Interest Expense (5)	1,282	1,415
Depreciation(6)	-	4,550
Daily Break-Even(7)	8,215	13,584

(1) Breakeven levels are based on an average number of 9.00 vessels for 2011.

(2) Free Cash Flow is defined as net income plus depreciation less capital expenditures, primarily vessel dry dockings, and other non-cash items, namely restricted stock compensation and deferred financing charges.

(4) General & Administrative amounts are based on a budget which includes incentive compensation and may vary, including as a result of actual incentive compensation. Management Fees are based on the contracted monthly rate per vessel for the technical management of our fleet, including amounts paid to Genco Shipping & Trading Limited.

(5) Interest Expense is based on our outstanding debt of \$101.25 million, unused commitment fees of 1.25% under our recently amended \$150 million credit facility, an interest rate of LIBOR plus 300 bps and amortization of deferred financing costs.

(6) Depreciation is based on the acquisition value of the current fleet, including the vessels to be acquired and amortization of dry docking costs.

(7) The amounts shown will vary based on actual results.
