Table of Contents**Item 2. Acquisition of Assets****Acquisition of the 9 Technology Drive Building**

On May 27, 2004, Wells REIT II 9 Technology Drive, LLC, a single member Delaware limited liability company owned by Wells Operating Partnership II, L.P. (Wells OP II), purchased a two-story office building containing approximately 251,000 rentable square feet (the 9 Technology Drive Building). Wells OP II is a Delaware limited partnership formed to acquire, own, lease and operate real properties on behalf of Wells Real Estate Investment Trust II, Inc. (the Registrant). The 9 Technology Drive Building is located on an approximate 16.6-acre parcel of land at 9 Technology Drive in Westborough, Massachusetts. The purchase price of the 9 Technology Drive Building was approximately \$47.6 million, plus closing costs. The acquisition was funded with net proceeds raised from this offering and with proceeds from the Registrant s \$350 million line of credit with Bank of America, N.A. The 9 Technology Drive Building was purchased from Gateway Sherwood, Inc., which is not affiliated with the Registrant, Wells OP II or Wells Capital, Inc. (the Advisor).

The 9 Technology Drive Building, which was completed in 1992, is 100% leased to EMC Corporation (EMC). EMC, a company whose shares are publicly traded on the New York Stock Exchange, is a world leader in products, services and solutions for information storage and management. EMC reported a net worth, as of March 31, 2004, of approximately \$11.1 billion. The current aggregate annualized base rent payable under the EMC lease, which expires in 2012, is approximately \$4.0 million. EMC has the right, at its option, to extend the initial term of its lease for two additional five-year periods.

Wells Management Company, Inc. (Wells Management), an affiliate of the Advisor, will manage the 9 Technology Drive Building. Wells OP II does not intend to make significant renovations or improvements to the 9 Technology Drive Building in the near term. Management of Wells OP II believes that the 9 Technology Drive Building is adequately insured.

Since the 9 Technology Drive Building is leased to a single tenant on a long-term basis under a net lease that transfers substantially all of the operating costs to the tenant, management believes that the financial condition and results of operations of the guarantor of the lease, EMC, is more relevant to investors than financial statements of the property acquired.

EMC currently files its financial statements in reports filed with the SEC, and the following summary financial data regarding EMC is taken from its previously filed public reports:
