Givatayim, ISRAEL (PRNewswire) 11/23/2005 Nexus Telocation Systems Ltd. Yes No

Edgar Filing: NEXUS TELOCATION SYSTEMS LTD - Form 6-K

Financial Highlights:

Q3 2005 is the second financial quarter, after the acquisition of Shagrir's roadside assistance and towing activities and assets, in which Nexus has consolidated the financials of Shagrir, Nexus' Israeli subsidiary, into its consolidated financial statements. The results show Nexus achieving all its quantitative goals and an improvement in the operating figures.

Revenues: Nexus' revenues for the first nine months and for the third quarter of 2005 increased by 305% and 144%, respectively to \$27.1 million and \$10.4 million from \$6.7 million and \$4.3 million, respectively, in the comparable periods in 2004.

Gross margin: For the third quarter and first nine months of 2005, gross margin were 36.8% and 36.3%, respectively compared to 40.3% and 31.2% in the same periods in 2004.

Operating Profit (loss): Nexus reports a \$870 thousand operating profit in the third quarter of 2005, compared to an operating loss of \$313 thousand in the third quarter of 2004. In the first nine months of 2005, Nexus recorded an operating profit of \$7 thousand, compared to an operating loss of \$1,440 thousands for the same period in 2004. On a proforma basis without the non-cash amortizations of intangible assets and deferred stock-based compensation, Nexus would have recorded for the first nine months of 2005 an approximate operating profit of \$2,114 thousand.

Net Loss: For the third quarter and first nine months of 2005, net loss reduced to \$0.3 million and \$2.7 million respectively, compared to \$0.6 million and \$1.9 million in the same periods in 2004.

EBITDA: Nexus' EBITDA improved to \$2.3 million and \$4.2 million in the third quarter and the first nine months of 2005, respectively, as compared to a negative EBITDA of \$0.2 million in the third quarter of 2004 and a negative EBITDA of \$0.1 million in the first nine months of 2004.

Commenting on the result, Danny Stern, CEO, said: "We are pleased with our financial results which reflect our expectations. Our new business structure, which is mainly based on providing services, has enabled us to strengthen our capability to increase revenues and profitability."

"We have recently completed the operational integration of our two Israeli control centers into one, and expect to benefit from higher operational efficiency and cost reduction. Management and strategy changes as a result of the turnaround in our business are mostly complete. Nevertheless, while over 90% of our revenues are derived from Israel, our attention is now focused on leveraging our businesses in all of the main markets in which we are competing, namely Argentina, Mexico, Venezuela and Russia, as well as Israel," concluded Mr. Stern.

Yossi Ben Shalom, Chairman of the Board said: "As in Q2/2005, we are pleased with the year over year growth, but it is the sequential growth and on-going improvement of all main operational indicators, that is even more significant. As we promised to our shareholders, Nexus is now a stronger and a growing company, with a solid revenue base, that presents a growth in revenues, improved operational profitability and higher EBITDA. We are looking forward to further accomplishing our goals and achieving additional growth."

Mr. Ben Shalom added: "Nexus shares are again traded on Nasdaq Capital Market for the benefit of all our shareholders. We believe that the increased coverage of our company on this market will encourage a greater number of investors to take an interest in our shares and choose to participate in our growth."
