Dear Veeco Stockholder:

On May 13, 2015, Veeco Instruments Inc. (Veeco or the Company) will hold its 2015 Annual Meeting of Stockholders (the Annual Meeting) at 333 South Service Road, Plainview, NY 11803, at 8:30 a.m. local time, to consider and vote upon the following matters and to transact such other business as may be properly presented at the meeting or any adjournment or postponement thereof:

1. Election of three directors to hold office until the 2018 Annual Meeting of Stockholders;
2. Advisory vote to approve executive compensation; and
3. Ratification of the appointment of our independent registered public accounting firm for 2015.

Only stockholders who own stock at the close of business on March 16, 2015 can vote at this meeting or any adjournments that may take place. For ten days prior to the Annual Meeting, a list of these stockholders will be available for inspection at our principal executive offices, Terminal Drive, Plainview, NY 11803. A stockholder may examine the list for any legally valid purpose related to the meeting.

Veeco's Board of Directors (Board of Directors or the Board) recommends that you vote FOR each of the listed nominees for Director and FOR proposals 2 and 3 above, which proposals are further described in this proxy statement. This proxy statement also outlines the corporate governance practices at Veeco, discusses our compensation practices and philosophy, and describes the Audit Committee's recommendations to the Board regarding our 2014 financial statements. We encourage you to read these materials carefully.

Whether or not you expect to attend the meeting, we urge you to vote promptly.

This year Veeco will be using the notice and access method of providing proxy materials to you via the internet. On or about March 30, 2015, you will receive a Notice of Internet Availability of Proxy Materials (the Notice), which includes instructions regarding voting your shares and requesting a printed copy of our proxy materials. We believe that this process will provide you with prompt access to our proxy materials, lower our cost of printing and delivering proxy materials, and minimize the environmental impact of printing paper copies.

PROXY STATEMENT

QUESTIONS AND ANSWERS

Q1. What matters will be voted on at the Annual Meeting?

The following matters will be voted on at the Annual Meeting:

- Proposal 1: Election of three directors to hold office until the 2018 Annual Meeting of Stockholders;

- Proposal 2: Advisory vote on executive compensation;

- Proposal 3: Ratification of the appointment of KPMG LLP as our independent registered public accounting firm for fiscal year 2015;
and

- Such other business as may properly come before the Annual Meeting or any adjournment or postponement of the Annual Meeting.

Q2. How does the Board of Directors recommend that I vote?

The Board of Directors recommends that you vote:

- FOR the election of the three directors nominated by the Board of Directors and named in this proxy statement;

- FOR the approval, on an advisory basis, of the compensation of our named executive officers; and

- FOR the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for fiscal year 2015.

Q3. Why am I receiving these materials?

Our Board of Directors has made these materials available to you on the internet, or, upon your request, has delivered printed proxy materials to you, in connection with the solicitation of proxies for use at the Annual Meeting, which will take place on Wednesday, May 13, 2015, at 8:30 a.m. local time, at 333 South Service Road, Plainview, NY 11803. As a stockholder, you are invited to attend the Annual Meeting and are requested to vote on the proposals described in this proxy statement.

Q4. Why did I receive a notice in the mail regarding the internet availability of proxy materials instead of a full set of proxy materials?

In accordance with the notice and access rules adopted by the Securities and Exchange Commission (the SEC), we may furnish proxy materials, including this proxy statement and our 2014 Annual Report to Stockholders, to our stockholders by providing access to such documents on the internet instead of mailing printed copies. Most stockholders will not receive printed copies of the proxy materials unless they request them. Instead, the Notice, which was mailed to most of our stockholders, will instruct you as to how you may access and review all of the proxy materials on the internet. The Notice also instructs you as to how you may access and submit your proxy card. If you would like to receive a paper or email copy of our proxy materials, you should follow the instructions for requesting such materials in the Notice.

Table of Contents

Q5. How do I get electronic access to the proxy materials?

The Notice will provide you with instructions regarding how to access the Notice of Annual Meeting, this proxy statement, your proxy card and Veeco's 2014 Annual Report to Stockholders. The proxy materials will be available on the internet starting on March 30, 2015, as described in the Notice. You will not receive a printed copy of these proxy materials unless you request them in accordance with the instructions provided in the Notice.

Q6. Who is entitled to vote?

You may vote if our records show that you owned shares of Veeco common stock on March 16, 2015, the record date for the meeting. At such time, 40,362,255 shares of Veeco common stock were issued and outstanding. You are entitled to one vote for each share that you own.

Q7. How can I vote if I own shares directly?

If your shares are registered directly in your name with our transfer agent, then you are considered the stockholder of record with respect to those shares and these proxy materials are being made available directly to you. Stockholders of record may vote by (1) marking, signing, dating and mailing each proxy card in the envelope provided or (2) attending the meeting and voting in person.

Q8. How can I vote if my shares are held through a brokerage, bank or similar organization?

If your shares are held in street name (that is, they are held in the name of a broker, bank or similar organization), you are considered the beneficial holder of such shares and these proxy materials are being made available to you by such organization. The organization holding your account is considered the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct the stockholder of record on how to vote the shares in your account. If you hold your shares through a broker and you do not give instructions to the record holder on how to vote, the record holder will be entitled to vote your shares in its discretion on certain matters considered routine. The New York Stock Exchange (NYSE) will determine whether the proposals presented at the Annual Meeting are routine or not routine. If a proposal is routine, a broker holding shares for an owner in street name may vote in its discretion on the proposal without receiving voting instructions from the owner. If a proposal is not routine, the broker or other entity may vote on the proposal only if the owner has provided voting instructions. A broker non-vote occurs when the broker is unable to vote on a proposal because the proposal is not routine and the street name owner does not provide any voting instructions. Please follow the voting instructions provided by the organization holding your shares to ensure your vote is counted. Under the rules of the NYSE, your broker does not have the discretion to vote your shares on non-routine matters such as Proposals 1 and 2. However, your broker does have discretion to vote your shares on routine matters such as Proposal 3. If you are not the stockholder of record, you may not vote your shares in person at the Annual Meeting unless you request and obtain a valid proxy from the stockholder of record.

Q9. What if I return a proxy card but do not make specific choices?

Edgar Filing: VEECO INSTRUMENTS INC - Form DEF 14A

If you return a signed and dated proxy card without marking any voting selections, your Veeco shares will be voted FOR the election of the nominees for director, FOR the approval, on an advisory basis, of the compensation of our named executive officers, and FOR the ratification of the selection of KPMG LLP as Veeco's independent registered public accounting firm for the fiscal year ending December 31, 2015. If any other matter is properly presented at the meeting or any adjournment or postponement thereof, your proxy (one of the individuals named on your proxy card) will vote your shares using his best judgment.

Table of Contents

Q10. How do I revoke or change my vote?

If you are a stockholder of record, you may revoke or change your vote by:

- (1) notifying Veeco's transfer agent, American Stock Transfer and Trust Company, Operations Center, 6201 15th Avenue, Brooklyn, NY 11219, in writing at any time before the meeting;
- (2) submitting a later-dated proxy at any time before the meeting; or
- (3) voting in person at the meeting.

The latest-dated, timely, properly completed proxy that you submit before the meeting will count as your vote. If a vote has been recorded for your shares and you submit a proxy card that is not properly signed and dated, the previously recorded vote will stand.

If your shares are held in street name, consult the voting instructions provided by the organization holding your shares or contact such organization for instructions on how to revoke or change your vote.

Q11. What is a quorum ?

There must be a quorum for the meeting to be held. A quorum will be present if stockholders holding at least a majority of the outstanding shares are present at the meeting or represented by proxy. If you submit a timely, properly executed proxy or vote instruction card, then you will be considered part of the quorum, even if you abstain from voting. In addition, shares represented by proxies designated as broker non-votes will be counted for purposes of determining a quorum.

Abstentions: Abstentions are not counted in the tally of votes FOR or AGAINST a proposal. A WITHHELD vote is the same as an abstention. Abstentions and withheld votes are counted as shares present and entitled to be voted.

Broker Non-Votes: Brokers or other nominees who hold shares of our common stock for a beneficial owner have the discretion to vote on routine proposals when they have not received voting instructions from the beneficial owner at least ten days prior to the Annual Meeting. A broker non-vote occurs when a broker or other nominee does not receive voting instructions from the beneficial owner and does not have the discretion to direct the voting of the shares. Broker non-votes will be counted for purposes of calculating whether a quorum is present at the Annual Meeting, but will not be counted for purposes of determining the number of votes present in person or represented by proxy and entitled to vote with respect to a particular proposal. Thus, a broker non-vote will not impact our ability to obtain a quorum and will not otherwise affect the outcome of the vote on a proposal that requires the approval of a majority of the votes present in person or represented by proxy and entitled to vote (Proposals 1, 2 and 3).

Table of Contents

Q12. How many votes are needed to approve each proposal?

Proposal:	Vote Required:	Broker Discretionary Voting Allowed?
Proposal 1 Election of Three Directors	Majority of the Shares Cast for Each Director Nominee	No
Proposal 2 Advisory Vote on Executive Compensation	Majority of the Shares Entitled to Vote and Present in Person or Represented by Proxy	No
Proposal 3 Ratification of Auditors for Fiscal Year 2015	Majority of the Shares Entitled to Vote and Present in Person or Represented by Proxy	Yes

With respect to Proposals 2 and 3, you may vote FOR, AGAINST or ABSTAIN. If you ABSTAIN from voting on either of these Proposals, the abstention will have the same effect as an AGAINST vote.

With respect to Proposal 1, you may vote FOR all nominees, WITHHOLD your vote as to all nominees, or FOR all nominees except those specific nominees from whom you WITHHOLD your vote. A properly executed proxy marked WITHHOLD with respect to the election of one or more directors will not be voted with respect to the director or directors indicated. Proxies may not be voted for more than three directors and stockholders may not cumulate votes in the election of directors.

If you abstain from voting on Proposal 1, the abstention will not have an effect on the outcome of the vote.

Q13. How will voting on any other business be conducted?

Although we do not know of any business to be considered at the Annual Meeting other than the proposals described in this proxy statement, if any other business is presented at the Annual Meeting or any adjournment or postponement thereof, your signed proxy or vote instruction card gives authority to John R. Peeler, Veeco's Chairman and Chief Executive Officer, and Shubham Maheshwari, Veeco's Executive Vice President and Chief Financial Officer, to vote on such matters at their discretion.

Q14. Who will count the vote?

Votes will be tabulated by an independent inspector of elections appointed for the Annual Meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes.

Q15. How can I find out the results of the voting at the Annual Meeting?

Voting results will be announced at the Annual Meeting and are expected to be posted shortly after the Annual Meeting on our website at www.veeco.com. Voting results will also be reported in a Current Report on Form 8-K, which is expected to be filed with the SEC within four business days after the Annual Meeting.

Q16. Who can attend the Annual Meeting?

All stockholders who owned shares on March 16, 2015 may attend.

Table of Contents

Q17. What does it mean if I get more than one Notice?

If your shares are registered in more than one name or in more than one account, you may receive more than one Notice. Please complete and return a proxy or vote instruction card for each Notice you receive to ensure that all of your shares are voted.

Q18. I have Veeco shares that are held in street name, as do others in my household. We received only one copy of the proxy materials. How can I obtain additional copies of these materials?

In a further effort to reduce printing costs and postage fees, we have adopted a practice approved by the SEC called householding. Under this practice, stockholders who have the same address and last name and who request printed copies of proxy materials will receive only one copy of our proxy materials, unless one or more of these stockholders notifies us that he or she wishes to continue receiving individual copies. Stockholders who participate in householding will continue to receive separate proxy cards.

If you share an address with another stockholder and received only one set of proxy materials, and would like to request a separate paper copy of these materials, please: (1) go to www.proxyvote.com and follow the instructions provided; (2) send an e-mail message to investorrelations@veeco.com with Request for Proxy Materials in the subject line and provide your name, address and the control number that appears in the box on the Stockholders Meeting Notice; or (3) call our Investor Relations department at 1-516-677-0200.

Q19. When are stockholder proposals for the 2016 Annual Meeting due?

In accordance with Rule 14a-8 of the Securities Exchange Act of 1934, as amended (the Exchange Act), stockholders who wish to present proposals for inclusion in the proxy materials prepared by the Company in connection with the 2016 Annual Meeting must submit their proposals so that they are received by the Secretary, Veeco Instruments Inc., Terminal Drive, Plainview, NY 11803 by December 2, 2015. Any such proposal must comply with the requirements of our Fourth Amended and Restated Bylaws, as amended (Bylaws), and Rule 14a-8 under the Exchange Act, which lists the requirements for the inclusion of stockholder proposals in company-sponsored proxy materials.

Generally, timely notice of any director nomination or other proposal that any stockholder intends to present at the 2016 Annual Meeting, but does not intend to have included in the proxy materials prepared by the Company in connection with the 2016 Annual Meeting, must be delivered in writing to the Secretary at the address above not less than 90 days nor more than 120 days before the first anniversary of the prior year's meeting. However, if we hold the 2016 Annual Meeting on a date that is not within 30 days before or 60 days after such anniversary date, we must receive the notice no later than 10 days after the earlier of the date we first provide notice of the meeting to stockholders or announce it publicly. In addition, the stockholder's notice must set forth the information required by our Bylaws with respect to each stockholder making the proposal and each proposal that such stockholder intends to present at the 2016 Annual Meeting.

For more information, including the information required to be included in a stockholder proposal, please refer to our Fourth Amended and Restated Bylaws, filed as exhibit 3.1 to our Current Report on Form 8-K, filed with the SEC on October 27, 2008, the amendment thereto filed

Edgar Filing: VEECO INSTRUMENTS INC - Form DEF 14A

as exhibit 3.1 to our Current Report on Form 8-K, filed with the SEC on May 26, 2010, and the amendment thereto filed as exhibit 3.1 to our Current Report on Form 8-K, filed with the SEC on October 24, 2011.

Q20. What is Veeco's process for nominating director candidates?

Veeco's Board of Directors is currently comprised of seven directors divided into three classes of Directors serving staggered three-year terms. Veeco proposes to add Susan Wang as a Class III Director.

Table of Contents

Ms. Wang was identified through a director search conducted by a third party search firm under the direction of the Governance Committee. In conducting this search, the Board was looking to add relevant industry experience and meaningful international business experience, among other qualities, and determined that Ms. Wang is ideally suited to serve on the Veeco Board.

Approximately one-third of Veeco's directors are elected each year by its stockholders at the annual meeting of stockholders. The Board of Directors is responsible for filling vacancies that may occur on the Board at any time during the year and for nominating director nominees to stand for election at the annual meeting of stockholders. The Governance Committee of the Board of Directors reviews all potential director candidates and recommends potential director candidates to the full Board. Director candidates may be identified by current directors of the Company, as well as by stockholders. The Governance Committee is comprised entirely of independent directors, as defined by The Nasdaq Stock Market LLC (Nasdaq). Pursuant to our Corporate Governance Guidelines, the Governance Committee will evaluate the suitability of potential nominees for membership on the Board, taking into consideration the Board's current composition, including expertise, diversity and balance of inside, outside and independent directors, and considering the general qualifications of the potential nominees, including those characteristics described in the Corporate Governance Guidelines as in effect from time to time. In selecting the director nominees, the Board endeavors to establish a diversity of background and experience in a number of areas of core competency, including business judgment, management, accounting and finance, knowledge of the industries in which the Company operates, understanding of manufacturing and services, strategic vision, knowledge of international markets, marketing, research and development and other areas relevant to the Company's business. Under our Corporate Governance Guidelines, the Board periodically conducts a critical self-evaluation, including an assessment of the make-up of the Board as a whole. In any particular situation, the Governance Committee may focus on persons possessing a particular background, experience or qualifications which the committee believes would be important to enhance the effectiveness of the Board. The full Board reviews and has final approval authority on all potential director candidates being recommended to the stockholders for election. The evaluation process for candidates recommended by stockholders is the same as for candidates from any other source. See the answer to Question 21 below regarding the process for stockholder nominations of director candidates.

Q21. Can a stockholder nominate someone to be a director of Veeco?

As a stockholder, you may recommend any person as a nominee for director of Veeco for consideration by the Governance Committee by submitting the name and supporting information in writing to the Governance Committee of the Board of Directors, c/o Secretary, Veeco Instruments Inc., Terminal Drive, Plainview, NY 11803. The deadlines for submitting stockholder nominations of directors are the same as those set forth in Question 19. In addition, the recommending stockholder must submit a written recommendation that sets forth the information required by our Bylaws with respect to the recommending stockholder and such stockholder's nominee, including the following:

- The candidate's name, age, address, principal occupation or employment, the number of shares of common stock such candidate beneficially owns, a brief description of any direct or indirect relationships with the Company, and the information that would be required in a proxy statement soliciting proxies for the election of the candidate as a director;
- A signed consent of the nominee to cooperate with reasonable background checks, requests for information and personal interviews, to be named in the proxy statement as a nominee and to serve as a director, if elected; and
- A description of all relationships or arrangements between the recommending stockholder and the candidate and any other person or persons (including their names) pursuant to which the recommendation is being made, as well as a list of all other companies that the stockholder has recommended the candidate to for election as a director in that year.

Q22. How can stockholders communicate with Veeco's Directors?

Stockholders may address communications (other than sales or employment-related communications) to one or more members of the Board by letter addressed to Secretary, Veeco Instruments Inc., Terminal Drive, Plainview, NY 11803. The Secretary will forward copies of all letters (other than sales or employment-related communications) to each Board member to whom they are addressed.

Q23. How much will this proxy solicitation cost?

MacKenzie Partners, Inc. was hired by Veeco to assist in the distribution of proxy materials and the solicitation of votes for a fee of \$12,500, plus reimbursement of out-of-pocket expenses. The expense of soliciting proxies will be borne by Veeco. In addition, Veeco may reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to stockholders. MacKenzie Partners may contact stockholders by mail, telephone, fax and personal interviews. Veeco has agreed to indemnify MacKenzie against certain liabilities and expenses in connection with such solicitation, including liabilities under the federal securities laws. Some personal solicitations also may be made by directors, officers and employees of Veeco without special compensation, other than reimbursement for expenses.

Q24. Who is soliciting my vote?

Your vote is being solicited by the Board of Directors of Veeco, on behalf of the Company, for the 2015 Annual Meeting of Stockholders to be held on Wednesday, May 13, 2015 at 8:30 a.m. (EST).

Q25. What proxy materials are available on the internet?

The proxy statement and our 2014 Annual Report on Form 10-K are available on our website at www.veeco.com.

CORPORATE GOVERNANCE

Veeco's Board of Directors and management are committed to responsible corporate governance to ensure that Veeco is managed for the long-term benefit of its stockholders. To that end, the Board of Directors and management review published guidelines and recommendations of institutional stockholder organizations and current best practices of similarly situated public companies. The Board and management periodically evaluate and, when appropriate, revise Veeco's corporate governance policies and practices in light of these guidelines and practices and to comply with the requirements of the Sarbanes-Oxley Act of 2002 and the rules and listing standards issued by the SEC and Nasdaq.

Corporate Governance Policies and Practices

Veeco has instituted a variety of policies and practices to foster and maintain corporate governance, including the following:

Corporate Governance Guidelines - Veeco adheres to written Corporate Governance Guidelines, adopted by the Board and reviewed by the Governance Committee from time to time. The Corporate Governance Guidelines govern director qualifications, conflicts of interest, succession planning, periodic board self-assessment and other governance matters. The Board has used an outside governance expert to facilitate the board self-assessment.

Code of Business Conduct - Veeco maintains written standards of business conduct applicable to all of its employees worldwide.

Code of Ethics for Senior Officers - Veeco maintains a Code of Ethics that applies to its Chief Executive Officer, Chief Financial Officer and Chief Accounting Officer.

Environmental, Health & Safety Policy - Veeco maintains a written policy that applies to all of its employees with regard to environmental, health and safety matters.

Director Education Policy - Veeco has adopted a written policy under which it encourages directors to attend, and provides reimbursement for the cost of attending, director education programs. A majority of Veeco's Board members has attended one or more director education programs accredited by Institutional Shareholder Service Inc. (ISS) within the past five years.

Disclosure Policy - Veeco maintains a written policy that applies to all of its employees with regard to the dissemination of information.

Edgar Filing: VEECO INSTRUMENTS INC - Form DEF 14A

Board Committee Charters - Each of Veeco's Audit, Compensation, Governance and Strategic Planning Committees has a written charter adopted by Veeco's Board that establishes practices and procedures for each committee in accordance with applicable corporate governance rules and regulations.

Copies of each of these documents can be found on the Company's website (www.veeco.com) via the Investors page.

Independence of the Board of Directors

Veeco's Corporate Governance Guidelines provide that at least two-thirds of the Board of Directors must be independent in accordance with the Nasdaq listing standards. In addition, service on other boards must be consistent with Veeco's conflict of interest policy and the nature and time involved in such service is reviewed when evaluating suitability of individual directors for election.

Table of Contents

Independence of Current Directors. Veeco's Board of Directors has determined that all of the directors are independent within the meaning of the applicable Nasdaq listing standards, except Mr. Peeler, the Company's Chairman and Chief Executive Officer, and Mr. Braun, the Company's former Chairman and former Chief Executive Officer.

Independence of Committee Members. All members of Veeco's Audit, Compensation and Governance Committees are required to be and are independent in accordance with Nasdaq listing standards.

Compensation Committee Interlocks and Insider Participation. During 2014, none of Veeco's executive officers served on the board of directors of any entity whose executive officers served on Veeco's Compensation Committee. No current or past executive officer of Veeco serves on our Compensation Committee. The members of our Compensation Committee are Messrs. D'Amore, Hunter and McDaniel.

Board Access to Independent Advisors. The Board members have full and free access to the officers and employees of Veeco and are permitted to retain independent legal, financial or other advisors as the Board or a Committee deems necessary.

Director Resignation Upon Change in Employment. The Corporate Governance Guidelines provide that a director shall submit his resignation if he changes his principal employment, from what it was when he was elected as a director, or undergoes a change affecting his qualification as a director or fails to receive the required number of votes for re-election. Upon such submission, the Board shall determine whether to accept or reject the resignation. If the resignation is tendered for failure to receive the required number of votes for re-election, the Governance Committee will also inform the Board of any other action it recommends be taken.

Board Leadership Structure

Mr. Peeler, the Company's Chief Executive Officer, also serves as Chairman of the Board. We have a separate, independent Lead Director. Although we do not have a formal policy addressing the topic, we believe that when the Chairman of the Board is an employee of the Company or otherwise not independent, it is important to have a separate Lead Director, who is an independent director.

Mr. McDaniel serves as the Lead Director. In that role, he presides over the Board's executive sessions, during which our independent directors meet without management, and he serves as the principle liaison between management and the independent directors of the Board. Mr. McDaniel has served as a Veeco director since 1998 and as Lead Director (or Presiding Director) since 2010.

We believe the combination of Mr. Peeler as our Chairman of the Board and Mr. McDaniel as our Lead Director is an effective structure for the Company. The division of duties and the additional avenues of communication between the Board and our management associated with this structure provides the basis for the proper functioning of our Board and its oversight of management.

The Board regularly reviews information regarding the Company's strategy, finances and operations, as well as the risks associated with each. The Audit Committee is responsible for oversight of Company risks relating to accounting matters, financial reporting, internal controls and legal and regulatory compliance. The Audit Committee undertakes, at least annually, a review to evaluate these risks. Individual members of the Audit Committee are each assigned an area of risk to oversee. The members then meet separately with management responsible for such area, including the Company's chief accounting officer, internal auditor and general counsel, and report to the Audit Committee on any matters identified during such discussions with management. In addition, the Governance Committee manages risks associated with the independence of the Board and potential conflicts of interest. The Company's Compensation Committee is responsible for overseeing the management of risks relating to the Company's executive compensation plans and arrangements. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board is regularly informed through committee reports about such risks.

Compensation Risk

Our Compensation Committee conducted a risk-assessment of our compensation programs and practices and concluded that our compensation programs and practices, as a whole, are appropriately structured and do not pose a material risk to the Company. Our compensation programs are intended to reward the management team and other employees for strong performance over the long-term, with consideration to near-term actions and results that strengthen and grow our Company. We believe our compensation programs provide the appropriate balance between short-term and long-term incentives, focusing on sustainable operating success for the Company. We consider the potential risks in our business when designing and administering our compensation programs and we believe our balanced approach to performance measurement and compensation decisions works to mitigate the risk that individuals will be encouraged to undertake excessive or inappropriate risk. Further, our compensation program administration is subject to considerable internal controls and when determining the principal outcomes—performance assessments and compensation decisions—we rely on principles of sound governance and good business judgment.

Certain Contractual Arrangements with Directors and Executive Officers

Veeco has entered into indemnification agreements with each of its directors, executive officers and certain senior officers and anticipates that it will enter into similar agreements with any future directors and executive officers. Generally, the indemnification agreements are designed to provide the maximum protection permitted under Delaware law with respect to indemnification of a director or executive officer. The indemnification agreements provide that Veeco will indemnify such persons against certain liabilities that may arise by reason of their status or service as a director or executive officer of the Company and that the Company will advance expenses incurred as a result of proceedings against them as to which they may be indemnified. Under the indemnification agreements, a director or executive officer will receive indemnification if he or she is found to have acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to, the best interests of Veeco and with respect to any criminal action, if he or she had no reasonable cause to believe his or her conduct was unlawful.

Certain Relationships and Related Transactions

The Company's Audit Committee charter provides that the Audit Committee, or one or more of its members, has the authority and responsibility to review and, if appropriate, approve all proposed related party transactions. For purposes of the Audit Committee's review, a related party transaction is a transaction, arrangement or relationship between the Company and any Related Party (defined below) where the aggregate amount will or may be expected to exceed \$120,000 and any Related Party had, has or will have a direct or indirect material interest (as such terms are used in Item 404 of Regulation S-K under the Exchange Act). A Related Party is: (i) any director, nominee for director or executive officer (as such term is used in Section 16 of the Exchange Act) of the Company; (ii) any immediate family member of a director, nominee for director or executive officer of the Company; (iii) any person (including any group as such term is used in Section 13(d) of the Exchange Act) who is known to the Company as a beneficial owner of more than five percent of the Company's voting common stock (a significant stockholder); and (iv) any immediate family member of a significant stockholder.

When reviewing a related party transaction, the Audit Committee will take into consideration all of the relevant facts and circumstances available to it, including (if applicable), but not limited to:

- the material terms and conditions of the transaction or transactions;

It is expected that Mr. Braun will retire from the Board in 2016.

The Company does not anticipate that the nominees for Director will be unable to serve, but if such a situation should arise, it is the intention of the persons named in the accompanying proxy to vote for the election of such other person or persons to fill the vacancy created thereby as the remaining members of the Board of Directors may recommend.

The Board of Directors recommends a vote FOR approval of the Director nominees named above.

Change in Independent Registered Public Accounting Firm

As reported on Company's Current Report on Form 8-K dated March 19, 2015, the Audit Committee approved the dismissal of EY as the Company's independent registered public accounting firm, effective as of March 16, 2015.

The reports of EY on the Company's consolidated financial statements for the fiscal years ended December 31, 2014 and 2013 did not contain any adverse opinion or disclaimer of opinion, and were not qualified or modified as to uncertainty, audit scope or accounting principles, and included explanatory paragraphs.

During the Company's fiscal years ended December 31, 2013 and 2014, and through March 16, 2015, (i) there were no disagreements (as that term is defined in Item 304(a)(1)(iv) of SEC Regulation S-K and the related instructions) between the Company and EY on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure which, if not resolved to the satisfaction of EY, would have caused EY to make reference thereto in EY's reports on the Company's consolidated financial statements for such years, and (ii) there were no reportable events (as that term is defined in Item 304(a)(1)(v) of SEC Regulation S-K), other than the identification of material weaknesses in the Company's internal control over financial reporting as described in Item 4 of the Company's Forms 10-Q for the quarters ended March 31, 2013, June 30, 2013 and September 30, 2013, all of which were remedied as of December 31, 2013.

On March 18, 2015, the Audit Committee approved the appointment of KPMG as the Company's independent registered public accounting firm to perform independent audit services beginning with the fiscal year ending December 31, 2015. During the Company's fiscal years ending December 31, 2013 and 2014, and through March 18, 2015, neither the Company, nor anyone acting on behalf of the Company, consulted KPMG regarding either (i) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered with respect to the consolidated financial statements of the Company, and neither a written report nor oral advice was provided to the Company by KPMG that KPMG concluded was an important factor considered by the Company in reaching a decision as to any accounting, auditing or financial reporting issue; or (ii) any matter that was the subject of a disagreement or a reportable event, as such terms are defined in Item 304(a)(1) of SEC Regulation S-K.

Independence Assessment by Audit Committee

The Company's Audit Committee considered and determined that the provision of the services provided by EY as set forth above did not compromise, and is compatible with maintaining, EY's independence.

Representatives of KPMG will be present at the Annual Meeting and may make a statement if they so desire. They will also be available to respond to appropriate questions. The Company does not expect that a representative of EY will be present at the Annual Meeting.

Stockholders are asked to ratify the action of the Board of Directors in making this appointment. If this appointment is not ratified by the stockholders, the Audit Committee will reconsider the appointment. Even if the appointment is ratified, the Audit Committee, in its discretion, may direct the appointment of a different registered public accounting firm at any time during the year if the Audit Committee determines that

such change would be in the Company's and the stockholders' best interests.

The Committee operates under a charter adopted by the Board, a copy of which is available on Veeco's website (www.veeco.com). Management has primary responsibility for the financial statements and the reporting process including the system of internal control over financial reporting. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed the audited financial statements included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2014 (the 2014 Annual Report on Form 10-K) and the quarterly financial statements for 2014 with management, including the specific disclosures in the section entitled Management Discussion and Analysis of Financial Condition and Results of Operations. The review with management included a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

The Committee reviewed with the independent registered public accounting firm, who is responsible for expressing an opinion on the conformity of those audited financial statements with U.S. generally accepted accounting principles, their judgment as to the quality, and not just the acceptability, of the Company's accounting principles and any such other matters as are required to be discussed with the Audit Committee by SAS 61, as amended by SAS 90, *Communication with Audit Committees* and PCAOB Auditing Standard No. 5, *An Audit of Internal Control Over Financial Reporting That is Integrated With an Audit of Financial Statements and related Independence Rule and Conforming Amendments*. In addition, the Audit Committee has discussed with the independent registered public accounting firm the auditors' independence from management and the Company including the matters in the written disclosures and the letter from the independent auditors required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence, and the matters required to be discussed by SAS 90 and considered the compatibility of non-audit services with the auditors' independence and satisfied itself as to the independence of the independent registered public accounting firm.

During 2014, management evaluated the Company's system of internal control over financial reporting in accordance with the requirements set forth in Section 404 of the Sarbanes-Oxley Act of 2002 and related regulations. The Audit Committee was kept apprised of the progress of the evaluation and provided oversight and advice to management during the process. In connection with this oversight, the Committee received periodic updates provided by management and the independent registered public accounting firm at each regularly scheduled Audit Committee meeting. At the conclusion of the process, management provided the Audit Committee with a report on the effectiveness of the Company's internal control over financial reporting. The Audit Committee also reviewed the report of management contained in the Company's 2014 Annual Report on Form 10-K, as well as the Reports of Independent Registered Public Accounting Firm (included in the 2014 Annual Report on Form 10-K). These reports relate to its audit of (i) the consolidated financial statements and (ii) the effectiveness of internal controls over financial reporting. The Committee continues to oversee the Company's efforts related to its internal control over financial reporting and managements' preparations for the evaluations in 2015.

The Audit Committee discussed the overall scope and plans for their respective audits with the Company's internal auditors and independent registered public accounting firm. The Audit Committee meets with the internal auditors and independent registered public accounting firm with and without management present, to discuss the results of their examinations, their evaluations of the Company's

internal control over financial reporting, and the overall quality of the Company's financial reporting. The Committee held eight meetings during 2014.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board approved) that the audited financial statements be included in the 2014 Annual Report on Form 10-K for filing with the SEC. The Audit Committee and the Board have also recommended, subject to stockholder approval, the selection of the Company's independent registered public accounting firm.

COMPENSATION DISCUSSION AND ANALYSIS

Veeco's compensation programs for the named executive officers (NEOs) listed in the Summary Compensation Table and the Company's other executives are designed to aid in the attraction, retention and motivation of these employees. The Company seeks to foster a performance-oriented culture through these compensation programs by linking a significant portion of each executive's compensation to the achievement of performance targets important to the success of the Company and its stockholders. This Compensation Discussion and Analysis describes Veeco's current compensation programs and policies, which are subject to change.

Highlights of our Compensation Programs

x Pay for Performance. We have taken steps to ensure that Chief Executive Officer (CEO) and NEO compensation closely tracks performance. We believe that the ratio of performance-based compensation to fixed compensation should increase with the level of the executive, with the greatest amount of performance-based at-risk compensation at the CEO level, and we have structured our compensation programs to reflect this belief.

x Performance-based Long Term Incentives. In 2014, we granted a significant portion of the long term incentive compensation to our CEO and NEOs in the form of performance-based restricted stock units and stock options.

x Eliminated CEO Tax Gross-Up. In 2014, we eliminated the tax gross-up benefits previously provided to our CEO for reimbursement of housing and transportation expenses.

x Double-Trigger Severance Arrangements. Our Senior Executive Change in Control Policy requires a qualifying termination of employment in addition to a change of control of the Company before change of control benefits, including accelerated vesting for equity awards granted after January 1, 2014, are triggered.

x Clawback Policy. In 2014, we adopted our Clawback Policy under which, in the event of a financial restatement due to fraud or intentional illegal conduct as determined by the independent members of the Board of Directors, a culpable executive officer may be required to reimburse the Company for performance-based cash compensation if the amount of such compensation would have been lower had it been calculated based on such restated financial statements.

x Stock Ownership Guidelines. In 2014, we adopted stock ownership guidelines which, subject to a phase-in period, require our executive officers to hold an amount of Veeco stock in a specified ratio to their base salaries.

x Annual Say-on-Pay Vote. We conduct an annual Say-on-Pay advisory vote.

x Hedging and Pledging Restrictions. Our insider trading policy prohibits all employees and directors from hedging or pledging their Veeco shares.

Executive Compensation Strategy and Objectives

The Company's executive compensation strategy is designed to deliver competitive, performance-based total compensation that reflects our culture and the markets we serve. The primary objectives of Veeco's executive compensation programs are to attract, retain and motivate executives critical to the Company's long-term growth and success resulting in the creation of increased stockholder value without subjecting stockholders to unnecessary and unreasonable risks. To this end, the Company has adopted the following guiding principles:

Table of Contents

a. *Performance-based:* Compensation levels should be determined based on Company, business unit and individual results compared to quantitative and qualitative performance priorities set at the beginning of the performance period. Additionally, the ratio of performance-based compensation to fixed compensation should increase with the level of the executive, with the greatest amount of performance-based at-risk compensation at the CEO level.

b. *Stockholder-aligned:* Cash bonus and equity-based compensation should represent a significant portion of potential compensation to more closely align the interests of executives with those of the stockholders.

c. *Fair and Competitive:* Compensation levels should be fair, internally and externally, and competitive with overall compensation levels at other companies in our industry, including larger companies from which we may want to recruit.

Our compensation programs are comprised of four elements: base salary, cash bonus, equity-based compensation and benefits and perquisites. Each of these programs is used to attract executives and reward them for performance results. In addition to cash-based compensation, the Company uses equity-based compensation to (i) align the interests of executives with stockholders in the creation of long-term value, (ii) retain employees through the use of vesting schedules, and (iii) foster a culture of stock ownership. The Company provides cost-effective benefits and perquisites it believes are required to remain competitive, with the goal of promoting enhanced employee productivity and loyalty to the Company.

Additional information regarding each element of our compensation program is described below.

Process for Making Compensation Decisions

The Compensation Committee of the Board (the Committee) administers the Company's compensation programs operating under a charter adopted by the Board of Directors. This charter authorizes the Committee to interpret the Company's compensation and equity plans and establish the rules for their implementation and administration. The Committee consists of three non-employee directors who are appointed annually. The Committee works closely with the CEO and the Senior Vice President, Human Resources, and relies upon information provided by independent compensation consultants.

When making compensation decisions, the Committee considers the compensation practices and the competitive market for executives at companies with which we compete for talent. To this end, the Company utilizes a number of resources which, during 2014, included: meetings with Compensation Strategies, Inc., an independent compensation consultant; compensation surveys prepared by Radford; and executive compensation information compiled by Compensation Strategies, Inc. from the proxy statements of other companies, including a peer group.

In 2014, Veeco updated its Peer Group to reflect companies that more closely resemble Veeco based on industry and market for talent. In doing so, three companies, Coherent Inc., Cohu, Inc. and Tessera Technologies, Inc., were removed from the Peer Group and four companies, Advanced Energy Industries, Inc., Entegris, Inc., Intevac, Inc. and Rudolph Technologies, Inc. were added. For 2014, the Peer Group consisted

of the following fifteen companies:

Our Peer Group is comprised of companies that are smaller than, similar to and larger than Veeco. Compensation Strategies uses statistical regression techniques to adjust market data to construct market pay levels that are reflective of Veeco's size based on revenues.

The Company considers the executive compensation practices of the companies in its Peer Group and the Radford survey (hereinafter collectively, the market data) as only one of several factors used in setting compensation. The Company uses the market data only as a reference point in its determination of the types and amount of compensation based on its own evaluation. For 2014, total compensation of Veeco's NEOs and other executives is generally within the 50th to 75th percentile of the market, although individuals may be compensated above or below this level for various reasons, including but not limited to competitive factors, Veeco's financial and operating performance and consideration of individual performance and experience.

In addition to reviewing the market data, the Committee meets with the Company's CEO and Senior Vice President, Human Resources to consider recommendations with respect to the compensation for the NEOs and other executives. These recommendations include base salary levels, cash bonus targets, equity compensation awards and perquisite programs. The Committee considers these recommendations along with other factors in determining specific compensation levels for the NEOs. The Committee discusses the elements of the CEO's compensation with him but makes the final decisions regarding his compensation without him present.

Decisions regarding the Company's compensation program elements are made by the Committee in regularly scheduled meetings. The Committee also meets to consider ad hoc issues. Issues of significant importance are frequently discussed over several meetings. This practice provides the Committee with the opportunity to raise and address concerns before arriving at a decision. Prior to each meeting, the Committee is provided with the written materials, information and analyses, as may be required to assist the Committee in its decision-making process. To the extent possible, meetings of the Committee are conducted in person; where this is not possible, meetings are conducted telephonically. The CEO and the Senior Vice President, Human Resources are regularly invited to attend Committee meetings. The Committee meets privately in executive sessions to consider certain matters including, but not limited to, the compensation of the CEO.

Elements of Our Compensation Program

The Company seeks to achieve its compensation objectives through four key elements of compensation:

- Base Salary,
- Cash Bonus,

- Equity-based Compensation and
- Benefits and Perquisites.

Table of Contents

Base Salary

The Company pays base salaries to attract and retain executives. Base salaries are determined in accordance with the responsibilities of each executive, market data for the position and the executive's experience and individual performance. The Company considers each of these factors but does not assign a specific value to any one factor.

Base salaries for executives are typically set during the first half of the year in conjunction with the Company's annual performance management process. However, the Company has not increased the base salaries for most of its executive officers, including the NEOs, since 2011. In 2012, Dr. Miller received an increase in connection with his promotion to Executive Vice President, Process Equipment. In 2014, following a review of the market data and management's recommendations in connection with the Company's cost reduction initiatives, the Committee decided not to increase the base salaries for all of the NEOs, other than Mr. Kiernan.

Cash Bonus Plans

The Company provides the opportunity for cash bonuses under its annual Bonus Plan and, in the case of sales executives, its Sales Commission Plan, to attract executives and reward them for performance consistent with the belief that a significant portion of the compensation of its executives should be performance-based. As a result, individuals are compensated based on the achievement of specific financial and individual performance goals intended to correlate closely with stockholder value. The Company believes that the opportunity to earn cash bonuses motivates executives to meet Company performance objectives that, in turn, are linked to the creation of stockholder value. The cost of bonus awards is factored into financial performance results before bonus results are determined, ensuring that the cost of our bonus plans is included in our financial results. To help achieve our goal of retaining key talent, executives must generally be employees at the end of the applicable performance period to be eligible to receive a bonus for that period.

Target bonus awards under the 2014 Bonus Plan (the 2014 Plan) for each NEO are expressed as a percentage of base salary. For 2014, the target bonus for the CEO was 100% and the target bonuses for Messrs. Maheshwari and Kiernan and for Dr. Miller were 70%, 50% and 70%, respectively. Target bonuses for Mr. David D. Glass, former Executive Vice President and Chief Financial Officer, and Mr. Peter Collingwood, former Senior Vice President, Worldwide Sales and Service, were 70% and 30%, respectively.

In February 2014, the Committee adopted the 2014 Plan which was based on the Company's primary measure of financial performance: adjusted EBITA. We define adjusted EBITA as earnings before interest, taxes and amortization, adjusted to exclude share-based compensation expense, one-time charges relating to restructuring initiatives, non-cash asset impairments, certain other non-operating gains and losses, acquisition-related items such as one-time transaction costs, and the stepped-up cost of sales associated with the purchase accounting of acquired inventory.

If adjusted EBITA exceeds a pre-determined threshold, targets are adjusted, ranging from 10% (for threshold performance) to 100% (for target performance) to 200% (for maximum or greater performance). No awards are earned under the Plan if adjusted EBITA results are less than the threshold performance level.

Edgar Filing: VEECO INSTRUMENTS INC - Form DEF 14A

If adjusted EBITA results exceed the threshold performance level, the adjusted targets are compared to four secondary performance measures (and predetermined performance targets, thresholds and maximums for each measure): (1) Gross Margin, (2) Bookings, (3) Shipments of the Company's ALD Business Unit Products and (4) Individual Performance. In the case of adjusted EBITA, Gross Margin and Bookings, the 2014 measures exclude the Company's ALD Business Unit.

Table of Contents

Awards under the secondary performance measures range from 50% of target (for threshold performance) to 100% (for target performance) to 150% (for maximum or greater performance). No award for a secondary measure is earned for results less than threshold performance. In the case of individual performance, awards may be decreased but not increased based on individual performance results. Actual bonus awards under the 2014 Plan were based on these secondary measures, calculated independently and added together.

In accordance with the 2014 Plan, in the first quarter of fiscal 2015, the Committee compared actual performance results to pre-established targets for each element of the plan and bonus payments were calculated as follows: Each NEO's target was first modified by the performance of the adjusted EBITA (the primary measure) resulting in an adjusted target. The adjusted target was divided into four secondary measures, with weights as illustrated in the table below, and a bonus award for each measure was calculated based on the comparison of actual results to the predetermined targets. The final award was the sum of the four secondary measures, each as adjusted for performance results. The following tables illustrate performance versus plan and the resulting bonus award and weight for each financial measure:

Primary Measure: Adjusted EBITA

	\$5.0M	164.8%	116.2%
--	--------	--------	--------

Secondary Measures:	Weight	Target	Plan Performance	Award %
Bookings	25%	\$331.4M	151.6%	150%
Gross Margin	25%	33.9%	105.6%	130.6%
ALD Shipments	20%	\$87.6M	3.7%	0%

Individual performance has a weight of 30%

Awards for a participant's individual performance were based on results compared to goals set by the CEO at the beginning of the year in connection with the Company's performance management process. The CEO's individual performance goals were set by the Board at the beginning of the year. Mr. Peeler's individual performance goals and bonus award are discussed in more detail in the section entitled

Compensation of the Chief Executive Officer below. The individual performance goals for the other NEOs included business unit or functional group objectives, as well as individual objectives related to special initiatives and organization development.

Mr. Peeler evaluated the individual performance of the other NEOs and executives by reviewing the goals set at the beginning of the year and determining the level of achievement of each goal. The goals were not weighted and the award was considered on the totality of all of the individual performance results for each executive. Individual performance results could range from zero to 100%. After evaluation, Mr. Peeler made individual performance recommendations to the Committee, for each of the other NEOs, equal to 100%.

As a result of financial performance for adjusted EBITA, Gross Margin, Bookings, ALD Shipments and individual performance, Messrs. Maheshwari, Kiernan and Dr. Miller earned 2014 Plan awards of \$214,283, \$170,969, and \$338,111, respectively. The award for Mr. Maheshwari was pro-rated to reflect his partial year of service. Messrs. Glass and Collingwood did not earn an award under the 2014 Plan as

they were not active employees on the last day of the plan year.

On February 5, 2015, the Committee approved the 2015 Bonus Plan (the 2015 Plan). Under the 2015 Plan, 75% of the potential bonus will be based on the financial performance of the Company, as measured by adjusted EBITDA. We define adjusted EBITDA as earnings before interest, taxes, depreciation and amortization, adjusted to exclude share-based compensation expense, one-time charges relating to restructuring initiatives, non-cash asset impairments, certain other non-operating gains and

Table of Contents

losses, acquisition-related items such as one-time transaction costs and the stepped-up cost of sales associated with the purchase accounting of acquired inventory. If adjusted EBITDA, after accounting for the cost of bonus payments, exceeds a predetermined threshold, targets are adjusted, ranging from 50% (for threshold performance) to 100% (for target performance) to 200% (for maximum or greater performance). No awards for financial performance will be earned if adjusted EBITDA results are less than the threshold performance level. If adjusted EBITDA results are greater than the threshold performance level, the adjusted targets are compared to two secondary performance measures: (1) Bookings and (2) Gross Margin. Actual bonus awards will be based on these measures, as compared to predetermined targets, calculated independently and added together. Awards under the secondary performance measures will range from 50% of target to 100% (for target performance) to 150% (for maximum performance).

Under the 2015 Plan, 25% of the potential bonus will be based on individual performance, subject to first meeting a Company profitability goal. If the Company profitability goal is achieved, then the individual performance element of the bonus will be funded and actual awards for individual performance will be paid from a fixed pool and may range from zero to 150% of the target for individual performance.

Total bonus awards will be capped at 200% of target bonus.

Target bonus awards under the 2015 Plan for each NEO are expressed as a percentage of base salary. For 2015, the annual target bonus for the CEO is 100%, and the annual target bonuses for Messrs. Maheshwari and Kiernan and for Dr. Miller are 70%, 50% and 70%, respectively.

Equity-Based Compensation

The Company believes that a substantial portion of an executive's compensation should be awarded in equity since equity-based compensation is directly linked to stockholder interests. The Company grants equity-based awards such as stock options, restricted stock or restricted stock units (restricted stock and restricted stock units hereinafter collectively, "restricted stock") and performance-based restricted stock units ("PRSUs") to the NEOs and certain other key employees to create a clear and meaningful alignment between compensation and stockholder return and to enable the NEOs and other employees to develop and maintain a stock ownership position. Equity-based awards vest over time and in certain cases as a function of performance, and are subject to the recipient's continued employment, therefore also acting as a significant retention incentive.

The Committee believes that higher-level executives should receive a greater portion of their long term incentive in the form of performance-based restricted stock and stock options. Performance-based restricted stock is an effective means for creating stock ownership among the Company's executives and incentivizing key performance objectives; stock options have intrinsic value to the holder only if the Company's stock price increases.

The Company considered several factors in the design of the 2014 equity award process. Long term incentive compensation guidelines, denominated as a dollar value and based on the market data (as discussed above), were developed for each of the NEOs and the other executives. The Company determined the value of its stock options based on the Black-Scholes option valuation methodology. Performance-based restricted stock and restricted stock awards were valued at fair market value. The guideline value for each NEO was then split between stock options, performance-based restricted stock and time-based restricted stock with a designated ratio of 30%, 50% and 20%, respectively. As a result, 80% of the 2014 equity award (PRSUs and stock options) is performance-based.

The actual number of stock options or restricted stock awards granted to each individual was based on several factors including, but not limited to: a fixed budget for awards, the Company's guidelines (as described above), the individual's level of responsibility, past performance and ability to affect future Company performance and noteworthy achievements. The CEO applied these factors in a review of each of his direct reports, and made equity award recommendations to the Committee. The CEO discussed the

Table of Contents

rationale for his recommendations with the Committee. The Committee then approved a schedule setting forth all awards to all employees, on an individual-by-individual basis.

On June 12, 2014, the Committee granted equity awards to the NEOs as follows:

Name	Date of Grant	Stock Options		Performance Restricted Stock		Restricted Stock	
		Amount	Exercise Price	Amount	Fair Market Value Per Share	Amount	Fair Market Value Per Share
J. Peeler	06/12/2014	26,180	\$ 32.67	17,670	\$ 32.67	7,070	\$ 32.67
W. Miller	06/12/2014	12,410	\$ 32.67	8,370	\$ 32.67	3,350	\$ 32.67
J. Kiernan	06/12/2014	4,620	\$ 32.67	3,120	\$ 32.67	1,240	\$ 32.67
P. Collingwood	06/12/2014	7,670	\$ 32.67	5,170	\$ 32.67	2,070	\$ 32.67

The Committee considered the following factors in determining the equity awards for each NEO. Awards to Mr. Peeler are discussed under Compensation of the Chief Executive Officer below. Dr. Miller's equity awards were determined after taking into account his continued strong contributions to the Company and the total value of his compensation when compared to market data. Mr. Collingwood's equity awards reflect his significant contributions to the Company's global sales and services organization over the previous year and the total value of his compensation when compared to market data. Mr. Kiernan's equity awards were determined after taking into account his contributions to the Company and the total value of his compensation package when compared to market data. Mr. Maheshwari received equity awards on June 2, 2014, which were granted as part of his offer to join the Company, further discussed under Compensation of the Chief Financial Officer below.

Stock options granted in 2014 reflect an exercise price equal to the closing price of Veeco common stock on the trading day prior to the grant date, and become exercisable over a three year period with one third of the award becoming exercisable on each of the first three anniversaries of the grant. Stock options granted in 2014 have a term of seven years, with the exception of the stock options granted to Mr. Maheshwari in connection with the commencement of his employment with the Company, which have a ten year term.

Over 70% of the total restricted stock awards granted to the NEOs on June 12, 2014 are subject to the achievement of designated performance criteria. If the performance criteria are not met, the entire PRSU award will be forfeited. One-half of the PRSUs may be earned based on the Company's cumulative revenue (the Revenue Units) and one-half of the PRSUs may be earned based on the Company's cumulative adjusted EBITDA (the EBITDA Units).

Table of Contents

The Revenue Units and EBITDA Units will be earned if the Company meets cumulative revenue and EBITDA targets established at the beginning of the performance period (as illustrated in the chart below).

PERFORMANCE CHART

If Target is Achieved:	Percentage of	Percentage of
	Revenue Units	EBITDA Units
	Earned	Earned
On or before Q2 2016	150%	150%
During Q3 2016	138%	138%
During Q4 2016	125%	125%
During Q1 2017	113%	113%
During Q2 2017	100%	100%
During Q3 2017	88%	92%
During Q4 2017	75%	83%
During Q1 2018	63%	75%
During Q2 2018	50%	67%
During Q3 2018	38%	58%
During Q4 2018	25%	50%
After Q4 2018	0%	0%

Once earned, one half of a PRSU will become vested; the remaining half will become vested on the next anniversary. For example, if the cumulative adjusted EBITDA target is achieved during the first quarter of 2017, 113% of the EBITDA Units will be earned and 50% of the EBITDA Units will become vested; the remaining 50% of the EBITDA Units will become vested on the first anniversary of the date on which the award was determined to have been earned.

Time-based restricted stock awards granted on June 12, 2014 vest over a four year period with one third of the award vesting each year beginning on the second anniversary of the grant.

Say-on-Pay

Our Board of Directors, the Committee and our management value the opinions of our stockholders. We have determined that our stockholders should vote on a say-on-pay proposal each year. At the 2013 and 2014 annual meetings of stockholders, approximately 87% and 68%, respectively, of the votes cast on the say-on-pay proposal were in favor of our named executive officer compensation.

Investor Outreach

Edgar Filing: VEECO INSTRUMENTS INC - Form DEF 14A

In 2014, we enhanced our efforts to solicit feedback from stockholders to better understand their concerns regarding executive compensation. In meetings with approximately 13 of our largest stockholders, members of the Company's management talked with investors who collectively held more than 32.7% of Veeco's outstanding stock. We also met with proxy advisory firms to determine whether the views of the proxy advisors regarding Veeco's pay practices were similar to the views of Veeco stockholders.

In response to investor and proxy advisor services opinions expressed at these meetings, we reinstated the use of performance-based restricted stock unit awards for our NEOs so that a significant portion (71%) of restricted stock units awarded in the annual grant process will be performance-based rather than time-based. We also amended Mr. Peeler's employment agreement to eliminate the tax gross-up on the reimbursement he is entitled to receive for housing and transportation expenses.

Benefits and Perquisites

The Company provides the benefits and perquisites to its executive officers that it believes are required to remain competitive, with the goal of promoting enhanced employee productivity and loyalty to the Company. The Committee periodically reviews the levels of benefits and perquisites provided to executive officers. The NEOs participate in the Company's 401(k) savings plan and other benefit plans on the same basis as other similarly-situated employees. The Company provides a 401(k) savings plan under which it provides matching contributions of fifty cents for every dollar an eligible employee contributes, up to 6% of such employee's eligible compensation. The plan calls for vesting of Company contributions over the initial five years of a participant's employment with the Company. The Company also provides group term life insurance for its employees, including the NEOs. The amounts of the Company's 401(k) matching contributions and group term life insurance premiums for the NEOs are included under the caption "All Other Compensation" in the Summary Compensation Table. The Company also provides a car allowance for each of the NEOs. Such amounts are also included under the caption "All Other Compensation" in the Summary Compensation Table. The Company does not maintain other perquisite programs, such as post-retirement health and welfare benefits, defined or supplemental pension benefits or deferred compensation arrangements.

The Company adopted, in early 2009, the Senior Executive Change in Control Policy intended to provide specified executives, including Messrs. Maheshwari and Kiernan and Dr. Miller, with certain severance benefits in the event that their employment is terminated under qualifying circumstances related to a change in control. The Committee recognizes that, as is the case for most publicly held companies, the possibility of a change in control exists, and the Company wishes to ensure that the NEOs are not disincentivized from discharging their duties in respect of a proposed or actual transaction involving a change in control. Accordingly, the Company wanted to provide additional inducement for such NEOs to remain in the employ of the Company.

Compensation of the Chief Executive Officer

Mr. Peeler's compensation for 2014 is consistent with the compensation objectives expressed herein and his employment agreement. The principal elements of Mr. Peeler's 2014 compensation package include: (i) a base salary of \$700,000 (which has been maintained at that level since 2011); (ii) eligibility for an annual Bonus Plan award equal, at target, to 100% of his base salary; and (iii) a car allowance of \$1,500 per month. Mr. Peeler accrues five weeks of vacation time per year.

In addition, the Company reimburses Mr. Peeler's reasonable housing and related transportation expenses. On June 12, 2014, the Company amended its employment agreement with Mr. Peeler to extend, through June 12, 2017, the Company's obligation to reimburse the reasonable housing expenses of Mr. Peeler in the Plainview, New York area and his transportation expenses to/from the Plainview area from/to his home in Maryland, provided that such amounts shall not exceed \$75,000 per year. The amended agreement provided that such amounts shall not include tax gross-ups for these amounts. For 2014, the actual expenses associated with Mr. Peeler's housing and transportation allowance were approximately \$47,965.

For 2014, Mr. Peeler earned a bonus award of \$814,722, representing 116.4% of his target. As discussed above, this amount was based on Veeco consolidated adjusted EBITA, Bookings, Gross Margin and shipments of the Company's ALD Business Unit products, each as compared to pre-determined targets and a review of his performance against individual objectives. His individual performance objectives included: (1) restoring the Company to revenue and profit growth focusing on key areas including services, MOCVD market share, and acquisitions, (2) improving performance through operational excellence focusing on manufacturing and supply chain efficiency, consolidating and managing lower growth businesses for profitability and improving business processes, (3) strengthening the Company's leadership team by developing talent and filling gaps, and (4) improving the Company's ability to manage through cyclical market conditions. The Committee evaluated

Mr. Peeler's performance in executive session and

together with the full Board of Directors awarded Mr. Peeler 100% of the value for individual performance. Mr. Peeler's bonus award will be paid in the first quarter of 2015.

Mr. Peeler's 2014 equity compensation was comprised of a combination of stock options and restricted stock. In conjunction with an analysis of Mr. Peeler's total compensation package, and taking into consideration market data, his strong performance during 2014 and the importance of retaining him, the Committee formulated an equity compensation package, and on June 12, 2014, Mr. Peeler received a stock option award to purchase 26,180 shares of Veeco common stock, a performance-based restricted stock unit award of 17,670 units and a time-based restricted stock award of 7,070 shares of Veeco common stock, the combined value of which was consistent with the equity compensation practices described above. Mr. Peeler's stock option, performance-based restricted stock and time-based restricted stock awards carry the same terms as awards granted to the other NEOs, as described above.

The Committee reviewed a tally sheet setting forth the components of compensation for Mr. Peeler, including base salary, annual incentive bonus, stock option and restricted stock grants, potential stock option and restricted stock gains, the dollar value to Mr. Peeler and cost to the Company of all perquisites and other personal benefits. Based on its review, the Committee concluded that Mr. Peeler's compensation, in the aggregate, is reasonable and appropriate in light of our desire to retain him, the stated objectives of the Company's compensation programs and the Company's financial and operating performance.

Compensation of the Chief Financial Officer

Mr. Glass served as Executive Vice President and Chief Financial Officer from January 2010 until his retirement in 2014. In connection with his appointment, the Company entered into an agreement with Mr. Glass. Mr. Glass had been paid an annual base salary of \$385,000 since 2011. He was eligible to participate in the Company's Management Bonus Plan, with a target bonus of 70% of base salary, and received a car allowance of \$8,400 per year. Mr. Glass was eligible for certain severance benefits in the event his employment was terminated by the Company without cause or by him for good reason, including 18 months of salary continuation and extended stock option exercise rights for up to 12 months following separation, not to exceed the expiration date of the option. Mr. Glass was named as a participant in the Company's Senior Executive Change in Control policy.

On December 9, 2013, Mr. Glass elected to retire from Veeco. To facilitate a smooth transition, Mr. Glass agreed to continue to serve as CFO, for up to six months until a successor was named. In exchange for agreeing to stay for up to six months, Mr. Glass was credited with service for equity vesting purposes through June 9, 2014, and he received the separation benefits described in the letter agreement between him and Veeco dated December 17, 2009. Mr. Glass served as CFO until Mr. Maheshwari joined the Company in May 2014.

Mr. Maheshwari entered into a letter agreement with the Company dated April 8, 2014 to join the Company as Executive Vice President and Chief Financial Officer. Mr. Maheshwari is to be paid an annual base salary of \$400,000 and is eligible to participate in the Company's Bonus Plan, with a target bonus of 70% of base salary. As part of his offer, Mr. Maheshwari was granted a restricted stock award in the amount of 27,000 shares of the Company's common stock, which will vest over four years with one third of the total award vesting on each anniversary of the grant date, beginning with the second anniversary. Additionally, Mr. Maheshwari received a stock option award to purchase 54,000 shares of the Company's common stock. The stock options have a ten year term, and one third of these options will become exercisable on each of the first three anniversaries of the grant date. The grant date for Mr. Maheshwari's equity awards was the first business day of the month following his hire date. Mr. Maheshwari receives a car allowance of \$8,400 per year. He is eligible for certain severance benefits in the event his employment is terminated by the Company without cause or by him for good reason, including severance in an amount equal to 18 months of base salary in the event his employment is terminated during the initial two years of employment, or 12 months of base salary in the event his

employment is terminated following the second

anniversary of employment. Mr. Maheshwari has been named as a participant in the Company's Senior Executive Change in Control Policy.

Compensation Recoupment Policy

In January 2014, the Company adopted a Compensation Recoupment Policy (the "Clawback Policy") for certain employees, including the NEOs. Under the Clawback Policy, in the event of a financial restatement due to fraud or intentional illegal conduct as determined by the independent members of the Board of Directors, a culpable executive officer may be required to reimburse the Company for performance-based cash compensation if the amount of such compensation would have been lower had it been calculated based on such restated financial statements.

Stock Ownership Guidelines

In January 2014, the Company established stock ownership guidelines for certain employees, including the NEOs, and the Company's Directors. Under these guidelines, each covered individual has five years to reach the minimum levels of Veeco common stock ownership identified by the Stock Ownership Guidelines. Minimum ownership levels, measured as of December 31st of the most recently completed year, are as follows:

- Directors are required to hold Veeco stock with a value equal to at least three times the directors' annual cash retainers (excluding retainers for committee or lead director service);
- Veeco's CEO is required to hold Veeco stock with a value equal to at least four times his base salary;
- Executive Vice Presidents are required to hold Veeco stock with a value equal to at least two times their base salaries; and
- Other covered executive officers are required to hold Veeco stock with a value equal to at least their base salaries.

Anti-Hedging/Anti-Pledging Policy

The Company has adopted an insider trading policy which incorporates anti-hedging and anti-pledging provisions. Consequently, no employee, executive officer or director may enter into a hedge or pledge of the Company's common stock.

Financial and Tax Considerations

In designing our compensation programs, the Company takes into account the financial impact and tax effects that each element will or may have on the Company and the executives. Section 162(m) of the Internal Revenue Code limits Veeco's tax deduction to \$1,000,000 per year for

compensation paid to each of the NEOs, unless certain requirements are met. The Committee's present intention is to structure executive compensation so that it will be predominantly deductible, while maintaining flexibility to take actions which it deems to be in the best interest of Veeco and its stockholders, even if these actions may result in Veeco paying certain items of compensation that may not be fully deductible.

Conclusion

Attracting and retaining talented and motivated management and key employees is essential to creating long-term stockholder value. Offering a competitive, performance-based compensation program with a substantial equity component helps to achieve this objective by aligning the interests of the executive officers and other key employees with those of stockholders. We believe that Veeco's 2014 compensation program met these objectives and that the Company's 2015 compensation program is appropriate in light of the challenges facing the Company and its employees.

There are no awards available for future grant under the Inducement Plan.

The Company maintains the 2010 Plan to provide for equity awards to employees, directors and consultants. In the past, the Company had maintained certain other stock option plans, including plans not approved by the Company's security holders. No awards are available for future grant under such plans, although past awards under these plans may still be outstanding. A brief description of the plans follows.

Plans Approved by Security Holders

The 2010 Plan was approved by the Board of Directors and by the Company's security holders in May 2010. The 2010 Plan provides for the issuance of up to 6,750,000 shares of common stock pursuant to stock options, restricted stock, restricted stock units, stock appreciation rights, and dividend equivalent rights (collectively, the awards). As of December 31, 2014, 1,870,683 option shares and 430,453 restricted stock units were outstanding under the 2010 Plan. The term of any award granted under the 2010 Plan shall be the term stated in the award agreement, provided, however, that the term of awards may not be longer than ten years (or five years in the case of an incentive stock option granted to any participant who owns stock representing more than 10% of the combined voting power of the Company or any parent or subsidiary of the Company), excluding any period for which the participant has elected to defer the receipt of the shares or cash issuable pursuant to the award and any deferral program the administrator of the 2010 Plan may establish in its discretion.

Edgar Filing: VEECO INSTRUMENTS INC - Form DEF 14A

The Veeco 2000 Stock Incentive Plan (as amended, the 2000 Plan), provided for the grant of up to 8,530,000 share-equivalent awards (either shares of restricted stock, restricted stock units or options to purchase shares of Common Stock). Stock options granted pursuant to the 2000 Plan expire after seven years and generally become exercisable over a three-year period following the grant date. In addition, the 2000 Plan provided for automatic annual grants of shares of restricted stock to each non-employee Director of the Company having a fair market value in the amount determined by the Compensation Committee from time to time. The 2000 Plan expired on April 3, 2010. As a result, no further awards are available for grant under the 2000 Plan and this plan cannot be used for future awards. As of December 31, 2014, 395,841 option shares were outstanding under the 2000 Plan.

Awards granted to Synos employees as a part of this plan were comprised of (i) 124,500 stock options that will vest, subject to the recipients' continued service, over a three year period with one-third of each award vesting on each of the first three anniversaries of the award (the stock option awards have a ten-year term); (ii) 62,500 restricted stock units that will vest, subject to the recipients' continued service, over a four year period with one third of each award vesting on each anniversary of the award, beginning with the second anniversary; and (iii) 24,500 restricted stock units that will vest, subject to the recipients' continued service, on the second anniversary of the award. There are no awards available for future grant under the 2013 Inducement Stock Incentive Plan.

Potential Payments Upon Termination or Change in Control

The Company has entered into an employment or letter agreement with each of the NEOs. These agreements provide for the payment of severance and certain other benefits to the executive in the event: (i) the executive's employment is terminated by Veeco without cause; (ii) the executive resigns for good reason; or (iii) in the case of Mr. Peeler, in the event of death or disability. Cause is defined in the employment and letter agreements as specified serious misconduct, and good reason is defined as (a) a salary reduction, other than pursuant to a management-wide salary reduction program, (b) in the case of Mr. Peeler, an involuntary relocation of the executive's primary place of work by more than 50 miles from its then current location, (c) in the case of Mr. Peeler, an involuntary diminution in position, title, responsibilities, authority or reporting responsibilities; (d) in the case of Messrs. Peeler and Maheshwari, a significant reduction in total benefits available (other than a reduction affecting employees generally); and (e) in the case of Mr. Peeler, involuntarily ceasing to be a member of the Board. The nature and extent of the benefits payable vary from executive to executive. The specific benefits payable to each individual under these agreements are described below. Payment of these severance and other benefits is conditioned on the executive's release of claims against the Company and on non-competition and non-solicitation provisions applicable during the period in which the executive is entitled to severance payments, as described below. If the termination is for cause or by the executive without good reason, the severance obligations do not apply. These agreements contain provisions intended to ensure that payments under the agreement comply with Section 409A of the Code. Such provisions may have the effect of delaying or accelerating certain payments under the agreements. The description of the employment agreements and letter agreements contained herein is a summary only. Reference is made to the full text of these agreements which have been filed previously with the SEC.

Peeler Agreement. The Company has entered into an employment agreement with Mr. Peeler dated July 1, 2007 and amendments thereto dated June 12, 2008, December 31, 2008, June 11, 2010, April 25, 2012, July 24, 2013 and June 12, 2014. Under the agreement, in the event of a specified termination as described above, Mr. Peeler will be entitled to severance in an amount equal to 36 months of base salary and he will be entitled to a payment equal to his target bonus for the year of termination, pro-rated for the period of his service during such year. In addition, upon any such termination: (i) Mr. Peeler will have 36 months (or until the end of the original term of the options, if earlier) to exercise options to purchase common stock of Veeco which are or become vested and are held by Mr. Peeler at the time of such termination; (ii) the vesting of any options which are held by the executive at the time of such termination will be accelerated; and (iii) the vesting of any shares of restricted stock held by Mr. Peeler at the time of such termination will be accelerated and restrictions with regard thereto shall lapse. In addition, if Mr. Peeler elects to continue healthcare coverage under COBRA, then his contributions will be at the same Company-subsidized rates which Mr. Peeler would have paid had his employment not been terminated.

Table of Contents

Maheshwari Agreement. The Company has entered into a letter agreement with Mr. Maheshwari dated April 8, 2014. Under the agreement, in the event of a specified termination as described above, Mr. Maheshwari will be entitled to severance in an amount equal to 18 months of base salary in the event his employment is terminated during the initial two years of employment, or 12 months of base salary in the event his employment is terminated following the second anniversary of employment. In addition, upon any such termination, if Mr. Maheshwari elects to continue healthcare coverage under COBRA, then his contributions during the period in which he is receiving severance under the agreement will be at the same Company-subsidized rates which Mr. Maheshwari would have paid had his employment not been terminated.

Miller Agreement. The Company has entered into a letter agreement with Dr. Miller dated January 30, 2012. Under the agreement, in the event of a specified termination as described above, Dr. Miller will be entitled to severance in an amount equal to 12 months of base salary. In addition, upon any such termination: (i) Dr. Miller will have 12 months (or until the end of the original term of the options, if earlier) to exercise vested options to purchase common stock of Veeco which are held by Dr. Miller at the time of such termination; and (ii) if Dr. Miller elects to continue healthcare coverage under COBRA, then his contributions during the period in which he is receiving severance under the agreement will be at the same Company-subsidized rates which Dr. Miller would have paid had his employment not been terminated.

Kiernan Agreement. The Company has entered into a letter agreement with Mr. Kiernan dated January 21, 2004, and amendments thereto dated June 9, 2006, December 29, 2008 and June 19, 2009. Under the agreement, in the event of a specified termination as described above, Mr. Kiernan will be entitled to severance in an amount equal to 18 months of base salary. In addition, upon any such termination, Mr. Kiernan will have 12 months to exercise stock options held by him at such time (or until the end of the original term of the options, if earlier) and, if such termination occurs within 12 months of a change of control, the vesting of any options which are held by Mr. Kiernan at the time of such termination will be accelerated. In addition, upon such termination, the vesting of any shares of restricted stock held by Mr. Kiernan will be accelerated and all restrictions with regard thereto shall lapse. Furthermore, upon such termination, Mr. Kiernan will be entitled to receive a pro-rated portion of any outstanding long-term cash incentive awards. However, the calculation of the pro-rated amount varies depending upon whether such termination occurs within 12 months of a change in control or such other period of time.

Glass Agreement. On December 9, 2013, Mr. Glass announced his intention to retire from Veeco. In exchange for agreeing to continue to serve as the Company's chief financial officer for up to six months until a successor could be named, Mr. Glass was credited with service for equity vesting purposes through June 9, 2014, and received the separation benefits described in the letter agreement between him and Veeco dated December 17, 2009. Mr. Glass retired from Veeco on May 5, 2014. Under the December 17, 2009 agreement, Mr. Glass received severance in an amount equal to 18 months of base salary. In addition, Mr. Glass has 12 months following the date of retirement to exercise options to purchase common stock of Veeco which vested or were scheduled to vest on or prior to June 9, 2014. Furthermore, the contributions by Mr. Glass to continue healthcare coverage under COBRA during the period in which he is receiving severance under the agreement will be at the same Company-subsidized rates which Mr. Glass would have paid had his employment not terminated.

Collingwood Agreement. The Company entered into a letter agreement with Mr. Collingwood effective January 1, 2010 which provided severance benefits in certain circumstances depending on the nature of the separation. On September 19, 2014, Mr. Collingwood resigned from the Company. Based on this resignation, Mr. Collingwood did not qualify for, or receive, separation or other benefits from the Company in connection with this resignation.

Change in Control Policy. Veeco has adopted a Senior Executive Change in Control Policy (the Policy) dated September 12, 2008, amended on December 23, 2008 and January 21, 2014. The Policy provides certain severance and other benefits to designated senior executives in the event of a change in

Table of Contents

control of Veeco. The Policy was implemented to ensure that the executives to whom the Policy applies remain available to discharge their duties in respect of a proposed or actual transaction involving a change in control that, if consummated, might result in a loss of such executive's position with the Company or the surviving entity. The Policy was not adopted with any particular change in control in mind. The Policy applies to designated senior executives of Veeco (Eligible Employees), including Messrs. Maheshwari and Kiernan and Dr. Miller. The Policy does not apply to Mr. Peeler. Benefits under the Policy are intended to supplement, but not duplicate, benefits to which the covered executive may be entitled under the employment and letter agreements described above. The description of the Policy herein is a summary only. Reference is made to the full text of the Policy which has been filed previously with the SEC. The principal terms of the Policy are:

(a) Upon the consummation of a Change in Control (as defined in the Policy), the vesting of all equity awards granted prior to January 1, 2014 and held by the Eligible Employee shall be accelerated and any outstanding stock options then held by the employee shall remain exercisable until the earlier of (x) 12 months following the date of termination of the employee's employment and (y) the expiration of the original term of such options.

(b) If an Eligible Employee's employment shall be terminated by the Company without Cause (as defined in the Policy), or by the Eligible Employee for Good Reason (as defined in the Policy), during the period commencing 3 months prior to, and ending 18 months following, a Change in Control, and subject to the Eligible Employee's execution of a separation and release agreement in a form reasonably satisfactory to the Company:

(i) The Company shall pay to the Eligible Employee in a lump sum an amount equal to the sum of (A) his or her then current annual base salary and (B) the target bonus payable to the Eligible Employee pursuant to the Company's performance-based compensation bonus plan with respect to the fiscal year ending immediately prior to the date of termination, multiplied by 1.5;

(ii) The vesting of equity awards granted after January 1, 2014 will be accelerated and any outstanding stock options then held by the employee shall remain exercisable until the earlier of (x) 12 months following the date of termination of the employee's employment and (y) the expiration of the original term of such options;

(iii) The Company shall continue to provide the Eligible Employee with all health and welfare benefits which he or she was participating in or receiving as of the date of termination until the 18-month anniversary of the date of termination; and

(iv) The Company shall pay to the Eligible Employee a pro-rated amount of the Eligible Employee's bonus for the fiscal year in which the date of termination occurs.

Payment of the benefits described above is conditioned on the executive's release of claims against the Company and on non-competition and non-solicitation provisions applicable during the 18-month period following termination of executive's employment.

Potential Payments Upon Termination or Change in Control. The following table shows the estimated, incremental amounts that would have been payable to the NEOs upon the occurrence of the indicated event, had the applicable event occurred on December 31, 2014 or, in the case of Messrs. Glass and Collingwood, May 5, 2014 and September 19, 2014, the dates of their respective actual separations from the Company. These amounts, other than those for Messrs. Glass and Collingwood, would be incremental to the compensation and benefit entitlements described above that are not contingent upon a termination or change in control. The amounts attributable to the accelerated vesting of stock options and restricted shares are based upon the fair market value of the Company's common stock on December 31,

2014, which was \$34.88 per share, or, in the case of Mr. Glass, on May 5, 2014, the actual date of his separation, which was \$36.83 per share. The actual compensation and benefits the executive would receive at any subsequent date would likely vary from the amounts set forth below as a result of certain factors, such as a change in the price of the Company's common stock and any additional benefits the officer may have accrued as of that time under applicable benefit or compensation plans.

- (4) The agreement for Mr. Peeler does not distinguish between Change of Control and non-Change of Control scenarios.
- (5) As used in the Policy, "Change in Control" is defined to mean the case where:
- (i) any person or group acquires more than 50% of the total fair market value or total voting power of the stock of the Company.
- (ii) any person or group acquires (or has acquired during the 12-month period ending on the date of the most recent acquisition by such person or group) ownership of stock of the Company possessing 30% or more of the total voting power of the stock of the Company;
- (iii) a majority of the members of Veeco's Board is replaced during any 12-month period by Directors whose appointment or election is not endorsed by a majority of the members of Veeco's Board prior to the date of the appointment or election; or
- (iv) any person or group acquires (or has acquired during the 12-month period ending on the date of the most recent acquisition by such person or group) substantially all of the assets of the Company immediately prior to such acquisition or acquisitions. However, no Change in Control shall be deemed to occur under this subsection (iv) as a result of a transfer to:
- (A) A stockholder of the Company (immediately before the asset transfer) in exchange for or with respect to its stock;
- (B) An entity, 50% or more of the total value or voting power of which is owned, directly or indirectly, by the Company;
- (C) A person or group that owns, directly or indirectly, 50% or more of the total value or voting power of all the outstanding stock of the Company; or

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires Veeco's officers and directors, and persons who own more than 10% of Veeco's common stock to file reports of ownership and changes in ownership with the SEC. These persons are required by SEC regulations to furnish Veeco with copies of all Section 16(a) forms they file. SEC regulations require us to identify in this proxy statement anyone who filed a required report late or failed to file a required report. Based on our review of forms we received, or written representations from reporting persons stating that they were not required to file these forms, we believe that during 2014 all Section 16(a) filing requirements were satisfied on a timely basis, except that, due to the Company's oversight, (a) Mr. Peeler inadvertently failed to report certain transfers to irrevocable trusts held for the benefit of family members occurring on January 13, 2014 (totaling 2,250 shares), and (b) Dr. Miller inadvertently failed to report the surrender of common stock to the Company to satisfy tax withholding obligations due upon the vesting of restricted stock on December 2, 2013 (totaling 1,289 shares). These transactions were both reported on March 12, 2015.
