- ☐ Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

Item 2.02. Results of Operations and Financial Condition  
-----

On May 31, 2005, Eastman Kodak Company issued a press release announcing the filing of revised quarterly reports for 2004. A copy of the press release is attached as Exhibit 99.1 to this report.

## Edgar Filing: EASTMAN KODAK CO - Form 8-K

Within the Company's press release, the Company presents certain non-GAAP financial measures including "Operational net earnings," "Earnings on an operational basis," "Earnings from continuing operations, excluding non-operational items" (and the line items comprising earnings from continuing operations on an operational basis), which have a directly comparable GAAP financial measure. The Company believes that these measures represent important internal measures of performance. Accordingly, where these non-GAAP measures are provided, it is done so that investors have the same financial data that management uses with the belief that it will assist the investment community in properly assessing the underlying performance of the Company on a year-over-year and quarter-sequential basis. Whenever such information is presented, the Company has complied with the provisions of the rules under Regulation G and Item 2.02 of Form 8-K. The specific reasons, in addition to the reasons described above, why the Company's management believes that the presentation of the non-GAAP financial measures provides useful information to investors regarding Kodak's results of operations are as follows:

Earnings from continuing operations, excluding non-operational items - The Company's management believes that presenting earnings from continuing operations, excluding non-operational items/focused cost reductions, is an important additional measure of performance that can be used for comparing results between reporting periods. These operating measures represent the principle internal measures of performance, and form the basis of internal management performance expectations and incentive compensation.
