agreements

Under the agreements relating to the Business Combination as currently in effect, if the second step of the Business Combination, which includes the Merger of Shares and the Corporate Reorganization, is not completed by December 31, 2014, the parties will no longer be bound to exercise their respective voting rights in the applicable companies in favor of approving all the steps for Corporate Reorganization and the Merger of Shares expected to occur during this second step, or of the Merger which was expected to occur during the third step of the Business Combination.

In this case, the shareholders agreements relating to TmarPart (the TmarPart Shareholder Agreements) entered into or amended on January 25, 2011, and on February 19, 2014, will remain in force, with the quorum requirements provided for in the agreements to be adjusted in consideration of the percentage interests held by BNDES Participações SA - BNDESPAR (BNDESPAR), Caixa de Previdência dos Funcionários do Banco do Brasil (PREVI), Fundação Petrobras de Seguridade Social - PETROS (PETROS), and Fundação dos Economiários Federais - FUNCEF (FUNCEF) on December 31, 2014, in order to ensure that the voting rights of such shareholders are equal to those on February 19, 2014, and provided they have not reduced their respective shareholder interests before December 31, 2014 through the sale of shares to third parties that are not original signatories of the Global Shareholders Agreement (as defined below) or their related parties.

The TmarPart Shareholder Agreements included (a) a general shareholders agreement, entered into by all TmarPart shareholders - AG Telecom, LF Tel, Fundação Atlântico de Seguridade Social (FATL), Bratel Brasil, BNDESPAR, PREVI, PETROS, and FUNCEF - as parties, and by TmarPart and Portugal Telecom, as intervening parties (Global Shareholders Agreement) and (b) a separate shareholders agreement entered into only among AG Telecom, LF Tel, and FATL as parties, and TmarPart as intervening party (Control Group Shareholders Agreement).

- Rights of first offer are granted to the shareholders with respect to the transfer of shares issued by PASA and EDSP;
- Tag-along rights are granted in favor of Portugal Telecom, in the event of the sale of PASA and EDSP shares by AGSA or Jereissati Telecom, as applicable; and
- A general restriction on the sale of shares issued by PASA and EDSP by AGSA or Jereissati Telecom, as applicable, to competitors of Portugal Telecom.

If the Business Combination is not completed by December 31, 2014, any of the shareholders party to the PASA Shareholders Agreement or the EDSP Shareholders Agreement may send a notification of non-occurrence of the reorganization and require the adoption of the necessary measures in order for Bratel Brasil, PTB2, AGSA and Jereissati Telecom to receive shares of capital stock of Oi held by AG Telecom and LF Tel, in proportion to their respective direct and indirect capital interests in those entities.

The implementation of the second step of the Business Combination, which includes the Corporate Reorganization and the Merger of Shares, requires a further pre-meeting of the shareholders of CorpCo to approve the accounting valuation reports required for the implementation of such transactions, among other matters.

Subsequent events
Corporate bodies
1. July.14 PT announced that Fernando Magalhães Portella and Otávio Marques de Azevedo resigned to the respective offices as non-executive member of PT s Board of Directors.
30. July.14 PT announced that Amílcar Carlos Ferreira de Morais Pires resigned from the respective office as non-executive member of PT s Board of Directors.
4. August.14 PT announced that Joaquim Aníbal Brito Freixial de Goes resigned from the respective office as non-executive member of PT s Board of Directors.
7. August.14 l PT announced that Henrique Granadeiro, PT's Chairman and CEO, informed the PT s Board of Directors that, having conducted affairs to the point of being able to convene a fully informed Shareholder Assembly, he has tendered his resignation from all roles in PT s Board of Directors.
Rioforte Investments
16. July.14 PT and Oiannounced that they remain committed to the full completion of their business combination and have signed a new Memorandum of Understanding (MOU).

The MOU has been signed following the non-repayment by Rioforte, a company of GES, of the Euro 847 million matured portion of the outstanding Euro 897 million treasury applications (Rioforte debt) subscribed to by the PT group. The Rioforte debt is currently held in subsidiaries that were contributed to Oi on 5 May 2014 in the context of the business combination announced on 2 October 2013.

28 July.14 | PT and Oi announced that they have reached an agreement on the final terms of the key contracts following the MOU announced on 16 July 2014.

The execution of the definitive documentation is subject to the approval by the General Shareholders Meeting of PT and the Board of Directors of Oi. The documentation establishes that:

- PT will exchange (Exchange) with Oi the Euro 897 million treasury applications in Rio Forte Investments SA (Rioforte debt) for 474,348,720 Oi ON shares plus 948,697,440 Oi PN shares (the Oi Call Shares);
- PT will be granted a non-transferrable American-type call (Call) to repurchase the Oi Call Shares (strike prices of R\$2.0104 ON and R\$1.8529 PN), which will be adjusted by the Brazilian CDI rate plus 1.5% per

17

Table of Contents

year;

- The Call on the Oi Call Shares will become effective on the date of the Exchange, will have a 6-year maturity, and the Oi Call Shares that PT has the right to call will be reduced by 10% at the end of the 1st year and by 18% per year thereafter;
- Any proceeds received as a result of a monetization of the Call through the issuance of derivatives or back to back instruments must be used to exercise the Call;
- PT can only acquire Oi or CorpCo shares through the exercise of the Call;
- The Call would be cancelled should (i) PT s bylaws be voluntarily amended to remove the 10% voting limitation, (ii) PT act as a competitor to Oi, or (iii) PT breach certain obligations under the definitive documentation, and
- The contracts will be executed as soon as all corporate approvals have been obtained and the Exchange is subject to the approval of Comissão de Valores Mobiliários in Brazil and should be executed on or before March 2015.

The terms of the agreements to be submitted by the Board to the General Shareholders Meeting until 21 days before the Meeting will also include an agreed alternative structure to the incorporation of PT into CorpCo as previously announced aimed at achieving the following objectives:

- Allow for the merger of Oi and CorpCo and migration to the Novo Mercado to be implemented as soon as possible, with the listing of CorpCo on BM&F Bovespa, Euronext Lisboa and NYSE;
- Subject to shareholder approval at a General Shareholders Meeting to be specifically convened for such purpose, PT shareholders will receive all shares of CorpCo held by PT, corresponding to the ownership interest in CorpCo of 25.6%, adjusted for the treasury shares resulting from the execution of the Exchange, and prior to any exercise of the Call, and
- PT to remain listed with the interest in the Rioforte debt and the Call as its only material asset.

13. August.14 | PT disclosed the proposal and information statement relating to the single item on agenda (to deliberate, under the proposal of the Board of Directors, on the terms of the agreements to be executed between PT and Oi within the business combination of these two companies) for the Shareholders General Meeting to be held on 8 September 2014.

Below is a summary of some of the information contained in the information statement disclosed on 13 August 2014:

Agreement on the terms for proceeding with the Business Combination

On July 28, 2014, PT and Oi defined the terms of the principal definitive agreements (the Definitive Agreements) that, subject to the approval by the General Shareholders Meeting of PT of the execution of the agreements to be entered into with Oi for proceeding with the implementation of the Business Combination with the necessary adjustments, and subject to the approval of the board of directors of Oi, will be entered into between, on the one hand, PT, and on the other hand, Portugal Telecom International Finance B.V. and PT Portugal, SGPS, S.A. (collectively, the Oi Subsidiaries), as well as with Oi and CorpCo, and the purpose of which is to establish the terms and conditions pursuant to which the transactions agreed upon between Oi and PT for proceeding with the second step of the Business Combination, including the Merger of Shares and the Corporate Reorganization, may be enacted, as described above. The Definitive Agreements are governed by Brazilian law.

18

Table of Contents

The Definitive Agreements provide for (i) an exchange pursuant to which PT will acquire the Rioforte Investments from the Oi Subsidiaries, and in exchange, PT will transfer to the Oi Subsidiaries common and preferred shares issued by Oi (or by CorpCo, if the exchange is implemented after the Merger of Shares); and (ii) the Oi Subsidiaries will grant PT a call option to acquire Oi shares.

Given that the transactions described above involve Oi shares that will be treasury shares, the consummation of the Exchange (as defined below) and the subsequent effectiveness of the Call Option (as defined below) are subject to approval by the Brazilian Securities Commission (*Comissão dos Valores Mobiliários* or CVM) of (a) the receipt of the Exchange Shares by the Oi Subsidiaries; (b) the maintenance of Oi treasury shares (and, after the Merger of Shares, of CorpCo shares) in an amount equivalent to the maximum number of Exchange Shares (as defined below); and (c) the grant of a call option by the Oi Subsidiaries to PT for an amount equivalent to the maximum number of Exchange Shares. If CVM approval cannot be obtained by March 31, 2015, the Exchange will not be consummated and the Call Option will not become effective in accordance with the terms set forth in the Definitive Agreements.

Principal terms of the Exchange Agreement and Other Covenants (Exchange Agreement)

The Oi Subsidiaries and PT will effect an exchange whereby PT will transfer to the Oi Subsidiaries 474,348,720 common shares and 948,697,440 preferred shares of Oi, it being specified that both classes of shares are listed (Exchange Shares), and the Oi Subsidiaries will, in exchange, deliver the Rioforte Investments to PT (Exchange). If the Exchange takes place only after the Merger of Shares, PT will deliver 1,348,193,932 common shares of CorpCo (which will also be listed) to the Oi Subsidiaries. The Rioforte Investments we will acquire under the Definitive Agreements to be considered by the General Shareholders Meeting may ultimately have no value.

The consummation of the Exchange, with the transfer of the Exchange Shares to the Oi Subsidiaries and of the Rioforte Investments to PT must be completed within 3 (three) business days after the date of CVM approval.

The Exchange Agreement further provides that once the Exchange will have been consummated, Oi, CorpCo and the Oi Subsidiaries will grant PT and its directors a release in relation to the subscription for or acquisition of the treasury applications in the Rioforte Investments and their later contribution to the Oi Capital Increase, as well as an express waiver by Oi and the Oi Subsidiaries of any right to file a claim or to claim indemnification (with the express and exclusive exception of claims relating to the right of recourse against PT with respect to third-party claims) by virtue of the Rioforte Investments and their contribution in the context of the Oi Capital Increase or any omissions or incomplete information related specifically to the Rioforte Investments, their situation and the risks involved.

Principal terms of the Call Option Agreement and Other Covenants (Call Option Agreement)

Pursuant to the Call Option Agreement, the Oi Subsidiaries will grant to PT a non-transferable, American type call option (the Call Option) to acquire 474,348,720 common shares and 948,697,440 preferred shares of Oi (or 1,348,193,932 common shares of CorpCo, after the Merger of Shares) (the Call Option Shares).

PT may exercise the Call Option, in whole or in part, at any time, during a period of six years, as from the date of the consummation of the Exchange. The original number of Call Option Shares that PT is entitled to purchase pursuant to the Call Option will be reduced by 10% upon the first anniversary of the effective date of the Call Option and by 18% on each successive anniversary.

Table of Contents

The Call Option exercise price will be R\$1.8529 per preferred share and R\$2.0104 per common share issued by Oi (and, if applicable, R\$2.0104 per common share issued by CorpCo), in each case adjusted by the Brazilian CDI rate plus 1.5% per annum, calculated *pro rata temporis*, from the date of the Exchange and through the date of effective payment of the price of exercise, in full or in part, of the Call Option. The exercise price of the Call Option must be paid in cash, in immediately available funds, on the date of the transfer of the Call Option Shares.

If PT Portugal, SGPS, S.A., Portugal Telecom International Finance B.V., and/or any subsidiary of Oi does not hold, in treasury, a sufficient number of Call Option Shares to deliver to PT, the Call Option may be settled by payment in cash by the Oi Subsidiaries to PT of the amount corresponding to the difference between the market price for the Call Option Shares on the business day immediately preceding the exercise of the Call Option and the applicable exercise price corresponding to these shares.

So long as the Call Option is in effect, PT will be precluded from acquiring Oi shares or CorpCo shares, directly or indirectly, other than through the exercise of the Call Option. PT may not assign or transfer the Call Option and may not grant any rights associated with the Call Option, including any guarantees without Oi s consent. If PT issues, directly or indirectly, derivative instruments indexed, backed by or related to shares of Oi or CorpCo, it must immediately use all the financial proceeds received, directly or indirectly, in these transactions for the acquisition of Call Option Shares.

Oi may terminate the Call Option if (i) the bylaws of PT are voluntarily amended to delete or amend the provision that limits the voting rights of any shareholder to 10% of the total voting rights of PT; (ii) PT begins to compete with Oi; or (iii) PT breaches certain obligations under the Call Option Agreement.

The Call Option will automatically expire if the Exchange is not implemented by March 31, 2015.

Other information related to the operation, corporate approvals, and the Business Combination

The terms and conditions of the Definitive Agreements were approved on July 28, 2014 by the Board of Directors of PT. The execution of the Definitive Agreements, the implementation of the Exchange and the grant of the Call Option described above are subject to certain conditions, including, among other corporate approvals, approval by the General Shareholders Meeting of PT and the board of directors of Oi.

The following matters will also be submitted to a pre-meeting of the shareholders of CorpCo: (i) the proposed alternative structure under analysis for the integration of the shareholder bases of PT and CorpCo upon completion of the incorporation of Oi s shares not covered by the Exchange, and, if viable, the admission to trading of CorpCo shares on the BM&FBOVESPA, NYSE and Euronext Lisbon; (ii) amendments to the bylaws of CorpCo to include a limitation of 7.5% on the voting rights applicable to (a) PT, and (b) any other shareholder who receives a percentage interest in CorpCo greater than 15% of CorpCo s share capital as a result of the potential integration of the shareholder bases of PT and CorpoCo, excluding any shares of CorpCo already held by that shareholder or that are acquired through other means; and (iii) amendments to the deadlines and other provisions of the amendments to the shareholders—agreements, the temporary voting agreement and the agreements relating to the termination of the shareholders—agreements, all of which were entered into on February 19, 2014.

Following the consummation of the Exchange, PT intends to pursue, to the full extent permitted by the law, the available legal and procedural options against Rioforte and any relevant related parties with a view to obtaining

Table of Contents

repayment of the Rioforte Investments, including in any debt restructuring under the controlled management ($gestion\ contrôl\'ee$) procedures in accordance with Luxembourg law.

Finally, PT intends to maintain its shares listed on the Euronext Lisbon market after the consummation of the Exchange and the grant of the Call Option, to the extent the listing requirements for such market continue to be met.

Table of Contents
05 Main risks and uncertainties
The events and circumstances described below could result in a significant or material adverse effect on the financial condition of Portugal Telecom and a corresponding decline in the market price of the ordinary shares of Portugal Telecom or the Portugal Telecom ADSs, as the case may be.
Exchange rates
Foreign currency exchange rate fluctuations on Brazilian Real against the Euro affect the translation of the results attributable to Portugal Telecom and therefore can impact its results and asset position. As mentioned in Note 16, a gain of Euro 58 million was recorded in other comprehensive income, reflecting the impact of the appreciation of the Brazilian Real against the Euro between 5 May 2014 and 30 June 2014.
Oi stock price
Oi s stock price fluctuation can impact Portugal Telecom results and assets position, since as mentioned in Note 3 of the financial statements, this investment is measured at fair value based on the quote price of Oi s shares.
At 30 June 2014, a loss of Euro 71 million was recorded in the Consolidated Income Statement under the caption Net Losses on financial assets and other investments , corresponding to the impact of the reduction in the price of Oi s share.
Credit
Risks related to treasury activities result mainly from cash deposits made by Portugal Telecom. In order to dilute these risks, Portugal Telecom s treasury policy is based on the following guidelines:
• Investments on available funds are only made in bank deposits, therefore any other type of investment is excluded;
• The counterparty financial institutions must have credit rating;
• Implementation of a threshold by counterparty of 34% of total amount of bank deposits;

New Memorandum of Understanding (MoU) signed between Portugal Telecom and Oi

On 28 July 2014, following the non-repayment by Rio Forte of the Euro 897 million treasury applications, Portugal Telecom and Oi reached an agreement on the final terms of the key contracts following the new MoU signed in 16 July 2014. The execution of the definitive documentation is subject to the approval by the General Shareholders Meeting of Portugal Telecom scheduled for 8 September 2014, the Board of Director of Oi and Brazilian Securities

Table of Contents

Commission (Comissão de Valores Mobiliários Brasileira) regarding the Exchange Agreement and the Call Option Agreement.

As a result, we draw your attention to the following risk factors and warnings related to the approval of the execution of such agreements, as well as of their non-approval:

- The Rioforte Investments that we will acquire in the proposed Exchange are in default, and we may not be able to recover any of the amounts outstanding under these investments;
- Upon completion of the transactions contemplated by the Definitive Agreements, the Call Option will be one of our only assets, and its value will be affected by a number of factors beyond our control;
- We may not have sufficient financial resources to exercise the Call Option;
- The Definitive Agreements contain significant restrictions on our activities and contemplate limits on the voting rights of any shareholder of CorpCo;
- The Merger is no longer expected to occur, but the specific terms of an alternative structure to implement the Business Combination have not yet been determined. The implementation of the Business Combination remains subject to uncertainty and may not lead to the benefits that we, Oi and CorpCo expect to achieve;
- You should not make any decision regarding an alternative structure to implement the Business Combination unless and until the specific terms of an alternative structure have been determined and submitted for shareholder approval, in which case you should not make any decision until you review the materials provided in connection with that shareholder meeting;
- The Exchange and the grant of the Call Option may be completed without the Call Option ever being exercised or without the remaining steps of the Business Combination ever being implemented;
- We may not be able to maintain our listing on the Euronext Lisbon regulated market after the implementation of the Exchange and the grant of the Call Option and/or if an alternative structure to the Business Combination is implemented thereafter in which our shareholders receive shares of CorpCo;
- Portugal Telecom may be liable for taxes for fiscal year 2014 or subsequent fiscal years as a result of the execution of the Definitive Agreements:
- Portugal Telecom could be subject to liabilities relating to any future litigation or governmental or regulatory inquiries relating to the Rioforte Investments or the Business Combination;
- Portugal Telecom could be subject to liabilities and restrictions relating to future disputes that may arise if no agreement is reached with Oi;
- The negotiations relating to the execution of the Definitive Agreements were led by the Board of Directors of PT, which has decided to submit its decision for approval by the shareholders.

Detailed information regarding the risks factors associated with the execution or non execution of the Definitive Agreements are set forth in section 6 Risk Factors and Warnings on the information statement regarding the agreements between Portugal Telecom, SGPS, SA, and Oi, SA in relation to the terms for proceeding with the Business Combination, the execution of which will be submitted for approval at the General Shareholders Meeting Scheduled for 8 September 2014.

Group)	12,119,672
Total	23,642,885

On 2 January 2014, PT further disclosed a change in the composition of the qualified holding held by Visabeira Group. On 27 December 2013, Visabeira Investimentos Financeiros, SGPS, S.A., was merged into Visabeira Estudos e Investimentos, S.A.. As a result of said merger, 12,119,672 ordinary shares representing 1.352% of PT s share capital and corresponding voting rights which were held directly by Visabeira Investimentos Financeiros, SGPS, S.A. are now held directly by Visabeira Estudos e Investimentos, S.A..

Visabeira Estudos e Investimentos, S.A., is 100% owned by Visabeira Participações Financeiras, SGPS, S.A., which is 100% owned by Visabeira Group, which also holds directly 11,523,213 ordinary shares representing 1.285% of PT s share capital and corresponding voting rights.

Table of Contents

Therefore, a qualified holding corresponding to 23,642,885 ordinary shares representing 2.637% of PT s share capital and corresponding voting rights was attributed to the Visabeira Group. This qualified holding remained above the 2% threshold as was previously disclosed.

PT was further informed that a holding corresponding to 78.2642% of the share capital of Visabeira Group and corresponding voting rights is directly held by the company NCFGEST, SGPS, S.A., which in turn is 100% owned by Mr Fernando Campos Nunes. Therefore, Visabeira Group s qualified holding is also attributed to these entities.

• On 6 May 2014, PT informed that Instituto de Gestão de Fundos de Capitalização da Segurança Social, IP in the capacity of manager of Fundo de Estabilização Financeira da Segurança Social held 20,260,743 PT shares, corresponding to 2.26% of the share capital and voting rights in PT.

PT was further informed that this situation resulted of a share capital reduction executed by PT, on 10 December 2008, from Euro 28,277,855.31 to Euro 26,895,375.00. Following this transaction, FEFSS held 20,474,902 ordinary shares representing 2.28% of PT s share capital and corresponding voting rights.

• On 3 February 2010, Controlinveste International Finance, S.A. held 20,419,325 PT shares, corresponding to 2.28% of the share capital and voting rights in PT.

PT was informed that Controlinveste International Finance, S.A. was fully owned by Controlinveste International, S.à.r.l., which was owned by Controlinveste Comunicações, SGPS, S.A. and Olivedesportos Publicidade, Televisão e Media, S.A., and that Controlinveste Comunicações, SGPS, S.A. was fully owned by Olivedesportos Publicidade, Televisão e Media, S.A., which, in turn, was fully owned by Sportinveste, SGPS, S.A. This latter company was fully owned by Controlinveste, SGPS, S.A., which, in turn, was fully owned by Mr. Joaquim Francisco Alves Ferreira de Oliveira. Pursuant to paragraph 1 of article 20 of the CVM, the voting rights corresponding to the above mentioned 20,419,325 PT shares representing 2.28% of PT s share capital continued to be attributed to Mr. Joaquim Francisco Alves Ferreira de Oliveira.

• On 4 April 2014, PT informed that Morgan Stanley held a qualified holding and a long position in PT representing 2.26% of PT s share capital and voting rights, as set out below:

Entities	No. of shares
Morgan Stanley & Co. International plc	8,589,777
Morgan Stanley & Co. LLC	11,565,892
Morgan Stanley Smith Barney LLC	87,344
Total	20,243,013

PT also informed that Morgan Stanley & Co. International plc held 50,505 ordinary shares via financial instruments, representing 0.01% of the share capital and voting rights in PT.

PT was informed that the parent company Morgan Stanley controls Morgan Stanley & Co. International plc, Morgan Stanley & Co. LLC and Morgan Stanley Smith Barney LLC, through the following chains of companies:

Shakhaf Wine does not own any securities issued by PT or other companies in a control or group relationship with PT.
Statutory Auditor

Pedro Matos Silva, Statutory Auditor, does not own any securities issued by PT or other companies in a control or group relationship with PT.

Table of Contents
07 Outlook
In the context of the Business Combination, it is worth mentioning certain corporate events that could be implemented following the execution of the agreements between PT and Oi, including the execution and implementation of the Exchange Agreement and the Call Option Agreement.
Initial scenario
First and foremost, it is worth recalling that, as initially delineated in the Memorandum of Understanding, at the time the PT shareholders were called to consider the contribution in the Oi Capital Increase, it was expected that, in the course of the Business Combination, and after the referred to capital increase operation, the steps listed below and described in section 1.1 would be implemented.
Simplification of the control structure of CorpCo - Corporate Reorganisation
The Business Combination would result in the simplification of the control structure of CorpCo. This simplification would proceed from the corporate reorganisation of the various holding companies having direct and indirect interests in CorpCo, as a result of which, among other effects, PT would directly hold the Oi shares corresponding to its indirect interest in CorpCo. The Corporate Reorganisation would take place simultaneously with the Merger of Shares.
Merger of Shares
Simultaneously, all of the shares of Oi would be incorporated into CorpCo, and Oi s common shares and preferred shares would be exchanged for common shares of CorpCo. As a result of this transaction, Oi would become a wholly-owned subsidiary of CorpCo.
Pursuant to the expected terms of the Merger of Shares, (i) each Oi common share issued and outstanding at the time of the Merger of Shares (excluding Oi common shares held by CorpCo in treasury or by shareholders who exercise any appraisal or withdrawal rights to which they may become entitled) would be automatically converted into one CorpCo common share, and (ii) each Oi preferred share issued and outstanding at the time of the Merger of Shares (excluding Oi preferred shares held by CorpCo or treasury shares) would be automatically converted into 0.9211 CorpCo common share.
It had initially been intended for the shares representing the share capital of CorpCo, the entity resulting from the various transactions constituting the Business Combination, to be listed on the Novo Mercado segment of BM&FBOVESPA, on the Euronext Lisbon regulated market and on the NYSE.

Table of Contents

PT Merger

Finally, the Business Combination would be completed with the merger of PT with and into CorpCo. This international merger would involve the incorporation of PT into CorpCo, as a result of which Portugal Telecom would cease to exist after the definitive commercial registration of the Merger. As a result of this merger, the former shareholders of PT would become direct shareholders of CorpCo.

New structure under analysis

In view of all the circumstances described above, if the agreements between PT and Oi, including the Exchange Agreement and the Call Option Agreement, are approved and entered into, and PT comes to hold the Rioforte Investments and the Call Option as described above, then PT and Oi have come to the conclusion that the implementation of the last step listed above, the Merger, would not be viable.

However, PT and Oi consider it to be in the best interest of both companies and their respective shareholders to proceed with the Business Combination already initiated with the contribution of the PT Assets by Portugal Telecom in the Oi Capital Increase, even if such process may be subject to certain necessary adjustments in light of recent circumstances. In fact, notwithstanding these adjustments, the implementation of the transactions simplifying the shareholder structure of CorpCo, as well as of the Merger of Shares to CorpCo remain valid and are considered positive in enabling the migration of CorpCo to the Novo Mercado segment of BM&FBOVESPA, benefiting from enhanced corporate governance standards, increased liquidity, diffused shareholdings in the market and acceleration of the synergies generated by the transaction.

Therefore, since the Merger cannot be implemented as mentioned, an alternative structure is currently under analysis, seeking to achieve, if possible, the results expected from the Merger, namely: the unification of the shareholder bases of both companies, with the attribution to PT shareholders of shares that Portugal Telecom would hold in CorpCo after the implementation of the Exchange, with the admission to trading of the shares of CorpCo on the BM&FBOVESPA, the Euronext Lisbon and the NYSE. The goal is to achieve these results as soon as possible, such that shareholders of PT come to be, in the shortest timeframe possible but always after the migration of CorpCo to the Novo Mercado holders of shares of CorpCo.

This alternative structure, which will have to be approved by the Board of Directors of PT and presented for the approval of PT shareholders at a general shareholders—meeting to be convened specifically for that purpose, would entail a reduction of the share capital of PT, in connection with which PT shareholders would receive CorpCo shares that PT would hold upon consummation of the Exchange. Accordingly, there would be no cash payment to shareholders, who would receive, in exchange for their canceled shares, assets with liquidity, in proportion to their interests held in PT.

As a prerequisite to this transaction, CorpCo shares would need to be listed on the Euronext Lisbon regulated market.

For this purpose, CorpCo must request the admission to trading of its shares on the Euronext Lisbon and prepare the corresponding prospectus to be approved by the Comissão do Mercado de Valores Mobiliários (CMVM) within a timeframe compatible with the overall timetable for the completion of the Corporate Reorganization and the subsequent Merger of Shares and migration of CorpCo to the Novo Mercado segment of the

Table of Contents

If the Board of Directors approves and proposes to PT shareholders a share capital reduction and PT shareholders also approve such transaction, shareholders of PT would, on the one hand, become shareholders in CorpCo as though the Merger of PT had been partially executed while maintaining, on the other hand, their respective shareholder interests in PT, which would still hold the Rioforte Investments, as well as the Call Option in accordance to the terms set forth above, and is expected to remain listed on the Euronext Lisbon, to the extent the listing requirements for such market are met.

Any share capital reduction that may be approved by the Board of Directors and submitted to the shareholders of PT must be approved, at a general shareholders—meeting to be convened specifically for that purpose, by shareholders representing two-thirds of Portugal Telecom—s outstanding capital, on the first call, with shareholders who hold shares representing at least one-third of the outstanding shares being present or represented. As such, it is possible that, even if PT consummates the Exchange, the capital reduction may not be carried out, namely if it fails to be approved by PT—s shareholders. In that event, PT would continue to hold the Rioforte Investments, the Call Option and CorpCo shares corresponding to approximately 25.6% of CorpCo—s share capital, subject to PT—s being limited to 7.5% of the voting rights of CorpCo, which limitation will be contained in the bylaws of CorpCo and which had previously been agreed upon when the definitive agreements on the terms and conditions of the Business Combination were executed on February 19, 2014.

It is worth bearing in mind that, under the terms of the Memorandum of Understanding, PT had the option to choose not to consummate its subscription to the Oi Capital Increase if its interest in CorpCo would, as a result of the subscription orders for the Oi Capital Increase, after the Merger of Shares, be equal to or less than 36.6% of CorpCo share capital. However, this option related only to the Oi Capital Increase which has already been completed and settled such that the exercise of this option is no longer available to PT.
