WIN GLOBAL MARKETS, INC. AND ITS SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED STATEMENTS OF CASH FLOWS

U.S. dollars

NOTE 1: GENERAL:

A. Win Global Markets, Inc. (the "Company") was incorporated under the laws of the State of Nevada on April 23, 2002. The Company's shares are currently quoted on the OTC Bulletin Board under the symbol "WGMI." The Company is engaged in offering online trading of binary options (see B. below).

The Company conducts its operations and business with and through its subsidiaries, (a) Win Global Markets Inc (Israel) Ltd., an Israeli company (b) WGM Services Ltd., a company registered in Cyprus ("WGM"); (c) B Option Ltd., an Israeli company ("B Option") (currently not active); and (d) Gaming Ventures PLC, an Isle of Man company (currently not active).

B. Since March 28, 2010, the Company has been offering online trading of binary options. Specifically, the Company markets its online binary options business towards customers who are seeking to realize profits from their trades within a short period of time.

Between March 28, 2010 and July 31, 2011, the Company offered online trading of binary options through two of its wholly-owned subsidiaries in Cyprus and Israel. Worldwide trading continues to be offered by WGM on www.globaloption.com in Cyprus. The same services were featured through B Option on www.options.co.il, until July 31, 2011.

In addition, since June 5, 2011, the Company has been offering online trading of binary options through the website www.eztrader.com which was part of the assets acquired from Venice Technologies.

C. The accompanying condensed consolidated financial statements have been prepared assuming that the Company will continue as a going concern. The Company has suffered losses from operations and negative cash flows from operations since inception. For the period ended June 30, 2013, net loss attributable to the Company was \$910,599 and negative cash flows from operations were \$193,654.

The Company's gross profit in the six months ended June 30, 2013 amounted to \$799,745, as compared to gross profit in the six months ended June 30, 2012 of \$424,012, due to the expansion of the Company's binary options business in those years.

As of June 30, 2013, deposits from players amounted to \$1,150,497, while current assets were \$778,957. Players may withdraw their deposits upon demand. Despite its negative cash flows, the Company has been able to secure financing to support its operations to date, based on share issuances of additional equity. The Company plans to seek additional funds from equity issuances in order to continue its operations and to leverage its binary options business. There is no assurance however that the Company shall be successful in obtaining such additional funds. The consolidated financial statements do not include any adjustments that may result from the outcome of this uncertainty.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of presentation

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with U.S. generally accepted accounting principles (“U.S. GAAP”) for interim financial information and with the instructions to Form 10-Q. Accordingly, they do not include all the information and footnotes required by U.S. GAAP for complete financial statements. In the opinion of management, all adjustments including non-recurring adjustments attributable to reorganization and severance and impairment considered necessary for a fair presentation have been included. Operating results for the six months ended June 30, 2013 are not necessarily indicative of the results that may be expected for the year ending December 31, 2013. For further information, reference is made to the consolidated financial statements and footnotes thereto included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2012 (the “Annual Report”).

The interim condensed consolidated financial statements incorporate the financial statements of the Company and all of its subsidiaries. All significant intercompany balances and transactions have been eliminated on consolidation.

Reclassifications

Certain comparative figures have been reclassified to conform to the current year presentation.

NOTE 3: SIGNIFICANT ACCOUNTING POLICIES:

- a. The significant accounting policies applied in the annual consolidated financial statements of the Company as of December 31, 2012 contained in the Company’s Annual Report are applied consistently in these condensed consolidated financial statements.
- b. These financial statements should be read in conjunction with the audited annual financial statements of the Company as of December 31, 2012 and their accompanying Notes.
- c. The Company accounts for stock based compensation to employees in accordance with Financial Accounting Standards Board (“FASB”) ASC Topic 718, “Stock Compensation”. The Company measures and recognizes compensation expense for share-based awards based on estimated fair values on the date of grant using the Black-Scholes option-pricing model. This option pricing model requires that the Company make several estimates, including the option’s expected life and the price volatility of the underlying stock.

*The fair value of each option granted in 2013 is \$0.11 and is estimated on the date of grant, using the Black-Scholes option-pricing model with the following weighted average assumptions: dividend yield of 0% for all years; expected volatility - 185%; risk-free interest rate - 5.0%; expected life 5 years;.

In February 2013, the FASB issued Accounting Standards Update ("ASU") 2013-02, "Reporting of Amounts d. Reclassified Out of Accumulated Other Comprehensive Income" ("ASU 2013-02"). Under ASU 2013-02, an entity is required to provide information about the amounts reclassified out of Accumulated Other Comprehensive Income ("AOCI") by component. In addition, an entity is required to present, either on the face of the financial statements or in the notes, significant amounts reclassified out of AOCI by the respective line items of net income, but only if the amount reclassified is required to be reclassified in its entirety in the same reporting period. For amounts that are not required to be reclassified in their entirety to net income, an entity is required to cross-reference to other disclosures that provide additional details about those amounts. ASU 2013-02 does not change the current

requirements for reporting net income or other comprehensive income in the financial statements. ASU 2013-02 is effective for the Company in the first quarter of fiscal 2014 and is not expected to have any material impact on the Company's consolidated financial statements.

The warrants were issued in connection with its March 2008 convertible debt transaction with Mr. Shimon Citron, the Company's CEO and a director.

On June 12, 2013, the Company entered into a securities purchase agreement (the "SPA") with Ricx Investments Ltd. (the "Investor"), pursuant to which the Company sold to the Investor 4,295,220 restricted common stock (the "Investor's Shares") of the Company at a price of \$0.10 per share, and issued a warrant to purchase 859,044 shares of common stock (the "Warrant") of the Company at an exercise price per share of \$0.10. No separate consideration was paid for the Warrant. The Warrant expires June 12, 2016.

The net proceeds from the sale of the Investor's Shares and issuance of the Warrant amounted to \$429,522 and was recorded in equity. The transaction closed on June 12, 2013.

NOTE 6: RELATED PARTY TRANSACTIONS:

As of June 30, 2013, the Company had outstanding management fees and advances to be repaid to Mr. Citron (personally and through his private company), in the aggregate amount of \$158,010.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

Forward Looking Statements

The statements contained in this Quarterly Report on Form 10-Q that are not historical facts are "forward-looking statements". The business and operations of Win Global Markets, Inc., or the Company, we, us, or our, are subject to substantial risks, which increase the uncertainty described in the forward-looking statements contained in this Quarterly Report on Form 10-Q. Such forward-looking statements may be identified by, among other things, the use of forward-looking terminology such as "believes," "intends," "plan," "expects," "may," "will," "should," or "anticipates" or the negative thereof or other variations thereon or comparable terminology, or by discussions of strategy that involve risks and uncertainties. In particular, our statements regarding future financings and the potential growth of our markets and business outlook are examples of such forward-looking statements. The forward-looking statements include risks and uncertainties, including, but not limited to, our future growth being dependent upon the success of our new business activity in the field of binary options and other factors, including future financings, and general economic conditions and regulatory developments, not within our control. Further information on potential factors that could cause actual results and developments to be materially different from those expressed in or implied by such statements is described in Item 1A, "Risk Factors" of our Annual Report on Form 10-K for the fiscal year ended December 31, 2012 (our "Annual Report"), and expressed from time to time in our filings with the Securities and Exchange Commission (the "SEC"). The forward-looking statements are made only as of the date of this filing, and, except as required by law, we undertake no obligation to update such forward-looking statements to reflect subsequent events or circumstances. Readers are also urged to carefully review and consider the various disclosures we have made in this Quarterly Report on Form 10-Q and our other filings with the SEC, including our Annual Report.

Overview

Our unaudited condensed consolidated financial statements are stated in United States Dollars (US\$) and are prepared in accordance with U.S. generally accepted accounting principles.

You should read the following discussion of our financial condition and results of operations together with the unaudited condensed consolidated financial statements and the notes to unaudited condensed consolidated financial statements included elsewhere in this Quarterly Report on Form 10-Q.

We are engaged in the business of offering worldwide online trading of binary options. We entered the binary options business in November 2009, and since March 2010, we have been offering online trading of binary options through our wholly-owned Cypriot subsidiary, WGM Services Ltd. ("WGM"). Worldwide trading is being offered by WGM on www.globaloption.com and www.eztrader.co.il. On July 31, 2013, we announced our intention to file a Form 15 with the Securities and Exchange Commission to voluntarily deregister our common stock and suspend our reporting obligations under the Securities Exchange Act of 1934, as amended, on or about August 23, 2013.

We derive most of our income from offering worldwide online trading of binary options, and we continue to generate marginal income from revenue sharing arrangements in the interactive gaming industry, through third parties.

RESULTS OF OPERATIONS FOR SIX AND THREE MONTHS ENDED JUNE 30, 2013 COMPARED TO SIX AND THREE MONTHS ENDED JUNE 30, 2012.

Revenues and Cost of Revenues

During the six and three months ended June 30, 2013 and June 30, 2012, we generated revenues from our binary options business and additional marginal revenues from our revenue sharing arrangements with Lodgnet Interactive Corporation (“Lodgnet”).

Total revenues for the six months ended June 30, 2013 increased by 59% to \$1,522,543 from \$955,168 in the six months ended June 30, 2012. Total revenues for the three months ended June 30, 2013 increased by 65% to \$943,627 from \$570,577 for the three months ended June 30, 2012. These increases in both periods are primarily attributable to the operation of our acquired website www.eztrader.com. Our revenues from Lodgnet revenue sharing remained marginal in both periods.

Cost of revenues for the six months ended June 30, 2013 increased by 36% to \$722,798 from \$531,156 for the six months ended June 30, 2012. Cost of revenues for the three months ended June 30, 2013 increased by 42% to \$448,986 from \$316,702 for the three months ended June 30, 2012. These increases are attributable to the cost of operating our binary options business, including employee payroll, and additional costs of revenues resulting from the significant growth in our acquired website www.eztrader.com

Selling and Marketing

Selling and marketing expenses for the six months ended June 30, 2013 decreased by 36% to \$603,767 from \$945,467 for the six months ended June 30, 2012. Selling and marketing expenses for the three months ended June 30, 2013 decreased by 4% to \$493,942 compared to \$511,968 for the three months ended June 30, 2012. The decrease in selling and marketing expenses are attributable to cash constrains of the Company in the first quarter of 2013 that forced the Company to reduce its expenses. Following the increase of revenues since April 2013, selling and marketing expenses increased during the second quarter of 2013 including expenses relating to employees payroll and payments to affiliates.

General and Administrative

General and administrative expenses for the six months ended June 30, 2013 decreased by 22% to \$810,779 from \$1,043,795 for the six months ended June 30, 2012. General and administrative expenses for the three months ended June 30, 2013 decreased by 8% to \$347,529 from \$453,675 for the three months ended June 30, 2012. The decrease for the six month period is also attributable to cash constraints that the Company faced during the beginning of 2013. In the three months ended June 30, 2013, the positive trend of deposits and increase of revenues allowed the Company to maintain its general and administrative expenses compared to the three months ended June 2012.

Research and development

Research and development expenses for the six month ended June 30, 2013 increased by 110% to \$169,158 from \$80,351 for the six months ended June 30, 2012. Research and development expenses for the three month ended June 30, 2013 increased by 130% to \$97,222 from \$42,004 for the three months ended June 30, 2012. The increase in three and six month is attributed to expenses incurred in connection with the improvement of the Company's technology platform.

Net Loss Attributable to the Company

Net loss attributable to the Company for the six months ended June 30, 2013 was \$910,599 compared to a net loss of \$1,666,417 for the six months ended June 30, 2012. Net loss for the three months ended June 30, 2013 was \$517,983 compared to a net loss of \$756,805 for the three months ended June 30, 2012. Net loss per share from operations for the six months ended June 30, 2013 was \$0.01 and for June 30, 2012 was \$0.02. Net loss per share from operations for the three months ended June 30, 2013 and June 30, 2012 was \$0.01. Net loss for the six and three months ended June 30, 2013 and 2012 was primarily attributable to the operations of our binary options business which required significant marketing and operational expenses, primarily consisting of online advertisement of our online trading of binary options sites, and to the amortization of intangible assets acquired in 2011. Our weighted average number of shares of common stock used in computing basic and diluted net loss per share for the six months ended June 30, 2013 was 79,843,562, while the number of shares of common stock used in computing basic and diluted net income per share for the three months ended June 30, 2013 was 81,141,175. Our weighted average number of shares of common stock used in computing basic and diluted net loss per share for the six months ended June 30, 2012 was 72,200,322, while the number of shares of common stock used in computing basic and diluted net income per share for the three months ended June 30, 2012 was 74,741,531. The increase in our outstanding shares is due to our equity issuances in March 2013 and November 2012, and an investment of \$4,295,220 during June 2013 as described below

Liquidity and Capital Resources

As of June 30, 2013, our total current assets were \$778,957 and our total current liabilities were \$2,149,284. On June 30, 2013, we had an accumulated deficit of \$23,363,834. We currently finance our operations through revenues from our binary options business.

On November 8, 2012, we entered into securities purchase agreements with three investors pursuant to which we sold an aggregate of 3,790,000 shares of restricted common stock (the "Shares") at a price of \$0.10 per share and warrants to purchase an aggregate of 379,000 shares of common stock (the "Warrants") at exercise prices per share of \$0.10. No separate consideration was paid for the Warrants. The Warrants are exercisable on or after May 8, 2013 until twenty-four months from the date of issuance thereof. The aggregate net proceeds from the sale of the Shares and issuance of the Warrants amounted to \$379,000, with \$108,000 of such amount being set-off against outstanding loan amounts made to us in August 2012 of \$54,000 by each of Mr. Shimon Citron, our CEO and a director, and Mr. Ron Lubash, one of our directors.

On March 5, 2013, we issued an aggregate of 1,368,920 shares of common stock in connection with the cashless and cash-based (aggregate cash amount of \$53,513) exercises of warrants issued in connection with our March 2008 convertible debt transaction with Mr. Citron.

On May 12, 2013, we entered into a Finance Agreement with Activa Red Green (the "Lender"), pursuant to which the Lender loaned to the Company \$100,000 with a maturity date of May 11, 2014 (the "Loan").

The Loan bears annual interest of 20%. Until August 14, 2014, the Lender is entitled to convert the loan into shares of common stock of the Company at a conversion price of \$0.10 per a share and upon such conversion receive a warrant to purchase 1/10 share of common stock at a price per share of \$0.1.

On June 12, 2013, we entered into a securities purchase agreement (the "SPA") with Rix Investments Ltd. (the "Investor"), pursuant to which we sold to the Investor 4,295,220 shares of restricted common stock (the "Investor's Shares") of the Company at a price of \$0.10 per share, and issued a warrant to purchase 859,044 shares of common stock (the "New Warrant") of the Company at an exercise price per share of \$0.10. No separate consideration was paid for the New Warrant. The New Warrant expires June 12, 2016.

The net proceeds from the sale of the Investor's Shares and issuance of the New Warrant amounted to \$429,522. The transaction closed on June 12, 2013.

We had a negative working capital of \$1,370,327 on June 30, 2013 compared with a negative working capital of \$1,048,178 on December 31, 2012. Cash and cash equivalents on June 30, 2013 were \$437,850, an increase of \$374,650 from the \$63,200 reported on December 31, 2012. The increase in cash is primarily attributable to our cost reduction, to the Loan of \$100,000 from Activa Red Green and to the June 2013 private placement in which we raised \$429,522.

Operating activities used cash of \$193,654 in the six months ended June 30, 2013. Cash used by operating activities in the six months ended June 30, 2013 resulted primarily from operating our binary options business, including marketing expenses and payroll for our employees.

Investing activity used cash in the six months ended June 30, 2013 of \$22,716, in each case for purchases of property and equipment.

Financing activities provided cash of \$545,588 in the six months ended June 30, 2013, which is primarily due to the investment of \$429,522 received from our June 2013 equity issuance, as further discussed above, as well as to the Loan of \$100,000 received from Aactiva Red Green as further described above.

Off-Balance Sheet Arrangements

As of June 30, 2013, we had no off balance sheet arrangements that have had or that we expect would be reasonably likely to have a future material effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources.

Outlook

We believe that our future success will depend upon our ability to enhance our binary options business. Our current anticipated levels of revenues and cash flow are subject to many uncertainties and cannot be assured. In order to have sufficient cash to meet our anticipated requirements for the next twelve months, we will be dependent upon our ability to obtain additional financing. The inability to generate sufficient cash from operations or to obtain required additional funds could require us to curtail our operations. There can be no assurance that acceptable financing to fund our ongoing operations can be obtained on suitable terms, if at all. If we are unable to obtain the financing necessary to support our operations, we may be unable to continue as a going concern. In that event, we may be forced to cease operations and our stockholders could lose their entire investment in our company.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

Not applicable.

Item 4. Controls and Procedures.

Evaluation of Disclosure Controls and Procedures

As of the end of the period covered by this Quarterly Report on Form 10-Q, we carried out an evaluation, under the supervision and with the participation of our management, our Chief Executive Officer and our Chief Financial Officer, of the effectiveness of our disclosure controls and procedures as defined in Rule 13a-15(e) of the Securities Exchange Act of 1934, as amended. Based on that evaluation and the material weakness described below, our management concluded that we did not maintain effective disclosure controls and procedures as of June 30, 2013. Our management has identified control deficiencies regarding a lack of segregation of duties and a need for a stronger internal control environment. Our management believes that these deficiencies, which in the aggregate constitute a material weakness, are due to the small size of our staff, which makes it challenging to maintain adequate disclosure controls.

Changes in Internal Control Over Financial Reporting

There has been no change in our internal control over financial reporting during the second quarter of 2013 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.
