The Board of Directors has no reason to believe that any of the Nominees will not be available or prove unable to serve if so elected.

DIRECTOR MEETINGS AND COMMITTEES

During the fiscal year ended September 30, 2005 ("Fiscal Year 2005"), the Board of Directors of the Company held a total of four (4) regular meetings. Each of the directors attended at least eighty percent (80%) of the total number of meetings of the Board of Directors. It is the Company's policy that each of the incumbent directors attend the Annual Meetings of Shareholders.

The Board of Directors has an Audit Committee, a Compensation Committee and a Nominating Committee, each consisting entirely of independent directors. The Board of Directors has determined, after considering all the relevant facts and circumstances, that Messrs. Cleveland, Freeman and Smith and Drs. Crowninshield, Helderman, Henseler and Turner are independent directors, as "independence" is defined by the listing standards of the American Stock Exchange (the "Exchange"), because they have no material relationship with the Company.

The Board of Directors has adopted charters for the Audit, Compensation and Nominating Committees describing the authority and responsibilities delegated to each committee by the board. The Board of Directors has also adopted Corporate Governance Guidelines and a Code of Ethics. The charters of the Audit, Compensation and Nominating Committees and the Corporate Governance Guidelines and Code of Ethics have been posted on the Company's website at www.tutogen.com. These documents are also available in print to any stockholder requesting a copy in writing from the corporate secretary at the executive offices set forth in this proxy statement.

AUDIT COMMITTEE

The Company has a standing Audit Committee consisting of three (3) members. For Fiscal Year 2005, the members of the Audit Committee were Messrs. Cleveland, Smith and Dr. Henseler. The Committee met four (4) times during Fiscal Year 2005. Each member of the Audit Committee is a member of the Board of Directors and "independent", as such term is defined in the Exchange listing standards currently in effect and applicable to the Company. Each of the members of the Audit Committee, by virtue of his past employment experience, has considerable knowledge of financial statements, finance, and accounting. Although Dr. Henseler has a professional certification in accounting, Mr. Cleveland and Mr. Smith each has significant employment experience as a Chief Executive Officer with financial oversight responsibilities. Mr. Smith has also served as the Chief Operating Officer of various companies. In addition, Mr. Cleveland is a graduate of the Wharton School of Business and has more than thirty-five (35) years of experience as a financial analyst. The Company believes both Mr. Cleveland and Mr. Smith qualify as "financial experts" under the Securities and Exchange Commission regulations. The background and

Edgar Filing: TUTOGEN MEDICAL INC - Form DEF 14A

experience of each of the Audit Committee members is more fully disclosed in their biographies under "Nominees for Director".

The mission of the Company's Audit Committee is to ensure accurate and reliable financial reporting by the Company, and to promote shareholder confidence in the reliability of the Company's financial information. To this end, the Audit Committee independently reviews and oversees the Company's internal reporting process, and helps ensure that management develops and adheres to a sound system of internal controls. The Audit Committee also is responsible for retaining and overseeing the Company's independent auditors, and facilitates the auditors' objective review and assessment of the Company's financial statements and its internal reporting practices. The Audit Committee serves as a forum, separate from management, within which the independent auditors, among others, can candidly address issues of concern. To specify and clarify the duties of the Audit Committee, the Company has adopted a formal written charter. The Audit Committee reviews and reassesses the adequacy of its charter on an annual basis.

4

NOMINATING COMMITTEE

The purpose and responsibilities of the Nominating Committee include the identification of individuals qualified to become board members, the recommendation to the Board of Directors of nominees to stand for election as directors at each election of directors, the development and recommendation to the Board of Directors of a set of corporate governance principles applicable to the Company, the oversight of the selection and composition of Committees of the Board of Directors, and the oversight of the evaluations of the Board of Directors and management. During fiscal 2005, the Nominating Committee consisted of Messrs. Smith and Freeman and Drs. Helderman and Henseler. The Nominating Committee met two (2) times during 2005. The Nominating Committee will consider persons recommended by stockholders for inclusion as nominees for election to the Board of Directors if the names, biographical data, and qualifications of such persons are submitted in writing in a timely manner addressed and delivered to the Company's secretary at the address listed herein. The Nominating Committee identifies and evaluates nominees for the Board of Directors, including nominees recommended by stockholders, based on numerous factors it considers appropriate, some of which may include strength of character, mature judgment, career, diversity, and the extent to which the nominee would fill a present need on the Board of Directors. As discussed above, the members of the Nominating Committee are independent, as that term is defined by the listing standards of the Exchange.

COMPENSATION COMMITTEE

The Board of Directors has appointed a Compensation Committee, consisting of independent members of the Board of Directors, to review and approve corporate goals and objectives relevant to the compensation of the Chief Executive Officer, evaluate the performance of the Chief Executive Officer in light of those goals and objectives, and determine and approve the compensation level of the Chief Executive Officer based on this evaluation. For Fiscal Year 2005, the members of the Compensation Committee were Drs. Helderman and Turner and Mr. Freeman. The Compensation Committee also recommends to the Board of Directors with respect to, or, as directed by the Board of Directors, determines and approves, compensation of the other executive officers, and considers the grant of stock options to the executive officers under the 1996 Stock Option Plan. The Compensation Committee makes every effort to ensure that the compensation plan is consistent with the Company's values and is aligned with the Company's business strategy and goals. The Compensation Committee held four

Edgar Filing: TUTOGEN MEDICAL INC - Form DEF 14A

(4) meetings during fiscal 2005.

The compensation program for executive officers consists primarily of base salary, incentive bonuses, annual discretionary bonuses, and long-term incentives in the form of stock options. Executives also participate in various other benefit plans, including medical and retirement plans that generally are available to all employees.

The Company's philosophy is to pay base salaries to executives at levels that enable the Company to attract, motivate, and retain highly qualified executives, taking into account the possibility of performance-based bonuses. The bonus program is designed to reward individuals for performance based on the Company's financial results as well as the achievement of personal and corporate objectives that contribute to the long-term success in building stockholder value. Stock option grants are intended to result in minimal or no rewards if the price of the Company's common stock does not appreciate, but may provide substantial rewards to executives as stockholders in general benefit from stock price appreciation.

Each of Messrs. Mayer and Kruger, President International Operations, is a party to an employment agreement, which provides for designated base salaries plus incentive compensation based on the performance of the Company and the employees as determined by the Board of Directors.

SHAREHOLDER COMMUNICATIONS WITH DIRECTORS

The Board recently adopted new policies and procedures relating to shareholder communications with the Company's directors. It provides that shareholders and other interested parties wishing to contact any member (or all members) of the Board of Directors, any committee of the Board, or any chair of any such committee may do so by mail, addressed, either by name or title, to the Board of Directors or to any such individual directors or group or committee of directors, and that all such correspondences should be sent to the Company's principal office. Such

5

shareholder communications to directors will be opened by the Office of the Corporate Secretary for the purpose of determining whether the contents represent a message to the directors before being forwarded to the addressee. In addition, the Corporate Secretary's office will make, if necessary, sufficient copies of the contents to be forwarded to each director who is a member of the group or committee to which the communication is addressed. The new director communications policy will exclude the forwarding to directors of certain kinds of information, such as materials in the nature of advertising, promotions of a product or service, and patently offensive material.

COMPENSATION OF DIRECTORS

The Company's outside Directors receive a \$6,000 annual retainer, \$1,500 per meeting for attendance at Board meetings, and \$500 per telephonic meeting, plus reimbursement of out-of-pocket expenses. The Chairman of the Board receives \$1,000 per month for his services as Chairman. Additionally, the Company's Directors are eligible to participate in the Company's proposed Stock Option Plan.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

The rules of the Securities and Exchange Commission require our directors, officers, and persons who own more than ten percent (10%) of a

Edgar Filing: TUTOGEN MEDICAL INC - Form DEF 14A

registered class of our equity securities to file reports of ownership and changes in ownership with the Commission. The regulations also require that such persons furnish the Company with copies of all such reports they file. To our knowledge, based solely upon our review of the copies of such reports received by us during the fiscal year ended September 30, 2005 and representations from our officers, directors and ten percent (10%) shareholders, the Company believes that each person who, at any time during Fiscal Year 2005 was a director, officer, or beneficial owner of more than ten percent (10%) of our common stock, complied with all Section 16(a) filing requirements during such year.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR
THE ELECTION OF ALL EIGHT (8) NOMINEES.

PROPOSAL II

ADOPTION OF AN INCENTIVE AND NON-STATUTORY STOCK OPTION PLAN

The Company has a 1996 Stock Option Plan (the "1996 Plan") to attract and maintain management by encouraging ownership of the Company's common stock by Directors, Officers and other key employees. As of February 6, 2006, options have been issued to purchase 3,779,197 shares leaving 520,803 shares available for issuance under the 1996 Plan. The 1996 Plan will expire on February 27, 2006, at which time no further options can be granted under the 1996 Plan.

The Board of Directors of the Company has unanimously approved and recommends to the shareholders that they approve the proposal to adopt an Incentive and Non-Statutory Stock Option Plan ("Plan") covering 1,000,000 shares of the Company's Common Stock. The Board of Directors believes it is in the Company's and its shareholders' best interests to approve the new Plan, as it will provide sufficient shares to enable the Board to utilize stock based incentive compensation for both current and future employees of the Company, directors and other providers of services to the Company. A copy of the Plan is attached hereto as Exhibit A.

The proposed plan will be adopted upon receiving the affirmative vote of holders of a majority of the shares present or represented by proxy at the Meeting.

At January 23, 2006 the closing market price of the Company's shares was \$3.27.

SUMMARY OF THE PLAN

The following is a summary of the provisions of the Plan.

The Plan authorizes the granting of both incentive stock options, as defined under Section 422 of the Internal Revenue Code of 1986 ("ISO"), and non-statutory stock options ("NQO") to purchase Common Stock. All employees

6

of the Company and its affiliates are eligible to participate in the Plan. The Plan also authorizes the granting of NQO's to non-employee Directors and others performing services to the Company.

The Board of Directors or the Compensation and Stock Option Committee is responsible for the administration of the Plan and determines the employees to which options will be granted, the period during which each option will be

Edgar Filing: TUTOGEN MEDICAL INC - Form DEF 14A

exercisable, the exercise price, the number of shares of the Common Stock covered by each option, and whether an option will be a non-qualified or an incentive stock option. The exercise price, however, for the purchase of shares subject to such an option, cannot be less than one hundred percent (100%) of the fair market value of the Common Stock on the date the option is granted. The Compensation Committee also acts as the Stock Option Committee.

No option granted pursuant to the Plan is transferable otherwise than by will or the laws of descent and distribution. The Board of Directors or the Compensation and Stock Option Committee determine the term of each option granted to an employee under the Plan, but in no event may such term exceed ten (10) years from the date of grant and cannot exceed five (5) years in the case of a grant to more than a 10% shareholder.

If there is a stock split, stock dividend, or other relevant change affecting the Company's shares, appropriate adjustments would be made in the number of shares that could be issued in the future and in the number of shares and price under all outstanding grants made before the event. Future options may also cover such shares as may cease to be under option by reason of total or partial expiration, termination or voluntary surrender of an option.

The aggregate fair market value (determined at the time an option is granted) of the Common Stock with respect to which ISO's are exercisable for the first time by any person during any calendar year under the Plan shall not exceed \$100,000.

The vesting period for options granted under the Plan are set forth in an option agreement entered into with the optionee. ISO's granted to an optionee terminate 90 days from termination or employment (30 days in the event of termination for cause). In the event of death or disability, all vested options expire 180 days from the date of death or termination of employment due to disability. Upon the occurrence of a "change in control" of the Company, the maturity of all options then outstanding under the Plan will be accelerated automatically, so that all such options will become exercisable in full with respect to all shares that have not been previously exercised or become exercisable. A "change in control" includes certain mergers, consolidation, and reorganization in which the Company does not survive; the sale, lease, exchange or disposition of substantially all of the assets of the Company; or dissolution of the Company.

FEDERAL INCOME TAX CONSEQUENCES

The holder of an ISO does not realize taxable income upon the grant or upon the exercise of the option (although the option spread is an item of tax preference income potentially subject to the alternative minimum tax). If the stock acquired upon exercise of the options sold or otherwise disposed of within two (2) years from the option grant date or within one year from the exercise date then, in general, gain realized on the sale is treated as ordinary income to the extent of the option spread at the exercise date, and the company receives a corresponding deduction. Any remaining gain is treated as capital gain. If the stock is held for at least two (2) years from the grant date and one year from the exercise date, then gain or loss realized upon the sale will be capital gain or loss and the Company will not be entitled to a deduction. A special basis adjustment applies to reduce the gain for alternative minimum tax purposes.

An optionee does not realize taxable income upon the grant of an NQO. In general, the holder of a NQO realizes ordinary income in an amount equal to the difference between the exercise price and the market value on the date of exercise. The Company is entitled to an expense deduction at the same time and in a corresponding amount.

PROPOSAL III

APPROVAL AND RATIFICATION OF APPOINTMENT
OF INDEPENDENT PUBLIC ACCOUNTANTS

The Board of Directors has selected the firm of Deloitte & Touche L.L.P., independent public accountants, to be the Company's auditors for the fiscal year ending September 30, 2006, and recommends that Shareholders vote to ratify that appointment. Although neither the law nor the governing documents of the Company requires the submission of this matter to a Shareholder vote, in the event of a negative vote, the Board of Directors will reconsider its selection of auditors. Ratification of the appointment of the auditors will require that, at a meeting where a quorum is present, the votes cast in favor of the ratification exceed those votes cast opposing ratification. Deloitte & Touche L.L.P. is expected to have a representative at the Annual Meeting who will be available to respond to appropriate questions from Shareholders.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THIS PROPOSAL.

COMPENSATION COMMITTEE REPORT

The following Report of the Compensation Committee and the information under the heading Performance Graph below shall not be deemed incorporated by reference by any general statement incorporating by reference into any filing under the Securities Act of 1933 or under the Securities Exchange Act of 1934 together, the "Acts"), except to the extent that the Company specifically incorporates the information by reference, and shall not otherwise be deemed filed under the Acts.

The Compensation Committee oversees the Company's compensation program. The goals of the Company's compensation program are to attract, retain, motivate and reward highly qualified management personnel and to provide them with long-term career opportunities. The Company's compensation philosophy is to provide its executives with a competitive total compensation package which motivates superior job performance, the achievement of the Company's business objectives, and the enhancement of shareholder value.

Compensation of the Company's executive officers is reviewed annually by the Board of Directors and the Compensation Committee. Changes proposed for these employees are evaluated and approved by the Compensation Committee on an individual basis. The Company's general approach to compensating executive officers is to pay cash salaries which generally are competitive within ranges of salaries paid to executives of other similar companies, although the Company does not attempt to meet salary levels of such companies. Instead, the Committee sets overall compensation at a level it believes to be fair, based upon a subjective analysis of the individual executive's experience and past and potential contributions to the Company. The Committee also establishes bonus goals for executive officers so as to compensate them on a performance basis. To assist in determining appropriate overall compensation, the Compensation Committee also reviews information regarding the Company's revenues and income.

Stock option grants to employees of the Company, including the Chief Executive Officer, are made at the discretion of the Compensation Committee pursuant to the Company's 1996 Stock Option Plan. Factors and criteria to be used by the Committee in the award of stock options include individual responsibilities, individual performance and direct and indirect contributions to the profitability of the Company.

Respectfully submitted,
The Compensation Committee

REPORT OF THE AUDIT COMMITTEE

In connection with its duty to ensure the independence of the Company's auditors, and consistent with "Independence Standards Board Standard No. 61", the Audit Committee met with the Company's independent public accountants to discuss the auditor's independence. Based on those discussions, the Audit Committee and the independent accountants collectively concluded that there were no relationships between the auditor and its related entities and the Company and its related entities, which in the auditor's professional judgment may reasonably be thought to bear on its independence and no written disclosure of

Edgar Filing: TUTOGEN MEDICAL INC - Form DEF 14A

such relationships by the auditors was warranted under such circumstances. The Audit Committee received a confirmation letter from the Company's accountants that, in its professional judgment, the auditor is independent of the Company within the meaning of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). The Audit Committee also discussed with the independent public accountants the plans for the audit engagement, approved the services to be performed, determined the range of audit and non-audit fees, and reviewed the Company's system of internal accounting and controls.

Following the completion of the auditors' examination of the Company's financial statements, with management present, the Audit Committee reviewed and discussed with the independent auditors the results of the auditors' examination of the financial statements, and the audited financial statements for the fiscal year ended September 30, 2005 ("Fiscal Year 2005"). In addition, the Audit Committee and management engaged in an open and frank discussion with the auditors of such matters as the consistency of the Company's accounting policies and their application, and the clarity, faithfulness, verifiability, neutrality and completeness of the accounting information included in the Company's financial statements, and all other communications required to be addressed by generally accepted auditing standard, including those describe in "Statement on Auditing Standards No. 61 -- Communications with Audit Committees". Based on the foregoing reviews and discussions, the Audit Committee recommended to the full Board of Directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for Fiscal Year 2005 and filed with the Securities and Exchange Commission. The Audit Committee also recommended the reappointment of the independent auditors for the Company's fiscal year ending September 30, 2006, subject to shareholder approval, and the Board of Directors concurred in such recommendation.

Respectfully submitted,
The Audit Committee

PRE-APPROVAL POLICY FOR AUDIT AND NON-AUDIT SERVICES

The Company's Audit Committee has responsibility for the approval of all audit and non-audit services before the Company engages an accountant. All of the services rendered to the Company by Deloitte & Touche for the fiscal years ended September 30, 2005 and 2004 were pre-approved by the Audit Committee before the engagement of the auditors for such services.

In accordance with the rules and regulations of the U.S. Securities and Exchange Commission relating to the independence of auditors, the Company's pre-approval policies and procedures are detailed as to particular services,

Edgar Filing: TUTOGEN MEDICAL INC - Form DEF 14A

require that the Audit Committee be informed of each service, and prohibit the delegation of any pre-approval responsibilities to the Company's management.

The Company's pre-approval policy expressly provides for the annual pre-approval of all audit, audit-related and all non-audit services proposed to be rendered by the independent auditor for the fiscal year, as specifically described in the auditor's engagement letter, such annual pre-approval to be performed by the Audit Committee. The policy also provides that all additional engagements of the auditor that were not approved in the annual pre-approval process, and all engagements that are anticipated to exceed previously approved thresholds, shall be presented by the Chief Executive Officer or Chief Financial Officer of the Company to the Audit Committee for pre-approval, on a case-by-case basis, before management engages the auditors for any such purposes. The Audit Committee is authorized to delegate, to one or more of its members, the authority to pre-approve certain permitted services.

All pre-approvals shall be contingent on a finding, by the Audit Committee, or delegates thereof, as the case may be, that the provision of the proposed services by the Company's auditor is compatible with the maintenance of the auditor's independence in the conduct of its auditing functions. In no event shall any non-audit related service be approved that would result in the independent auditor no longer being considered independent under the applicable rules and regulations of the Securities and Exchange Commission.

VOTING SECURITIES

Under the Florida Business Corporation Act ("FBCA"), directors are elected by a plurality of the votes cast at a meeting in which a quorum is present. In connection with an election of directors, votes may be cast in favor of, or withheld from, each nominee. Votes withheld from a nominee will be counted in determining whether a quorum has been reached. However, since directors are elected by a plurality, votes withheld from a nominee or nominees will be excluded entirely and will not be counted as a vote cast in an election of directors.

In connection with the proposals to approve the Company's Incentive and Non Statutory Stock Option Plan and to ratify the Company's auditors, votes may be cast "For" or "Against" a proposal, or a Shareholder may "Abstain" from voting on the proposal or proposals. Under the FBCA, at a meeting where a quorum is present, all matters submitted to Shareholders (other than an election of directors) are approved if the vote's cast in favor of the action exceeds the vote's cast in opposition to the matter presented (unless the Articles of Incorporation or state law requires a greater number of votes). Accordingly, with respect to any proposal coming before the Annual Meeting, other than the election of Directors, all abstentions and broker non-votes will be counted as present for purposes of determining the existence of a quorum, but since they are neither a vote cast in favor of, or a vote cast against, a proposed action, abstentions and broker non-votes will not be counted as a vote cast on any matter coming before the meeting. A broker non-vote generally occurs when a broker, who holds shares in street name for a customer, does not have authority to vote on certain non-routine matters because its customer has not provided any voting instructions on the matter.

Each Common Share outstanding on the Record Date entitles the record holder thereof to cast one vote with respect to each matter to be voted upon.

DEADLINE FOR SUBMITTING SHAREHOLDER PROPOSALS FOR THE 2007 ANNUAL MEETING

Under the applicable laws of the Securities and Exchange Commission, Shareholder proposals may be eligible for inclusion in the Company's proxy statement and form of proxy that are mailed to all Shareholders in advance of

Edgar Filing: TUTOGEN MEDICAL INC - Form DEF 14A

the annual meeting. A Shareholder is eligible to submit a proposal for inclusion in the Company's proxy materials, if at such time the Shareholder owns at least one percent (1%) or \$2,000 in market value of the Company's Common Stock. In addition, the Shareholder must have held such shares for at least one (1) year, and must continue to own such shares through the date of the 2007 Annual Meeting. Eligible Shareholders who wish to submit a proposal for inclusion in the Company's proxy materials for the 2007 Annual Meeting of Shareholders should submit the proposal(s), in writing, to the Office of the Secretary of the Company at the

16

address set forth on the first page of this Proxy Statement. All such proposals must be received at the Office of the Secretary no later than October 15, 2006. The proposal must be in the form required by applicable rules of the Commission.

Alternatively, Shareholders who wish to have a proposal presented at the 2007 Annual Meeting, but are not seeking to include the proposals in the Company's written proxy materials mailed to shareholders prior to the meeting, should submit the proposals to the Office of the Secretary of the Company between December 15, 2006 and January 31, 2007. There are no shareholder eligibility requirements for Shareholders who not seeking to include their proposals in the Company's written proxy materials. However, the proposals must include (i) a brief description of the matter to be brought before the Annual Meeting and the reasons therefore, (ii) the name and record address of the Shareholder proposing the matter, (iii) the class and number of shares beneficially owned by the Shareholder, (iv) any material interest of the Shareholder, an immediate family member of the Shareholder, or an affiliate of the Shareholder in the proposed matter; and (v) any other information which is reasonably required in order to make the proposal not materially misleading. If the Chairman of the 2006 Annual Meeting determines that a matter has not been properly brought before the meeting in accordance with the foregoing procedures, such matter will not be presented and no action will be taken thereon at the Annual Meeting.

ANNUAL REPORT

The Company's annual report for the year ended September 30, 2005 (the "Annual Report") accompanies this proxy statement. The Annual Report contains a copy of the Company's Form 10-K Report (without exhibits) for the year then ended.

SOLICITATION COSTS

The Company will bear the costs of preparing, assembling and mailing the Proxy Statement, the proxy card, and the 2005 Annual Report in connection with the Annual Meeting. In addition to the use of the mail to solicit proxies for the Annual Meeting, certain employees of the Company may be utilized by the Company to solicit Shareholders' proxies by telephone, telegraph or in person. Such employees will not receive additional compensation for such services to the Company. Arrangements may be made with banks, brokerage houses, and other institutions, nominees, and fiduciaries, to forward the proxy materials to beneficial owners and to obtain authorization from beneficial owners for the execution of proxies. The Company will, upon request, reimburse those persons and entities for expenses incurred in forwarding proxy materials to beneficial owners.

At the time of the preparation of this Proxy Statement, the Board of

Edgar Filing: TUTOGEN MEDICAL INC - Form DEF 14A

Directors of the Company had not been informed of any matters which would be presented for action at the 2007 Annual Meeting, other than the proposals specifically identified in the Notice of Annual Meeting of Shareholders and described above. If any other matters are properly submitted for action at the Annual Meeting, it is intended that the persons named in the accompanying proxy card will vote or refrain from voting on such matters in accordance with their best judgment, after consultation with the Board of Directors.

establish; (vi) the power to delegate to other persons the responsibility for performing ministerial acts in furtherance of the Plan's purpose; and (vii) the power to engage the services of persons or organizations in furtherance of the Plan's purpose, including but not limited to, banks, insurance companies, brokerage firms and consultants.

In addition, as to each option, the Board shall have full and final authority in its discretion: (i) to determine the number of shares subject to each option; (ii) to determine the time or times at which options will be granted; (iii) to determine the time or times when each option shall become exercisable and the duration of the exercise period, which shall not exceed the limitations specified in Section 5.1.1; and (iv) to determine the option price for the shares subject to each option, which price shall be subject to the applicable requirements, if any, of Section 5.1.4 hereof.

2.3 APPOINTMENT AND PROCEEDINGS OF COMMITTEE. The Board may appoint a Stock Option Committee (the "Committee"), which shall consist of at least three members of the Board. The Board may from time to time appoint members of the Committee in substitution for or in addition to members previously appointed, and may fill vacancies, however caused, in the Committee. The Committee shall select one of its members as its chairman and shall hold its meetings at such times and places as it shall deem advisable. A majority of its members shall constitute a quorum, and all actions of the Committee shall be taken by a majority of its members. Any action may be taken by a written instrument signed by all of the members, and any action so taken shall be as fully effective as if it had been taken by a vote of a majority of the members at a meeting duly called and held.

2.4 POWERS OF COMMITTEE. Subject to the provisions of this Plan and the approval of the Board, the Committee shall have the power to make recommendations to the Board as to whom options should be granted, the number of shares to be covered by each option, the time or times of option grants, and the terms and conditions of each option. In addition, the Committee shall have authority to interpret the Plan, to prescribe, amend and rescind rules and regulations relating to the Plan, and to exercise the administrative and ministerial powers of the Board with regard to aspects of the Plan other than the granting of options. The interpretation and construction by the Committee of any provisions of the Plan or of any option granted hereunder and the exercise

18

of any power delegated to it hereunder shall be final, unless otherwise determined by the Board. No member of the Board or the Committee shall be liable for any action or determination made in good faith with respect to the Plan or any option granted hereunder.

SECTION 3. STOCK

3.1 SHARES SUBJECT TO PLANS. The stock subject to the options granted under the Plan shall be shares of the Company's authorized but unissued common stock, par value \$.01 per share ("Common Stock"). The total number of shares that may be issued pursuant to options granted under the Plan shall not exceed an aggregate of 1,000,000 shares of Common Stock.

3.2 LAPSED OR UNEXERCISED OPTIONS. Whenever any outstanding option under the Plan expires, is cancelled or is otherwise terminated (other than by exercise), the shares of Common Stock allocable to the unexercised portion of such option shall be restored to the Plan and be available for the grant of other options under the Plan.

Edgar Filing: TUTOGEN MEDICAL INC - Form DEF 14A

SECTION 4. ELIGIBILITY

4.1 ELIGIBLE OPTIONEES. Incentive options may be granted only to officers and other employees of the Company or its Subsidiaries, including members of the Board who are also employees of the Company or a Subsidiary. Non-statutory options may be granted to officers or other employees of the Company or its Subsidiaries and to certain other individuals, including non-employee directors, providing services to the Company or its Subsidiaries.

4.2 LIMITATIONS ON 10% STOCKHOLDERS. No Incentive Option shall be granted to an individual who, at the time the Incentive Option is granted, owns (including ownership attributed pursuant to Section 425(d) of the Code) more than ten percent (10%) of the total combined voting power of all classes of stock of the Company or any parent or Subsidiary of the Company (a "greater-than 10% stockholder"), unless such Incentive Option provides that (i) the purchase price per share shall not be less than one hundred ten percent (110%) of the fair market value of the Common Stock at the time such Incentive Option is granted, and (ii) that such Incentive Option shall not be exercisable to any extent after the expiration of five years from the date it is granted.

4.3 LIMITATION ON EXERCISABLE OPTIONS. The aggregate fair market value (determined at the time the Incentive Option is granted) of the Common Stock with respect to which Incentive Options are exercisable for the first time by any person during any calendar year under the Plan and under any other option plan of the Company (or a parent or subsidiary as defined in Section 425 of the Code) shall not exceed \$100,000. Any option granted in excess of the foregoing limitation shall be specifically designated as being a Non-statutory Option.

SECTION 5. TERMS OF THE OPTION AGREEMENTS

5.1 MANDATORY TERMS. Each option agreement shall contain such provisions as the Board or the Committee shall from time to time deem appropriate, and shall include provisions relating to the method of exercise, payment of exercise price, adjustments on changes in the Company's capitalization and the effect of a merger, consolidation, liquidation, sale or other disposition of or involving the Company. Option agreements need not be identical, but each option agreement by appropriate language shall include the substance of all of the following provisions:

5.1.1 EXPIRATION. Notwithstanding any other provision of the Plan or of any option agreement, each option shall expire on the date specified in the option agreement, which date shall not be later than the tenth anniversary of the date on which the option was granted (fifth anniversary in the case of a greater-than 10% stockholder).

5.1.2 EXERCISE. Each option shall be deemed exercised when (i) the Company has received written notice of such exercise in accordance with the terms of the option, (ii) full payment of the aggregate option price of the shares of Common Stock as to which the option is exercised has been made, and (iii) arrangements that are satisfactory to the Board or the Committee in its sole discretion have been made for the optionee's payment to the Company of the amount that is necessary for the Company or Subsidiary employing the optionee to withhold in accordance with applicable Federal or state tax withholding requirements. Unless further limited by the Board or the Committee in any option, the option price of any shares of Common Stock purchased shall be paid in cash, by certified or official bank check, by money order, with shares of Common Stock or by a combination of the above; provided further, however, that the Board or the Committee in its sole discretion may accept a personal

Edgar Filing: TUTOGEN MEDICAL INC - Form DEF 14A

check in full or partial payment of any shares of Common Stock. If the exercise price is paid in whole or in part with shares, the value of the shares surrendered shall be their fair market value on the date the option is exercised as determined in accordance with Section 5.1.4 hereof. No optionee shall be deemed to be a holder of any shares of Common Stock subject to an option unless and until a stock certificate or certificates for such shares of Common Stock are issued to such person(s) under the terms of the Plan. No adjustment shall be made for dividends (ordinary or extraordinary, whether in cash, securities or other property) or distributions or other rights for which the record date is prior to the date such stock certificate is issued, except as expressly provided in Section 6 hereof. No optionee shall be deemed to be a holder of any shares of Common Stock subject to an option unless and until a stock certificate or certificates for such shares of Common Stock are issued to such person(s) under the terms of the Plan.

5.1.3 EVENTS CAUSING IMMEDIATE EXERCISE. Unless otherwise provided in any option, each outstanding option shall become immediately fully exercisable.

5.1.3.1 if there occurs any transaction (which shall include a series of transactions occurring within 60 days or occurring pursuant to a plan), that has the result that stockholders of the Company immediately before such transaction cease to own at least 51 percent of the voting stock of the Company or of any entity that results from the participation of the Company in a reorganization, consolidation, merger, liquidation or any other form of corporate transaction;

5.1.3.2 if the stockholders of the Company shall approve a plan of merger, consolidation, reorganization, liquidation or dissolution in which the Company does not survive (unless the approved merger, consolidation, reorganization, liquidation or dissolution is subsequently abandoned); or

5.1.3.3 if the stockholders of the Company shall approve a plan for the sale, lease, exchange or other disposition of all or substantially all the property and assets of the Company (unless such plan is subsequently abandoned).

The Board or the Committee may in its sole discretion accelerate the date on which any option may be exercised and may accelerate the vesting of any shares of Common Stock subject to any option or previously acquired by the exercise of any option.

5.1.4 PURCHASE PRICE. The purchase price per share of the Common Stock under each Incentive Option shall be not less than the fair market value of the Common Stock on the date the option is granted (110% of the fair market value in the case of a greater-than 10% stockholder). The price at which shares may be purchased pursuant to Non-statutory Options shall be specified by the Board at the time the option is granted, and may be less than, equal to or greater than the fair market value of the shares of Common Stock on the date such Non-statutory Option is granted, but shall not be less than the par value of shares of Common Stock.

For the purpose of the Plan, the "fair market value" per share of Common Stock on any date of reference shall be the Closing Price of the Common Stock of the Company which is referred to in either clause (i), (ii) or (iii) below, on the business day immediately preceding such date, or if not referred to in either clause (i), (ii) or (iii) below, "fair market value" per share of Common Stock shall be such value as shall be determined by the Board or the Committee, unless the Board or the Committee in its sole discretion shall determine otherwise in a fair and uniform manner. For this purpose, the Closing Price of the Common Stock on any business day shall be (i) if the Common Stock is listed

Edgar Filing: TUTOGEN MEDICAL INC - Form DEF 14A

or admitted for trading on any United States national securities exchange, or if actual transactions are otherwise reported on a consolidated transaction reporting system, the last reported sale price of Common Stock on such exchange or reporting system, as reported in any newspaper of general circulation, (ii) if the Common Stock is quoted on the National Association of Securities Dealers Automated Quotations System ("NASDAQ"), or any similar system of automated dissemination of quotations of securities prices in common use, the mean between the closing high bid and low asked quotations for such day of Common Stock on such system, or (iii) if neither clause (i) or (ii) is applicable, the mean between the high bid and low asked quotations for the Common Stock as reported by the National Quotation Bureau, Incorporated if at least two securities dealers have inserted both bid and asked quotations for Common Stock on at least five of the ten preceding days.

20

5.1.5 TRANSFERABILITY OF OPTIONS. Incentive options granted under the Plan and the rights and privileges conferred thereby may not be transferred, assigned, pledged or hypothecated in any manner (whether by operation of law or otherwise) other than by will or by applicable laws of descent and distribution, and shall not be subject to execution, attachment or similar process. Upon any attempt so to transfer, assign, pledge, hypothecate or otherwise dispose of any Incentive Option under the Plan or any right or privilege conferred hereby, contrary to the provisions of the Plan, or upon the sale or levy or any attachment or similar process upon the rights and privileges conferred hereby, such option shall thereupon terminate and become null and void. Non-statutory Options shall be transferable to the extent provided in the option agreements under which they are granted.

5.1.6 TERMINATION OF EMPLOYMENT OR DEATH OF OPTIONEE. Except as may be otherwise expressly provided in the terms and conditions of the option granted to an Optionee, options granted hereunder shall terminate on the earlier to occur of:

5.1.6.1 the date of expiration thereof; or

5.1.6.2 other than the case of death of the Optionee or disability of the Optionee within the meaning of Section 22(e)(3) of the Code ("disability"), (A) ninety (90) days after termination of the employment between the Company and the Optionee in the case of an Incentive Option (thirty (30) days if termination of employment is for cause), and (B) ninety (90) days after termination of the employment or other relationship between the Company and the Optionee (thirty (30) days if termination is for cause), unless such termination provision is waived by resolution adopted by the Board within thirty (30) days of the termination of such relationship, in the case of a Non-statutory Option.

Except as may otherwise be expressly provided in the terms and conditions of the option granted to an Optionee, in the event of the death of an Optionee while in an employment or other relationship with the Company and before the date of expiration of such option, such option shall terminate on the earlier of such date of expiration or one hundred eighty (180) days following the date of such death. After the death of the Optionee, his executors, administrators or any person or persons to whom his option may be transferred by will or by laws of descent and distribution, shall have the right, at any time prior to such time termination, to exercise the option to the extent the Optionee was entitled to exercise such option immediately prior to his death.

Except as may otherwise be expressly provided in the terms and conditions of the option granted to an Optionee, if an Optionee's employment or other relationship with the Company terminates because of a disability, the

Edgar Filing: TUTOGEN MEDICAL INC - Form DEF 14A

Optionee's option shall terminate on the earlier of the date of expiration thereof or one hundred eighty (180) days following the termination of such relationship; and unless by its terms it sooner terminates and expires during such one hundred eighty (180) day period, the Optionee may exercise that portion of his or her option which is exercisable at the time of termination of such relationship.

An employment relationship between the Company and the Optionee shall be deemed to exist during any period during which the Optionee is employed by the Company or by any Subsidiary. Whether authorized leave of absence or absence on military government service shall constitute termination of the employment relationship between the Company and the Optionee shall be determined by the Board at the time thereof.

5.1.7 RIGHTS OF OPTIONEES. No Optionee shall be deemed for any purpose to be the owner of any shares of Common Stock subject to any option unless and until (i) the option shall have been exercised pursuant to the terms thereof, (ii) the Company shall have issued and delivered the shares of the Optionee, and (iii) the Optionee's name shall have been entered as a stockholder of record on the books of the Company. Thereupon, the Optionee shall have full voting, dividend and other ownership rights with respect to such shares of Common Stock.

5.2. CERTAIN OPTIONAL TERMS. The Board may in its discretion provide, upon the grant of any option hereunder, that the Company shall have an option to repurchase all or any number of shares purchased upon exercise of such option. The repurchase price per share payable by the Company shall be such amount or be determined by such formula as is fixed by the Board at the time the option for the shares subject to repurchase was granted. The Board may also provide that the Company shall have a right of first refusal with respect to the transfer or proposed transfer of any shares purchased upon exercise of an option granted hereunder. In the event the Board shall grant options subject to the Company's repurchase rights or rights of first refusal, the certificate

21

or certificates representing the shares purchased pursuant to such option shall carry a legend satisfactory to counsel for the Company referring to the Company's repurchase option.

SECTION 6. ADJUSTMENT OF SHARES OF COMMON STOCK

6.1 INCREASE OR DECREASE OF OUTSTANDING SHARES. If at any time while the Plan is in effect or unexercised options are outstanding, there shall be any increase or decrease in the number of issued and outstanding shares of Common Stock through the declaration of a stock dividend or through any recapitalization resulting in a stock split-up, combination or exchange of shares of Common Stock, then and in such event (i) appropriate adjustment shall be made in the maximum number of shares of Common Stock available for grant under the Plan, so that the same percentage of the Company's issued and outstanding shares of Common Stock shall continue to be subject to being so optioned, and (ii) appropriate adjustment shall be made in the number of shares and the exercise price per share of Common Stock thereof then subject to any outstanding option, so that the same percentage of the Company's issued and outstanding shares of Common Stock shall remain subject to purchase at the same aggregate exercise price.

6.2 DISCRETIONARY ADJUSTMENT. Subject to the specific terms of any option, the Board or the Committee may change the terms of options outstanding under this Plan, with respect to the option price or the number of shares of

Edgar Filing: TUTOGEN MEDICAL INC - Form DEF 14A

Common Stock subject to the options, or both, when, in the sole discretion of the Board or the Committee, such adjustments become appropriate by reason of a corporate transaction described in Section 5.1.4 hereof.

6.3 CONVERSION OF SHARES. Except as otherwise expressly provided herein, the issuance by the Company of shares of its capital stock of any class, or securities convertible into shares of capital stock of any class, either in connection with direct sale or upon the exercise of rights or warrants to subscribe therefore, or upon conversion of shares or obligations of the Company convertible into such shares or other securities, shall not affect, and no adjustment by reason thereof shall be made with respect to the number of or exercise price of shares of Common Stock then subject to outstanding options granted under the Plan.

6.4 GENERAL. Without limiting the generality of the foregoing, the existence of outstanding options granted under the Plan shall not affect in any manner the right or power of the Company to make, authorize or consummate (i) any or all adjustments, recapitalizations, reorganizations or other changes in the Company's capital structure or its business; (ii) any merger or consolidation of the Company; (iii) any issue by the Company of debt securities, or preferred or preference stock that would rank above the shares subject to outstanding options; (iv) the dissolution or liquidation of the Company; (v) any sale, transfer or assignment of all or any part of the assets or business of the Company; or (vi) any other corporate act or proceeding, whether of a similar character or otherwise.

SECTION 7. AMENDMENT OF THE PLAN

The Board may amend the Plan at any time, and from time to time, subject to the limitation that no amendment shall be effective unless approved by the stockholders of the Company in accordance with applicable law and regulations at an annual or special meeting held within twelve (12) months before or after the date of adoption of such amendment, in any instance in which such amendment would: (i) increase the number of shares of Common Stock as to which options may be granted under the Plan; or (ii) change in substance the provisions of Section 4 hereof relating to eligibility to participate in the Plan.

Rights and obligations under any option granted before any amendment of the Plan shall not be altered or impaired by such amendment, except with the consent of the Optionee.

SECTION 8. NON-EXCLUSIVITY OF THE PLAN

Neither the adoption of the Plan by the Board nor the approval of the Plan by the stockholders of the Company shall be construed as creating any limitations on the power of the Board to adopt such other incentive arrangements as it may deem desirable, including without limitation the granting of stock options otherwise than under the Plan, and such arrangements may be either applicable generally or only in specific cases.

22

SECTION 9. GOVERNMENT AND OTHER REGULATIONS; GOVERNING LAW

The obligation of the Company to sell and delivery shares of Common Stock with respect to options granted under the Plan shall be subject to all applicable laws, rules and regulations, including all applicable federal and state securities laws, and the obtaining of all such approvals by government agencies as may be deemed necessary or appropriate by the Board or the Committee. All shares sold under the Plan shall bear appropriate legends. The

Edgar Filing: TUTOGEN MEDICAL INC - Form DEF 14A

Plan shall be governed by and construed in accordance with the laws of the State of Florida.

SECTION 10. EFFECTIVE DATE OF PLAN

The effective date of the Plan is December 5, 2005, the date on which it was approved by the Board of Directors of the Company. No option may be granted under the Plan after the tenth anniversary of such effective date.
