Item 1.01 Entry into a Material Definitive Agreement.

On January 12, 2015, Ecolab Inc. (the Company) entered into an underwriting agreement (the Underwriting Agreement) with Citigroup Capital Markets Inc. and J.P. Morgan Securities LLC, as representatives of the several underwriters listed therein (the Underwriters), pursuant to which the Company agreed to issue and sell to the Underwriters \$300,000,000 aggregate principal amount of its 1.550% Notes due 2018 (the 2018 Notes) and \$300,000,000 aggregate principal amount of its 2.250% Notes due 2020 (the 2020 Notes and together with the 2018 Notes, the Notes). The Notes will be issued pursuant to an Indenture (the Base Indenture), dated January 12, 2015, by and between the Company and Wells Fargo Bank, National Association, as trustee (the Trustee), as amended by the first supplemental indenture, dated January 15, 2015 (the First Supplemental Indenture, and together with the Base Indenture, the Indenture), between the Company and the Trustee.

The 2018 Notes bear interest at a rate of 1.550% per annum, payable semiannually on January 12 and July 12, beginning on July 12, 2015. The 2018 Notes will mature on January 12, 2018 and are redeemable at the Company's option in whole at any time or in part from time to time, at a make-whole redemption price specified in the Indenture.

The 2020 Notes bear interest at a rate of 2.250% per annum, payable semiannually on January 12 and July 12, beginning on July 12, 2015. The 2020 Notes will mature on January 12, 2020 and are redeemable at the Company's option in whole at any time or in part from time to time, at a make-whole redemption price specified in the Indenture.

Under the Indenture, specified changes of control involving the Company, when accompanied by a downgrade of the Notes below investment grade rating by both Moody's Investors Services, Inc. and Standard & Poor's Ratings Services within a specified time period, constitute change of control repurchase events. Upon the occurrence of a change of control repurchase event with respect to either series of the Notes, unless the Company has exercised its option to redeem such series of Notes, it will be required to offer to repurchase them at a price equal to 101% of the aggregate principal amount thereof, plus any accrued and unpaid interest to the date of repurchase.

The Indenture contains covenants that limit, among other things, the ability of the Company and its subsidiaries to incur liens on certain properties to secure debt, to engage in sale and leaseback transactions and to transfer certain property, stock or debt of any restricted subsidiary to any unrestricted subsidiary (each as defined in the Indenture). The Indenture also provides for customary events of default, which include (subject in certain cases to a customary grace and cure periods), among others, nonpayment of principal or interest on the Notes; failure to comply with certain other covenants or agreements under the Indenture; and specified events of bankruptcy or insolvency. In the case of an event of default, the trustee or the holders of at least 25% in principal amount of the Notes then outstanding may declare all of the Notes to be due and payable immediately.

The Notes will be senior unsecured and unsubordinated obligations of the Company and will rank equally with all other senior and unsubordinated indebtedness of the Company from time to time outstanding.

The public offering price of the Notes was 99.962% of the principal amount of the 2018 Notes and 99.953% of the principal amount of the 2020 Notes. The Company received net proceeds (after deducting underwriting discounts and the Company's offering expenses) of approximately \$595.5 million and intends to use such net proceeds to repay a portion of its commercial paper borrowings.

Edgar Filing: ECOLAB INC - Form 8-K

The Notes were offered and sold pursuant to the Company's automatic shelf registration statement on Form S-3 (Registration No. 333-201445) under the Securities Act of 1933, as amended, which was filed and became effective on January 12, 2015. The Company has filed with the Securities and Exchange Commission a prospectus supplement, dated January 12, 2015, together with the accompanying prospectus, dated January 12, 2015, relating to the offering and sale of the Notes.

The above description of the Underwriting Agreement, the Base Indenture, the First Supplemental Indenture and the Notes is qualified in its entirety by reference to the Underwriting Agreement, the Base Indenture, the First Supplemental Indenture and the form of Notes, each of which is incorporated herein by reference and are attached to this Current Report on Form 8-K as Exhibits 1.1, 4.1, 4.2 and 4.3, respectively.

The Underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.
