Section 1 - Registrant's Business and Operations

Item 1.01 Entry into a Material Definitive Agreement

Effective June 29, 2006, NovaMed, Inc. entered into a Fifth Amended and Restated Credit Agreement with National City Bank of The Midwest, as agent and lender, LaSalle Bank National Association, as documentation agent and lender, and The Northern Trust Company, Associated Bank, N.A. and Charter One Bank as the other participating lenders. By amending our credit facility, we increased the maximum commitment available under the facility from \$50 million to \$80 million, and extended the expiration date by approximately one year to June 29, 2009. The amended facility also includes an option allowing us to increase the maximum commitment available to \$100 million under certain conditions. Maximum borrowing availability and applicable interest rates under the facility have always been calculated based on a ratio of our total indebtedness to our earnings before interest, taxes, depreciation and amortization (EBITDA), all as more fully defined in our facility. This ratio was generally increased for purposes of calculating our maximum borrowing availability. Interest on borrowings under the facility are payable at an annual rate equal to our lender's published base rate plus the applicable borrowing margin ranging from 0% to 0.5% or LIBOR plus a range from 1.25% to 2.25%, varying depending upon our ratios and ability to meet other financial covenants. The credit agreement continues to contain covenants that include limitations on indebtedness, liens, capital expenditures, acquisitions, investments and share repurchases, as well as restrictions on the payment of dividends; however, many of these limitations were changed to provide us with greater flexibility.

The foregoing summary does not purport to be complete and is qualified in its entirety by reference to the full text of the Fifth Amended and Restated Credit Agreement which is filed herewith as Exhibit 10.45 and is incorporated herein by reference.
