PROXY STATEMENT

Annual Meeting Of Stockholders to be held August 18, 2004

INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

Why Did You Send Me this Proxy Statement?

We sent you this proxy statement and the enclosed proxy card because our board of directors is soliciting your proxy to vote at the 2004 annual meeting of stockholders. This proxy statement summarizes the information you need to know to cast a vote at the annual meeting. However, you do not need to attend the annual meeting to vote your shares. Instead, you may simply complete, sign and return the enclosed proxy card.

Who is Entitled to Vote?

We will begin sending this proxy statement, the attached notice of annual meeting and the enclosed proxy card on or about July 16, 2004, to all stockholders entitled to vote. Stockholders of record of Keystone common stock at the close of business on July 2, 2004, are entitled to vote. On this record date, there were 15,575,345 shares of Keystone common stock, no par value, outstanding. Keystone's common stock is our only class of voting stock. We are also authorized to issue up to 3,000,000 shares of preferred stock, no par value, and no shares are presently issued and outstanding. We are also sending along with this proxy statement Keystone's 2004 Annual Report, which includes our financial statements.

What Constitutes a Quorum?

The holders of a majority of the outstanding shares of Keystone's common stock entitled to vote at the meeting must be present, in person or by proxy, in order to constitute a quorum. We can conduct the business of the meeting only if a quorum has been established. We will include proxies marked as abstentions and broker non-votes in determining the number of shares present at the meeting.

How Many Votes Do I Have?

Each share of Keystone common stock that you own entitles you to cast one vote. The proxy card indicates the number of shares of Keystone common stock that you own as of the record date.

How Do I Vote By Proxy?

Whether you plan to attend the annual meeting or not, we urge you to complete, sign and date the enclosed proxy card and to return it promptly in the postage-prepaid envelope provided. Returning the proxy card will not affect your right to attend the annual meeting and vote.

If you properly fill in your proxy card and send it to us in time to vote, your proxy (*one of the individuals named on your proxy card*) will vote your shares as you have directed. If you sign the proxy card but do not make specific choices, your proxy will vote your shares as recommended by the board of directors as follows:

FOR the election of all six nominees for director (see page 10).

FOR ratification of the appointment of Ernst & Young LLP as the Company's independent public accountants (see page 23).

If any other matter is presented, your proxy will vote in accordance with the recommendation of the board of directors or, if no recommendation is given, in his or her own discretion. At the time this proxy statement went to press, we knew of no matter which needed to be acted on at the annual meeting, other than the election of directors and the ratification of the appointment of Ernst & Young LLP.

May I Change My Vote After I Return My Proxy?

Yes. If you give a proxy, you may change your vote at any time before it is exercised. You may change your vote in any one of three ways:

You may send our Corporate Secretary another proxy with a later date.

You may notify our Corporate Secretary in writing before the annual meeting that you have revoked your proxy.

You may attend the annual meeting and vote in person.

How Do I Vote in Person?

If you plan to attend the annual meeting and vote in person, we will give you a ballot form when you arrive. However, if your shares are held in the name of your broker, bank or other nominee, you must bring the proxy card, an account statement or a letter from the nominee indicating that you were the beneficial owner of the shares on July 2, 2004, the record date for voting, and a written instruction from the nominee authorizing you to vote the shares.

What Vote is Required to Approve Each Proposal?

Proposal 1: *Elect six Directors*

The six nominees for director who receive the most votes will be elected. So, if you do not vote for a particular nominee, or you indicate **WITHHOLD AUTHORITY** to vote for a particular nominee on your proxy card, your vote will not count either for or against the nominee.

Proposal 2: *Ratification of Ernst & Young LLP*

The affirmative vote of a majority of the shares of Common Stock represented and voted at the annual meeting is required to ratify the appointment of Ernst & Young LLP as the Company's independent auditors for the fiscal year ending on April 1, 2005.

The Effect of Broker Non-Votes

If your broker holds your shares in its name, the broker will be entitled to vote your shares on Proposals 1 and 2 even if it does not receive instructions from you.

If your broker does not vote your shares on either Proposal 1 or 2, such broker non-votes will have no effect on the outcome of either proposal.

What are the Costs of Soliciting these Proxies?

We will pay all the costs of soliciting these proxies. In addition to mailing proxy soliciting material, our directors, officers and employees also may solicit proxies in person, by telephone or by other electronic means of communications for which they will receive no compensation. We will ask banks, brokers and other institutions, nominees and fiduciaries to forward the proxy material to their principals and to obtain authority to execute proxies. We will then reimburse them for their reasonable expenses. In addition, we may pay for and use the

services of individuals or companies that we do not regularly employ in connection with the solicitation of proxies if the board of directors determines this is advisable.

How Do I Obtain an Annual Report on Form 10-K?

If you would like a copy of our Annual Report on Form 10-K for the year ended March 26, 2004, that we filed with the Securities and Exchange Commission, we will send you one without charge. Please write to:

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act, as amended, requires insiders including our executive officers, directors and beneficial owners of more than 10% of our common stock, to file reports of ownership and changes in ownership of our common stock with the SEC and the NYSE, and to furnish us with copies of all Section 16(a) forms they file. Based solely on our review of copies of such forms received by us, we believe that our insiders complied with all applicable Section 16(a) filing requirements during fiscal 2003, except for the following filings: Mr. Brown was two days late in filing his Form 4 with respect to the sale of 4,000 shares of Common Stock on August 27, 2003; Mr. Ronco was two days late in filing his Form 4 with respect to the exercise of options to purchase 5,000 shares of Common Stock and the sale of those shares on August 27, 2003; and Mr. Northup was one day late in filing his Form 4 with respect to the sale of 500 shares of Common Stock on November 26, 2003.

INFORMATION ABOUT DIRECTORS AND EXECUTIVE OFFICERS

The Board of Directors

The Board of Directors oversees the business and affairs of Keystone and monitors the performance of management. In accordance with established Company corporate governance principles, the Board does not involve itself in day-to-day operations.

The Board met nine times during fiscal 2004. Each director attended at least 75% of the total number of Board meetings held in fiscal 2004.

How Do We Compensate Directors?

Board members, who are not also employees, receive \$30,000 per annum as compensation for serving on the Board and any committees and receive that number of restricted shares of Common Stock having a value of \$30,000 on the date of the annual meeting of stockholders. The restrictions on transfer of the shares lapse on the day prior to the next annual meeting of stockholders. Directors are also reimbursed for all reasonable and documented expenses incurred as Board members.

Compensation Committee Interlocks and Insider Participation

No interlocking relationship exists between Keystone's executive officers, board of directors or compensation committee and any executive officer or member of the board of directors or compensation committee of any other company.

Certain Relationships and Related Transactions

The Company entered into a lease dated January 5, 1995, with V-JAC Properties, Ltd. for an 8,000 square feet warehouse facility in Ontario, California, with a term of three years, for a monthly rent of \$3,494. Upon the expiration of the term, the Company entered into a five year lease

Edgar Filing: KEYSTONE AUTOMOTIVE INDUSTRIES INC - Form DEF 14A

(with an option to renew for an additional five years), on the same terms as the earlier lease, approved by unanimous vote of the disinterested directors in February 1998. V-JAC Properties, Ltd. is a partnership whose interests are held equally by Virgil K. Benton, Sr., and John G. Jordan, former directors of the Company, and Al A. Ronco and Charles J. Hogarty, who are currently directors of the Company but will not be standing for reelection at this Meeting. Mr. Benton died during 2000. This lease was terminated by mutual agreement effective July 1, 2003.

The Company also entered into a lease dated January 5, 1995, with V-JAC Properties, Ltd. for a 10,000 square feet warehouse facility in Palmyra, New Jersey, with a term of three years, for a monthly rent of \$2,985. Upon the expiration of the term, the Company entered into a five year lease (with an option to renew for an additional five years), with a 5% increase in the monthly rent, approved by the unanimous vote of the disinterested directors in February 1998. In 2002, the Company exercised its option to renew for an additional five years at a monthly rent of \$3,295.

On January 1, 1995, North Star Plating Company (North Star) entered into a ten-year lease agreement with a partnership owned by the spouses of Ronald G. Brown and Kim D. Wood to lease property occupied by North Star's East Peoria, Illinois service center. The initial base rent under the lease was \$6,975 per month, which is subject to increase on each anniversary of the lease term by the percentage increase in the Consumer Price Index during the preceding year. In addition to the base rent, North Star pays real estate taxes, maintenance, utilities and insurance costs associated with the property. North Star was merged with the Company in 1997 at which time Mr. Brown became a director of the Company and Mr. Wood was elected a Vice President. Mr. Wood resigned as a Vice President of the Company in January 2003 and Mr. Brown is not standing for reelection as a director at this Meeting.. North Star was recently renamed Keystone Automotive Industries MN, Inc.

On January 1, 1995, North Star entered a ten-year lease agreement with a partnership owned by the spouse of Raymond Wood, a former stockholder, officer and director of North Star, and the spouse of Ronald G. Brown to lease the property occupied by North Star's Brainerd, Minnesota chrome bumper plating center. The initial base rent under the lease was \$23,600 per month, which is subject to increase on each anniversary of the lease term by the percentage increase in the Consumer Price Index during the preceding year. In addition to the base rent, North Star pays real estate taxes, maintenance, utilities and insurance costs associated with the property. Pursuant to the lease agreement, North Star is responsible for certain occurrences on the premises, including any environmental contamination. Upon the demise of the spouse of Raymond Wood in 2001, her partnership interest devolved to Woodhaven Investments, a partnership in which Kim D. Wood is a partner.

On May 20, 1996, North Star entered into a ten-year lease agreement with a partnership owned by the spouses of Ronald G. Brown and Kim D. Wood and the Brown Family Limited Partnership to lease property occupied by North Star's headquarters and Minneapolis, Minnesota service center hub. The initial base rent under the lease was \$12,000 per month, which is subject to increase on the anniversary of the lease term by the percentage increase in the Consumer Price Index during the preceding year. In addition to the base rent, North Star pays real estate taxes, maintenance utilities and insurance costs associated with the property. In an amendment to the lease dated September 23, 1996, the partnership agreed to construct a 37,260 square foot addition to the existing building. North Star began occupying the addition in January 1997 and, accordingly, the base rent increased to \$25,627 per month.

In March 1999, the Company acquired substantially all of the assets of Midwest Bumper Company and related entities (Midwest) from Carl Martin and Carl Hartman, currently a Vice President of the Company. In connection with the acquisition, the Company entered into five-year leases with Mr. Martin, his family or an affiliated entity, on seven properties used by Midwest in its operations. The leases, which expired on February 28, 2004, each had an option to extend for an additional five-year term. In addition, the Company entered into a five-year lease with Mr. Hartman for a property also used in Midwest's operations. Mr. Hartman was elected a Vice President of the Company in May 2001.

When these leases were nearing the expiration of the original term, management began negotiations with Mr. Martin and Mr. Hartman concerning extending the terms for an additional five years. Extension agreements were reached in March 2004. Because Mr. Hartman is paid six percent of base rents for managing each of the properties, the extension agreements were subject to approval as to their terms by the Company's audit committee and review of the leases by legal counsel. The leases with Mr. Martin, his family and an affiliated entity provide for aggregate base rents over the five-year term of \$2,180,643 and the aggregate base rent over the five-year terms for the property being leased from Mr. Hartman is \$65,353. In addition, all the leases provide for reimbursement to the landlord for certain operating expenses.

After reviewing the terms of the leases and the rental market in the Grand Rapids, Michigan area, in May 2004, the Audit Committee concluded that the lease terms were fair, were no less favorable than could have been obtained from an unaffiliated party in an arms-length transaction and that entering into the leases was in the best interests of the stockholders. Leases on each of the properties were entered into effective June 1, 2004 with a five-year renewal option.

The Company believes that the terms and conditions of all of the above leases with affiliated parties are no less favorable to the Company than could have been obtained from unaffiliated parties in arm's length transactions at the time such leases were entered into.

Mr. Hogarty's employment agreement with the Company was terminated by mutual agreement effective April 15, 2002 in consideration for his entering into a Key Employee Salary Continuation Agreement with the Company on that date. Mr. Hogarty advised the Board that he was retiring effective September 1, 2004 and he entered into a two-year consulting agreement effective upon his retirement. Upon Mr. Hogarty's resignation as the President and Chief Executive Officer of the Company effective the date of this Meeting, it is anticipated that Richard L. Keister will be elected to those positions.

All executive officers of the Company have entered into Key Employee Salary Continuation Agreements. Each Key Employee Salary Continuation Agreement provides that in the event of a change in control of the Company followed by an involuntary termination of the executive within one year following the change in control, the executive is entitled to certain benefits. An involuntary termination includes a termination by the executive if there has been a reduction in base pay, material reduction in fringe benefits, a forced relocation, a material decrease in responsibilities or authority or any other material adverse change in the condition of employment. The benefits include a continuation of the annual base salary and fringe benefits for two years and an accelerated vesting of all stock options held by the executive.

The terms of Mr. Keister's employment by the Company are covered in two documents. Mr. Keister's employment by the Company, which began on June 1, 2004, is at will and the basic terms of employment are set forth in a memorandum of understanding. Under the memorandum, he is to be paid an annual base salary of \$425,000 and will receive a guaranteed bonus of \$340,000 for the period from June 1, 2004 through April 1, 2005. He was awarded 30,000 restricted shares of the Company's Common Stock as of June 1, 2004, and restrictions on these shares lapse as to 7,500 shares on each anniversary of the award. The closing price of the Company's Common Stock on June 1, 2004 was \$27.46. He is also being paid certain relocation expenses. For fiscal years beginning with fiscal 2006, Mr. Keister will receive such increase in his base compensation as well as additional restricted stock grants as shall be approved by the Board and an annual bonus of up to 80% of his base salary conditioned on achieving certain profit targets and up to an additional 16% of his base salary conditioned on achieving certain asset management targets. Under the memorandum, he is also entitled to receive such other benefits as are generally available to other executive officers of the Company. In the event that Mr. Keister's employment is terminated by the Company, certain benefits will accrue to him under the second document, a separation agreement currently being negotiated.

Employee Defined Benefit Pension Plan

General. The Board of Directors adopted the Employee Defined Benefit Pension Plan (the Pension Plan), originally effective as of April 1, 1978, for the benefit of the eligible employees of the Company. Since the implementation of the Pension Plan, the Company has amended the Pension Plan from time to time. The primary purpose of the Pension Plan was to provide a retirement benefit for participating employees who continue in the employ of the Company until their retirement. Effective April 30, 1997, the Pension Plan was suspended with no further benefits to accrue on behalf of any participant or beneficiary and no further contributions, except as may be required by law, to be made. It is anticipated that the Pension Plan will be terminated and that the termination will not have a material adverse impact on the financial condition of the Company upon that event. The Pension Plan has been replaced with the 401(k) Savings Plan described below.

Estimated Monthly Benefits. The following table sets forth the estimated monthly benefit under the Pension Plan based on the current benefit structure.

The compensation covered by the Pension Plan includes basic salary or wages, overtime payments, bonuses, commissions and all other direct current compensation, but does not include contributions by the Company to

Social Security, benefits from stock options (whether qualified or not), contributions to this or any other retirement plans or programs, or the value of any other fringe benefits provided at the expense of the Company. For benefit calculation purposes, a highest-five-year average of compensation is used. Benefits are paid as straight-life annuities with no subsidies or offsets. The compensation covered by the Pension Plan for all of the Named Executive Officers was limited to \$150,000 in April 1997 when the Pension Plan was suspended, in accordance with Section 401(a)(17) of the Internal Revenue Code of 1986, as amended.

The years of credited service for each Named Executive who participates in the Pension Plan are as follows:

<u>Name</u>	<u>Years</u>
Charles J. Hogarty	39

401(k) Savings Plan

Effective April 1, 1997, the Section 401(k) Savings Plan (the Savings Plan) in effect at North Star was amended to make the Savings Plan available to employees of the Company. Pursuant to the amendment, the Company became the Savings Plan sponsor and North Star became an adopting employer. All employees of the Company as of April 1, 1997, became participants in the Savings Plan and the amendment had no affect upon those persons who were employed at North Star on April 1, 1997. Persons becoming employees of the Company subsequent to April 1, 1997 are not eligible to participate until they complete one year of service and are at least 21 years of age.

Under the terms of the Savings Plan, participants can contribute, by way of payroll deductions, up to 50% of their pre-tax compensation annually, subject to certain legal limitations. The Savings Plan also provides for a matching contribution by the Company equal to 50% of the first 6% of a participant's contribution. For purposes of determining the amount of contributions and matching contributions to be allocated to a participant's account, compensation is defined as the annual income amount reportable by the Company for federal income tax purposes, including overtime, commissions and bonuses.

A participant is always 100% vested in his own Savings Plan contributions. A participant becomes 100% vested in the matching contributions allocated to his account upon the earliest to occur of four years of service, normal retirement age (age 65), disability while employed by the Company, his death while employed by the Company or the termination or complete discontinuance of contributions to the Savings Plan.

If a participant terminates employment with the Company for any other reason, a participant vests 25% in his benefits after one year of service, and 25% each year thereafter, with 100% vesting after four or more years of service.

Board Structure and Committee Composition

As of the date of this proxy statement, the Company's Board has seven directors and has the following three standing committees: (1) Audit, (2) Compensation and (3) Nominating. The membership during the last year and the function of each of the committees are described below. Each of the committees operates under a written charter adopted by the Board. Each of these committee charters is available on the Company's website at <http://www.keystone-auto.com>.

The Audit Committee

Directors McQuay, Seebart and Ronco currently serve as members of the Audit Committee. The Audit Committee met six times during fiscal 2004 and each member attended at least 75% of the total number of Audit Committee meetings. The Board adopted and approved an amended and restated charter for the audit committee in May 2004, replacing the charter adopted in May 2000. A copy of the amended and restated Audit Committee charter is attached to this Proxy Statement as Annex A. The Board has determined that all members of the Audit Committee are independent as that term is defined in Rule 4200 of the NASDAQ listing standards and Rule 10A-3 (c) of the Securities Exchange Act, as amended. The Board has also determined that Mr. McQuay is an audit committee financial expert as defined by the SEC.

The Audit Committee relies on the knowledge and expertise of management, the internal auditor and the independent auditors in carrying out its oversight responsibilities.

Directors Thompson, McQuay and Seebart currently serve as members of the Compensation Committee. The Compensation Committee met three times during fiscal 2004 and each member attended at least 75% of the total number of Compensation Committee meetings.

In May 2004, the Board adopted a written charter for the Compensation Committee. Under this charter, the Compensation Committee among other duties:

administers and makes recommendations to the Board with respect to the Company's incentive compensation and equity-based plans for executive officers.

reviews and recommends employment agreements and severance agreements for senior management; and annually evaluates its performance, and reviews and assesses the adequacy of its charter.

prepares the report of the Compensation Committee to be included in the Company's annual meeting proxy statement.

The Nominating Committee

Directors Brown, McQuay and Thompson currently serve as members of the Nominating Committee. The Nominating Committee met five times in fiscal 2004 and each member other than Mr. Brown attended at least 75% of the total number of Nominating Committee meetings. It considers and proposes to the full Board, director nominees for election at each annual meeting; selects candidates to propose to fill Board vacancies as they may occur; has oversight with respect to the evaluation of the performance of the Board; and performs any other functions or duties deemed appropriate by the Board.

The Nominating Committee will accept for consideration stockholders' nominations for directors if made in writing. The nominee's written consent to the nomination and sufficient background information on the candidate must be included to enable the Committee to make proper judgments as to his or her qualifications. Nominations must be addressed to the Secretary of the Company at the Company's headquarters and must be received no later than May 19, 2005 in order to be considered for the next annual election of directors.

Consideration of Director Nominees

Stockholder Nominees

It is the policy of the Nominating Committee to consider properly submitted stockholder nominations for candidates for membership on the Board as described below under Identifying and Evaluating Nominees for Directors. In evaluating such nominations, like all nominations, the Board's criteria will include business experience and skills, academic expertise, independence, integrity, experience as a board member of another publicly held company, the absence of potential conflicts with the Company's interests and the candidate's general understanding of marketing, finance and other elements relevant to the success of a publicly-traded company in today's business environment. Any stockholder nominations proposed for consideration by the Nominating Committee should include the nominee's name and qualifications for Board membership and should be addressed to the Nominating Committee c/o Corporate Secretary, Keystone Automotive Industries, Inc., 700 E. Bonita Avenue, Pomona, California 91767.

In addition, the bylaws of the Company permit stockholders, under certain circumstances, to nominate directors for consideration at an annual meeting of the stockholders. Under the Company's bylaws, nominations for election of directors may be made by the Board or by any stockholder entitled to vote in the election of directors; provided that no stockholder may nominate a person for election as a director unless written notice of such nomination is presented to the Company not later than 90 days prior to the day and month on which, in the

immediately preceding year, the annual meeting was held. Nominations for the 2005 Annual Meeting must be received on or before May 19, 2005. If no such nominations are received by that date, no other nominees for election as director will be considered at that Meeting except for nominations made by the Board in the event one or more of the nominees named in the proxy statement should unexpectedly be unavailable.

Identifying and Evaluating Nominees for Directors

The Committee will utilize a variety of methods for identifying and evaluating nominees for director. The Nominating Committee's policy is to assess the appropriate size of the Board, and whether any vacancies on the Board are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Nominating Committee will consider various potential candidates for director. Candidates may come to the attention of the Nominating Committee through current Board members, stockholders or other persons. These candidates will be evaluated at regular or special meetings of the Nominating Committee and may be considered at any point during the year. As described above, the Nominating Committee will consider properly submitted stockholder nominations for candidates for the Board. Following verification of the stockholder status of persons proposing candidates, recommendations will be aggregated and considered by the Nominating Committee at a regularly scheduled meeting. If any materials are provided by a stockholder in connection with the nomination of a director candidate, such materials will be forwarded to the Nominating Committee.

Director Nominees for this Meeting

After an executive search by a third-party search firm, Mr. Keister was approved as a director nominee by the Board of Directors after it had selected him to become the President and Chief Executive Officer of the Company upon the retirement of Mr. Hogarty in August 2004. Mr. Gerrity was approved as a director nominee by the Board of Directors after an interview and a thorough review of his qualifications and references and after certain Board members interviewed and considered several other possible nominees. He had been introduced to the Board by Mr. Keister.

Lead Independent Director and Executive Sessions

In July 2004, the Board created a new position of lead independent director, whose responsibilities include presiding over and setting the agenda for executive sessions of the independent directors, in which management directors and other members of management do not participate. These executive sessions of the independent directors will take place at least four times a year. The lead independent director also consults with the Chairman of the Board and the Chief Executive Officer of the Company with respect to agendas, scheduling and information needs relating to Board and committee meetings, and acts as a liaison between the independent directors and management. The independent members of the Board of Directors have decided to rotate the position of lead independent director among the independent directors on the Board.

Communications with the Board

Individuals may communicate with the Board by writing to Board of Directors of the Company, c/o Corporate Secretary, Keystone Automotive Industries, Inc., 700 E. Bonita Avenue, Pomona, California 91767. Communications that are intended specifically for non-management directors should be sent to the attention of the Lead Independent Director, at the above address.

Edgar Filing: KEYSTONE AUTOMOTIVE INDUSTRIES INC - Form DEF 14A

The Code of Business Conduct and Ethics will be available on the Company's website at <http://www.keystone-auto.com> on or before this Meeting. REPORTS OF THE COMPENSATION COMMITTEE

AND AUDIT COMMITTEE

The following Compensation Committee's Report on Executive Compensation and Audit Committee's Report shall not be deemed to be soliciting material or to be filed with the SEC or subject to Regulations 14A or 14C of or to the liabilities of Section 18, of the Securities Exchange Act of 1934, as amended (the Exchange Act), and shall not be deemed incorporated by reference into any filing under the Securities Act of 1933 or the Exchange Act, notwithstanding any general incorporation by reference of this proxy statement into any other document.

The Report of the Compensation Committee on Executive Compensation

General

The Compensation Committee of the Board of Directors (the Compensation Committee) is responsible for establishing and administering the policies that govern executive compensation and benefit practices. All decisions of the Compensation Committee are submitted to Keystone's board of directors for ratification. The Compensation Committee is currently comprised of Messrs. Thompson, McQuay and Seebart.

Compensation Philosophy

The Company's executive compensation program is designed to: (1) provide levels of compensation that integrate pay and incentive plans with the Company's strategic goals, so as to align the interests of executive management with the long-term interests of the Company's stockholders, (2) attract, motivate and retain executive talent capable of achieving the strategic business goals of the Company and (3) recognize outstanding individual contributions. The Company's executive compensation program consists of three main elements: base salary, annual cash bonus under the Bonus Plan and long-term incentives in the form of stock options. The executive compensation program is reviewed each year by the Compensation Committee and recommendations of the Compensation Committee as to base salary adjustments, bonuses and stock option awards are acted upon by the Board.

Base Salary

In the case of base salary adjustments, the Compensation Committee subjectively considers the performance and contributions of each executive officer as measured against formal and informal goals and objectives with respect to the total Company performance, as appropriate for the respective responsibilities of each officer. From a quantitative perspective, specific measures of performance considered in dealing with compensation in the aggregate include net earnings, cash flow and return on investment. From a qualitative point of view, objectives have included the quality of long-term planning and progress in organizational and management development.

At the same time, the Compensation Committee takes into account the relationship of the compensation of the Company's executive officers to the compensation of individuals occupying comparable positions in other similar organizations of like size to the Company, with a view to ensuring that executives are fairly compensated and thus appropriately motivated and are retained in the employment of the Company. Base pay

levels for the executive officers are generally in the middle of a competitive range of salaries.

Annual Cash Bonuses

In the case of the Bonus Plan, the amount available each year for awards is based solely on a formula tied to the increase in earnings of the Company over the prior year, before income taxes and after deducting such awards. The Compensation Committee establishes a target bonus level for each participant in the Bonus Plan which represents a specified percentage of the participant's base salary which will be awarded as a bonus if the

Company's earnings exceed a target level set by the Committee for the year, which is generally the prior year's earnings. Certain adjustments to earnings for events deemed to be beyond the reasonable control of the executive officers may be made to the reported earnings. Additionally, the awards are increased or decreased based upon a formula tied to the change in return on net assets from the prior year. The maximum percentages of base salary range from 84% to 96%. Cash awards under the Bonus Plan were earned in fiscal 2004 by all of the executive officers eligible for bonuses under the Bonus Plan.

Long-Term Incentives

The Compensation Committee provides the Company's executive officers with long-term incentive compensation primarily through grants of stock options under the Plan. The Compensation Committee is responsible for selecting the executive officers to whom grants should be made, the time of grants, the determination of the per share exercise price and the number of shares subject to each option awarded. The Compensation Committee believes that stock options provide the Company's executive officers with the opportunity to purchase and maintain an equity interest in the Company and to share in the appreciation of the value of the Common Stock. The Compensation Committee believes that stock options directly motivate an executive to maximize long-term stockholder value. In addition to rewarding performance, the options incorporate vesting periods in order to encourage key employees to continue in the employ of the Company. All executive officers received stock option grants in fiscal 2004.

CEO

In making a salary increase of approximately 4.2% to Mr. Hogarty, President and CEO of the Company, effective March 27, 2004, the Compensation Committee subjectively evaluated specific measures of performance of the Company, including quantitative factors such as percent increase in net earnings, return on stockholders' equity and return on assets, and qualitative factors such as his progress in developing a strategic plan for the Company. For fiscal 2004, Mr. Hogarty received an award under the Company's Bonus Plan and a discretionary bonus of \$95,000 in lieu of a stock option grant because of his upcoming retirement.

Summary

The Audit Committee of the Board of Directors (the "Audit Committee") developed an amended and restated charter for the Audit Committee, which was approved by the Board in May 2004. The complete text of the charter is attached to the Proxy Statement as Annex A.

The following is the report of the Audit Committee with respect to the Company's audited financial statements for the fiscal year ended March 26, 2004, which include its consolidated balance sheets as of March 26, 2004 and March 28, 2003 and the related consolidated statements of operations, stockholders' equity and cash flows for each of the three years in the period ended March 26, 2004 and the notes thereto.

The Audit Committee is responsible for overseeing the Company's financial reporting process on behalf of the Board of Directors. Management of the Company has the primary responsibility for the Company's financial

reporting process, principles and internal controls as well as preparation of its financial statements. The Company's independent auditors are responsible for performing an audit of the Company's financial statements and expressing an opinion as to the conformity of such financial statements with accounting principles generally accepted in the United States.

The Audit Committee has reviewed and discussed the Company's audited financial statements as of and for the year ended March 26, 2004 with management and the independent auditors. The Audit Committee has discussed with the independent auditors the matters required to be discussed under auditing standards generally accepted in the United States, including those matters set forth in Statement on Auditing Standards No. 61 (Communication with Audit Committees), as currently in effect. The independent auditors have provided to the Audit Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), as currently in effect, and the Audit Committee has discussed with the auditors their independence from the Company. The Audit Committee has also considered whether the independent auditors' provision of other non-audit services to the Company is compatible with maintaining the auditors' independence. The Audit Committee has concluded that the independent auditors are independent from the Company and its management.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements be included in its Annual Report on Form 10-K for the fiscal year ended March 26, 2004.
