PART III — NARRATIVE

As previously outlined in the NT-10K filed March 31, 2011, the Registrant completed the acquisition of certain assets in transactions during the year ending December 31, 2010, the accounting and sale treatment of which required significant efforts to insure the proper characterization of the transactions, the result of which was that the audit of the financial statements of the Registrant has not yet been completed. The presentment of financial information from the previous year depends on such characterization and therefore the Registrant believes that the completion of audit process is required prior to filing its Quarterly Report under Form 10-Q for the period ending March 31, 2011.

As a result of these events, the Company was not able, without unreasonable effort or expense, to conclude all of the processes and procedures necessary for it to complete the preparation of its consolidated financial statements (including those related to the controlled subsidiaries and businesses acquired as described above) and to file its Quarterly Report on Form 10-Q for the quarter ended March 31, 2011 within the period prescribed for the filing of such report. The Company anticipates that it will complete such processes within the five day period prescribed by Rule 12b-25.
