ITEM 4. CHANGES IN REGISTRANT'S CERTIFYING ACCOUNTANT.

On February 5, 2004, we appointed Ernst & Young, Israel ("E&Y") as our new principal independent accountants with the approval of our Board of Directors. Accordingly, we dismissed Peach Goddard Chartered Accountants on February 5, 2004. Peach Goddard has acted as our principal independent accountant since the inception of our company in April 2002.

During our recent fiscal year ended March 31, 2003, and the subsequent interim period through February 5, 2004, the date of Peach Goddard's dismissal and the date of E&Y's appointment, there were no disagreements with Peach Goddard on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure. The report on the financial statements prepared by Peach Goddard for the fiscal year ended March 31, 2003 was, however, modified as to uncertainty as the report contained a modifying paragraph with respect to our ability to continue as a going concern.

We provided Peach Goddard with a copy of this Current Report on Form 8-K prior to its filing with the SEC, and requested that they furnish us with a letter addressed to the SEC stating whether they agree with the statements made in this Current Report on Form 8-K, and if not, stating the aspects with which they do not agree. A copy of the letter provided by Peach Goddard, dated February 5, 2004, is attached to this Form 8-K as an exhibit.

In connection with the fiscal year ended March 31, 2003 and the subsequent interim period through February 5, 2004, E&Y was not consulted on any matter relating to accounting principles to a specific completed or proposed transaction or the type of audit opinion that might be rendered on our financial

statements. In connection with the fiscal year ended March 31, 2003 and the subsequent interim period through February 5, 2004 preceding the change in accountants, E&Y did not provide any written or oral advice that was an important factor considered by it in reaching any decision as to the accounting, auditing or financial reporting issues.

g. Revenue recognition:

The Company generates revenues mainly from revenues sharing agreements on its software products and from customization services.

The Company sells its software applications through its direct sales force.

## Edgar Filing: ZONE 4 PLAY INC - Form 8-K/A

The Company accounts for revenues sharing agreements in accordance with Statement of Position 97-2, "Software Revenue Recognition", as amended ("SOP 97-2"). The revenue from license fees is recognized when persuasive evidence of an agreement exists, delivery of the product has occurred, no significant obligations with regard to implementation remain, the fee is fixed or determinable and collectibility is probable.

The Company is entitled to royalties from revenue sharing arrangement upon the sublicensing of the Company's products to end-users. Royalties out of revenue sharing arrangements are recognized when such royalties are reported to the Company.

Revenues from software licenses that require significant customization, integration and installation are recognized in accordance with Statement of Position 81-1, "Accounting for Performance of Construction - Type and Certain Production Type Contracts" ("SOP 81-1"), using contract accounting on a completed contract method. After delivery, if uncertainty exists about customer acceptance of the software, license revenue is not recognized until acceptance. Provisions for estimated losses on uncompleted contracts are made in the period in which such losses are first determined, in the amount of the estimated loss on the entire contract. As of December 31, 2003, no such estimated losses were identified.

#### NOTE 2:- SIGNIFICANT ACCOUNTING POLICIES (CONT.)

Estimated gross profit or loss from long-term contracts may change due to changes in estimates resulting from differences between actual performance and original forecasts. Such changes in estimated gross profit are recorded in results of operations when they are reasonably determinable by management, on a cumulative catch-up basis.

h. Research and development costs:

Research and development costs are charged to the Statement of Operations as incurred. Statement of Financial Accounting Standard No. 86 "Accounting for the Costs of Computer Software to be Sold, Leased or Otherwise Marketed" ("SFAS No. 86"), requires capitalization of certain software development costs subsequent to the establishment of technological feasibility.

Based on the Company's product development process, technological feasibility is established upon completion of a working model. Costs incurred by the Company between completion of the working models and the point at which the products are ready for general release have been insignificant. Therefore, all research and development costs

Edgar Filing: ZONE 4 PLAY INC - Form 8-K/A

have been expensed.

i Income taxes:

The Company and its subsidiaries account for income taxes in accordance with Statement of Financial Accounting Standards, "Accounting for Income Taxes" ("SFAS No. 109"). This statement prescribes the use of the liability method whereby deferred tax assets and liability account balances are determined based on differences between financial reporting and tax bases of assets and liabilities and are measured using the enacted tax rates and laws that will be in effect when the differences are expected to reverse. The Company and its subsidiaries provide a valuation allowance, if necessary, to reduce deferred tax assets to their estimated realizable value.

j. Concentrations of credit risk:

Financial instruments that potentially subject the Group to concentrations of credit risk consist principally of cash and cash equivalents and trade receivables. The majority of the Company's cash and cash equivalents are invested in dollar instruments with major banks in Israel, the United Kingdom and the United States. Management believes that the financial institutions that hold the Company's investments are financially sound and accordingly, minimal credit risk exists with respect to these investments. Such cash and cash equivalents in the United States may be in excess of insured limits and are not insured in other jurisdictions. However, management believes that such financial institutions are financially sound.

The Company's trade receivables are derived from sales to large and solid organizations located mainly in the United States, the United Kingdom and Israel. The Company performs ongoing credit evaluations of its customers and to date has not experienced any material losses. In certain circumstances, the Company may require letters of credit, other collateral or additional guarantees.

NOTE 2:- SIGNIFICANT ACCOUNTING POLICIES (CONT.)

The Company and its subsidiaries have no off-balance-sheet concentration credit risk such as foreign exchange contracts, option contracts or other foreign hedging arrangements.

k. Fair value of financial instruments:

The following methods and assumptions were used by the Company and its subsidiaries in estimating their fair value disclosures for financial instruments:

Edgar Filing: ZONE 4 PLAY INC - Form 8-K/A

The carrying amounts of cash and cash equivalents, trade receivables, accounts receivable, short-term bank credit, short-term loans, trade payables and other accounts payable approximate their fair value due to the short-term maturity of such instruments.

Long-terms loans are estimated by discounting the future cash flows using current interest rates for loans or similar terms and maturities. The carrying amount of the long-term liabilities approximates their fair value.

1. Impact of recently issued accounting standard

In December 2003, the SEC issued Staff Accounting Bulletin ("SAB") No. 104, "Revenue Recognition," ("SAB No. 104") which revises or rescinds certain sections of SAB No. 101, "Revenue Recognition," in order to make this interpretive guidance consistent with current authoritative accounting and auditing guidance and SEC rules and regulations. The changes noted in SAB No. 104 did not have a material effect on the Company's consolidated results of operations, consolidated financial position or consolidated cash flows.

NOTE 11:- INCOME TAXES

- a. Measurement of taxable income under the Income Tax Law (Inflationary Adjustments), 1985:

Results for tax purposes of the Israeli subsidiary are measured in terms of earnings in NIS, after certain adjustments for increases in the Israeli Consumer Price Index ("CPI"). As explained in Note 2b, the financial statements are measured in U.S. dollars. The difference between the annual change in the Israeli CPI and in the NIS/dollar exchange rate causes a further difference between taxable income and the income before taxes shown in the financial statements. In accordance with paragraph 9(f) of SFAS No. 109, the Israeli subsidiary has not provided deferred income taxes on the difference between the functional currency and the tax bases of assets and liabilities.

Israeli tax reform:

On January 1, 2003, a comprehensive tax reform took effect in Israel. Pursuant to the reform, resident companies are subject to Israeli tax on income accrued or derived in Israel or abroad. In addition, the concept of "controlled foreign corporation" was introduced, according to which an Israeli company may become subject to Israeli taxes on certain income of a non-Israeli subsidiary if the subsidiary's primary source of income is passive income (such as interest, dividends, royalties, rental income or capital gains). The tax reform also substantially changed the system of taxation of capital gains.

- b. Deferred income taxes:

Deferred income taxes reflect the net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. Significant components of the Company and its subsidiaries' deferred tax assets are as follows:

DECEMBER 31,

Edgar Filing: ZONE 4 PLAY INC - Form 8-K/A

	2003	2002
Operating loss carryforward	\$ 327,293	\$ 173,273
Reserves and allowances	38,350	25,860
Net deferred tax asset before valuation allowance	365,643	199,133
Valuation allowance	(365,643)	(199,133)
Net deferred tax asset	\$ --	\$ --

As of December 31, 2003, the Company and its subsidiaries have provided valuation allowances of \$ 365,643, in respect of deferred tax assets resulting from tax loss carryforwards and other temporary differences. Management currently believes that since the Company and its subsidiaries have a history of losses it is more likely than not that the deferred tax regarding the loss carryforwards and other temporary differences will not be realized in the foreseeable future. The change in valuation allowance was \$ 166,510.

c. Net operating losses carryforwards:

The Company has accumulated losses for tax purposes as of December 31, 2003, in the amount of \$ 760,497, which may be carried forward and offset against taxable income in the future.

Utilization of U.S. net operating losses may be subject to substantial annual limitation due to the "change in ownership" provisions of the Internal Revenue Code of 1986 and similar state provisions. The annual limitation may result in the expiration of net operating losses before utilization.

The Israeli subsidiary, a subsidiary of Zone4Play Inc. in Israel, has accumulated losses for tax purposes as of December 31, 2003, in the amount of approximately \$ 141,915, which may be carried forward and offset against taxable income in the future, for an indefinite period.

The United Kingdom subsidiary, a subsidiary of Zone4Play Inc. in United Kingdom, has accumulated losses for tax purposes as of December 31, 2003, in the amount of approximately \$ 28,656, which

Edgar Filing: ZONE 4 PLAY INC - Form 8-K/A

may be carried forward and offset against taxable income in the future, for an indefinite period.

- d. The main reconciling items between the statutory tax rate of the Company and the effective tax rate are the non-recognition of the benefits from accumulated net operating losses carry forward among the various subsidiaries worldwide due to the uncertainty of the realization of such tax benefits.
