Item 2.02 Results of Operations and Financial Condition

On April 29, 2015, MasterCard Incorporated (“MasterCard”) issued a press release announcing financial results for its first quarter 2015.

A copy of the press release is attached hereto as Exhibit 99.1. All information in the press release is furnished but not filed.

Non-GAAP Financial Information

In the attached press release, MasterCard presents growth rates adjusted for currency, which is a non-GAAP financial measure. Due to the impact of foreign currency rate fluctuations on reported results, MasterCard’s management believes the presentation of certain growth rates adjusted for currency, calculated by re-measuring the prior period’s results using the current period’s exchange rates, provides relevant information. MasterCard’s management uses non-GAAP financial measures to, among other things, evaluate its ongoing operations in relation to historical results, for internal planning and forecasting purposes and in the calculation of performance-based compensation. The presentation of non-GAAP financial measures should not be considered in isolation or as a substitute for the Company’s related financial results prepared in accordance with GAAP.

Item 7.01 Regulation FD Disclosure

On April 29, 2015, MasterCard will host a conference call to discuss its first-quarter 2015 financial results. A copy of the presentation to be used during the conference call is attached hereto as Exhibit 99.2. All information in the presentation is furnished but not filed.
