Item 1.01 Entry into a Material Definitive Agreement.

On May 29, 2015, Xi'an TCH Energy Technology Co., Ltd ("Xi'an TCH"), a wholly owned subsidiary of China Recycling Energy Corporation (the "Company") entered into a Repurchase Agreement for the Recycling Economy Project (the "Repurchase Agreement") with Datong Coal Mine Tianjian Iron & Steel Co., Ltd.

Xi'an TCH first entered into a Recycling Economy Project Cooperative Agreement (the "Cooperative Agreement") with Shanxi Datong Coal Group Steel Co., Ltd. in December, 2010, pursuant to which Xi'an TCH agreed to install two 3MW Blast Furnace Power Recovery Turbine (the "BPRT") systems and one 15MW Waste Gas Power Generation (the "WGPG") system with a total of 21MW power capacity. The terms for these energy recycling systems were thirty (30) years. After thirty (30) years, the systems were to be transferred to Shanxi Datong at no additional charge. On June 20, 2013, the two 3MW BPRT power generation systems were completed, and on May 26, 2015, the 15MW WGPG system was completed.

In May, 2012, Shanxi Datong Coal Group and Tianjin Construction Materials Group (Holding) Co., Ltd. were restructured and renamed as Datong Coal Mine Tianjian Iron & Steel Co., Ltd. (the "Datong"). Due to the change of its strategic plan, Datong recently notified Xi'an TCH that it would not be able to fulfil its obligations under the Cooperative Agreement and requested to repurchase the BPRT and WGPG systems (the "Systems") from Xi'an TCH and terminate Cooperative Agreement.

Under the Repurchase Agreement, Xi'an TCH and Datong agree: (i) Datong repurchases the Systems from Xi'an TCH and terminates the Cooperative Agreement; (ii) Datong shall pay outstanding energy saving service fees of RMB 1.2 million (approximately \$193,548) to Xi'an TCH within 5 working days from the execution of the Repurchase Agreement (the "Effective Date"); (iii) the Systems shall be transferred to Datong for a total price of RMB 250 million (approximately \$40,322,581, the "Repurchase Price") with RMB 100 million for two BPRT systems and RMB 150 million for one WGPG system. Datong shall pay RMB 150 million within 5 working days from the Effective Date and pay RMB 100 million within 15 working days from the Effective Date; (iv) the ownership of the Systems shall be transferred to Datong when it timely pays in full the entire Repurchase Price and the parties have completed the on-site assets transfer process and confirmed the actual Systems' transfer; (v) Xi'an TCH shall not pursue any breach of contract liability against Datong under Cooperative Agreement if Datong pays in full the Repurchase Price on time; (vi) the Cooperative Agreement will be terminated when Datong pays in full the entire Repurchase Price according to the requirements of the Repurchase Agreement; and (vii) if the Repurchase Price is not fully paid on time pursuant to the Repurchase Agreement, the Repurchase Agreement shall be terminated automatically and Xi'an TCH shall retain the ownership of the Systems.

The foregoing description of the Repurchase Agreement is not complete and is qualified in its entirety by reference to the full text of Repurchase Agreement for the Recycling Economy Project, a copy of which is attached hereto as Exhibit 10.1 and incorporated by reference herein.

Item 1.02 Termination of a Material Definitive Agreement.

See Item 1.01 above, which is incorporated herein by reference.
