PROXY STATEMENT

FOR THE 2004 ANNUAL MEETING OF STOCKHOLDERS

June 18, 2004

QUESTIONS AND ANSWERS ABOUT THIS PROXY MATERIAL AND VOTING

Why am I receiving these materials?

We sent you this proxy statement and the enclosed proxy card because the Board of Directors of Hollis-Eden Pharmaceuticals, Inc. (sometimes referred to as the Company or Hollis-Eden) is soliciting your proxy to vote at the 2004 Annual Meeting of Stockholders. You are invited to attend the annual meeting to vote on the proposals described in this proxy statement. However, you do not need to attend the meeting to vote your shares. Instead, you may simply complete, sign and return the enclosed proxy card.

The Company intends to mail this proxy statement and accompanying proxy card on or about May 11, 2004 to all stockholders of record entitled to vote at the annual meeting.

Who can vote at the annual meeting?

Only stockholders of record at the close of business on April 22, 2004 will be entitled to vote at the annual meeting. On this record date, there were 19,267,168 shares of common stock outstanding and entitled to vote.

Stockholder of Record: Shares Registered in Your Name

If on April 22, 2004 your shares were registered directly in your name with the Company's transfer agent, American Stock Transfer & Trust Company, then you are a stockholder of record. As a stockholder of record, you may vote in person at the meeting or vote by proxy. Whether or not you plan to attend the meeting, we urge you to fill out and return the enclosed proxy card to ensure your vote is counted.

Edgar Filing: HOLLIS EDEN PHARMACEUTICALS INC /DE/ - Form DEF 14A

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If on April 22, 2004 your shares were held in an account at a brokerage firm, bank, dealer, or other similar organization, then you are the beneficial owner of shares held in street name and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the annual meeting. As a beneficial owner, you have the right to direct your broker or other agent on how to vote the shares in your account. You are also invited to attend the annual meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the meeting unless you request and obtain a valid proxy from your broker or other agent.

What am I voting on?

There are three matters scheduled for a vote:

Election of three directors;

Proposed 750,000-share increase in the number of shares of common stock authorized for issuance under the Company's 1997 Incentive Stock Option Plan, as amended; and

Ratification of BDO Seidman, LLP as independent auditors of the Company for its fiscal year ending December 31, 2004.

How do I vote?

You may either vote For all the nominees to the Board of Directors or you may abstain from voting for any nominee you specify. For each of the other matters to be voted on, you may vote For or Against or abstain from voting. The procedures for voting are fairly simple:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote in person at the annual meeting or vote by proxy using the enclosed proxy card. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the meeting and vote in person if you have already voted by proxy.

Ø To vote in person, come to the annual meeting and we will offer you a ballot when you arrive.

Ø To vote using the proxy card, simply complete, sign and date the enclosed proxy card and return it promptly in the envelope provided. If you return your signed proxy card to us before the annual meeting, we will vote your shares as you direct.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should have received a proxy card and voting instructions with these proxy materials from that organization rather than from the Company. Simply complete and mail the proxy card to ensure that your vote is counted. To vote in person at the annual meeting, you must obtain a valid proxy from your broker, bank, or other agent. Follow the instructions from your broker or bank included with these proxy materials, or contact your broker or bank to request a proxy form.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of common stock you own as of April 22, 2004.

What if I return a proxy card but do not make specific choices?

If you return a signed and dated proxy card without marking any voting selections, your shares will be voted For the election of all nominees for director, For the approval of the Company's 1997 Incentive Stock Option Plan, as amended, to increase the aggregate number of shares of Common Stock reserved for issuance under such plan by 750,000 shares and For the ratification of the selection of BDO Seidman, LLP as independent auditors of the Company for its fiscal year ending December 31, 2004. If any other matter is properly presented at the meeting, your proxy (one of the individuals named on your proxy card) will vote your shares using his best judgment.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these mailed proxy materials, our directors and employees may also solicit proxies in person, by telephone, or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

What does it mean if I receive more than one proxy card?

If you receive more than one proxy card, your shares are registered in more than one name or are registered in different accounts. Please complete, sign and return **each** proxy card to ensure that all of your shares are voted.

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the final vote at the meeting. You may revoke your proxy in any one of three ways:

- Ø You may submit another properly completed proxy card with a later date.
- Ø You may send a written notice that you are revoking your proxy to the Company's Secretary at 4435 Eastgate Mall, Suite 400, San Diego, California 92121.
- Ø You may attend the Annual Meeting and vote in person. Simply attending the meeting will not, by itself, revoke your proxy.

When are stockholder proposals due for next year's annual meeting?

To be considered for inclusion in next year's proxy materials, your proposal must be submitted in writing by January 10, 2005, to the Company's Secretary at 4435 Eastgate Mall, Suite 400, San Diego, California 92121. If you wish to bring a matter before the stockholders at next year's annual meeting and you do not notify the Company after March 21, 2005 and before April 20, 2005, the Company's management will have discretionary authority to vote all shares for which it has proxies in opposition to the matter.

How are votes counted?

Votes will be counted by the inspector of election appointed for the meeting, who will separately count For and (with respect to proposals other than the election of directors) Against votes, abstentions and broker non-votes. Abstentions will be counted towards the vote total for each proposal, and will have the same effect as Against votes. Broker non-votes have no effect and will not be counted towards the vote total for any proposal.

If on April 22, 2004 your shares were held in an account at a brokerage firm, bank, dealer, or other similar organization, then you are the beneficial owner of shares held in street name and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the annual meeting. As a beneficial owner, you have the right to direct your broker or other agent on how to vote the shares in your account. You are also invited to attend the annual meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the meeting unless you request and obtain a valid proxy from your broker or other agent.

How many votes are needed to approve each proposal?

- Ø For the election of directors, the three nominees receiving the most For votes (among votes properly cast in person or by proxy) will be elected. Broker non-votes will have no effect.

Edgar Filing: HOLLIS EDEN PHARMACEUTICALS INC /DE/ - Form DEF 14A

- Ø To be approved, Proposal No. 2, the approval of the Company's 1997 Incentive Stock Option Plan, as amended, to increase the aggregate number of shares of Common Stock reserved for issuance under such plan by 750,000 shares, must receive a For vote from the majority of shares present and entitled to vote either in person or by proxy. If you Abstain from voting, it will have the same effect as an Against vote. Broker non-votes will have no effect.

- Ø To be approved, Proposal No. 3, ratification of the selection of BDO Seidman, LLP as independent auditors of the Company for the fiscal year ending December 31, 2004, must receive a For vote from the majority of shares present and entitled to vote either in person or by proxy. If you Abstain from voting, it will have the same effect as an Against vote. Broker non-votes will have no effect.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if at least a majority of the outstanding shares are represented by stockholders present at the meeting or by proxy. On the record date, there were 19,267,168 shares outstanding and entitled to vote.

Your shares will be counted towards the quorum only if you submit a valid proxy vote or vote at the meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, a majority of the votes present at the meeting may adjourn the meeting to another date.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. Final voting results will be published in the Company's quarterly report on Form 10-Q for the second quarter of 2004.

Proposal 1

ELECTION OF DIRECTORS

The Company's Restated Certificate of Incorporation and Bylaws provide that the Board of Directors shall be divided into three classes, each class consisting, as nearly as possible, of one-third of the total number of directors, with each class having a three-year term. Vacancies on the Board may be filled only by persons elected by a majority of the remaining directors. A director elected by the Board to fill a vacancy (including a vacancy created by an increase in the size of the Board of Directors) shall serve for the remainder of the full term of the class of directors in which the vacancy occurred and until such director's successor is elected and qualified.

The Board of Directors is presently composed of six members. If the nominees for election are elected at the Annual Meeting, the Board will have seven members. William H. Tilley, a current director in the class of directors whose term of office expires in 2004, will be stepping down as a director upon expiration of his term at this Annual Meeting. One of the nominees for election to this class, Paul Bagley, is currently a director of the Company, having been elected by the stockholders. The other two nominees for election to this class, Jerome M. Hauer and Marc R. Sarni, have not previously served as directors of the Company. Each of these new candidates is independent, as defined by the listing standards of the Nasdaq Stock Market. If elected at the Annual Meeting, each of the nominees would serve until the 2007 Annual Meeting and until his successor is elected and has qualified, or until such director's earlier death, resignation or removal.

Directors are elected by a plurality of the votes present in person or represented by proxy and entitled to vote at the meeting. Proxies cannot be voted for a greater number of persons than the number of nominees named. In the event that any nominee should be unavailable for election as a result of an unexpected occurrence, such shares will be voted for the election of such substitute nominee as management may propose.

INDEPENDENCE OF THE BOARD OF DIRECTORS

As required under the Nasdaq Stock Market (Nasdaq) listing standards, a majority of the members of a listed company's Board of Directors must qualify as independent, as affirmatively determined by the Board of Directors. After review of all relevant transactions or relationships between each director, or any of his or her family members, and the Company, its senior management and its independent auditors, the Board affirmatively has determined that three of the Company's current directors are independent directors within the meaning of the applicable Nasdaq listing standard. If the nominees for election are elected at the Annual Meeting, five of the Company's directors will be independent.

INFORMATION REGARDING THE BOARD OF DIRECTORS AND ITS COMMITTEES

During the fiscal year ended December 31, 2003, the Board of Directors held six meetings. During the fiscal year ended December 31, 2003, each Board member attended 82% or more of the aggregate number of meetings of the Board and of the committees on which he served, held during the period for which he was a director or committee member, respectively. Five of the six directors were in attendance at the 2003 Annual Meeting.

In April 2004, the Company's Board of Directors documented the governance practices followed by the Company by adopting a number of corporate governance policies and procedures, as well as a Nominating Committee Charter and a Business Code of Conduct and Ethics, to assure that the Board will have the necessary authority and practices in place to make decisions that are independent of the Company's management. These guidelines are also intended to align the interests of directors and management with those of the Company's stockholders. They set forth the practices the Board will follow with respect to board composition and selection, board meetings and involvement of senior management, Chief Executive Officer performance evaluation, and board committees and compensation. These policies and procedures, together with the Nominating Committee Charter and Business Code of Conduct and Ethics, were adopted by the Board to, among other things, reflect changes to the Nasdaq listing standards and Securities and Exchange Commission rules adopted to implement provisions of the Sarbanes-Oxley Act of 2002.

Edgar Filing: HOLLIS EDEN PHARMACEUTICALS INC /DE/ - Form DEF 14A

As required under new Nasdaq listing standards, the Company's independent directors will meet in regularly scheduled executive sessions at which only independent directors are present.

Nominating Committee

The Board of Directors has recently adopted a Nominating Committee Charter, which can be found on our corporate website at www.holliseden.com. The Board intends to form a Nominating Committee following the Annual Meeting. The Nominating Committee of the Board of Directors will consist of at least two directors who are independent (as independence is currently defined in Rule 4200(a)(15) of the Nasdaq listing standards). The Nominating Committee will be responsible for identifying, reviewing and evaluating candidates to serve as directors of the Company (consistent with criteria approved by the Board), reviewing and evaluating incumbent directors, recommending to the Board candidates for election to the Board, assessing the performance of the Board, and making recommendations to the Board regarding the membership of the committees of the Board. Because the Board has not yet formed the Nominating Committee, the nominees for election at the upcoming Annual Meeting were selected by the independent directors on the Board – Messrs. McDonnell, Bagley and Zizza. The two new independent director candidates up for election at the Annual Meeting, Messrs. Hauer and Sarni, were recommended to the Board’s independent directors by certain executive officers of the Company, including the Chief Executive Officer.

The Board of Directors believes that candidates for director should have certain minimum qualifications, including: personal integrity and ethics; no interests that would materially impair his or her ability to exercise independent judgment and otherwise discharge his or her fiduciary duties; ability to represent all stockholders equally; achievement in one or more fields of business, professional, governmental, scientific or educational endeavor; sound judgment based on management or policy-making experience; general understanding of the major issues facing public companies of a size and operational scope similar to the Company; and ability to devote adequate time to the Board and its committees. However, the Nominating Committee will retain the right to modify these qualifications from time to time. Candidates for director nominees are reviewed in the context of the current composition of the Board, the operating requirements of the Company and the long-term interests of stockholders. In conducting this assessment, the Nominating Committee will consider such factors as it deems appropriate given the current needs of the Board and the Company, to maintain a balance of knowledge, experience and capability. In the case of incumbent directors whose terms of office are set to expire, the Nominating Committee will review such directors’ overall service to the Company during their term, including the number of meetings attended, level of participation, quality of performance, and any other relationships and transactions that might impair such directors’ independence. In the case of new director candidates, the Nominating Committee will also determine whether the nominee must be independent for Nasdaq purposes, which determination is based upon applicable Nasdaq listing standards and applicable SEC rules and regulations. The Nominating Committee will then compile a list of potential candidates, using its own network of contacts, as well as recommendations from other Board members and management. The Nominating Committee may also engage, if appropriate under the circumstances, a professional search firm to assist in identifying qualified candidates. The Nominating Committee will conduct any appropriate or necessary inquiries into the backgrounds and qualifications of possible candidates after considering the function and needs of the Board. The Nominating Committee will meet to discuss and consider such candidates’ qualifications and then select the nominees for recommendation to the Board by majority vote.

The Nominating Committee will consider director candidates recommended by stockholders. The Nominating Committee will accept for consideration only one recommendation from any stockholder or affiliated group of stockholders. The Nominating Committee will also take into account the size and duration of the recommending stockholder’s ownership interest in the Company and the extent to which such stockholder intends to maintain its ownership interest in the Company. The Board does not intend for the Nominating Committee to alter the manner in which it evaluates candidates, including the minimum criteria set forth above, based on whether or not the candidate was recommended by a stockholder. Stockholders who wish to recommend individuals for consideration by the Nominating Committee to become nominees for election to the Board may do so by delivering a written recommendation to the Nominating Committee at the following address: 4435 Eastgate Mall, Suite 400, San Diego, California 92121, not less than six months prior to any meeting at which directors are to be elected. Submissions must include the full name of the proposed nominee, a description of the proposed nominee’s business experience for at least the previous five years, complete biographical information, a

description of the proposed nominee's qualifications as a director, and the written consent of the proposed nominee to be named as a nominee and to serve as a director if elected. Any such submission must be accompanied by a representation that the nominating stockholder is a beneficial or record owner of the Company's common stock, including the number of shares and when the shares were acquired, and the extent to which the nominating stockholder intends to maintain its ownership interest in the Company.

Notwithstanding the responsibilities of the Nominating Committee described above, the recommendations for director nominees made by the Nominating Committee will be subject to Delaware law, the bylaws of the Company and the provisions of the Employment Agreement, dated November 1, 1996, between Richard B. Hollis and the Company. Pursuant to that agreement, Mr. Hollis has the right to require the Company to nominate him and two of his designees for election to the Board. To date, however, Mr. Hollis has not exercised such right.

Compensation Committee

The Compensation Committee makes recommendations to the Board concerning executive salaries and incentive compensation, administers the Company's 1997 Incentive Stock Option Plan and otherwise determines compensation levels and policies and performs such other functions regarding compensation as the Board may delegate. The Compensation Committee is composed of two non-employee directors: Messrs. McDonnell and Bagley. The Compensation Committee had four meetings in 2003.

Audit Committee

The Audit Committee oversees the Company's corporate accounting and financial reporting process. For this purpose, the Audit Committee performs several functions. The Audit Committee evaluates the performance of and assesses the qualifications of the independent auditors; determines the engagement of the independent auditors; determines whether to retain or terminate the existing independent auditors or to appoint and engage new independent auditors; reviews and approves the retention of the independent auditors to perform any proposed non-permissible audit services; monitors the rotation of partners of the independent auditors on the Company engagement team as required by law; reviews the financial statements to be included in the Company's Annual Report on Form 10-K; and discusses with management and the independent auditors the results of the annual audit. The Audit Committee is composed of three directors and operates under a written charter adopted by the Company's Board of Directors. The members of the Audit Committee are Messrs. McDonnell, Bagley and Zizza. The Board of Directors annually reviews the Nasdaq listing standards definition of independence for Audit Committee members and has determined that all members of the Company's Audit Committee are independent (as independence is currently defined in Rule 4350(d)(2)(A)(i) and (ii) of the Nasdaq listing standards). The Board of Directors has determined that Mr. Zizza qualifies as an audit committee financial expert, as defined in applicable SEC rules. The Board made a qualitative assessment of Mr. Zizza's level of knowledge and experience based on a number of factors, including his formal education and experience as a chief financial officer. The Audit Committee had five meetings in 2003.

The address, telephone number and e-mail address, if any, of the person submitting the communication.

The following types of communications are not appropriate for delivery to directors under these procedures:

The Audit Committee's responsibility is to monitor and oversee these processes.

In this context, the Audit Committee has met and held discussions with management and the independent accountants. Management represented to the Audit Committee that the Company's financial statements were prepared in accordance with GAAP, and the Audit Committee has reviewed and discussed the financial statements with management and the independent accountants. Proposal 2

APPROVAL OF 1997 INCENTIVE STOCK OPTION PLAN, AS AMENDED

In February 1997, the Board of Directors adopted, and the stockholders subsequently approved, the Company's 1997 Incentive Option Stock Plan (the 1997 Plan) and reserved an aggregate of 1,000,000 shares of the Company's Common Stock for issuance thereunder to the Company's employees. The Board adopted the 1997 Plan so that the Company could grant stock options to employees, directors and consultants at levels determined appropriate by the Board and the Compensation Committee, and to allow the Company more flexibility in attracting and retaining qualified employees and promoting the success of the Company's business. In March 1998, the Board approved an amendment to the 1997 Plan to increase the number of shares authorized for issuance under the 1997 Plan from a total of 1,000,000 shares to 1,250,000 shares. In February 1999, the Board approved an amendment to the 1997 Plan to increase the number of shares authorized for issuance under the 1997 Plan from a total of 1,250,000 shares to 2,250,000 shares. In March 2000, the Board approved an amendment to the 1997 Plan to increase the number of shares authorized for issuance under the 1997 Plan from a total of 2,250,000 shares to 2,750,000 shares. In March 2001, the Board approved an amendment to the 1997 Plan to increase the number of shares authorized for issuance under the 1997 Plan from a total of 2,750,000 shares to 3,250,000 shares. In March 2002, the Board approved an amendment to the 1997 Plan to increase the number of shares authorized for issuance under the 1997 Plan from a total of 3,250,000 shares to 3,750,000 shares. In March 2003, the Board approved an amendment to the 1997 Plan to increase the number of shares authorized for issuance under the 1997 Plan from a total of 3,750,000 shares to 4,400,000. Each of the amendments to the 1997 Plan were subsequently approved by the stockholders of the Company.

At March 31, 2004, options (net of canceled or expired options) covering an aggregate of 4,263,151 shares of the Company's Common Stock had been granted under the 1997 Plan, and 50,565 shares (plus any shares that might in the future be returned to the plans as a result of cancellation or expiration of options) remained available for future grant under the 1997 Plan. During the last fiscal year, under the 1997 Plan, the Company granted: (i) options to purchase an aggregate of 493,500 shares at exercise prices ranging from \$5.29 to \$12.25 to the Company's current executive officers and 40,000 shares at an exercise price of \$2.25 (to replace an expired option) to one executive officer; (ii) options to purchase an aggregate of 187,850 shares at exercise prices ranging from \$5.29 to \$17.83 per share to all other Company employees; (iii) options to purchase an aggregate of 6,000 shares at exercise prices ranging from \$14.12 to \$15.96 to the Company's consultants; and (iv) options to purchase an aggregate of 93,500 shares at an exercise price of \$5.30 to directors (excluding executive officers) and 125,000 shares at an exercise price of \$2.25 (to replace an expired option) to one director.

In April 2004, the Board approved an amendment to the 1997 Plan to increase the number of shares authorized for issuance under the 1997 Plan from a total of 4,400,000 shares to 5,150,000. Because the Company is approaching the latter stages of development for its lead compound, NEUMUNE, the Company intends to ramp up its hiring and increase the employee count by 30 to 50% in 2004. During this hiring period, the Board believes it is important for the Company to have the ability to grant a sufficient number of stock options to attract the most qualified employees in the industry. Accordingly, the Board adopted this amendment to ensure that the Company can continue to grant stock options to employees, directors and consultants at levels determined appropriate by the Board and the Compensation Committee to allow the Company flexibility in attracting and retaining qualified personnel.

Stockholders are requested in this Proposal 2 to approve the 1997 Plan, as amended. The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the meeting will be required to approve the 1997 Plan, as amended. Abstentions will be counted toward the tabulation of votes cast on the proposal and will have the same effect as negative votes. Broker non-votes will be counted towards a quorum, but will not be counted in determining whether this matter has been approved.

THE BOARD OF DIRECTORS RECOMMENDS

A VOTE IN FAVOR OF PROPOSAL 2.

The essential features of the 1997 Plan are described below.

GENERAL

The following description of the 1997 Plan is a summary and is qualified in its entirety by reference to the 1997 Plan. On February 5, 1997, the Company's Board of Directors adopted the 1997 Plan, which was subsequently approved by the Company's stockholders on March 26, 1997. The 1997 Plan was amended by the Board in March 1998, February 1999, March 2000, March 2001, March 2002 and March 2003, which amendments were subsequently approved by the Company's stockholders on May 18, 1998, May 17, 1999, June 23, 2000, June 29, 2001, June 21, 2002 and June 20, 2003 respectively.

PURPOSE

The purpose of the 1997 Plan is to encourage management, employees, directors and consultants associated with the Company (including any successor) to acquire an equity interest in the Company's business, thereby strengthening their commitment to remain with, or to join, the Company. The 1997 Plan contemplates the grant to employees of incentive stock options (ISOs) under Section 422 of the Internal Revenue Code of 1986, as amended (the Code), and nonqualified stock options (NSOs) to such employees, directors and consultants as the Company's Compensation Committee deems appropriate.

The 1997 Plan is not subject to any of the requirements of the Employee Retirement Income Security Act of 1974, as amended, nor is it qualified or intended to be qualified under Section 401(a) of the Code.

ADMINISTRATION

Administration of the 1997 Plan was delegated to the Company's Compensation Committee, currently consisting of Mr. McDonnell and Mr. Bagley, each a disinterested person within the meaning of Rule 16(b)-3(c)(2)(i) of the Securities Exchange Act of 1934, as amended (the Exchange Act). Subject to the terms of the 1997 Plan and such limitations as the Board of Directors may impose, the Compensation Committee shall be responsible for the overall management and administration of the 1997 Plan and shall have such authority as may be necessary or appropriate to carry out its responsibilities, including, without limitation, the authority to (i) determine the persons to whom, and the time or times at which, grants shall be made as well as the terms of ISOs and NSOs, (ii) interpret and construe the terms of the 1997 Plan and any instrument thereunder, and (iii) adopt rules and regulations, prescribe forms and take any other actions not inconsistent with the 1997 Plan as it may deem necessary or appropriate. In addition, the Compensation Committee and the Board of Directors have created a Non-Officer Stock Option Committee, with the authority to grant options to purchase Common Stock to employees at a level below director level, provided that such employees are not subject to Section 16 of the Exchange Act, not to exceed 20,000 shares of Common Stock to any one person in any 12-month period and not to exceed 10,000 shares of Common Stock to any one person in any 12-month period without the consent of the Chairman of the Compensation Committee. Currently, the sole member of the Non-Officer Stock Option Committee is Mr. Hollis.

STOCK SUBJECT TO THE 1997 PLAN

Subject to stockholder approval of this proposal, an aggregate of 5,150,000 shares of Common Stock is reserved for issuance under the 1997 Plan. If options granted under the 1997 Plan expire or otherwise terminate without being exercised, the shares of Common Stock not acquired

Edgar Filing: HOLLIS EDEN PHARMACEUTICALS INC /DE/ - Form DEF 14A

pursuant to such options again become available for issuance under the 1997 Plan. If the Company reacquires unvested stock issued under the 1997 Plan, the reacquired stock will again become available for reissuance under the 1997 Plan.

ELIGIBILITY

Officers, employees and directors of the Company, as well as certain consultants who provide services to the Company, are eligible to participate in the 1997 Plan without regard to length of employment or service. Any

such person who is not an employee of the Company, within the meaning of Section 422 of the Code, is not eligible to receive ISOs. No options will be granted after February 4, 2007, the date upon which the 1997 Plan will terminate if it is not terminated earlier by the Board.

DESCRIPTION OF OPTIONS

The exercise price of an option granted under the 1997 Plan and the period during which it may be exercised will be determined by the Compensation Committee at the time of grant, subject to the terms and conditions of the 1997 Plan. The exercise price of an ISO, however, shall not be less than the fair market value of the shares subject to such ISO on the date of grant (or 110% of such fair market value in the case of ISOs granted to an individual who is a 10% or greater stockholder of the Company or any parent or subsidiary of the Company).

In no event will options expire later than the expiration of ten years from the date of grant (or five years from the date of grant in the case of ISOs granted to an individual who is a 10% or greater stockholder of the Company or any parent or subsidiary of the Company). Options that are otherwise exercisable may be exercised in whole or in part.

Upon the occurrence of any of the following: (i) the merger or consolidation of the Company with or into another corporation (pursuant to which the Company's stockholders immediately prior to such merger or consolidation will not, as of the date of such merger or consolidation, own a beneficial interest in shares of voting securities of the corporation surviving such merger or consolidation having at least a majority of the combined voting power of such corporation's then outstanding securities) under circumstances where the agreement of merger or consolidation does not provide for (A) the continuance of the options granted under the 1997 Plan or (B) the substitution of new options for options granted under the 1997 Plan, or (C) the assumption of such options by the surviving corporation, (ii) the dissolution, liquidation, or sale of all or substantially all the assets of the Company to a person unrelated to the Company or to a direct or indirect owner of a majority of the voting power of the Company's then outstanding voting securities (such sale of assets being referred to as an Asset Sale) or (iii) a change in control of the Company, then the vesting and exercisability of options theretofore granted and still outstanding (and not otherwise expired) shall accelerate in full immediately prior to such event. All outstanding options that are not exercised prior to such event (other than a change in control of the Company as defined below) shall be forfeited as of the effective time of such event.

For purposes of the 1997 Plan, a change in control of the Company shall be deemed to have occurred if any person (including any individual, firm, partnership or other entity) together with all Affiliates and Associates (as defined under Rule 12b-2 promulgated under the Exchange Act) of such person (but excluding (i) a trustee or other fiduciary holding securities under an employee benefit plan of the Company or any subsidiary of the Company, (ii) a corporation owned, directly or indirectly, by the stockholders of the Company in substantially the same proportions as their ownership of the Company, (iii) the Company or any subsidiary of the Company or (iv) a participant together with all Affiliates and Associates of such participant) is or becomes the Beneficial Owner (as defined in Rule 13d-3 promulgated under the Exchange Act), directly or indirectly, of securities of the Company representing 40% or more of the combined voting power of the Company's then outstanding securities. The provisions of clause (iv) of the foregoing sentence apply only with respect to the options held by the participant.

If the optionee's service with the Company terminates, options that are exercisable on such termination date shall remain exercisable until the expiration of three months from such termination date (extended to one year if such termination occurs due to the optionee's death or disability).

To the extent that the aggregate of (i) the fair market value (determined at the time an ISO is granted) of the shares of the Company's Common Stock subject to an ISO and (ii) the fair market value (determined as of the date(s) of grant of the options(s)) of all other shares of Common Stock subject to ISOs granted to an optionee that are exercisable for the first time by an optionee during a calendar year (under all stock option plans of the Company) exceeds \$100,000, such ISO's shall be treated as NSOs.

PAYMENT FOR SHARES

Payment for shares of the Company's Common Stock purchased upon exercise of an option must be made in full upon exercise, either in cash or check or in shares of outstanding Common Stock of the Company held for the required time period to avoid a charge to the Company's reported earnings. The proceeds received by the Company from the sale of shares of its Common Stock pursuant to the 1997 Plan shall be used for general corporate purposes.

TRANSFER RESTRICTIONS

Options other than NSOs are not transferable other than by will or the laws of descent and distribution or pursuant to a domestic relations order. During the lifetime of an optionee, an ISO shall be exercisable only by the optionee. An optionee is required to notify the Company if he disposes of shares of the Company's Common Stock acquired pursuant to the exercise of an ISO within two years of the date the ISO was granted or within one year of the date the ISO was exercised.

AMENDMENT AND TERMINATION

The Board may amend or terminate the 1997 Plan at any time or from time to time; provided, however, that unless all required stockholder approvals have been received, no amendment will be made that would (i) increase the maximum number of shares as to which options may be granted, or (ii) reduce the minimum exercise price of an ISO, or (iii) materially modify the requirements as to eligibility for participation. No amendment is permitted which would alter or impair the rights of any optionee under an option granted prior to such amendment, unless the optionee consents thereto.

FEDERAL INCOME TAX INFORMATION

Incentive Stock Options. Incentive stock options under the 1997 Plan are intended to be eligible for the favorable federal income tax treatment accorded incentive stock options under the Code.

There generally are no federal income tax consequences to the optionholder or the Company by reason of the grant or exercise of an incentive stock option. However, the exercise of an incentive stock option may increase the optionholder's alternative minimum tax liability, if any.

If an optionholder holds stock acquired through exercise of an incentive stock option for more than two years from the date on which the option is granted and more than one year from the date on which the shares are transferred to the optionholder upon exercise of the option, any gain or loss on a disposition of such stock will be a long-term capital gain or loss if the optionholder held the stock for more than one year.

Generally, if the optionholder disposes of the stock before the expiration of either of these holding periods (a disqualifying disposition), then at the time of disposition the optionholder will realize taxable ordinary income equal to the lesser of (i) the excess of the stock's fair market value on the date of exercise over the exercise price, or (ii) the optionholder's actual gain, if any, on the purchase and sale. The optionholder's additional

gain or any loss upon the disqualifying disposition will be a capital gain or loss, which will be long-term or short-term depending on whether the stock was held for more than one year.

To the extent the optionholder recognizes ordinary income by reason of a disqualifying disposition, the Company will generally be entitled (subject to the requirement of reasonableness, the provisions of Section 162(m) of the Code and the satisfaction of a tax reporting obligation) to a corresponding business expense deduction in the tax year in which the disqualifying disposition occurs.

Nonstatutory Stock Options. Nonstatutory stock options granted under the 1997 Plan generally have the following federal income tax consequences.

There are no tax consequences to the optionholder or the Company by reason of the grant of a nonstatutory stock option. Upon exercise of a nonstatutory stock option, the optionholder normally will recognize taxable ordinary income equal to the excess, if any, of the stock's fair market value on the date of exercise over the option exercise price. However, to the extent the stock is subject to certain types of vesting restrictions, the taxable event will be delayed until the vesting restrictions lapse unless the participant elects to be taxed on receipt of the stock. With respect to employees, the Company is generally required to withhold from regular wages or supplemental wage payments an amount based on the ordinary income recognized. Subject to the requirement of reasonableness, the provisions of Section 162(m) of the Code and the satisfaction of a tax reporting obligation, the Company will generally be entitled to a business expense deduction equal to the taxable ordinary income realized by the optionholder.

Upon disposition of the stock, the optionholder will recognize a capital gain or loss equal to the difference between the selling price and the sum of the amount paid for such stock plus any amount recognized as ordinary income upon exercise of the option (or vesting of the stock). Such gain or loss will be long-term or short-term depending on whether the stock was held for more than one year. Slightly different rules may apply to optionholders who acquire stock subject to certain repurchase options or who are subject to Section 16(b) of the Exchange Act.

Potential Limitation on Company Deductions. Section 162(m) of the Code denies a deduction to any publicly held corporation for compensation paid to certain covered employees in a taxable year to the extent that compensation to such covered employee exceeds \$1 million. It is possible that compensation attributable to stock options, when combined with all other types of compensation received by a covered employee from the Company, may cause this limitation to be exceeded in any particular year.

Certain kinds of compensation, including qualified performance-based compensation, are disregarded for purposes of the deduction limitation. In accordance with Treasury regulations issued under Section 162(m), compensation attributable to stock options will qualify as performance-based compensation if the option is granted by a compensation committee comprised solely of outside directors and either (i) the plan contains a per-employee limitation on the number of shares for which options may be granted during a specified period, the per-employee limitation is approved by the stockholders, and the exercise price of the option is no less than the fair market value of the stock on the date of grant, or (ii) the option is granted (or exercisable) only upon the achievement (as certified in writing by the compensation committee) of an objective performance goal established in writing by the compensation committee while the outcome is substantially uncertain, and the option is approved by stockholders.

Proposal 3**RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS**

The Audit Committee of the Board of Directors has selected BDO Seidman, LLP as the Company's independent auditors for the fiscal year ending December 31, 2004 and has further directed that management submit the selection of independent auditors for ratification by the stockholders at the Annual Meeting. BDO Seidman, LLP has audited the Company's financial statements since its inception. Representatives of BDO Seidman, LLP are expected to be present at the Annual Meeting, will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Stockholder ratification of the selection of BDO Seidman, LLP as the Company's independent auditors is not required by the Company's Bylaws or otherwise. However, the Board is submitting the selection of BDO Seidman, LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee and the Board will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in the best interests of the Company and its stockholders.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting will be required to ratify the selection of BDO Seidman, LLP. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.

The Audit Committee s pre-approves all audit and permissible non-audit services provided by the independent auditors. These services may include audit services, audit-related services, tax services and other services. The Audit Committee has adopted a policy for the pre-approval of services provided by the independent auditors.

During the year, circumstances may arise when it may become necessary to engage the independent auditors for additional services not contemplated in the original pre-approval. In those instances, the Audit Committee requires specific pre-approval before engaging the independent auditors. The Audit Committee as delegated pre-approval authority to the Chair of the Audit Committee for those such instances. SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's directors and executive officers, and persons who own more than ten percent of a registered class of the Company's equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of Common Stock and other equity securities of the Company. Officers, directors and greater than ten percent stockholders are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file.

To the Company's knowledge, based solely on a review of the copies of such reports furnished to the Company and written representations that no other reports were required, during the fiscal year ended December 31, 2003, all Section 16(a) filing requirements applicable to its officers, directors and greater than ten percent beneficial owners were complied with, except that Paul Bagley, a director, failed to timely file a Form 4 to report a stock purchase made on December 22, 2003. The delinquent report has subsequently been filed with the SEC.

COMPENSATION OF DIRECTORS

Beginning with the year 2000, members of the Board of Directors are compensated \$2,500 for attendance at each in-person Board meeting. They also are eligible for reimbursement of their expenses incurred in connection with such attendance in accordance with Company policy.

The Company also grants discretionary stock options to non-employee members of the Board of Directors under the 1997 Plan. During the 2003 fiscal year, the Company granted options covering an aggregate of 80,000 shares of the Company's Common Stock to four directors for their services as directors.

In March 1996, options to purchase a total of 125,000 shares of the Company's Common Stock with an exercise price of \$2.25 per share were granted to Dr. Merigan for consulting services. In March 2003, the options expired and the Company granted new options to Dr. Merigan to purchase a total of 125,000 shares of the Company's Common Stock with an exercise price of \$2.25 per share, which was less than the fair market value of the Company's Common Stock on the date of grant.

In March 2003, options to purchase a total of 13,500 shares of the Company's Common Stock with an exercise price of \$5.30 per share were granted to Dr. Merigan for consulting services conducted in 2002.

In March 2003, we amended a warrant previously issued to Jacmar/Viking, L.L.C. Pursuant to the amended warrant, the warrant is now exercisable for an aggregate of 250,000 shares of the Company's Common Stock at an exercise price of \$10.00 per share. William H. Tilley, one of our directors, is a principal of Jacmar/Viking.

- (1) The potential realizable value is calculated based on the term of the option at its time of grant (ten years). It is calculated assuming that the stock price on the date of grant appreciates at the indicated annual rate, compounded annually for the entire term of the option, and that the option is exercised and sold on the last day of its term for the appreciated stock price. These amounts represent certain assumed rates of appreciation only, in accordance with the rules of the SEC, and do not reflect the Company's estimate or projection of future stock price performance. Actual gains, if any, are dependent on the actual future performance of the Company's Common Stock and no gain to the optionee is possible unless the stock price increases over the option term which will benefit all stockholders.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

ON EXECUTIVE COMPENSATION

The following is a report of the Compensation Committee of the Company describing the compensation policies and rationale applicable to the compensation paid to the Company's executive officers. The information contained in this report shall not be deemed to be soliciting material or to be filed with the SEC nor shall such information be incorporated by reference into any future filing under the Securities Act of 1933, as amended (the Securities Act) or the Exchange Act, except to the extent that the Company specifically incorporates it by reference into any such filing.

The Compensation Committee (the Committee) of the Board of Directors reviews and recommends to the Board of Directors for approval the Company's executive compensation policies. The Committee is responsible for reviewing the salary and benefits structure of the Company at least annually to insure its competitiveness within the Company's industry. During 2003, the Committee was composed of two outside directors, Mr. McDonnell and Mr. Bagley.

COMPENSATION PHILOSOPHY

The Company's philosophy in establishing its compensation policy for executive officers and other employees is to create a structure designed to attract and retain highly skilled individuals by establishing salaries, benefits, and

incentive compensation which compare favorably with those for similar positions in other pharmaceutical and biotechnology companies. Compensation for the Company's executive officers consists of a base salary and potential incentive cash bonuses, as well as incentive compensation through stock options and matching contributions by the Company into 401(k) accounts.

BASE SALARY

The base salary component of compensation is designed to compensate executive officers competitively at levels necessary to attract and retain qualified executives in the pharmaceutical and biotechnology industry. In order to evaluate the Company's competitive position in the industry, the Committee reviewed and analyzed the compensation packages, including base salary levels, offered by other biotechnology and pharmaceutical companies. The competitive information was obtained from a survey prepared by a consulting company (the 2002 Report on Executive Compensation in the Biopharmaceutical Industry). As a general matter, the base salary for each executive officer is initially established through negotiation at the time the officer is hired taking into account such officer's qualifications, experience, prior salary and competitive salary information. Year-to-year adjustments to each executive officer's base salary are based upon individual performance for the year, changes in the general level of base salaries of persons in comparable positions within the industry, and the average merit salary increase for such year for all employees of the Company, as well as other factors the Compensation Committee judges to be pertinent during an assessment period. In making base salary decisions, the Committee exercises its judgment to determine the appropriate weight to be given to each of these factors. The Committee believes that its process for determining and adjusting the base salary of executive officers is consistent with sound personnel practices.

BONUS PAYMENTS

Cash bonus payments are discretionary unless otherwise required pursuant to an employment agreement. Bonus payments, if any, to executive officers, including the CEO, or payments above the required annual minimum, are based on two principal factors: corporate performance as compared to the Company's goals and objectives and individual performance relative to corporate performance and individual goals and objectives.

Bonus payment recommendations for executive officers other than the CEO are initiated by the CEO and submitted to the Committee for review. Bonus payment recommendations for the CEO are initiated by the Committee.

LONG-TERM INCENTIVES

To conserve its cash resources, the Company places special emphasis on equity-based incentives to attract, retain and motivate executive officers as well as other employees. The Committee provides the Company's executive officers with long-term incentive compensation through grants of stock options generally under the 1997 Plan. The Board believes that stock options provide the Company's executive officers with the opportunity to purchase and maintain an equity interest in the Company and to share in the appreciation of the value of the Company's Common Stock. The Board believes that stock options directly motivate an executive to maximize long-term stockholder value. The options also utilize vesting periods that encourage key executives to continue in the employ of the Company. The Board considers the grant of each option subjectively, considering factors such as the individual performance of the executive officer and the anticipated contribution of the executive officer to the attainment of the Company's long-term strategic performance goals. Long-term incentives granted in prior years are also taken into consideration. Grants are made to all employees when hired based on salary level and position. All employees, including executive officers, are eligible for subsequent, discretionary grants, which are generally based on either individual or corporate performance. The compensatory and administrative features of the 1997 Plan conform in all material respects to the design of standard comparable plans in the industry and are, in the Committee's estimation, fair and reasonable.

CHIEF EXECUTIVE OFFICER COMPENSATION

The compensation of the Chief Executive Officer is reviewed annually on the same basis as discussed above for all executive officers. On July 1, 2003, Mr. Hollis' base salary was increased from \$440,000 to \$462,000. Mr. Hollis' base salary was established in part by comparing the base salaries of chief executive officers at other biotechnology and pharmaceutical companies of similar size. This base salary fell approximately mid-way between the 50th and 90th percentile. Mr. Hollis' bonus was based in part on the many accomplishments of the Company in 2003, including, among other things, closing rounds of capital which raised approximately \$90 million during a difficult financing environment; substantial progress in advancing the Company's lead drug development programs as well as the Company's identification of the mechanisms by which immune regulating hormone technology is able to regulate immune function; the ongoing demonstration of preclinical activity of the Company's compounds in a variety of diseases; significantly expanding the Company's understanding of the metabolism, pharmacokinetics and structure-activity relationships for this class of compounds; the ongoing joint development program with the U.S. military to develop HE2100 as a countermeasure against radiation injury; the continued expansion of the Company's patent portfolio; and the development of various domestic and international relationships between the Company and businesses and other organizations throughout the world.

SECTION 162(M)

The Board has considered the potential future effects of Section 162(m) of the Internal Revenue Code on the compensation paid to the Company's executive officers. Section 162(m) disallows a tax deduction for any publicly-held corporation for individual compensation exceeding \$1.0 million in any taxable year for any of the executive officers named in the proxy statement, unless compensation is performance-based. The Company has adopted a policy that, where reasonably practicable, the Company will seek to qualify the variable compensation paid to its executive officers for an exemption from the deductibility limitations of Section 162(m).

In approving the amount and form of compensation for the Company's executive officers, the Committee will continue to consider all elements of the cost to the Company of providing such compensation, including the potential impact of Section 162(m).

CERTAIN TRANSACTIONS

On May 22, 1998, in connection with the relocation of the Company's headquarters from Portland, Oregon, to San Diego, California, in 1998, the Company loaned Richard B. Hollis \$200,000 pursuant to a promissory note bearing interest at 5.5% per annum. The note had an original term of three years, which was later extended to May 22, 2003. On March 31, 2003, Mr. Hollis sold to the Company an aggregate of 59,000 shares of his Hollis-Eden Common Stock at a purchase price of \$5.87 per share, which was the fair market value of the Common Stock on that date. Mr. Hollis used the proceeds from the sale of stock to repay in full the principal and interest on the loan, as well to pay his federal and state tax liability in connection with the sale.

In May 1996, in accordance with anti-dilution privileges under a private financing that the Company conducted in March 1995, the Company issued Richard B. Hollis a warrant that presently represents a right to purchase 393,250 shares of the Company's Common Stock at a price of \$11.02 per share. In May 2000, the warrant was amended, pursuant to which the expiration date of the warrant was extended from January 7, 2002, to January 7, 2006.

In March 1999, the Company entered into a consulting agreement with Jacmar/Viking, L.L.C. William H. Tilley, one of the Company's directors, is a principal of Jacmar/Viking. As consideration for such consulting services, the Company issued to Jacmar/Viking a warrant to purchase an aggregate of 500,000 shares of the Company's Common Stock at an exercise price of \$20.50 per share. The warrant is not subject to any vesting provisions and had an original expiration date of March 2002. In March 2001, the Company entered into an amendment to the original consulting agreement and warrant, pursuant to which the expiration date for the warrant was extended to March 2003. In March 2003, the Company amended the warrant so that the warrant is now exercisable into an aggregate of 250,000 shares of the Company's Common Stock at an exercise price of \$10.00 per share. The Company also amended the warrant and the consulting agreement to extend the expiration date of the warrant to the earlier to occur of March 2006 or thirty days after the consulting agreement is terminated.

In March 2002, the Company issued to Dr. Joseph Hollis, a consultant, a warrant to purchase 60,000 shares of the Company's Common Stock at an exercise price of \$11.00 per share. This warrant expires on March 18, 2005. Dr. Hollis is the brother of Richard B. Hollis.

In March 1993, options to purchase a total of 125,000 shares of the Company's Common Stock with an exercise price of \$2.25 per share were issued to Dr. Merigan for consulting services. In March 2003, the options expired and the Company issued new options to Dr. Merigan to purchase a total of 125,000 shares of the Company's Common Stock with an exercise price below market of \$2.25. Dr. Merigan is one of the Company's directors.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as householding, potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are stockholders of the Company will be householding our proxy materials. A single proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement and annual report, please notify your broker.

Stockholders who currently receive multiple copies of the proxy statement at their address and would like to request householding of their communications should contact their broker.

OTHER MATTERS

The Board of Directors knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on such matters in accordance with their best judgment.

Subject to the adjustments provided in Section VI of the Plan, the aggregate number of shares of the Common Stock which may be granted for all purposes under the Plan shall be 5,150,000 shares. Shares of Common Stock underlying awards of securities (derivative or not) and shares of Common Stock awarded hereunder (whether or not on a restricted basis) shall be counted against the limitation set forth in the immediately preceding sentence and may be reused to the extent that the related Plan Award to any individual is settled in cash, expires, is terminated unexercised, or is forfeited. Subject to the provisions of Section X hereof, all interpretations and determinations of the Committee may be made on an individual or group basis and shall be final, conclusive and binding on all interested parties. Subject to the express provisions of the Plan, the

A-3

Committee shall have authority, in its discretion, to determine the persons to whom Plan Awards shall be granted, the times when such Plan Awards shall be granted, the number of Plan Awards, the exercise price of each Plan Award, the period(s) during which a Plan Award shall be exercisable (whether in whole or in part), the restrictions to be applicable to Plan Awards and the other terms and provisions thereof (which need not be identical). In addition, the authority of the Committee shall include, without limitation, the following:

(a) *Financing.* The arrangement of temporary financing for an Optionee by registered broker-dealers, under the rules and regulations of the Federal Reserve Board, for the purpose of assisting an Optionee in the exercise of an Option, such authority to include the payment by the Corporation of the commissions of the broker-dealer.

(b) *Procedures for Exercise of Option.* The establishment of procedures for an Optionee to exercise an Option by (i) payment of cash (including check), (ii) payment pursuant to a program developed under Regulation T as promulgated by the Federal Reserve Board which, prior to the issuance of Common Stock, results in either the receipt of cash (or check) by the Corporation or the receipt of irrevocable instructions to pay the aggregate exercise price to the Corporation from the sales proceeds, (iii) provided that at the time of exercise the Common Stock is publicly traded and quoted regularly in the Wall Street Journal, payment by delivery of already-owned shares of Common Stock, held for the period required to avoid a charge to the Corporation's reported earnings, and owned free and clear of any liens, claims, encumbrances or security interests, which Common Stock shall be valued at its Fair Market Value on the date of exercise or (iv) payment by a combination of the methods of payment permitted by clauses (b)(i) through (b)(iii) above.

(c) *Withholding.* The establishment of a procedure whereby a number of shares of Common Stock or other securities may be withheld from the total number of shares of Common Stock or other securities to be issued upon exercise of an Option or for the tender of shares of Common Stock owned by any Participant to meet any obligation of withholding for taxes incurred by the Participant upon such exercise.

SECTION V

STOCK OPTIONS

The Committee shall have the authority, in its discretion, to grant Incentive Stock Options or to grant Non-Qualified Stock Options or to grant both types of Options. Notwithstanding anything contained herein to the contrary, an Incentive Stock Option may be granted only to common law employees of the Corporation or of any Parent or Subsidiary now existing or hereafter formed or acquired, and not to any director or officer who is not also such a common law employee. In order for an Option grant to satisfy the performance-based compensation exemption to the deduction limitation under Code Section 162(m), the maximum number of shares of Common Stock subject to Options which may be granted to any single Executive during any one calendar year is 250,000. The terms and conditions of the Options shall be determined from time to time by the Committee; *provided, however*, that the Options granted under the Plan shall be subject to the following:

(a) *Exercise Price.* The Committee shall establish the exercise price at the time any Option is granted at such amount as the Committee shall determine; *provided, however*, that the exercise price for each share of Common Stock purchasable under any Incentive Stock Option granted hereunder shall be such amount as the Committee shall, in its best judgment, determine to be not less than one hundred percent (100%) of the Fair Market Value per share of Common Stock at the date the Option is granted; and provided, further, that in the case of an Incentive Stock Option granted to a person who, at the time such Incentive Stock Option is granted, owns shares of stock of the Corporation or of any Parent or Subsidiary which possess more than ten percent (10%) of the total combined voting power of all classes of shares of stock of the Corporation or of any Parent or Subsidiary, the exercise price for each share of Common Stock shall be such amount as the Committee, in its best judgment, shall determine to be not less than one hundred ten percent (110%) of the Fair Market Value per share of Common Stock at the date the Option is granted. The exercise price will be subject to adjustment in accordance with the provisions of Section VI of the Plan.

A-4

(b) *Payment of Exercise Price.* The price per share of Common Stock with respect to each Option shall be payable at the time the Option is exercised. Such price shall be payable in cash or pursuant to any of the methods set forth in Sections IV(a) or (b) hereof, as determined by the Participant. Shares of Common Stock delivered to the Corporation in payment of the exercise price shall be valued at the Fair Market Value of the Common Stock on the date preceding the date of the exercise of the Option.

(c) *Exercisability of Options.* Except as provided in Section V(e) hereof, each Option shall be exercisable in whole or in installments, and at such time(s), and subject to the fulfillment of any conditions on, and to any limitations on, exercisability as may be determined by the Committee at the time of the grant of such Options. The right to purchase shares of Common Stock shall be cumulative so that when the right to purchase any shares of Common Stock has accrued such shares of Common Stock or any part thereof may be purchased at any time thereafter until the expiration or termination of the Option.

(d) *Expiration of Options.* No Incentive Stock Option by its terms shall be exercisable after the expiration of ten (10) years from the date of grant of the Option; *provided, however,* in the case of an Incentive Stock Option granted to a person who, at the time such Option is granted, owns shares of stock of the Corporation or of any Parent or Subsidiary possessing more than ten percent (10%) of the total combined voting power of all classes of shares of stock of the Corporation or of any Parent or Subsidiary, such Option shall not be exercisable after the expiration of five (5) years from the date such Option is granted.

(e) *Exercise Upon Optionee's Termination of Employment or Termination of Consulting Relationship.* If the employment of an Optionee by the Corporation or by any Parent or Subsidiary is terminated for any reason other than death, any Incentive Stock Option granted to such Optionee may not be exercised later than three (3) months (one (1) year in the case of termination due to Disability) after the date of such termination of employment. For purposes of determining whether any Optionee has incurred a termination of employment (or a Termination of Consulting Relationship), an Optionee who is both an employee (or a Consultant) and a director of the Corporation and/or any Parent or Subsidiary shall (with respect to any Non-Qualified Option that may have been granted to him) be considered to have incurred a termination of employment (or a Termination of Consulting Relationship) only upon his termination of service both as an employee (or as a Consultant) and as a director.

(f) *Maximum Amount of Incentive Stock Options.* Each Plan Award under which Incentive Stock Options are granted shall provide that to the extent the aggregate of the (i) Fair Market Value of the shares of Common Stock (determined as of the time of the grant of the Option) subject to such Incentive Stock Option and (ii) the fair market values (determined as of the date(s) of grant of the option(s) of all other shares of Common Stock subject to incentive stock options granted to an Optionee by the Corporation or any Parent or Subsidiary, which are exercisable for the first time by any person during any calendar year, exceed(s) one hundred thousand dollars (\$100,000), such excess shares of Common Stock shall not be deemed to be purchased pursuant to Incentive Stock Options. The terms of the immediately preceding sentence shall be applied by taking all options, whether or not granted under this Plan, into account in the order in which they are granted.

SECTION VI

ADJUSTMENT OF SHARES; MERGER OR

CONSOLIDATION, ETC. OF THE CORPORATION

(a) *Recapitalization, Etc.* In the event there is any change in the Common Stock of the Corporation by reason of any reorganization, recapitalization, stock split, stock dividend or otherwise, there shall be substituted for or added to each share of Common Stock theretofore appropriated or thereafter subject, or which may become subject, to any Option, the number and kind of shares of stock or other securities into which each outstanding share of Common Stock shall be so changed or for which each such share shall be

A-5

exchanged, or to which each such share be entitled, as the case may be, and the per share price thereof also shall be appropriately adjusted. Notwithstanding the foregoing, (i) each such adjustment with respect to an Incentive Stock Option shall comply with the rules of Section 424(a) of the Code and (ii) in no event shall any adjustment be made which would render any Incentive Stock Option granted hereunder to be other than an incentive stock option for purposes of Section 422 of the Code.

(b) *Merger, Consolidation or Change in Control of Corporation.* Upon (i) the merger or consolidation of the Corporation with or into another corporation (pursuant to which the stockholders of the Corporation immediately prior to such merger or consolidation will not, as of the date of such merger or consolidation, own a beneficial interest in shares of voting securities of the corporation surviving such merger or consolidation having at least a majority of the combined voting power of such corporation's then outstanding securities), if the agreement of merger or consolidation does not provide for (1) the continuance of the Options granted hereunder or (2) the substitution of new options for Options granted hereunder, or for the assumption of such Options by the surviving corporation, (ii) the dissolution, liquidation, or sale of all or substantially all the assets of the Corporation to a person unrelated to the Corporation or to a direct or indirect owner of a majority of the voting power of the Corporation's then outstanding voting securities (such sale of assets being referred to as an *Asset Sale*) or (iii) a Change in Control of the Corporation, the vesting and exercisability of Options theretofore granted and still outstanding (and not otherwise expired) shall be accelerated in full immediately prior to the effective date of such merger, consolidation, dissolution, liquidation, Asset Sale or Change in Control. The Corporation, to the extent practicable, shall give advance notice to affected Optionees of such merger, consolidation, dissolution, liquidation, Asset Sale or Change in Control of the Corporation. All such Options which are not exercised prior to the effective date of such merger, consolidation, dissolution, liquidation or Asset Sale shall be forfeited as of the effective time of such merger, consolidation, dissolution, liquidation or Asset Sale (but not in the case of a Change in Control of the Corporation).

(c) *Definition of Change in Control of the Corporation.* As used herein, a *Change in Control of the Corporation* shall be deemed to have occurred if any person (including any individual, firm, partnership or other entity) together with all Affiliates and Associates (as defined under Rule 12b-2 of the General Rules and Regulations promulgated under the Exchange Act) of such person (but excluding (i) a trustee or other fiduciary holding securities under an employee benefit plan of the Corporation or any subsidiary of the Corporation, (ii) a corporation owned, directly or indirectly, by the stockholders of the Corporation in substantially the same proportions as their ownership of the Corporation, (iii) the Corporation or any subsidiary of the Corporation or (iv) only as provided in the immediately following sentence, a Participant together with all Affiliates and Associates of the Participant) is or becomes the Beneficial Owner (as defined in Rule 13d-3 promulgated under the Exchange Act), directly or indirectly, of securities of the Corporation representing 40% or more of the combined voting power of the Corporation's then outstanding securities. The provisions of clause (iv) of the immediately preceding sentence shall apply only with respect to the Option(s) held by the Participant who, together with his Affiliates or Associates, if any, is or becomes the direct or indirect Beneficial Owner of the percentage of securities set forth in such clause.

SECTION VII

MISCELLANEOUS PROVISIONS

(a) *Administrative Procedures.* The Committee may establish any procedures determined by it to be appropriate in discharging its responsibilities under the Plan. Subject to the provisions of Section X hereof, all actions and decisions of the Committee shall be final.

(b) *Assignment or Transfer.* No grant or award of any Plan Award (other than a Non-Qualified Option) or any rights or interests therein shall be assignable or transferable by a Participant except by will or the laws of descent and distribution. During the lifetime of a Participant, Incentive Stock Options granted hereunder shall be exercisable only by the Participant.

(c) *Investment Representation.* With respect to shares of Common Stock received pursuant to the exercise of an Option, the Committee may require, as a condition of receiving such securities, that the Participant furnish to the Corporation such written representations and information as the Committee deems appropriate to permit the Corporation, in light of the existence or nonexistence of an effective registration statement under the Securities Act to deliver such securities in compliance with the provisions of the Securities Act.

(d) *Withholding Taxes.* In the case of the issuance or distribution of Common Stock or other securities hereunder upon the exercise of any Plan Award, the Corporation, as a condition of such issuance or distribution, may require the payment (through withholding from the Participant's salary, reduction of the number of shares of Common Stock or other securities to be issued, or otherwise) of any such taxes. Each Participant may satisfy the withholding obligations by paying to the Corporation a cash amount equal to the amount required to be withheld or by tendering to the Corporation a number of shares of Common Stock having a value equivalent to such cash amount, or by use of any available procedure as described under Section IV(c) hereof.

(e) *Costs and Expenses.* The costs and expenses of administering the Plan shall be borne by the Corporation and shall not be charged against any award nor to any employee receiving a Plan Award.

(f) *Other Incentive Plans.* The adoption of the Plan does not preclude the adoption by appropriate means of any other incentive plan for employees.

(g) *Plurals and Gender.* Where appearing in the Plan, masculine gender shall include the feminine and neuter genders, and the singular shall include the plural, and vice versa, unless the context clearly indicates a different meaning.

(h) *Headings.* The headings and sub-headings in this Plan are inserted for the convenience of reference only and are to be ignored in any construction of the provisions hereof.

(i) *Severability.* In case any provision of this Plan shall be held illegal or void, such illegality or invalidity shall not affect the remaining provisions of this Plan, but shall be fully severable, and the Plan shall be construed and enforced as if said illegal or invalid provisions had never been inserted herein.

(j) *Payments Due Missing Persons.* The Corporation shall make a reasonable effort to locate all persons entitled to benefits under the Plan; however, notwithstanding any provisions of this Plan to the contrary, if, after a period of one (1) year from the date such benefits shall be due, any such persons entitled to benefits have not been located, their rights under the Plan shall stand suspended. Before this provision becomes operative, the Corporation shall send a certified letter to all such persons at their last known addresses advising them that their rights under the Plan shall be suspended. Subject to all applicable state laws, any such suspended amounts shall be held by the Corporation for a period of one (1) additional year and thereafter such amounts shall be forfeited and thereafter remain the property of the Corporation.

(k) *Liability and Indemnification.* (i) Neither the Corporation nor any Parent or Subsidiary shall be responsible in any way for any action or omission of the Committee, or any other fiduciaries in the performance of their duties and obligations as set forth in this Plan.
