Summary Term Sheet for Proposal No. 1

In Proposal No. 1, you are being asked to approve the sale of the Subsidiaries to Invitel. The terms of the Agreement mandate that the total purchase price to be paid is US \$30,000,000 of which US \$29,400,000 is payable at closing and the remaining US \$600,000 is payable upon delivery of a certificate prepared by an independent auditor identifying the net indebtedness of the Subsidiaries, which are required to be debt free including the full payment by Euroweb Hungary on or prior to the Closing Date of the US \$6,000,000 loan it received from Commerzbank Hungary ("Commerzbank") in connection with the Company's acquisition of Navigator Informatika Rt. ("Navigator"). The purchase price is to be reduced by the amount of any debt held in the Subsidiaries. The closing of the sale of the Subsidiaries, of which we cannot provide any guarantee, is expected to occur within seven business days of the delivery of an audit report prepared by an independent auditor with respect to the Subsidiaries and the approval of the Agreement by the shareholders of the Company provided that such date is no later than June 30, 2006 and receipt of approval of the proposed transaction by the Hungarian Economic Competition Office in Hungary, which the Company has received. If the Company fails to have the Agreement approved at a shareholders meeting, the Company will be obligated to reimburse Invitel for its expenses associated with the acquisition of the Subsidiaries not to exceed EUR 400,000. The Company has classified the Subsidiaries as discontinued operations reflecting revenue for the year ended December 31, 2004 of zero.

Edgar Filing: EUROWEB INTERNATIONAL CORP - Form PRER14A

Reason for the Transaction

The Board of Directors believes the sale of the Subsidiaries, which are engaged in the business of providing Internet Service in Hungary and Romania, is the culmination of the Company's strategy that was first implemented in 1997 of identifying and developing companies within emerging industries for the purpose of consolidation and sale if favorable market conditions exist. Although the Company primarily focuses on the operation and development of its core businesses, the Company pursues consolidations and sale opportunities as presented in order to develop its core businesses.

The Company commenced the consolidation strategy in various Central and Eastern European countries as follows:

- o in Hungary, with the acquisition of various Internet and telecommunications companies in 1997 that were eventually consolidated and named Euroweb Hungary, the acquisition of Elender Rt. in 2004 and the acquisition of Navigator in 2005;
- o in Romania, with the acquisition of several Internet and telecommunications companies in 2000 that were eventually consolidated and named Euroweb Romania;
- o in Slovakia, with the acquisition of several Internet and telecommunications companies from 1999 to 2000 that were eventually consolidated and named Euroweb Slovakia; and
- o in Czech Republic, with the acquisition of two Internet and telecommunications companies during 1999 and 2000 that were eventually consolidated and named Euroweb Czech Republic.

In 2004, the Company elected to sell its Internet Service assets located in the Czech Republic and Slovakia as the Company received offers it believed were above the market value of such assets. Further, the disposition of the two Subsidiaries, Euroweb Hungary and Euroweb Romania, for a purchase price of \$30,000,000 will allow the Company to redeploy capital to acquire additional assets in IT space and other as-yet unidentified industries that the Company deems profitable, as well as focus its expertise in the area of IT outsourcing in Central and Eastern Europe. If the opportunity presents itself, the Company will consider implementing its consolidation strategy with its remaining subsidiary and any other business that it enters. However, the Company does not presently have any plans, proposals or arrangements to redeploy its capital or engage in any acquisitions. The Company has not yet identified any specific new industries in which to invest.

For a more detailed discussion please see "Proposal No. 1 - Approval of the Sale of the Subsidiaries to Invitel" located on page 8.

Conditions to Closing of the Sale of the Subsidiaries

Edgar Filing: EUROWEB INTERNATIONAL CORP - Form PRER14A

The completion of the proposed sale of the Subsidiaries depends upon the meeting of a number of conditions including the following:

- o The issuance by the Hungarian Economic Competition Office of its unconditional approval of the sale of the Subsidiaries to Invitel, which has been issued;
- o Approval of the Agreement by a majority of the stockholders of the Company at a special meeting of stockholders in which a quorum was present;
- o Delivery of an audit report prepared by an independent auditor with respect to the Subsidiaries and the absence of any event or circumstance revealed in the audit that could reasonably be expected to have a material adverse effect on the financial condition of the Subsidiaries, of which Invitel was not aware; and
- o There shall be no material adverse change with respect to the Subsidiaries.

Risks

The sale of the Subsidiaries will reduce the lines of business which we conduct. This decrease in diversification of our business could serve to magnify any downturns in the remaining business lines. In particular:

- o Our ability to adjust to changes in consumer demand or economic shifts could be materially impacted.
- o Upon classifying the Subsidiaries as discontinued operations (see "Accounting Treatment"), our revenue for the year ended December 31, 2004 decreased to \$-0- from \$28,111,786.
- o Upon classifying the Subsidiaries as discontinued operations, our net loss from continuing operations for the year ended December 31, 2004 increased to \$1,402,766 from a net loss of \$1,099,176.
- o Although we solicited a number of offers for the Subsidiaries, there can be no assurance that the value may not be higher in a sale to other purchasers.
- o The loss of expected synergies and a common customer base between Navigator Informatika Rt. and Euroweb Hungary, which may limit Navigator Informatika Rt.'s ability to generate revenue and may also have a goodwill impairment effect.
- o As a result of the sale of the Subsidiaries and the acquisition of Navigator, the Company may be deemed to have entered a new line of business and, as a result of the change of such business line, The Nasdaq Stock Market may request that we reapply for listing and satisfy all initial listing standards despite the fact that the Company will have continuing operations in Central and Eastern Europe.
- o If the Company fails to have the Agreement approved at a shareholders meeting, the Company will be obligated to reimburse Invitel for its expenses associated with the acquisition of the Subsidiaries not to exceed EUR 400,000 and this payment, combined with loss of proceeds from the failed sale of the Subsidiaries, may

Edgar Filing: EUROWEB INTERNATIONAL CORP - Form PRER14A

result in the Company experiencing financial difficulty with respect to its cash position.

For a more detailed discussion please see "Proposal No. 1 - Approval of the Sale of the Subsidiaries to Invitel" located on page 9.

Absence of Dissenters' Rights of Appraisals

Under the applicable provisions of General Corporation Law of the State of Delaware ("GCL"), Euroweb's stockholders will have no rights in connection with the proposed sale of the Subsidiaries to seek appraisal for the fair value of their shares of common stock.

For a more detailed discussion please see "Proposal No. 1 - Approval of the Sale of the Subsidiaries to Invitel" located on page 10.

PROPOSAL NO. 1

APPROVAL OF SALE OF THE SUBSIDIARIES TO INVITEL

Proposed Transaction

On December 19, 2005, the Company entered into the Agreement with Invitel. Pursuant to the Agreement, the Company has agreed to sell and, Invitel has agreed to purchase, 100% of the Company's interest in the Subsidiaries. The purchase price to be paid to the Company is US \$30,000,000 in cash of which US \$29,400,000 is payable at closing and the remaining US \$600,000 is payable upon delivery of a certificate prepared by an independent auditor identifying the net indebtedness of the Subsidiaries, The Subsidiaries are required to be debt free, which includes the full payment on or prior to the Closing Date of the US \$6,000,000 loan obtained by Euroweb Hungary from Commerzbank in connection with the Company's acquisition of Navigator Informatika Rt. The purchase price is to be reduced by the amount of any debt held in the Subsidiaries. The closing of the sale of the Subsidiaries, of which we cannot provide any guarantee, is expected to occur within seven business days of receipt of an audit report prepared by an independent auditor with respect to the Subsidiaries, the approval of the Agreement by the shareholders of the Company provided that such date is no later than June 30, 2006 and receipt of approval of the proposed transaction by the Hungarian Economic Competition Office in Hungary, which the Company has received. If the Company fails to have the Agreement approved at a shareholders meeting, the Company will be obligated to reimburse Invitel for its expenses associated with the acquisition of the Subsidiaries not to exceed EUR 400,000. After the sale of the Subsidiaries would be classified as discontinued operations, the Company's revenue for the year ended December 31, 2004 will be zero.

Background of the Transaction

Edgar Filing: EUROWEB INTERNATIONAL CORP - Form PRER14A

In April 2005, the Company's Board of Directors was notified that Invitel was looking for acquisition and consolidation opportunities in Hungary. On April 27, 2005, Invitel made a non-binding offer to purchase the Subsidiaries. From April 2005 through September 2005, Invitel made three non-binding offers. On December 15, 2005, Invitel submitted a binding offer that the Board of Directors of the Company accepted on December 17, 2005 and which culminated in the entering of the Agreement on December 19, 2005. In addition, the Company received several non-binding and binding offers from various parties. The Company eventually received and entered a binding offer from an international telecommunication company for the sale of the Subsidiaries on December 8, 2006. In connection with the receipt of the binding offer, the Company signed an exclusivity agreement with the international telecommunication company, which expired on December 16, 2005. After the expiration of the exclusivity agreement with the international telecommunications company on December 16, 2005, the Company entered into the Agreement with Invitel.

Business of the Company

We own and operate Internet Service Providers in Hungary and Romania through the Subsidiaries, Euroweb Hungary and Euroweb Romania. Euroweb Hungary and Euroweb Romania are classified as discontinued operations for all periods presented in the financial statements of the Company. We are also engaged in the IT consulting business through our other subsidiary, Navigator Informatika Rt., which we acquired on October 7, 2005. Navigator Informatika Rt. operates through its wholly owned subsidiaries, Navigator Info Kft. and Navigator Engineering Kft. and is engaged in information technology outsourcing, applications development and information technology consulting services primarily in the Hungarian market. Navigator's client base includes primarily large organizations both in the corporate and institutional (public) sector. We previously had operations in the Czech Republic and Slovakia through our subsidiaries Euroweb Czech and Euroweb Slovakia, which were sold on December 16, 2004 and April 15, 2005, respectively.

Our revenues generated by Navigator Informatika Rt. come from the following three sources:

- o Full service IT System operation or complete IT outsourcing, comprising full service support and maintenance with a cost-effective and competitive service desk system, call center, hotline support and remote troubleshooting
- o IT system implementation and IT project management, including: consultancy, system design, development and implementation and training; and

9

- o Sale of IT devices

Business of Invitel

Founded in 1994, Invitel offers telephony, Internet, and data services to residential and business customers in Hungary. Invitel is the incumbent operator in 9 out of 54 primary service areas. In the rest of Hungary, Invitel is an alternative telecom operator with a national fibre backbone, metropolitan area

networks and point-to-multi-point microwave access system.

Invitel's corporate headquarters is located at Invitel Tavkozlesi Szolgaltato Rt. Puskas Tivadar u. 8-10 H-2040 Budaros, Hungary (Tel: 0036 1 801 1355).

Reasons for the Transaction

The Board of Directors believes the sale of the Subsidiaries, which are engaged in the business of providing Internet Service in Hungary and Romania, is the culmination of the Company's strategy that was first implemented in 1997 of identifying and developing companies within emerging industries for the purpose of consolidation and sale if favorable market conditions exist. The Company commenced the consolidation strategy in various Central and Eastern European countries as follows:

- o in Czech Republic, with the acquisition of two Internet and telecommunications companies during 1999 and 2000 that were eventually consolidated and named Euroweb Czech Republic.

In 2004, the Company elected to sell its Internet Service assets located in the Czech Republic and Slovakia as the Company received offers it believed were above the market value of such assets. Further, the disposition of the Subsidiaries, Euroweb Hungary and Euroweb Romania, for a purchase price of \$30,000,000 will allow the Company to redeploy capital to acquire additional assets in IT space and other as-yet unidentified industries that the Company deems profitable, as well as focus its expertise in the area of IT outsourcing in Central and Eastern Europe. However, the Company does not presently have any plans, proposals or arrangements to redeploy its capital or engage in any acquisitions. The Company has not yet identified any specific new industries in which to invest.

Management considered the possibility of putting the Subsidiaries on the public auction block. Management decided against this for a number of reasons related to the specialized nature of the business and management's belief that only companies already in the relevant business area (i.e. the Subsidiaries' competitors) would be interested in purchasing the Subsidiaries. Specifically, management decided against a public auction for the following reasons:

- o The Internet Service industry is extremely competitive.

Edgar Filing: EUROWEB INTERNATIONAL CORP - Form PRER14A

Accordingly, protecting the primary assets consisting largely of intellectual properties is inherently a risk-filled proposition. The Company's management was extremely concerned that a "public" sale of the Subsidiaries would simply lead to competitors engaging in the due diligence process for no purpose other than to glean confidential information.

10

- o The Company was also of the view that public disclosure of the proposed sale would lead to key employees becoming unnecessarily concerned and possibly leaving the Company's subsidiaries to find increased security elsewhere and in particular, with competitors of the Subsidiaries.
- o Based on the Company's private negotiations for the sale of the Subsidiaries with several parties, the Company believes that the price being paid by Invitel is the best price the Company could reasonably secure.

Prior to entering into the Agreement, during the past two years there has been no other negotiations, transactions or contacts between the Company and Invitel concerning any merger, consolidation, acquisition, tender offer, election of the Company's directors or the sale of a material amount of assets of the Company. There are no present or proposed material agreements, arrangements, understandings or relationships between the Company or any of its executive officers, directors, controlling persons or subsidiaries and Invitel or any of its executive officers, directors, controlling persons or subsidiaries.

Risks

The sale of the Subsidiaries will reduce the lines of business which we conduct. This decrease in diversification of our business could serve to magnify any downturns in the remaining business lines. In particular:

- o Our ability to adjust to changes in consumer demand or economic shifts could be materially impacted.
- o Upon classifying the Subsidiaries as discontinued operations (see "Accounting Treatment"), our revenue for the year ended December 31, 2004 decreased to \$-0- from \$28,111,786.

- o The loss of expected synergies and a common customer base between Navigator Informatika Rt. and Euroweb Hungary, which may limit Navigator Informatika Rt.'s ability to generate revenue and may also have a goodwill impairment effect.
- o As a result of the sale of the Subsidiaries and the acquisition of

Edgar Filing: EUROWEB INTERNATIONAL CORP - Form PRER14A

Navigator, the Company may be deemed to have entered a new line of business and, as a result of the change of such business line, The Nasdaq Stock Market may request that we reapply for listing and satisfy all initial listing standards despite the fact that the Company will have continuing operations in Central and Eastern Europe.

- o If the Company fails to have the Agreement approved at a shareholders meeting, the Company will be obligated to reimburse Invitel for its expenses associated with the acquisition of the Subsidiaries not to exceed EUR 400,000 and this payment, combined with loss of proceeds from the failed sale of the Subsidiaries, may result in the Company experiencing financial difficulty with respect to its cash position.

Absence of Dissenters' Rights of Appraisals

Under the applicable provisions of GCL, Euroweb's stockholders will have no rights in connection with the proposed sale of the Subsidiaries to seek appraisal for the fair value of their shares of common stock.

11

Votes Required

The approval of the sale of 100% of the Company's interest in the Subsidiaries as contemplated in the Agreement entered into by and between Invitel and the Company will require an affirmative vote of the majority of the votes cast in person or by proxy, provided that a quorum is present at the special meeting.

Interest of Related Parties in the Proposed Sale of the Subsidiaries to Invitel

During the initial stages of due diligence and negotiation, a third party expressed interest to the Company to purchase the Subsidiaries for US \$26,000,000. In order to provide management of the Company with the appropriate motivation to achieve the highest possible purchase price, the Company's Compensation Committee was granted the discretionary ability to pay a bonus to members of management that were associated with the Company receiving a purchase price in excess of US \$28,000,000 for the Subsidiaries. The bonus, which is at the discretion of the Compensation Committee, will be up to 20% of the purchase price received in excess of US \$28,000,000. Upon the Company closing on the sale of the Subsidiaries for US \$30,000,000 to Invitel, a bonus of up to US \$400,000 (or 20% of US \$2,000,000) may be paid by the Compensation Committee to select members of management. To the best of our knowledge, except for the Bonus, none of the Company's officers or directors have a financial interest in the proposed sale of the Subsidiaries to Invitel.

Accounting Treatment

Under accounting principles generally accepted in the United States of America, we reflected the results of operations of the Subsidiaries as discontinued operations. The expected gain on the sale of the Subsidiaries, net of any applicable taxes, will be reflected in discontinued operations in the quarter during which the proposed sale closes.

Federal Income Tax Consequence

The proposed sale of the Subsidiaries should have no direct income tax consequences to the Company stockholders. The proposed sale of the Subsidiaries will be reported by the Company as a sale of assets for federal income tax

Edgar Filing: EUROWEB INTERNATIONAL CORP - Form PRER14A

purposes in the fiscal year ending December 31, 2006. The proposed sale of the Subsidiaries will be a taxable transaction for United States federal income tax purposes. Accordingly, the Company will recognize a gain or loss with respect to the proposed sale of the Subsidiaries in an amount equal to the difference between the amount of the consideration received for each asset over the adjusted tax basis in the asset sold.

Regulatory Approvals

No United States Federal or state regulatory requirements must be complied with or approvals obtained as a condition of the proposed sale of the Subsidiaries other than federal securities laws. However, the sale of the Subsidiaries is contingent upon the issuance by the Hungarian Economic Competition Office of its unconditional approval of the sale of the Subsidiaries to Invitel. According to the deadlines defined in the Agreement, an application for the approval of the proposed transaction was filed on January 17, 2006 with the Hungarian Economic Competition Office.
