NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
DECEMBER 31, 2008
(UNAUDITED)

1. BASIS OF PRESENTATION

The accompanying unaudited financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and with the instructions to Form 10-Q of Regulation SX. They do not include all information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements. However, except as disclosed herein, there has been no material change in the information disclosed in the notes to the financial statements for the year ended September 30, 2008 included in the Company's Annual Report on Form 10-KSB, as filed with the Securities and Exchange Commission. The interim unaudited financial statements should be read in conjunction with those financial statements included in the Form 10-KSB. In the opinion of management, all adjustments considered necessary for a fair presentation, consisting solely of normal recurring adjustments, have been made. Operating results for the three months ended December 31, 2008 are not necessarily indicative of the results that may be expected for the year ending September 30, 2009.

2. RECENT ACCOUNTING STANDARDS AND PRONOUNCEMENTS

In December 2007, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards No. 141R, "Business Combinations," ("SFAS 141R"). SFAS 141R requires most identifiable assets, liabilities, noncontrolling interests, and goodwill acquired in a business combination to be recorded at full fair value. The Statement applies to all business combinations, including combinations among mutual entities and combinations by contract alone. Under SFAS 141R, all business combinations will be accounted for by applying the acquisition method. SFAS 141R is effective for fiscal years beginning on or after December 15, 2008 and will be effective for the Company beginning in fiscal 2010 for business combinations occurring after the effective date.

In December 2007, the FASB issued Statement of Financial Accounting Standards No. 160, "Noncontrolling Interests in Consolidated Financial Statements – an amendment of ARB No. 51," ("SFAS 160"). SFAS 160 will require noncontrolling interests (previously referred to as minority interests) to be treated as a separate component of equity, not as a liability or other item outside of permanent equity. The Statement applies to the accounting for noncontrolling interests and transactions with noncontrolling interest holders in consolidated financial statements. SFAS 160 is effective for fiscal years beginning on or after December 15, 2008 and is effective for the Company beginning in fiscal 2010. The Company does not expect that SFAS 160 will have a material impact on its financial statements.

In December 2006, the FASB issued Statement of Financial Accounting Standards No. 157, "Fair Value Measurements," ("SFAS 157"). SFAS 157 clarifies the definition of fair value, describes methods used to appropriately measure fair value, and expands fair value disclosure requirements, but does not change existing guidance as to whether or not an instrument is carried at fair value. For financial assets and liabilities, SFAS 157 is effective for fiscal years beginning after November 15, 2007, which will require the Company to adopt these provisions in fiscal 2009. For nonfinancial assets and liabilities, SFAS 157 is effective for fiscal years beginning after November 15, 2008, which will require the Company to adopt these provisions in fiscal 2010. In February 2007, the FASB issued Statement of Financial Accounting Standards No. 159, "The Fair Value Option for Financial Assets and Financial Liabilities," ("SFAS 159"). SFAS 159 provides companies with an option to report selected assets and liabilities at fair value. This statement contains financial statement presentation and disclosure requirements for assets and liabilities reported at fair value as a consequence of the election and is effective for the Company beginning in fiscal 2009. The initial adoption of SFAS 157 did not have a material effect on the Company's financial condition or results of

operations. However, the Company is still in the process of evaluating this standard with respect to its effect on non-financial assets and liabilities and therefore has not yet determined the impact that it will have on the Company's consolidated financial statements upon full adoption.

2. RECENT ACCOUNTING STANDARDS AND PRONOUNCEMENTS – continued

The Staff of the Securities and Exchange Commission issued Staff Accounting Bulletin ("SAB") 110 which expresses the views of the staff regarding the use of a "simplified" method, as discussed in SAB No. 107 ("SAB 107"), in developing an estimate of expected term of "plain vanilla" share options in accordance with Statement of Financial Accounting Standards No. 123 (revised 2004), "Share-Based Payment". In particular, the staff indicated in SAB 107 that it will accept a company's election to use the simplified method, regardless of whether the company has sufficient information to make more refined estimates of expected term. At the time SAB 107 was issued, the staff believed that more detailed external information about employee exercise behavior (e.g., employee exercise patterns by industry and/or other categories of companies) would, over time, become readily available to companies. Therefore, the staff stated in SAB 107 that it would not expect a company to use the simplified method for share option grants after December 31, 2007. The staff understands that such detailed information about employee exercise behavior may not be widely available by December 31, 2007. Accordingly, the staff will continue to accept, under certain circumstances, the use of the simplified method beyond December 31, 2007. There were no option grants during the quarter ended December 31, 2008.

3. STOCK OPTIONS AND STOCK-BASED EMPLOYEE COMPENSATION

Below is the summary of common stock options outstanding as of December 31, 2008:

Employee and Director Stock Option Plan:	Options Authorized	Options Outstanding	Options Vested	Available for Grant
1999 Stock Option Plan	1,500,000	420,000	410,000	438,000

Employee and Director Stock Option Plans

In August 1999, the Company adopted the 1999 Stock Option Plan ("the Plan"). The options granted under the Plan may be either incentive stock options or non-qualified options. The Plan is administered by the Board of Directors or by a compensation committee of the Board of Directors. The Board of Directors has the exclusive power to select individuals to receive grants, to establish the terms of the options granted to each participant, provided that all options granted shall be granted at an exercise price equal to at least 85% of the fair market value of the common stock covered by the option on the grant date and to make all determinations necessary or advisable under the Plan. The options are subject to termination of employment and generally expire five years from the date of grant. Employee options generally vest in installments over two years. As of December 31, 2008, 438,000 shares of common stock were available for future grants under the Plan.

The compensation cost recognized for the three months ended December 31, 2008 and 2007 was \$20,044 and \$39,270, respectively. There were 35,000 stock option exercises for the three months ended December 31, 2007. There were no stock option grants for the three month periods ended December 31, 2008 and 2007.

6. COMMON STOCK

During the quarter ended December 31, 2008, the Company purchased 48,200 shares of Company common stock for its treasury at an aggregate cost of \$236,518.

7. EARNINGS PER SHARE (EPS)

The Company computes earnings per share in accordance with SFAS No. 128, Earnings Per Share. SFAS No. 128 provides for the calculation of basic and diluted earnings per share. Basic earnings per share includes no dilution and is computed by dividing income available to common stockholders by the weighted average number of common shares outstanding for the period. Diluted earnings per share reflect the potential dilution of securities that could share in the earnings of the Company.

Potential common stock shares consist of shares that may arise from outstanding dilutive common stock warrants and options (the number of which is computed using the "treasury stock method") and from outstanding convertible debentures (the number of which is computed using the "if converted method"). Diluted EPS considers the potential dilution that could occur if the Company's outstanding common stock warrants and convertible debentures were converted into common stock that then shared in the Company's earnings (as adjusted for interest expense, that would no longer occur if the debentures were converted).

Net earnings applicable to common stock and the weighted – average number of shares used for basic and diluted earnings per share computations are summarized in the table that follows:

7. EARNINGS PER SHARE – (EPS) - continued

(1) Represents interest expense on dilutive convertible debentures, that would not occur if they were assumed converted.

(2) All outstanding warrants and options were considered for the EPS computation.

(3) Convertible debentures (principal and accrued interest) outstanding at December 31, 2008 and 2007 totaling \$960,582 and \$3,074,639, respectively, were convertible into common stock at a price from \$12.00 to \$25.32 per share in 2008 and \$3.00 to \$12.00 per share in 2007 and resulted in additional common shares (based on average balances outstanding). Potential dilutive shares of 89,257 and 72,463 for the three months ended December 31, 2008 and 2007, respectively, have been excluded from earnings per share due to being anti-dilutive.

8. ACQUISITIONS AND DISPOSITIONS

On November 30, 2007, the Company entered into a Stock Purchase Agreement for the acquisition of 100% of the issued and outstanding common stock of Stellar Management Corporation, a Florida corporation (the "Stellar Stock") and 100% of the issued and outstanding common stock of Miami Garden Square One, Inc., a Florida corporation (the "MGSO Stock") which owns and operates an adult entertainment cabaret known as "Tootsie's Cabaret" ("Tootsie's") located at 150 NW 183rd Street, Miami Gardens, Florida 33169 (the "Transaction"). Pursuant to the Stock Purchase Agreement, the Company acquired the Stellar Stock and the MGSO Stock from Norman Hickmore ("Hickmore") and Richard Stanton ("Stanton") for a total purchase price of \$25,486,000 (which includes inventory and other assets), payable to the sellers \$15,486,000 in cash, \$10,000,000 pursuant to two secured promissory notes in the amount of \$5,000,000 each to Stanton and Hickmore (the "Notes"), plus estimated transaction costs of \$175,000. The Notes will bear interest at the rate of 14% per annum with the principal payable in one lump sum payment on November 30, 2010. Interest on the Notes will be payable monthly, in arrears, with the first payment being due thirty (30) days after the closing of the Transaction. The Company cannot pre-pay the Notes during the first twelve (12) months; thereafter, the Company may prepay the Notes, in whole or in part, provided that (i) any prepayment by the Company from December 1, 2008 through November 30, 2009, shall be paid at a rate of 110% of the original principal amount and (ii) any prepayment by the Company after November 30, 2009, may be prepaid without penalty at a rate of 100% of the original principal amount. The Notes are secured by the Stellar Stock and MGSO Stock under a Pledge and Security Agreement. As part of the Transaction, Hickmore and Stanton entered into five-year covenants not to compete with the Company. Additionally, as part of the Transaction, the Company entered into Assignment to Lease Agreements with the landlord for the property where Tootsie's is located. The underlying lease agreements for the property provide for an original lease term through June 30, 2014, with two option periods which give the Company the right to lease the property through June 30, 2034. The terms and conditions of the transaction were the result of extensive arm's length negotiations between the parties.

The following information summarizes the allocation of fair values assigned to the assets and liabilities at the acquisition date.

9. INCOME TAXES

Income tax expense for the periods presented differs from the "expected" federal income tax expense computed by applying the U.S. federal statutory rate of 34% to earnings before income taxes for the three months ended December 31, as a result of the following:

	2008	2007
Computed expected tax expense	\$ 427,005	\$ 792,538
State income taxes	37,393	23,310
Stock option disqualifying dispositions and other permanent differences	668	(268,126)
Total income tax expense	\$ 465,066	\$ 547,722

Included in the Company's deferred tax liabilities at December 31, 2008 is approximately \$14,200,000 representing the tax effect of indefinite lived intangible assets from club acquisitions which are not deductible for tax purposes. These deferred tax liabilities will remain in the Company's balance sheet until the related clubs are sold.

10. IMPAIRMENT OF NIGHTCLUB ASSETS

The Company's San Antonio nightclub, "Encounters" is currently for sale. The accompanying financial statements as of and for the quarter ended December 31, 2008 include an impairment for the estimated loss on the sale of \$221,563.

11. COMMITMENTS AND CONTINGENCIES

Sexually Oriented Business Ordinance of Houston, Texas

In 1997, the City of Houston passed a comprehensive new ordinance regulating the location of and the conduct within sexually oriented businesses (the "Ordinance"), which became the subject of litigation, which affects the Company's Sexually Oriented Business licenses in Houston, Texas. After extensive litigation, the Trial Court in Houston rendered its judgment in favor of the City of Houston in January 2007. The Trial Court found that the City of Houston met its burden that there were sufficient alternate sites available to relocate all of the existing sexually oriented businesses in Houston in 1997. The Trial Court found the Ordinance constitutional and enforceable. Post-trial motions were heard and the relief sought, a stay against enforcement, was denied by the Trial Court. An appeal to the Fifth Circuit Court of Appeals was timely filed. The Fifth Circuit granted a stay pending appeal. Oral argument was held before the Fifth Circuit Court of Appeals in August 2007. The Fifth Circuit Court of Appeals ruled in favor of the City of Houston in September 2007. Pleadings were filed seeking a stay against enforcement of the provisions of the Ordinance with the United States Supreme Court in conjunction with the request that the United States Supreme Court hear an appeal of the Fifth Circuit Court of Appeals ruling. The United States Supreme Court refused to hear the matter.

Additionally, the Company filed on behalf of three of the Company's club locations in Houston state court lawsuits seeking judicial review of the results of the amortization process contained within the Ordinance. The amortization process was abated in 1998 due to the possible multiplicity of court actions. The final order by the Trial Court resulted in the termination of the abatement and allowed the amortization process to continue as provided in the Ordinance. Trial on the amortization cases was held in April 2008. At the conclusion of the trial, the Court ruled that the amortization awards were proper and requested that findings of fact and conclusions of law be submitted to the Court as well as a judgment in the case. A form of judgment has been entered by the Court. The amortization award periods have already expired for the Company's affected clubs. An appeal of the amortization review by the Harris County District Court was filed. A stay sought by the clubs during the appeal was denied. In the event all efforts to stop enforcement activity fail and the City of Houston elects to enforce the judgment, the Company, as well as every other similarly situated sexually oriented business located within the incorporated area of Houston, Texas, will have to either cease providing nude or semi-nude entertainment or develop alternate methods of operating. We have already taken steps to clothe the Company's entertainers in a manner to eliminate the need for licenses and not to be subject to the Ordinance. Approximately 7.6% of the Company's club operation's revenues and 1.8% of income before income taxes for the three months ended December 31, 2008 were in Houston, Texas. It is unknown at this time whether this will have a material effect on the Company's operations.

Other Legal Matters

Beginning January 1, 2008, our Texas clubs became subject to a new state law requiring each club to collect pay a \$5 surcharge for every club visitor. A lawsuit was filed by the Texas Entertainment Association, an organization to which we are a member, alleging the fee amounts to be an unconstitutional tax. On March 28, 2008, a State District Court Judge in Travis County, Texas ruled that the new state law violates the First Amendment to the United States Constitution and is therefore invalid. The judge's order enjoined the State from collecting or assessing the tax. The State has appealed the court's ruling. In Texas, when cities or the State give notice of appeal, it supersedes and suspends the judgment, including the injunction. Therefore, the judgment of the District Court cannot be enforced until the appeals are completed. Given the suspension of the judgment, the State has opted to collect the tax pending the outcome of its appeal. The Texas Third Court of Appeals heard oral argument in this case on February 11, 2009, however no decision is expected in the immediate future. In the meantime, we have paid the tax for the first four calendar quarters under protest and expensed the tax in the accompanying financial statements, except for two locations in Dallas where the taxes have not been paid, but we are accruing and expensing the liability. The Company's Texas clubs have filed a separate lawsuit against the State to demand repayment of the taxes.

For all the above legal matters, no contingent reserves as liabilities have been recorded in the accompanying balance sheets as such potential losses are not deemed probable or estimable.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

The following discussion should be read in conjunction with our audited consolidated financial statements and related notes thereto included in this quarterly report.

FORWARD LOOKING STATEMENT AND INFORMATION

The Company is including the following cautionary statement in this Form 10-Q to make applicable and take advantage of the safe harbor provision of the Private Securities Litigation Reform Act of 1995 for any forward-looking statements made by, or on behalf of, the Company. Forward-looking statements include statements concerning plans, objectives, goals, strategies, future events or performance and underlying assumptions and other statements, which are other than statements of historical facts. Certain statements in this Form 10-Q are forward-looking statements. Words such as "expects," "believes," "anticipates," "may," and "estimates" and similar expressions are intended to identify forward-looking statements. Such statements are subject to risks and uncertainties that could cause actual results to differ materially from those projected. Such risks and uncertainties are set forth below. The Company's expectations, beliefs and projections are expressed in good faith and are believed by the Company to have a reasonable basis, including without limitation, management's examination of historical operating trends, data contained in the Company's records and other data available from third parties, but there can be no assurance that management's expectation, beliefs or projections will result, be achieved, or be accomplished. In addition to other factors and matters discussed elsewhere herein, the following are important factors that, in the view of the Company, could cause material adverse effects on the Company's financial condition and results of operations: the risks and uncertainties relating to our Internet operations, the impact and implementation of the sexually oriented business ordinances in the jurisdictions where our facilities operate, competitive factors, the timing of the openings of other clubs, the availability of acceptable financing to fund corporate expansion efforts, and the dependence on key personnel. The Company has no obligation to update or revise these forward-looking statements to reflect the occurrence of future events or circumstances.

GENERAL

We operate in three businesses in the adult entertainment industry:

1. We own and/or operate upscale adult nightclubs serving primarily businessmen and professionals. Our nightclubs offer live adult entertainment and restaurant and bar operations. Through our subsidiaries, we currently own and/or operate a total of nineteen adult nightclubs that offer live adult entertainment and restaurant and bar operations. Seven of our clubs operate under the name "Rick's Cabaret"; four operate under the name "Club Onyx", upscale venues that welcome all customers but cater especially to urban professionals, businessmen and professional athletes; five clubs operate under the name "XTC Cabaret"; one club that operated as "Encounters" closed in January 2009, one club operates as "Tootsie's" and one club operates as "Divas Latinas" (formerly an Onyx). Our nightclubs are in Houston, Austin, San Antonio, Dallas and Fort Worth, Texas; Charlotte, North Carolina; Minneapolis, Minnesota; New York, New York; Miami Gardens, Florida; Philadelphia, Pennsylvania and Las Vegas, Nevada. No sexual contact is permitted at any of our locations.

2. We have extensive Internet activities.

a) We currently own two adult Internet membership Web sites at www.CoupleTouch.com and www.xxxpassword.com. We acquire xxxpassword.com site content from wholesalers.

b)

We operate an online auction site www.NaughtyBids.com. This site provides our customers with the opportunity to purchase adult products and services in an auction format. We earn revenues by charging fees for each transaction conducted on the automated site.

Table of Contents

3. In April 2008, we acquired a media division, including the leading trade magazine serving the multi-billion dollar adult nightclubs industry. As part of the transaction we also acquired two industry trade shows, two other industry trade publications and more than 25 industry websites.

Our nightclub revenues are derived from the sale of liquor, beer, wine, food, merchandise, cover charges, membership fees, independent contractors' fees, commissions from vending and ATM machines, valet parking and other products and services. Our Internet revenues are derived from subscriptions to adult content Internet websites, traffic/referral revenues, and commissions earned on the sale of products and services through Internet auction sites, and other activities. Media revenues include sale of advertising content and revenues from an annual Expo convention. Our fiscal year end is September 30.

For several years, we have greatly reduced our usage of promotional pricing for membership fees for our adult entertainment web sites. This reduced our revenues from these web sites.

CRITICAL ACCOUNTING POLICIES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts in the financial statements and accompanying notes. Estimates and assumptions are based on historical experience, forecasted future events and various other assumptions that we believe to be reasonable under the circumstances. Estimates and assumptions may vary under different assumptions or conditions. We evaluate our estimates and assumptions on an ongoing basis. We believe the accounting policies below are critical in the portrayal of our financial condition and results of operations.

Accounts and Notes Receivable

Trade accounts receivable for the nightclub operation is primarily comprised of credit card charges, which are generally converted to cash in two to five days after a purchase is made. The media division's accounts receivable is primarily comprised of receivables for advertising sales and Expo registration. The Company's accounts receivable, other is comprised of employee advances and other miscellaneous receivables. The long-term portion of notes receivable are included in other assets in the accompanying consolidated balance sheets. The Company recognizes interest income on notes receivable based on the terms of the agreement and based upon management's evaluation that the notes receivable and interest income will be collected. The Company recognizes allowances for doubtful accounts or notes when, based on management judgment, circumstances indicate that accounts or notes receivable will not be collected.

Inventories

Inventories include alcoholic beverages, food, and Company merchandise. Inventories are carried at the lower of cost, average cost, which approximates actual cost determined on a first-in, first-out ("FIFO") basis, or market.

Property and Equipment

Property and equipment are stated at cost. Provisions for depreciation and amortization are made using straight-line rates over the estimated useful lives of the related assets and the shorter of useful lives or terms of the applicable leases for leasehold improvements. Buildings have estimated useful lives ranging from 31 to 40 years. Furniture, equipment and leasehold improvements have estimated useful lives between five and ten years. Expenditures for major renewals and betterments that extend the useful lives are capitalized. Expenditures for normal maintenance and repairs are expensed as incurred. The cost of assets sold or abandoned and the related accumulated depreciation are

eliminated from the accounts and any gains or losses are charged or credited in the accompanying consolidated statement of operations of the respective period.

Goodwill and Intangible Assets

In June 2001, the FASB issued SFAS No. 142, Goodwill and Other Intangibles Assets, which addresses the accounting for goodwill and other intangible assets. Under SFAS No. 142, goodwill and intangible assets with indefinite lives are no longer amortized, but reviewed on an annual basis for impairment. The Company adopted SFAS No. 142 effective October 1, 2001. The Company's annual evaluation was performed as of September 30, 2008, based on a projected discounted cash flow method using a discount rate determined by management to be commensurate with the risk inherent in the current business model. The Company determined that there is no goodwill impairment at September 30, 2008. All of the Company's goodwill and intangible assets relate to the nightclub segment, except for \$567,000 related to the media segment. Definite lived intangible assets are amortized on a straight-line basis over their estimated lives. Fully amortized assets are written-off against accumulated amortization.

Revenue Recognition

The Company recognizes revenue from the sale of alcoholic beverages, food and merchandise and services at the point-of-sale upon receipt of cash, check, or credit card charge.

The Company recognizes revenue for VIP memberships in accordance with Staff Accounting Bulletin No. 104, Revenue Recognition, by deferring membership revenue and recognizing over the estimated membership usage period. Management estimates that the weighted average useful lives for memberships are 12 and 24 months for annual and lifetime memberships, respectively. The Company does not track membership usage by type of membership, however it believes these lives are appropriate and conservative, based on management's knowledge of its client base and membership usage at the clubs.

The Company recognizes Internet revenue from monthly subscriptions to its online entertainment sites when notification of a new or existing subscription and its related fee are received from the third party hosting company or from the credit card company, usually two to three days after the transaction has occurred. The monthly fee is not refundable. The Company recognizes Internet auction revenue when payment is received from the credit card as revenues are not deemed estimable nor collection deemed probable prior to that point.

Revenues from the sale of magazines and advertising content are recognized when the issue is published and shipped. Revenues and external expenses related to the Company's annual Expo convention are recognized upon the completion of the convention in August.

Sales and Liquor Taxes

The Company recognizes sales and liquor taxes paid as revenues and an equal expense in accordance with EITF 06-3, How Taxes Collected from Customers and Remitted to Governmental Authorities Should Be Presented in the Income Statement. Total sales and liquor taxes aggregated \$1,073,166 and \$740,032 for the three months ended December 31, 2008 and 2007, respectively.

Advertising and Marketing

Advertising and marketing expenses are primarily comprised of costs related to public advertisements and giveaways, which are used for promotional purposes. Advertising and marketing expenses are expensed as incurred and are included in operating expenses in the accompanying consolidated statements of operations.

Table of Contents

Income Taxes

Deferred income taxes are determined using the liability method in accordance with SFAS No. 109, Accounting for Income Taxes. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. In addition, a valuation allowance is established to reduce any deferred tax asset for which it is determined that it is more likely than not that some portion of the deferred tax asset will not be realized.

In June 2006, the FASB issued Interpretation No. 48, Accounting for Uncertainty in Income Taxes, an Interpretation of FASB Statement No. 109, Accounting for Income Taxes (FIN 48), to create a single model to address accounting for uncertainty in tax positions. FIN 48 clarifies the accounting for income taxes by prescribing a minimum recognition threshold a tax position is required to meet before being recognized in the financial statements. FIN 48 also provides guidance on derecognition, measurement, classification, interest and penalties, accounting in interim periods, disclosure and transition. FIN 48 is effective for fiscal years beginning after December 15, 2006. The Company has adopted FIN 48 as of October 1, 2007, as required. The adoption of FIN 48 has had no effect on the Company's consolidated financial position, results of operations or cash flows. There are no unrecognized tax benefits to disclose in the notes to the financial statements.

Stock Options

The compensation cost recognized for the three months ended December 31, 2008 and 2007 was \$20,044 and \$39,270, respectively. There were 35,000 stock option exercises for the three months ended December 31, 2007. There were no stock options exercises for the three months ended December 31, 2008.

RESULTS OF OPERATIONS FOR THE THREE MONTHS ENDED DECEMBER 31, 2008 AS COMPARED TO THE THREE MONTHS ENDED DECEMBER 31, 2007

For the three months ended December 31, 2008, we had consolidated total revenues of \$17,311,171 compared to consolidated total revenues of \$10,954,338 for the three months ended December 31, 2007, an increase of \$6,356,833 or 58.0%. The increase in total revenues was primarily attributable to the increase in revenues generated by our new media division and new clubs in Miami Gardens, Florida, Dallas, Texas, Philadelphia, Pennsylvania, and Las Vegas, Nevada, in the amount of \$6,360,179. Total revenues for same-location-same-period of club operations decreased 0.1% to \$8,767,438 for the three months ended December 31, 2008 from \$8,772,902 for the same period ended December 31, 2007.

Net Income	790,832	4.6%	1,783,272	16.3%

Following is an explanation of significant variances in the above amounts.

The increase in the cost of goods sold as a percentage of revenues for the three months ended December 31, 2008 was due primarily to the addition of our media operation and its related cost of goods which is significantly higher as a percentage of revenues compared to the nightclub operation. Media cost of goods amounted to \$98,220 for the quarter ended December 31, 2008. The cost of goods sold for the club operations for the three months ended December 31, 2008 was 12.8% compared to 12.4% for the three months ended December 31, 2007. The cost of goods

sold from our internet operations for the three months ended December 31, 2008 was 1.7% compared to 4.6% for the three months ended December 31, 2007. The cost of goods sold for same-location-same-period of club operations for the three months ended December 31, 2008 was 12.2%, compared to 12.6% for the same period ended December 31, 2007.

The increase in payroll and related costs, stated as "Salaries & Wages" above, was primarily due to the addition of the new clubs. The increase in percentage to total revenues is principally due to the new clubs in Dallas and Philadelphia which had significantly higher manager payrolls and also the addition of a general manager and a manager in Miami and the change to salaried personnel for maintenance and landscaping in Miami from an outsourced company. Payroll for same-location-same-period of club operations decreased to \$1,879,663 for the three months ended December 31, 2008 from \$1,886,657 for the same period ended December 31, 2007. Management currently believes that its labor and management staff levels are appropriate.

Table of Contents

The increase in the percentage of taxes and permits to total revenues is principally due to the patron tax in our nightclubs in Texas which was instituted in January 2008 and amounted to \$437,000 during the quarter ended December 31, 2008.

The increase in the percentage of advertising and marketing to total revenue is principally due to the rebranding of the Club Onyx in Philadelphia and the addition of our new club in Las Vegas.

Rent expense increased principally due to significant new leases in Las Vegas and Philadelphia.

The increase in legal and professional expense is principally due to contesting of labor lawsuits in Minnesota and New York.

Impairment expense of nightclub assets relates to the impairment of the assets of our nightclub, "Encounters", which is for sale at the current time. Encounters experienced a loss of approximately \$44,000 before income taxes for the quarter ended December 31, 2008.

The increase in interest expense was attributable to our obtaining new debt during the year ended September 30, 2008 to finance the purchase of the new clubs and related real estate. As of December 31, 2008, the balance of long-term debt was \$32,484,724 compared to \$24,304,285 a year earlier.

The significant change in minority interests is due to the purchase, effective March 31, 2008, of the remaining 49% of our Austin Rick's Cabaret location and the purchase, effective the same day, of 51% of the partnership owning the real estate for our Philadelphia location.

Income taxes, as a percentage of income before taxes was 37% and 23.5% for the quarters ended December 31, 2008 and 2007, respectively. The increase in 2008 is due to the lack of significant permanent difference deductions in 2008 compared to 2007, principally related to exercised stock options and also to the increased significance of state taxes in 2008.

The decrease in net income was primarily due to the increase in expenses detailed above and losses in our new operations in Dallas, Philadelphia and Las Vegas. Income before income taxes (exclusive of corporate overhead) for same-location-same-period of club operations decreased to \$1,974,984 for the three months ended December 31, 2008 from \$2,295,644 for same period ended December 31, 2007, or by 14.0%.

Losses, before income taxes, at clubs losing money during the quarter ended December 31, 2008 exceeded \$1.9 million. The significant losing clubs include Rick's Cabarets in Austin, Las Vegas, Dallas and Philadelphia and Club Onyx in Dallas. Following is an explanation of the steps management has taken or is in the process of taking to remedy these losses:

The Rick's Cabaret in Dallas lost \$323,000 before income taxes during the quarter ended December 31, 2008. In January 2009, we have converted the location to XTC Cabaret Dallas. Early results are very encouraging and we expect to at least break even for the quarter ended March 31, 2009 and become profitable after that.

The Rick's Cabaret in Austin lost \$240,000 before income taxes during the quarter ended December 31, 2008. We have negotiated lower rent, discontinued day shift and all kitchen and food operations and are currently considering re-concepting this location.

The Rick's Cabaret in Philadelphia lost \$276,000 before income taxes during the quarter ended December 31, 2008. We have converted the location to Club Onyx Philadelphia in January 2009 and the club has already turned a

slight profit in January 2009. We expect continued profitability in 2009 going forward.

Club Onyx Dallas did not have a liquor license during the quarter ended December 2008 until December 5, 2008 and lost \$188,000 before income taxes during the quarter. January is already profitable and we expect ongoing profits in this location.

28

Table of Contents

Rick's Cabaret Las Vegas lost approximately \$678,000 before income taxes for the quarter ended December 31, 2008. Due to the economy in Las Vegas, we will continue to lose money at this location until the Las Vegas economy improves, but we have made expense reductions in this location subsequent to December 31, 2008 and hope to see better results in the subsequent quarters.

LIQUIDITY AND CAPITAL RESOURCES

Working Capital and Cash Flows

At December 31, 2008, we had working capital of \$606,749 compared to \$327,800 at December 31, 2007.

Net cash used by operating activities in the three months ended December 31, 2008 was \$575,682 compared to cash provided of \$2,258,329 for the three months ended December 31, 2007. The decrease in cash provided by operating activities was primarily due to the payment of income taxes and accounts payable during the quarter ended December 31, 2008.

We used \$658,935 of cash in investing activities during the three months ended December 31, 2008 compared to \$15,957,446 during the three months ended December 31, 2007. The decrease was principally due to the acquisition of the new club in Miami Gardens, Florida on November 30, 2007. Cash of \$1,389,895 was used by financing activities during the three months ended December 31, 2008 compared to \$15,733,659 cash provided during the three months ended December 31, 2007. The decrease in cash provided by financing activities is primarily the result of common stock issuances to raise capital for acquiring the new Florida club in 2007.

We require capital principally for construction or acquisition of new clubs, renovation of older clubs and investments in technology. We may also utilize capital to repurchase our common stock as part of our share repurchase program.

Put Options

As part of certain of our acquisition transactions, we have entered into Lock-Up/Leak-Out Agreements with the sellers pursuant to which, on or after a contractual period after the closing date, the seller shall have the right, but not the obligation, to have us purchase from seller a certain number of our shares of common stock issued in the transactions in an amount and at a rate of not more than a contractual number of the shares per month (the "Monthly Shares") calculated at a price per share equal to a contractual value per share ("Value of the Rick's Shares"). At our election during any given month, we may either buy the Monthly Shares or, if we elect not to buy the Monthly Shares from the seller, then the seller shall sell the Monthly Shares in the open market. Any deficiency between the amount which the seller receives from the sale of the Monthly Shares and the value of the shares shall be paid by us within three (3) business days of the date of sale of the Monthly Shares during that particular month. Our obligation to purchase the Monthly Shares from the Seller shall terminate and cease at such time as the seller has received a contractual amount from the sale of the Rick's Shares and any deficiency. Under the terms of the Lock-Up/Leak-Out Agreements, the seller may not sell more than a contractual number of our shares per 30-day period, regardless of whether the seller "Puts" the shares to us or sells them in the open market or otherwise.

The maximum obligation that could be owed if our stock were valued at zero is \$13,935,020 and is recorded in our balance sheet at September 30, 2008 as Temporary Equity. We consider this type of financing transaction to be similar to interest-free debt. If we are required to buy back any of these put options, the buy-back transaction will be purely a balance sheet transaction, affecting only Temporary Equity and Stockholders' Equity and will have no income statement effect. Following is a schedule of the annual obligation we would have if our stock price remains in the future at the closing market price on February 2, 2009 of \$4.00 per share, of which there can be no assurance:

Table of Contents

For the Year Ended September 30:	
2009	\$ 2,670,336
2010	3,702,724
2011	3,000,000
2012	2,115,000
Total	\$ 11,488,060

Each \$1.00 per share movement of our stock price has an aggregate effect of \$611,740 on the total obligation.

Other Liquidity and Capital Resources

We have not established lines of credit or financing other than the above mentioned notes payable and our existing debt. There can be no assurance that we will be able to obtain additional financing on reasonable terms in the future, if at all, should the need arise.

On September 29, 2008, our Board of Directors authorized us to repurchase up to \$5,000,000 worth of our common stock. During the fiscal year ending September 30, 2008, no shares were purchased under this program. During the three months ended December 31, 2008, we purchased 48,200 shares of common stock in the open market at prices ranging from \$3.54 to \$5.95.

We believe that the adult entertainment industry standard of treating entertainers as independent contractors provides us with safe harbor protection to preclude payroll tax assessment for prior years. We have prepared plans that we believe will protect our profitability in the event that sexually oriented business industry is required in all states to convert dancers who are now independent contractors into employees.

The sexually oriented business industry is highly competitive with respect to price, service and location, as well as the professionalism of the entertainment. Although management believes that we are well-positioned to compete successfully in the future, there can be no assurance that we will be able to maintain our high level of name recognition and prestige within the marketplace.

IMPACT OF INFLATION

We have not experienced a material overall impact from inflation in our operations during the past several years. To the extent permitted by competition, we have managed to recover increased costs through price increases and may continue to do so. However, there can be no assurance that we will be able to do so in the future.

SEASONALITY

Our nightclub operations are affected by seasonal factors. Historically, we have experienced reduced revenues from April through September with the strongest operating results occurring during October through March. Our experience to date indicates that there does not appear to be a seasonal fluctuation in our Internet activities.

GROWTH STRATEGY

We believe that our nightclub operations can continue to grow organically and through careful entry into markets and demographic segments with high growth potential. Our growth strategy is: (a) to open new clubs after careful market research, (b) to acquire existing clubs in locations that are consistent with our growth and income targets and which appear receptive to the upscale club formula we have developed, as is the case with the acquisitions of the clubs in Austin and Fort Worth, Texas, Miami Gardens, Florida, Philadelphia, Pennsylvania, and Las Vegas, Nevada, (c) to form joint ventures or partnerships to reduce start-up and operating costs, with us contributing equity in the form of our brand name and management expertise, (d) to develop new club concepts that are consistent with our management and marketing skills, (e) to acquire real estate in connection with club operations, although some clubs may be in leased premises, and/or (f) to enter into licensing agreements in strategic locations, as is the case with the license agreement with Rick's Buenos Aires Sociedad Anonima in Argentina.

On November 30, 2007, we purchased one night club operation for \$25,486,000 (which includes inventory and other assets). The acquisition was funded by the issuance of 1,165,000 shares of our restricted common stock and \$10,000,000 in debt. For the three months ended December 31, 2008, this nightclub operation had total revenues of approximately \$5,721,000 and income before income taxes of approximately \$2,267,000, compared to approximately \$2,001,000 and \$954,000, respectively, for the month of December 2007 after purchase in the previous year.

We continue to evaluate opportunities to acquire new nightclubs and anticipate acquiring new locations that fit our business model as we have done in the past.

We also expect to continue to grow our Internet profit centers. We plan to focus on high-margin Internet activities that leverage our marketing skills while requiring a low level of start-up cost and ongoing operating costs and refine and tune our Internet sites for better positioning in organic search rankings amongst the major search providers. We will restructure affiliate programs to provide higher incentives to our current affiliates to better promote our Internet sites, while actively seeking new affiliates to send traffic to our Internet sites.

The acquisition of additional clubs and/or internet operations will require us to obtain additional debt or issuance of our common stock, or both. There can be no assurance that we will be able to obtain additional financing on reasonable terms in the future, if at all, should the need arise. An inability to obtain such additional financing could have an adverse effect on our growth strategy.

Item 4T. Controls and Procedures.

Disclosure Controls and Procedures. We maintain "disclosure controls and procedures," as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934 (the "Exchange Act"), that are designed to ensure that information required to be disclosed by us in reports that we file or submit under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in Securities and Exchange Commission rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. In designing and evaluating our disclosure controls and procedures, management recognized that disclosure controls and procedures, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the disclosure controls and procedures are met. Additionally, in designing disclosure controls and procedures, our management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible disclosure controls and procedures. The design of any disclosure controls and procedures also is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions.

There were no changes in our internal control over financial reporting during our first quarter ended December 31, 2008, that have materially affected or are reasonably likely to materially affect, our internal control over financial reporting.

PART II—OTHER INFORMATION

Item 1. Legal Proceedings.

In 1997, the City of Houston passed a comprehensive new ordinance regulating the location of and the conduct within sexually oriented businesses (the “Ordinance”), which became the subject of litigation which affects our Sexually Oriented Business licenses in Houston, Texas. After extensive litigation, the Trial Court in Houston rendered its judgment in favor of the City of Houston in January, 2007. The Trial Court found that the City of Houston met its burden that there were sufficient alternate sites available to relocate all of the existing sexually oriented businesses in Houston in 1997. The Trial Court found the Ordinance constitutional and enforceable. Post-trial motions were heard and the relief sought, a stay against enforcement, was denied by the Trial Court. An appeal to the Fifth Circuit Court of Appeals was timely filed. The Fifth Circuit granted a stay pending appeal. Oral argument was held before the Fifth Circuit Court of Appeals in August 2007. The Fifth Circuit Court of Appeals ruled in favor of the City of Houston in September 2007. Pleadings were filed seeking a stay against enforcement of the provisions of the Ordinance with the United States Supreme Court in conjunction with the request that the United States Supreme Court hear an appeal of the Fifth Circuit Court of Appeals ruling. The United States Supreme Court refused to hear the matter.

Additionally, we filed on behalf of three of our club locations in Houston state court lawsuits seeking judicial review of the results of the amortization process contained within the Ordinance. The amortization process was abated in 1998 due to the possible multiplicity of court actions. The final order by the Trial Court resulted in the termination of the abatement and allowed the amortization process to continue as provided in the Ordinance. Trial on the amortization cases was held in April 2008. At the conclusion of the trial, the Court ruled that the amortization awards were proper and requested that findings of fact and conclusions of law be submitted to the Court as well as a judgment in the case. A form of judgment has been entered by the Court. The amortization award periods have already expired for our affected clubs. An appeal of the amortization review by the Harris County District Court was filed. A stay sought by the clubs during the appeal was denied. In the event all efforts to stop enforcement activity fail and the City of Houston elects to enforce the judgment, we, as well as every other similarly situated sexually oriented business located within the incorporated area of Houston, Texas, will have to either cease providing nude or semi-nude entertainment or develop alternate methods of operating. We have already taken steps to clothe our entertainers in a manner to eliminate the need for licenses and not to be subject to the Ordinance. Approximately 7.6% of our club operation’s revenues and 1.8% of income before income taxes for the three months ended December 31, 2008 were in Houston, Texas. It is unknown at this time whether this will have a material effect on our operations.

OTHER LEGAL MATTERS

Beginning January 1, 2008, our Texas clubs became subject to a new state law requiring each club to collect pay a \$5 surcharge for every club visitor. A lawsuit was filed by the Texas Entertainment Association, an organization to which we are a member, alleging the fee amounts to be an unconstitutional tax. On March 28, 2008, a State District Court Judge in Travis County, Texas ruled that the new state law violates the First Amendment to the United States Constitution and is therefore invalid. The judge’s order enjoined the State from collecting or assessing the tax. The State has appealed the court’s ruling. In Texas, when cities or the State give notice of appeal, it supersedes and suspends the judgment, including the injunction. Therefore, the judgment of the District Court cannot be enforced until the appeals are completed. Given the suspension of the judgment, the State has opted to collect the tax pending the outcome of its appeal. The Texas Third Court of Appeals heard oral argument in this case on February 11, 2009, however no decision is expected in the immediate future. In the meantime, we have paid the tax for the first four calendar quarters under protest and expensed the tax in the accompanying financial statements, except for two locations in Dallas where the taxes have not been paid, but we are accruing and expensing the liability. The Company’s Texas clubs have filed a separate lawsuit against the State to demand repayment of the taxes.
