In this report amounts are expressed in euros (euros or EUR) or in US dollars (dollars , US \$ or \$).

Introduction

Specific portions of Philips Annual Report 2005 to Shareholders (the 2005 Annual Report) are incorporated by reference in this report on Form 20-F to the extent noted herein. The 2005 Annual Report (except for the omitted portions thereof identified below) is being furnished as Exhibit 15(b) to this Report. Only such specific portions of such Annual Report that are expressly stated to be incorporated by reference in this Report on Form 20-F are so incorporated by reference. Furthermore, the International Financial Reporting Standards (IFRS) information, including the financial statements and related notes on pages 176 through 211 of the 2005 Annual Report, and the unconsolidated Company financial statements, including the Notes thereto, also prepared on the basis of IFRS, on pages 212 through 217 of the 2005 Annual Report, have been omitted from the version of such Report being furnished as an exhibit to this Report on Form 20-F. The IFRS information and Company financial statements have been omitted because Philips primary consolidated accounts are prepared in accordance with accounting principles generally accepted in the United States and Philips is not required to include in this Report on Form 20-F the IFRS information and Company financial statements.

In presenting and discussing the Philips Group s financial position, operating results and cash flows, management uses certain non-GAAP financial measures. These non-GAAP financial measures should not be viewed in isolation as alternatives to the equivalent GAAP measure and should be used in conjunction with the most directly comparable US GAAP measure(s). Unless otherwise indicated in this document, a discussion of the non-GAAP measures included in this document and a reconciliation of such measures to the most directly comparable US GAAP measure(s) is contained in the Introduction and Other information section of Management discussion and analysis in the 2005 Annual Report.

Forward-looking statements involve risk and uncertainty because they relate to events and depend on circumstances that will occur in the future. There are a number of factors that could cause actual results and developments to differ materially from those expressed or implied by these forward-looking statements. These factors include, but are not limited to, levels of consumer and business spending in major economies, changes in consumer tastes and preferences, changes in law, the performance of the financial markets, pension costs, the levels of marketing and promotional expenditures by Philips and its competitors, raw materials and employee costs, changes in exchange and interest rates (in particular changes in the euro and the US dollar can materially affect results), changes in tax rates and future business combinations, acquisitions or dispositions and the rate of technological changes, political and military developments in countries where Philips operates, the risk of a downturn in the semiconductor market, Philips ability to secure short-term profitability and invest in long-term growth, and industry consolidation. See also Item 3

The Common Shares are held by shareholders worldwide in bearer and registered form. Outside the United States, shares are held primarily in bearer form. As of December 31, 2005, approximately 89% of the total number of outstanding Common Shares were held in bearer form. In the United States shares are held primarily in the form of registered Shares of New York registry for which Citibank, N.A., 111 Wall Street, New York, New York 10043 is the transfer agent and registrar. As of December 31, 2005, approximately 11% of the total number of outstanding Common Shares were represented by Shares of New York registry issued in the name of approximately 1,600 holders of record.

Only bearer shares are traded on the stock market of Euronext Amsterdam. Only Shares of New York registry are traded on the New York Stock Exchange. Bearer shares and registered shares may be exchanged for each other. Since certain shares are held by brokers and other nominees, these numbers may not be representative of the actual number of United States beneficial holders or the number of Shares of New York registry beneficially held by US residents. Exchange controls

There are currently no limitations, either under the laws of the Netherlands or in the Articles of Association of the Company, to the rights of non-residents to hold or vote Common Shares of the Company. Cash dividends payable in Euros on Netherlands registered shares and bearer shares may be officially transferred from the Netherlands and converted into any other currency without Dutch legal restrictions, except that for statistical purposes such payments and transactions must be reported to the Dutch Central Bank, and furthermore, no payments, including dividend payments, may be made to jurisdictions subject to sanctions adopted by the government of the Netherlands and implementing resolutions of the Security Council of the United Nations.

The Articles of Association of the Company provide that cash distributions on Shares of New York registry shall be paid in US dollars, converted at the rate of exchange on the stock market of Euronext Amsterdam at the close of business on the day fixed and announced for that purpose by the Board of Management in accordance with the Company s Articles of Association.

Taxation

The statements below are only a summary of the present Netherlands and US tax laws and the Tax Convention of December 18, 1992, as amended by the protocol that entered into force on December 28, 2004, between the United States of America and the Kingdom of the Netherlands (the US Tax Treaty) and are not to be read as extending by implication to matters not specifically referred to herein. As to individual tax consequences, investors in the Common Shares should consult their own tax advisors.

Table of Contents***Withholding tax***

In general, a distribution to shareholders by a company resident in the Netherlands (such as the Company) is subject to a withholding tax imposed by the Netherlands at a rate of 25%. Stock dividends paid out of the Company's paid-in share premium recognized for Netherlands tax purposes are not subject to the above mentioned withholding tax. Stock dividends paid out of the Company's retained earnings are subject to dividend withholding tax on the nominal value of the shares issued. Pursuant to the provisions of the US Tax Treaty, dividends paid by the Company to a beneficial owner of shares (as defined in Dutch Dividend Tax Act) and who is a resident of the United States (as defined in the US Tax Treaty), are generally eligible for a reduction in the rate of Dutch withholding tax to 15%, unless (i) the beneficial owner of the dividends carries on business in the Netherlands through a permanent establishment, or performs independent personal services in the Netherlands from a fixed base, and the Common Shares form part of the business property of such permanent establishment or pertain to such fixed base, or (ii) the beneficial owner of the dividends is not entitled to the benefits of the US Tax Treaty under the treaty-shopping provisions thereof. Special rules apply to the rate of withholding tax applied to dividends paid to beneficial owners that own 10% or more of the voting power of the Company. Subject to certain conditions and limitations, the Dutch withholding tax will be treated as a foreign income tax that is eligible for credit against the shareholder's US income taxes. Dividends paid to qualifying exempt US pension trusts and qualifying exempt US organizations are exempt from Dutch withholding tax under the US Tax Treaty.

However, for qualifying exempt US organizations no exemption at source upon payment of the dividend can be applied for; such exempt US organizations should apply for a refund of the 25% withholding tax.

Dividends

The gross amount (including the withheld amount) of dividends distributed on Common Shares out of current or accumulated earnings and profits will be dividend income to the US shareholder and subject to United States federal income taxation. Dividends paid with respect to shares will generally be qualified dividend income. If you are a non-corporate US shareholder, qualified dividend income paid to you in taxable years beginning before January 1, 2009 will be taxable to you at a maximum tax rate of 15% provided that you hold the shares for more than 60 days during the 121-day period beginning 60 days before the ex-dividend date and meet other holding period requirements. The dividend will not be eligible for the dividends received deduction generally allowed to United States corporations in respect to dividends received from other United States corporations.

Capital gains

Capital gains upon the sale or exchange of Common Shares by a non-resident individual or by a non-resident corporation of the Netherlands are exempt from Dutch income tax, corporation tax or withholding tax, unless (i) such gains are effectively connected with a permanent establishment in the Netherlands of the shareholders' trade or business or (ii) are derived from a direct, indirect or deemed substantial participation in the share capital of a company (such substantial participation not being a business asset).

In general, an individual has a substantial participation if he holds either directly or indirectly and either independently or jointly with his spouse or steady partner, at least 5% of the total issued share capital or particular class of shares of a company. For determining a substantial participation, other shares held by close relatives are taken into account. The same applies to options to buy shares. A deemed substantial participation amongst others exists if (part of) a substantial participation has been disposed of, or is deemed to have been disposed of, on a non-recognition basis. Under the US Tax Treaty, however, the Netherlands may only tax a capital gain that is derived by an alienator who is an US resident under the US Tax Treaty and is not disqualified from treaty benefits under the treaty-shopping rules from a substantial participation and that is not effectively connected with a permanent establishment in the Netherlands if the alienator has been a resident of the Netherlands at any time during the five-year period preceding the alienation, and owned at the time of alienation either alone or together with his relatives, at least 25% of any class of shares.

Capital gain of non-corporate US shareholder that is recognized before January 1, 2009, is generally taxed at a maximum rate of 15% where the shareholder has a holding period greater than one year.

Table of Contents

Net wealth tax

As of January 1, 2001, the net wealth tax is abolished in the Netherlands.

Estate and gift taxes

No estate, inheritance or gift taxes are imposed by the Netherlands on the transfer of Common Shares if, at the time of the death of the shareholder or the transfer of the Common Shares (as the case may be), such shareholder or transferor is not a resident of the Netherlands, unless such Common Shares are attributable to a permanent establishment or permanent representative of the shareholder in the Netherlands.

Inheritance or gift taxes (as the case may be) are due, however, if such shareholder or transferor:

- (a) has Dutch nationality and has been a resident of the Netherlands at any time during the ten years preceding the time of the death or transfer; or
- (b) has no Dutch nationality but has been a resident of the Netherlands at any time during the twelve months preceding the time of transfer (for Netherlands gift taxes only).

Item 16B. Code of Ethics

The Company recognizes that its businesses have responsibilities within the communities in which they operate. The Company has a Financial Code of Ethics which applies to the CEO (the principal executive officer) and CFO (the principal financial and principal accounting officer), and to the heads of the Corporate Control, Corporate Treasury, Corporate Fiscal and Corporate Internal Audit departments of the Company. The Company has published its Financial Code of Ethics within the investor section of its website located at www.philips.com. No changes have been made to the Code of Ethics since its adoption and no waivers have been granted therefrom to the officers mentioned above in 2005.

Item 16C. Principal Accountant Fees and Services

The Company has instituted a comprehensive auditor independence policy that regulates the relation between the Company and its external auditors and is available on the Company's website (www.philips.com). The policy includes rules for the pre-approval by the Audit Committee of all services to be provided by the external auditor. The policy also describes the prohibited services that may never be provided. Proposed services may be pre-approved at the beginning of the year by the Audit Committee (annual pre-approval) or may be pre-approved during the year by the Audit Committee in respect of a particular engagement (specific pre-approval). The annual pre-approval is based on a detailed, itemized list of services to be provided, designed to ensure that there is no management discretion in determining whether a service has been approved and to ensure the Audit Committee is informed of each service it is pre-approving. Unless pre-approval with respect to a specific service has been given at the beginning of the year, each proposed service requires specific pre-approval during the year. Any annually pre-approved services where the fee for the engagement is expected to exceed pre-approved cost levels or budgeted amounts will also require specific pre-approval. The term of any annual pre-approval is 12 months from the date of the pre-approval unless the Audit Committee states otherwise. During 2005, there were no services provided to the Company by the external auditors which were not pre-approved by the Audit Committee.

- Exhibit 15(b) The 2005 Annual Report (except for the omitted portions thereof identified below) is being furnished as an exhibit to this Report. Only such specific portions of such Annual Report that are expressly stated to be incorporated by reference in this Report on Form 20-F are so incorporated by reference. Furthermore, the International Financial Reporting Standards (IFRS) information, including the financial statements and related notes on pages 176 through 211 of the 2005 Annual Report, and the unconsolidated Company financial statements, including the Notes thereto, also prepared on the basis of IFRS, on pages 212 through 217 of the 2005 Annual Report, have been omitted from the version of such Report being furnished as an exhibit to this Report on Form 20-F. The IFRS information and Company financial statements have been omitted because Philips' primary consolidated accounts are prepared in accordance with accounting principles generally accepted in the United States and Philips is not required to include in this Report on Form 20-F the IFRS information and Company financial statements.
