TECHLABS, INC. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS OF MARCH 31, 2007

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(A) Nature of Operations

Techlabs, Inc. ("Techlabs") was incorporated in the State of Florida in May 1998 under the name Coordinated Physician Services, Inc. to organize and operate primary care physician networks for managed medical care organizations. In February 1999 the Company abandoned this business due to excessive competition and changed its name to Techlabs, Inc. Prior to January 2004, the Company generated revenues through the rental of its list of targeted, opt-in email addresses which were generated from their website. During November 2004, the Company formed and opened Florida Fountain of Youth Spas, Inc. Florida Fountain of Youth Spa, a full service spa located in South Florida. The Company abandoned this business in October 2005 due to excessive competition.

During fiscal 2006 the Company shifted its focus to the development of business opportunities in the Caribbean basin and South America, including the import and resale of aluminum extrusion products, as well as its planned acquisition of a minimum of a 51% interest in Venezuelan-based Corporacion SportAlum C.A, which specializes in the fabrication, sale and installation of sport seating solutions for stadiums, arenas and other sports and entertainment facilities around the world. During 2006, the Company entered into a letter of understanding to acquire Venezuelan-based Corporacion SportAlum C.A. (SportAlum). The Company has commenced a full due-diligence effort with respect to structuring a purchase transaction with SportAlum's principals. Further, the Company has entered into a joint venture agreement with the controlling shareholder of SportAlum for the import into the United States of aluminum extrusions in a variety of custom

Edgar Filing: TECHLABS INC - Form 10QSB

shapes. To support its efforts to import and resell aluminum extrusions the Company formed a new subsidiary, Hemisphere Metals, which is engaged in this business activity.

The accompanying consolidated financial statements for March 31, 2007 and 2006 include the accounts of Techlabs and its wholly-owned subsidiary Florida Fountain of Youth Spas from (inception) to December 31, 2006. All significant intercompany accounts and transactions have been eliminated in the consolidation.

4

TECHLABS, INC. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS OF MARCH 31, 2007

(B) Use of Estimates

In preparing financial statements in conformity with generally accepted accounting principles, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities as the date of the financial statements and revenues and expenses during the reported period. Actual results could differ from those estimates.

(C) Cash Equivalents

Cash and cash equivalents consist of all highly liquid investments with original maturities of three months or less.

(D) Concentration of Credit Risk

The Company did not rely on any one significant customer for more than 10% of its revenues.

(E) Revenue Recognition

Revenue from Florida Fountain of Youth Spas was recognized upon delivery of services.

(F) Property and Equipment

Property and equipment are stated at cost, net of accumulated depreciation. Depreciation on assets placed in service is determined using the straight-line method over the estimated useful lives of the related assets which range from three to seven years. Significant improvements are capitalized while maintenance and repairs are expensed as incurred.

5

TECHLABS, INC. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS OF MARCH 31, 2007

(G) Web Site Development Costs

The Company accounts for costs incurred in connection with the development of its web sites in accordance with Statement of Position SOP98-1, "Accounting for Costs of Computer Software Developed or Obtained for Internal Use" and Emerging Issues Task Force Issue No. 00-2, "Accounting for Web Site Development Costs."

Edgar Filing: TECHLABS INC - Form 10QSB

Accordingly, all costs incurred in planning the development of a web site are expensed as incurred. Costs, other than general and administrative and overhead costs, incurred in the web site application and infrastructure development stage, which involve acquiring hardware and/or developing software to operate the web site are capitalized. Fees paid to an Internet service provider for hosting the web site on its servers connected to the Internet are expensed. Other costs incurred during the operating stage, such as training administration costs, are expensed as incurred. Costs incurred during the operating stage for upgrades and enhancements of the web site are capitalized if it is probable that they will result in added functionality.

Capitalized web site development costs are amortized on a straight-line basis over their estimated useful life of five years. At December 31, 2006, all capitalized web site development costs had been fully amortized and or impaired.

(H) Intangibles

Intangible assets consist of domain names, trade names and contracts related to a purchased Internet web portal site and meta-search technology. Amortization for intangibles is determined using the straight-line method over the estimated useful life of five years.

(I) Long-Lived Assets

Long-lived assets and certain identifiable intangible assets (other than goodwill and intangible assets with indefinite lives) held and used by the Company are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. For purposes of evaluating the recoverability of long-lived assets (other than goodwill and intangible assets with indefinite lives), the recoverability test is performed using undiscounted net cash flows related to the long-lived assets. The Company reviews such long-lived assets to determine that carrying values are not impaired. Under Statement of Financial Accounting Standards ("SFAS") No. 142, goodwill and intangible assets with indefinite lives are no longer amortized but are reviewed for impairment. Intangible assets that are not deemed to have indefinite lives will continue to be amortized over their useful lives; however, no maximum life applied.

6

TECHLABS, INC. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS OF MARCH 31, 2007

(J) Reclassification

Certain amounts from prior periods have been reclassified to conform to the current year presentation.

(K) Fair Value of Financial Instruments

SFAS No. 157, "Fair Value Measurements," requires certain disclosures regarding the fair carrying value of financial instruments. Trade accounts receivable, accounts payable, and loans from stockholders are reflected in the financial statements at carrying value because of the short-term maturity of the instruments.

(L) Income Taxes

The Company accounts for income taxes under SFAS No. 109, "Accounting for Income Taxes". Under SFAS No. 109, deferred tax assets and liabilities are recognized

Edgar Filing: TECHLABS INC - Form 10QSB

for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carry-forwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. Under SFAS No. 109, the effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

(M) Income (Loss) Per Share

Basic and diluted income (loss) per share is calculated by dividing net income (loss) for the period by the weighted average number of shares of common stock outstanding during the period. The assumed exercise of stock options is only included in the calculation of diluted earnings per share, if dilutive. As of March 31, 2007, the Company did not have any outstanding common stock equivalents.

(N) Business Segments

The Company currently operates in one segment and therefore segment information is not presented.

(O) Stock-Based Compensation

In accordance with the Statement of Financial Accounting Standards ("SFAS") No. 123, Accounting for Stock Based Compensation, the Company has elected to account for stock options issued to employees under Accounting Principles Board Opinion No. 25 ("APB Opinion No. 25") and related interpretations. The Company accounts for stock options issued to consultants and for other services in accordance with SFAS No. 123.

7

TECHLABS, INC. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS OF MARCH 31, 2007

(P) New Accounting Pronouncements

SFAS No. 107, "Disclosure About Fair Value of Financial Instruments," requires certain disclosures regarding the fair value of financial instruments. Trade accounts receivable, accounts payable, and loans from stockholders are reflected in the financial statements at fair value because of the short-term maturity of the instruments.

In February 2007, the FASB issued Statement of Financial Accounting Standards No. 159, The Fair Value Option for Financial Assets and Financial Liabilities, ("FAS 159"). FAS 159 permits entities to choose to measure many financial instruments and certain other items at fair value. The objective is to improve financial reporting by providing entities with the opportunity to mitigate volatility in reported earnings caused by measuring related assets and liabilities differently without having to apply complex hedge accounting provisions. FAS 159 is effective for fiscal years beginning after November 15, 2007. The Company does not believe that FAS 159 will have any material effect on its financial statements.

NOTE 2 GOING CONCERN

The accompanying consolidated financial statements have been prepared assuming

Edgar Filing: TECHLABS INC - Form 10QSB

that the Company will continue as a going concern. The Company had a net loss of \$143,520, a working capital deficiency of \$157,262, an accumulated deficit of \$8,750,661, a stockholders' deficiency of \$157,262, and used cash in operations of \$12,087. This raises substantial doubt about our ability to continue as a going concern. The accompanying financial statements do not include any adjustments related to the recoverability and classification of assets or the amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

Although there are no assurances, the Company believes that it will be able to raise additional capital and borrowings from its principal shareholder and will be able to continue as a going concern.

NOTE 4 RELATED PARTY TRANSACTIONS

Mrs. Dorrough has served as the Company's president since February 2002. Mrs. Dorrough is not a party to an employment agreement with the Company.

At March 31, 2007, the Company owed Yucatan Holding Company \$22,979. This amount will be paid by the Company when working capital permits.

At March 31, 2007, the Company owed a third party \$6,500 under an oral agreement on a non-interest bearing, unsecured loan, due on demand basis.

At March 31, 2007, the Company owed a related party \$37,000 under an oral agreement on a non-interest bearing, unsecured loan, due on demand basis.

NOTE 5 COMMITMENTS AND CONTINGENCIES

LITIGATION

On August 23, 2004 Techlabs filed a complaint against Addante and Associates, a Delaware corporation, in the U.S. District Court for the Eastern District of Tennessee, styled Techlabs, Inc. and Starting Point, Inc. v. Addante and Associates, Case No. 3:04-CV-385. Techlabs had previously engaged Addante and Associates to perform certain services for it in connection with its Starting Point.com web site. In this complaint Techlabs alleged a breach of contract by Addante and Associates and was seeking \$500,000 in damages. Pursuant to an Asset

Edgar Filing: TECHLABS INC - Form 10QSB

Purchase Agreement dated December 2, 2005, the lawsuit was dismissed by the Company.

9

TECHLABS, INC. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS OF MARCH 31, 2007

NOTE 6 CAPITAL STOCK

The Company's authorized capital consists of:

a. 200,000,000 shares of common stock, par value \$.001 per share, of which 22,895,464 and Shares were issued and outstanding at March 31, 2007.

b. 10,000,000 of preferred stock, par value \$.001 per share, of which no shares are issued and outstanding;

c. 25,000,000 shares of special preferred stock, par value \$.001 per share, of which 12,500,000 shares have been designated Special Class A Preferred Stock, all of which are outstanding. Of these shares, 8,330,000 shares are held by the Company's principal shareholder, Yucatan Holding Company, and the remaining 4,170,000 shares are held by Thomas J. Taule, the Company's former CEO and member of its board of directors. The designations, rights and preferences of the Special Class A Preferred Stock provide:

- * the holders are not entitled to receive any assets in the event of the liquidation or wrap up of the Company;

- * each share of Special Class A Preferred Stock entitles the holder to three votes on all matters submitted to the Company's shareholders for a vote, and the Special Class A Preferred Stock votes together with the Company's common stock and its Class C Preferred Stock as one class; and

- * the shares of Special Class A Preferred Stock are redeemable at the sole option of the Company, with the manner of redemption, the redemption price or prices and the terms and conditions of the redemption being determined by the Company's board of directors; and

d. 10,000,000 shares of blank check preferred stock, par value \$.001 per share (the "Blank Check Preferred Stock"). Series of the Blank Check Preferred Stock may be created and issued from time to time, with such designations, preferences, conversion rights, cumulative, relative, participating, optional or other rights, including voting rights, qualifications, limitations or restrictions thereof as shall be stated and expressed in the resolution or resolutions providing for the creation and issuance of such series of Blank Check Preferred Stock as adopted by the Board of Directors in its sole discretion. The Board has designated 225,000 shares of Blank Check Preferred Stock as Class C Preferred Stock, of which 92,000 such shares are issued and outstanding and held by the Company's principal shareholder, Yucatan Holding Company. The designations, rights and preferences of the Class C Preferred Stock include:

- * the stated value of each share is \$ 0.001,

- * the shares are not redeemable without the consent of the holders of a majority of the issued and outstanding shares of Class C Preferred Stock,

- * each share of Class C Preferred Stock is convertible into shares of the Company's common stock at the option of the Company at a conversion price to

be established by the holder and the Company at the time of conversion,

10

TECHLABS, INC. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS OF MARCH 31, 2007

- * the shares of Class C Preferred Stock do not pay any dividends,
- * each share of Class C Preferred Stock entitles the holder to 150 votes on all matters submitted to the Company's shareholders for a vote, and the Class C Preferred Stock votes together with the Company's common stock and its Special Class A Preferred Stock as one class, and
- * so long as the shares of Class C Preferred Stock are outstanding, the Company will not be able to take certain actions without the approval of the holders of a majority of the issued and outstanding shares, including:
 - sell, convey, or otherwise dispose of or encumber all or substantially all of its property or business or merge into or consolidate with any other corporation (other than a wholly-owned subsidiary corporation) or effect any transaction or series of related transactions in which more than 50% of the voting power of the Company is transferred or disposed of;
 - alter or change the rights, preferences or privileges of shares of Class C Preferred Stock;
 - increase or decrease the total number of authorized shares of Class C Preferred Stock;
 - authorize or issue, or obligate the Company to issue, any other equity security, including any other security convertible into or exercisable for any equity security having rights, preferences or privileges over, or being on a parity with or to, the Class C Preferred Stock;
 - redeem, purchase or otherwise acquire (or pay into or set aside for a sinking fund for such purpose) any of the Company's securities;
 - amend its articles of incorporation or bylaws;
 - change the authorized number of its directors; or
 - declare, order or pay any dividends on any class of its securities.

During the year ended December 31, 2006, the Company issued 1,902,500 shares of common stock to a related party pursuant to a consulting agreement having a fair value of \$429,250 on the date of grant. The consulting agreements call for services to be performed through December 2007. Amortization of deferred consulting was \$94,500 during the three months March 31, 2007. In addition, the Company issued 280,000 shares of common stock valued at \$58,800 to consultants pursuant to three consulting agreements. The consulting agreements call for services to be performed through June 2007. Amortization of deferred consulting was \$33,645 during the three months ended March 31, 2007.

In November 2006, the Company converted 133,333 shares of its Class C Preferred Stock into 20,000,000 shares of its common stock.

NOTE 7 STOCK INCENTIVE PLAN

In October 1999, the Company adopted its 1999 Stock Incentive Plan (the "Plan"). The purpose of the Plan is to promote our long-term success and the creation of shareholder value by encouraging employees, directors and consultants to focus on critical long-range objectives, encouraging the attraction and retention of employees, outside directors and consultants and linking those individuals directly to shareholder interests through increased stock ownership. Under the Plan the Company can make awards either in the form of restricted shares or options, which may be either incentive stock options or non-statutory stock options.

Initially the maximum number of shares of common stock issuable upon the exercise of restricted stock awards or stock options granted under the Plan was 1,500,000 shares. This amount is subject to increase on January 1 of each year beginning on January 1, 2000 by the lesser of 1.5% of the total number of shares of common stock then outstanding on a fully-diluted basis or 300,000 shares. As of December 31, 2005 the maximum number of shares of the Company's common stock available for issuance upon grants of restricted stock awards or stock options was 1,977,024 shares. To date, the Company has granted restricted stock awards or stock options which have been exercised for an aggregate of 380,416 shares of our common stock. Accordingly, the Company currently has 455,362 shares available under the Plan.

The Plan is to be administered by a committee consisting of two or more outside directors who review management's recommendation as to the employees, outside directors and consultants who are to receive awards under the Plan, determine the type, number, vesting requirements and other features and conditions of the awards, interpret the Plan and make all other decisions related to the Plan. The Company's Board of Directors may also appoint a secondary committee of the Board, composed of one or more directors who need not be independent, who may administer the Plan with respect to employees and consultants who are not considered officers or directors of Techlabs. This secondary committee may grant awards under the Plan to such employees and consultants, and may determine all features and conditions of those awards.

Options granted under the Plan may either be options qualifying as incentive stock options under Section 422 of the Internal Revenue Code of 1986, as amended, or non-statutory options. Incentive options can only be granted to a recipient who is our employee, and non-statutory options and restricted stock awards can be granted to employees, outside directors and consultants. Options granted to any optionee in a single fiscal year cannot exceed 1,000,000 shares, except that options granted to a new employee in his or her first year of employment cannot exceed 500,000 shares. Any incentive option granted under the Plan must provide for an exercise price of not less than 100% of the fair market value of the underlying shares on the date of such grant, but the exercise price of any incentive option granted to an eligible employee owning more than 10% of our common stock must be at least 110% of such fair market value as determined on the date of the grant. The exercise price of non-statutory options cannot be less than 85% of the fair market value of the underlying shares on the date of the grant; however, the option agreement can provide that the exercise price varies in accordance with a pre-determined formula while the option is outstanding. The term of each Plan Option and the manner in which it may be exercised is determined by the board of the directors, provided that no Plan Option may be exercisable more than 10 years after the date of its grant.

Edgar Filing: TECHLABS INC - Form 10QSB

TECHLABS, INC. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS OF MARCH 31, 2007

Payment for incentive options can only be made as specified in the option agreement and the form of payment for non-statutory options may be accepted by the Board from time to time. The Plan permits cashless exercise of options, and the payment of the exercise price of options through a full-recourse promissory note and other forms which are consistent with applicable laws. Restricted stock awards may be sold or awarded under the Plan for such consideration as our board may determine, including cash, cash equivalents, full-recourse promissory notes, past services and future services. In the event of a recapitalization of our company, a spin-off or similar occurrence, or the declaration of a dividend payable in shares of our common stock, in the Board's sole discretion it will determine if any adjustments are to be made in the number of options and restricted shares available for future awards and certain other matters. The Plan will terminate on its tenth anniversary, unless earlier terminated by our Board of Directors.

There were no issues under the plan during the three months ended March 31, 2007.

NOTE 8 SUBSEQUENT EVENT

On May 14, 2007 the Company announced it had reached an agreement in principle to license the Storm Depot International name logo and related materials from Eline Entertainment Group, Inc.. This agreement was an important step by the Company towards the development of a business strategy whereby Techlabs, Inc. through a wholly owned subsidiary, will begin to market the Storm Depot concept through a franchise system. Potential franchisees are expected to encompass the entire Gulf of Mexico region, Florida and the Carolinas. As currently contemplated, Storm Depot International will receive 1% of the franchise revenue fees and will provide proprietary products to franchisees. Techlabs further reported that the agreement is the result of previous acquisition discussions and it believes that this arrangement, as opposed to an acquisition, offers it greater flexibility.

On May 16, 2007 the Company reported that its Board of Directors has declared a ten-for-one forward stock split of its issued and outstanding common stock. The record date for the forward split is expected to be May 31, 2007, with an anticipated effective date of June 1, 2007.

On May 18, 2007, the Registrant and Eline Entertainment Group, Inc. ("Eline") jointly agreed to cancel their previous agreement whereby Eline issued to Techlabs ten million shares (10,000,000) of its common stock in exchange for a ten percent (10%) interest in a subsidiary of Techlabs, through which Techlabs is pursuing certain ventures in the Caribbean basin and South America. The Registrant determined to take such action partly as a result its decision to forgo the acquisition of Eline's Storm Depot International subsidiary and instead pursue opportunities to license the Storm Depot International name logo and related materials from Eline. Accordingly the ten million shares of Eline common stock has been returned to Eline and the transaction is be considered to be null and void.

ITEM 3. CONTROLS AND PROCEDURES

Our management, which includes our President, has conducted an evaluation of the effectiveness of our disclosure controls and procedures (as defined in the Securities Exchange Act of 1934 Rules 13a-15(e) and 15d-15(e)) as of March 31, 2007 (the "Evaluation Date"). Based upon that evaluation, our management has concluded that our disclosure controls and procedures are effective for timely gathering, analyzing and disclosing the information we are required to disclose in our reports filed under the Securities Exchange Act of 1934, as amended. Based upon that evaluation, no change in our company's internal controls over financial reporting has occurred during the quarter then ended, which has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

The SEC's Financial Reporting Release No. 60, "Cautionary Advice Regarding Disclosure About Critical Accounting Policies" ("FRR 60"), suggests companies provide additional disclosure and commentary on those accounting policies considered most critical. A critical accounting policy is one that is both very important to the portrayal of our financial condition and results, and requires management's most difficult, subjective or complex judgments. Typically, the circumstances that make these judgments difficult, subjective and/or complex have to do with the need to make estimates about the effect of matters that are inherently uncertain. We believe the accounting policies below represent our critical accounting policies as contemplated by FRR 60.

Value of long lived assets. We capitalize and amortize the costs incurred in the acquisition of capital equipment. We also carry other long lived assets on our balance sheet. We evaluate the carrying values of such assets and may be required to reduce the value in the event we determine if the value is impaired from the current carrying amount.
