PROXY STATEMENT

For the Annual Meeting of Stockholders
To Be Held on Tuesday, May 25, 2010

Solicitation of Proxy

This Proxy Statement is furnished to stockholders of IntegraMed America, Inc. (the “Company”) in connection with the solicitation by the Company’s Board of Directors of proxies for use at the Annual Meeting of Stockholders of the Company (“Annual Meeting”) to be held at the Company’s principal executive offices at Two Manhattanville Road, Purchase, New York 10577 on Tuesday, May 25, 2010 at 10:00 a.m., and any postponements or adjournments of the Annual Meeting.

Mailing Date

The Annual Report of the Company for 2009, including financial statements, the Notice of Annual Meeting of Stockholders, this Proxy Statement, and the Proxy Card are first being sent or given to stockholders on or about April 20, 2010.

Who Can Vote — Record Date

The record date for determining stockholders entitled to notice of and to vote at the Annual Meeting is March 26, 2010. Each of the 11,703,400 shares of Common Stock, par value \$.01 per share (the “Common Stock”), of the Company issued and outstanding on the record date is entitled to one vote at the Annual Meeting.

How to Vote

If at the close of business on March 26, 2010 your shares of Common Stock were registered directly in your name with the Company’s transfer agent, then you are a stockholder of record. As a stockholder of record, you may vote in person at the Annual Meeting or you may vote by mailing in your Proxy Card. Whether or not you plan to attend the Annual Meeting in person, we urge you to complete, sign, date and mail your Proxy Card to ensure that your vote is counted.

If at the close of business on March 26, 2010 your shares of Common Stock were held in “street name”, you must vote your shares of Common Stock in the manner prescribed by your broker. You are invited to attend the Annual Meeting; however, you may not vote your shares of Common Stock in person at the Annual Meeting unless you request and obtain a valid proxy from your broker.

In voting on the Directors, you may specify whether your shares should be voted for all, some, or none of the nominees for director.

If you do not specify on your proxy card how you want to vote your shares, we will vote them “FOR” the election of all nominees for director as set forth under “Election of Directors For a Term of One Year” and “FOR” the approval of the amendment to the Restated Certificate of Incorporation as set forth under “Approval to Amend and Restate the Restated Certificate of Incorporation.”

Revocation of Proxies

You may revoke your Proxy at any time before it is exercised in any of three ways:

- (1) by submitting written notice of revocation to the Company's Secretary, which must be received prior to the Annual Meeting;
- (2) by submitting a new Proxy by mail that is dated later in time and properly signed; or
- (3) by voting in person at the Annual Meeting.

Quorum

A quorum of stockholders is necessary to hold a valid meeting. A quorum will exist if the holders of a majority of the votes entitled to vote at the Annual Meeting are present, in person or represented by proxy. Broker "non-votes" and abstentions are counted as present at the Annual Meeting for purposes of determining whether a quorum exists. A broker "non-vote" occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner.

Required Vote

Election of Directors. Persons receiving a plurality of the voted shares present in person or represented by proxy at the Annual Meeting will be elected directors, meaning the individuals receiving the greatest number of votes will be elected to serve as directors. Shares not voted (whether abstention, broker "non-votes" or otherwise) have no effect on the election. If any nominee is unable or declines to serve, proxies will be voted for the balance of those named and such person as shall be designated by the Board to replace any such nominee. However, the Board of Directors does not anticipate that this will occur.

Approval to Amend and Restate the Restated Certificate of Incorporation. The affirmative vote of a majority of the shares of Common Stock present in person or represented by proxy is required to approve amending and restating the Company's Restated Certificate of Incorporation. As a result, shares not voted (whether abstention, broker "non-votes" or otherwise) will have the same effect as a vote "AGAINST" the amendment to the Company's Restated Certificate of Incorporation.

Effect of Not Casting Your Vote

If you hold your shares in "street name", it is critical that you cast your vote if you want it to count in the election of directors. In the past, if you held your shares in "street name" and you did not indicate how you wanted your shares voted in the election of directors, your broker was allowed to vote those shares on your behalf in the election of directors as it felt appropriate. Recent regulatory changes have been made to take away the ability of your broker to vote your uninstructed shares in the election of directors on a discretionary basis. Thus, if you hold your shares in "street name" and you do not instruct your broker how to vote in the election of directors, no votes will be cast on your behalf. Your broker will also not have discretion to vote uninstructed shares on the proposal to approve amending and restating the Company's Restated Certificate of Incorporation. If you are a stockholder of record and you do not cast your vote, no votes will be cast on your behalf on any of the proposals at the Annual Meeting.

Voting Results

Preliminary voting results will be announced at the Annual Meeting. Final voting results will be published in a Current Report on Form 8-K within four business days of the Annual Meeting.

Other Business

The Company does not intend to bring any business before the Annual Meeting other than that set forth in the Notice of Annual Meeting and described in this Proxy Statement. However, if any other business should properly come before the Annual Meeting, the persons named in the enclosed proxy card intend to vote in accordance with their best judgment on such business and any matters dealing with the conduct of the Annual Meeting pursuant to the discretionary authority granted by your proxy.

The following table sets forth, as of April 1, 2010, certain information concerning the stock ownership of all persons known by the Company to own beneficially 5% or more of the shares of Common Stock, each director, each executive officer named on the “Summary Compensation Table”, and all directors and executive officers of the Company as a group. Proposal 1

ELECTION OF DIRECTORS FOR A TERM OF ONE YEAR

Each of the nominees is currently a director of the Company. The Board of Directors recommends that the persons named below be elected as directors of the Company and it is intended that your proxy will be voted for the election as directors of the seven persons named below, unless your proxy contains contrary instructions. The Company has no reason to believe that any of the nominees will not be a candidate or will be unable to serve. However, in the event that any nominee should become unable or unwilling to serve as a director, your proxy will be voted for the election of such person or persons as shall be designated by the Board of Directors.

The following sets forth the names and ages of the seven nominees for election to the Board of Directors, their respective principal occupations or employments during the past five years, the period during which each has served as a director of the Company and additional information considered in connection with the nomination of the directors for election as directors at the Annual Meeting.

He earned a B.A. in Economics from Tufts University and an M.B.A. from Suffolk University. Mr. Canet's extensive knowledge of our business and his current position as our Chairman of the Board and former position as Chief Executive Officer of the Company, brings substantial value to the Board.

Mr. Moon earned a B.B.A. and a Masters in Hospital Administration from the University of Michigan. Mr. Moon has extensive experience and knowledge of the health care industry, particularly health insurance and health related companies, and finance. In light of Mr. Moon's particular health care industry and finance experience and knowledge, his insight is extremely relevant to the Company's business and operations and makes him a valuable asset to the Board of Directors, the Audit Committee, the Compensation Committee and the Governance and Nominating Committee (where he serves as Chairperson).

Lawrence J. Stuesser (68) became a director of the Company in April 1994. Since June 1999, Mr. Stuesser has been a private investor. Previously, Ms. Tallett served as President and Chief Executive Officer of TransCell Technologies, Inc.; as President of Centocor Pharmaceuticals; as a member of the Parke-Davis Executive Committee; and as Director of Worldwide Strategic Planning for Warner-Lambert. Her executive experience enables her to provide depth of knowledge on issues of marketing, operations and acquisitions. The Board also considered Ms. Tallett's extensive knowledge of accounting and financial matters, as well as previous experience as a member of the board of directors of a public company. This experience makes her a valuable asset to the Board of Directors, the Audit Committee, the Compensation Committee (where she serves as Chairperson) and the Governance and Nominating Committee.

THE BOARD OF DIRECTORS AND ITS COMMITTEES

Directors are elected by the Company's stockholders at each annual meeting or, in the case of a vacancy, are appointed by the directors then in office, to serve until the next annual meeting of stockholders or until their successors are elected and qualified. During 2009, the Board of Directors held four regular meetings. Each director attended at least 75% of the aggregate of all meetings of (i) the Board of Directors and (ii) the committees thereof on which each director served during 2009. In 2009, the independent directors of the Board of Directors met four times in executive session.

The Board of Directors has determined that Messrs. Moon and Stuesser, Ms. Tallett and Dr. Thornton are independent directors in accordance with Rule 5605(a)(2) of the NASDAQ Listing Rules because none of them is believed to have any relationships that, in the opinion of the Board of Directors, would interfere with the exercise of independent judgment in carrying out their responsibilities as a director. In addition, our Board of Directors has also determined that Mr. Sarason Liebler, who ceased being a member of our Board of Directors on May 12, 2009 because he had reached the mandatory retirement age of 72 under our corporate governance guidelines, was an independent director in accordance with NASDAQ Listing Rule 5605(a)(2). Our Board of Directors considered the \$57,533 of consulting fees that were paid by us to Mr. Liebler in 2008 when determining his independence.

The Board of Directors has risk oversight responsibility for the Company and administers this responsibility both directly and with assistance from its committees. The Board of Directors oversees the Company's risk management process through regular discussions of the Company's risks with senior management both during and outside of regularly scheduled Board of Directors meetings. In addition, the Audit Committee assists the Board of Directors by administering the Company's risk management process with respect to risks relating to the Company's accounting and financial controls.

Our Board of Directors has no policy with regard to the separation of the offices of Chairman of the Board and Chief Executive Officer. The current leadership structure separates these two offices.

Stockholders may communicate directly with the directors. All communications should be sent in care of the Secretary of the Company at the Company's address at Two Manhattanville Road, Purchase, New York 10577 and should prominently indicate on the outside of the envelope that it is intended for the Board of Directors, for non-employee directors or a particular committee of the Board. If no director or committee is specified, the communication will be forwarded to the entire Board.

The Company does not have a policy requiring the directors to attend stockholder meetings; however, all of our directors attended the 2009 annual meeting of stockholders. It is expected that all of our directors will attend the 2010 Annual Meeting.

Committees Of The Board

The Board of Directors maintains three standing Committees: Audit Committee, Compensation Committee, and Governance and Nominating Committee whose members are set forth below:

Audit	Compensation**	Governance and Nominating**
Wayne R. Moon Lawrence J. Stuesser* Elizabeth E. Tallett	Wayne R. Moon Lawrence J. Stuesser Elizabeth E. Tallett*	Wayne R. Moon* Lawrence J. Stuesser Elizabeth E. Tallett

Yvonne S. Thornton,
M.D.

Yvonne S. Thornton, M.D.

Yvonne S. Thornton, M.D.

*Committee Chairperson

**Mr. Sarason Liebler served as a member of the Compensation Committee and the Governance and Nominating Committee until May 12, 2009, when he ceased being a member of the Board, the Compensation Committee and the Governance and Nominating Committee because he had reached the mandatory retirement age of 72 under the Company's corporate governance guidelines.

Audit Committee

The Audit Committee is charged by the Board of Directors to (i) study, review and evaluate the Company's accounting, auditing and financial reporting practices, including the internal controls and audit functions, (ii) assess the Company's compliance with legal and regulatory requirements, and (iii) select the independent auditors and review their qualifications, independence and performance, while being the focal point for communications between the Board of Directors, management and the independent auditors. More specifically, the Audit Committee pre-approves all audit and non-audit services to be performed by the independent auditors, reviews the scope and results of the audit of the Company's financial statements, reviews financial statements and periodic filings with the Commission, and discusses the same with management.

Each Audit Committee member is an independent director, as defined in NASDAQ Listing Rule 5605(a)(2). Our Board of Directors has determined that in addition to being independent, Mr. Stuesser is an "audit committee financial expert" as such term is defined in Item 407 of Regulation S-K promulgated by the Commission. Our Board of Directors has adopted a written charter for the Audit Committee. A copy of the Audit Committee charter is available to stockholders at the Company's website <http://www.integrated.com> under the heading "Investors – Board Committees."

The Audit Committee held four regular meetings and four telephonic meetings in 2009.

Compensation Committee

The Compensation Committee, under a delegation of authority from the Board of Directors, reviews and makes decisions with respect to salaries, wages, bonuses, equity awards and other benefits and incentives for executive officers of the Company. The Compensation Committee held four regular meetings in 2009.

The Compensation Committee has a charter, a copy of which is available to stockholders at the Company's website <http://www.integrated.com> under the heading "Investors – Board Committees."

Compensation Committee Interlocks and Insider Participation

From January 1, 2009 through May 12, 2009, the members of the Compensation Committee were Ms. Tallett (chairperson), Messrs. Liebler, Moon and Stuesser and Dr. Thornton. Mr. Liebler ceased being a member of our board of directors and the Compensation Committee on May 12, 2009 because he had reached the mandatory retirement age of 72 under our corporate governance guidelines. After May 12, 2009, the remaining members continued as the members of the Compensation Committee. All of the individuals listed above are, or, in the case of Mr. Liebler, were, independent directors, as defined in NASDAQ Listing Rule 5605(a)(2). None of the individuals listed above has ever been an officer or employee of us or any of our subsidiaries. During 2009, none of our executive officers served on the Compensation Committee or board of directors of any other entity that had any executive officer who also served on the Compensation Committee of our Board of Directors or our Board of Directors.

Governance and Nominating Committee

The Board of Directors maintains a Governance and Nominating Committee consisting of independent directors as defined by NASDAQ Listing Rule 5605(a)(2). The primary purpose of the Governance and Nominating Committee is to provide oversight on the broad range of issues surrounding the composition and operation of the Board of Directors, including identifying individuals qualified to become Board members, recommending to the Board director nominees for the next annual meeting of stockholders, and recommending to the Board a set of corporate governance principles applicable to the Company. Although the Governance and Nominating Committee has not adopted a formal diversity policy, it evaluates each prospective director in the context of the Board as a whole, with the objective of

recommending directors that as a group can best promote the success of the Company, represent the stockholder interests and fulfill the Board's legal and fiduciary responsibilities through the exercise of sound judgment, using its diversity of experience. In determining whether to recommend a director for re-election, the Governance and Nominating Committee also considers the director's past attendance at meetings and participation in and contributions to the Board and its Committees. Set forth above under "Election of Directors for a Term of One Year," with respect to each nominee for director, is the specific experience, qualifications, attributes and skills that led the Governance and Nominating Committee to conclude that such nominee should serve as a director of the Company from the Annual Meeting until the 2011 annual meeting of stockholders or until his or her successor is elected or qualified. The Governance and Nominating Committee also provides assistance to the Board in the areas of Committee selection, evaluation of the overall effectiveness of the Board and management, and review and consideration of developments in corporate governance practices. The Committee's goal is to assure that the composition, practices, and operation of the Board contribute to value creation and effective representation of the Company stockholders. The Governance and Nominating Committee held four meetings in 2009.

The Governance and Nominating Committee will consider candidates for board membership whose qualifications, including business experience and skills, lend themselves to advancing the Company's best interests. There are no minimum qualifications. Stockholders may recommend candidates for consideration by the Governance and Nominating Committee by writing to the "Chairperson, Governance and Nominating Committee, c/o IntegraMed America, Inc., Two Manhattanville Road, Purchase, New York 10577." Such recommendations for the 2011 annual meeting of stockholders must be received by the Company between January 25, 2011 and February 24, 2011. The Governance and Nominating Committee will evaluate candidates recommended by stockholders in the same manner as candidates identified by any other source. The Governance and Nominating Committee's process for identifying and evaluating nominees for director, including nominees recommended by stockholders, includes background and reference checks, together with personal interviews.

The Governance and Nominating Committee has a charter, a copy of which is available to stockholders at the Company's website <http://www.integrated.com> under the heading "Investors – Board Committee."

DIRECTOR COMPENSATION

In 2009, non-employee directors of the Company were paid an annual retainer of \$30,000 and a fee of \$2,000 for each regularly scheduled meeting of the Board attended and for any special or committee meeting not coinciding with a regularly scheduled Board meeting. The chairpersons of the Compensation Committee and the Governance and Nominating Committee were paid \$7,000 each for serving as chairperson and the Chairperson of the Audit Committee was paid \$10,000 for serving as chair of the Audit Committee. Directors were also reimbursed for reasonable travel expenses incurred in attending meetings. Additionally, non-employee directors were granted, as part compensation for services rendered, 6,531 shares of Common Stock, with a market value of \$6.89 per share, or \$45,000, based on the closing price per share of the Company's Common Stock on the date of the grant which was January 2, 2009 as reported by the NASDAQ Global Market, with vesting upon grant. Directors who are also executive officers are not compensated for their services as directors.

The Company's philosophy regarding director compensation is to recognize that in order to attract and retain directors who are willing to contribute time and talent to the Company, it is important to compensate competitively such persons. With that philosophy in mind, the Company attempts to provide fair cash compensation for a company of its size and also provide directors with "skin in the game" by awarding, as part compensation, stock in the Company. With Common Stock as part of a director's compensation, the resulting objective is to enable directors to align their interests with stockholders and appreciate the importance of improving stock performance and providing investors with long-term gains. Directors are not paid for their roles on Committees, other than as serving as Chairperson and for attending meetings of such Committees not coinciding with a regularly scheduled meeting of the Board of Directors. Committees meet in conjunction with Board meetings and accordingly, the Company believes there should not be additional compensation for Committee involvement, unless a meeting of such Committee does not coincide with a regularly scheduled meeting of the Board of Directors. Because Committee chairpersons are expected to interact more with management, they are compensated for the additional time.

Directors are required to own Company Common Stock equal to five times the annual retainer fee in effect for the year of a director's first appointment or election; however, a director has five years to achieve this requirement. Once this requirement is met, a director need not adjust the number of shares owned based on the fluctuation of the market price of the Company Common Stock. As of the date of this Proxy Statement, all directors have met this requirement.

The following table sets forth a summary of the compensation paid or accrued by the Company during the year ended December 31, 2009 for the Company's directors, but excludes any management director whose compensation is reflected on the "Summary Compensation Table" for Named Executive Officers (as defined below):

COMPENSATION DISCUSSION AND ANALYSIS

Overview and Objectives

The goal of our compensation program is to attract, motivate and retain executives with the skills and experience necessary to help us achieve our strategic objectives and advance the long-term interests of our stockholders. The program is designed to support a performance oriented environment and to motivate and reward the achievement of annual and long-term corporate and divisional financial and operational objectives. In addition, the Board of Directors requires that our Chief Executive Officer own shares of the Company's common stock equivalent to 2 times annual base salary and our Executive Vice President and Chief Financial Officer own shares of the Company's stock equivalent to 1.5 times annual base compensation. The Board of Directors has determined that such a requirement serves to align senior executives' interests with the stockholders. Both our Chief Executive Officer, Mr. Higham, and our Chief Financial Officer, Mr. Hlywak, have met and continue to meet this requirement.

A significant percentage of our executive compensation is weighted toward incentive cash bonus tied to the financial and operational performance of the Company and its Divisions. When we achieve these targeted performance level, executive compensation can be substantially increased. When we do not achieve targeted performance levels, the compensation that can be realized by our executives will be substantially reduced. We believe this is an effective means of aligning our executives' financial interests with the interests of our stockholders.

Elements and Allocation of Compensation

There are three main compensation elements that support our compensation philosophy- base salary, annual cash bonuses and equity grants. The Compensation Committee, with the recommendation of our President and Chief Executive Officer has determined that executive compensation should be allocated primarily to base salary and the cash bonus. Base salary serves to attract and retain competent executives in what is an increasingly competitive marketplace. Cash bonuses under our Bonus Plans serve to help achieve the Company's annual strategic objectives by motivating our executives to achieve the financial and operational milestones that support those objectives. Equity grants serve the Company's long-term strategic plan by incenting our executives to achieve long-range goals since generally the equity grants vest over a period of time and will become more valuable to the executive as the price of our Common Stock increases.

In determining the overall compensation for Mr. Higham and Mr. Hlywak for 2009, in 2008 the Compensation Committee reviewed the CEO and CFO overall compensation of a health care services peer group of ten companies with market capitalization of less than \$150,000,000 (the "Peer Group"). The Peer Group consisted of Allion Healthcare Inc., Capital Senior Living Corporation, HealthTronics, Inc., LCA -Vision Inc., Life Sciences Research, Inc., Metropolitan Health Networks, Inc., Novamed, Inc., Quadramed Corporation., TLC Vision Corporation., and NightHawk Radiology.

Base Salary

Base salaries for our named executive officers are reviewed annually based upon the executive's responsibilities and a comparison to competitive market levels for the executive's job function. Base salaries are also reviewed at the time of a promotion or a significant change in responsibility. Among the factors considered for salary increases are individual

and corporate performance, individual level of responsibility, contributions to the Company's overall success, and current competitive market levels.

Cash Bonuses

A significant part of an executive's compensation is the cash bonus under our Executive Incentive Compensation Plans (the "Bonus Plans"). The Compensation Committee approves a separate Bonus Plan annually for our Corporate Personnel, the Consumer Services and Fertility Centers Divisions and the Vein Clinics Division. The performance goals contained in these plans are both financial and non-financial. The Compensation Committee assigns a maximum cash bonuses as a percentage of each Executive's salary ("Bonus Eligibility") which is 75% of base salary for our President and Chief Executive Officer, 50% of base salary for Division Presidents and Executive Vice Presidents, 40% of base salary for Senior Vice Presidents and 30% of salary for Vice Presidents.

The Bonus Plans consist of two parts: Payouts under Part I are based on the Company achieving certain financial results tied to the Company's budget at the Corporate and Division levels. Payouts under Part II are a combination of achieving common Company and Division business development and operational goals, plus individual performance goals. The maximum payout for each individual under Part I was 60% of the Bonus Eligibility and the maximum payout for each individual under Part II was 40% of Bonus Eligibility.

Part I- Bonus Plan.

For 2009, the following table sets forth the performance target under Part I as approved by the Compensation Committee, the actual results relative to the performance target and the payout percentage to Corporate and Division personnel as a result of performance achieved:

	Performance Target	Actual Performance	Percent of Part I Bonus Earned	
Consumer Services/Fertility Centers Contribution	\$ 17,818,000	\$ 16,790,000	10	%
Vein Clinics Contribution	\$ 3,496,000	\$ 4,100,000	40	%
Company Income Before Tax for Corporate Personnel	\$ 7,703,000	\$ 7,825,000	40	%

Jay Higham-	40 %
John Hlywak-	40 %
Daniel Doman-	40 %

Joseph Travia -	10 %

Part II- Bonus Plan

Part II of the Bonus Plans set both business development and operational common milestones for Corporate and each Division, and individual milestones that related to business development and operational efficiencies. For 2009, 10% of each Executive's Bonus Eligibility was based on common milestones at either the Corporate or Division level and 30%, was based on individual milestones for a total of 40% of the Bonus Eligibility.

Percentage of Bonus Eligibility (40% maximum) earned under Part II by the Named Executive Officers were as follows:

Jay Higham-	40 %
John Hlywak-	30 %
Daniel Doman-	40 %
Pamela Schumann-	5 %
Joseph Travia -	35 %

The total percentage of Bonus Eligibility earned for 2009 by the Named Executive Officers under Parts I and II and the percentage of their total compensation that the bonuses represented was as follows*:

	Total Percentage of Bonus Eligibility Earned		Bonus payout as a Percentage of total Compensation	
Jay Higham	80	%	29	%

Equity Awards

Equity Awards create a direct link between an executive's compensation and stockholder returns by linking a portion of total executive compensation to the performance of the Company's stock. Historically, our executive compensation structure emphasized cash components over long-term incentive components, due primarily to the low trading volume of our Common Stock. As we have grown and the Company has improved financial performance, it has become more feasible to increase the emphasis on long-term incentives by increasing the equity portion of our overall compensation. Stock incentives are typically granted annually to the executive officers; or in the case of new executives, at the time they join the Company. Moreover, stock incentives may be granted in connection with promotions, to retain executive talent or to create focus on specific performance objectives. The Compensation Committee considers the same factors described under "Base Salaries" above when awarding stock grants. Under the Company's 2007 Long-Term Compensation Plan, the Compensation Committee may grant stock options, restricted stock or restricted stock units. On January 1, 2009, the Compensation Committee granted restricted stock pursuant to the Company's 2007 Long-Term Compensation Plan of 13,607 shares to Mr. Higham, and 5,080 shares of the Company's Common Stock to each of the other Named Executive Officers. These restricted stock awards vest over a 36-month period at the rate of 8.33% every 90 days of the 36-month period. Additionally, on January 1, 2009, Messrs. Higham and Hlywak were awarded Restricted Stock Units pursuant to which they would be granted 13,607 and 5,080 shares, respectively, of restricted stock in the event for the fiscal year 2009, the Company achieved Earnings Before Income Taxes, Depreciation and Amortization greater than \$17,140,768. Because this Earnings Before Income Taxes, Depreciation and Amortization threshold was achieved for 2009, Messrs. Higham and Hlywak were awarded Restricted Stock Grants in the amount of 13,607 and 5,080 shares, respectively, in March 2010. The shares vest over three years at a rate of 8.33% per 90-day period.

The Compensation Committee may, from time to time, retain the services of a compensation consultant to advise and assist it in the performance of its functions. During 2009, the Compensation Committee did not engage the services of a compensation consultant.

Perquisites

We provide our President and Chief Executive Officer, Jay Higham, with a leased vehicle that is maintained at our expense. The total 2009 expenses related to the leased vehicle was \$13,420.

401(k) Defined Contribution Plan

We maintain a 401(k) Plan that allows executives, as well as our other employees, to make elective salary deferrals in accordance with Internal Revenue Service regulations. In March 2010, we provided a discretionary match of 25% of an individual's maximum contribution of \$16,500, up to 1.5% of an individual's compensation of \$245,000 or less for the year ended December 31, 2009, for a maximum match of \$3,675 per individual. For our President and Chief Executive Officer, our Executive Vice President and Chief Financial Officer and our other Named Executive Officers, we contributed the maximum match of \$3,675 for the year ended December 31, 2009.

Retirement Benefits

No retirement benefits are provided to our executives.

Severance and Change of Control Arrangements

Jay Higham Employment Agreement

On October 10, 2005, we entered into an employment agreement with Jay Higham to serve as our President and Chief Executive Officer, effective January 1, 2006. Pursuant to the employment agreement, Mr. Higham was appointed as one of our directors on January 24, 2006. The employment agreement provides that Mr. Higham receive an annual base salary of \$275,000, subject to increases. Under the employment agreement, Mr. Higham was granted shares of our common stock with a value of \$400,000 based on the closing price of our Common Stock as reported on the NASDAQ Global Market on the first trading day of January 2006. The number of shares of our Common Stock granted to Mr. Higham was 32,000 and such shares of Common Stock vest over a 10-year period. Pursuant to the employment agreement, we may terminate Mr. Higham's employment without cause on 30 days' prior notice, in which event Mr. Higham will receive, as severance pay, 12 months' base salary, plus Mr. Higham's annual bonus, without regard to the condition precedents established for the bonus payment, in one lump sum payment. Under the employment agreement, if we had terminated Mr. Higham effective December 31, 2009, based on his 2009 compensation, he would have been paid an aggregate of \$681,490, \$389,423 of which represents his 2009 base salary and \$292,067 of which represents twice the full amount of his accrued 2009 bonus.

The employment agreement further provides that if, within one year after a "Change of Control" (as defined in the employment agreement), Mr. Higham's employment is terminated by Mr. Higham for "Good Reason" (as defined in the employment agreement) or by the Company without cause, Mr. Higham will be paid a lump sum amount equal to his base salary for a 24-month period, plus twice the full amount of Mr. Higham's annual bonus based on his then current base salary, without regard to the condition precedents established for the bonus payment. Based on this change of control provision, if we had experienced a "Change of Control" in 2009 and Mr. Higham's employment had been terminated effective December 31, 2009, for either "Good Reason" by Mr. Higham or without cause by us, Mr. Higham would have been entitled to termination pay equal to an aggregate of \$1,362,980, \$778,846 of which represents his then annualized base salary for 24-months and \$584,134 of which represents twice the full amount of his annual bonus.

Under the employment agreement, Mr. Higham has agreed not to compete with us while employed by us and for a period of two years thereafter.

Executive Retention Agreements

We are also a party to executive retention agreements with our executive officers, including Mr. Hlywak, our Executive Vice President and Chief Financial Officer, and the other Named Executive Officers (excluding Mr. Higham).

The executive retention agreements provide for certain severance payments and benefits to the Named Executive Officers (other than Mr. Higham, who would be paid in accordance with the terms of his employment agreement) in the event of a termination of their employment, either by us without cause or by the executive for "Good Reason" (as defined in the executive retention agreement), at any time within 18 months after we experience a "Change in Control" (as defined in the executive retention agreement) (any such termination, a "Qualifying Termination"). The Company would provide such Named Executive Officer with one year of base salary, bonus (if applicable) and benefits (or equivalent) in a lump sum payment. In addition, pursuant to the terms of the executive retention agreements, all

incentive stock options granted to such Named Executive Officer will become fully vested upon a Qualifying Termination, subject to certain terms and conditions.

In the event Mr. Hlywak had been terminated without cause effective December 31, 2009 as a result of a “Change in Control” that occurred in 2009, Mr. Hlywak would have been paid an aggregate of \$412,788, \$275,192 of which represents his 2009 annual base salary and \$137,596 of which represents the bonus amount Mr. Hlywak would have been eligible to receive. For each of the other Named Executive Officers, had they been terminated without cause effective December 31, 2009 as a result of a “Change in Control” that occurred in 2009, he or she would have been paid his or her 2009 annual base salary and bonus amount which he or she would have been eligible to receive. For Mr. Doman, the payment would have been an aggregate of \$348,432, \$232,288 of which represents annual base salary and \$116,144 of which represents bonus. For Mr. Travia, the payment would have been an aggregate of \$385,529, \$257,019 of which represents annual base salary and \$128,510 of which represents bonus. For Ms. Schumann, the payment would have been an aggregate of \$358,269, \$238,846 of which represents annual base salary and \$119,423 of which represents bonus.

In addition, under the executive retention agreements, in the event a Named Executive Officer, other than Mr. Higham, who would be paid in accordance with the terms of his employment agreement, is terminated without cause under circumstances outside a “Change in Control,” each Named Executive Officer would be paid 90 days base salary continuation. If the Named Executive Officers had been terminated without cause under circumstances outside a “Change in Control” effective December 31, 2009, the total payments to Mr. Hlywak would have been equal to \$68,798, the total payments to Mr. Doman would have been equal to \$58,072, the total payments to Mr. Travia would have been equal to \$64,255 and the total payments to Ms. Schumann would have been equal to \$59,712.

Also, pursuant to the executive retention agreements, we would be required to pay each such Named Executive Officer for all reasonable fees and expenses incurred by them in litigating their rights under the executive retention agreements, to the extent a Named Executive Officer is successful in any such litigation.

Finally, in certain circumstances, Section 162(m) of the Internal Revenue Code of 1986, as amended (“Section 162(m)”), limits to \$1 million the deductibility of compensation, including stock-based compensation, paid to executives by public companies. None of the compensation paid to our executive officers in 2009 exceeded the threshold for deductibility under Section 162(m).

Proposal 2

APPROVAL TO AMEND AND RESTATE THE AMENDED AND RESTATED CERTIFICATE OF INCORPORATION

The Company's Restated Certificate of Incorporation currently provides for authorized capital stock consisting of 15,000,000 shares of Common Stock, par value \$0.01 per share, and 5,000,000 shares of Preferred Stock, par value \$1.00 per share.

The Board of Directors of the Company has unanimously adopted and recommended that the stockholders approve amending and restating the Company's Restated Certificate of Incorporation to increase the number of authorized shares of Common Stock by 5,000,000 from 15,000,000 to 20,000,000. The 5,000,000 shares of Preferred Stock which the Company is authorized to issue will remain unchanged.

As of April 1, 2010 there were 11,703,400 shares of the Company's Common Stock outstanding. In addition, there were 114,225 shares of the Company's Common Stock reserved for issuance upon the exercise of outstanding stock options, 234,609 shares of the Company's Common Stock reserved for issuance under the Company's 2007 Long-Term Compensation Plan and 2,153 shares of the Company's Common Stock reserved for issuance under the Company's 2000 Long-Term Compensation Plan. There are no currently issued shares of Preferred Stock outstanding, and no change is being made to any right of any prospective holder of Preferred Stock.

The additional authorized Common Stock would be a part of the existing class of Common Stock and, if and when issued, would have the same rights and privileges as the shares of Common Stock presently issued and outstanding. The holders of Common Stock of the Company are not entitled to preemptive rights or cumulative voting. Accordingly, the issuance of additional shares of Common Stock might dilute, under certain circumstances, the ownership and voting rights of the Company's stockholders. The increase in the number of authorized shares of Common Stock may possibly be used in anti-takeover actions. While the authorization of additional shares of Common Stock might have such an effect, the Board of Directors does not intend or view the proposed increase in authorized shares of Common Stock as an anti-takeover measure.

The authorized shares of Common Stock in excess of those presently outstanding will be available for issuance at such times and for such purposes as the Board of Directors may deem advisable without further action by the Company's stockholders, except as may be required by applicable laws or regulations, including stock exchange rules. The Board of Directors believes that it is in the best interests of the Company and its stockholders to have additional shares of Common Stock authorized, which would be available for issuance for stock dividends, stock splits, retirement of indebtedness, employee benefit programs, corporate business combinations, acquisitions, debt leverage management, public and private financings, working capital or other corporate purposes. The Board of Directors believes the current number of authorized and unissued shares of Common Stock available for issuance is too limited to allow prompt or flexible action by the Board of Directors if and when needed. The Company and the Board of Directors have no current plans to issue any of the proposed additional authorized shares of Common Stock. Because the holders of Common Stock do not have preemptive rights, the issuance of Common Stock (other than on a pro rata basis to all

current stockholders) would reduce the current stockholders' proportionate interests. However, in any such event, stockholders wishing to maintain their interests may be able to maintain a proportionate interest through normal market purchases.

Stockholders are not entitled to dissenter's rights or appraisal rights with respect to this proposal, and the Company will not independently provide stockholders with any such rights.

It is expected that the proposed amendment, if approved by the stockholders, will be made effective as soon as reasonably practicable after stockholder approval by filing an Amended and Restate Certificate of Incorporation with the Secretary of State of the State of Delaware. When the Amended and Restated Certificate of Incorporation is filed with the Secretary of State of the State of Delaware, paragraph A of Article IV of the Company's Amended and Restated Certificate of Incorporation, which sets forth the Company's presently authorized capital stock, will be amended to read in its entirety as follows:

"The authorized capital stock of the Corporation shall consist of twenty-five million (25,000,000) shares, consisting of twenty million (20,000,000) shares of Common Stock, each having a par value of \$.01 (the "Common Stock"), and five million (5,000,000) shares of Preferred Stock, each having a par value \$1.00 per share."

The form of the Amended and Restated Certificate of Incorporation is set forth as Appendix A to this Proxy Statement.

The Board of Directors recommends a vote "FOR" amending and restating the Company's Restated Certificate of Incorporation. Your Proxy will be voted in accordance with the choice specified thereon, or, if no choice is properly indicated, "FOR" amending and restating the Company's Restated Certificate of Incorporation.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers, directors and persons who beneficially own more than 10% of a registered class of the Company's equity securities to file with the Commission initial reports of ownership and reports of changes in ownership of Common Stock and other equity securities of the Company. Such executive officers, directors, and greater than 10% beneficial owners are required by Commission regulation to furnish the Company with copies of all Section 16(a) forms filed by such reporting persons.

To the Company's knowledge, based solely on the Company's review of copies of such reports furnished to the Company and written representations from certain reporting persons that no other reports were required, all of the Company's executive officers and directors, and greater than 10% beneficial owners complied with applicable Section 16(a) filing requirements during the year ended December 31, 2009, with the exception of Gerardo Canet and Lawrence J. Stuesser. Mr. Canet sold 2,000 shares of Common Stock on September 21, 2009 and filed a Form 4 on March 17, 2010. Mr. Stuesser exercised options to purchase 6,156 shares of Common Stock on September 17, 2009 and filed a Form 4 on October 26, 2009.
