NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

ORGANIZATION

WestCoast Golf Experiences, Inc. (the "Company") was incorporated under the laws of the State of Nevada on April 20, 2005 for the purpose of marketing golf packages to corporate clients for their employees or customers utilizing the Company's teaching professionals and other computer aided instruction.

The Company has a total of 75,000,000 authorized shares with a par value of \$0.001 per share and 2,000,000 shares issued and outstanding as of October 31, 2005.

The Company has been in the initial organization stage since inception and has no business assets nor current operating revenues. The Company's ability to continue as a going concern is dependent on raising additional capital to fund future operations and ultimately to attain profitable operations. Accordingly, these factors raise substantial doubt as to the Company's ability to continue as a going concern.

The Company has completed a form SB-2 Registration Statement under the Securities Act of 1933 with the U.S. Securities and Exchange Commission registering up to 1,000,000 shares of the Issuer's common stock in connection with an offering of 1,000,000 shares of the Issuer's common stock at a price of

Edgar Filing: WestCoast Golf Experiences Inc. - Form 10QSB

\$0.025 per share to raise \$25,000. The Company is in the process of raising the funds, but has not completed selling the offering.

The Company expects to satisfy its cash requirements for the next twelve months with the current cash in the bank, proceeds from the planned offering and advances from the Company's sole director if required.

UNAUDITED INTERIM FINANCIAL STATEMENTS

The accompanying unaudited interim financial statements have been prepared in accordance with United States generally accepted accounting principles for interim financial information and with the instructions to Form 10-QSB of Regulation S-B. They do not include all information and footnotes required by United States generally accepted accounting principles for complete financial statements. However, except as disclosed herein, there has been no material changes in the information disclosed in the notes to the financial statements for the period ended April 30, 2005 included in the Company's Registration Statement on Form SB-2 filed with the Securities and Exchange Commission. The interim unaudited financial statements should be read in conjunction with those financial statements included in the Form SB-2. In the opinion of Management, all adjustments considered necessary for a fair presentation, consisting solely of normal recurring adjustments, have been made. Operating results for the six months ended October 31, 2005 are not necessarily indicative of the results that may be expected for the year ending April 30, 2006.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CON'T)

BASIS OF PRESENTATION

These financial statements are presented in United States dollars and have been prepared in accordance with United States generally accepted accounting principles.

The Company's year end is April 30 with its initial period being from April 20, 2005 to April 30, 2005.

DEVELOPMENT STAGE ENTERPRISE

The Company is a development stage enterprise, as defined in Financial Accounting Standards Board ("FASB") Statement ("SFAS") No. 7. The Company is devoting all of its present efforts to securing and establishing a new business. Its planned principal operations have not commenced and accordingly, no revenue has been derived during the organizational period.

USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

FAIR VALUE OF FINANCIAL INSTRUMENTS

Edgar Filing: WestCoast Golf Experiences Inc. - Form 10QSB

In accordance with the requirements of SFAS No. 107, management has determined the estimated fair value of financial instruments using available market information and appropriate valuation methodologies. The fair value of financial instruments classified as current assets or liabilities approximate carrying value due to the short-term maturity of the instruments.

FEDERAL INCOME TAX

The Company has adopted the provisions of SFAS No. 109, "Accounting for Income Taxes". The Company accounts for income taxes pursuant to the provisions of SFAS No. 109 which requires an asset and liability approach to calculating deferred income taxes. The asset and liability approach requires the recognition of deferred tax liabilities and assets for the expected future tax consequences of temporary differences between the carrying amounts and the tax basis of assets and liabilities.

The Company does not have any assets requiring disclosure of comprehensive income.

RECENT ACCOUNTING PRONOUNCEMENTS

Edgar Filing: WestCoast Golf Experiences Inc. - Form 10QSB

In December 2004, the FASB issued SFAS No. 123 (Revised 2004), Share-Based Payment ("SFAS 123(R)"), which requires the compensation cost related to share-based payments, such as stock options and employee stock purchase plans, be recognized in the financial statements based on the grant-date fair value of the award. SFAS 123(R) is effective for all interim periods beginning after December 15, 2005. Management does not believe that the adoption of this standard will have a material impact on the Company's financial condition or results of operations.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

RESULTS OF OPERATIONS

Edgar Filing: WestCoast Golf Experiences Inc. - Form 10QSB

We are still in our development stage and have only commenced generating revenues.

We incurred operating expenses of \$2,409 and \$5,757 for the three month and six month periods ended October 31, 2005. These expenses consisted of general operating expenses incurred in connection with the day to day operation of our business and the preparation and filing of our periodic reports and registration statement.

Our net loss for the three and six months ended October 31, 2005 was \$2,409 and \$5,757, respectively. Since we have only been incorporated since April 20, 2005, no comparisons are included in this report to previous years.

In their report on our audited financial statements as at April 30, 2005, our auditors expressed their doubt about our ability to continue as a going concern unless we are able to raise additional capital and ultimately to generate profitable operations.

LIQUIDITY AND CAPITAL RESOURCES

We are in the process of selling our offering for proceeds of \$25,000 and upon completion, we expect to be able to satisfy our cash requirements for at least the next 12 months with our cash in the bank of \$3,645 at October 31, 2005 plus the proceeds of our current financing without having to raise additional funds or seek bank loans. After that 12 month period, if we have not yet generated revenues sufficient to sustain business operations, we may have to raise additional monies through sales of our equity securities or through loans from banks or third parties to continue our business plans, however no such plans are currently anticipated.

OFF-BALANCE SHEET ARRANGEMENTS

We have no off-balance sheet arrangements.

BUSINESS OPERATIONS OVERVIEW

Our registration statement became effective on October 27, 2005. Management estimates we will be able to complete our proposed offering of 1,000,000 common shares by January 31, 2006. During the months preceding that we will rely upon existing funds to sustain our operations. Once our funding is received we will proceed with the more cost intensive aspects of our business plan such as purchasing new computer equipment and commence advertising. Our 12 month budget is based on operations which will be completely funded by the \$25,000 raised through this offering. If we begin to generate profits we will increase our sales activity accordingly.

Our business is client-driven and our revenue requirements will be reviewed and adjusted based on sales. The costs associated with operating as a public company are included in our budget. Management will be responsible for the preparation

10

of the required documents to keep the costs to a minimum. Our completed milestones and planned milestones are as follows:
