RELEASE

Lisbon, 30 May 2007 Following recent news, Portugal Telecom informs that, as previously mentioned, it frequently addresses strategic options for the development and expansion of its activity along its different business lines, with a view of maximising shareholder value.

The Brazilian market is of particular importance given the significant position held by the company in this market. PT regularly analyses the competitive positioning and operational performance of its Brazilian assets, as well as studies potential strategic options that create value for the company and its shareholders.

Portugal Telecom informs that it has not presented any proposal to acquire shares from any shareholder of Tele Norte Leste Participações (Telemar). Portugal Telecom reiterates that, in strict abidance of the law, it has immediately informed, and will always inform, investors on material events that occur in relation to its activity or its economic and financial situation.

This information is also available on PT's IR website <http://ir.telecom.pt>.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
