CITIZENS HOLDING COMPANY

PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

TO BE HELD TUESDAY, APRIL 27, 2004

This proxy statement is furnished to the shareholders of Citizens Holding Company, or the Company, in connection with the solicitation of proxies by the board of directors, for use at the annual meeting of shareholders to be held at 3:30 p.m., Central time on Tuesday, April 27, 2004, at the Company's main office, 521 Main Street, Philadelphia, Mississippi 39350, and any adjournments or postponements. This proxy statement and accompanying proxy card are first being distributed to our shareholders on or about March 23, 2004.

Proxy Solicitation

The board of directors is soliciting the enclosed proxy so that each shareholder has the opportunity to vote on the proposals presented at the annual meeting, whether or not the shareholder attends the meeting. When a proxy card is returned properly signed and dated, the shares represented by the proxy will be voted in accordance with the instructions on the card at the annual meeting, including any adjournments or postponements. If the proxy card is signed but no instructions are given, the shares represented by the proxy will be voted at the annual meeting and any adjournments or postponements:

- (1) **FOR** setting the number of directors to serve on the board at ten;
- (2) **FOR** the election of nominees Karl Brantley, David A. King and Greg L. McKee as Class II directors;
- (3) **FOR** approval of Amendment No. 2 to the 1999 Directors' Stock Compensation Plan; and
- (4) **FOR** the approval of the appointment of Horne CPA Group as the Company's independent accountants for the fiscal year ending December 31, 2004.

The proxy card gives the individuals named as proxies discretionary authority to vote the shares represented by the proxy on any matter, other than the above proposals, that is properly presented for action at the annual meeting.

Edgar Filing: CITIZENS HOLDING CO /MS/ - Form DEF 14A

A shareholder who gives a proxy may revoke it at any time before it is voted by giving written notice to the secretary of the Company before the annual meeting, by granting a subsequent proxy or, if the shareholder rather than his or her broker is the record holder of our stock, by appearing in person and voting at the annual meeting.

Table of Contents

The Company generally bears all costs of soliciting proxies. The Company has retained and pays a fee to American Stock Transfer and Trust Company to act as its registrar and transfer agent and to assist it in the solicitation of proxies, but the Company pays no identifiable compensation for the solicitation of proxies. The Company intends to solicit proxies primarily through the use of the mails. Directors, officers and employees of the Company, who will receive no compensation for their services, may solicit proxies by telephone, mail, facsimile, via the Internet or overnight delivery service.

Record Date and Voting Rights

The board of directors has fixed the close of business on Monday, March 15, 2004, as the record date for the annual meeting. Only shareholders of record on that date are entitled to notice of, and to vote at, the annual meeting. As of March 15, 2004, the Company's only outstanding class of securities was common stock, \$.20 par value per share. As of March 15, 2004, the Company had 22,500,000 shares authorized, of which 4,987,828 shares of common stock were issued and outstanding.

A majority of the outstanding shares of the Company entitled to vote at the annual meeting constitutes a quorum. A share, once represented for any purpose at the annual meeting, is deemed present for purposes of determining a quorum for the remainder of the meeting and for any adjournment, unless a new record date is set for the adjourned meeting. This is true even if the holder of the share abstains from voting with respect to any matter brought before the annual meeting.

Shareholders are entitled to one vote for each share held, which may be given in person (if the shareholder, rather than his or her broker, is the record holder of our stock) or by proxy, except that shareholders may cumulate their votes in the election of directors. Cumulative voting entitles a shareholder to give one nominee a number of votes equal to the number of directors to be elected multiplied by the number of shares held by that shareholder, or to distribute the total votes, computed on the same principle, among as many nominees for election as directors as the shareholder chooses. For example, if the number of directors to be elected is three, a shareholder owning ten shares may cast ten votes for each of three nominees, cast 30 votes for one nominee, or allocate the 30 votes among several nominees. Directors are elected by plurality vote; thus, the candidates receiving the highest number of votes cast, up to the number of directors to be elected, are elected.

For all matters brought before the annual meeting, other than the election of directors, each proposal or other matter is approved if the votes cast favoring the proposal or other matter exceed the votes cast opposing the proposal or other matter.

Under Mississippi law and the Company's articles of incorporation and bylaws, an abstention by a shareholder who is either present in person at the annual meeting or represented by proxy is not a vote cast and is counted neither for nor against the matter subject to the abstention.

If a shareholder holds shares of the Company in a broker's name (sometimes called "street name"), then the shareholder must provide voting instructions to the broker. If the shareholder does not provide instructions to the broker, the shares will not be voted on any matter on which the broker does not have discretionary authority to vote. A vote that is not cast for this reason is called a "broker

Table of Contents

non-vote. Broker non-votes are treated as shares present for the purpose of determining whether a quorum is present at the meeting, but they will not be considered present for purposes of calculating the vote on a particular matter, nor will they be counted as a vote FOR or AGAINST a matter or as an abstention on the matter.

Mr. Webb, who is 71 years old, has been a director of the Company since 1982.

There are no family relationships between any director, executive officer or person nominated to become a director, except that David A. King and Herbert A. King are brothers and Steve Webb is the father of David P. Webb.

Meetings and Committees of the Board of Directors

The board of directors of the Company meets monthly, generally in a joint session with the board of directors of the Bank. During the fiscal year ended December 31, 2003, the board met 15 times. There were 12 regular monthly meetings and three special meetings. Each director attended at least 75% of all meetings held by the board and the committees on which he served. The board has determined that a majority of directors are independent directors, as the term is defined under the listing standards of the American Stock Exchange. The board of the Company has established an audit committee. The board of directors of the Bank has established trust and loan committees.

The Company's board does not have a policy regarding director attendance at the annual meeting. Last year, all of the directors attended the annual meeting, and the Company anticipates that all directors will attend this year's annual meeting.

Table of Contents

During 2003, the Company's board performed the functions of a compensation committee. In that capacity, it approved the compensation of the executive officers of the Company, it reviewed compensation plans relating to executive officers and directors, it determined other benefits under the Company's compensation plans, and it performed general reviews of the Company's compensation policies. Any director who was also an employee of the Company or its affiliates did not participate in the determination of the salaries and other compensation for the executive officers. The Company's board has established a separate compensation committee, effective for determinations related to compensation payable in 2004.

The Company's board of directors has not established a nominating committee; instead, the full board performs the functions of this committee. The board believes that this arrangement is appropriate because a majority of the Company's directors are independent, as defined in the listing standards of the American Stock Exchange. The board has not adopted a resolution concerning the nomination of directors. To identify a candidate to fill a vacancy on the board of directors, the board seeks recommendations from the Company's existing directors. The board will also consider nominees who are recommended by the Company's shareholders, provided nominations are made in writing and delivered or mailed to the president of the Company not less than 14 or more than 50 days prior to the annual meeting at which the election of directors is to be held as required by the Company's By-Laws. All nominees, whether recommended by the Company's current directors, shareholders or otherwise, are evaluated by the board using the following criteria:

The candidate's independence as defined under American Stock Exchange listing standards and Securities and Exchange Commission, or SEC, rules;

The candidate's experience in banking, or in marketing, finance, legal, accounting or other professional disciplines;

The candidate's capacity and desire to represent the best interests of the shareholders as a whole and not a special interest group or constituency;

The candidate's familiarity with and participation in the local community and prominence and reputation in his or her profession; and

The candidate's record of honest and ethical conduct, personal integrity and independent judgment.

The Company's board of directors has established an audit committee, the members of which are Karl Brantley, Don L. Fulton, and Herbert A. King. Each member of the audit committee is independent as defined in SEC rules, and an independent director as defined in the listing standards imposed by the American Stock Exchange. The board has determined that none of the current members of the audit committee qualify as a financial expert as such term is defined under Securities and Exchange Commission regulations. Prior to the 2004 annual meeting, after its evaluation of current board members, the board of directors undertook a search within the local community to locate an individual who would satisfy both the Securities and Exchange Commission's criteria for financial experts and the board's director qualifications and was otherwise willing to serve on the Company's board. The Company's location outside of a major metropolitan area, among other

Table of Contents

factors, contributed to the board's inability to find a suitable candidate. The board intends in 2004 and 2005 to identify an individual willing to serve on the board who meets the criteria for a financial expert and the board's director qualifications. When such an individual is located, the board will nominate such person for election as a director at the 2005 annual meeting. Upon his or her election as a director, such person will promptly be appointed to the audit committee. The Company's articles of incorporation dictate that the size of the board can only be set, and thus increased, with the approval of the shareholders at an annual meeting; more importantly, the articles provide that vacancies on the board of directors can only be filled by an election occurring at an annual meeting of shareholders. Therefore, the board will be unable to increase the size of the board and appoint an individual qualifying as a financial expert to the board, and subsequently the audit committee, prior to the 2005 annual meeting.

The audit committee operates under a written charter adopted by the board of directors on February 22, 2000, and revised and amended on July 21, 2003. A copy of the revised and amended audit committee charter is attached as Appendix A to this proxy statement. The audit committee is responsible for the appointment of an independent accounting firm to be engaged as the Company's independent auditors, the compensation and oversight of the Company's independent auditors, monitoring the integrity of the Company's financial reporting process and system of internal controls, monitoring the independence and performance of the Company's independent auditors, reviewing and the establishment of internal policies and procedures regarding audits, accounting and other financial controls, pre-approving all auditing services provided by the Company's independent auditors, and providing an avenue of communication among the Company's independent auditors, management and the board of directors. During 2003, the audit committee held four meetings.

Compensation of the Board of Directors

During 2003, each director of the Company, including Mr. McKee who is an employee of the Company and the Bank, received an annual retainer of \$11,700, a year-end payment of \$975 and an additional \$125 for each board meeting attended. Directors who serve on the Bank's loan committee received an additional \$50 per month and an additional \$50 year-end bonus.

The Company maintains a stock option plan for the benefit of the Company's nonemployee directors, called the 1999 Directors' Stock Compensation Plan. During 2003, each nonemployee director was granted options to purchase 1,500 shares of the Company's common stock, at an exercise price of \$16.40 per share, which was the fair market value of the stock on the date of grant. The options become exercisable six months following the date of grant, or on October 24, 2003.

Directors may elect to participate in the Directors' Deferred Fee Plan maintained by the Bank. A participating director may elect to defer all or part of his fees to a bookkeeping account for a ten-year deferral period. Benefits under the plan are equal to the amount credited to each director's individual account, including interest. Interest is credited at 130% of Moody's Average Corporate Bond Rate, or 9.62% during 2003, for directors whose participation in the plan commenced on or before April 28, 1987. Interest is credited at 100% of the rate, or 7.08% during 2003, for all other participating directors. Benefits are generally payable when a director ceases to serve on the board or attains age 70. The Bank has elected to purchase individual life insurance policies to fund its obligations under the plan.

Table of Contents

PROPOSAL I: NUMBER OF DIRECTORS TO BE ELECTED

The Company's articles of incorporation provide for a board of directors consisting of not less than nine nor more than 25 directors. The Company's shareholders set the actual number of directors to serve on the board each year at the annual meeting. The board of directors currently consists of 11 directors divided into three classes, with members of each class elected for a three-year term. The terms of the three classes are staggered in a manner so that only one class is elected by the shareholders annually. Mr. M. G. Bond will retire at the annual meeting because he is 70 years old. It is board policy that a director may not stand for re-election to the board after reaching the age of 70, although a director may serve beyond age 70 in order to complete his entire term of office.

A proposal that the number of directors to serve for the ensuing year to be fixed at ten will be submitted for vote by the shareholders at the annual meeting. If this proposal is approved by the affirmative vote of the holders of a majority of the shares of common stock voted at the annual meeting, three Class II directors will be elected, each to serve a three-year term. If this proposal is not approved and the number of directors to serve on the board is not set by the shareholders at the annual meeting, the number of directors to serve on the board will remain at 12 as fixed by the shareholders at the 2003 annual meeting.

If the number of directors remains at 12 and no shareholder has submitted a nominee or nominees for election as director(s) in accordance with the Company's bylaws, the three Class II directors will still be elected, each to serve a three-year term, and two vacancies will remain on the board of directors until the 2005 annual meeting. If a shareholder has submitted a nominee or nominees for election as director(s) in accordance with the Company's bylaws, the shareholders of the Company will be entitled to vote on such candidates. In this event, the board of the Company intends to also nominate two individuals for election as directors to fill the positions existing because the number of directors to serve on the board of directors remained at 12 rather than being set at ten. The proxy holders, however, will not have discretionary authority to vote for any individuals nominated at the meeting, whether nominated by the board or shareholders of the Company. This could result in an individual being elected to the board of directors who has not been evaluated and approved of by the board of directors.

Vote Required and Board Recommendation

The affirmative vote by the holders of a majority of the shares of common stock voted at the annual meeting is required to approve the proposal to set the number of directors to serve on the board at ten.

Shares represented by a properly signed and dated proxy card will be voted in accordance with the instructions on the card at the annual meeting. If the proxy card is signed but no instructions are given with respect to setting the number of directors to serve on the board, the proxy holders will vote the proxies received by them for setting the number of directors to serve on the board at ten.

**The board of directors unanimously recommends a vote FOR
setting the number of directors to serve on the board at ten.**

Table of Contents

PROPOSAL II: ELECTION OF CLASS II DIRECTORS

Three Class II directors will be elected at the annual meeting, each to serve a three-year term. The board has nominated Karl Brantley, David A. King and Greg L. McKee for election as Class II directors to serve until the 2007 annual meeting or until their successors are duly elected and qualified. Karl Brantley, David A. King and Greg L. McKee are currently Class II directors of the Company and have been nominated for re-election as Class II directors.

Vote Required and Board Recommendation

For the election of directors, shareholders are entitled to three votes for each share held and may cumulate votes. A discussion of cumulative voting is found above under the heading Record Date and Voting Rights. Directors are elected by plurality vote. Thus, the three Class II nominees receiving the highest number of votes cast will be elected to serve as Class II directors. If Proposal No. 1 is not approved by the shareholders, and a shareholder has submitted a nominee or nominees for election as director in accordance with the Company's bylaws (and, in turn as described above, the board has also nominated two additional individuals for election as director), shareholders will be entitled to five votes for each share held and may cumulate votes. Directors will still be elected by a plurality vote. In the event Proposal No. 1 is not approved by the shareholders and two additional persons are nominated for election as directors of the Company, the five Class II nominees receiving the highest number of votes cast will be elected to serve as Class II directors.

Shares represented by a properly signed and dated proxy card will be voted in accordance with the instructions on the card at the annual meeting. If the proxy card is signed but no instructions are given with respect to the election of directors, the proxy holders will vote the proxies received by them for the nominees listed above, and reserve the right to cumulate votes and distribute them among the nominees, in their discretion, except that, if Proposal No. 1 is not approved, the proxy holders will not have discretionary authority to vote for director nominees, if any, not set forth in this proxy statement and listed on the proxy card. If for any reason one or more of the nominees named above is not available as a candidate for director, an event that the board of directors does not anticipate, the proxy holders will vote, in their discretion for another candidate or candidates nominated by the board. If shareholders attending the annual meeting cumulate their votes such that all of the nominees above cannot be elected, the proxy holders will cumulate votes to elect as many of the nominees listed above as possible.

The Company's board of directors unanimously recommends a vote FOR the election of each of the nominees for Class II director of the board of directors.

Change in Control Agreement

The Bank has entered into a change in control agreement with its chief executive officer, Greg L. McKee, effective as of January 1, 2003. In the event a change in control occurs, Mr. McKee will be paid an amount equal to 2.99 times his average annual compensation for the five whole calendar years immediately preceding the year of the change. The payment will be made in 12 equal monthly installments commencing on the first business day of the month next following the date of the change. Based upon Mr. McKee's current compensation, the aggregate amount of the payments to be made over a one-year period is \$370,760.

The term "change in control" is defined in the agreement and generally includes the following events:

Any person or group becomes the direct or indirect beneficial owner of more than 50% of the Bank's outstanding voting stock;

As a result of a merger or consolidation of the Bank, less than 50% of the surviving corporation's outstanding voting securities are owned by the Company;

Report on Executive Compensation

The Company established a separate compensation committee, which will fix the compensation of and establish the compensation policies and practices for the Company's executive officers, including its chief executive officer, beginning in 2004. During 2003, the members of the board of directors of the Company performed the functions of the compensation committee, other than Mr. McKee, who did not participate in setting the compensation of executive officers.

The board was responsible for setting the compensation of the Company's and the Bank's executive officers, including the chief executive officer, developing executive benefit plans, and establishing other employee benefit plans or programs for the benefit of the Company's and the Bank's executive officers. The determinations of the board were primarily based upon an analysis of industry and peer group standards and regional and national economic considerations. The board relied upon external legal counsel, from time to time, and upon survey data produced by independent third parties.

The Company's executive compensation program presently consists of three components: base salary, a short-term cash incentive, and long-term equity-based incentives. The board believes that base salary levels and other short and long-term incentives are reasonable and sufficiently competitive. The board further believes that the degree of performance sensitivity in the compensation program is reasonable, taking into consideration the historical practices of the Company and the Bank and the interests of its shareholders.

The board sets base salary at levels somewhat below the average of regional, competitive peer Banks. Base salary is reviewed annually and is subject to adjustment based upon individual performance and changes in the regional competitive market. Based upon these standards, the board set the base salary of Mr. McKee at \$135,000, which was 12.5% more than his base in 2002.

Executives and employees are eligible to receive annual cash bonuses. Bonuses are awarded based upon an analysis of individual and Company performance. There are no preestablished performance goals or objectives. For services he rendered in 2003, Mr. McKee received a bonus in the amount of \$40,000.

The Company has established a long-term incentive plan, called the 1999 Employees Long-Term Incentive Plan. The plan permits the grant of stock options and restricted stock. During 2003, Mr. McKee received two grants of incentive stock options in the aggregate amount of 7,500 options. The grants were made in recognition of his service as a member of the Company's board of directors and for his service as the Chief Executive Officer of the Company. The exercise price of the options is the fair market value of Company common stock on the date of grant, or \$14.50 per share with respect to options granted on March 25, 2003, and \$16.40 per share with respect to options granted on April 23, 2003. Each option grant is first exercisable six months and one day following the date of grant.

Table of Contents

Section 162(m) of the Internal Revenue Code of 1986, as amended, limits to \$1 million in a taxable year the deduction a company may claim for compensation paid to its chief executive and four other highest paid officers, unless certain performance-based conditions are met. The board has reviewed this provision and does not anticipate the payment of any compensation to an executive officer that would be affected by the limit.

The nonemployee members of the Company's board of directors who performed the functions of a compensation committee are:

Don L. Fulton	Donald L. Kilgore	David A. King	
Herbert A. King	William M. Mars	David P. Webb	

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The members of the board of directors who participate in deliberations concerning the compensation of the Company's executive officers are set forth above. Steve Webb is a former officer of the Company. David P. Webb is a partner in a law firm that received compensation from the Company.

Indebtedness of Related Parties

Certain directors and officers of the Company, businesses with which they are associated and members of their immediate families are customers of the Bank and have had transactions with the Bank in the ordinary course of the Bank's business. The indebtedness (including unfunded commitments) of the directors, officers and related parties, to the Bank was equal to 5.8% of the Company's shareholders' equity as of December 31, 2003. This indebtedness comprised 0.9% of the total currently outstanding loans net of unearned interest made by the Bank as of December 31, 2003. In the opinion of the board of directors, such transactions were made in the ordinary course of business, were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons, and do not involve more than the normal risk of collectibility or present other unfavorable features.

Interests of the Board of Directors

For the past several years, the Company has employed the legal services of Phelps Dunbar LLP, of which Mr. David Webb, a current director of the Company and Bank, is a partner. Phelps Dunbar LLP has represented the Company in various legal areas, including tax audits, employee benefits, civil lawsuit defense and general corporate law. The Company expects that the firm will continue to represent the Company in similar matters in the future.

Table of Contents

For the past several years, the Bank has employed the legal services of Alford, Thomas and Kilgore, of which Mr. Donald L. Kilgore, a current director of the Company, is a partner. Alford, Thomas and Kilgore has represented the Bank in several legal areas, including title certificates, garnishment proceedings, civil lawsuit defense and general law. The Company expects that the firm will continue to represent the Bank on similar matters in the future.

PROPOSAL III: APPROVAL OF AMENDMENT

TO THE 1999 DIRECTORS STOCK COMPENSATION PLAN

Effective January 1, 1999, the Company adopted the 1999 Directors Stock Compensation Plan, the directors plan or the plan, to ensure that each member of the Company s board of directors who is not an employee of the Company or the Bank possesses an adequate equity interest in the Company. The directors plan was approved by the Company s shareholders on April 13, 1999. The plan was first amended on May 29, 2002, to reflect the Company s three-for-two stock split that occurred on January 2, 2002.

The directors plan initially provided that not more than 105,000 shares of the Company s \$.20 par value voting common stock, as adjusted for the three-for-two stock split, would be available for grant of options or the issuance of common stock under the plan. As of December 31, 2003, an aggregate of 17,700 shares of the Company s common stock remained available. The Company s board of directors has approved an amendment to the directors plan, subject to shareholder approval, which will increase the number of available shares by 105,000, resulting in an aggregate of 122,700 shares available for grant or issuance under the plan. The full text of the amendment is attached to this proxy statement as Appendix B.

If the Company s shareholders do not approve the amendment, the directors plan will terminate when all currently available shares have been granted in the form of options. In this event, the Company will not possess a compensation arrangement that directly links the interests of its directors to the performance of the Company.

Table of Contents

Provisions of the Directors' Plan

Each director who is not an employee of the Company or an affiliate of the Company, including the Bank, is eligible to receive options under the Directors' Plan. All of the Company's current directors, except Mr. McKee, are eligible.

On the first business day following the Company's annual meeting, each eligible director receives an automatic option to purchase 1,500 shares of the Company's common stock. The per share exercise price of the options granted under the directors' plan is the fair market value of a share of the Company's common stock on the date of grant.

The options are first exercisable six months and one day following the date of grant. The options expire ten years after the date of grant, unless they are earlier terminated. If an eligible director ceases to serve as a member of the Company's board for any reason, except cause, his options remain exercisable during the one-year period following the date on which he ceases to serve. If an eligible director ceases to serve as a member of the board on account of cause, his options are cancelled.

Options granted under the directors' plan are not subject to transfer, assignment, pledge, alienation or other form of encumbrance, except in the event of death.

The directors' plan expires when all shares of common stock available for grant or issuance under the plan have been depleted. Although the terms of the plan permit the Company's board to amend the plan, in its discretion, listing standards recently adopted by the American Stock Exchange now require shareholder approval of material amendments to the plan, including an increase in the number of shares of common stock available for grant or issuance under the plan.

Federal Income Tax Consequences

No taxable income is recognized by a director when an option is granted, and the Company does not receive a deduction. When an option is exercised, a director recognizes ordinary income in an amount equal to the excess of the fair market value of common stock on the date of exercise over the exercise price, and the Company is entitled to a deduction in a corresponding amount. Amounts treated as ordinary income on the exercise of an option are generally subject to self-employment tax. The sale of common stock acquired on the exercise of an option will result in long-term or short-term capital gain or loss, depending upon the holding period of the stock.

The foregoing is only a summary of the federal income tax consequences of options granted under the directors' plan; it does not summarize the state tax or foreign tax consequences. The summary is based upon authority in effect as of the date of this proxy statement, which is subject to change, and it should not be relied upon as a comprehensive discussion of the tax consequences of the directors' plan.

Table of Contents**Vote Required and Recommendation**

An affirmative vote by the holders of a majority of the votes cast at our annual meeting is required to approve the amendment of the 1999 Directors' Stock Compensation Plan. If the proxy card is signed, but no instructions are given with respect to the approval of the amendment, the proxy holder will vote for the approval of the amendment.

The board of directors has unanimously approved and recommends that you vote **FOR the amendment of the 1999 Directors' Stock Compensation Plan.**

PROPOSAL IV: APPOINTMENT OF INDEPENDENT ACCOUNTANTS

Horne CPA Group, independent certified public accountants, has served as auditor of the Company since December 31, 1998. The audit committee has appointed Horne CPA Group to serve as auditor for the fiscal year ending December 31, 2004. Although the appointment of an independent auditor does not require approval by the shareholders, the board of directors has chosen to submit its selection for ratification by the shareholders. The audit committee, however, reserves the right to change independent auditors at any time, notwithstanding shareholder approval. A representative of Horne CPA Group is expected to attend the annual meeting. If present, the representative will have the opportunity to make a statement and will be available to respond to appropriate questions.

Fees related to services performed for the Company by Horne CPA Group in fiscal years 2003 and 2002 are as follows:

	<u>2003</u>	<u>2002</u>
Audit Fees ⁽¹⁾	\$ 114,615	\$ 73,931
Audit-Related Fees ⁽²⁾	5,800	12,455
Tax Fees ⁽³⁾	15,970	19,815
All Other Fees ⁽⁴⁾	1,100	
Total	<u>\$ 137,485</u>	<u>\$ 106,201</u>

⁽¹⁾ Audit fees included fees and expenses associated with the audit of the Company's annual financial statements, the reviews of the financial statements in the Company's quarterly reports on Form 10-Q, and regulatory and statutory filings.

⁽²⁾ Audit-related fees primarily included professional services rendered for the audit of Citizens Holding Company's employee benefit plans and technical accounting, consulting and research.

⁽³⁾ Tax fees and expenses included tax compliance services, tax advice, and tax planning assistance, all of which were pre-approved by the audit committee. All tax fees were permissible tax fees under SEC rules.

Table of Contents

- (4) Other services consisted of assistance with data conversion for fixed assets and depreciation accounting.

In accordance with the procedures set forth in its charter, a copy of which is attached as Appendix A, the audit committee pre-approves all auditing services and permitted non-audit services (including the fees and terms of those services) to be performed for the Company by its independent auditor prior to engagement for the services, subject to the de minimus exceptions for non-audit services permitted by SEC rules and regulations. For fiscal years 2003 and 2002, none of the fees listed under Audit-Related Fees, Tax Fees or All Other Fees were covered by the de minimus exception. The chairman of the audit committee has been delegated the authority by the committee to pre-approve the engagement of the independent auditors when the entire committee is unable to do so. The chairman must report all such pre-approvals to the entire audit committee at the next committee meeting.

Vote Required and Board Recommendation

The affirmative vote by the holders of a majority of the shares of common stock voted at the annual meeting is required for the ratification of the appointment of the independent accountants.

Shares represented by a properly signed and dated proxy card will be voted in accordance with the instructions on the card at the annual meeting. If the proxy card is signed but no instructions are given with respect to the ratification of the appointment of the independent accountants, the proxy holders will vote for ratification of the appointment of Horne CPA Group as the Company's independent accountants for the fiscal year 2004.

The board of directors has unanimously approved the appointment of Horne CPA Group as independent accountants and recommends a vote FOR ratification of the appointment of Horne CPA Group as the Company's independent accountants for the fiscal year 2004.
