(3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof? Yes  No

As set forth in the Company's Current Report on Form 8-K filed July 21, 2003, the Company's management and KPMG LLP (its predecessor independent accountants) informed the Board of Directors that the Company had not completely accounted for a \$600,000 compensation agreement entered into during the second quarter of fiscal year 2002. Of the aggregate amount of this liability, the Company believes that approximately \$200,000 was accounted for in the wrong period of fiscal year 2002 and approximately \$300,000 was not reflected in the Company's financial statements for fiscal year 2002 or any interim period. The impact on previously issued quarterly results included in its Quarterly Report on Form 10-QSB for the three and six months ended June 30, 2002 has yet to be determined as of the date of this filing.
