Altamonte Springs, FL 32714
(407) 389-3232

We are an emerging global provider of advanced communications services utilizing Voice over Internet Protocol (“VoIP”) technology. Internet Protocol telephony is the real time transmission of voice communications in the form of digitized “packets” of information over the Internet or a private network, similar to the way in which e-mail and other data is transmitted. VoIP services allow consumers and businesses to communicate at reduced costs compared to legacy telephony networks. For more information on the Company, see our 2005 Annual Report on Form 10-KSB, as amended, which accompanies this Proxy Statement.

INFORMATION ABOUT THE ANNUAL MEETING

WHEN IS THE ANNUAL MEETING?

December 18, 2006, 10:00 a.m. Eastern Standard Time

WHERE WILL THE ANNUAL MEETING BE HELD?

The meeting will be held at VoIP, Inc., 151 So. Wymore Road, Suite 3000, Altamonte, Springs, Florida 32714

WHAT ITEMS WILL BE VOTED UPON AT THE ANNUAL MEETING?

At the annual meeting and any adjournment or adjournments of the annual meeting, our shareholders will be asked to consider and vote upon the following matters:

1. To approve the election of Anthony Cataldo, Gary Post, Stuart Kosh, Stacy Haitzuka and Nicholas A. Iannuzzi, Jr. to the board of directors of the Company to serve for 2007 and until their successors are elected and qualified;
2. To approve the VoIP, Inc. 2006 Equity Incentive Plan;
3. To approve the Amended and Restated Articles of Incorporation of the Company to authorize 25,000,000 shares of preferred stock (which approval does not extend to the approval of any issuances of shares of preferred stock);

4. To approve the Amended and Restated Articles of Incorporation of the Company to increase the number of authorized shares of common stock that the Company is authorized to issue to 400,000,000 shares of common stock (which approval does not extend to the approval of any issuance of any shares of common stock); and
5. To consider and act on a proposal to approve the selection of Berkovits, Lago & Company, LLP as the Company's independent auditors for 2006; and
6. To transact such other business as may properly come before the annual meeting and any adjournment or adjournments of the meeting.

WHO CAN VOTE?

Only holders of record of our common stock at the close of business on October 27, 2006 will be entitled to notice of and to vote at the annual meeting and any adjournments of the annual meeting. You are entitled to one vote for each share of common stock held on that date. On October 27, 2006, there were 95,936,752 shares of our common stock outstanding and entitled to vote.

YOUR BOARD OF DIRECTORS HAS APPROVED EACH OF THE PROPOSALS SET FORTH HEREIN.

HOW DO I VOTE BY PROXY?

You may vote your shares by mail by marking, signing and dating the enclosed proxy card as promptly as possible and returning it in the enclosed postage-paid envelope. Proxies should not be sent by the stockholder to the Company, but to Securities Transfer Corporation P.O. Box 701629, Dallas, Texas 75370-9967. A pre-addressed, postage-paid envelope is provided for this purpose.

For each item of business, you may vote "FOR" or "AGAINST" or you may "ABSTAIN" from voting.

If you return your signed proxy card but do not specify how you want to vote your shares, we will vote them:

- "FOR" the election of the five directors to serve for 2007 and until their successors are elected and qualified;
- "FOR" the approval of the Company's 2006 Equity Incentive Plan;
- "FOR" the approval of the Amended and Restated Articles of Incorporation of the Company to authorize 25,000,000 shares of preferred stock (which approval does not extend to the approval of any issuances of shares of preferred stock);
- "FOR" the approval of the Amended and Restated Articles of Incorporation of the Company to increase the number of shares of common stock that the Company is authorized to issue to 400,000,000 shares of common stock (which approval does not extend to the approval of any issuances of shares of common or preferred stock); and
- "FOR" the approval of the selection of Berkovits, Lago & Company, LLP as the Company's independent auditors for 2006.

If any matters other than those set forth above are properly brought before the annual meeting, the individuals named in your proxy card may vote your shares in accordance with their best judgment.

HOW DO I CHANGE OR REVOKE MY PROXY?

You can change or revoke your proxy at any time before it is voted at the special meeting by:

1. Submitting another proxy by mail with a more recent date than that of the proxy first given;
2. Sending written notice of revocation to VoIP, Inc. 151 So. Wymore Road, Suite 3000, Alamonte Spring, Florida 32714: Attention Robert Staats; or
3. Attending the annual meeting and voting in person. If your shares are held in the name of a bank, broker or other holder of record, you must obtain a proxy, executed in your favor, from the holder of record to be able to vote at the meeting.

2

WHAT CONSTITUTES A "QUORUM" FOR THE SPECIAL MEETING?

The holders of a majority of the issued and outstanding shares of the Company's common stock entitled to vote at the annual meeting present or represented by proxy, constitutes a quorum. A quorum is necessary to conduct business at the annual meeting. You will be considered part of the quorum if you have voted by proxy. Abstentions, broker non-votes and votes withheld from director nominees count as "shares present" at the annual meeting for purposes of determining a quorum. However, abstentions, withholding of a vote and broker non-votes do not count in the voting results. A broker non-vote occurs when a broker or other nominee who holds shares for another does not vote on a particular item because the broker or nominee does not have discretionary authority for that item and has not received instructions from the owner of the shares.

HOW MANY VOTES ARE REQUIRED?

On October 27, 2006, the record date for determination of shareholders entitled to vote at the annual meeting, there were outstanding and entitled to vote 95,936,752 shares of our common stock. The holders of a majority of our common stock issued and outstanding and entitled to vote at the annual meeting will constitute a quorum for the transaction of business at the annual meeting. Common stock represented in person or by proxy, including abstentions and broker non-votes with respect to one or more of the matters presented for shareholder approval will be counted for purposes of determining whether a quorum exists at the annual meeting. When we refer to "broker non-votes," we mean common stock held in "street name" by brokers or nominees who indicate on their proxies that they do not have discretionary authority to vote the common stock as to a particular matter.

The election of Anthony Cataldo, Gary Post, Stuart Kosh, Stacy Haituka and Nicholas A. Iannuzzi, Jr to the board of directors for 2007 will require an affirmative vote of the majority of the votes cast in person or by proxy, provided that a quorum is present at the annual meeting. Therefore, an abstention or withholding of a vote will not be counted for purposed determining whether the requisite vote has been obtained and will have no effect on the outcome of the vote.

The adoption of the 2006 Equity Incentive Plan will require an affirmative vote of the majority of the votes cast in person or by proxy, provided that a quorum is present at the annual meeting. Therefore, an abstention or withholding of a vote will not be counted for purposed determining whether the requisite vote has been obtained and will have no effect on the outcome of the vote.

The proposal to approve the selection of Berkovits, Lago & Company, LLP as the Company's independent auditors for 2006 will require the majority of the votes cast in person or by proxy, provided that a quorum is present at the annual meeting. Therefore, an abstention or withholding of a vote will not be counted for purposed determining whether the requisite vote has been obtained and will have no effect on the outcome of the vote.

The proposal to approve the Amended and Restated Articles of Incorporation to authorize 25,000,000 shares of preferred stock, (which approval does not extend to the approval of any issuances of shares of preferred stock) and the proposal to approve the Amended and Restated Articles of Incorporation to increase the number of authorized shares of the Company's common stock to 400,000,000 shares (which approval does not extend to the approval of any issuance of shares of common stock) requires the affirmative vote of at least a majority of the Company's outstanding shares of Common Stock. Therefore, any abstentions, "broker non-votes" (shares held by brokers or nominees as to which they have no discretionary authority to vote on a particular matter and have received no instructions from the beneficial owners or persons entitled to vote thereon), or other limited proxies will have the effect of a vote against the proposals to approve the Amended and Restated Articles of Incorporation.

Broker non-votes with respect to a particular matter will not be counted as votes in favor of that matter and will not be counted as votes cast on that matter. Accordingly, broker non-votes will have no effect on the matters specified in the

notice of meeting.

DISSENTER'S RIGHT OF APPRAISAL.

No action will be taken in connection with the proposal described in this Proxy Statement for which Texas law, our Articles of Incorporation or Bylaws provide a right of a shareholder to dissent and obtain appraisal of or payment for such shareholder's shares.

HOUSEHOLDING OF PROXY MATERIALS.

Some banks, brokers and other nominee record holders may be participating in the practice of "householding" Proxy Statements and annual reports. This means that only one copy of this Proxy Statement or our annual report may have been sent to multiple shareholders in your household. We will promptly deliver a separate copy of either document to you if you call or write us at the following address or phone number: VoIP, Inc., 151 So. Wymore Rd., Suite 3000, Altamonte Springs, FL 32714, phone: (407) 389-3232, Attention: Robert Staats. If you want to receive separate copies of our annual report and Proxy Statement in the future, or if you are receiving multiple copies and would like to receive only one copy for your household, you should contact your bank, broker or other nominee record holder, or you may contact us at the above address and phone number.

SHAREHOLDER PROPOSALS FOR THE ANNUAL MEETING IN 2007.

Written notice of proposals of shareholders submitted outside the processes of Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), for consideration at our annual meeting of shareholders in 2007 must be received by us within a reasonable time before the Company begins to print and mail this Proxy Statement in order to be considered timely for purposes of Rule 14a-8 under the Exchange Act. The persons designated in our proxy card will be granted discretionary authority with respect to any shareholder proposal with respect to which we do not receive timely notice. Shareholder proposals submitted pursuant to Rule 14a-8 under the Exchange Act for inclusion in our proxy materials for our annual meeting of shareholders in 2007 must be received by our corporate secretary at our principal offices by August 31, 2007.

OTHER MATTERS.

Our board of directors knows of no other business which will be presented for consideration at the annual meeting other than those matters described above. However, if any other business should come before the annual meeting, it is the intention of the person named in the enclosed proxy card to vote, or otherwise act, in accordance with his best judgment on such matters.

WHO PAYS FOR THE SOLICITATION OF PROXIES?

We will bear the costs of soliciting proxies. In addition to solicitations by mail, our directors, officers and employees may, without additional remuneration, solicit proxies by telephone, facsimile and personal interviews. We will reimburse these persons for their reasonable expenses in connection with any of these solicitations. In addition, we will request brokerage houses, custodians, nominees and fiduciaries to forward copies of the proxy materials to those persons for whom they hold shares and request instructions for voting the proxies, and we will reimburse brokerage houses and other persons for their reasonable expenses in connection with this distribution.

**PROPOSAL NO. ONE:
APPROVAL OF THE ELECTION OF DIRECTORS**

(ITEM ONE ON THE PROXY CARD)

Our board of directors presently consists of three directors. After the annual meeting, we expect that our board of directors will consist of five directors elected annually for a one year term. Iannuzzi, Jr., unless the proxy is marked otherwise. The directors will be elected at the upcoming annual meeting and will serve until the annual meeting of shareholders to be held in fiscal year 2008 and until their respective successors have been elected and qualified.

Each of the nominees has indicated his willingness to serve if elected. However, if any nominee should be unable to serve, the person acting under the proxy may vote the proxy for a substitute nominee. Our board of directors has no reason to believe that any nominee will be unable to serve if elected.

CORPORATE GOVERNANCE AND BOARD OF DIRECTORS' MATTERS

Board of Directors and Committee Meetings; Committees of the Board

During the fiscal year ended December 31, 2004 and through October 2005, Mr. Steven Ivester was the sole director of the Company; consequently, formal board and committee meetings were not held during that time. One formal meeting of the board of directors was held in December 2005.

Because Mr. Ivester was the only director of the Company, he performed the functions of the audit committee. Mr. Ivester was not an “audit committee financial expert,” as defined by the SEC. Upon identification of the requisite number of suitable candidates, the Company plans to establish an audit committee of independent directors. During the fiscal years ended December 31, 2004 and 2005, the Company did not have a standing compensation or nominating committee. Existing board of directors members participate in the selection of director nominees, with the general objective of achieving a balance of experience, knowledge, integrity and capability on the board. A nominating committee is not considered necessary due to the small size of the company and of our board.

Upon election of the nominees for director, the Company plans to establish a compensation committee consisting of two or more independent directors. The compensation committee will operate pursuant to a written charter. Upon the election of the nominees for director, the Company plans to establish an audit committee consisting of two or more independent directors. The audit committee will operate pursuant to a written charter.

We do not presently have a policy with respect to attendance by the directors at the annual meetings of shareholders.

Procedures for Director Nominations

Neither our Articles of Incorporation nor our Bylaws contain any procedures whereby shareholders may recommend nominees for director. We do not pay and do not anticipate paying any fees to third parties for identifying or evaluating candidates for director.

Communications with Directors

Our board of directors does not provide a formal process by which shareholders may send communications to the board of directors. The Company does not at this time anticipate instituting such a process. However, shareholders may communicate with us or request information at any time by contacting Robert Staats, Chief Accounting Officer, Corporate Planning, at (407) 389-3232.

Compensation of Directors

In connection with their service on our board of directors, each non-employee director elected by the shareholders will receive 300,000 shares of our common stock per year. Also, each non-employee director receives \$2,500 per board meeting or board committee meeting attended either by telephone or personally.

Code of Ethics

At the board of directors meeting following the annual meeting, it is anticipated that we will adopt a Code of Business Conduct and Ethics, within the meaning of Item 406(b) of Regulation S-K, that applies to the Company’s directors, officers and employees, including, our principal executive officer, principal financial officer and principal accounting officer. Upon adoption, a complete copy of the proposed Code of Ethics will be posted at our website at www.voipincorporated.com under “Investor Relations.” Any amendments to, or waivers of, the Code of Ethics will be promptly disclosed on our website.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

Beneficial Ownership

· Each director and prospective director of the Company;

Officers, directors and greater than 10% shareholders are required by SEC regulations to furnish us with copies of all Section 16(a) reports they file. To our knowledge, based solely on a review of the copies of such reports and written representations that no other reports were required, we believe that all filing requirements applicable to our officers, directors and greater than 10% shareholders were satisfied during the years ended December 31, 2005, except as noted below:

· Seventeen (17) Forms 4 required under Section 16(a) were filed late by Mr. Steven Ivester, and Mr. Ivester noted in reports filed by him that he had realized certain “short swing profits,” all of which have been repaid to the Company. Two Forms 4 were filed late by Mr. Bill Burbank; one Form 4 was filed late by Mr. David Sasnett; and one Form 4 was filed late by Mr. John Todd. The Company's current Stock Option Plan (the "2004 Option Plan") provides for the grant to eligible employees and directors of options for the purchase of common stock. The 2004 Option Plan covers, in the aggregate, a maximum of 4,000,000 shares of common stock and provides for the granting of both incentive stock options (as defined in Section 422 of the Internal Revenue Code of 1986) and nonqualified stock options (options which do not meet the requirements of Section 422). Under the 2004 Option Plan, the exercise price may not be less than the fair market value of the Common Stock on the date of the grant of the option.

The board of directors administers and interprets the 2004 Option Plan and is authorized to grant options thereunder to all eligible employees of the Company, including officers. The board of directors designates the optionees, the number of shares subject to the options and the terms and conditions of each option. Each option granted under the 2004 Option Plan must be exercised, if at all, during a period established in the grant which may not exceed 10 years from the later of the date of grant or the date first exercisable. An optionee may not transfer or assign any option granted

and may not exercise any options after a specified period subsequent to the termination of the optionee's employment with the Company.

The board of directors is proposing a new equity incentive plan. See PROPOSAL NO. TWO.

TRANSACTIONS WITH RELATED PERSONS, PROMOTERS AND CERTAIN CONTROL PERSONS

In October 2005, the Company purchased all of the assets of WQN, Inc. Mr. Adler our former chairman and chief executive officer, was the Chief Executive Officer of WQN, Inc. and owns approximately 39% of WQN's outstanding common stock. In connection with the transaction, the Company, through an acquisition subsidiary purchased the assets for a purchase price consisting of (1) a note in the principal amount of \$3,700,000 (the "Note"), (2) 1,250,000 shares of the Company's restricted common stock and (3) a warrant to purchase 5,000,000 shares of the Company's common stock at an exercise price of \$0.001 per share (the "Warrant"). The Note accrues interest at the rate of 6% per annum. In addition, the Company issued WQN, Inc. an additional 500,000 shares of restricted common stock relating to the difference between the amount of accounts receivable transferred in the transaction and the accounts payable.

The Note is convertible into common stock or preferred stock (at such time that a series of preferred stock is established). If a series of preferred stock is established, the Note will automatically convert into preferred stock. However, the Note is convertible, at the option of WQN, Inc., into common stock. The Warrant is exercisable into common stock. Pursuant to the asset purchase agreement between the Company and WQN, the Company is required to hold a meeting of its shareholders in order to authorize a class of preferred stock that can be used to satisfy the conversion features of the Note.

As of December 31, 2004 the Company owed a shareholder \$560,000 under a note payable bearing interest at 3.75% and maturing December 31, 2005. The Company owed Steven Ivester \$1,000,000 as of December 31, 2005 under a note payable bearing interest at 3.75% and maturing December 31, 2005. The loan to Mr. Ivester was repaid by the Company in January 2006.

The Company and Mr. Ivester entered into a consulting agreement on October 18, 2005, which the Company terminated in October 2006. Pursuant to the consulting agreement, Mr. Ivester provided general business strategy, financing and product development advice. Mr. Ivester received \$200,000 per year for his services under the consulting agreement, as well as a \$2,500 per month vehicle allowance. Mr. Ivester was eligible to receive bonuses and participate in the Company's stock option plan, as determined by the Board of Directors.

Please see "Employment, Change of Control and Severance Arrangements" above for a discussion of arrangements and or employment agreements with our current and former executive officers.

Promoters

On February 27, 2004, the Company issued and sold 12,500,000 shares of common stock to Steven Ivester in exchange for cash of \$12,500 and his agreement to contribute the intellectual property rights and related assets of two start-up companies formed to engage in the telecommunications industry. The shares issued represented approximately 88% of the shares outstanding after the exchange, as a result of which Mr. Ivester became the controlling shareholder of the Company. However, as of October 23, 2006, Mr. Ivester currently beneficially owns less than five percent of the Company's issued and outstanding shares of common stock.

On May 25, 2004 (but effective for all purposes as of April 15, 2004), the Company completed the acquisition of two Florida-based subsidiaries, eGlobalphone, Inc. and VoIP Solutions, Inc., both Florida corporations.

On August 4, 2004, the Company issued warrants to purchase 2,200,000 shares of common stock for an exercise price of \$1.00 per share to each of John Todd and Clive Raines. Mr. Todd's warrants were exchanged for \$40,000 and 250,000 shares in a net cashless exercise in February 2005, and Mr. Raines' warrants were exchanged for 1,000,000 shares of common stock on September 16, 2005.

Messrs. Ivester, Todd and Raines may be considered to be "promoters" of the Company, although Messrs. Ivester, Todd and Raines are no longer associated with the Company.

STOCK PERFORMANCE GRAPH

The following graph shows a comparison from December 31, 2003 through December 31, 2005 of cumulative total return for common stock, the Hemscott Index, and the Hemscott Group Index. Such returns are based on historical results and are not intended to suggest future performance data. Data for the Hemscott Index and the Hemscott Group Index assume the reinvestment of dividends. We have never paid dividends on our common stock, and have no present plans to do so.

**PROPOSAL NO. TWO:
TO APPROVE THE COMPANY'S
2006 EQUITY INCENTIVE PLAN
(ITEM TWO ON THE PROXY CARD)**

General

On December 7, 2005, our board of directors approved, subject to shareholder approval, the Company's 2006 Equity Incentive Plan (the "2006 Plan"). The 2006 Plan provides that key employees, consultants and non-employee directors of the Company or an affiliate ("eligible participants") may be granted: (1) options to acquire shares of the Company's common stock, (2) shares of restricted common stock (3) stock appreciation rights, (4) performance-based awards, (5) "Dividend Equivalents," and (6) other stock-based awards (collectively, "Awards"). The 2006 Plan will permit eligible participants to acquire a proprietary interest in the growth and performance of the Company. The purposes of the 2006 Plan are to (1) increase the incentive of its participants to contribute to the Company's success and prosperity, thus enhancing shareholder value, and (2) to provide the Company with a proven means to attract and retain exceptionally qualified individuals upon whom, in large measure, the sustained progress, growth and profitability of the Company depend.

The Company is seeking shareholder approval for the future issuance of options under the 2006 Plan to allow its participants to acquire up to 10,000,000 shares of the Company's common stock.

The 2006 Plan is included in this Proxy Statement as [Appendix A](#), and reference is made to [Appendix A](#) for a full description of the terms of the 2006 Plan.

Description of the 2006 Plan

The following summary describes the principal provisions of the 2006 Plan. The summary does not purport to be complete and is qualified in its entirety by the full text of the 2006 Plan attached as [Appendix A](#) to this Proxy Statement.

The total number of shares of common stock that may be subject to Awards under the 2006 Plan will not exceed 10,000,000 shares (subject to customary adjustments as provided in the 2006 Plan). Such number of shares is subject to adjustment by the committee, which the Board will establish, if the Plan is approved by the Company's stockholders, to administer the 2006 Plan (the "Committee") in the event of a recapitalization, stock split, stock dividend or similar corporate transaction. Such shares may be either authorized or unissued shares or shares held in treasury.

The 2006 Plan is generally designed to meet the requirements of Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), in order to preserve the Company's ability to take compensation expense deductions in connection with the exercise of options granted and the vesting of performance-based restricted stock under the 2006 Plan in certain circumstances. Under Code Section 162(m), a publicly held corporation is not permitted to take a federal income tax deduction for compensation recognized by certain executive officers in any year in excess of \$1,000,000 unless such compensation meets the shareholder approval and other requirements of Code Section 162(m).

The 2006 Plan is administered by the Committee, which must be comprised of not less than two individuals appointed by the board of directors, each of whom is (1) to the extent required by Rule 16b-3 and the Exchange Act, a "non-employee director", and (2) to the extent required by Code Section 162(m), an "outside director". We anticipate that two of the prospective directors will constitute the Committee, which may make such rules and regulations and establish such procedures for the administration of the 2006 Plan as it deems advisable.

The Committee may grant Awards under the 2006 Plan to eligible participants. The Company estimates that there are currently approximately 60 employees and service providers who are eligible participants. The Committee has the discretion, in accordance with the provisions of the 2006 Plan, to determine the terms of the Award, to whom an Award is granted and the number of shares of stock subject to the Award, subject to a maximum grant to an eligible participant in any year of 200,000 option shares and 200,000 shares of restricted stock that are intended to be "performance based" compensation under Code Section 162(m) (subject to customary adjustments as provided in the 2006 Plan), with any unused portion of the limitation available to be carried forward.

Stock Options

An option granted under the 2006 Plan may be an incentive stock option (an "ISO") or may be a non-qualified stock option (a "Non-ISO"), as determined at the time of grant. In certain circumstances, the grant of Non-ISOs, as opposed to ISOs, can result in federal income tax advantages to the Company, as described below.

The exercise price for options may not be less than the fair market value of the stock on the date of the grant of the options. The 2006 Plan provides that optionees may pay the exercise price (1) in cash; (2) by delivery to the Company of shares of the Company's common stock owned by the participant; (3) with other securities; (4) with other Awards; (5) with other property; or (6) in any combination of the above, in each case on such other terms and conditions as may be acceptable to the Committee (which may include payment in installments or on a deferred basis).

An option granted under the 2006 Plan may not be exercised later than the date specified by the Committee, which will be a maximum of ten years from the date of the grant.

Restricted Stock

The Committee may award "restricted" shares of the Company's common stock and restricted stock units, which are grants of common stock or Awards designated in shares of restricted stock that are subject to risk of forfeiture or other restrictions. Shares of restricted stock and restricted stock units will be subject to such restrictions as the Committee may impose (including, without limitation, any limitation on the right to receive any dividend or other right or property), which restrictions may lapse separately or in combination at such time or times, in such installments or otherwise, as the Committee may deem appropriate.

Except as otherwise determined by the Committee, upon termination of employment (as determined under criteria established by the Committee) for any reason during the applicable restriction period, all shares of restricted stock and all restricted stock units still, in either case, subject to restriction, shall be forfeited and reacquired by the Company; provided, however, that the Committee may, when it finds that a waiver would be in the best interests of the Company, waive in whole or in part any or all remaining restrictions with respect to shares of restricted stock or restricted stock units.

Stock Appreciation Rights

The Committee is authorized to grant eligible participants stock appreciation rights. A stock appreciation right gives the recipient a right to receive, upon exercise of the stock appreciation right, the excess of (1) the fair market value (as determined by the Committee) of one share of common stock on the date of exercise or, if the Committee determines in the case of any such right other than one related to any ISO, at any time during a specified period before or after the date of exercise over (2) the grant price of the right, as specified by the Committee. The grant price, term, methods of exercise, methods of settlement, and any other terms and conditions of any stock appreciation right are determined by the Committee. The Committee may impose such conditions or restrictions on the exercise of any stock appreciation right as it may deem appropriate.

Performance Awards

The Committee is authorized to grant performance awards to eligible participants. A performance award granted under the 2006 Plan (1) may be denominated or payable in cash, shares of common stock (including, without limitation, restricted stock), other securities, other Awards, or other property; and (2) confer on the recipient rights valued as determined by the Committee and payable to, or exercisable by, the recipient, in whole or in part, upon the achievement of such performance goals during such performance periods as the Committee shall establish. The performance goals to be achieved during any performance period, the length of any performance period, the amount of any performance award granted, and the amount of any payment or transfer to be made pursuant to any performance award shall be determined by the Committee. The goals established by the Committee will be based on any one or combination of the following: earnings per share, return on equity, return on assets, total shareholder return, net operating income, cash flow, revenue, economic value added, increase in the price of the Company's common stock, cash flow return on investment, or any other measure the Committee deems appropriate. Partial achievement of the goal(s) may result in a payment or vesting corresponding to the degree of achievement.

Dividend Equivalents

The Committee is authorized to grant Awards under which the recipients are entitled to receive payments equivalent to dividends or interest with respect to a number of shares of common stock determined by the Committee, and the Committee may provide that such amounts (if any) shall be deemed to have been reinvested in additional shares of common stock or otherwise reinvested. Such Awards may have such terms and conditions as the Committee determines.

Other Stock-Based Awards

The Committee is also authorized to grant other Awards that are denominated or payable in, valued in whole or in part by reference to, or otherwise based on or related to, shares of common stock (including, without limitation, securities convertible into shares of common stock) as are deemed by the Committee to be consistent with the purposes of the 2006 Plan. The Committee determines the terms and conditions of such Awards.

Miscellaneous

Awards granted under the 2006 Plan generally are not transferable, except that the Committee may, in its sole discretion and subject to certain limitations, permit the transfer of Non-ISOs at the time of grant or thereafter for estate planning purposes. No Awards may be granted under the 2006 Plan after December 7, 2015. The Company will not be able to issue any shares of common stock under the 2006 Plan unless it enough authorized common stock to do so.

The number of Awards that may be granted under the 2006 Plan to executive officers is not determinable at this time.

New Plan Benefits

- (1) The granting of Awards is discretionary, and we cannot now determine the number or type of Awards we will grant in the future to our executive officers. We expect that from time to time, in our discretion, we will grant Awards to our executive officers under the 2006 Plan under such terms consistent with the plan as we deem appropriate at the time of those grants.
- (2) All of these options will be granted with an exercise price equal to the fair market value of our common stock on the date of grant.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" THE PROPOSAL TO APPROVE THE COMPANY'S 2006 EQUITY INCENTIVE PLAN.

**PROPOSAL NO. THREE:
TO APPROVE THE COMPANY'S AMENDED AND RESTATED
ARTICLES OF INCORPORATION TO AUTHORIZE
25,000,000 SHARES OF PREFERRED STOCK**

On December 7, 2005, the Company's board of directors unanimously approved and recommended for adoption by the shareholders the Amended and Restated Articles of Incorporation (the "Amended and Restated Articles"), the text of which is attached to this proxy statement as Appendix B. The following proposal is to approve the Amended and Restated Articles to authorize 25,000,000 shares of "blank check" preferred stock, but does not approve any issuance of any shares of common or preferred stock. Such shares issued or to be issued have previously been authorized by action of the board of directors, and no shareholder approval for such issuances is required or being sought.

As of October 13, 2006, there were 100,000,000 shares of our common stock authorized, of which, 95,926,252 shares were issued and outstanding. The Company does not have any authorized shares of preferred stock.

The Amended and Restated Articles would authorize 25,000,000 shares of preferred stock. The board of directors would have the authority to issue classes or series of preferred stock in the future having such designations, rights, preferences and relative, participating, option or other special rights of the shares of each such class or series, including such things as voting rights, dividend rights, conversion rights, redemption rights, and other restrictions and features.

A copy of the Amended and Restated Articles is included as Appendix B to this proxy statement, and reference is made to Appendix B for a full description of the terms and provisions of the authorized preferred stock. If this proposal is approved by the Company's stockholders, the Company will as soon as practicable after the meeting, file the Amended and Restated Articles of Incorporation with the Secretary of State of the State of Texas. Upon filing the Amended and Restated Articles, the Company will also file a Certificate of Designations, Rights and Preferences (the "Certificates of Designation") to create a Series A Convertible Preferred Stock (the "Series A Preferred"), consisting of 2,000,000 shares of Series A Preferred.

The Series A Preferred will feature a 5% cumulative dividend, the right to convert into common stock at the rate of \$1.06 per share, a liquidation preference in the event the Company is dissolved, and a right of the Company to redeem after August 1, 2008 if the price of the common stock closes above \$2.00 per share for 20 consecutive trading days. The Series A Preferred will have no voting rights.

The board of directors believes that the proposal to authorize 25,000,000 shares of preferred stock is in the best interests of the Company and its shareholders.

On August 3, 2005, the Company and WQN, Inc. ("WQN") executed an Asset Purchase Agreement, pursuant to which, among other things, VoIP Acquisition Company, a wholly-owned subsidiary of the Company ("Acquisition

Subsidiary”), purchased substantially all of the assets of WQN relating to WQN’s “voice over internet protocol” business. This transaction closed in October 2005.

We purchased WQN, Inc.’s assets pursuant to an asset purchase agreement (the “Asset Purchase Agreement”) for a purchase price consisting of (1) a convertible promissory note, in the principal amount of \$3,700,000 (the “Note”), (2) 1,250,000 shares of the Company’s restricted common stock, and (3) a warrant (the “Warrant”) to purchase 5,000,000 shares of common stock at a price of \$.001 per share. In addition, in connection with the closing of the Acquisition, the Company issued WQN, Inc. 500,000 shares of restricted common stock relating to the difference between the amount of accounts receivable transferred in the Acquisition and the accounts payable.

In connection with the Company's purchase of the assets of WQN, Inc. the Company issued the Note to WQN. The aggregate outstanding principal amount of the Note, together with interest of 6% per annum, will (a) automatically convert into shares of Series A Preferred if the proposal to approve the Amended and Restated Articles is approved and the Company files the Amended and Restated Articles and the Certificate of Designation with the Secretary of State of Texas, or (b) into shares of common stock, if the proposal to approve the Amended and Restated Articles is not approved and the Company does not file the Amended and Restated Articles and the Certificate of Designation. If the Note is converted into shares of Series A Preferred, the number of shares of Series A Preferred into which the Note shall be converted will be equal to (1) the sum of (x) the principal amount due under the Note, and (y) the amount of accrued but unpaid interest, (2) divided by ten (10) (the "Conversion Amount"). If the Note is converted into common stock, the number of shares of common stock into which the Note will be converted will be equal to the product of (A) the Conversion Amount, and (B) 9.43. Consequently, the Company will issue approximately 380,000 shares of Series A Preferred to WQN, Inc., having an issue price of \$3,800,000, to WQN, Inc., upon the automatic conversion of the Note in the principal amount of \$3,700,000 plus accrued interest.

The terms and conditions of the Asset Purchase Agreement were the result of arm's-length negotiations between representatives of WQN, Inc. and representatives of the Company. The following is a summary of the terms of the Asset Purchase Agreement that we believe are material. However, the description does not contain all of the terms of the Asset Purchase Agreement and is qualified in its entirety by reference to the copy of the Asset Purchase Agreement attached as Appendix C to this proxy statement and incorporated herein by reference. You are urged to read the Asset Purchase Agreement in its entirety.

INFORMATION ABOUT WQN, INC.

Prior to the Acquisition, WQN, Inc. was a VOIP telephony company providing international long distance services. VOIP enables voice communications over the Internet by compressing voice into data packets that can be efficiently transmitted over data networks and then converted back into voice at the receiving end. Customers use the VOIP services platform to make and receive calls using their home phone, business phone, personal computer and mobile phone. The acquired business currently includes the provision of enhanced Internet-based and other telephony services under various brand names to individual consumers primarily seeking to make international calls as well as the provision of enhanced Internet-based and other telephony services to resellers, corporations and service providers under their brand names and carrier transmission services whereby we sell our excess capacity to other long-distance carriers.

Below are the key products and services acquired by the Company from WQN, Inc.

Products

RocketVoIP

The acquired proprietary next generation VOIP technology service is marketed under the brand name RocketVoIP. With RocketVoIP, subscribers can use their broadband service to make and receive unlimited domestic and international calls using a home phone, mobile phone or personal computer. RocketVoIP has unique features and advantages over competing products that include:

- Unlimited local, long distance and international calling to 50 countries, for a low monthly fee;

- The ability to use a mobile phone to access WQN, Inc.'s network for high quality unlimited international calls;
- Free in-network calling;
- Free features including Caller-ID, Call-Waiting, Call-Forwarding, 3-Way Calling, Voice Mail, and more; and
- A total calling solution enabling travelers to make and receive phone calls from anywhere in the world using a personal computer and high-speed internet access, including Wi-Fi hotspots.

Easy Talk

The EasyTalk service offers competitively priced long distance services, which allow customers to speak to the party they are calling by the pressing of two designated buttons from the dial pad of the customer's phone. Customers are not required to switch their long distance service to use EasyTalk. The EasyTalk service offers many features including:

- Pinless dialing;
- Can be used from registered home, office and mobile phones;
- Access to personal on-line account management tools which enables customers to view their call history and purchase information 24 hrs a day;
 - Recharge their accounts on-line or through our Interactive VoiceResponse System (IVR);
 - Update, modify and change their account information including credit card details; and
- Communicate with customer service representative by email, live chat or by calling a customer service number.

My800online.com

The My800online.com service offers toll free personal 800 numbers that can be routed to any home, office or cell phone in the world. It allows small businesses to create a virtual office telephone and lets international companies provide their U.S. based customers a toll-free number that will ring anywhere in the world. The My800online service offers many feature including:

- No monthly fees or contracts;
- International call forwarding;
- The ability to recharge the number on-line at any time; and
- Access to personal on-line account management tools which enables customers to view account balance and call history 24 hrs a day.

Virtual Prepaid Calling Cards

The Company uses the assets acquired from WQN, Inc. in part to sell virtual prepaid calling cards over the Internet. These are virtual, because no physical card is issued. The virtual calling cards give the Company the flexibility of promptly changing the rates and features to respond to changing consumer demand, rather than having an inventory of physical cards with set features that cannot be changed until all are recalled or used. This also allows the Company to

offer and test several different types of virtual calling cards with varying pricing features, thus providing a greater selection to its customers.

The system functions as follows: A potential customer accesses our Website, follows the prompts to enter their credit card information to purchase the virtual calling card, we verify the credit card within seconds, and we electronically issue a personal identification number, or PIN, and a toll free number to the customer when the electronic purchase transaction is completed. Once sold, the virtual calling card can be used immediately to make international and domestic long distance calls. The customer dials the toll free number and enters the PIN and the telephone number the customer seeks to reach. The enhanced services platform determines whether the virtual calling card is valid and the number of call minutes remaining on it, based on the rate for the country being called. The platform completes the call and reduces the available credit balance on the virtual calling card at the conclusion of the call.

Resale of Virtual Calling Cards

The Company also buys virtual calling cards processed through other companies' platforms including prepaid long distance and wireless. We buy them at a discount and sell them to our customers on our Websites as our virtual cards. The Company sells these virtual cards for calls from the United States to other countries where it has not established its own Internet network and where its negotiated rates with international long distance carriers are not as favorable and to offer other telecom products and services not available on the platform, such as prepaid wireless.

Retail Telephony Websites

The Company acquired various Websites from WQN, Inc. to allow it to target several ethnic niches that make international long distance calls. The Websites are accessible 24 hours per day, seven days a week, so the Company is not constrained by the hours a retail store would be open for business. The Websites may also be reached from the customer's home or office. The customer is not required to physically travel to another location to make a purchase and receive delivery. Online purchasing and delivery will also allow the Company to deliver a broad selection of products to customers worldwide in rural or other locations that do not have convenient access to physical stores. The acquired Websites include the following:

Website Address	Website Description
www.wqn.com	EasyTalk service and Corporate website
www.rocketVOIP.com	RocketVOIP service
www.my800online.com	Personal 800 service
www.valucomonline.com	High-end Indian consumers
www.valumaxonline.com	Indian market
www.card2asia.com	Indian market
www.supertel.com	Iranian market
www.metrotelcom.net	Iranian market
www.wqnwireless.com	Prepaid wireless plans
www.rocketmobile.net	International calling for mobile phone users

The Websites have been designed around industry standard architectures to reduce downtime in the event of outages or catastrophic occurrences. The Websites' operations staff consists of systems administrators who manage, monitor and operate the Websites. The continued uninterrupted operation of the Websites is essential to the acquired business, and it will be the job of the site operations staff to ensure, to the greatest extent possible, the reliability of the Websites. The network is built around a redundant, high availability backbone. In order to achieve maximum redundancy, the network has several connections to the Internet.

Wholesale Services

The wholesale services that the Company conducts using WQN, Inc.'s assets consist of the following:

Distribution of Telephony Products

The Company distributes telephony services, which primarily consists of prepaid calling cards through a network of over 90 private distributors. The Company sells the product or service to a distributor at a discount who then resells the product or service to a retail outlet. Through this network the Company estimates it will sell products to over 10,000 retail outlets of which more than 5,000 retail outlets are located in Southern California, which gives the Company access to various large ethnic communities seeking to make international phone calls. A significant portion of the distribution business will consist of prepaid calling cards used to call from the United States to Mexico. Through this network, the Company also distributes our products in the Dallas, Houston, Chicago, New York City,

Newark, and Miami markets. The Company uses this network to sell our proprietary VOIP products.

21

Platform Services

The Company sells the acquired Internet-based and other telephony services to resellers, corporations, and service providers who then resell the service under their own brand name. Many of these resellers are smaller companies that purchase virtual calling cards from us and then resell the products from their own Websites.

Services Platform and Network

Access

Access to the proprietary VOIP network and enhanced services platform is available by several methods. Customers can access the network from anywhere in the world through their high speed Internet connection using a broadband phone (which the Company supplies to RocketVOIP customers) and the soft phone, which is a downloadable software that enables customers to make PC-to-Phone calls. Customers can also access our network from the United States and Canada using toll-free and local access numbers.

Our Enhanced Services Platform

The Company acquired WQN, Inc.'s centrally managed, enhanced services platform, consisting of a reliable and flexible data management, monitoring control and billing systems which support all of our products and services. Key elements include customer provisioning, customer access, fraud control, network security, call routing, call monitoring, call reliability and detailed call records. The enhanced services platform is a specialized telephone switch, soft switch, and software. It is connected to the Websites and databases acquired from WQN, Inc. and to its network of outgoing and incoming telephone lines and Internet lines. It sets up all customer account information when services are purchased and immediately activates the services so it can be used at the time of purchase. Programmed into the platform is a lowest cost routing matrix. This matrix automatically routes each call over the route most economical to the Company. This means it will select the international carrier with the lowest rate or the Internet if the Company has a gateway in the call destination country.

Proprietary Technology

The Company acquired WQN, Inc.'s proprietary customer software that permits a customer to purchase retail telephony services from the acquired Websites using a credit card and to have the services delivered while on the Websites for immediate use by the customer. Proprietary customer software also allows customers access to our platform using their high speed Internet connection to initiate and receive calls, and various proprietary credit and fraud management applications aids the Company in checking credit and limiting fraudulent transactions.
