PROXY STATEMENT

Proxies in the form enclosed with this Proxy Statement are being solicited by the Board of Directors of Delcath Systems, Inc., a Delaware corporation, for use at the 2008 Annual Meeting of Stockholders of Delcath to be held at 11:00 a.m. (Eastern Time) on Wednesday, June 4, 2008, at the Omni Berkshire Place Hotel, 21 East 52nd Street, New York, N.Y., and at any adjournment thereof.

Only stockholders of record as of the close of business on April 14, 2008 (the "Record Date") of our Common Stock, \$0.01 par value per share (the "Common Stock") will be entitled to notice of, and to vote at, the meeting. As of the Record Date, 25,259,284 shares of Common Stock were issued and outstanding. Holders of Common Stock are entitled to one vote per share held by them. Stockholders may vote in person or by proxy. Granting a proxy does not in any way affect a stockholder's right to attend the Annual Meeting and vote in person. Any stockholder giving a proxy has the right to revoke that proxy by (i) filing a later-dated proxy or a written notice of revocation with us at the address set forth above at any time before the original proxy is exercised or (ii) voting in person at the meeting.

Each of Richard Taney and Paul M. Feinstein are named as attorneys in the proxy. Mr. Taney is our President and Chief Executive Officer and is also a member of our Board of Directors. Mr. Feinstein is our Chief Financial Officer. Mr. Taney or Mr. Feinstein will vote all shares represented by properly executed proxies returned in time to be counted at the Annual Meeting, as described below under "Voting Procedures." Any stockholder granting a proxy has the right to withhold authority to vote for the nominees to the Board of Directors or either of them. Where a vote has been specified in the proxy with respect to the matters identified in the Notice of the Annual Meeting, including the election of directors, the shares represented by the proxy will be voted in accordance with those voting specifications. If no voting instructions are indicated, your shares will be voted as recommended by our Board on all matters, and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote before the meeting.

The stockholders will consider and vote upon (i) a proposal to elect one Class II director to serve until the 2011 Annual Meeting of Stockholders and (ii) a proposal to ratify the Board's selection of Carlin, Charron & Rosen, LLP as the Company's independent auditors for the fiscal year ended December 31, 2008. Stockholders also will consider and act upon such other business as may properly come before the meeting.

A copy of our Annual Report to Stockholders for the year ended December 31, 2007, which contains financial statements and other information of interest to stockholders, will first be mailed to stockholders, along with these proxy materials, on or about April 30, 2008.

VOTING PROCEDURES

Mr. Taney or Mr. Feinstein will vote all shares represented by properly executed proxies returned in time to be counted at the meeting. The presence, in person or by proxy, of at least a majority of the issued and outstanding shares of Common Stock entitled to vote at the meeting is necessary to establish a quorum for the transaction of business. Shares represented by proxies pursuant to which votes have been withheld for the nominee for director, or which contain one or more abstentions, as well as broker non-vote shares (i.e., shares held in street name which cannot be voted by a broker on specific matters in the absence of instructions from the beneficial owner of the shares) are counted as present for purposes of determining the presence or absence of a quorum for the meeting.

All properly executed proxies delivered pursuant to this solicitation and not revoked will be voted at the meeting as specified in such proxies. As noted above, proxies will be voted as recommended by our Board on all matters and will be voted in the discretion of the proxy holder on any other matters that properly come before the meeting, if no voting instructions are indicated.

The director will be elected by a plurality of the votes cast, in person or by proxy, at the meeting. The nominee receiving the highest number of affirmative votes of the shares voting on the election of directors will be elected as director. Only shares that are voted in favor of a particular nominee will be counted toward that nominee's achievement of a plurality. Shares present at the meeting that are not voted for a particular nominee or shares present by proxy where the stockholder properly withheld authority to vote for such nominee will not be counted toward that nominee's achievement of a plurality.

For all other matters that may be submitted to stockholders at the meeting, the affirmative vote of a majority of shares present (in person or represented by proxy) and voting on that matter will be required for approval. Shares abstaining and broker non-votes, since they are not voting on a matter, will not have the same effect as votes against the matter.

Votes at the meeting will be tabulated by one or more inspectors of election appointed by the Chief Executive Officer.

CORPORATE GOVERNANCE

Board of Directors

The Board oversees our business affairs and monitors the performance of management. In accordance with our corporate governance principles, the Board does not involve itself in day-to-day operations. The directors keep themselves informed through discussions with the Chief Executive Officer, other key executives and by reading the reports and other materials that we send them and by participating in Board and committee meetings. Our directors hold office until their successors have been elected and qualified unless the director resigns or by reason of death or other cause is unable to serve in the capacity of director.

Attendance

The Board of Directors met 10 times during year ended December 31, 2007. During 2007, each of the then-directors attended at least 75% of the aggregate of (i) the total number of meetings of the Board of Directors and (ii) the total number of meetings held by all committees of the Board of Directors on which he served.

It is the Company's policy that, absent unusual or unforeseen circumstances, all of the directors are expected to attend annual meetings of stockholders. All of the Company's then-directors attended the Company's 2007 Annual Meeting of Stockholders.

Board Independence

The Company applies the standards of the NASDAQ Stock Market, Inc., the stock exchange upon which the Company's Common Stock is listed, for determining the independence of the members of its Board of Directors and Board committees. The Board has determined that each of the following directors is independent within the meaning of such rules: Dr. Harold Koplewicz, Dr. Laura Philips, Dr. Jonathan Lewis and Robert Ladd.

Board Committees

Our Board of Directors has three standing committees of the Board: a Compensation and Stock Option Committee, an Audit Committee and a Nominating and Corporate Governance Committee. Following are the members of each of these Board committees:

	Compensation and Stock Option Committee	Audit Committee	Nominating and Corporate Governance Committee	
Mr. Taney	–	–	–	–
Dr. Koplewicz	X	X	X	X ⁽¹⁾
Dr. Philips	X	X	X ⁽¹⁾	X
Dr. Lewis	X ⁽¹⁾	X	X	X
Mr. Ladd	X	X	X	X

(1) Chair of the Committee.

Compensation and Stock Option Committee

The Compensation and Stock Option Committee of the Board of Directors assists the Board of Directors in the discharge of its responsibilities with respect to the compensation of the Company's directors, executive officers, and other key employees and consultants, and for such purpose shall review compensation arrangements for the Company's executive officers and administer all employee benefit plans, including any equity incentive plan adopted by the Company.

The Compensation and Stock Option Committee is authorized to approve the compensation payable to the Company's executive officers and other key employees, approve all perquisites, equity incentive awards, and special cash payments made or paid to the Company's executive officers and other key employees and consultants, and approve severance packages with cash and/or equity components for the Company's executive officers and other key employees.

The current members of the Compensation and Stock Option Committee are Dr. Lewis (Chair), Dr. Koplewicz, Dr. Philips and Mr. Ladd, each of whom is independent, as "independence" is defined in the rules of the NASDAQ Stock Market.

During 2007, the Compensation and Stock Option Committee met 2 times in person or by teleconference. The Compensation and Stock Option Committee adopted a charter, a copy of which is attached as Appendix A to this proxy statement.

Compensation Committee Interlocks and Insider Participation

None of the members of the Compensation and Stock Option Committee were officers or employees of the Company during 2007 or previously, nor did they have any relationship that would be required to be disclosed in accordance with Item 404 of Regulation S-K (which would be included in this proxy statement in this section, and in the section entitled "Certain Relationships and Related Transactions" below.)

During 2007, no interlocking relationships existed between our Board of Directors or the Compensation and Stock Option Committee, and the board of directors or compensation committee of any other company.

Audit Committee

The Audit Committee provides assistance to the Board in fulfilling its oversight responsibilities with respect to the Company's financial statements, the Company's system of internal accounting and financial controls and the independent audit of the Company's financial statements. - the selection, evaluation and, where appropriate, replacement of the Company's outside auditors;
- an annual review and evaluation of the qualifications, performance and independence of the Company's outside auditors;

- the receipt of an annual communication from the Company's outside auditors as required by Independence Standards Board Standard No. 1;

- the review of the adequacy and effectiveness of the Company's accounting and internal controls over financial reporting;
- the review and discussion with management and the outside auditors of the Company's financial statements to be filed with the Securities and Exchange Commission; and
- the preparation of a report for inclusion in the Company's annual proxy statement.

All members of the Audit Committee are required to satisfy the independence and experience requirements of the NASDAQ Stock Market, Inc. and be free of any relationship which, in the opinion of the Board, would interfere with the exercise of his or her independent judgment. The current members of the Compensation and Stock Option Committee are Dr. Philips (Chair), Dr. Koplewicz, Dr. Lewis and Mr. Ladd, each of whom is independent, as "independence" is defined in the rules of the NASDAQ Stock Market.

The Board has determined that at least one member of the Audit Committee is an audit committee financial expert (as defined in applicable rules of the Securities and Exchange Commission) based on such member's understanding of generally accepted accounting principles and financial statements, ability to assess the application of such principles in connection with accounting for estimates, accruals and reserves, experience in preparing, analyzing and evaluating financial statements, understanding of internal control over financial reporting and understanding of audit committee functions. The Board has determined that Dr. Philips and Mr. Ladd are audit committee financial experts.

During 2007, the Audit Committee met 4 times in person or by teleconference.

A copy of the Audit Committee Charter is attached as [Appendix B](#) to this proxy statement.

The Nominating and Corporate Governance Committee of the Board of Directors is appointed by the Board (1) to assist the Board by identifying individuals qualified to become Board members, and to recommend to the Board the director nominees for the next annual meeting of shareholders; (2) to recommend to the Board director nominees for each Board committee; (3) to recommend to the Board the corporate governance guidelines applicable to the Company; (4) to lead the Board in its annual review of the Board's performance; and (5) to take a leadership role in shaping the corporate governance of the Company.

The current members of the Nominating and Corporate Governance Committee are Dr. Koplewicz (Chair), Dr. Lewis, Dr. Philips and Mr. Ladd, each of whom is independent, as "independence" is defined in the rules of the NASDAQ Stock Market.

During 2007, the Nominating and Corporate Governance Committee met 1 time in person or by teleconference. The Nominating and Corporate Governance Committee adopted a charter, a copy of which is attached as [Appendix C](#) to this proxy statement.

Recommendations by Stockholders of Director Nominees

The Nominating Committee will consider any recommendation by a stockholder of a candidate for nomination as a director. If a stockholder wants to recommend to the Nominating and Corporate Governance Committee a candidate for election as a director, the stockholder may submit the name of the proposed nominee, together with the reasons why the stockholder believes the election of the candidate would be beneficial to the Company and its stockholders and the information about the nominee that would be required in a proxy statement requesting proxies to vote in favor of the candidate.

The stockholder's submission must be accompanied by the written consent of the proposed nominee to being nominated by the Board and the candidate's agreement to serve if nominated and elected.

Any such submission should be directed to the Company's Nominating and Corporate Governance Committee at its principal office, 600 Fifth Avenue, 23rd Floor, New York, New York 10020. For any annual meeting, the submission of a recommendation must be received no later than the deadline for receiving a stockholder proposal for inclusion in the Company's proxy statement for such meeting. Copies of any recommendation received in accordance with these procedures will be distributed to each member of the Nominating and Corporate Governance Committee. One or more members of the Nominating and Corporate Governance Committee may contact the proposed candidate to request additional information.

At the request of any director, the candidacy of the proposed nominee will be considered by the full Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee will not, however, be obligated to notify a stockholder who has recommended a candidate for election as a director of the reasons for any action the Committee may or may not take with respect to such recommendation.

Stockholder Communications with the Board of Directors

The Board of the Company welcomes questions, comments and observations from stockholders concerning the policies and operation of the Board and about the general business and operation of the Company.

Any stockholder wishing to communicate with the Board or with any specified director should address his or her communication to the Board of Directors or to the particular director(s) and send it to the Company's principal office at 600 Fifth Avenue, 23rd Floor, New York, New York 10020. Unless otherwise requested by a stockholder in a separate written request accompanying the communication, stockholder communications to the Board or to specified director(s) will be initially reviewed by the Company's Chief Executive Officer or Chief Financial Officer. Communications that the reviewing officer determines relate to the Company's ordinary course of business will be responded to by the officer or his designee. Communications that the Chief Executive Officer or Chief Financial Officer determines do not relate to the Company's ordinary course of business or that he otherwise believes are appropriate for review by the directors will be forwarded to each of the directors. Actions, if any, to be taken in response to any stockholder communication will be in the discretion of the Board. At the request of the Board, the Chief Executive Officer will summarize any stockholder communications that are not forwarded on the basis that such communications relate to the ordinary course of the Company's business.

The process for stockholder communication with the Board of Directors or with specified director(s) has been approved by the Company's Board, including by a majority of the Company's independent directors.

ELECTION OF DIRECTORS (PROPOSAL NO. 1)

Delcath's Board of Directors is divided into three classes of directors serving staggered three-year terms. As a result, approximately one-third of the Board of Directors will be elected each year. These provisions, together with the provisions of our Certificate of Incorporation and by-laws, allow only the Board of Directors to fill vacancies on or increase the size of the Board of Directors. The staggering of the election of our directors may have the effect of delaying, deferring or discouraging a change of control. Delcath's by-laws provide that its Board of Directors will consist of not fewer than three members.

A plurality of the votes cast by the holders of Common Stock present or represented by proxy and entitled to vote at the meeting is required for the election of a nominee. Proxies cannot be voted for a greater number of persons than the number of nominees named or for persons other than the named nominees.

The Nominating and Corporate Governance Committee of Delcath's Board of Directors, a committee composed exclusively of non-employee directors, has nominated the following person for election as a Class II director of Delcath at the Annual Meeting. The nominee is currently a member of Delcath's Board of Directors. Should this nominee become unavailable to accept nomination or election as a director, the individuals named as proxies on the enclosed proxy card will vote the shares that they represent for the election of such other persons as the Board may recommend, unless the Board reduces the number of directors.

The nominee and the year he first joined the Board of Directors is:

Nominee	Age	Year First Joined Board	Current Positions
Richard L. Taney	52	November 2006	Director, President and Chief Executive Officer

Information about the Nominee for the Board of Directors

Richard Taney, 52, was appointed a Class II Director of Delcath in November 2006 and Chief Executive Officer in December 2006. He was named President in April 2007. He is the founding member of T2 Capital Management, LLC, an investment management company, and served as managing member and manager from January 2003 to December 2007. Prior to establishing his money management venture, he spent 20 years advising and managing assets for high net worth and institutional clients, most recently as Managing Director of Banc of America Securities. Mr. Taney is also a founding partner of Sandpiper Capital Partners, an investment partnership that focuses on private equity investments and advisory work for privately held companies involved in a variety of emerging technologies. He earned his BA from Tufts University and his JD from Temple University School of Law.

At the Annual Meeting a vote will be taken on a proposal to approve the election of the director nominee.

Shareholder Vote Required

Approval of the proposal to elect the director nominee will require a plurality of the votes cast by the stockholders at the Annual Meeting.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE ELECTION OF THE DIRECTOR NOMINEE.

EXECUTIVE COMPENSATION

Compensation Discussion & Analysis

The Company's executive compensation program is designed with two main objectives:

1. to offer a competitive total compensation value that will allow the Company to attract, retain and motivate highly talented individuals to fill key positions; and
2. to align a significant portion of each executive's total compensation with the annual and long-term performance of the Company and the interests of the Company's shareholders.

Overview

The Compensation and Stock Option Committee (the "Compensation Committee" or the "Committee") of the Board administers our executive compensation program. Each member of the Committee is a non-employee and an independent director. The Compensation Committee is primarily responsible for establishing salaries, administering our incentive programs, and determining the total compensation for our Chief Executive Officer. The Committee also reviews and approves recommendations made by the Chief Executive Officer with respect to compensation of the other executive officers.

Compensation Philosophy

The Company believes that a strong management team comprised of the most talented individuals in key positions is critical to the development and growth of the Company, and the Company's executive compensation program is an important tool for attracting and retaining such individuals. Therefore, it is vital that the Company's aggregate compensation package is both competitive with the compensation received by similarly situated executive officers as well as performance-based, so as to reflect each executive officer's contributions to the success of the Company on both a long-term and short-term basis.

Elements of Executive Compensation

The compensation package for the Company's executives has both performance-based and subjective elements. The specific elements include base salary, annual incentive compensation, which is generally in the form of a year-end bonus, and long-term compensation, which is usually in the form of stock options.

Base salary, as determined by the Compensation Committee, is based on two factors. The first is an evaluation of the salaries paid in the marketplace to executives with similar responsibilities, and the second is the executive's unique role, job performance and other circumstances. Evaluating both of these factors allows the Company to offer a competitive total compensation value to each individual named executive officer (as defined below) taking into account the unique attributes of, and circumstances relating to, each individual, as well as marketplace factors. This allows the Company to meet its objective of offering a competitive total compensation value and attracting and retaining key personnel.

Annual incentive compensation is intended to establish a direct correlation between annual awards and the performance of the Company. As a development stage company, financial performance measurement cannot be the sole factor in determining such compensation. However, the Compensation Committee can review on an objective basis the progress that the Company has been making towards its goals and, in its discretion, award an annual cash bonus in order to maintain a competitive total compensation value appropriate to each executive officer.

Long-term compensation is an area of emphasis, as this will align a significant portion of each executive's total compensation with the long-term performance of the Company and the interests of the Company's shareholders. On March 25, 2004, the Company's Board of Directors adopted the Company's 2004 Stock Incentive Plan (the "Plan"), under which 3,000,000 shares of Common Stock is reserved for issuance pursuant to the grant or exercise of stock options, stock appreciation rights, restricted stock or deferred stock under the Plan. The Plan was approved by the Company's stockholders at the 2004 annual meeting of stockholders of the Company.

Stock options granted under the Plan may be either "incentive stock options" (within the meaning of Section 422 of the Internal Revenue Code) or "nonqualified stock options." The exercise price per share that may be acquired on exercise of a stock option will be determined by the Compensation Committee at the time of grant and generally will be not less than the fair market value per share on the date of grant. Generally, options will have a term of five years (or as of the date of termination of employment to the extent exercisable at that date if the participant terminates

employment) and will become exercisable ratably over five years, but the Committee has the authority to provide for other terms or other exercise schedules. Payment may be made in cash or in the form of unrestricted shares the participant already owns or by other means as determined by the Committee including "cashless" exercises. The right to exercise an option may be conditioned on the completion of a period of service or other conditions.

Stock appreciation rights (SAR's) entitle a participant to receive an amount in cash, shares or both, equal to (i) the excess of the fair market value of one share on the date of exercise over the fair market value on the date of grant multiplied by (ii) the number of shares to which the SAR relates. The right to exercise an SAR may be conditioned on the completion of a period of service or other conditions. Generally, participants will be given five years in which to exercise an SAR or by the date of termination of employment to the extent exercisable at that date if a participant terminates employment. SAR's may be granted independently or in conjunction with the grant of a stock option. If an SAR is granted in conjunction with a stock option, the exercise of either the SAR or the stock option will reduce the number of shares covered by the related stock option or SAR, as the case may be.

Restricted stock may also be awarded under the Plan, which is the grant of shares of Common Stock that requires the completion of a period of service or the attainment of specified performance goals by the participant or the Company or such other criteria as the Compensation Committee may determine in order to retain the shares. Upon a participant's Termination of Employment (as defined in the Plan), the restricted stock still subject to restriction generally will be forfeited by the participant. The Committee may waive these restrictions in the event of hardship or other special circumstances.

The Plan also provides for stock grants, which are shares that can be awarded to a participant that may be delivered immediately or in the future, at a specified time and under specified circumstances. The Committee will determine the participants to whom, and the time or times at which, stock grants may be awarded, the number of shares covered by the stock grant to be awarded to any participant, the duration of the period, if any, during which, and the conditions under which, receipt of the shares will be deferred and any other terms and conditions of the stock grant.

Awards of stock options under the Plan have nearly always been used as the long-term compensation of choice. This is because they directly align the value of the benefit to the named executive officers with shareholder interests. The term of stock options is the longest among various share award choices and thereby provides an incentive to executive officers to create long-term shareholder value. The Compensation Committee determines the number of options to grant based on its analysis of awards of similarly situated companies and in keeping with the Company's objective of offering a competitive total compensation value.

The Board of Directors recognizes that related party transactions present a heightened risk of conflicts of interest and/or improper valuation (or the perception thereof) and, therefore, has adopted a policy, described below, which shall be followed in connection with all related party transactions involving the company.

Under this policy, any “Related Party Transaction” shall be consummated or shall continue only if the Board of Directors, acting through the Audit Committee, shall approve or ratify such transaction in accordance with the guidelines set forth in this policy, provided that: (i) the transaction is on terms comparable to those that could be obtained in arm’s length dealings with an unrelated third party; (ii) the transaction is approved by the disinterested members of the Board of Directors; or (iii) the transaction involves compensation approved by the Company’s Compensation Committee. For these purposes, a “Related Party” is an officer or director of the Company; a shareholder owning in excess of five percent of the Company; a person who is an immediate family member of an officer or director; or an entity which is owned or controlled by such person or an entity in which such person has a substantial ownership interest or control of such entity.

In the event that ratification of this selection of auditors is not approved by a majority of the shares of Common Stock voting at the Annual Meeting in person or by proxy, the Board will reconsider its selection of auditors. CCR has no interest, financial or otherwise, in the Company.

A representative of CCR is expected to be present at the Annual Meeting. The auditors will have the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

The proxy holders intend to vote the shares represented by proxies to ratify the Board’s selection of CCR as the Company’s independent auditors for the fiscal year ending December 31, 2008.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditors

The Audit Committee pre-approves all audit and non-audit services provided by the independent auditors prior to the engagement of the independent auditors with respect to such services. The Chairman of the Audit Committee has been delegated the authority by the Committee to pre-approve interim services by the independent auditors other than the annual audit. The Chairman must report all such pre-approvals to the entire Audit Committee at the next Committee meeting.

At the Annual Meeting a vote will be taken on a proposal to ratify the appointment of the auditors.

Shareholder Vote Required

Approval of this proposal requires the affirmative vote of the majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF CARLIN, CHARRON & ROSEN, LLP AS THE COMPANY’S INDEPENDENT AUDITORS FOR THE FISCAL YEAR ENDED DECEMBER 31, 2008.

STOCKHOLDER PROPOSALS FOR NEXT ANNUAL MEETING

It is contemplated that the next Annual Meeting of Stockholders will be held on or about June 4, 2009. To be eligible for inclusion in the proxy statement to be furnished to all stockholders entitled to vote at the 2009 Annual Meeting of Stockholders, proposals must be addressed to the Secretary of Delcath and must be received at Delcath's principal executive offices not later than December 24, 2008. In order to avoid controversy as to the date on which a proposal was received by Delcath, it is suggested that any stockholder who wishes to submit a proposal submit such proposal by Certified Mail, Return Receipt Requested.

If any stockholder proposes to make any proposal at the 2009 Annual Meeting of Stockholders which proposal will not be included in Delcath's proxy statement for such meeting, such proposal must be received not less than 60 or more than 90 days prior to the meeting date to be considered timely. The form of proxy distributed by the Board of Directors for such meeting will confer discretionary authority to vote on any such proposal not received by such date. If any such proposal is received by such date, the proxy statement for the meeting will provide advice on the nature of the matter and how Delcath intends to exercise its discretion to vote on each such matter if it is presented at that meeting.

Article NINTH of the Company's Amended and Restated Certificate of Incorporation contains additional requirements applicable to stockholders wishing to nominate directors or to present a proposal or other matter at an annual meeting of the Company's stockholders.

EXPENSES AND SOLICITATION

The costs of printing and mailing proxies will be borne by Delcath. In addition to soliciting stockholders by mail or through its regular employees, Delcath may request banks, brokers and other custodians, nominees and fiduciaries to solicit their customers who have stock of Delcath registered in the name of a nominee and, if so, will reimburse such banks, brokers and other custodians, nominees and fiduciaries for their reasonable out-of-pocket costs. Solicitation by officers and employees of Delcath may also be made of some stockholders following the original solicitation.

OTHER BUSINESS

The Board of Directors knows of no other items that are likely to be brought before the meeting except those that are set forth in the foregoing Notice of Annual Meeting of Stockholders. Delcath Systems, Inc.
Audit Committee Charter
(adopted June 15, 2000,
revised March 25, 2004)

This charter (this "Charter") governs the operations of the audit committee (the "Committee") of the board of directors (the "Board") of Delcath Systems, Inc., a Delaware corporation (the "Company").

Purpose of the Audit Committee

The Committee is a part of the Board. Its primary function is to provide assistance to the Board in fulfilling its oversight responsibilities with respect to (i) the annual financial information to be provided to stockholders and filed with the Securities and Exchange Commission (the "SEC"); (ii) the system of internal accounting and financial controls that management has established; and (iii) the independent audit of the Company's financial statements.

The Committee will have the authority and perform the specific functions described below. It is the responsibility of the Committee, in performing its functions, to provide available avenues of communication among the Company's independent audit firm (the "Outside Auditors"), the Company's management and the Board. The Committee should have a clear understanding with the Outside Auditors that they must maintain an open relationship with the Committee and that the ultimate accountability of the Outside Auditors is to the Committee and to the Board, as representatives of the Company's stockholders.

Composition of the Committee

The Committee shall be comprised of such number of directors as may be determined by the Board; provided, however, that the number of members of the Committee shall not be fewer than the number required from time by applicable rules of the SEC or any registered securities exchange or national securities association on which any securities of the Company are listed or quoted. Each member of the Committee shall: (a) satisfy the independence and experience requirements of the Nasdaq Stock Market, Inc. ("Nasdaq"), the listing standards of any other securities exchange or association on which the Company's securities are traded and the Securities Exchange Act of 1934 (the "Exchange Act"), and the rules and regulations of the SEC adopted there under and (b) be free from any relationship which, in the opinion of the Board, would interfere with the exercise of his or her independent judgment as a member of the Committee.

All members of the Committee must be able to read and understand fundamental financial statements at the time of their appointment to the Committee, and at least one member shall have accounting or related financial management expertise which results in the member's financial sophistication. To the extent reasonably feasible, at least one member of the Committee shall qualify as an "audit committee financial expert" as defined by the SEC, as determined by the Board.

One of the members of the Committee will be designated Committee Chairman by the Board. The determination of the "independence" of each Committee member and the designation of one or more Committee members as "audit committee financial experts," shall be made by the Board.

Meetings; Organization; Attendance

The Committee shall meet at least four times annually and as many additional times as the Chairman or the Committee deems necessary or at the request of the Outside Auditors. The Committee shall meet in separate executive sessions with the Chief Financial Officer of the Company and the Outside Auditors at least once a year and at other times when considered appropriate.

The operations of the Committee shall be subject to the provisions of the Company's Certificate of Incorporation and By-laws, as each shall be in effect from time to time. The Committee is authorized and empowered to adopt its own rules of procedure not inconsistent with (a) any provision of this Charter; (b) any provision of the Company's Certificate of Incorporation or By-laws or (c) Delaware or any other applicable law.

Committee members will strive to be present at all meetings of the Committee. As necessary or desirable, the Committee Chairman may request that members of management, outside legal counsel and the Outside Auditors be present at Committee meetings and provide information to the Committee.

Committee Authority and Specific Functions

In assisting the Board in its oversight role, the Committee shall have full access to all books, records, facilities and personnel of the Company and shall have the authority, to the extent it deems necessary or appropriate, to retain special legal, accounting or other consultants and approve their retention terms. The Company shall provide appropriate funding, as determined by the Committee, for payment of compensation to the Outside Auditors for the purpose of rendering or issuing an audit report or related work and to any outside advisors retained by the Committee.

In carrying out its responsibilities, the Committee's policies and procedures should remain flexible, in order to react appropriately to changing conditions and to ensure to the Board and the Company's stockholders that the accounting and financial reporting practices of the Company are in accordance with all requirements and are of the highest quality. In carrying out these responsibilities, the Committee shall, to the extent it deems necessary and appropriate, perform the following functions:

-The Committee shall have the sole authority and responsibility to select, evaluate and, where appropriate, replace the Outside Auditors. The Committee shall be directly responsible for approving the level of compensation to be paid to the Outside Auditors and the oversight of the work of the Outside Auditors (including resolution of disagreements between management and the Outside Auditors regarding financial reporting) for the purpose of preparing or issuing an audit report or related work. The Outside Auditors shall report directly to the Committee.

-The Committee shall annually review and evaluate the qualifications, performance and independence of the Outside Auditors' lead audit partner and assure regular rotation of the lead audit partner and reviewing partner as required by law and evaluate the appropriateness of rotating the independent audit firm and provide its conclusions to the Board. The Committee shall review and approve the Company's hiring of employees and former employees of the Company's current and former Outside Auditors.

-The Committee shall pre-approve all auditing services and permitted non-audit services (including the fees and terms thereof) to be performed for the Company by the Outside Auditors, subject to the de minimis exceptions for non audit services described in the Exchange Act. The Committee may form and delegate authority to subcommittees consisting of one or more members, including the authority to grant preapprovals of audit and permitted non-audit services, provided that decisions of such subcommittee to grant preapprovals shall be presented to the Committee at its next scheduled meeting.

-On an annual basis, the Committee shall obtain from the Outside Auditors a written communication delineating all their relationships and professional services as required by Independence Standards Board current standards. The Committee shall review with the Outside Auditors the nature and scope of any disclosed relationships or professional services and take appropriate action, if necessary, to ensure the continuing independence of the Outside Auditors.

-The Committee shall meet with the Outside Auditors and management of the Company to review the scope and general intent of the proposed audit and perform quarterly and annual reviews for the then current year. The Committee shall determine whether any limitations have been placed on the scope or nature of the Outside Auditors' audit procedures and shall also inquire about the cooperation received by the Outside Auditors from Company personnel during their audit, including their access to all requested Company records, data and information. At the conclusion of the annual audit, the Committee shall review such audit, including any comments or recommendations of the Outside Auditors.

-The Committee shall review with the Outside Auditors and management the adequacy and effectiveness of the accounting and internal controls over financial reporting of the Company and elicit any recommendations for the improvement of such internal controls or particular areas where new or more detailed controls or procedures are desirable. At such times as may be required under applicable laws and regulations, the Committee shall also review and discuss with management and the Outside Auditors (a) any annual report prepared by management with respect to the Company's internal control over financial reporting and (b) any attestation report pertaining thereto delivered by the Outside Auditors. The Committee shall also obtain from the Outside Auditors periodic assurances that they are complying with all provisions of applicable law which require the Outside Auditors, if they detect or become aware of any illegal act, to assure that the Committee is adequately informed and to provide a report if they have reached specified conclusions with respect to such illegal acts.

-The Committee shall discuss in advance with management the Company's practices with respect to the types of information to be disclosed and the types of presentations to be made in earnings press releases, including the use of pro forma or adjusted" non-GAAP information (if any), and financial information and earnings guidance-and shall also discuss with management and the Outside Auditors the effect of off-balance sheet structures, if any.

-The Committee shall review and discuss the quarterly financial statements with management and the Outside Auditors prior to the filing of each quarterly report on Form 10-Q (and prior to the press release of results if possible) to determine that the Outside Auditors do not take exception to the disclosure and content of the financial statements, and shall also discuss any other matters required to be communicated to the Committee by the Outside Auditors under generally accepted accounting standards. The Chairman of the Committee may represent the entire Committee for purposes of this review. The Committee shall review and discuss with management and the Outside Auditors the financial statements to be included in the Company's annual report under the Exchange Act, to determine that the Outside Auditors are satisfied with the disclosure and content thereof. The Committee shall also review and discuss with management and the Outside Auditors: (a) the results of their analysis of significant financial reporting issues and practices including changes in, or adoptions of, accounting principles and disclosure practices; (b) the Outside Auditors' judgment about the quality, not just the acceptability, of accounting principles and the clarity of the financial disclosure practices used or proposed to be used, and particularly, the degree of aggressiveness or conservatism of the Company's accounting principles and underlying estimates, and other significant decisions made in preparing the financial statements; (c) any matters required to be communicated to the Committee by the Outside Auditors under generally accepted auditing standards and (d) any other reports of the Outside Auditors required by law or professional auditing standards, including reports on: (i) critical accounting policies and practices used in preparing the financial statements;(ii) alternative treatments of financial information discussed with management, ramifications of such alternative disclosures and treatments, and the treatment preferred by the Outside Auditors; and (iii) other significant written communications between the Outside Auditors and Company management, such as any management letter issued or proposed to be issued, and a schedule of unadjusted differences, if any.

-The Committee must be satisfied that adequate procedures are in place for the review of the Company's disclosure (whether in filings with the SEC, press releases or other published documents) of financial information derived or extracted from the Company's financial statements. The Committee shall consider whether the information contained in these documents is consistent with the information contained in the financial statements.

- The Committee shall review disclosures, if any, made by the Company's Chief Executive Officer and Chief Financial Officer during their certification process for the Company's periodic reports regarding: (a) all significant deficiencies and material weaknesses in the design or operation of internal controls over financial reporting which are reasonably likely to affect adversely the Company's ability to record, process, summarize and report financial information; and (b) any fraud, whether or not material, that involves management or other employees who have a role in the Company's internal controls over financial reporting.

-The Committee shall prepare and publish a Committee report for inclusion in the Company's annual proxy statement and provide any additional disclosures in the proxy statement or the Company's annual report as required under the rules of the Exchange Act or as may be required to be made under the rules and regulations of the SEC or Nasdaq.

-The Committee shall discuss with the Outside Auditors the quality of the Company's financial and accounting personnel and shall also elicit the comments of management regarding the responsiveness of the Outside Auditors to the Company's needs.

-The Committee shall review and approve any "related-party" transactions (as defined in SEC regulations) involving the Company and officers, directors or stockholders beneficially owning more than 10% of any class of equity security of the Company.

-Generally as part of its review of the annual financial statements, the Committee shall have access to and receive oral reports, if desired, from the Company's outside counsel concerning legal and regulatory matters that may have a material impact on the financial statements.

-The Committee shall consider such other matters in relation to the financial affairs of the Company and in relation to the audit of the Company's financial statements as the Committee may, in its discretion, determine to be advisable and shall perform any other duties consistent with this Charter, the Company's Certificate of Incorporation, By-laws and governing laws as the Committee or the Board deems necessary.

-The Committee shall obtain the Board's approval of this Charter, review and reassess the adequacy of this Charter regularly and recommend any proposed changes to the Board for approval.

- The Committee shall annually review the Committee's own performance and present a report to the Board of the performance evaluation of the Committee.

Receipt and Treatment of Complaints

The Committee shall establish and oversee procedures for the receipt, retention, and treatment of complaints received by the Company regarding accounting, internal accounting controls, auditing or other matters, and for the confidential or anonymous submission by employees of the Company of concerns regarding questionable accounting, auditing or other matters.

Limitation of Committee's Role

While the Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles and applicable rules and regulations. Management is responsible for the financial reporting process, including the system of internal control over financial reporting and for the preparation of financial statements in accordance with generally accepted accounting principles. The Company's Outside Auditors are responsible for auditing those financial statements and expressing an opinion as to their conformity with generally accepted accounting principles. The Committee's responsibility is to oversee and review these processes.
