Item 1.01. Entry into a Material Definitive Agreement.

On October 29, 2014, Lakeland Industries, Inc. (the “Company”) completed a private placement, pursuant to a Securities Purchase Agreement dated as of October 24, 2014, for the issuance and sale of 1,110,000 shares of its common stock, at a purchase price of \$10.00 per share, to a number of institutional and other accredited investors, for gross proceeds of \$11,100,000. Proceeds from the private placement, following the payment of offering-related expenses, were used by the Company to fully repay its 12% subordinated term loan (the “Subordinated Debt”) with LKL Investments, LLC (the “Junior Lender”) in the approximate amount of \$3.6 million. The balance of the proceeds will be used for working capital and general corporate purposes, including supporting the increased demand for the Company’s safety products due to the EBOLA crisis. Pending such usage, the Company intends to temporarily pay down a portion of its senior revolving credit facility (the “Senior Debt”) with AloStar Bank of Commerce.

Paying off the expensive Subordinated Debt together with temporarily paying down the Senior Debt at 6.25% is expected to be accretive to the Company’s earnings per share by approximately \$.04 per share for the fourth fiscal quarter ended January 31, 2015 and \$0.16 per share for the fiscal year ended January 31, 2016. The early extinguishment of the Subordinated Debt, however, will result in a one-time pretax NON-CASH charge of approximately \$1.6 million for the remaining unamortized original issue discount on the Subordinated Debt and a pretax NON-CASH charge of approximately \$0.6 million for the remaining unamortized fees paid at the closing of the June 2013 Subordinated Debt financing. These charges will be included in the Company’s financial results for the third fiscal quarter ended October 31, 2014. The \$0.6 million of unamortized fees attributable to the Senior Debt will remain on the Company’s books and continue to be amortized over the remaining term of the Senior Debt through June 2016. The Junior Lender has waived the prepayment penalty.

As previously reported by the Company, in connection with the private placement, the Company entered into a Registration Rights Agreement with the investors pursuant to which it is required to file a registration statement with the Securities and Exchange Commission to register the resale of the shares of common stock sold to the investors within 30 calendar days of the date of such agreement.

At the closing of the private placement, the Company paid Craig-Hallum Capital Partners LLC, the exclusive placement agent for the private placement, a cash fee of \$777,000 (equal to 7% of the gross proceeds of the offering) and issued five-year warrants (the “Placement Agent Warrants”) to purchase up to 55,500 shares of the Company’s common stock at an exercise price of \$11.00 per share.

A copy of the Placement Agent Warrants is filed herewith as Exhibit 10.1. The foregoing description of the Securities Purchase Agreement, Registration Rights Agreement and Placement Agent Warrants does not purport to be complete and is qualified in its entirety by reference to the Company’s Current Report on Form 8-K, including Exhibits thereto, filed on October 24, 2014 and Exhibit 10.1 hereto, which are incorporated by reference herein.
