ITEM 1. DESCRIPTION OF BUSINESS

General

Trinity Learning Corporation ("Trinity") is a publicly-held Utah corporation that provides advanced learning solutions around the world for corporations, organizations and individuals. Our mission is to become a leading global learning corporation through acquisition, business development and strategic relationships. We commenced our strategy in 2002 to acquire operating companies in strategic markets that have developed proprietary technology-enabled learning, training and certification services targeted at major customers in worldwide industries. Our initial target market is medium to large companies and organizations that provide workplace training and certification to their employees in a cost effective and efficient manner.

We are seeking to achieve market entry and increased penetration in geographic markets throughout the world through multiple acquisitions and integration of operating companies. We are acquiring operating companies with established customer bases, proprietary platforms and learning systems. Growth will also be achieved through licensing of software and other technologies, internal business development, and the expansion of sales offices and other sales representation around the world. We have targeted acquisitions that position us to:

- Provide workplace learning services to multiple organizational levels of major employers;
- Leverage investments in content and delivery systems across multiple industry segments;
- Cross-market learning services developed by our operating subsidiaries;
- Design and implement long-term workplace human capital development programs for large corporations, organizations and governments; and
- Provide meaningful learning experiences to end-users.

Edgar Filing: TRINITY LEARNING CORP - Form 10KSB

market research and an analysis of our ability to acquire operating companies in key market areas and segments and attractive valuations. Since adopting this strategy, we have focused our corporate development efforts on identifying and completing five strategic acquisitions, expanding our executive management team, entering into key strategic relationships with financial advisors and investment banks, and developing and implementing a development and growth stage financing strategy.

Recent Acquisitions

Following our initial acquisition of Competency Based Learning, Inc., discussed below, our corporate development efforts in 2003 were concentrated on the identification of additional acquisition candidates including due diligence, negotiation of terms and conditions, and the development of integration and financing strategies for each acquisition. We have also focused on raising growth capital through private placements to be used as working capital for Trinity and our subsidiaries. On September 1, 2003, we completed the following three non-related acquisitions. Additional information concerning these transactions and the various companies involved will be filed in due course on Forms 8-K in the near future.

TouchVision (California)

We completed the acquisition of all of the issued and outstanding shares of TouchVision, Inc., a California corporation ("TouchVision") that is in the business of providing technology-enabled information and learning systems to healthcare providers, financial services companies and other industry segments. In consideration for the TouchVision shares, we issued an aggregate of 1,250,000 restricted shares of our common stock, of which 312,500 shares are subject to the terms of an escrow agreement as collateral for the indemnification obligations of the former TouchVision shareholders. We also agreed to loan to TouchVision the sum of \$20,000 per month for the twelve-month period following closing, to be used for working capital. We had previously loaned TouchVision the sum of \$50,000 in June, 2003 by way of bridge financing pending completion of the acquisition. In connection with the acquisition, TouchVision entered into substantially similar employment agreements with each of Messrs. Gregory L. Roche and Larry J. Mahar, the former principals of TouchVision, which have a term of two years and provide for annual salaries of \$120,000.

River Murray Training Pty. Ltd. (Australia)

We completed the acquisition of all of the issued and outstanding shares of River Murray Training Pty Ltd ("RMT") an Australian company that is in the business of providing workplace training programs for various segments of the food production industry, including viticulture and horticulture. In consideration for the shares of RMT we issued 700,000 restricted shares of our common stock, of which 350,000 shares are subject to the terms of an escrow agreement as collateral for the indemnification obligations of the former RMT shareholders. We also loaned US\$49,000 to RMT for the purpose of repaying outstanding loans advanced to RMT by its former shareholders.

3

Riverbend Group Holdings (Proprietary) Limited (South Africa)

We completed the acquisition of 51% of the issued and outstanding shares of Ayrshire Trading Limited, a British Virgin Islands company ("Ayrshire") that owns 95% of Riverbend Group Holdings (Proprietary)

Edgar Filing: TRINITY LEARNING CORP - Form 10KSB

Limited ("Riverbend"), a South African company that provides learning services to corporations and individuals in South Africa. We also acquired the option to purchase the remaining 49% of Ayrshire. In consideration for the Ayrshire shares, we issued a convertible non-interest-bearing promissory note in the amount of US\$20,000, which amount is convertible from time to time, but no later than December 30, 2006, into a maximum of 2,000,000 restricted shares of our common stock. Of these shares, up to 400,000 may be withheld in satisfaction for any breach of warranties by the former shareholders of Ayrshire. The Ayrshire shares are subject to escrow and pledge agreements will be reconveyed to the former shareholders in the event of a default by us of certain terms and conditions of the acquisition agreements, including, among other things, a voluntary or involuntary bankruptcy proceeding involving us or the failure by us to list our shares of common stock on a major stock exchange by December 30, 2006.

As further consideration for the Ayrshire shares, we agreed to make a non-interest-bearing loan of U.S. \$1,000,000 to Ayrshire, \$300,000 of which was advanced at closing and the remaining \$700,000 was advanced on November 3, 2003. We may exercise an option to acquire the remaining 49% of Ayrshire in consideration for the issuance of 1,500,000 shares of our common stock, subject to certain adjustments.

In connection with the Riverbend acquisition, we agreed to appoint Mr. Arthur Kidson to our board of directors, to serve until our next annual meeting. In addition, we agreed to invite Mr. Nigel Tattersal to attend all meetings of our board of directors as an observer until our next annual meeting. Messrs. Kidson and Tattersal are both principals of Riverbend.

IRCA

We have entered into a definitive agreement to acquire majority control of IRCA (Pty) Ltd. ("IRCA"), an international firm specializing in corporate learning, certification, and risk mitigation in the areas of Safety, Health Environment, and Quality Assurance ("SHEQ"). We anticipate closing this transaction within the next 30 days. IRCA is headquartered in South Africa and operates international sales offices and operations in the United Kingdom and the United States. We will acquire majority interest in IRCA through a combination of stock and cash payments. The definitive agreement contains certain closing conditions and certain future provisions that will enable Trinity to acquire full ownership of IRCA and its various operating subsidiaries.

IRCA, founded in 1993, operates in South Africa, England and the United States through various operating subsidiaries. IRCA's professionals assess workplace issues related to safety, health, environment and quality, advise clients on learning programs and other interventions that can reduce corporate financial risks, and assist in the implementation and certification of programs. IRCA develops proprietary content and also markets best practice SHEQ content and programs developed by other leading certification and standards organizations. Clients include many Fortune 1000 companies operating in Africa, Europe, Australia, and the United States.

4

Competency Based Learning, Inc.

We completed our first acquisition in October 2002 when we acquired Competency Based Learning, Inc., a California corporation ("CBL-California"), and two related Australian companies, Competency Based Learning, Pty. Ltd. and ACN 082 126 501 Pty. Ltd., (collectively referred to as "CBL Australia"), in consideration for the issuance of a total of

Edgar Filing: TRINITY LEARNING CORP - Form 10KSB

3,000,000 restricted shares of our common stock and \$1,000,000 in convertible promissory notes and the assumption of \$222,151 in indebtedness. The transactions were effected through CBL Global Corp. ("CBL Global") our wholly-owned subsidiary. CBL-California and CBL-Australia are sometimes hereinafter collectively referred to as "CBL." The acquisition of CBL provided us with proprietary workplace learning content for the global mining and power generation industries, initial contracts with employers in these industries, an experienced staff of instructional designers and learning system developers and a proprietary workplace learning system. Since the acquisition, CBL Global has concentrated its efforts on the development of additional learning content and new products. It has focused its business development activities in its core industry segments and in new geographic markets. In September 2003, we initiated legal proceedings against CBL-California and the former principals of CBL-California and CBL-Australia pursuant to which, among other things, we are seeking to enforce the indemnification provisions of the agreements relating to the CBL acquisition. See "Item 3. Legal Proceedings."

In conjunction with our proposed acquisition of IRCA, we anticipate that we will combine the operations of CBL Global with those of IRCA whereby IRCA will market CBL Global products and CBL Global will operate primarily as a resource to support development of additional products to be sold by IRCA and other Trinity subsidiaries. These efforts are intended to reduce the operating costs of CBL Global as an independent operating unit and to accelerate return on our investment in the development of CBL Global intellectual property.

Corporate Background

We were incorporated on April 14, 1975 in Oklahoma under the name U.S. Mineral & Royalty Corp. as an oil and gas exploration, development and operating company. In 1989, we changed our name to Habersham Energy Company. Historically, we were engaged in the business of acquiring and producing oil and gas properties, but did not have any business activity from 1995 to 2002. Subsequent to our reorganization in 2002, we changed our domicile to Utah, amended our capital structure and changed our name to Trinity Companies Inc., then, in March 2003, to Trinity Learning Corporation.

On June 16, 2003, we completed a recapitalization of our common stock by (i) effecting a reverse split of our outstanding common stock on the basis of one share for each 250 shares owned, with each resulting fractional share being rounded up to the nearest whole share, and (ii) subsequently effecting a forward split by dividend to all shareholders of record, pro rata, on the basis of 250 shares for each one share owned. The record date for the reverse and forward splits was June 4, 2003. Immediately prior to the recapitalization, we had 13,419,774 shares of common stock outstanding. Following the recapitalization and the cancellation of 108,226 shares of common stock beneficially owned by members of management, we had 13,419,774 shares of common stock outstanding.

5

On August 6, 2003, our board of directors approved a change in our fiscal year-end from September 30 to June 30 to align it with those of the companies we had already acquired or were at that time in the process of acquiring. The information presented in this transition report on Form 10-KSB relates to the period October 1, 2002 through June 30, 2003.

The Learning Market

Edgar Filing: TRINITY LEARNING CORP - Form 10KSB

We provide learning services for major global industries such as agriculture, mining, energy, technology and healthcare. We are building a unique global learning company by acquiring operating companies around the world that serve established segments of the education, training and corporate learning market. We are seeking to create one of the first globally recognized brands in the learning services industry. Worldwide estimates for workplace education, including training, ongoing professional education, and lifelong learning, range from \$300 billion to over \$1 trillion. There are approximately 2.5 billion people in the global workforce, estimated to grow to over 3 billion workers in the next 10 years. Technology is revolutionizing access to learning around the world through computer-based learning, high-speed network access, distance learning, e-learning and online accredited education. This is occurring during a period of rapid generational turnover in the global workforce in the United States and Europe as the so-called "Baby-Boom" generation retires and is replaced in the workforce.

We believe a growing need exists to create a global learning company that integrates educational and training delivery technologies, platforms and methodologies. Our operating subsidiaries specialize in learning content and delivery technologies for particular industries or that target a particular segment of the workforce. We completed our first acquisition of CBL on October 1, 2002, and in September 2003 acquired two additional operating companies headquartered in California and Australia as well as majority ownership in a company headquartered in South Africa. On September 18, 2003 we announced our intention to acquire the majority ownership of a company headquartered in South Africa with a global sales and marketing organization that covers Africa, Australia, Europe and North America. We believe that there are product and service synergies between and among our various subsidiaries and, more importantly, that there is a timely opportunity to create a global sales force to represent our entire list of products and services.

The "blended learning" concept is central to our competitive advantage. What has been observed over the past twenty years in the human capital development and educational research fields is that people clearly learn in different ways and there is no single method or technology that works for every skill, every type of worker, or for all types of content. The companies that we are acquiring understand the benefits and synergies of operating as a family of companies. We believe that we will be one of the first companies to be able to serve major multinational employers at multiple levels of their organizations.

We believe that we will be a leader in the certification of completed courses and training. Certification enables our customers to measure the knowledge base in their workforce and better monitor improvements in productivity. Certification also helps corporations with compliance issues relating to health, safety, environment and quality. Certifications will range from single modules, vocational certifications to professional certifications and university degrees from accredited universities.

Our Business

Our acquisitions to date have positioned us as a global learning company with the ability to:

- Serve major customers in a number of industry verticals from mining to healthcare to agriculture;
- Provide training to multiple levels of an organization from blue collar to management to executives; and
- Utilize a blend of delivery methods including online learning,

Edgar Filing: TRINITY LEARNING CORP - Form 10KSB

e-learning, instructor led training and competency based learning.

CBL Global

Until the recent acquisitions of RMT, TouchVision and Riverbend in September 2003, CBL Global was our primary operating subsidiary. We anticipate that, in the future, revenues from RMT, TouchVision, Riverbend and IRCA will constitute the majority of our revenues on a consolidated basis.

CBL Global is engaged in the business of providing technology-enabled training, workplace education, and skills certification to the global mining and electrical power industries. CBL Global is expanding its product development and sales efforts to other key large scale global industries including construction, oil and gas refining, and agribusiness.

Since 1995, CBL Global and its predecessor, CBL, focused on developing and marketing a proprietary workplace learning platform called the "CBL System (R)." CBL Global has successfully marketed its services to major customers in the mining industries in Australia, Asia-Pacific, Latin America, North America and Africa. CBL Global has developed over 500 learning units designed for skilled and semi-skilled laborers in heavy industries. Collectively, these units enable certification in the use of tools, machinery and mobile equipment. Certification in workplace health and safety, and other skills identified by clients as critical to meeting project-related or corporate performance objectives is also available.

CBL Global's proprietary Web-enabled CBL System (R) has been developed to transform traditional training approaches in large-scale, high-employment industries worldwide. Developed over a ten-year period, the CBL System (R) enables companies to build, measure and track employee competency within single work sites or across multiple operations around the world. Over the past decade, in many countries and in distinct local cultures, the CBL System (R) has been field-proven to increase employees' performance and to deliver high returns on investment in the form of measurable, sustainable improvements in safety, productivity and profitability. To date, over 3,500 end-users have completed a total of approximately 10,000 CBL Global learning modules.

The initial market focus for CBL Global was the global mining industry. As a result of this focus, CBL Global owns and markets a comprehensive suite of workplace learning modules for the mining industry, a thirty million person workforce globally. Fully digitized in several languages and web-accessible, CBL System (R) learning modules are customizable to the needs and circumstances of individual client operations regardless of the physical, process or regulatory environment. A unique feature of the CBL System (R) is its utilization of clients' own employees as mentors and competency verifiers, allowing managers and end-user employees to take "ownership" of the results of CBL-enabled learning and training.

7

The second immediate market focus for CBL Global is the world's power generation and distribution industry. The cross-industry scalability of the CBL System (R) is demonstrated by its use by an electrical power station builder and operator. For this customer, CBL Global developed a suite of workplace learning guides for the management and operation of its eighteen coal and gas fired power stations. The power stations are located in the United States, Mexico, Colombia, Brazil, United Kingdom, Turkey, Egypt, China, Philippines and Australia.

Edgar Filing: TRINITY LEARNING CORP - Form 10KSB

CBL Global generates fee revenue from licensing, consulting and certification. We believe that each of these revenue streams will provide recurring revenue through long-term contracts, the completion and certification of multiple learning modules per employee per year, the need for continual and additional training, and, in many cases, governmental requirements for annual re-certification. CBL Global generally receives consulting fees at the outset of a new contract to cover design costs for new learning modules and customization of pre-existing ones. Ongoing licensing and certification fees generate the largest portion of revenue over the life of the learning and certification contract.

CBL Global has spent approximately \$100,000 in the last two years on the continued development of its intellectual property. CBL Global recognizes the importance of protecting its intellectual property, as such CBL Global materials are copyrighted and the CBL System (R) is a registered trademark in the United States. We rely on a combination of trademark laws, confidentiality provisions and other contractual arrangements to protect our intellectual property rights. We understand that these do not always present an impenetrable barrier against infringement, especially in countries with poorly developed or inadequately enforced intellectual property laws. In those situations we evaluate whether the opportunities of conducting business in those countries outweigh the risks.

TouchVision

TouchVision is a California-based provider of technology-enabled information and learning systems to healthcare providers, financial services companies and other industry segments. The addition of TouchVision provides other Trinity companies with access to new software technology and delivery platforms. TouchVision specializes in software systems that provide end-users convenient, self-service access to information, transactions and educational content through a variety of interactive devices such as touch-screens, kiosks, computers, personal digital assistants ("PDA's"), and other digital communication devices. TouchVision's products are web-enabled and can be deployed through various broadband and wireless networks. Competitors in the kiosk software market are primarily focused on the delivery of a paper product such as an event or airline ticket. The TouchVision product is uniquely focused on information and content delivery.

8

Over the past eight years, TouchVision has demonstrated its ability to deliver solutions to leading companies in healthcare, financial services, education, and retail services in the United States. TouchVision serves what it believes is a large and growing market in the United States and around the world for products and services that make information and content easily accessible, particularly where using a personal computer is either cost-prohibitive, inaccessible or inappropriate. Through its VisMed (R) brand, TouchVision delivers solutions that are tailored to the unique needs of the healthcare sector; there are similar opportunities for offerings that focus on other industry sectors and geographic markets. Today, TouchVision's customers are primarily US based Fortune 1000 companies and educational institutions.

We anticipate that the TouchVision suite of products will have broad application in technology-enabled workplace learning where access to a desk-top computer is not available to many sectors of the workforce. While continuing to develop its own unique customer opportunities, TouchVision will work closely with our other operating companies to co-develop

Edgar Filing: TRINITY LEARNING CORP - Form 10KSB

workforce training applications and distribution platforms. For example, in conjunction with CBL training products, TouchVision kiosks can be used at the entrance to a mine to provide employees with safety and technology training. Similarly, handheld clipboards can be used for one or more employees in a conference room type setting to deliver training modules and certification.

RMT

RMT is an Australian training firm specializing in workplace learning programs for viticulture and other segments of the food production industry. The addition of RMT expands our product offering to the agriculture industry. RMT is based in Australia's major wine production region and one of its primary regions for agricultural products. RMT is at the leading edge of workplace training in Australia, empowering client companies to develop and manage their own sustainable training systems. This approach is quite different to how their competitor training organizations operate. As a registered training organization in Australia, RMT has developed a wide range of nationally accredited programs and short courses to meet the specific needs of its customers. We believe that RMT's curriculum and experience can benefit companies in markets outside Australia, and that RMT can deliver products from our other operating companies to its customers in Australia.

The basis of the RMT training model is partnering with companies to develop training programs. This provides two key benefits for its customers. First, training is made relevant to the workplace. Second, when customer personnel are actively involved in training program development, opportunities arise that foster the creation of a learning environment. This in turn provides a medium through which the customer can achieve continuous improvement. RMT maintains 350 training modules with the majority in the wine sector. Other modules include training for retail services, small business office administration and frontline management. RMT's customers are the major wine producing companies in Australia receiving government funding for vocational training. RMT's primary sources of revenue are from consulting, training and software licensing. RMT believes that future growth will come from training for the public-sector, agribusiness, and geographic expansion.

9

Riverbend

Riverbend is a premier provider of online university degrees and other learning services to corporations and individuals in South Africa. The addition of Riverbend expands Trinity's product offering to higher education and online degrees. Riverbend, founded in 1998, operates through four operating subsidiaries. Together, these operating subsidiaries have developed a holistic approach to technology-enabled learning, education and training. Riverbend, Price Waterhouse Coopers and a South African media group are co-owners of Riverbed's primary subsidiary, eDegree, and a provider of corporate learning solutions including online degrees from some of South Africa's most respected universities. Other Riverbend subsidiaries, described more fully below, include Learning Advantage, a customized learning solutions provider to corporations, Reusable Objects, a leading-edge learning software developer, and Learning Strategies, an e-learning consulting services provider. These Riverbend subsidiaries serve major corporate customers in South Africa and are leaders in South Africa's initiative to increase employment and competitiveness by expanding and improving adult basic education and training. We anticipate that Riverbend's future revenue generation will occur primarily through product

Edgar Filing: TRINITY LEARNING CORP - Form 10KSB

development, business development and geographic expansion.

eDegree is a leading provider of e-learning and online learning support. eDegree has applied its wide-ranging practical experience as well as substantial theoretical modeling to assist universities and corporate partners to make the most of the web-technology for effective instructional delivery. eDegree offers academic institutions and corporate partners development, hosting, marketing and delivery of online courses. eDegree's state-of-the-art technologies allow eDegree to efficiently integrate content, both off the shelf and customized, for online delivery. eDegree has successfully created, designed, developed, and administered courses on behalf of and in partnership with a number of leading South African academic institutions. eDegree is currently supplying and actively managing the delivery of online education in collaboration with educational institutions to more than 4,000 students worldwide. eDegree represents approximately 70% of total revenue of Riverbend. It is anticipated that future revenue growth will be derived from broader distribution on behalf of its existing programs and geographic growth through development of new partnerships with educational institutions, corporations and government programs worldwide.

Reusable Objects designs and develops software tools for the efficient authoring, development, management and publishing of instructional software programs. Reusable Objects' products allow it to create cost-effective solutions designed in such a way that they can be deployed for a variety of courses and programs customized to the needs of differing contexts, target audiences, technical platforms and educational frameworks. Learner management, presentation of multiple perspectives, and use of interesting and appropriate graphics, and audio/video tools are central to Reusable Objects' solutions strategy. Reusable Objects focuses heavily on encouraging skills development and application instead of memorization and retention of factual information. Currently, Reusable Objects represents approximately 10% of Riverbend's total revenue. Revenue growth will be derived from increased product development and product deployment to corporations and universities both locally in South Africa and worldwide in conjunction with growth in other Riverbend businesses. It is anticipated that 30% to 50% of Reusable Objects' revenue growth will be outside of South Africa over the next few years.

10

Learning Strategies is a consulting organization whose goal is to enhance competitiveness through effective learning. Learning Strategies enables corporate organizations, government programs and higher education institutions to create, develop, and implement integrated e-learning and knowledge management strategies that are embedded in stable and user-friendly Internet technologies. Knowledge management assistance ranges from awareness workshops to technology development strategies. Learning Strategies' consultants provide consulting in the areas of strategy, financial management, human resource management, supply chain optimization, general process improvement and assessment of management information needs. As part of their leadership and industrial relations services, consultants facilitate team building, manage conflict through mediation, provide training for effective workplace relations, and develop and implement organizational transformation and restructuring. Currently, Learning Strategies represents less than 10% of Riverbend's total revenue. Significant growth in this area is not anticipated during the next five years. Learning Strategies' customers are primarily corporations based in South Africa.

Learning Advantage specializes in the supply and support of world-

Edgar Filing: TRINITY LEARNING CORP - Form 10KSB

class e-learning applications. In partnership with leading companies, Learning Advantage is supplying and managing e-learning solutions throughout South Africa. Learning Advantage is licensed to distribute a wide range of e-learning support tools and has extensive experience in the installation, configuration, end-user training and support of its products. Currently, Learning Advantage represents less than 15% of total Riverbend revenue. It is anticipated that revenue growth will be derived from the development of new product and geographic expansion.

IRCA

IRCA is an international firm specializing in corporate learning, certification, and risk mitigation in the areas of SHEQ. IRCA is headquartered in South Africa and operates international sales offices and operations in the United Kingdom, Australia, Malaysia and North America. IRCA's professionals assess workplace SHEQ, advise clients on learning programs and assist in the implementation and certification of programs. IRCA believes that the application of sound, consistent management principles to SHEQ improves profitability, employee health and productivity, and compliance with government regulatory policy. IRCA uses its proprietary content along with programs developed by other leading certification and standards organizations. Clients include Fortune 1000 companies operating in Africa, Europe and the United States. Trinity anticipates that the acquisition of IRCA will provide Trinity with an international sales force, increased customer penetration in the mining industry and a cross-industry product segment that can be sold with other Trinity products.

Competitive Business Conditions

The competitive market for corporate training and workplace learning is fragmented by geography, curricula, and targeted segments of the workforce. Although there are many companies that provide training, we believe that we derive competitive advantage because of our ability to provide a suite of learning solutions on a worldwide basis at multiple levels of the workforce ranging from industrial workers to executive management. Most of our competition, in general sense, comes from:

11

- Smaller, specialized local training companies;
- Providers of online and e-learning products targeted at corporate softskills and technical training;
- Not-for-profit trade schools, vocational schools and universities; and
- Learning services divisions of large, multinational computer, software and management consulting firms.

We anticipate that market resistance may come from the trainers in the organizations to whom we sell. Traditional trainers may see outsourcing as a threat to their job security. We seek to overcome this by focusing our business development strategy on senior management in operations, finance and human resources. We will also reshape the value proposition for internal training functions from tactical to strategic. We believe we can enhance the role of internal training and human capital development departments by providing a proven, integrated set of learning tools. In this way, we can provide measurable results and increase both the actual effectiveness and the perceived value of internal training departments.

Employees

As of October 31, 2003, we had 126 full time employees; fifteen in

Edgar Filing: TRINITY LEARNING CORP - Form 10KSB

California, sixteen in Australia and ninety-five in South Africa.

Risk Factors

You should carefully consider the following risks before making an investment in our company. In addition, you should keep in mind that the risks described below are not the only risks that we face. The risks described below are the risks that we currently believe are material to our business. However, additional risks not presently known to us, or risks that we currently believe are not material, may also impair our business operations. You should also refer to the other information set forth in this Annual Report on Form 10-K, including the discussions set forth in "Item 6. Management's Discussion and Analysis or Plan of Operation" and "Item 1. Description of Business," as well as our financial statements and the related notes.

Trinity is a Development-Stage Company

We are in the development stage and our company must be considered promotional. Management's efforts have been allocated primarily to organizational activities, and our ability to establish our company as a going concern is dependent upon equity and debt financing. Potential investors should be aware of the difficulties normally encountered by a new enterprise in its development stage, including undercapitalization, cash shortages, limitations with respect to personnel, technological, financial and other resources and lack of a customer base and market recognition, most of which are beyond our control. The likelihood that we will succeed must be considered in light of the problems, expenses and delays frequently encountered in connection with the competitive environment in which we operate. There can be no assurance that we, with our limited capitalization, will be able to compete in our market and achieve profitability.

12

Additional Capital is Necessary to Sustain and Grow Our Business; We have an Accumulated Deficit

During the development stage of our operations, we can be expected to sustain substantial operating expenses without generating any operating revenues, or the operating revenues generated can be expected to be insufficient to cover expenses. For the foreseeable future, unless and until we attain profitable operations, our financial statements will show a net operating loss or minimal net income. Thus, we will likely be dependent for the foreseeable future on capital raised in equity and/or debt financing, and there can be no assurance that we will be able to obtain such financing on favorable terms, if at all.

Our auditor's reports, dated October 13, 2003 for the nine-month transition period ended June 30, 2003 and December 31, 2002 for the year ended September 30, 2002, included going concern qualifications which state that our significant operating losses raise substantial doubt about our ability to continue as a going concern. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Trinity's Business Strategy Is Based on Acquiring and Consolidating Additional Suitable Operating Companies at Attractive Valuations

Our growth strategy includes integrating our recent acquisitions and building a world-wide learning technology company. Acquisitions involve

Edgar Filing: TRINITY LEARNING CORP - Form 10KSB

various inherent risks, such as:

- The ability to assess accurately the value, strengths, weaknesses, contingent and other liabilities and potential profitability of acquisition candidates;
- The potential loss of key personnel of an acquired business;
- The ability to integrate acquired businesses and to achieve identified financial and operating synergies anticipated to result from an acquisition; and
- Unanticipated changes in business and economic conditions affecting an acquired business.

We Need to Successfully Integrate Recently Acquired and Potential Additional Operating Companies

As a result of our recent acquisitions and, as part of our general business strategy, we expect to experience significant growth and expect such growth to continue into the future. This growth is expected to place a significant strain on our management, financial, operating and technical resources. Failure to manage this growth effectively could have a material adverse effect on our financial condition or results of operations.

13

There can be no assurance that we will be able to effectively integrate the acquired operations with our own operations. Expansion will place significant demands on our marketing, sales, administrative, operational, financial and management information systems, controls and procedures. Accordingly, our performance and profitability will depend on the ability of our officers and key employees to (i) manage our business and our subsidiaries as a cohesive enterprise, (ii) manage expansion through the timely implementation and maintenance of appropriate administrative, operational, financial and management information systems, controls and procedures, (iii) add internal capacity, facilities and third-party sourcing arrangements as and when needed, (iv) maintain service quality controls, and (v) attract, train, retain, motivate and manage effectively our employees. There can be no assurance that we will integrate and manage successfully new systems, controls and procedures for our business, or that our systems, controls, procedures, facilities and personnel, even if successfully integrated, will be adequate to support our projected future operations. Any failure to implement and maintain such systems, controls and procedures, add internal capacity, facilities and third-party sourcing arrangements or attract, train, retain, motivate and manage effectively our employees could have a material adverse effect on our business, financial condition and results of operations.

We Are Controlled by Our Officers and Directors

Our directors and executive officers beneficially own a significant percentage of our outstanding shares of common stock. As a result, these people exert substantial influence over our affairs and may have the ability to substantially influence all matters requiring approval by the stockholders, including the election of directors (see "Item 11. Security Ownership of Certain Beneficial Owners and Management").

Our Growth Strategy Is Dependent on a Variety of Requirements, Any One of Which May Not Be Met

Our growth strategy and future profitability will be dependent on our ability to recruit additional management, operational and sales professionals and to enter into contracts with additional customers in

Edgar Filing: TRINITY LEARNING CORP - Form 10KSB

global markets. There can be no assurance that our business development, sales, or marketing efforts will result in additional customer contracts, or that such contracts will result in profitable operations. Further, our growth strategy includes plans to achieve market penetration in additional industry segments. In order to remain competitive, we must (a) continually improve and expand our workplace learning and other curricula, (b) continually improve and expand technology and management-information systems, and (c) retain and/or recruit qualified personnel including instructional designers, computer software programmers, learning consultants, sales engineers, and other operational, administrative and sales professionals. There can be no assurance that we will be able to meet these requirements.

Our Business Will Suffer if Technology-Enabled Learning Products and Services Are Not Widely Adopted

Our technology-enabled solutions represent a new and emerging approach for the workplace learning and education, and training market. Our success will depend substantially upon the widespread adoption of e-learning products for education and training. The early stage of development of this market makes it difficult to predict customer demand accurately. The failure of this market to develop, or a delay in the development of this market -- whether due to technological, competitive or other reasons -- would severely limit the growth of our business and adversely affect our financial performance.

14

We Face Significant Competition from Other Companies

The education marketplace is fragmented yet highly competitive and rapidly evolving, and is expected to continue to undergo significant and rapid technological change. Other companies may develop products and services and technologies superior to our services which may result in our services becoming less competitive. Many of these companies have substantially greater financial, manufacturing, marketing and technical resources than do we and represent significant long-term competition. To the extent that these companies offer comparable products and services at lower prices, or higher quality and more cost effective, our business could be adversely affected.

Our Future Growth Depends on Successful Hiring and Retention, Particularly with Respect to Sales, Marketing and Development Personnel, and We May Be Unable to Hire and Retain the Experienced Professionals We Need to Succeed

Failure on our part to attract and retain sufficient skilled personnel, particularly sales and marketing personnel and product development personnel, may limit the rate at which we can grow, may adversely affect the quality or availability of our products and may result in less effective management of our business, any of which may harm our business and financial performance. Qualified personnel are in great demand throughout the learning and software development industry. Moreover, newly hired employees generally take several months to attain full productivity, and not all new hires satisfy our performance expectations.

The Length of the Sales Cycle for Services May Make Our Operating Results Unpredictable and Volatile

The period between initial contact with a potential customer and the purchase of our products by that customer typically ranges from six to

Edgar Filing: TRINITY LEARNING CORP - Form 10KSB

eighteen months. Factors that contribute to the long sales cycle include (a) the need to educate potential customers about the benefits of our services; (b) competitive evaluations and bidding processes managed by customers; (c) customers' internal budgeting and corporate approval processes; and (d) the fact that large corporations often take longer to make purchasing decisions due to the size of their organizations.

There Is a Limited Public Market for Our Stock

There has to date been only a limited public market for our common stock. Though we have applied for a listing of our common stock on the OTC Bulletin Board of the National Association of Securities Dealers ("NASD"), there can be no assurance that this application will prove successful or, if successful, that an active market will develop for our common stock or, if developed, that such market will be able to be sustained.

Penny Stock Rules Pose Risks to Investors in Our Stock

Our common stock may be deemed to be "penny stock" as that term is defined in Reg. Section 240.3a51-1 of the Securities and Exchange Commission ("SEC"). Penny stocks are stocks (i) with a price of less than five dollars per share; (ii) that are not traded on a "recognized" national exchange; (iii) whose prices are not quoted on the NASD automated quotation system ("NASDAQ" -- NASDAQ listed stocks must still meet requirement (i) above); or (iv) in issuers with net tangible assets less than \$2,000,000 (if the issuer has been in continuous operation for at least three years) or \$5,000,000 (if in continuous operation for less than three years), or with average revenues of less than \$6,000,000 for the last three years.

15

Subject to compliance with applicable listing standards, we are attempting to qualify for listing on the OTC Bulletin Board of NASD. Section 15(g) of the 1934 Act, as amended, and Reg. Section 240.15g-2 of the SEC require broker-dealers dealing in penny stocks to provide potential investors with a document disclosing the risks of penny stocks and to obtain a manually signed and dated written receipt of the document before effecting any transaction in a penny stock for the investor's account. Potential investors in our common stock are urged to obtain and read such disclosures carefully before purchasing any shares that are deemed to be "penny stocks."

Moreover, Reg. Section 240.15g-9 of the SEC requires broker-dealers in penny stocks to approve the account of any investor for transactions in such stocks before selling any penny stock to that investor. This procedure requires the broker-dealer to (i) obtain from the investor information concerning his or her financial situation, investment experience and investment objectives; (ii) reasonably determine, based on that information, that transactions in penny stocks are suitable for the investor and that the investor has significant knowledge and experience to be reasonably capable of evaluating the risks of penny stock transactions; (iii) provide the investor with a written statement setting forth the basis on which the broker-dealer made the determination in (ii) above; and (iv) receive a signed and dated copy of such statement from such investor, confirming that it accurately reflects the investor's financial situation, investment experience and investment objects. Compliance with these requirements may make it more difficult for investors in our common stock to resell the shares to third parties or to otherwise dispose of them.

ITEM 2. DESCRIPTION OF PROPERTY

Our corporate office in Berkeley, California is leased from an

Edgar Filing: TRINITY LEARNING CORP - Form 10KSB

unaffiliated third party. The term of the lease commenced September 1, 2003 and expires May 31, 2004. CBL Pty. Ltd., leases contiguous office pursuant to two separate lease agreements for its operations located in Queensland, Australia. The term of the first lease expires in January 2004 with a three year option to renew. The term of the second lease expires in January 2007 with a three year option to renew. These facilities are adequate for our needs at the present time and foreseeable future.

ITEM 3. LEGAL PROCEEDINGS

On September 12, 2003, we filed a Complaint in the United States District Court for the District of Utah, Central Division, against CBL Global Corporation (f/k/a CBL Acquisition Corporation), and Robert Stephen Scammell, the sole shareholder of CBL-California, (Case No. 2:03CV00798DAK) alleging, among other things, that Scammell and CBL-California provided us with misstated financial statements prior to our merger in October 2002 with CBL-California and CBL Global. On September 18, 2003, we filed a First Amended Complaint and Jury Demand, which added as defendants CBL-Global and Brian Kennedy, the sole shareholder of CBL-Australia. The First Amended Complaint alleges causes of action for violations of Section 10(b) of the Securities Exchange Act of 1934 and Rule 10b-5 promulgated thereunder, for violations of Section 20(a) of the Securities Exchange Act of 1934, for declaratory relief and breach of contract, for common law fraud, and for negligent misrepresentation.

16

The First Amended Complaint alleges, among other things, that the defendants were advised by CBL-California's accountant on September 18, 2002 that CBL-California's financial statements were misstated, and alleges that new restated financial statements were issued on September 19, 2002. The First Amended Complaint alleges, however, that the restated financial statements were not provided to us prior to the October 1, 2002 closing of the merger. The First Amended Complaint seeks damages in an amount to be proven at trial, but which amount presently is estimated to exceed, at a minimum, the full amount of the consideration paid by us and CBL Global in the merger, as well as treble damages, and attorneys' fees. The First Amended Complaint also seeks a declaration that we (i) are entitled to retain certain of our shares of common stock that were issued in connection with the acquisition of CBL and placed in escrow, (ii) are entitled to set-off amounts owed to Messrs. Scammell and Kennedy pursuant to the CBL acquisition; and (iii) are entitled to seek the return of the shares of our common stock that have already have been distributed to defendants Messrs. Kennedy and Scammell in the merger. We intend to vigorously pursue our claims against the defendants.

ITEM 5. MARKET FOR COMMON EQUITY AND RELATED STOCKHOLDER MATTERS

There is currently no public market for our shares of common stock. As of November 4, 2003, there were 551 holders of record of our common stock. We have not declared any cash dividends on our stock since our inception and we have no present plans to declare dividends.

The 2002 Stock Plan

Edgar Filing: TRINITY LEARNING CORP - Form 10KSB

On December 2, 2002, at a special meeting of our shareholders, the 2002 Stock Plan was approved. The maximum aggregate number of shares that may be optioned and sold under the plan is the total of (a) 3,000,000 shares, (b) an annual 500,000 increase to be added on the last day of each fiscal year beginning in 2003 unless a lesser amount is determined by the board of directors. The plan became effective with its adoption and remains in effect for ten years unless terminated earlier. Options granted under the plan vest 25% on the day of the grant and the remaining 75% vests monthly over the next 36 months.

The following table sets forth certain information regarding securities authorized for issuance under the 2002 Stock Plan.

Recent Sales of Unregistered Securities

In October 2002, we (i) issued promissory notes to certain individuals and entities for a total principal amount of \$500,000 ("Bridge Financing Amount"), such notes ("Bridge Financing Notes") being convertible under certain conditions into shares of common stock, and (ii) in connection with the issuance of the Bridge Financing Notes, issued warrants ("Bridge Financing Warrants") to the holders of the notes to purchase additional shares of common stock. Of the Bridge Financing Amount, \$55,000 was advanced by Kings Peak Advisors, LLC ("KPA") and \$120,000 by Mr. Theodore Swindells. See "Item 12 Certain Relationships and Related Transactions." On May 19, 2003, the entire Bridge Financing Amount of \$500,000 and accrued interest thereon totaling \$34,745 was converted into 1,336,867 shares of common stock at a price of \$0.40 per share. The Bridge Financing Warrants are exercisable for a period of one year at a price of \$0.05 per share, and contain a net issuance provision whereby the holders may elect a cashless exercise of such warrants based on the fair market value of the common stock at the time of conversion.

On May 19, 2003 we issued an aggregate of 1,336,864 restricted shares of common stock upon conversion of all principal and interest owing under the Bridge Financing Notes (see "Item 12 Certain Relationships and Related Transactions"). In connection with this conversion, we also issued 1,250,000 warrants to the holders of the Bridge Financing Notes to purchase up to 1,250,000 additional shares of our common stock at a price of \$0.05 per share. The issuance of these securities was made in reliance on Section 4(2) of the Securities Act as a transaction not involving any public offering. No advertising or general solicitation was employed in offering the securities, the offerings and sales were made to a limited number of persons, all of whom were directors and existing shareholders, and we restricted transfer of the securities in accordance with the

Edgar Filing: TRINITY LEARNING CORP - Form 10KSB

requirements of the Securities Act. The recipients of the securities represented their intention to acquire the securities for investment only and not with a view to or for sale in connection with any distribution thereof and appropriate legends were affixed to the share certificates and other instruments issued in such transactions.

During the period from September 27, 2002 to June 30, 2003 we issued convertible unsecured promissory notes to Mr. Swindells, who lends money to us from time to time on a non-interest bearing basis, in the total principal amount of \$925,000. The principal may be converted into such other debt or equity securities financings that we may issue in private offerings while the note is outstanding. In September 2003, we repaid \$500,000 on the note balance then outstanding. The issuance of securities, should it occur, is made in reliance on Section 4(2) of the Securities Act as a transaction not involving any public offering.

On July 8, 2003, we issued a five-year warrant to Merriman, Curran, Ford & Co. a financial service company, to purchase up to 20,000 shares of our common stock for a period of five years at \$0.50 per share in consideration for financial advisory services provided to us by the firm. The issuance of these securities was made in reliance on Section 4(2) of the Securities Act as a transaction not involving any public offering.

18

On September 1, 2003, we issued an aggregate of 1,250,000 restricted shares of our common stock to the twelve shareholders of TouchVision, Inc. in exchange for acquisition of all of the issued and outstanding shares of TouchVision, a California corporation that is in the business of providing technology-enabled information and learning systems. The issuance of these securities was made in reliance on Section 4(2) of the Securities Act as a transaction not involving any public offering. No advertising or general solicitation was employed in offering the securities, the offerings and sales were made to a limited number of persons, and we restricted transfer of the securities in accordance with the requirements of the Securities Act. The recipients of the securities represented their intention to acquire the securities for investment only and not with a view to or for sale in connection with any distribution thereof and appropriate legends were affixed to the share certificates and other instruments issued in such transactions. In conjunction with the acquisition of TouchVision, we issued 735,000 stock options pursuant to the 2002 Stock Plan at \$0.50 per share.

On September 1, 2003, we issued 700,000 restricted shares of our common stock to two shareholders of River Murray Training Pty. Ltd. ("RMT") in exchange for all of the issued and outstanding shares of RMT, an Australian company that is in the business of providing workplace training programs for various segments of the food production industry, including viticulture and horticulture. The issuance of these securities was made in reliance on Section 4(2) of the Securities Act as a transaction not involving any public offering. No advertising or general solicitation was employed in offering the securities, the offerings and sales were made to a limited number of persons, and we restricted transfer of the securities in accordance with the requirements of the Securities Act. The recipients of the securities represented their intention to acquire the securities for investment only and not with a view to or for sale in connection with any distribution thereof and appropriate legends were affixed to the share certificates and other instruments issued in such transactions.

On September 1, 2003 we issued a \$20,000 convertible promissory note

Edgar Filing: TRINITY LEARNING CORP - Form 10KSB

that converts into 2,000,000 restricted shares of our common stock in consideration for 51% of the issued and outstanding shares of Ayrshire Trading Limited a British Virgin Islands company, that owns 95% of Riverbend Group Holdings (Proprietary) Limited. The note converts at \$0.01 per share and conversion of the note is mandatory by maturity, December 30, 2006. The issuance of these securities was made in reliance on Section 4(2) of the Securities Act as a transaction not involving any public offering. No advertising or general solicitation was employed in offering the securities, the offerings and sales were made to a limited number of persons, and we restricted transfer of the securities in accordance with the requirements of the Securities Act. The recipients of the securities represented their intention to acquire the securities for investment only and not with a view to or for sale in connection with any distribution thereof and appropriate legends were affixed to the share certificates and other instruments issued in such transactions.

19

During the period June 1, 2003 to October 31, 2003, we sold by way of private placement an aggregate of 5,143,300 units at a price of \$1.00 per unit, for aggregate consideration of \$5,123,300. Each unit comprised two shares of our common stock and two warrants, each exercisable for one additional share of our common stock. In addition, each unit carried the right to acquire an additional warrant to purchase, under certain conditions, up to one additional share of common stock. In connection with the private placement, we paid \$448,105 in commissions and issued to various financial advisors, 567,160 additional shares of our common stock and five-year warrants to purchase 207,050 shares of our common stock. In our opinion, the offer and sale of these securities was exempt by virtue of Section 4(2) of the Securities Act and the rules promulgated thereunder.

ITEM 6. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

THIS MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS AND OTHER PORTIONS OF THIS REPORT CONTAIN FORWARD-LOOKING INFORMATION THAT INVOLVES RISKS AND UNCERTAINTIES. OUR ACTUAL RESULTS COULD DIFFER MATERIALLY FROM THOSE ANTICIPATED BY THIS FORWARD-LOOKING INFORMATION. THIS MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS SHOULD BE READ IN CONJUNCTION WITH THE FINANCIAL STATEMENTS AND THE RELATED NOTES INCLUDED ELSEWHERE IN THIS REPORT.

General

On August 6, 2003, our board of directors approved a change in our fiscal year-end from September 30 to June 30 to align it with those of the companies we had already acquired or were at that time in the process of acquiring. The information presented in this transition report on Form 10-KSB relates to the period October 1, 2002 through June 30, 2003.

We substantially reorganized our business and changed our strategic business plan during the fiscal year ended September 30, 2002. This reorganization continued into the transition period covered by this report. As part of this reorganization, we incurred significant costs associated with hiring new management, acquiring new office facilities and engaging professional advisors to assist us in the process of developing and executing new business opportunities for our company. We also sought and obtained debt and equity financing which permitted us to complete our first corporate acquisition in October 2002 and to close three additional acquisitions in September 2003.

Critical Accounting Policies and Estimates

Our financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America and form the basis for the following discussion and analysis on critical accounting policies and estimates. The preparation of these financial statements requires us to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosure of contingent assets and liabilities. On a regular basis we evaluate our estimates and assumptions. We base our estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions.

20

A summary of our significant accounting policies is set out in Note 2 to our Financial Statements. We had marginal revenues during the fiscal year, but to the extent relevant, we believe these accounting policies reflect our more significant estimates and assumptions used in the preparation of our financial statements.

Related Party Transactions

Our corporate reorganization during the fiscal year ended September 30, 2002 was effected primarily by two of our officers and directors, Douglas Cole and Edward Mooney. During our last fiscal year and period subsequent thereto, we entered into several transactions with these individuals and with entities controlled by them.

As of August 8, 2002, we formalized a Debt Conversion Agreement with Global Marketing Associates, Inc. ("GMA"), holder of a convertible promissory note (the "GMA Note") in the principal amount of \$166,963, pursuant to which the principal amount of the note, along with accrued interest thereon, was made convertible, under certain conditions, into 3,200,000 shares of common stock. The GMA Note was originally issued in November 2000 to our company's former attorneys and was subsequently acquired by Pacific Management Services, Inc., who assigned the note to GMA; both entities are unrelated to us. GMA subsequently assigned the right to acquire 2,600,000 of the 3,200,000 shares of common stock into which the note is convertible, to several persons, including Messrs. Cole and Mooney, who are officers and directors of our company. Pursuant to the assignment, Messrs. Cole and Mooney each acquired the right to acquire 600,000 shares of the common stock into which the GMA Note is convertible and Mr. Theodore Swindells acquired the right to acquire 1,000,000 shares. As of January 2003, all 3,200,000 shares of our common stock had been issued pursuant to the terms of the GMA Note. Fifty percent of the shares issuable upon the conversion of the GMA Note are subject to a two-year lock-up provision that restricts transfer of such shares without prior written consent of our board of directors.

As of July 15, 2002, we entered in a two-year Advisory Agreement with KPA (see "Item 5. Market for Common Equity and Related Stockholder Matters"), automatically renewable for an additional 12-month period. Under the terms of the Advisory Agreement, KPA agreed to provide us with general corporate, financial, business development and investment advisory services on a non-exclusive basis. These services include assisting with the identification of placement agents, underwriters, lenders and other

Edgar Filing: TRINITY LEARNING CORP - Form 10KSB

sources of financing, as well as additional qualified independent directors and members of management. KPA is a private company whose principals are Douglas Cole and Edward Mooney, who are officers and directors of our company, and Theodore Swindells. At its August 19, 2003 meeting, the board of directors' voted to suspend the Advisory Agreement from August 15, 2003 until January 2004. Through June 30, 2003, KPA had earned a total of \$285,000 under the Advisory Agreement, \$110,000 of which was converted into 4,400,000 shares of common stock in March 2003. Of the balance of \$175,000, \$134,132 was paid to KPA, leaving a balance owing at June 30, 2003 of \$40,868.

21

In October 2002, we (i) issued Bridge Financing Notes (see "Item 5. Market for Common Equity and Related Stockholder Matters") to certain individuals and entities for a total principal amount of \$500,000 that were convertible under certain conditions into shares of common stock, and (ii) in connection with the issuance of the Bridge Financing Notes, issued the Bridge Financing Warrants to the holders of the Notes to purchase additional shares of common stock. Of the Bridge Financing Amount, \$55,000 was advanced by KPA and \$120,000 by Mr. Swindells. On May 19, 2003, the entire Bridge Financing Amount of \$500,000 and accrued interest thereon totaling \$34,745 was converted into 1,336,867 shares of common stock at a price of \$0.40 per share. The Bridge Financing Warrants are exercisable for a period of one year at a price of \$0.05 per share, and contain a net issuance provision whereby the holders may elect a cashless exercise of such warrants based on the fair market value of the common stock at the time of conversion.

Effective October 1, 2002, we issued an aggregate of 1,200,000 restricted shares of our common stock at a price of \$0.025 per share to our three directors, Messrs. Cole, Mooney and Jobe, in consideration for past services valued at \$30,000.

From time to time, since inception of our current operating strategy, Mr. Swindells has provided short-term working capital loans on a non-interest bearing basis. During our previous fiscal year, we were advanced \$145,000 by Mr. Theodore Swindells, and during the transition period from October 1, 2002 to June 30, 2003, we were advanced an additional \$780,000 by Mr. Swindells. The principal may be converted into such other debt or equity securities financings that we may issue in private offerings while the loan is outstanding. In September 2003, we repaid \$500,000 on the loan balance then outstanding.

Results of Operations

TRANSITION PERIOD ENDED JUNE 30, 2003 COMPARED TO FISCAL YEAR ENDED SEPTEMBER 30, 2002

Our revenues for nine-month transitional period ended June 30, 2003 were \$167,790, as compared to \$0 for the fiscal year ended September 30, 2002. These revenues were generated by our operating subsidiary, CBL Global. Net loss for the nine-month transitional period ended June 30, 2003 was \$(2,071,984) as compared to \$(565,931) for the fiscal year ended September 30, 2002.

Our operating expenses increased from \$552,774 for the year ended September 30, 2002 to \$2,157,840 for the nine-month transitional period ended June 30, 2003. This increase was due primarily to a significant increase in salaries and benefits, which increased \$960,123 from \$83,000 for the year ended September 30, 2002 to \$1,043,123 for the period ended

Edgar Filing: TRINITY LEARNING CORP - Form 10KSB

June 30, 2003. Of this amount, \$603,551 was paid for salaries and related tax, medical and other benefits for the thirteen employees of CBL Global. During the period, we also hired our president, our chief financial officer and our chief learning officer and incurred the salary expense associated with these positions. Other significant increases in our operating expenses were related to travel and entertainment expenses, which increased \$121,725, from \$60,868 for the year ended September 30, 2002 to \$182,593 for the transition period ended June 30, 2003. Professional fees increased from \$363,770 to \$437,836, and included financial advisory and legal expenses associated with our recent financing and acquisition activities.

22

See "Item 12. Certain Relationships and Related Transactions." Also included in operating expense is \$167,747 amortization expense resulting from the \$1,118,312 capitalization of intellectual property acquired with CBL Global and related amortization of this asset. Interest Expense of \$76,865 increased substantially, from \$14,983 for the year ended September 30, 2002. This increase is primarily attributable to interest paid on various loans incurred immediately prior to and during the period (see "Item 12. Certain Relationships and Related Transactions").

FISCAL YEAR ENDED SEPTEMBER 30, 2002 COMPARED TO FISCAL YEAR ENDED SEPTEMBER 30, 2001

We had no revenues during the year ended September 30, 2002. Our net loss before taxes during the year was \$565,931, as compared to \$35,510 for the previous year.

Our operating expenses increased from \$25,492 for the year ended September 30, 2001 to \$552,774 for the year ended September 30, 2002. This increase was due to significant increases in professional fees, salaries and travel and entertainment expenses associate with our corporate reorganization during the year. We incurred professional fees of \$363,770, consisting primarily of financial advisory fees and legal fees; salary expense of \$83,000, accrued at year-end; and we incurred \$60,868 in travel and entertainment expenses incurred in connection with the CBL acquisition and other potential acquisitions that have not yet been consummated. Interest expense was \$14,983 and \$10,018, respectively, for the years ended September 30, 2002 and 2001.

Liquidity and Capital Resources

Our expenses are currently greater than our revenues. We have had a history of losses, and our accumulated deficit as of June 30, 2003 was \$11,188,913, as compared to \$9,116,929 as of September 30, 2002. We incurred significant liabilities during the year, and our current liabilities exceeded our current assets by \$2,646,065 as of June 30, 2003.

At June 30, 2003, we had a cash balance of \$86,511 compared to \$368,788 at September 30, 2002. Net cash used by operating activities during the transition period ended June 30, 2003 was \$1,295,443, attributable primarily to our loss from operations of \$2,071,984. Cash generated by financing activities was \$1,072,440 for the nine-month transitional period ended June 30, 2003 representing the net proceeds from the issuance of \$780,000 in notes payable and \$292,440 in common stock.

Accounts payable increased from \$229,375 at September 30, 2002 to \$391,872 at June 30, 2003. This increase is attributable to expenses incurred in connection with our acquisitions, the business of CBL Global and our continuing corporate expansion during the year.

Edgar Filing: TRINITY LEARNING CORP - Form 10KSB

Our current liabilities increased from \$1,149,340 at September 30, 2002 to \$2,873,280 at June 30, 2003. This increase in debt is primarily attributable to \$1,000,000 in convertible promissory notes that were issued in connection with the acquisition of CBL that are due and payable on the earlier of September 1, 2004 or the date upon which we close an equity financing the proceeds of which, together with the net proceeds of all equity financing since October 1, 2002 exceed \$10,000,000, and the issuance of \$780,000 in short-term promissory notes to a related party (see "Item 12. Certain Relationships and Related Transactions").

23

We commenced a private offering of our securities in May 2003. As of October 31, 2003, we had closed the offering and raised an aggregate of \$5,143,300. Of these funds, \$254,000, \$81,663, \$240,000 and \$1,000,000 were advanced as loans to our subsidiaries, CBL Global, RMT, TouchVision and Riverbend, respectively, \$448,105 was paid in commissions to financial advisors for fundraising activities, and \$500,000 was repaid on the short-term promissory notes to a related party.

For the fiscal year 2004, we anticipate total revenue to exceed \$20,000,000 and operating expenses in our subsidiaries to total \$18,000,000. Actual results may differ significantly from these estimates in part due to market conditions for our products as well as the impact of future acquisitions, should they occur.

To meet our present and future liquidity requirements, we will continue to seek additional funding through private placements, conversion of outstanding loans and payables into common stock, development of the business of our newly-acquired subsidiaries and through additional acquisitions that have sufficient cash flow to fund subsidiary operations. There can be no assurance that we will be successful in obtaining more debt and/or equity financing in the future or that our results of operations will materially improve in either the short- or the long-term. If we fail to obtain such financing and improve our results of operations, we will be unable to meet our obligations as they become due. That would raise substantial doubt about our ability to continue as a going concern.

ITEM 7. FINANCIAL STATEMENTS

See Item 13(a) for an index to the financial statements attached hereto.

ITEM 8. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

None.

ITEM 8A. DISCLOSURE CONTROLS AND PROCEDURES

Our Chief Executive Officer and Chief Financial Officer, after conducting an evaluation, together with other members of our management, of the effectiveness of the design and operation of our disclosure controls and procedures as of the end of the period covered by this report, have concluded that our disclosure controls and procedures were effective to ensure that information required to be disclosed by us in our reports filed or submitted under the Securities Exchange Act of 1934 (the "Exchange Act") is recorded, processed, summarized, and reported within the time periods specified in the rules and forms of the SEC. There were no significant changes in our internal controls or in other factors that could

Edgar Filing: TRINITY LEARNING CORP - Form 10KSB

significantly affect these controls subsequent to that evaluation, and there were no significant deficiencies or material weaknesses in such controls requiring corrective actions.

Mr. Jobe has served as a director for a number of privately held and publicly held high technology companies including Qualix Group, Inc., Fulltime Software, Inc., Multimedia Access Corporation where he served as chairman of the board and director, Viewcast.com, GreatBear Technology Company, Tanisys Technology, Inc. and Interand Group

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

We are in the process of arranging for filing Forms 3 by each of our officers, directors and 10% shareholders, which filing we anticipate will occur in the very near future. Forms 3 were due to be filed in respect of our directors and 10% shareholders in 2002 and in respect of certain officers in 2003. In addition, Forms 4 were due to be filed in respect of certain transactions involving these persons at various dates in 2002 and 2003.

ITEM 10. EXECUTIVE COMPENSATION

The following table sets forth certain information regarding the annual and long-term compensation for services to us in all capacities for the nine month transitional period ended June 30, 2003 and the fiscal years ended September 30, 2002 and 2001 of Messrs. Douglas Cole and Edward Mooney. These individuals received no other compensation of any type, other than as set out below, during the fiscal years indicated.

In conjunction with our recent private offering, see "Item 6. Management's Discussion and Analysis of Plan of Operation Liquidity and Capital Resources," and in consideration of the company's development stage, Messrs. Cole and Mooney have agreed to defer a portion of their salaries until such time as the company completes additional financings or until such time as the company's working capital enables full payment of current and accrued salaries. From time to time during the past year, Cole and Mooney have deferred or accrued salaries and expense reimbursement depending on the company's working capital situation, and may do so in the

Edgar Filing: TRINITY LEARNING CORP - Form 10KSB

future if required. In addition, in conjunction with the private offering, Messrs Cole and Mooney have each agreed to subject 500,000 shares held by them into a lock-up agreement until such time as the company has met certain revenue objectives and other corporate development targets.

Employment Agreements

As of August 12, 2002, we formalized an employment agreement that provides for the employment of Mr. Cole as our chief executive officer at an annual salary of \$180,000, or such higher rate as our board of directors may determine. The agreement, which has a two-year term from August 12, 2002, is automatically renewable for a further twelve-month period, unless earlier terminated. In addition to his salary, Mr. Cole is entitled to \$1,000 per month for automobile reimbursement and various other benefits. On October 1, 2002, we entered into an employment agreement with Mr. Mooney on substantially similar terms to the agreement with Mr. Cole, pursuant to which Mr. Mooney agreed to serve as our President.

ITEM 11 SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information as of November 4, 2003 regarding current beneficial ownership of our common stock by (i) each person known by us to own more than 5% of the outstanding shares of our common stock, (ii) each of our executive officers and directors, and (iii) all of our executive officers and directors as a group. Except as noted, each person has sole voting and sole investment or dispositive power with respect to the shares shown. The information presented is based on 27,560,401 outstanding shares of common stock as of November 4, 2003. Unless otherwise indicated, the address for each of the following is 1831 Second Street, Berkeley, California 94710.

(1) Reflects warrants, options or other convertible securities that will be exercisable, convertible or vested as the case may be within 60 days of November 4, 2003.

(2) Beneficial ownership is determined in accordance with the rules of the Securities and Exchange Commission. In computing the number of shares beneficially owned by a person and the percentage ownership of that person, shares of common stock subject to options held by that person that are currently exercisable or become exercisable within 60 days following November 4, 2003 are deemed outstanding. These shares, however, are not deemed outstanding for the purpose of computing the percentage ownership of any other person. Unless otherwise indicated in the footnotes to this table, the persons and entities named in the

Edgar Filing: TRINITY LEARNING CORP - Form 10KSB

table have sole voting and sole investment power with respect to the shares set forth opposite such stockholder's name.

- (3) Includes shares issuable upon conversion of notes issued in connection with the CBL Global transaction.
- (4) Shares are owned by Kings Peak Advisors, LLC, a Utah limited liability corporation. Mr. Cole, Mr. Mooney and Mr. Swindells each own a 33-1/3% interest in KPA, and each disclaims beneficial ownership of the shares in the Company that are issuable to KPA. Proportionate ownership of these shares is included in the calculation of beneficiary ownership for Mr. Cole, Mr. Mooney and Mr. Swindells.
- (5) Includes that portion of options that have vested or will vest within 60 days from November 4, 2003 under the 2002 Stock Plan.

29

ITEM 12. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

As of August 8, 2002, we formalized a Debt Conversion Agreement with GMA ("see Item 6. Management's Discussion and Analysis or Plan of Operation"), holder of a convertible promissory note in the principal amount of \$166,963, pursuant to which the principal amount of the note, along with accrued interest thereon, was made convertible, under certain conditions, into 3,200,000 shares of common stock. The GMA Note was originally issued in November 2000 to our company's former attorneys and was subsequently acquired by Pacific Management Services, Inc., who assigned the note to GMA; both entities are unrelated to us. GMA subsequently assigned the right to acquire 2,600,000 of the 3,200,000 shares of common stock into which the note is convertible, to several persons, including Messrs. Cole and Mooney, who are officers and directors of our company. Pursuant to the assignment, Messrs. Cole and Mooney each acquired the right to acquire 600,000 shares of the common stock into which the GMA Note is convertible and Mr. Swindells acquired the right to acquire 1,000,000 shares. As of January 2003, all 3,200,000 shares of our common stock had been issued pursuant to the terms of the GMA Note. Fifty percent of the shares issuable upon the conversion of the GMA Note are subject to a two-year lock-up provision that restricts transfer of such shares without prior written consent of our board of directors.

As of July 15, 2002, we entered in a two-year Advisory Agreement with KPA (see "Item 5. Market for Common Equity and Related Stockholder Matters") automatically renewable for an additional 12-month period. Under the terms of the Advisory Agreement, KPA agreed to provide us with general corporate, financial, business development and investment advisory services on a non-exclusive basis. These services include assisting with the identification of placement agents, underwriters, lenders and other sources of financing, as well as additional qualified independent directors and members of management. KPA is a private company whose principals are Messrs. Cole and Mooney, who are officers and directors of our company, and Mr. Swindells. At its August 19, 2003 meeting, the board of directors' voted to suspend the Advisory Agreement from August 15, 2003 until January 2004. Through June 30, 2003, KPA had earned a total of \$285,000 under the Advisory Agreement, \$110,000 of which was converted into 4,400,000 shares of common stock in March 2003. Of the balance of \$175,000, \$134,132 was paid to KPA, leaving a balance owing at June 30, 2003 of \$40,868.

In October 2002, we (i) issued Bridge Financing Notes (see "Item 5. Market for Common Equity and Related Stockholder Matters") to certain individuals and entities for a total principal amount of \$500,000 that were

Edgar Filing: TRINITY LEARNING CORP - Form 10KSB

convertible under certain conditions into shares of common stock, and (ii) in connection with the issuance of the Bridge Financing Notes, issued the Bridge Financing Warrants to the holders of the Notes to purchase additional shares of common stock. Of the Bridge Financing Amount, \$55,000 was advanced by KPA and \$120,000 by Mr. Swindells. On May 19, 2003, the entire Bridge Financing Amount of \$500,000 and accrued interest thereon totaling \$34,745 was converted into 1,336,867 shares of common stock at a price of \$0.40 per share. The Bridge Financing Warrants are exercisable for a period of one year at a price of \$0.05 per share, and contain a net issuance provision whereby the holders may elect a cashless exercise of such warrants based on the fair market value of the common stock at the time of conversion.

Effective October 1, 2002, we issued an aggregate of 1,200,000 restricted shares of our common stock at a price of \$0.025 per share to our three directors, Messrs. Cole, Mooney and Jobe, in consideration for past services valued at \$30,000.

30

From time to time, since inception of our current operating strategy, Mr. Swindells has provided short-term working capital loans on a non-interest bearing basis. During our previous fiscal year, we were advanced \$145,000 by Mr. Theodore Swindells, and during the transition period from October 1, 2002 to June 30, 2003, we were advanced an additional \$780,000 by Mr. Swindells. The principal may be converted into such other debt or equity securities financings that we may issue in private offerings while the loan is outstanding.

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Trinity Learning Corporation

We have audited the accompanying consolidated balance sheet of Trinity Learning Corporation, (a Utah corporation) as of June 30, 2003 and September 30, 2002, and the related consolidated statements of operations, stockholders' equity and cash flows for the transition period October 1, 2002 to June 30, 2003 and the fiscal year ended September 30, 2002. These consolidated financial statements are the responsibility of the management of Trinity Learning Corporation. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards, in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall consolidated financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Trinity Learning Corporation as of June 30, 2003 and September 30, 2002, and the consolidated results of their operations and its cash flows for the transition period October 1, 2002 to June 30, 2003 and the fiscal year ended September 30, 2002, in conformity with generally accepted accounting

Edgar Filing: TRINITY LEARNING CORP - Form 10KSB

principles, in the United States of America.

The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 13 to the consolidated financial statements, the Company's significant operating losses raise substantial doubt about its ability to continue as a going concern. These consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Trinity Learning Corporation
Notes to the Financial Statements
June 30, 2003

NOTE 1 - Corporate History

Trinity Learning Corporation ("Trinity," "the Company" or "we") was incorporated on April 14, 1975 in Oklahoma under the name U.S. Mineral & Royalty Corp. as an oil and gas exploration, development and operating company. In 1989, the Company changed its name to Habersham Energy Company. Historically, the Company was engaged in the business of acquiring and producing oil and gas properties, but did not have any business activity from 1995 to 2002. Pursuant to its reorganization in 2002, the Company changed its domicile to Utah, amended its capital structure and changed its name to Trinity Companies Inc., then, in March 2003, to Trinity Learning Corporation. Until adoption of its recent operating strategy in 2002, the Company had not had any business activity since 1995.

Pursuant to a series of related transactions that closed on October 1, 2002, ("the Acquisition Date") the Company issued 3,000,000 restricted shares of its common stock, issued \$1,000,000 in convertible promissory notes and assumed \$222,151 in indebtedness to acquire Competency Based Learning, Inc. (CBL-California), a California corporation and two related Australian companies, Competency Based Learning, Pty. Ltd. ACN 084 763 780 ("CBL-Australia") and ACN 082 126 501 Pty. Ltd. (collectively referred to

Edgar Filing: TRINITY LEARNING CORP - Form 10KSB

as "CBL"). The transactions were effected through CBL Global Corp. ("CBL Global"), a wholly-owned subsidiary.

On June 16, 2003, we completed a recapitalization of our common stock by (i) effecting a reverse split of our outstanding common stock on the basis of one share for each 250 shares owned, with each resulting fractional share being rounded up to the nearest whole share, and (ii) subsequently effecting a forward split by dividend to all shareholders of record, pro rata, on the basis of 250 shares for each one share owned. The record date for the reverse and forward splits was June 4, 2003. Immediately prior to the recapitalization, we had 13,419,774 shares of common stock outstanding. Following the recapitalization and the cancellation of 108,226 shares of common stock beneficially owned by members of management, we had 13,419,774 shares of common stock outstanding.

On August 6, 2003, our board of directors approved a change in our fiscal year-end from September 30 to June 30 to align with those of the companies we had already acquired or were at that time in the process of acquiring. The information presented in this transition report on Form 10-KSB relates to the period October 1, 2002 through June 30, 2003.

NOTE 2 - Significant Accounting Policies

- A. Method of Accounting. The Company uses the accrual method of accounting.
- B. Revenue and Expense Recognition. Revenues and directly related expenses are recognized in the financial statements in the period when the goods are shipped to the customer.
- C. Cash and Cash Equivalents. The Company considers all short-term, highly liquid investments that are readily convertible within three months to known amounts, as cash equivalents.
- D. Depreciation and Amortization. The cost of property and equipment is depreciated over the estimated useful lives of the related assets. The cost of leasehold improvements is amortized over the lesser of the length of the lease of the related assets or the estimated lives of the assets. Depreciation and amortization is computed on the straight-line method.

39

- E. Use of Estimates. The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.
- F. Consolidation Policies. The accompanying consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries. Intercompany transactions and balances have been eliminated in consolidation.
- G. Foreign Currency Translation/Remeasurement Policy. Assets and liabilities that occur in foreign currencies are recorded at historical cost and translated at exchange rates in effect at the end of the reporting period. Statement of Operations accounts are translated at the average exchange rates for the year. Translation gains and losses are recorded as Other Comprehensive Income in the Equity section of the Balance Sheet.
- H. Purchase Accounting. The cost of fixed assets purchased in the acquisition of CBL was determined based on their historical value less accumulated depreciation. All other assets were valued at their current value and a technology-based intangible asset was recorded.

NOTE 3 - Fixed Assets

The Company capitalizes furniture and equipment purchases in excess of \$5,000 or at lower amounts based on local jurisdiction. Capitalized

Edgar Filing: TRINITY LEARNING CORP - Form 10KSB

amounts are depreciated over the useful life of the assets using the straight-line method of depreciation. Scheduled below are the assets, cost, depreciation expense, and accumulated depreciation at June 30, 2003 and September 30, 2002.

	Depreciation		Accumulated			
	Asset Cost		Expense		Depreciation	
	06/30/2003	09/30/2002	06/30/2003	09/30/2002	06/30/2003	09/30/2002
Furniture & Equipment	\$ 53,385	\$ 6,151	\$ 7,750	\$ 80	\$ 7,824	\$ 80

NOTE 4 Technology-Based Intangible Assets

The Company capitalized a technology-based intangible asset in its acquisition of CBL. The amount capitalized is equal to the difference between the consideration paid for CBL including any liabilities assumed and the value of the other assets acquired. Other assets were valued at the current value at the date of the acquisition including the net value of fixed assets, historical price less accumulated depreciation, of \$53,385. The technology-based intangible asset is being amortized over a five-year period using the straight-line method. The value assigned to the technology-based intangible asset is considered appropriate based on average annual revenues earned from licensing of this asset in excess of \$300,000 over the two year period ended June 30, 2002 and the expectation that future revenues for the five year period subsequent to the acquisition will equal or exceed this amount. Scheduled below is the asset cost, amortization expense and accumulated amortization at June 30, 2003.

	Asset Cost		Amortization		Accumulated	
			Expense		Amortization	
	06/30/2003	09/30/2002	06/30/2003	09/30/2002	06/30/2003	09/30/2002
Intangible Assets	\$1,118,312	\$ -	\$ 167,747	\$ -	\$ 167,747	\$ -

NOTE 5 Notes Receivable

On June 5, 2003, we agreed to lend TouchVision, Inc. ("TouchVision") \$50,000 in two equal installments of \$25,000 each. Interest accrues on the unpaid principal amount of the note at a rate equal to six percent per year. Interest accrued under the note is paid annually, with the first payment due June 5, 2004. All unpaid principal and interest are due June 29, 2005. At June 30, 2003, \$25,000 had been advanced to TouchVision and accrued interest totaled \$41.

NOTE 6 - Operating Leases

In July 2003, the Company signed a lease agreement for new office space at 1831 Second Street in Berkeley, California. The lease term commenced September 1, 2003 and will expire on May 31, 2004. The Company will pay a minimum of \$5,025 per month. The Company paid \$10,050 upon the execution of the lease that includes \$5,025 security deposit that may be refunded at the end of the lease.

CBL-Australia leases contiguous office pursuant to two separate lease agreements for its operations located in Queensland, Australia. The term of the first lease expires in January 2004 with a three year option to

Edgar Filing: TRINITY LEARNING CORP - Form 10KSB

renew. The monthly rental amount of that lease is \$2,471. The term of the second lease expires in January 2007 with a three year option to renew. The monthly rental amount of that lease is \$2,140. CBL-Australia also leases a car for use by Brian Kennedy, its chief executive officer. The lease expires in October 2005; the monthly rental amount is \$338.

Total Minimum Lease Commitments as of June 30, 2003:

Calendar Year	Amount
-----	-----
2003	\$ 49,791
2004	56,032
2005	31,236
2006	29,607

NOTE 7 Related Party Transactions

As of July 15, 2002, Trinity entered in a two-year Advisory Agreement with Kings Peak Advisors, LLC ("KPA") with automatic renewal for a 12-month period. Under the terms of the Advisory Agreement, KPA will provide the Company with general corporate, financial, business development and investment advisory services on a non-exclusive basis. These services include assisting with the identification of placement agents, underwriters, lenders and other sources of financing, as well as additional qualified independent directors and members of management. KPA is a private company whose principals are Douglas Cole and Edward Mooney, who are officers and directors of Trinity, and Mr. Theodore Swindells.

The Advisory Agreement provides that KPA will be compensated for its various advisory services as follows: (i) for general corporate advisory services, an initial retainer of \$25,000 and a fee of \$20,000 per month throughout the term of the agreement, which monthly fee amount is payable, at KPA's option, in shares of common stock at a price per share equal to \$0.025; (ii) for financial advisory services, a fee based on 10% of the gross proceeds of any equity financings and/or 1.5% of any gross proceeds of debt financings that are completed by underwriters or placement agents introduced by KPA, as well as any fees which may be due to KPA for its assistance in identifying prospective investors pursuant to terms and conditions of offering memoranda issued by the Company; (iii) for merger

41

and acquisition services involving a transaction resulting from a contact provided by KPA, a sliding fee based on a percentage of the value of the transaction, subject to an additional \$100,000 bonus in the event the transaction is valued at \$3,000,000 or more; (iv) in respect of general business development advisory services, a fee to be negotiated with KPA based upon certain agreed-upon fee parameters between the parties; and (v) in respect of debt, credit or leasing facilities, a fee to be negotiated on a case-by-case basis.

Trinity acknowledged that it was indebted to KPA for prior services rendered since April 1, 2002 in the amount of \$30,000, up to 50% of which amount is payable, at KPA's option, in shares of common stock at a price per share of \$0.025. The total number of shares of common stock issuable to KPA under the Advisory Agreement may not exceed 4,400,000 shares. Through June 30, 2003, KPA had earned a total of \$285,000 under the

Edgar Filing: TRINITY LEARNING CORP - Form 10KSB

Advisory Agreement, \$110,000 of which was converted into 4,400,000 shares of common stock in March 2003. Of the balance of \$175,000, \$134,132 has been paid to KPA, leaving a balance owing at June 30, 2003 of \$40,868.

As of August 8, 2002, Trinity formalized a Debt Conversion Agreement with Global Marketing Associates, Inc. ("GMA"), holder of a convertible promissory note (the "GMA Note") in the principal amount of \$166,963, pursuant to which the principal amount of the note, along with accrued interest thereon, was made convertible, under certain conditions, into 3,200,000 shares of common stock. The GMA Note was originally issued in November 2000 to the Company's former attorneys and was subsequently acquired by Pacific Management Services, Inc., who assigned the note to GMA; both entities are unrelated to Trinity. GMA subsequently assigned the right to acquire 2,600,000 of the 3,200,000 shares of common stock into which the note is convertible, to several persons, including Messrs. Cole, Mooney and Swindells. Pursuant to the assignment, Messrs. Cole and Mooney each acquired the right to acquire 600,000 shares of the common stock into which the GMA Note is convertible and Mr. Swindells acquired the right to acquire 1,000,000 shares. Fifty percent of the shares issuable upon the conversion of the GMA Note are subject to a two-year lock-up provision that restricts transfer of such shares without prior written consent of Trinity's board of directors. As of January 2003, 3,200,000 shares of our common stock had been issued pursuant to the terms of the GMA Note.

Pursuant to the acquisition of CBL on October 1, 2002 described in Note 1 above, we issued to shareholders of CBL two convertible promissory notes in the amounts of \$485,000 and \$515,000. The notes accrue interest at 7% per annum and are considered due and payable upon the earlier of September 1, 2004 or the date, upon which we close an equity financing, the net proceeds of which, together with the net proceeds of all equity financing conducted by the Company after the Acquisition Date, equal or exceeds \$10,000,000. The conversion price on the notes is \$2.00 per share of common stock. At June 30, 2003, accrued interest totaled \$52,356.

At the Acquisition Date, we issued two unsecured promissory notes in the amount of \$222,151 to cancel three unsecured promissory notes previously issued by CBL-Australia and CBL-California to its shareholders, Messrs. Scammell and Kennedy. The notes accrue interest at 7% per annum and are considered due and payable upon the earlier of the September 1, 2003 or the date, upon which the company closes an equity financing, the net proceeds of which, together with the net proceeds of all equity financing conducted by us after the Acquisition Date, equal or exceeds \$3,000,000. At June 30, 2003, accrued interest totaled \$11,631. The notes were due and payable on September 1, 2003 for which the payment has not been made pending the outcome of a lawsuit filed against Messrs. Scammell and Kennedy, see Note 14, Subsequent Events.

42

Concurrent with its acquisition of CBL, Trinity (i) issued promissory notes to certain individuals and entities for a total principal amount of \$500,000 ("Bridge Financing Amount"), such notes ("Bridge Financing Notes") are convertible under certain conditions into shares of common stock, and (ii) in connection with the issuance of the Bridge Financing Notes, issued warrants ("Bridge Financing Warrants") to the holders of the Notes to purchase additional shares of Common Stock. Of the Bridge Financing Amount, \$55,000 was advanced by KPA and \$120,000 by Mr. Swindells.

The Bridge Financing Notes bear interest at a rate of 9% per annum and are due one year from the date of the respective notes, unless automatically converted upon the closing by the Company of an equity financing consisting of at least 500,000 shares of common stock. On May 19, 2003, the principal

Edgar Filing: TRINITY LEARNING CORP - Form 10KSB

amount of \$500,000 and accrued interest of \$34,745 on the respective notes were converted into 1,336,867 shares of common stock at \$0.40 per share. The Bridge Financing Warrants are exercisable for a period of one year at a price of \$0.05 per share, and contain a net issuance provision whereby the holders may elect a cashless exercise of such warrants based on the fair market value of the common stock at the time of conversion.

From time to time, since inception of our current operating strategy, Mr. Swindells has provided short-term working capital loans on a non-interest bearing basis. During our previous fiscal year, we were advanced \$145,000 by Mr. Theodore Swindells, and during the transition period from October 1, 2002 to June 30, 2003, we were advanced an additional \$780,000 by Mr. Swindells. The principal may be converted into such other debt or equity securities financings that we may issue in private offerings while the loan is outstanding. In September 2003, we repaid \$500,000 on the \$925,000 note balance then outstanding.

NOTE 8 - Notes Payable

At June 30, 2003, notes payable to accredited investors and related parties totaled \$2,147,151 as compared with \$811,963 at September 30, 2002. The notes bear interest between the rates of 0% and 7% per annum, some of which are secured by our common stock. Certain notes are convertible into the Company's common stock.

The Company has the following notes payable obligations:

NOTE 9 - Stockholders' Equity

On February 5, 2002, the Company effected a one hundred for one (100 for 1) reverse split. No shareholder was reversed below 100 shares. Shareholders with 100 shares or less, prior to the reverse, were not affected.

On May 5, 2002, the Company amended its Articles of Incorporation to reflect a change in par value from \$0.10 per share to no par value per share. Accordingly, this change effecting the common stock and additional paid in capital values has been retroactively applied to all prior years.

On October 1, 2002, the Company issued a total of 3,000,000 shares of common stock in conjunction with its acquisition of CBL-Australia and CBL-California at \$0.025 per share. Accordingly, \$75,000 has been charged to common stock to reflect the total cost of the shares.

On October 1, 2002, the Company authorized a Stock Purchase Agreement in order to retain qualified directors and officers. The Stock Purchase Agreement allows various directors to purchase an aggregate of 1,200,000 shares of the Company's common stock at a price of \$0.025 per share. The purchase price shall be payable by each Purchaser in the form of the cancellation of the Company's obligation to pay the various Purchasers a total of \$30,000 as compensation for services already performed by Purchaser for the Company.

On October 2, 2002, the Company issued 1,070,000 shares of common stock in settlement of outstanding amounts due for services rendered to the Company. These shares were issued at \$0.025 per share totaling \$26,750.

On October 21, 2002, the Company adopted and approved the "2002 Stock Plan" which was approved by the Company's shareholders at its special shareholder meeting on December 2, 2002. The Plan authorizes issuance of 3,000,000 shares to be increased by 500,000 shares annually. The plan expires in ten years. As of June 30, 2003, 2,447,000 options have been granted at prices ranging from \$0.05 per share to \$0.50 per share of which 963,625 were vested as of June 30, 2003.

During the period November 15, 2002 to January 21, 2003, we issued 3,200,000 shares in exchange for \$166,953, respectively of unsecured notes payable. The original amount of the note was \$166,963 (See Notes 7 and 8).

44

Between January and April 2003, we received subscriptions to our December 2002 Private Placement Memorandum totaling \$250,000 from outside investors to purchase 250,000 units at a price of \$1.00 per unit. Each unit entitles the holder to two shares of our common stock and two three year warrants, each to purchase an additional share of common stock for \$1.00 per share. If all warrants are fully exercised by the holder of such warrants, a bonus warrant will be issued entitling the holder to purchase one additional share of common stock for \$2.00.

On March 20, 2003, we issued 4,400,000 shares of common stock in settlement of \$110,000 of amounts due to Kings Peak Advisory, LLC (see Note 7).

Edgar Filing: TRINITY LEARNING CORP - Form 10KSB

On May 19, 2003, we issued 1,250,000 and 86,867 shares of the common stock in exchange for the total principal Bridge Financing Notes of \$500,000 and the accrued interest payable on such notes of \$34,745, respectively (see Note 7).

On June 16, 2003, we completed a recapitalization of its common stock by effecting a reverse split of its outstanding common stock on the basis of one share for each 250 shares owned, with each resulting fractional share being rounded up to the nearest whole share, and subsequently effecting a forward split by dividend to all shareholders of record, pro rata, on the basis of 250 shares for each one share owned. Immediately prior to the recapitalization, we had 13,419,774 shares of common stock outstanding. Following the recapitalization and the cancellation of 108,226 shares of common stock beneficially owned by members of management, the Company had 13,419,774 shares of common stock outstanding.

Between June and October 2003, we received subscriptions to our May 2003 Private Placement Memorandum ("May 2003 PPM") totaling \$5,143,300 from outside investors to purchase 5,143,300 units at a price of \$1.00 per unit. Each unit entitles the holder to two shares of our common stock and two three year warrants, each to purchase an additional share of common stock for \$1.00 per share. If all warrants are fully exercised by the holder of such warrants, a bonus warrant will be issued entitling the holder to purchase one additional share of common stock for \$2.00. In connection with the May 2003 Private Placement, we issued to various financial advisors, 567,160 additional shares of our common stock and five-year warrants to purchase 207,050 shares of our common stock.

NOTE 10 Stock Option Plan

On December 2, 2002, at a special meeting of our shareholders, the 2002 Stock Plan was approved. The maximum aggregate number of shares that may be optioned and sold under the plan is the total of (a) 3,000,000 shares, (b) an annual 500,000 increase to be added on the last day of each fiscal year beginning in 2003 unless a lesser amount is determined by the board of directors. The plan became effective with its adoption and remains in effect for ten years unless terminated earlier. Options granted under the plan vest 25% on the day of the grant and the remaining 75% vests monthly over the next 36 months. The following schedule summarizes the activity during the nine-month transition period ended June 30, 2003.

NOTE 11 - Income Taxes

Income tax expense includes federal and state taxes currently payable and deferred taxes arising from timing differences between income for financial reporting and income tax purposes.

The Company has adopted Statement of Financial Accounting Standards Number 109 ("SFAS No. 109") "Accounting for Income Taxes." SFAS No. 109 requires an asset and liability approach for financial accounting and reporting for income tax purposes. This statement recognizes (a) the amount of taxes payable or refundable for the current year and (b) deferred tax liabilities and assets for future tax consequences of events that have been recognized in the financial statements or tax returns.

46

Deferred income taxes result from temporary differences in the recognition of accounting transactions for tax and financial reporting purposes. There were no temporary differences at June 30, 2003 and earlier years; accordingly, no deferred tax liabilities have been recognized for all years.

The Company has cumulative net operating loss carryforwards of over \$11,100,000 at June 30, 2003 and \$9,100,000 at September 30, 2002. No effect has been shown in the financial statements for the net operating loss carryforwards as the likelihood of future tax benefit from such net operating loss carryforwards is not probable. Accordingly, the potential tax benefits of the net operating loss carryforwards at June 30, 2003 and

Edgar Filing: TRINITY LEARNING CORP - Form 10KSB

September 30, 2002 have been offset by valuation reserves of the same amount.

Deferred tax assets and the valuation account at June 30, 2003 and at September 30, 2002 are as follows:

Deferred Tax Asset	June 30, 2003	September 30, 2002
Net Operating Loss Carryforwards	\$ 4,600,000	\$ 3,800,000
Valuation Allowance	(4,600,000)	(3,800,000)
Total	\$ -	\$ -

NOTE 12 - Net Earnings (Loss) Per Share

Basic earnings (loss) per common share ("BEPS") are based on the weighted-average number of common shares outstanding during each period. Diluted earnings (loss) per common share ("DEPS") are based on shares outstanding (computed under BEPS) plus dilutive potential common shares. Shares from the exercise of the outstanding options were not included in the computation of DEPS, because their inclusion would have been antidilutive for the nine months ended June 30, 2003.

The following data shows the shares used in the computing loss per common share including dilutive potential common stock at June 30, 2003:

	Amount
Common shares outstanding at June 30, 2003	14,956,641
Weighted-average number of common shares used in basic EPS dilutive effect of options	8,364,218
Weighted-average number of common shares and dilutive potential common shares used in diluted EPS	8,364,218

NOTE 13 - Going Concern

Our financial statements are prepared using generally accepted accounting principles applicable to a going concern, which contemplates the realization of assets and liquidation of liabilities in the normal course of business. Currently, we do not have significant cash or other material assets, nor do we have an established source of revenues sufficient to cover our operating costs and to allow us to continue as a going concern. We do not currently possess a financial institution source of financing and we cannot be certain that our existing sources of cash will be adequate to meet our liquidity requirements. However, we have undertaken the following to meet our liquidity requirements:

- (a) Seek additional equity funding through private placements to raise sufficient funds to continue operations and fund its ongoing development, merger and acquisition activities. In May 2003, we commenced a \$5,000,000 private placement, the proceeds of which will be used for (i) corporate administration, (ii) the

Edgar Filing: TRINITY LEARNING CORP - Form 10KSB

expansion of subsidiary operations, and (iii) expenses and funds advanced for acquisitions in 2003. In conjunction with the private placement, we have engaged various financial advisory firms and other finders to identify prospective investors. We completed the private offering on October 31, 2003.

- (b) Continue conversion of certain outstanding loans and payables into common stock in order to reduce future cash obligations;
- (c) Generate sufficient cash flow to sustain and grow subsidiary operations and, if possible, create excess cash flow for corporate administrative expenses through our operating subsidiaries; and
- (d) Identify prospective acquisition targets with sufficient cash flow to fund subsidiary operations, as well as potentially generating operating cash flow that may sustain corporate administrative expenses.

Trinity's future capital requirements will depend on its ability to successfully implement these initiatives and other factors, including our ability to maintain our existing customer base and to expand our customer base into new geographic markets, and overall financial market conditions in the United States and other countries where we will seek prospective investors.

NOTE 14 - New Technical Pronouncements

In October 2002, Statement of Financial Accounting Standards Number 147 ("SFAS 147"), "Acquisitions of Certain Financial Institutions - an amendment of FASB Statements Numbers 72 and 144 and FASB Interpretation Number 9" was issued to be used in acquisitions of financial institutions after October 1, 2002. It is anticipated that SFAS 147 will have no effect upon the Company's financial statements.

In December 2002, Statement of Financial Accounting Standards Number 148 ("SFAS 148"), "Accounting for Stock-Based Compensation - Transition and Disclosure - an amendment of FASB Statement Number 123" was issued for fiscal years beginning after December 15, 2003. It is anticipated that SFAS 148 will have no effect upon the Company's financial statements.

In April 2003, Statement of Financial Accounting Standards Number 149 ("SFAS 149"), "Amendment of Statement 133 on Derivative Instruments and Hedging Activities" was issued for fiscal quarters that began prior to June 15, 2003. Adoption of SFAS 149 will have no effect upon the Company's financial statements.

In May 2003, Statement of Financial Accounting Standards Number 150 ("SFAS 150"), "Accounting for Certain Financial Instruments with Characteristics of Both Liabilities and Equity" was issued for the first interim period beginning after June 15, 2003. The Company anticipates that SFAS 150 may impact the accounting for certain future acquisitions and the anticipated distribution of stock for services.

NOTE 15 - Subsequent Events

On July 8, 2003, we issued a five-year warrant to Merriman, Curran, Ford & Co. a financial service company, to purchase up to 20,000 shares of our common stock for a period of five years at \$0.50 per share in consideration for financial advisory services provided to us by the firm.

On September 1, 2003, we completed the acquisition of all of the issued and outstanding shares of TouchVision, a California corporation that is in the business of providing technology-enabled information and learning systems to healthcare providers, financial services companies and other industry segments. In consideration for the TouchVision shares, we issued an aggregate of 1,250,000 restricted shares of our common stock, of which

Edgar Filing: TRINITY LEARNING CORP - Form 10KSB

312,500 shares are subject to the terms of an escrow agreement as collateral for the indemnification obligations of the former TouchVision shareholders. We also agreed to loan to TouchVision the sum of \$20,000 per month for the twelve-month period following closing, to be used for working capital. We had previously loaned TouchVision the sum of \$50,000 in June, 2003 by way of bridge financing pending completion of the acquisition. In connection with the acquisition, TouchVision entered into substantially similar employment agreements with each of Messrs. Gregory L. Roche and Larry J. Mahar, the former principals of TouchVision, which have a term of two years and provide for annual salaries of \$120,000. In conjunction with the acquisition of TouchVision, we issued 735,000 stock options pursuant to the 2002 Stock Plan at \$0.50 per share.

48

On September 1, 2003, we completed the acquisition of all of the issued and outstanding shares of River Murray Training Pty Ltd ("RMT") an Australian company that is in the business of providing workplace training programs for various segments of the food production industry, including viticulture and horticulture. In consideration for the shares of RMT we issued 700,000 restricted shares of our common stock, of which 350,000 shares are subject to the terms of an escrow agreement as collateral for the indemnification obligations of the former RMT shareholders. We also loaned US\$49,000 to RMT for the purpose of repaying outstanding loans advanced to RMT by its former shareholders.

On September 1, 2003, we completed the acquisition of 51% of the issued and outstanding shares of Ayrshire Trading Limited, a British Virgin Islands company ("Ayrshire") that owns 95% of Riverbend Group Holdings (Proprietary) Limited ("Riverbend"), a South African company that provides learning services to corporations and individuals in South Africa. We also acquired the option to purchase the remaining 49% of Ayrshire. In consideration for the Ayrshire shares, we issued a convertible non-interest-bearing promissory note in the amount of \$20,000, which amount is convertible from time to time but no later than December 30, 2006 into a maximum of 2,000,000 shares of our common stock. Of these shares, up to 400,000 may be withheld in satisfaction for any breach of warranties by the former shareholders of Ayrshire. The Ayrshire shares are subject to escrow and pledge agreements will be reconveyed to the former shareholders in the event of a default by us of certain terms and conditions of the acquisition agreements, including, among other things, a voluntary or involuntary bankruptcy proceeding involving us or the failure by us to list our shares of common stock on a major stock exchange by December 30, 2006.

As further consideration for the Ayrshire shares, we agreed to make a non-interest-bearing loan of \$1,000,000 to Ayrshire, \$300,000 of which was advanced at closing and \$700,000 was advanced On November 3, 2003. We may exercise an option to acquire the remaining 49% of Ayrshire in consideration for the issuance of 1,500,000 shares of our common stock, subject to certain adjustments.

During the period June 1, 2003 to October 31, 2003, we sold by way of private placement an aggregate of 5,143,300 units at a price of \$1.00 per unit, for aggregate consideration of \$5,143,300. Each unit comprised two shares of our common stock and two warrants, each exercisable for one additional share of our common stock. In addition, each unit carried the right to acquire an additional warrant to purchase, under certain conditions, up to one additional share of common stock. In connection with the private placement, we paid \$448,105 in commissions and issued to various financial advisors, 567,160 additional shares of our common stock and five-year warrants to purchase 207,050 shares of our common stock. In our opinion, the offer and sale of these securities was exempt by virtue of Section 4(2) of the Securities Act and the rules promulgated thereunder.

Edgar Filing: TRINITY LEARNING CORP - Form 10KSB

On September 12, 2003, we filed a Complaint in the United States District Court for the District of Utah, Central Division, against CBL Global Corporation (f/k/a CBL Acquisition Corporation), and Robert Stephen Scammell, the sole shareholder of CBL-California, (Case No. 2:03CV00798DAK) alleging, among other things, that Scammell and CBL-California provided us with misstated financial statements prior to our merger in October 2002 with CBL-California and CBL Global. On September 18, 2003, we filed a First Amended Complaint and Jury Demand, which added as defendants CBL-Global and Brian Kennedy, the sole shareholder of CBL-Australia. The First Amended Complaint alleges causes of action for violations of Section 10(b) of the Securities Exchange Act of 1934 and Rule 10b-5 promulgated thereunder, for violations of Section 20(a) of the Securities Exchange Act of 1934, for declaratory relief and breach of contract, for common law fraud, and for negligent misrepresentation.

49

The First Amended Complaint alleges, among other things, that the defendants were advised by CBL-California's accountant on September 18, 2002 that CBL-California's financial statements were misstated, and alleges that new restated financial statements were issued on September 19, 2002. The First Amended Complaint alleges, however, that the restated financial statements were not provided to us prior to the October 1, 2002 closing of the merger. The First Amended Complaint seeks damages in an amount to be proven at trial, but which amount presently is estimated to exceed, at a minimum, the full amount of the consideration paid by us and CBL Global in the merger, as well as treble damages, and attorneys' fees. The First Amended Complaint also seeks a declaration that we (i) are entitled to retain certain of our shares of common stock that were issued in connection with the acquisition of CBL and placed in escrow, (ii) are entitled to set-off amounts owed to Messrs. Scammell and Kennedy pursuant to the CBL acquisition; and (iii) are entitled to seek the return of the shares of our common stock that have already have been distributed to defendants Messrs. Kennedy and Scammell in the merger. We intend to vigorously pursue our claims against the defendants.

On September 18, 2003 we announced that we had entered into a definitive agreement to acquire majority control of IRCA (Pty.) Ltd. ("IRCA"), an international firm specializing in corporate learning, certification, and risk mitigation in the areas of safety, health environment, and quality assurance ("SHEQ"). We anticipate closing this transaction within the next 30 days. IRCA is headquartered in South Africa and also operates international sales offices and operations in the United Kingdom and the United States. We will acquire majority interest in IRCA through a combination of stock and cash payments. The definitive agreement contains certain closing conditions and certain future provisions that will enable Trinity to acquire full ownership of IRCA and its various operating subsidiaries.
