Item 4 Summary of Material Change

On September 9, 2003, Cameco announced that it entered into an agreement, on a bought deal basis with a syndicate of underwriters led by RBC Dominion Securities Inc., for an offering (the Offering) of \$200 million of convertible subordinated debentures (the Convertible Debentures). The Convertible Debentures, with a face value of \$1,000 per debenture, will have a coupon of 5%, maturing on October 1, 2013 and will be convertible into common shares of Cameco at a price of \$65.00 per share, subject to adjustment.

Cameco has also granted the underwriters an option to purchase up to an additional \$30 million of Convertible Debentures on the same terms and conditions, exercisable up to 48 hours prior to closing. The sale of the Convertible Debentures is subject to customary securities regulatory approvals and closing conditions and is expected to close on or about September 25, 2003.

The net proceeds of the Offering will be used to repay outstanding short-term commercial paper debt related to Cameco's past acquisition of a further 16.6% interest in Bruce Power LP, which closed in February 2003.

Item 5 Full Description of Material Change

On September 9, 2003, Cameco announced that it entered into an agreement to sell the Convertible Debentures on a bought deal basis. The issue is being bought by a syndicate of underwriters led by RBC Dominion Securities Inc. and including Scotia Capital Inc., CIBC World Markets Inc. and HSBC Securities (Canada) Inc. (collectively, the Underwriters). A preliminary short form prospectus was filed on September 11, 2003 and a final short form prospectus was filed on September 18, 2003.

Cameco has also granted the Underwriters an option to purchase up to an additional \$30 million of Convertible Debentures on the same terms and conditions, exercisable up to 48 hours prior to closing. The sale of the Convertible Debentures is subject to customary securities regulatory approvals and closing conditions and is expected to close on or about September 25, 2003.

Cameco will use the net proceeds of the Offering to repay outstanding short-term, commercial-paper debt related to the company's past acquisition of a further 16.6% interest in Bruce Power LP, which closed in February 2003.

Each Convertible Debenture has a minimum denomination of \$1,000 and will bear an interest rate of 5% per annum payable semi-annually in arrears on April 1 and October 1 in each year commencing April 1, 2004 and will mature on October 1, 2013. The Convertible Debentures are unsecured obligations of the company and will be subordinated in right of payment to all the company's existing and future senior indebtedness. In addition, the Convertible Debentures will rank junior to the company's secured indebtedness and the liabilities of the company's subsidiaries.

The Convertible Debentures are convertible into Cameco common shares at the option of the holder at any time on or prior to the maturity date based on a conversion price of \$65.00 per share, representing a conversion ratio of approximately 15.3846 shares per \$1,000 of Convertible Debentures.

The company may not redeem the Convertible Debentures prior to October 1, 2008. Thereafter, the company may redeem the Convertible Debentures in whole or in part at a redemption price equal to par plus accrued and unpaid interest, provided that the holders will be able to convert the Convertible Debentures into Cameco common shares at any time up to one business day prior to the redemption date.

In accordance with Canadian generally accepted accounting principles, the Convertible Debentures will be reflected as equity on the company's balance sheet.

The Convertible Debentures and the common shares issuable on the conversion thereof have not been and will not be registered under the United States Securities Act of 1933, as amended (US Securities Act) or any state securities laws and may not be offered or sold within the United States or to US persons unless registered under the US Securities Act and applicable state securities laws or an exemption therefrom is available.

The Underwriting Agreement enables the Underwriters to reoffer and resell the Convertible Debentures that they have acquired pursuant to the Underwriting Agreement to certain qualified institutional buyers in the United States provided such offerings and sales are made in accordance with Rule 144A under the US Securities Act. Moreover, the Underwriting Agreement provides that the Underwriters may offer and sell Convertible Debentures outside the United States in accordance with Regulation S under the US Securities Act.
