PROXY STATEMENT

Annual Meeting of Common Shareholders

June 12, 2014

Why am I receiving these proxy materials?

We are providing these proxy materials to you in connection with the solicitation by the Board of Directors (the “Board”) of Shoe Carnival, Inc. (the “Company,” “we”, “us” or “our”) for proxies to be voted at our annual meeting of common shareholders. We are holding this annual meeting at 9:00 a.m., C.D.T., on Thursday, June 12, 2014, at our corporate headquarters located at 7500 East Columbia Street, Evansville, Indiana. The approximate date on which these proxy materials are first being sent to shareholders is on or about May 5, 2014.

In accordance with the rules of the Securities and Exchange Commission (the “SEC”), in addition to mailing a full set of the proxy materials to our shareholders, we are also providing access to our proxy materials on a publicly accessible website. Our notice of annual meeting of common shareholders, proxy statement, form of proxy card and annual report to shareholders are available at <http://www.shoecarnival.com/Investors/ProxyInformation.aspx>.

What proposals will be voted on at the annual meeting?

There are three proposals scheduled to be voted on at the annual meeting:

To elect two directors to serve until the 2017 annual meeting of shareholders and until their successors are elected and have qualified;

Edgar Filing: SHOE CARNIVAL INC - Form DEF 14A

To approve, in an advisory (non-binding) vote, the compensation paid to our Executives (as defined below under “Executive and Director Compensation – Compensation Discussion and Analysis”), as disclosed in the Compensation Discussion and Analysis, the compensation tables and the related narratives in this proxy statement; and

To ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for fiscal 2014.

In addition, any other business that may properly come before the annual meeting will be considered and voted on. The Board currently knows of no additional business that is to be brought before the meeting. However, if other matters properly come before the meeting, the persons indicated on the enclosed proxy will vote that proxy based on their judgment on such matters.

How does the Board recommend that I vote on the proposals?

The Board recommends that you vote your shares:

FOR the election of Mr. Weaver and Mr. Schoor as directors (Proposal 1);

FOR the approval, on an advisory basis, of the compensation paid to our Executives, as disclosed in the Compensation Discussion and Analysis, the compensation tables and the related narratives in this proxy statement (Proposal 2);and

FOR the ratification of Deloitte & Touche LLP as our independent registered public accounting firm for fiscal 2014 (Proposal 3).

Who may vote?

You may vote at the annual meeting or by proxy if you were a shareholder of record at the close of business on April 11, 2014, the record date for the meeting. As of April 11, 2014, there were 20,681,134 shares of our common stock outstanding and entitled to vote at the meeting. On all matters, including the election of the directors, each common shareholder will have one vote for each share held.

What constitutes a quorum for the annual meeting?

In order to constitute a quorum, a majority of the votes entitled to be cast at the annual meeting must be present either in person or by proxy. Abstentions and broker non-votes will be considered as present for determining a quorum.

It is possible that a proxy would indicate that not all shares represented by it are being voted for specific proposals. For example, a broker cannot vote shares held in street name on certain proposals when the owner of those shares has not provided instructions on how he or she would like them to be voted, which are called “broker non-votes.” The election of directors and the proposal relating to executive compensation fall into this category. Accordingly, if you hold your shares in street name and wish your shares to be voted on Proposals 1 and 2, you must give your broker voting instructions.

What vote is required for each of the proposals to be approved?

For Proposal 1, to be elected, a director nominee must receive the affirmative vote of a majority of the votes cast with respect to such director, which means that the number of shares voted “FOR” that director’s election must exceed the number of shares voted “AGAINST” that director’s election. Shareholders will not be allowed to cumulate their votes in the election of directors. Abstentions and broker non-votes will not be considered as votes cast on this proposal and therefore will not affect the outcome of this proposal.

Proposals 2 and 3 will be approved if more shares are voted “FOR” each proposal than “AGAINST.” Neither abstentions nor broker non-votes will affect the outcome of these proposals.

How do I vote my shares?

Voting of Shares Registered Directly in the Name of the Shareholder. If you hold shares of our common stock in your own name as the holder of record, you may vote your shares by signing, dating and mailing the proxy card in the postage-paid envelope that has been provided to you. Shares held directly in your name as the shareholder of record may also be voted in person at the annual meeting. If you choose to vote in person at the meeting, please bring proof of identification. Even if you plan to attend the annual meeting, we recommend that you vote your shares in advance so that your vote will be counted if you later decide not to attend the meeting.

Voting of Shares Registered in the Name of a Brokerage Firm or Bank. If your shares of our common stock are held in “street name” through a brokerage account or by a bank or other nominee, you will receive instructions from your nominee, which you must follow in order to have your shares voted. If you are a “street name” shareholder and you wish to vote in person at the annual meeting, you must obtain a legal proxy from your nominee giving you the right to vote the shares. Even if you plan to attend the annual meeting, we recommend that you vote your shares in advance so that your vote will be counted if you later decide not to attend the meeting.

What if I return my proxy card but do not provide voting instructions?

Your shares will be voted in accordance with your instructions as specified on your proxy card. If you sign and return your proxy card but do not give voting instructions, your shares will be voted “FOR” the election of the nominees listed under Proposal 1 and “FOR” Proposals 2 and 3. If any other matters properly come before the meeting, the persons indicated on the enclosed proxy will vote that proxy based on their judgment on such matters.

May I revoke my proxy?

If you have executed and submitted your proxy, you may still revoke it at any time as long as it has not been exercised. Your proxy may be revoked by giving written notice of revocation to us, executing a subsequently dated proxy that is delivered to us, or attending the annual meeting and voting in person.

How are votes counted?

Votes cast by proxy or in person at the annual meeting will be counted and certified by representatives of our transfer agent, Computershare Trust Company NA.

Where can I find the voting results of the annual meeting?

We will announce preliminary voting results at the annual meeting and publish the voting results in a Form 8-K to be filed with the SEC within four business days of the annual meeting.

Who pays for the cost of proxy preparation and solicitation?

The cost of this solicitation of proxies will be borne by us. Proxies may also be solicited personally or by telephone, facsimile transmission or other electronic means of communication by our employees acting without additional compensation.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Nominee and Director Information

Our Board is divided into three classes, and generally, each director holds office for a three-year term expiring at the annual meeting of shareholders held in the year that is three years after the director's election and thereafter until his or her successor is elected and qualified.

At our 2014 annual meeting, our shareholders will be asked to elect two directors. J. Wayne Weaver and Gerald W. Schoor have been nominated by the Board, upon the recommendation of the Nominating and Corporate Governance Committee, for election as directors for a term to expire at the 2017 annual meeting of shareholders and until their successors are elected and qualified. Mr. Weaver has served as a director since 1988 and Mr. Schoor since 1993.

To be elected, a director nominee must receive the affirmative vote of a majority of the votes cast with respect to such director, which means that the number of shares voted "for" that director's election must exceed the number of shares voted "against" that director's election. This majority vote standard is in effect because this is an uncontested election of directors (i.e., the number of nominees for director did not exceed the number of directors to be elected as of the record date of the annual meeting). For any contested election, the directors would be elected by a plurality of the votes cast by the shares entitled to vote on the election of directors.

If a director nominee who is serving as a director is not elected at the annual meeting, under Indiana law the director would continue to serve on the Board as a "holdover director." However, under our by-laws, as amended, any incumbent director who fails to be elected must immediately tender his or her resignation to the Board, subject to acceptance by the Board. The Nominating and Corporate Governance Committee would then make a recommendation to the Board on whether to accept or reject the resignation, or whether other action should be taken. The Board, taking into account the recommendation of the Nominating and Corporate Governance Committee, would determine the appropriate responsive action with respect to the tendered resignation. The director who tenders his or her resignation may not participate in the Board's decision. If a nominee who was not already serving as a director is not elected at the annual meeting, under Indiana law that nominee would not become a director and would not serve on the Board as a "holdover director." The nominees for election as directors at the annual meeting are both currently serving on the Board.

The Nominating and Corporate Governance Committee is responsible for recommending to the Board the director nominees that collectively have the complementary experience, qualifications, skills and attributes to guide us and function effectively as a Board. Each nominee for election as a director is selected based on his or her experience,

judgment, integrity, ability to make independent inquiries, an understanding of our business environment and a willingness to devote adequate time to Board duties. It is the Nominating and Corporate Governance Committee's general view to re-nominate an incumbent director who continues to satisfy the criteria for membership on the Board, continues to make important contributions to the Board and consents to continue his or her service on the Board.

Set forth below are the current nominees for director as well as our continuing directors and information regarding each person's service as a director, business experience, director positions held currently or at any time in the last five years, and the experiences, qualifications, attributes or skills that caused the Nominating and Corporate Governance Committee and the Board to recommend the director nominee and to determine that the continuing directors should serve as members of our Board. Unless otherwise indicated, the principal occupation of each director has been the same for the last five years. There is no family relationship between any of our directors or executive officers.

INFORMATION REGARDING THE BOARD OF

DIRECTORS AND COMMITTEES

The primary functions of our Board are:

- To oversee management performance on behalf of our shareholders;
- To ensure that the long-term interests of our shareholders are being served; and
- To monitor adherence to and the effectiveness of our internal standards and policies.

Board Meetings

During fiscal 2013, the Board held four meetings. During fiscal 2013, each of our current directors attended at least 75% of the total Board meetings held during the period in which he served and the meetings of the respective committees on which he served. Additionally, our directors are expected to attend the annual meeting of shareholders each year. Each of our current directors attended our 2013 annual meeting of shareholders.

Board Leadership Structure

Our Corporate Governance Guidelines provide that the Board should be free to choose its Chairman based upon the Board's view of what is in the best interests of the Company at a particular point in time, based on the recommendation of the Nominating and Corporate Governance Committee. Our Board does not have a policy on whether the role of Chairman and Chief Executive Officer should be separate or combined and, if separate, whether the Chairman should be selected from the non-employee directors or be an employee.

The Board has determined at this time that the separation of the offices of Chairman of the Board and President/Chief Executive Officer enhances Board independence and oversight. Moreover, the separation of these positions allows the President/Chief Executive Officer to better focus on his responsibilities of running the Company, enhancing shareholder value and expanding and strengthening our brand while allowing the Chairman of the Board to lead the Board in its fundamental role of providing advice to and independent oversight of management.

A majority of our directors are “independent directors” as defined by the listing standards of The NASDAQ Stock Market LLC (“NASDAQ”), and the Board has determined that such independent directors have no relationship with us that would interfere with the exercise of their independent judgment in carrying out the responsibilities of a director. The independent directors are Messrs. Aschleman, Kleeberger, Schoor and Wood. Mr. Schoor has been designated as the Lead Director and presides at all executive sessions of the non-management directors. Following an executive session, the Lead Director discusses any issues or requested actions to be taken with the President/Chief Executive Officer.

The Board evaluates its leadership structure on an ongoing basis and may change it as circumstances warrant.

Board Committees

The Board has an Audit Committee, a Compensation Committee, and a Nominating and Corporate Governance Committee. Each of the committees operates pursuant to a written charter, which can be viewed on our website at www.shoecarnival.com under Investors–Governance.

Audit Committee

The Audit Committee is solely responsible for the selection and hiring of the independent registered public accounting firm to audit our books and records and pre-approves audit and permitted non-audit services undertaken by the independent registered public accounting firm. It is also responsible for the review of our (i) financial reports and other financial information, (ii) systems of internal controls regarding finance, accounting, legal compliance and ethics, (iii) auditing, accounting and financial reporting processes, and (iv) financial and enterprise risk exposures. See “Board and Committee Role in Risk Oversight.” The committee approves all related person transactions and meets with management and our independent registered public accounting firm as necessary.

The Audit Committee consists of our four non-employee directors: Messrs. Kleeberger (Chair), Aschleman, Schoor and Wood. The Board and the Audit Committee believe the current member composition satisfies the listing standards of NASDAQ governing audit committee composition, including the requirement that the audit committee members all be “independent” directors, as that term for audit committee members is defined in the listing standards of NASDAQ and Rule 10A-3 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). The Board has also determined that Mr. Kleeberger qualifies as an “audit committee financial expert” as defined by the SEC rules adopted pursuant to the Sarbanes-Oxley Act of 2002. The Audit Committee met seven times during fiscal 2013, with three of these meetings being conducted via teleconference.

Compensation Committee

The Compensation Committee is responsible for evaluating and approving our director and officer compensation plans, policies and programs. The committee also administers our equity compensation and retirement plans and reviews the risks related to our compensation policies and programs. For a detailed description of the roles of the Compensation Committee and management in setting compensation and the role of our outside compensation consultant in setting director compensation in fiscal 2013, see “Executive and Director Compensation – Compensation Discussion and Analysis.”

The Compensation Committee consists of our four non-employee directors: Messrs. Schoor (Chair), Aschleman, Kleeberger and Wood. Each of the members meets the independence requirements of the NASDAQ listing standards and Rule 10C-1(b)(1) promulgated under the Exchange Act. Each member is a “Non-Employee Director” as defined in Rule 16b-3 under the Exchange Act and each is an “Outside Director” as defined by the regulations under Section 162(m) of the Internal Revenue Code of 1986, as amended (the “Internal Revenue Code”). During fiscal 2013, none of the members were involved in a relationship requiring disclosure as an interlocking executive officer/director or as a former officer or employee. In addition, none of the members were involved in a relationship requiring disclosure under Item 404(a) of Regulation S-K. The Compensation Committee held four meetings during fiscal 2013.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee exercises a leadership role in shaping our corporate governance and recommends to the Board corporate governance principles on a number of topics, including (i) Board organization, membership and function, (ii) committee structure and membership, and (iii) oversight of the evaluation of the Board. As the nominating body of the Board, the committee also interviews, evaluates, nominates and recommends individuals for membership on the Board and on the various committees of the Board. Nominees will be evaluated based on their experience, judgment, integrity, ability to make independent inquiries, understanding of our business environment and willingness to devote adequate time to Board duties.

Our Corporate Governance Guidelines provide that in identifying potential director nominees, our Nominating and Corporate Governance Committee is to take into account geographic, occupational, gender, race and age diversity. Broadly defined, diversity means diversity of viewpoints, background, experience and other demographics. The committee implements that policy, and assesses its effectiveness, by examining the diversity of all of the directors on the Board when it selects nominees for directors. The diversity of directors is one of the factors that the Nominating and Corporate Governance Committee considers, along with the other selection criteria described above.

The Nominating and Corporate Governance Committee also will consider director candidates recommended by shareholders. A shareholder who wishes to recommend a director candidate for consideration should send such recommendation to our Secretary at 7500 East Columbia Street, Evansville, Indiana 47715, who will forward it to the Nominating and Corporate Governance Committee. Any such recommendation should include a description of the candidate's qualifications for board service, the candidate's written consent to be considered for nomination and to serve if nominated and elected, and addresses and telephone numbers for contacting the shareholder and the candidate for more information. A shareholder who wishes to nominate an individual as a director candidate at an annual meeting of shareholders, rather than recommend the individual to the Nominating and Corporate Governance Committee as a nominee, must comply with the advance notice requirements set forth in our by-laws, a copy of which may be obtained from our Secretary. A summary of such requirements is provided in this proxy statement under "Shareholder Proposals for 2015 Annual Meeting." The Nominating and Corporate Governance Committee's process for identifying and evaluating nominees for director will be the same whether the nominee is from the Nominating and Corporate Governance Committee's search for a candidate, or whether the nominee was recommended by a shareholder.

The Nominating and Corporate Governance Committee consists of our four non-employee directors: Messrs. Aschleman (Chair), Kleeberger Schoor and Wood. Each member is "independent," as such term for nominating committee members is defined in the NASDAQ listing standards. The Nominating and Corporate Governance Committee met three times during fiscal 2013.

Board and Committee Role in Risk Oversight

While the Board has the ultimate oversight responsibility for the risk management process, various committees assist in fulfilling its oversight responsibilities in certain areas of risk. In particular, the Audit Committee focuses on financial and enterprise risk exposures, including internal controls. The Audit Committee discusses with management, internal audit, and the independent registered public accounting firm our major financial risk exposures, including risks related to fraud, liquidity and regulatory compliance, our policies with respect to risk assessment and risk management, and the steps management has taken to monitor and control such exposures. The Board also periodically receives information about our risk management activities and the most significant risks we face. This is principally accomplished through Audit Committee reports to the Board and summary briefings provided by management. The Audit Committee members, as well as each other director, also have access to our Chief Financial Officer and any other members of our management for discussions between meetings as warranted. For a description of the Compensation Committee's role in overseeing compensation related risks, see "Executive and Director Compensation – Compensation-Related Risk Assessment" in this proxy statement.

Code of Business Conduct and Ethics

We have adopted a Code of Business Conduct and Ethics (the “Ethics Code”) that applies to all of our directors, officers and employees, including our principal executive officer, principal financial officer, and principal accounting officer. The Ethics Code is posted on our website at www.shoecarnival.com under Investors–Governance. We intend to disclose any amendments to the Ethics Code by posting such amendments on our website. In addition, any waivers of the Ethics Code for our directors or executive officers will be disclosed in a Current Report on Form 8-K.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our executive officers and directors, and persons who own more than 10% of our common stock, to file initial reports of ownership and reports of changes in ownership with the SEC. Such persons are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

Based solely on a review of the copies of such forms furnished to us and written representations from certain reporting persons, we believe that during fiscal 2013 all filing requirements applicable to our executive officers, directors and greater than 10% shareholders were timely satisfied.

Proposal No. 2

Advisory Vote on the Compensation Paid to our Executives

As we did the last two years, we are asking our shareholders to approve the compensation paid to our Executives, as disclosed pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, the compensation tables and the related narratives in this proxy statement. This proposal, commonly known as a “say-on-pay” proposal, gives our shareholders the opportunity to express their views on the compensation of our Executives. In accordance with the advisory vote conducted at our 2011 annual meeting of shareholders on the frequency of future say-on-pay votes, we are currently conducting say-on-pay votes on an annual basis. The next advisory vote on the frequency of say-on-pay votes will be conducted no later than our 2017 annual meeting of shareholders.

Our compensation philosophy seeks to closely align the interests of Executives with the interests of our shareholders. Our compensation programs are designed to reward our Executives for the achievement of short-term and long-term strategic and operational goals and the attainment of increased total shareholder return. Additionally, it is important in the current retail climate that management emphasizes financial stability and liquidity while working to increase our market share through new store growth.

The Compensation Committee and our Board believe that our fiscal 2013 Executive compensation aligned with our philosophy and corporate performance and was effective in fulfilling the Compensation Committee’s compensation objectives. An Executive Summary is provided at the beginning of the Compensation Discussion and Analysis section followed by a more detailed discussion of our Executive compensation programs, how they reflect our philosophy and are linked to Company performance and the impact of our 2013 say-on-pay vote on Executive compensation decisions. We encourage our shareholders to read the Compensation Discussion and Analysis section, along with the compensation tables and narrative discussion contained in this proxy statement.

We are asking our shareholders to indicate their support for the compensation paid to our Executives as described in this proxy statement. This vote is not intended to address any specific item of compensation but rather the overall compensation of our Executives and the philosophy, policies and practices described in this proxy statement. Accordingly, we recommend that our shareholders vote “FOR” the following resolution at the annual meeting:

“RESOLVED, that the Company’s shareholders approve, on an advisory basis, the compensation of the Executives, as disclosed in the Company’s Proxy Statement for the 2014 Annual Meeting of Shareholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and the other related disclosure.”

As an advisory vote, this proposal will not be binding upon us or our Board or Compensation Committee. However, our Board and Compensation Committee value the opinion of our shareholders, and to the extent that there is any significant vote against the Executives' compensation as disclosed in this proxy statement, we will consider our shareholders' concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

The Board recommends that our shareholders vote FOR the approval, on an advisory basis, of the compensation paid to our Executives, as disclosed in this proxy statement.

EXECUTIVE AND DIRECTOR COMPENSATION

Compensation Discussion and Analysis

Overview

The "Compensation Discussion and Analysis" section of this proxy statement is intended to help our shareholders understand our overall executive compensation programs, objectives, framework and elements and to discuss and analyze the basis for, and the decisions of our Compensation Committee (the "Committee") and our Board of Directors with respect to, the compensation paid to our named executive officers shown in the Summary

Compensation Table and in the other tables and narrative discussion that follow. Our named executive officers (the “Executives”) for fiscal 2013 were:

Officer Name and Position

Clifton E. Sifford, President, Chief Executive Officer and Chief Merchandising Officer

W. Kerry Jackson, Senior Executive Vice President – Chief Operating and Financial Officer and Treasurer

Timothy T. Baker, Executive Vice President – Store Operations

Carl N. Scibetta, Executive Vice President – General Merchandise Manager

Kathy A. Yearwood, Senior Vice President – Controller and Chief Accounting Officer

During October 2012, our former president and chief executive officer retired. Mr. Sifford was appointed as President, Chief Executive Officer and Chief Merchandising Officer and Mr. Jackson was promoted to Senior Executive Vice President – Chief Operating and Financial Officer. Both executives, along with Mr. Baker, assumed additional responsibilities as a result of this transition. Additionally, during December 2012, Mr. Scibetta joined Shoe Carnival to assume the responsibilities of General Merchandise Manager from Mr. Sifford after his appointment to President and Chief Executive Officer.

Executive Summary

We seek to closely align the interests of our Executives with the interests of our shareholders. Our compensation programs are designed to reward our Executives for the achievement of short-term and long-term strategic and operational goals and the attainment of increased total shareholder return. Additionally, it is important in the current retail climate that management emphasizes financial stability and liquidity while working to increase our market share through new store growth.

Total compensation for our Executives is comprised of a mix of base salary, annual cash incentives and long-term equity based compensation in the form of service-based and performance-based restricted stock awards. We believe our management team continues to be driven to a higher level of performance by the pay-for-performance compensation philosophy of our compensation programs.

The following table highlights the year-over-year comparison of some of the key financial metrics that we use in evaluating our performance for the purposes of making compensation decisions (\$ amounts in thousands except per share data).

Key Financial Metrics	Fiscal 2013	Fiscal 2012	Fiscal 2011
-----------------------	-------------	-------------	-------------

Edgar Filing: SHOE CARNIVAL INC - Form DEF 14A

Net Sales	\$ 884,785		\$ 854,998		\$ 762,534	
Comparable Store Sales Increase	0.0	%	4.5	%	0.7	%
Gross Profit Percentage	29.3	%	30.1	%	29.5	%
Operating Income	\$ 43,667		\$ 48,494		\$ 42,137	
Net Income	\$ 26,871		\$ 29,338		\$ 26,382	
Earnings per share, diluted	\$ 1.32		\$ 1.43		\$ 1.31	

Net sales increased \$29.8 million to \$884.8 million for fiscal 2013, a 3.5% increase, from net sales of \$855.0 million for fiscal 2012 as a result of our new store growth. Similar to other retailers, we follow the retail calendar, which included an extra week in the fourth quarter of fiscal 2012 (the 53rd week). The loss of this one week of sales in fiscal 2013 negatively affected our net sales comparison, as approximately \$10.7 million in net sales were recorded for this extra week in fiscal 2012.

We opened 32 new stores and closed seven stores in fiscal 2013. Approximately 80% of these new store locations served to fill-in certain under-penetrated markets with additional stores, with the goal of increasing the performance of the overall market. The remaining 20% of our new store openings were in seven new smaller markets.

We continued our cash dividend payments to shareholders during fiscal 2013, paying four quarterly cash dividends each in the amount of \$0.06 per share, representing a 20% increase over the quarterly dividend rate in fiscal 2012. In total during fiscal 2013, we returned \$4.9 million to our shareholders through our quarterly cash dividends.

Effective in June 2013, the Board adopted stock ownership guidelines applicable to all non-employee directors and all executive officers. Under the guidelines, our non-employee directors are required to own shares valued at three times their annual Board cash retainer. Our Chairman of the Board and our Chief Executive Officer are each required to own shares valued at three times their annual base salary, with all other executive officers required to own shares valued at two times their annual base salary. Each current non-employee director or executive officer has five years, or until June 2018, to meet the minimum stock ownership requirements.

Our fiscal 2013 financial results, along with our financial results from fiscal 2012 and fiscal 2011, are more fully described in “Management’s Discussion and Analysis of Financial Condition and Results of Operations” in our Annual Report on Form 10-K for fiscal 2013.

We believe our fiscal 2013 Executive compensation aligned well with the objectives of our compensation philosophy and with our performance. The following chart provides a historical perspective on our performance-based annual cash incentive component.

Based on achieving a defined amount of pre-bonus operating income in fiscal 2013, Messrs. Sifford, Jackson, Baker and Scibetta and Ms. Yearwood could earn a bonus payment pursuant to our 2006 Executive Incentive Compensation Plan, as amended (the “Executive Incentive Compensation Plan”). In fiscal 2013, our pre-bonus Operating Income was \$44.1 million, which exceeded the established bonus threshold by approximately 9% and resulted in each of these executives earning a bonus.

We utilize both performance-based and service-based restricted stock awards as our primary forms of equity-based incentive compensation. Since fiscal 2005, the performance-based incentive awards granted to our Executives vest with the attainment of specified annual earnings per diluted share. Earnings per diluted share achieved in

fiscal 2013 did not result in the vesting of any shares of restricted stock, as the unvested performance-based awards contain target earnings per diluted share in excess of our fiscal 2013 results.

We encourage you to read the complete Compensation Discussion and Analysis for the detailed discussion and analysis of our Executive compensation program.

Compensation Philosophy and Objectives of the Overall Compensation Program

Our compensation philosophy is to design programs to attract, retain and motivate the finest talent possible for all levels of the organization. In addition, the programs are designed to maintain a performance and achievement-oriented environment, to be cost-competitive, to treat all employees fairly and to maximize the tax deductibility of employee compensation. All programs have the following characteristics:

Compensation is based on the level of job responsibility, the individual's level of performance and the Company's overall performance. As employees assume greater responsibility, a larger portion of their total compensation should be "at risk" incentive compensation (both annual and long-term), subject to corporate and individual performance metrics.

A combination of short-term compensation in the form of base salaries and annual cash incentives and long-term equity based compensation in the form of service-based and performance-based restricted stock awards and stock option grants are utilized to provide incentive to Executives to create shareholder value through the attainment of both short and long-term goals.

Compensation also takes into consideration the value of the job in the marketplace. To retain a highly skilled work force, we strive to remain competitive with the pay of employers who compete with us for talent.

The Committee, along with management, recognizes that the challenges faced by an entrepreneurial and growth-orientated retail organization require that compensation programs remain flexible to meet the prevailing market conditions for key management roles. Determination of appropriate compensation for our Executives is based on the Committee's in-depth knowledge of our operations and the competitive environment in which we operate, along with the accumulated business expertise of the members of the Committee. This process is subjective because we do not believe that a purely formula-driven approach to compensation can adequately take into account all of the various aspects that will lead to our long-term success.

What the Compensation Program is Designed to Reward

The Committee emphasizes the relationship of compensation to performance. In evaluating the Company's performance and the contribution of the Executives, the Committee generally considers increases in store growth, sales, operating income, net earnings and earnings per share as compared to both the financial plan for the year and prior year performance. The Committee also evaluates free cash flow generated by the Company, management's success in managing merchandise inventories and the impact of prevailing economic conditions. In the current retail climate, management's emphasis on financial stability and liquidity while working to increase our market share through new store growth is important.

Compensation Program Components, Why Each Component Is Chosen and How Each Component Relates To Our Compensation Philosophy and Objectives

The basic components of our Executive compensation program consist of base salary, annual cash incentives, long-term equity based incentives and other benefits, which include retirement plans, health and welfare benefits, limited perquisites and other fringe benefits.

Base Salary

The base salary component provides for fixed compensation and rewards the core competencies of each Executive relative to skill set, experience, tenure and individual performance. Base salary serves as the base amount from which other compensation elements are determined, such as target annual cash incentives. In general, executive officers with higher levels of responsibility have a lower percentage of their compensation fixed as base salary and a higher percentage of their compensation at risk.

Annual Cash Incentives

We utilize a performance-based cash incentive program, which is designed to reward the Executives for meeting annual financial goals that will lead to our long-term success. Under our Executive Incentive Compensation Plan, performance targets may be based on one or more of the following business criteria: annual return to shareholders, net sales, net income, net income before nonrecurring items, operating income, return on equity, return on assets, EPS, EBITDA, EBITDA before nonrecurring items, comparable store sales, average sales per square foot or average sales per square foot for new stores. Each of the foregoing business criteria may also be calculated before bonus expense.

The Committee annually selects the business criteria that performance targets will be based on, determines the minimum threshold, target and maximum performance target levels and sets the percentage of salary each Executive can earn for achievement of the performance target levels. The Committee utilizes financial projections prepared by management in setting the performance targets. These projections incorporate various assumptions related to targeted comparative store sales increases, merchandise gross margin, new store openings and selling, general and administrative expense levels. These projections attempt to incorporate the known risk factors inherent with the current economic retail climate and present both the challenges and opportunities facing the Company. The parameters under which the program will be administered are established by the Committee, typically within the first 60 days of each fiscal year.

We may also award discretionary cash bonuses to Executives for their work on special projects, for significant accomplishments, for promotions, as new hire sign-on bonuses, when the Committee seeks to align compensation levels more closely to market conditions or when the Committee otherwise determines.

Long-Term Equity Based Incentives

We consider equity compensation, in the form of restricted stock or stock options, to be an important element in the overall compensation of our Executives and other key employees. Equity based incentive awards that typically vest over time, or upon the attainment of long-term goals, help to retain Executives and encourage them to manage through difficult periods and to improve our long-term performance. This philosophy serves to more closely align the interests of our Executives with the interests of our shareholders.

We currently utilize both performance-based and service-based restricted stock awards as our primary forms of equity based incentive compensation. The vesting of performance-based awards is tied to the attainment of defined earnings per diluted share and rewards each Executive for the creation of shareholder value. Up to 100% of the number of shares of restricted stock may be forfeited if the performance goals are not achieved within a six-year window of time. Restricted stock awards employing service-based vesting are utilized on a limited basis as appropriate when retention or recruitment is our primary and immediate objective. Equity-based awards are issued pursuant to the terms and conditions of the 2000 Stock Option and Incentive Plan, as amended (the "2000 Stock Plan").

Other Benefits

We provide the Executives with health and welfare programs, a 401(k) retirement plan and employee benefit plans, programs and arrangements generally available to all employees. We also provide the Executives, along with all of our other officers, other executive benefit programs and perquisites in order to provide a competitive executive compensation program and to foster executive retention.

The additional levels of benefits available to the Executives include an executive life insurance program, an executive long-term disability program, additional medical benefits and a nonqualified deferred compensation plan. The life insurance and long-term disability programs provide the Executives with life and disability benefits greater than the benefits available under our standard broad-based life insurance and long-term disability programs. The additional medical benefits serve to supplement our standard health benefits program and provide additional reimbursement of out-of-pocket expenses including co-payments and deductibles. The nonqualified deferred compensation plan is offered to our Executives who, due to Internal Revenue Service limitations, cannot defer an adequate level of replacement income for their retirement planning. Further details on the nonqualified deferred compensation plan can be found under “Nonqualified Deferred Compensation –Non-Equity Based Compensation –Narrative Discussion.” In addition, we currently offer limited perquisites to each Executive. Details of our perquisites are contained in footnote 5 to the Summary Compensation Table.

Stock Ownership Guidelines

The Board adopted stock ownership guidelines applicable to all non-employee directors and all executive officers, including all of the Executives, effective as of June 13, 2013. Under the guidelines, our non-employee directors are required to own shares valued at three times their annual Board cash retainer. Our Chairman of the Board and our Chief Executive Officer are each required to own shares valued at three times their annual base salary, with all other executive officers required to own shares valued at two times their annual base salary. Each current non-employee director or executive officer has five years, or until June 13, 2018, to meet the minimum stock ownership requirements. For the purposes of these guidelines, shares directly owned without any restrictions (excluding shares offered as a new hire inducement), shares owned through our Employee Stock Purchase Plan and shares owned directly by members of the non-employee director’s or executive officer’s immediate family who share the same household or any trust for the benefit of the non-employee director’s or executive officer’s immediate family members count towards the ownership requirements.

The value of stock holdings are determined based on the higher of the closing price of our common stock on the day prior to the valuation determination, or the average daily closing price of our common stock during the five-year period ending on the date of the valuation determination. The Committee is responsible for monitoring the application of the stock ownership guidelines and reviewed the current ownership valuation for each of our executive officers and non-employee directors at its March 2014 meeting. Of our Executives, Mr. Baker and Ms. Yearwood each met their ownership requirements on this valuation date. As a result, in accordance with the guidelines, their ownership will not be reassessed unless and until they are promoted to a position with a higher ownership goal or they sell, transfer or otherwise dispose of shares that previously counted towards the ownership requirements.

We believe the adoption of stock ownership guidelines further serves to align the interests of our Executives with those of our shareholders.

Impact of Say-on-Pay Vote on Executive Compensation Decisions

In June 2013, we held our third shareholder say-on-pay vote. Our shareholders approved the proposal, with approximately 98% of the shareholder votes cast voting in favor of the 2013 say-on-pay vote.

At its meeting in March 2014, the Committee reviewed our compensation programs and the results of the 2013 say-on-pay vote. The Committee also considered the discussion that members of our management had with several of our larger shareholders regarding our compensation programs, during which such shareholders did not identify any issues with our compensation programs. The Committee determined that our compensation programs are fundamentally sound, support the needs of our business, are aligned with the trends in the market and, taking into account the results of our 2013 say-on-pay vote, are strongly supported by our shareholders.

As a result, the Committee decided to retain our 2013 executive compensation philosophy, objectives, components, component mix, and performance metrics for 2014 compensation purposes. The performance targets for our annual cash incentive component were updated to conform to our fiscal 2014 financial projections. For fiscal 2014, base salaries, annual cash incentives and long-term equity based incentives were reviewed and adjusted to ensure appropriate competitive positioning.

In addition, when determining how often to hold future say-on-pay votes, the Board took into account the preference for an annual vote expressed by our shareholders at our 2011 annual meeting. Accordingly, the Board

has determined that we will hold say-on-pay votes on an annual basis until the next say-on-pay frequency vote, which will be held no later than our 2017 annual meeting.

Fiscal 2013 Compensation Matters

Base Salary

The Committee reviews and approves salaries for the Chief Executive Officer and other Executives on an annual basis or at other times as necessary to accommodate the hiring of new employees, a change in responsibilities, promotions, or other considerations. The Chief Executive Officer provides recommendations to the Committee for the other Executives. Recommended base salaries are reviewed and set based on a number of factors, including job responsibilities, individual industry experience, position, changes in responsibilities, individual performance, the Company's overall performance and industry data for comparable positions. No predetermined weight is given to any of the above factors.

The fiscal 2013 base salary for each Executive was increased as follows:

Name	Compensation Decisions – Base Salary					
	Fiscal 2012			Fiscal 2013		
	March 2012	Senior Leadership Transition	Percentage Increase	Fiscal 2013	Percentage Increase	
Clifton E. Sifford	\$480,000	\$ 550,000	14.6	% \$575,000	4.5	%
W. Kerry Jackson	\$465,000	\$ 520,000	11.8	% \$520,000	0.0	%
Timothy T. Baker	\$455,000	\$ 500,000	9.9	% \$500,000	0.0	%
Carl N. Scibetta	N/A	\$ 350,000		\$350,000	0.0	%
Kathy A. Yearwood	\$205,000	N/A		\$215,000	4.9	%

In light of the promotions associated with our fiscal 2012 transition in senior leadership as a result of the retirement of our former president and chief executive officer and the additional responsibilities assumed by Messrs. Sifford, Jackson and Baker, the Committee approved new base salaries for those Executives effective October 27, 2012, as reflected in the above table. Mr. Scibetta's compensation reflects the annual base salary the Committee determined was necessary to fill his senior level position. Mr. Scibetta joined us in December 2012. The Committee did not increase Messrs. Jackson, Baker or Scibetta's salaries for fiscal 2013. Mr. Sifford's and Ms. Yearwood's salary increases for fiscal 2013 were made to keep each of their salaries competitive and, in the case of Ms. Yearwood, to also reflect her increased responsibilities.

Annual Cash Incentives

A portion of the annual cash compensation our Executives could earn for fiscal 2013 consisted of a performance-based bonus payment pursuant to the Executive Incentive Compensation Plan. The Committee could also award discretionary cash bonuses to the Executives for their work on special projects, for significant accomplishments, for promotions, as a new hire sign-on bonus or as the Committee otherwise determined.

For fiscal 2013, the Committee at their March 2013 meeting selected our operating income before officer bonus expense (“Operating Income”) as the business criteria for all officers included in the plan. The Committee established the minimum threshold, target and maximum performance target levels as well as the applicable percentage of annual salary that officers could earn for attainment of each performance target level. The targets attempted to incorporate the known risk factors inherent with the current retail economic climate and present challenges and opportunities facing the Company. The following table reflects the percentage of salary each Executive could earn based upon the attainment of the various target levels of Operating Income, which percentages remained the same as those established for fiscal 2012. Mr. Scibetta was eligible to participate in the Executive Incentive Compensation Plan for the first time in fiscal 2013.

Name	Percentage of Annual Salary				
	Threshold	Target	Maximum		
Clifton E. Sifford	0	% 80	% 125	%	
W. Kerry Jackson	0	% 60	% 100	%	
Timothy T. Baker	0	% 60	% 100	%	
Carl N. Scibetta	0	% 60	% 100	%	
Kathy A. Yearwood	0	% 40	% 60	%	

The minimum threshold for fiscal 2013 was selected as 80% of the Operating Income achieved in fiscal 2012, or \$40.4 million. In setting the minimum threshold, the Committee considered, among other factors, the record financial results achieved by the Company in fiscal 2012, the additional cost to be incurred by the Company to accelerate store growth during fiscal 2013 and the continued uncertainty of the U.S. and global economies. If the minimum threshold was met, the Executives would earn an escalating bonus, as a percentage of their base salary, as the fiscal 2013 Operating Income exceeded the threshold amount. Upon the attainment of the target Operating Income for fiscal 2013, or \$55.6 million, a 10% increase over Operating Income recorded in fiscal 2012, each Executive would earn their target bonus. With the attainment of 120% of the target Operating Income, or \$66.7 million, a 32% increase over fiscal 2012 Operating Income, each Executive would earn his or her maximum allowable bonus under the Executive Incentive Compensation Plan.

Our fiscal 2013 Operating Income was \$44.1 million, which exceeded the established bonus threshold by approximately 9%. As a result, under the plan, each Executive earned the following bonus:

Name	Bonus Earned	Percentage of Base Salary	
Clifton E. Sifford	\$ 105,461	18.3	%
W. Kerry Jackson	\$ 63,582	12.2	%
Timothy T. Baker	\$ 61,137	12.2	%
Carl N. Scibetta	\$ 42,796	12.2	%
Kathy A. Yearwood	\$ 13,144	6.1	%

On March 17, 2014, the Committee reviewed our financial results and approved the payments as earned under the Executive Incentive Compensation Plan. At that meeting, the Committee also awarded Mr. Scibetta a discretionary bonus of approximately \$18,000 in recognition of his achievements related to our new product initiatives and successfully managing our inventories in a difficult retail environment.

Long-Term Equity Based Incentives

Incentive awards are granted pursuant to the 2000 Stock Plan at the discretion of the Committee. The Committee relies in large part on the recommendation of our Chairman and our Chief Executive Officer in determining the number of incentive awards to be granted to Executives. With the exception of new employees and promotions, incentive awards are typically granted on an annual basis at the Committee's regularly scheduled meeting in March of each year. This meeting is scheduled in advance and occurs before the release of our fourth quarter and annual earnings.

Based on the recommendation of our Chairman and our Chief Executive Officer, the Committee, at its March 2013 meeting, granted an aggregate of 87,500 shares of performance-based restricted stock to the Executives as follows:

Name	Shares Awarded
Clifton E. Sifford	30,000
W. Kerry Jackson	20,000
Timothy T. Baker	15,000
Carl N. Scibetta	15,000
Kathy A. Yearwood	7,500

An additional 117,750 shares were granted to other members of management. One-third of these restricted shares vest upon the attainment of annual earnings per diluted share of \$1.57, a 10% increase over the earnings per diluted share achieved by the Company in fiscal 2012; one-third vest upon the attainment of annual earnings per diluted share of \$1.73, a 10% increase over the prior tier; and one-third vest upon the attainment of annual earnings per diluted share of \$1.90, a 10% increase over the prior tier. Multiple tranches of these restricted shares may vest in a given year. Any restricted shares that are unvested after six fiscal years will be forfeited. Our Chairman and our Chief Executive Officer based their recommendation for the March 2013 restricted stock awards on a total of approximately 1% of our then outstanding shares, with consideration given to the dilutive effect of the proposed grant. Recommendation of the allocation of shares amongst members of management was made based on the individual's potential for making significant contributions in the future and the relative importance of the individual's position to others in our organization. No other forms of equity-based compensation were awarded to the Executives during fiscal 2013.

Other Benefits

The other executive benefit programs and perquisites described above under "Compensation Program Components, Why Each Component Is Chosen and How Each Component Relates to Our Compensation Philosophy and Objectives - Other Benefits" were not changed from fiscal 2012, except that the Committee determined to allow Mr. Sifford limited personal use of the Company-provided aircraft in fiscal 2013.

Fiscal 2014 Executive Compensation Decisions

The Committee met on March 17, 2014 and completed its review and approval of the fiscal 2014 corporate goals and objectives relevant to Executive compensation, evaluated each Executive's individual performance as well as their collective performance in light of the prior year internal goals and objectives and set Executive compensation levels for fiscal 2014 based on this evaluation. This process was consistent with that performed in March 2013.

The Committee established the following with respect to Executive compensation for fiscal 2014:

1. The base salary for each Executive was set as follows:

Name	Base Salary	Percentage Increase	
Clifton E. Sifford	\$575,000	0.0	%
W. Kerry Jackson	\$520,000	0.0	%
Timothy T. Baker	\$500,000	0.0	%
Carl N. Scibetta	\$385,000	10.0	%
Kathy A. Yearwood	\$225,000	4.7	%

Mr. Scibetta's salary was increased to reflect his leadership of our new product initiatives as well as his achievements related to successfully managing our inventories in a difficult retail environment. Ms. Yearwood's salary increase was to reflect her increased responsibilities.

The Committee selected our operating income before officer bonus expense (“Operating Income”) as the business criteria for all officers included in the Executive Incentive Compensation Plan and established the minimum threshold, target and maximum performance target levels. These targets attempt to incorporate the known risk factors inherent with the current economic retail climate and present challenges and opportunities facing the Company. The following table reflects the percentage of salary each Executive could earn based upon the attainment of the various target levels of Operating Income and are the same percentages as those established for fiscal 2013.

Name	Percentage of Annual Salary				
	Threshold	Target		Maximum	
Clifton E. Sifford	0%	80 %		125 %	
W. Kerry Jackson	0%	60 %		100 %	
Timothy T. Baker	0%	60 %		100 %	
Carl N. Scibetta	0%	60 %		100 %	
Kathy A. Yearwood	0%	40 %		60 %	

The minimum threshold for fiscal 2014 was selected as 100% of the Operating Income achieved in fiscal 2013, or \$44.1 million. In setting the minimum threshold, the Committee considered, among other factors, the cost to be incurred by the Company to accelerate store growth during fiscal 2014 and the continued uncertainty of the U.S. and global economies. Once the minimum threshold is met, the Executives will earn an escalating bonus, as a percentage of their base salary, as the fiscal 2014 Operating Income exceeds the threshold amount. Upon the attainment of the target Operating Income for fiscal 2014, or \$49.0 million, an 11.1% increase over Operating Income recorded in fiscal 2013, each Executive would earn their target bonus. With the attainment of 120% of the target Operating Income, or \$58.8 million, a 33.3% increase over fiscal 2013 Operating Income, each Executive would earn their maximum allowable bonus under the Executive Incentive Compensation Plan. The Committee, at its March 2015 meeting, will review the Company’s financial results against these goals.

3. Based on the recommendation of our Chairman and our Chief Executive Officer, the Committee granted an aggregate of 90,500 shares of restricted stock to the Executives as follows:

Name	Performance-Based Restricted Stock
Clifton E. Sifford	30,000
W. Kerry Jackson	20,000
Timothy T. Baker	16,500
Carl N. Scibetta	16,500
Kathy A. Yearwood	7,500

An additional 100,800, or 67,204 shares of performance-based restricted stock and 33,596 shares of service-based restricted stock, were granted to other members of management.

One-third of the performance-based restricted shares vest upon the attainment of annual earnings per diluted share of \$1.57, a 19% increase over the earnings per diluted share achieved by the Company in fiscal 2013; one-third vest upon the attainment of annual earnings per diluted share of \$1.73, a 10% increase over the prior tier; and one-third vest upon the attainment of annual earnings per diluted share of \$1.90, a 10% increase over the prior tier. Multiple tranches of these restricted shares may vest in a given year. Any restricted shares that are unvested after six fiscal years will be forfeited. The service-based restricted shares granted to our non-Executives have a two-year cliff vesting provided each recipient maintains continuous service with us through such date.

Our Chairman and our Chief Executive Officer based their recommendation for the fiscal 2014 restricted stock awards on a total of approximately 1% of our then outstanding shares, with consideration given to the dilutive effect of the proposed grant. Recommendation of the allocation of shares amongst members of management

was made based on the individual's potential for making significant contributions in the future and the relative importance of the individual's position to others in our organization. No other forms of equity-based compensation have been awarded to the Executives for fiscal 2014.

The other executive benefit programs and perquisites described above under "Compensation Program Components, Why Each Component Is Chosen and How Each Component Relates to Our Compensation Philosophy and Objectives - Other Benefits" were not changed from fiscal 2013, except that the Committee increased the amount of hours on the Company-provided aircraft that Mr. Sifford could use for personal reasons in fiscal 2014.

Determination of Compensation Amounts

The Committee is responsible for establishing our compensation philosophy and strategies and has overall responsibility for approving and evaluating the director and officer compensation plans, policies and programs. Annually, the Committee reviews and approves corporate goals and objectives relevant to Executive compensation, evaluates each Executive's individual performance as well as their collective performance in light of these goals and objectives, and sets compensation levels based on this evaluation. The Committee believes its obligation is to structure programs that best serve the Company's interests and the interests of our shareholders. The Committee currently consists of four directors, none of whom is a current or former employee and each of whom is deemed independent as defined in the listing standards of NASDAQ.

Regarding most compensation matters, including Executive and director compensation, management provides recommendations to the Committee; however, the Committee does not delegate any of its functions to others in setting compensation. During fiscal 2013, the Committee engaged Frederic W. Cook & Co., Inc. ("Cook"), an outside compensation consultant, to review the compensation arrangements for our non-employee directors. Cook did not perform any other services for us during fiscal 2013. Prior to engaging Cook, the Committee reviewed and considered the factors set forth in the SEC's and NASDAQ's rules with respect to the independence of compensation consultants as they related to Cook. The work of Cook did not raise any conflict of interest issues during 2013. The Committee does not currently utilize outside consultants in Executive compensation matters; however, the Committee does review comparisons to other retailers compiled by management from publicly available filings.

It is the Committee's intention to set total Executive compensation at a level to attract and retain a talented and motivated leadership team and balance the perception of other stakeholders that Executive compensation is reasonably competitive. In making compensation decisions, the Committee reviews executive compensation practices within the retail and footwear industries with consideration given to, among other factors, differences in sales, growth rates and total market capitalization. Our retail peer group consists of leading apparel retailers with sales greater than \$395 million and less than \$4.8 billion. Our footwear peer group consists of leading footwear retailers. We do not limit our comparisons to only footwear retailers as our competition for talent falls within a wide range of companies and

industries.

The Committee also utilizes a tally sheet to review the total compensation package provided to the Executives for the current and prior four fiscal years, where applicable. The tally sheet sets forth the dollar amounts of all components including base salary, annual cash incentives, long-term equity based incentives, the incremental expense related to the additional level of benefits provided to Executives and perquisites. The tally sheet is supplemented by a summary of stock ownership and other equity interests (both vested and unvested) in the Company as well as a summary of accumulated wealth for each Executive derived from the vesting or exercise of equity incentives. The stock ownership and accumulated wealth of the Executives did not influence the Committee's decision on equity-based compensation awards in fiscal 2013.

Executives are compensated through a combination of short-term compensation components (base salary and annual cash incentives) and long-term equity based incentives. The Committee does not have a specific policy for the allocation of compensation between short and long-term components or cash and equity based compensation. The Committee establishes all performance targets associated with compensation program components in a manner to encourage achievement of increases in shareholder value. In setting total compensation, the Committee applies a consistent approach for all Executives and applies appropriate business judgment in how the standard approach is applied to the facts and circumstances associated with each Executive. Although the Committee

-20-

reviews compensation data of peer group companies, it does not benchmark the compensation of the Executives utilizing the peer group data. Instead, the Committee only utilizes our peer group data to determine whether the types and amount of Executive compensation are reasonable and competitive in view of the peer group data. The peer group information is compiled by our management and provided to the Committee for its use. Amounts earned by each Executive for fiscal years 2013 and 2012 and, as applicable, fiscal year 2011 are detailed in the Summary Compensation Table following this section.

Our current peer groups are comprised of the following companies:

Termination and Change in Control Arrangements

We have entered into an employment and noncompetition agreement with each of our Executives, which specifies various payments to be made to the Executive in the event their employment is terminated, including upon a qualifying termination following a change in control. The type and amount of payments vary by Executive and the nature of the termination. We believe the severance benefits payable under these agreements are competitive with general industry practices and that these agreements serve to ensure the continued dedication of the Executive team and minimize the likelihood of the transfer of trade secrets to our direct competitors.

Each of Messrs. Sifford, Jackson and Baker entered into an Amended and Restated Employment and Noncompetition Agreement with us dated December 11, 2008. Ms. Yearwood entered into an Employment and Noncompetition Agreement with us on April 7, 2011. Mr. Scibetta entered into an Employment and Noncompetition Agreement,

similar in form and content to those of the other Executives, on December 4, 2012.

Further information on termination and change in control arrangements is contained under the section “Termination and Change in Control Arrangements.”

Deductibility of Compensation and Other Related Issues

Section 162(m) of the Internal Revenue Code generally provides that publicly held companies may not deduct compensation paid to an Executive to the extent such compensation exceeds \$1 million per officer in any fiscal year. However, pursuant to regulations issued by the Treasury Department, certain limited exceptions to Section 162(m) apply with respect to “qualified performance-based compensation.” Our Committee believes that tax deductibility is an important factor when evaluating executive compensation and has taken steps to provide that these exceptions will generally apply to incentive compensation paid to the Executives. However, our Committee may exercise its discretion to provide base salaries or other compensation that may not be fully tax deductible to us.

Section 409A of the Internal Revenue Code provides certain requirements for deferred compensation arrangements. Those requirements, among other things, limit flexibility with respect to the time and form of payment of deferred compensation. If a payment or award constitutes deferred compensation subject to Section

409A and the applicable requirements are not satisfied, the recipient could be subject to tax on the award and all other deferred compensation of the same type, and an additional 20% tax and interest at the underpayment rate plus 1%, at the time the legally binding right to the payment or award arises or, if later, when that right ceases to be subject to a substantial risk of forfeiture. We have made modifications to our plans and our employment and noncompetition agreements with our Executives such that payments or awards under those arrangements either are intended to not constitute “deferred compensation” for Section 409A purposes (and will thereby be exempt from Section 409A’s requirements) or, if they constitute “deferred compensation,” are intended to comply with the Section 409A statutory provisions and final regulations.

The Sarbanes-Oxley Act of 2002 subjects our Chief Executive Officer and our Chief Financial Officer to forfeiture of incentive compensation and profits from the sale of stock in the event of an accounting restatement associated with non-compliance, as a result of misconduct, with any financial reporting requirement under the securities laws. Our Committee has not adopted at this time any additional forfeiture provisions for incentive compensation.

Compensation Committee Report

We have reviewed and discussed with Company management the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K under the Exchange Act. Based on the review and discussion referred to above, we recommended to the Board that the Compensation Discussion and Analysis be included in our Annual Report on Form 10-K for the fiscal year ended February 1, 2014 and in our proxy statement for the 2014 annual meeting of shareholders for filing under the Exchange Act.

Compensation-Related Risk Assessment

In March 2014, our Compensation Committee reviewed our compensation policies and practices for all employees, including our Executives, and the risks that could arise from our compensation policies and practices. As part of the

Compensation Committee's review, it specifically noted the following factors that reduce the likelihood of excessive risk-taking:

Our overall compensation levels are competitive with the market.

There is a balanced mix of cash and equity and annual and longer-term incentive compensation.

While the performance criteria used under our Executive Incentive Compensation Plan has historically been operating income achieved in a particular fiscal year, the overall compensation of our Executives is not overly weighted toward this annual measurement period.

Our Executive Incentive Compensation Plan has payouts at multiple levels of performance. Assuming achievement of at least a minimum level of performance, payouts under the plan result in some compensation at levels below full target achievement, rather than an "all-or-nothing" approach. The maximum bonus percentage payable under the Executive Incentive Compensation Plan is also currently capped at percentages ranging from 60% to 125% of the Executives' annualized base salary to protect against disproportionately large shorter-term incentives.

The Compensation Committee has the discretion to reduce performance-based awards when it determines that such adjustments would be appropriate based on our interests and the interests of our shareholders.

We currently do not grant stock options to our Executives.

The performance-based restricted stock awards granted to our Executives vest based on our attainment of certain earnings per diluted share targets, aligning the interests of our Executives with those of our shareholders.

-22-

Stock ownership guidelines applicable to all non-employee directors and all executive officers were adopted effective in June 2013 to further align the interests of our Executives with those of our shareholders.

Some of our non-executive employees are eligible to receive bonus and equity awards. With respect to the non-executive employees who receive bonus awards or performance-based equity awards, the performance criteria and targets are not unreasonable or clearly unattainable without excessive risk-taking. For those non-executive employees who are eligible to receive service-based equity awards, the equity awards typically vest either over a three-year period or in full after two years.

Based on these factors, the Compensation Committee believes that our compensation policies and practices encourage behaviors that are aligned with the Company's long-term interests, and that any short-term incentives do not make up a significant portion of compensation and do not encourage our employees to take risks for short-term gain. As a result, the Compensation Committee determined that any risks arising from our compensation policies and practices are not reasonably likely to have a material adverse effect on the Company.

Summary Compensation Table

The following table sets forth a summary of the compensation paid by us for services rendered in all capacities to us by our current President and Chief Executive Officer, Chief Financial Officer, and each of our three other most highly compensated executive officers (our "Executives") based on total compensation earned in fiscal 2013.

On October 17, 2012, our Board appointed Mr. Sifford, who was then serving as Executive Vice President – General Merchandise Manager, to serve as our President and Chief Executive Officer effective October 27, 2012 following the retirement of our former President. Mr. Sifford was also appointed Chief Merchandising Officer and to serve as a director on our Board effective October 27, 2012.

** Mr. Scibetta began his employment with us on December 3, 2012 and was designated by our Board as an executive officer.

(1) Our fiscal year is a 52/53 week year ending on the Saturday closest to January 31. Fiscal years 2013 and 2011 were each 52-week years. Fiscal year 2012 was a 53-week year.

For fiscal 2013, the amount for Mr. Scibetta represented a discretionary cash bonus awarded in recognition of his achievements related to our new product initiatives and successfully managing our inventories in a difficult retail environment. The bonus was awarded and paid in fiscal 2014.

(2) For fiscal 2012, the amount for Mr. Scibetta represented a one-time new hire cash sign-on bonus in the amount of \$50,000. This payment was primarily intended as an inducement to compensate him for the incentive compensation he forfeited to join us.

For fiscal 2011, the amount for Ms. Yearwood represented a discretionary cash bonus earned in recognition of her efforts on special projects during fiscal 2011. The bonus was awarded and paid in fiscal 2012.

Amounts reflect the aggregate grant date fair value of service-based and performance-based restricted stock awards computed in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718 (“ASC 718”). The grant date fair value of any performance-based award was computed based on the target level of performance being achieved, which was the level of performance that was deemed probable on the grant date.

(3)

Disclosure of the relevant assumptions related to the valuation of awards is provided in the Notes to the Consolidated Financial Statements as contained in Part II, Item 8 of our Annual Report on Form 10-K for the year ended February 1, 2014.

Operating Income achieved for fiscal 2013 was \$44.1 million, which exceeded the established bonus threshold by approximately 9%. Under the provisions of our Executive Incentive Compensation Plan, this achievement entitled Mr. Sifford to receive a bonus of 18.3% of his base salary, Messrs. Jackson, Baker and Scibetta to receive a bonus of 12.2% of each of their respective base salaries and Ms. Yearwood to receive a bonus of 6.1% of her base salary. See “Compensation Discussion and Analysis – Fiscal 2013 Compensation Decisions – Annual Cash Incentives” for further discussion.

(4) Operating Income achieved for fiscal 2012 was less than 1% below target. Under the provisions of our Executive Incentive Compensation Plan, this achievement entitled Messrs. Sifford, Jackson and Baker to receive a bonus of approximately 60% of each of their respective base salaries and Ms. Yearwood to receive a bonus of approximately 40% of her base salary. Mr. Scibetta was not eligible to participate in the Executive Incentive Compensation Plan in fiscal 2012, as he was not employed with us at the beginning of fiscal 2012 when our Board established the performance measures.

Operating Income for fiscal 2011 exceeded the established bonus threshold by 18.8%. Under the provisions of our Executive Incentive Compensation Plan, this achievement entitled Messrs. Sifford, Jackson and Baker to receive a bonus of 24% of each of their respective base salaries, and Ms. Yearwood to receive a bonus of 14% of her base salary.

(5) We provide Executives with health and welfare programs, a 401(k) retirement plan, and employee benefit plans, programs and arrangements generally available to all employees. We also provide Executives with other executive benefit programs and perquisites. Perquisites and personal benefits received by the Executives in fiscal 2013 included:

- Reimbursements under our Executive medical plan;
- The cost of the Executive’s leased automobile or an automobile allowance, except for Ms. Yearwood;
- For Mr. Scibetta, relocation assistance; and
- For Mr. Sifford, limited personal utilization of the Company-provided aircraft, which value is based on incremental cost of utilization.

In fiscal 2013, two Executives received an individual perquisite in excess of \$25,000. For Mr. Sifford, the incremental cost for his utilization of the Company-provided aircraft totaled \$67,124 and for Mr. Scibetta his

relocation assistance totaled \$34,402.

The amounts in this column for fiscal 2013 also include matching contributions made by us under our 401(k) and deferred compensation plans, the discount on the Executive's purchases under the Employee Stock Purchase Plan, premiums on the Executive's life and long-term disability insurance and cash dividends paid to our Executives on the shares of non-vested restricted stock that they held on the record date for each such dividend, which cash dividends were subject to applicable federal, state and local income tax withholdings. These amounts are detailed in the following table.

The material terms of the Executives' bonus awards under the Executive Incentive Compensation Plan are described in the section "Compensation Discussion and Analysis - Fiscal 2013 Compensation Decisions - Annual Cash Incentives." For fiscal 2013, each Executive earned a bonus, as a percentage of their base salary, under the Executive Incentive Compensation Plan based on the Company achieving Operating Income in excess of the defined Threshold.

(2) Represents shares of performance-based restricted stock granted to the Executives on March 27, 2013 under the 2000 Stock Plan. The material terms of these restricted stock grants are described in the section "Compensation Discussion and Analysis - Fiscal 2013 Compensation Decisions - Long-Term Equity Based Incentives."

(3) The grant date fair value assigned to these shares was calculated using the closing market price of our common stock on the grant date, which was \$20.54.

On March 15, 2011, 202,500 shares of restricted stock were awarded under the 2000 Stock Plan and of these restricted shares, 99,000 were awarded to the Executives and the balance was awarded to other key employees.

The options vest six months from the date of grant and expire ten years from the date of grant. No grants have been made since fiscal 2004 under this plan, and it is currently the intention of the Board not to grant stock options under this plan in the future.

Equity Based Compensation – Narrative Discussion

Our Board and shareholders approved the 2000 Stock Plan, effective June 8, 2000. Subsequent to its initial approval, the following amendments have been made:

The 2000 Stock Plan initially reserved 1,000,000 shares of our common stock for stock option and restricted stock grants, and on June 11, 2004, the 2000 Stock Plan was amended to increase the number of shares reserved for issuance to 1,500,000 (subject to adjustment for subsequent stock splits, stock dividends and certain other changes in the common stock).

On June 14, 2005, the 2000 Stock Plan was amended to include our non-employee directors as individuals eligible to receive awards; to stipulate that the exercise price of all options granted may not be less than the fair market value of our common stock on the date that the option is granted; and to delete the provision permitting loans to participants.

On June 12, 2008, the 2000 Stock Plan was further amended to increase the number of shares of our common stock reserved for issuance from 1,500,000 to 2,000,000 and extended the term of the plan until the later of ten years from the date of adoption of the plan by our shareholders or the approval of any amendment of the plan by our shareholders.

On October 8, 2008, the Board adopted and approved an amendment to the 2000 Stock Plan to modify the change in control provisions and to provide that upon a change in control, any shares of restricted stock, including restricted stock intended to qualify as “performance-based compensation” under Section 162(m) of the Internal Revenue Code, will become fully vested in the participants.

On December 9, 2010, the 2000 Stock Plan was further amended by the Board to modify the definition of a change in control.

Pursuant to the provisions of the 2000 Stock Plan, in connection with, and to give effect to, the three-for-two stock split of the shares of our common stock, which was effected in the form of a stock dividend during April 2012, the Compensation Committee adjusted (1) the total number of shares of our common stock reserved and available for issuance under the 2000 Stock Plan from 2,000,000 to 3,000,000 and (2) the total number of shares which may be granted to a participant in any calendar year under all forms of awards under the 2000 Stock Plan from 300,000 to 450,000.

On June 14, 2012, the 2000 Stock Plan was amended to increase the number of shares reserved for issuance from 3,000,000 to 3,900,000 (subject to adjustment for subsequent stock splits, stock dividends and certain other changes in the common stock). The 2000 Stock Plan was also amended to modify the definition of a change in control and revise the provision governing the payment of dividends on shares of restricted stock.

The Compensation Committee administers and grants incentive awards under the 2000 Stock Plan. The 2000 Stock Plan provides for the grant to our officers, other key employees, and non-employee directors of incentive awards in the form of stock options or restricted stock. Stock options granted under the plan may be either options intended to qualify for federal income tax purposes as “incentive stock options” or options not qualifying for favorable tax treatment (“nonqualified stock options”).

Nonqualified Deferred Compensation

The following table sets forth, for each Executive, information on the nonqualified deferred compensation plan with respect to deferrals, our match, earnings and distributions made during fiscal 2013 along with the ending account balance at February 1, 2014.

	Executive Contributions in Last Fiscal Year (1)	Registrant Contributions in Last Fiscal Year (2)	Aggregate Earnings in Last Fiscal Year (3)	Aggregate Withdrawals and Distributions	Aggregate Balance at Last Fiscal Year End
Clifton E. Sifford	\$ 101,923	\$ 23,490	\$ 61,291	\$ -	\$ 1,043,701
W. Kerry Jackson	\$ 131,670	\$ 32,458	\$ 5,181	\$ -	\$ 729,565
Timothy T. Baker	\$ 103,868	\$ 31,418	\$ 97,283	\$ -	\$ 1,147,584
Carl N. Scibetta	\$ 29,056	\$ 14,528	\$ 2,445	\$ -	\$ 49,450

Kathy A. Yearwood	\$ 71,287	\$ 11,856	\$ 4,099	\$ -	\$ 550,856
----------------------	-----------	-----------	----------	------	------------

- Amounts include deferrals of a portion of the Executive's salary for fiscal year 2013 and, except for Messrs. Sifford and Scibetta, deferrals of a portion of the Executive's bonus earned under the Executive Incentive Compensation Plan in fiscal 2012 and paid in fiscal 2013. These amounts deferred are included in the Summary Compensation Table in the Salary column for fiscal 2013 and the Non-Equity Incentive Plan Compensation column for fiscal 2012, respectively.
- (2) The amounts are included in the All Other Compensation column in the Summary Compensation Table for fiscal 2013.
- (3) The amounts shown in this column are not reported as compensation in the Summary Compensation Table, as they do not represent above-market or preferential earnings on deferred compensation.

Non-Equity Based Compensation – Narrative Discussion

The Pension Benefits Table has been excluded, as we do not have a defined benefit plan. On February 24, 1994, our Board approved the Shoe Carnival Retirement Savings Plan. The primary savings mechanism is a 401(k) plan. Further information regarding the Shoe Carnival Retirement Savings Plan can be found in Note 8 of the Notes to

the Consolidated Financial Statements included in Part II, Item 8 of our Annual Report on Form 10-K for the fiscal year ended February 1, 2014.

In fiscal 2000, we established a nonqualified deferred compensation plan for highly compensated employees who, due to Internal Revenue Service limitations, cannot defer an adequate level of replacement income for their retirement planning.

Features of the plan include:

On a calendar year basis, participants elect to defer, on a pre-tax basis, a specific portion of their base salary and/or bonus earned up to a maximum of \$150,000 per calendar year (increased from \$100,000 effective January 1, 2014).

Deferrals on a participant's bonus are credited to the plan year in which the bonus was earned, which, in most cases, is the plan year preceding the year in which the bonus was paid. As a result, the amounts included in the "Executive Contributions in Last Fiscal Year" column in the Nonqualified Deferred Compensation table may exceed the maximum deferral amount per calendar year described in the preceding bullet point.

The compensation deferred under this plan is credited with earnings or losses on a daily basis and measured by the rate of return on investments elected by plan participants similar to those available under our 401(k) plan. These services are provided by a third-party provider.

While not required to, we can match a portion of the participant's contributions, which are then subject to immediate, one or two year vesting requirements depending on the length of service of the participant.

Benefits are paid out upon death, disability, retirement, financial hardship or termination of employment based on each participant's pre-selected payout schedule.

Designated future in-service distributions may be taken two years after the year of deferral and must be requested at a minimum of two years in advance. The amount of the distribution is restricted to the maximum of the actual deferral amount and vested employer match if elected for the specific year, adjusted by any investment gain or loss.

The plan is currently unfunded.

Termination and Change in Control Arrangements

Clifton Sifford, Kerry Jackson, Timothy Baker and Carl Scibetta

On December 11, 2008, we entered into Amended and Restated Employment and Noncompetition Agreements with Clifton Sifford, Kerry Jackson and Timothy Baker. The Agreements amended and restated similar agreements entered into with these individuals as of December 31, 2006. On December 4, 2012, we entered into an Employment and Noncompetition Agreement with Carl Scibetta. Mr. Scibetta's agreement is similar in form and content, except that it does not include any tax gross-up provisions. These documents hereinafter are referred to collectively as the "Agreements."

The terms of the Agreements are through January 31, 2015 (such terms, including any extension, are referred to as the "Terms"). The Agreements are subject to early termination as provided in the Agreements. The Agreements shall be renewed automatically for successive terms of one year each unless either party provides written notice of non-renewal to the other party not more than 90 days and not less than 30 days before the end of the then current Term. No such notification was given by any party prior to January 31, 2014.

The Agreements provide for an annual base salary and entitle Messrs. Sifford, Jackson, Baker and Scibetta to participate in our Executive Incentive Compensation Plan, and in any successor plan adopted by us from time to time. Such Executives are also entitled to participate in any and all welfare and health benefit plans and other employee benefit plans. Under each of the Agreements, employment will terminate upon death, and may be

terminated by us upon the disability of such Executive, or by us for cause or without cause. Each such Executive may terminate employment voluntarily or with good reason.

Under the Agreements, “cause” is defined as any one or more of the following actions by the respective Executive:

- conviction for a felony or other crime involving moral turpitude;
- engaging in illegal conduct or gross misconduct which is injurious to us;
- engaging in any fraudulent or dishonest conduct in their dealings with, or on behalf of, us;

failure or refusal to follow the lawful and reasonable instructions of our Chief Executive Officer, President, or other executive officer to whom each Executive reports, and for Mr. Sifford our Board, if such failure or refusal continues for a period of 10 days after we deliver to such Executive a written notice stating the instructions which such Executive has failed or refused to follow;

- material breach of any of his obligations under the Agreement;

· material breach of our policies;

· use of alcohol or drugs which interferes with the performance of his duties for us or which compromises our integrity or reputation; or

- engaging in any conduct tending to bring us into public disgrace or disrepute.

In addition, “good reason” is defined as the occurrence, without the Executive’s written consent, of a material reduction by us in the Executive’s base salary.

The following tables set forth the estimated payout each such Executive would receive from us under each of the specific triggering events and assumes that the triggering event took place on February 1, 2014, the last day of our most recently completed fiscal year.

The bonus for year of separation would be paid in a lump sum within 30 days of termination in an amount equal to 55% of each Executive's current base salary for the fiscal year in which the termination occurs, multiplied by a (1) fraction, the numerator of which is the number of days elapsed in such fiscal year through the termination date and the denominator of which is 365. In this table, the annual base salary is equivalent to the Executive's base salary as of February 1, 2014.

The cash severance for termination without cause or by employee for good reason would be paid in a lump sum within 30 days of termination in an amount equal to 150% of each Executive's current base salary for the fiscal year in which the termination occurs. If within two years following a change in control, the Executive is terminated (2) without cause or he terminates for good reason (a "qualifying termination"), a lump sum cash severance would be paid within 30 days of termination in an amount equal to 310% of each Executive's current base salary for the fiscal year in which the qualifying termination occurs. In this table, the annual base salary is equivalent to the Executive's base salary as of February 1, 2014.

(3) We will provide out-placement services at a cost not to exceed \$2,500 in the event of a qualifying termination following a change in control.

Upon a termination without cause, by employee for good reason or a qualifying termination following a change in control, each Executive would be paid in a lump sum within 30 days of termination an amount equal to 18 times (4) the monthly COBRA premium rate. Messrs. Sifford, Jackson and Baker also would be paid in a lump sum within 30 days of termination an amount equal to any additional state and federal taxes each will incur as a result of the lump sum payment. Mr. Scibetta's Agreement does not include a provision for reimbursement of taxes.

The 2000 Stock Plan, under which our restricted stock was issued, includes a provision that upon death or disability, each Executive would be entitled to a ratable portion of their service-based restricted stock awards based on the period of service completed as of the termination date as a percentage of the total vesting period. In this (5) example, the value was calculated by taking the number of unvested shares of service-based restricted stock held by each Executive on February 1, 2014, multiplied by a fraction, the numerator of which is the number of days elapsed between the effective date of the grant and February 1, 2014 and the denominator of which is the number of days in the vesting period. The results were then multiplied by \$24.70, the closing price of our common stock on January 31, 2014.

The 2000 Stock Plan, under which our restricted stock was issued, includes a provision providing for the immediate vesting of any currently unvested shares of restricted stock, including restricted stock intended to (6) qualify as "performance-based compensation" under Section 162(m) of the Internal Revenue Code upon a change in control. In this example, the value was calculated by multiplying \$24.70, the closing price of our common stock on January 31, 2014, by the number of unvested shares of restricted stock held by each Executive on February 1, 2014.

If any payment under the Agreements would be subject to the excise tax under Section 4999 of the Internal Revenue Code, Messrs. Sifford, Jackson and Baker would be entitled to receive additional compensation from us to cover the excise taxes, interest and penalties (if applicable) and other taxes arising from the additional (7) compensation. In this example, Messrs. Sifford, Jackson and Baker would have qualified to receive additional compensation from us to cover excise taxes at February 1, 2014. The taxes have been computed in accordance with Section 280G of the Internal Revenue Code. Mr. Scibetta's Agreement does not include a provision for additional compensation to cover such taxes, interest and penalties.

Upon termination by us without cause or by Mr. Scibetta for good reason, his Agreement states that all shares of restricted stock granted to him, which are not intended to qualify as "performance-based compensation" under (8) Section 162(m) of the Internal Revenue Code, shall contain provisions, which shall provide for immediate vesting of the restricted stock. In this example, the value was calculated by multiplying \$24.70, the closing price of our common stock on January 31, 2014, by the number of "non-performance based" unvested shares of restricted stock held by him on February 1, 2014.

Other factors material to the Agreements are as follows:

The benefits granted to each Executive under the Agreements are subject to certain employment and post-employment conditions. This includes, but is not limited to, the agreement by each Executive not to contribute his knowledge and abilities to any business or entity in competition with us for a period of one year following termination of the Executive's employment.

Notwithstanding any other provision of the Agreements, upon termination of employment for any reason, the Executive shall be entitled to receive all base salary earned but unpaid and all other payments and benefits accrued before the termination date.

In the event we terminate any of these Executives without cause or they terminate for good reason, any stock options issued after December 31, 2006 that would have vested within 12 months of termination would immediately vest. Upon a qualifying termination following a change in control, all stock options issued to each Executive would be exercisable within 90 days of termination. As of February 1, 2014, there were no outstanding options held by our Executives.

Kathy A. Yearwood

On April 7, 2011, we entered into an Employment and Noncompetition Agreement (the "Agreement") with Kathy A. Yearwood. The term of the Agreement is through January 31, 2015 (such term, including any extension is referred to as the "Term"). The Agreement is subject to early termination as provided in the Agreement. The Agreement shall be renewed automatically for successive terms of one year each unless either party provides written notice of non-renewal to the other party not more than 90 days and not less than 30 days before the end of the then current Term. No such notification was given by any party prior to January 31, 2014.

The Agreement provides for an annual base salary equivalent to Ms. Yearwood's salary for fiscal 2011, subject to adjustment by the Compensation Committee. Ms. Yearwood is entitled to participate in our Executive Incentive Compensation Plan, and in any successor plan adopted by us from time to time and is also entitled to participate in any and all welfare and health benefit plans and other employee benefit plans. Under the Agreement, her employment will terminate upon her death, and may be terminated by us upon her disability, for cause or without cause. Ms. Yearwood may terminate her employment voluntarily at any time or with good reason (defined as a material reduction in base salary) within one year after a change in control.

Under the Agreement, "cause" is defined as any one or more of the following actions:

- conviction for a felony or other crime involving moral turpitude;

- engaging in illegal conduct or gross misconduct which is injurious to us;

- engaging in any fraudulent or dishonest conduct in her dealings with, or on behalf of, us;

failure or refusal to follow the lawful and reasonable instructions of our Chief Executive Officer, President, or other executive officer to whom she reports to, if such failure or refusal continues for a period of 10 days after we deliver to her written notice stating the instructions which she has failed or refused to follow;

- material breach of any of her obligations under the Agreement;

- material breach of our policies;

use of alcohol or drugs which interferes with the performance of her duties for us or which compromises our integrity or reputation; or

- engaging in any conduct tending to bring us into public disgrace or disrepute.

The following table sets forth the estimated payout Ms. Yearwood would receive from us under each of the specific triggering events and assumes that the Agreement was in effect on February 1, 2014 and that the triggering event took place on February 1, 2014, the last day of our most recently completed fiscal year.

The bonus for year of separation would be paid in a lump sum within 30 days of termination in an amount equal to 35% of Ms. Yearwood's current base salary for the fiscal year in which the termination occurs, multiplied by a (1) fraction, the numerator of which is the number of days elapsed in such fiscal year through the termination date and the denominator of which is 365. In this table, the annual base salary is equivalent to Ms. Yearwood's base salary for fiscal 2013.

The cash severance for termination without cause would be paid in a lump sum within 30 days of termination in an amount equal to 100% of Ms. Yearwood's current base salary for the fiscal year in which the termination occurs. (2) within one year of a change in control, she is terminated without cause or terminates for good reason (a "qualifying termination"), a lump sum cash severance would be paid within 30 days of termination in an amount equal to 225% of Ms. Yearwood's current base salary for the fiscal year in which the termination occurs. In this table, the annual base salary is equivalent to Ms. Yearwood's base salary for fiscal 2013.

We will provide out-placement services at a cost not to exceed \$2,500 in the event of a qualifying termination (3) following a change in control.

Ms. Yearwood would be paid in a lump sum an amount equal to 12 times the monthly COBRA premium rate (4) within 30 days of termination without cause or an amount equal to 18 times the monthly COBRA premium rate upon a qualifying termination following a change in control.

The 2000 Stock Plan, under which our restricted stock was issued, includes a provision providing for the immediate vesting of any currently unvested shares of restricted stock, including restricted stock intended to (5) qualify as "performance-based compensation" under Section 162(m) of the Internal Revenue Code upon a change in control. In this example, the value was calculated by multiplying \$24.70, the closing price of our common stock on January 31, 2014, by the number of unvested shares of restricted stock held by Ms. Yearwood on February 1, 2014.

If any payment under the Agreement would be subject to the excise tax under Section 4999 of the Internal Revenue Code, Ms. Yearwood would be entitled to receive additional compensation from us to cover the excise taxes, (6) interest and penalties (if applicable) and other taxes arising from the additional compensation. In this example, Ms. Yearwood would have qualified to receive additional compensation from us to cover excise taxes at February 1, 2014. The taxes have been computed in accordance with Section 280G of the Internal Revenue Code.

Other factors material to the Agreement are as follows:

This includes, but is not limited to, the agreement by Ms. Yearwood not to contribute her knowledge and abilities to any business or entity in competition with us for a period of one year following termination of her employment.

Notwithstanding any other provision of the Agreement, upon termination of employment for any reason, Ms. Yearwood shall be entitled to receive all base salary earned but unpaid and all other payments and benefits accrued before the termination date.

In the event we terminate Ms. Yearwood without cause, any stock options issued after the date of the Agreement that would have vested within 12 months of termination would immediately vest. In the event of a qualifying termination following a change in control, all stock options issued to Ms. Yearwood would be exercisable within 90 days of termination. Ms. Yearwood did not hold any stock options on February 1, 2014.

Compensation of Non-Employee Directors

Our non-employee directors receive a combination of equity and cash compensation for their services. For fiscal 2013, consistent with fiscal 2012, each non-employee director was to receive an annual cash retainer of \$20,000. In addition to the annual cash retainer, the Chairman of the Audit Committee was to receive additional annual compensation of \$7,500, while the Chairman of the Compensation Committee and the Chairman of the Nominating and Corporate Governance Committee each were to receive \$5,000 and the Lead Director was to receive

additional annual compensation of \$2,000. Other fees payable included a fee of \$1,000 for each meeting of the Board with accompanying Committee meetings attended and a fee of \$1,000 for each Committee meeting in which the full Board did not meet, or \$750 if attendance was by conference call. Prior to fiscal 2013, non-employee directors also received restricted shares valued at \$17,500 as of the date of grant under the 2000 Stock Plan. The restrictions on the shares lapsed on January 2nd of the year following the year in which the grant was made.

Our Compensation Committee performs a periodic review of non-employee director compensation. In order to better align with our peer group and general industry practices, the Compensation Committee consulted with Cook, an outside compensation consultant, during the spring of 2013, to review our non-employee director compensation and recommend changes based on competitive market data. Based in part on this review, the Compensation Committee recommended changes to our non-employee director compensation program, as discussed below, and the Board of Directors approved these changes on June 13, 2013.

Commencing on June 13, 2013, and applied pro rata for fiscal 2013, each non-employee director will receive an annual cash retainer of \$45,000. Committee chairs will receive an additional annual retainer as follows: \$15,000 for the Audit Committee and \$7,500 each for the Compensation Committee and the Nominating and Corporate Governance Committee. Our Lead Director will receive additional annual compensation of \$3,000. All amounts paid to our non-employee directors are to be paid quarterly in arrears. Effective June 13, 2013, fees previously paid to non-employee directors for attendance at Board and Committee meetings were eliminated. Commencing on June 13, 2013, each year non-employee directors will also receive restricted shares valued at \$45,000 as of the date of grant under the 2000 Stock Plan. The restrictions on the shares will lapse on January 2nd of the year following the year in which the grant was made. All directors will receive reimbursement of reasonable out-of-pocket expenses incurred in connection with meetings of the Board, which is consistent with past practice. No director who is our officer or employee receives compensation for services rendered as a director.

The following table sets forth information with respect to non-employee director compensation paid during the fiscal year ended February 1, 2014.

Name (1)	Fees Earned or Paid in Cash	Stock Awards (2)	All Other Compensation(3)	Total
James A. Aschleman	\$41,839	\$45,005	\$ 219	\$87,063

Information on our non-employee directors can be found in “Proposal No. 1 Election of Directors - Nominee and Director Information” as well as in the section “Information Regarding the Board of Directors and Committees.”

- Amounts reflect the aggregate grant date fair value of restricted stock awards computed in accordance with ASC 718. Disclosure of the relevant assumptions related to the valuation of awards is provided in the Notes to the Consolidated Financial Statements as contained in Part II, Item 8 of our Annual Report on Form 10-K for the year ended February 1, 2014.
- (2)
- (3) The amounts in this column represent cash dividends paid to our non-employee directors on the shares of non-vested restricted stock that they held on the record date for each such dividend.

On March 4, 1999, the Board approved the Outside Directors Stock Option Plan. The plan reserves for issuance 25,000 shares of our common stock (subject to adjustment for stock splits, stock dividends and certain other changes to the common stock). No grants have been made under this plan since fiscal 2004 and it is currently the intention of the Board not to grant stock options under this plan in the future. As of February 1, 2014, Mr. Kleeberger held 1,500 options granted under this plan.

The Board adopted, and the shareholders approved on June 14, 2005, amendments to the 2000 Stock Plan to allow non-employee directors to participate. Each non-employee director was awarded 1,825 shares of restricted stock under the 2000 Stock Plan on June 13, 2013, with a grant date fair value of \$45,005 based on the closing market price of our common stock on that day. The restrictions on these shares lapsed on January 2, 2014. At February 1, 2014, no additional shares of restricted stock were held by any of the non-employee directors.

The compensation paid during the fiscal year ended February 1, 2014 to our current employee director, Clifton E. Sifford, is included in the Summary Compensation Table.

On January 15, 1993, we entered into a noncompetition agreement with J. Wayne Weaver. As long as Mr. Weaver is our executive officer or director, he may not engage directly or indirectly through any other company or entity in the retail shoe business without the prior approval of our Audit Committee. The Audit Committee approved Mr. Weaver's past association with LC Footwear, LLC and PL Footwear, Inc. Effective February 1, 1993, Mr. Weaver became our employee at an annual salary of \$300,000 and is reimbursed for all travel expenses related to performing his duties as Chairman of the Board. Although Mr. Weaver will continue to be involved in other business activities and will not devote his full time to the Company, he will devote such time to the Company, as he deems necessary or appropriate to perform his duties as Chairman of the Board.

Stock Ownership Guidelines for Directors

The Board of Directors adopted stock ownership guidelines applicable to all non-employee directors and all executive officers effective as of June 13, 2013. Under the guidelines, our non-employee directors are required to own shares valued at three times their annual Board cash retainer and have five years, or until June 13, 2018, to meet the minimum stock ownership requirements. For the purposes of these guidelines, shares directly owned without any restrictions and shares owned directly by members of a non-employee director's immediate family who share the same household or any trust for the benefit of a non-employee director's immediate family members count towards ownership.

The value of stock holdings are determined based on the higher of the closing price of our common stock on the day prior to the valuation determination, or the average daily closing price of our common stock during the five-year period ending on the date of the valuation determination. The Compensation Committee is responsible for monitoring the application of the stock ownership guidelines and reviewed the current ownership valuation for each of our non-employee directors at its March 2014 meeting. Of our non-employee directors, Mr. Kleeberger and Mr. Schoor each met their ownership requirements at this valuation date. As a result, in accordance with the guidelines, their ownership will not be reassessed unless and until the annual Board cash retainer is increased or they sell, transfer or otherwise dispose of shares that previously counted towards the ownership requirements.

We believe the adoption of stock ownership guidelines further serves to align the interests of our non-employee directors with that of our shareholders.

RATIFICATION OF OUR independent

registered public accounting firm

Audit Committee Pre-Approval Policy

The Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by our independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services, the Audit Committee is informed of each service and the pre-approval is generally subject to a specific budget. The Audit Committee may also pre-approve particular services on a case-by-case basis. In addition, the Chairman of the Audit Committee may act to pre-approve services in interim periods and request ratification by the full Audit Committee at the next regularly scheduled committee meeting.

For fiscal 2013, all non-audit services included above were pre-approved. The aggregate amount of all such non-audit services constituted approximately 3% of the total amount of fees paid by us to Deloitte.

Report of the Audit Committee

Management of the Company is responsible for the financial reporting process, including the system of internal control over financial reporting, and for the preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States. The Company's independent registered public accounting firm, Deloitte & Touche LLP ("Deloitte"), is responsible for performing the audit of the Company's consolidated financial statements and expressing an opinion on those statements, as well as auditing the effectiveness of the Company's internal control over financial reporting. The Audit Committee is responsible for oversight of all aspects of the Company's financial reporting, internal control over financial reporting and audit processes.

In fulfillment of its responsibilities, the Audit Committee on a regular basis discusses with both management and Deloitte the adequacy and effectiveness of the Company's internal control over financial reporting. The Audit Committee has reviewed and discussed the audited financial statements with the Company's management and Deloitte. In addition, the Audit Committee has discussed with Deloitte all matters required to be discussed with audit committees by the applicable rules of the Public Company Accounting Oversight Board ("PCAOB"). This discussion included certain information relating to Deloitte's judgments about the quality, not just the acceptability, of the Company's accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the consolidated financial statements.

The Audit Committee also has received the written disclosures and the letter from Deloitte required by applicable requirements of the PCAOB regarding Deloitte's communications with the Audit Committee concerning

independence, and has discussed with Deloitte its independence from the Company and the Company's management. In addition, the Audit Committee considered whether Deloitte's independence would be jeopardized by providing non-audit services to the Company.

Based on the Audit Committee's review and discussions referenced in this report, the Audit Committee recommended to the Board that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended February 1, 2014, as filed with the Securities and Exchange Commission.
