BY ORDER OF THE BOARD OF DIRECTORS

Dennis E. O Reilly

Secretary

January 10, 2005

Conexant Systems, Inc.

4000 MacArthur Boulevard

Newport Beach, California 92660

Proxy Statement

The enclosed proxy is solicited by the Board of Directors of Conexant Systems, Inc. (*Conexant* or the *Company*) for use in voting at the 2005 Annual Meeting of Shareowners (the *Annual Meeting*) to be held at 10:00 a.m. Pacific Standard Time on Wednesday, February 23, 2005, at the Hilton Irvine/Orange County Airport hotel, located at 18800 MacArthur Boulevard, Irvine, California 92612, and at any adjournment thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Shareowners. This proxy statement and the proxy are first being mailed to shareowners and made available on the Internet (<http://www.conexant.com>) on or about January 10, 2005.

On June 27, 2003, the Company completed the spin-off of its Internet infrastructure business, Mindspeed Technologies, Inc. (*Mindspeed*) (the *Mindspeed Spin-Off*). In connection with the Mindspeed Spin-Off, certain adjustments were made to the Company's stock-based compensation plans and outstanding awards thereunder. On February 27, 2004, the Company completed its merger with GlobespanVirata, Inc. (*GlobespanVirata*) (the *Merger*). In connection with the Merger, certain adjustments were made with respect to the Company's stock-based compensation plans and outstanding awards thereunder. All information in this Proxy Statement regarding the Company's Common Stock and awards under the Company's stock-based compensation plans gives effect to the Mindspeed Spin-Off, the Merger, and the related adjustments. For presentation purposes, references made to the fiscal years ended September 30, 2002, 2003 and 2004 relate to the actual fiscal years ended September 27, 2002, October 3, 2003 and October 1, 2004, respectively.

Voting and Revocability of Proxies

When proxies are properly executed, dated and returned, the shares they represent will be voted at the Annual Meeting in accordance with the instructions of the shareowners. If no specific instructions are given, the shares will be voted **FOR** the election of the nominees for directors set forth herein and **FOR** ratification of the appointment of the independent auditors. In addition, if other matters come before the Annual Meeting, the persons named in the Proxy Card will vote in accordance with their best judgment with respect to such matters. A shareowner giving a proxy has the power to revoke it at any time prior to its exercise by giving written notice of revocation to the Secretary prior to the Annual Meeting, by giving a valid, later dated proxy, or by voting in person at the Annual Meeting.

The enclosed Proxy Card also offers shareowners the option to access materials for any future shareowner meeting electronically via the Internet. A shareowner, who consents to accessing such materials electronically, may revoke such consent at any time. The Company will continue to distribute printed materials for future shareowner meetings to shareowners who do not consent to access such materials electronically.

It is the Company's policy to maintain the confidentiality of proxy cards, ballots and voting tabulations that identify individual shareowners except as may be necessary to meet any applicable legal requirements and, in the case of any contested proxy solicitation, as may be necessary to permit proper parties to verify the propriety of proxies presented by any person and the results of the voting. The inspectors of election and any employees associated with processing proxy cards or ballots and tabulating the vote are required to acknowledge their responsibility to comply with this policy of confidentiality.

Edgar Filing: CONEXANT SYSTEMS INC - Form DEF 14A

Each share of Common Stock of the Company outstanding on the record date will be entitled to one vote on all matters. The three candidates for election as directors at the Annual Meeting who receive the highest number of affirmative votes, a quorum being present, will be elected. The ratification of the appointment of the independent auditors will require the affirmative vote of a majority of the votes entitled to be cast by holders of

shares of the Company's Common Stock present or represented by proxy and entitled to vote at the Annual Meeting, a quorum being present. Because abstentions with respect to any matter are treated as shares present or represented by proxy and entitled to vote for the purposes of determining whether that matter has been approved by the shareowners, abstentions have the same effect as negative votes for each proposal, other than the election of directors. Broker non-votes are not deemed to be present or represented by proxy for purposes of determining whether shareowner approval of a matter has been obtained, but they are counted as present for purposes of determining the existence of a quorum at the Annual Meeting.

Record Date, Quorum and Share Ownership

Only shareowners of record at the close of business on January 3, 2005 will be entitled to vote at the Annual Meeting. The presence in person or by proxy of a majority of the shares of the Company's Common Stock outstanding on the record date is required for a quorum. As of January 3, 2005, there were 468,538,298 outstanding shares of the Company's Common Stock.

ELECTION OF DIRECTORS (Proposal 1)

The Company's Restated Certificate of Incorporation provides that the Board of Directors shall consist of three classes of directors with overlapping three-year terms. One class of directors is to be elected each year with a term extending to the third succeeding Annual Meeting after election. The Restated Certificate of Incorporation provides that the Board shall maintain the three classes so as to be as nearly equal in number as the then total number of directors permits. At the end of the fiscal year, the Company had 12 directors. On November 12, 2004 Armando Geday resigned from the Board, and on December 30, 2004 Dr. Ralph J. Cicerone resigned from the Board. The Board has determined not to fill the vacancies resulting from these departures and has decreased its size to 10 directors. The three directors in Class III will be elected at the 2005 Annual Meeting to serve for a term expiring at the Company's Annual Meeting in 2008. The four directors in Class I and three directors in Class II are serving terms expiring at the Company's Annual Meeting of Shareowners in 2006 and 2007, respectively.

Unless marked otherwise, proxies received will be voted **FOR** the election of each of the three nominees specified in "Class III Nominees for Directors with Terms Expiring in 2008" below, who now serve as directors with terms expiring at the 2005 Annual Meeting and until their successors are elected and qualified. If any such nominee for the office of director is unwilling or unable to serve as a nominee for the office of director at the time of the Annual Meeting, the proxies may be voted either (1) for a substitute nominee, who shall be designated by the proxy holders or by the present Board of Directors to fill such vacancy, or (2) for the other nominees only, leaving a vacancy. Alternatively, the size of the Board may be reduced so that there is no vacancy. The Board of Directors has no reason to believe that any of the nominees will be unwilling or unable to serve if elected as a director. Such persons have been nominated to serve until the 2008 Annual Meeting of Shareowners and until their successors are elected and qualified.

The Board of Directors recommends a vote FOR the election of each of the nominees listed below.

The **Audit Committee**, among other things, reviews the scope and effectiveness of audits of Conexant by its independent public accountants and internal auditors; selects and recommends the employment of independent

public accountants for Conexant, subject to approval of the shareowners; reviews the audit plans of Conexant's independent public accountants and internal auditors; reviews and approves, in advance, the fees charged and the scope and extent of any non-audit services performed by the independent public accountants; establishes procedures for the receipt, retention and treatment of anonymous and other complaints regarding Conexant's accounting or auditing matters; reviews Conexant's quarterly and annual financial statements before their release; reviews and approves the appointment or change of Conexant's director of internal audit; reviews the adequacy of Conexant's system of internal controls and recommendations of the independent public accountants and of the internal auditors with respect thereto; reviews and acts on comments and suggestions by the independent public accountants and by the internal auditors with respect to their audit activities; monitors compliance by Conexant's employees with its standard of business conduct policies; meets with Conexant's management to review any issues related to matters within the scope of the Audit Committee's duties; and investigates any matter brought to its attention within the scope of its duties. The Audit Committee acts pursuant to a written charter, most recently amended on February 25, 2004, a copy of which is attached to this proxy statement as Annex A. In the opinion of the Conexant board of directors, all current members of the Audit Committee are independent directors. The Audit Committee met 8 times during the 2004 fiscal year.

The principal functions of the **Governance and Board Composition Committee** are to develop and review at least annually Conexant's governance guidelines; to develop an annual self-evaluation process for the board and its committees and oversee the annual self-evaluations; to review the board's committee structure and recommend to the board for its approval the directors to serve as members of each committee; to consider and recommend to the board of directors qualified candidates for election as directors of Conexant; to lead the search for qualified candidates who may be submitted by directors, officer, employees, shareowners and others; and periodically to prepare and submit to the board of directors for adoption the committee's selection criteria for director nominees.

Under the Governance and Board Composition Committee's current board selection criteria (which are posted on Conexant's website at www.conexant.com/ir/corp_governance.html), director candidates are selected with a view to bringing to the board a variety of experience and backgrounds. Directors should have high level managerial experience in a relatively complex organization or be accustomed to dealing with complex problems. The committee seeks candidates of the highest character and integrity, and who have experience at or demonstrated understanding of strategy/policy setting and a reputation for working constructively with others. In addition, candidates should have sufficient time available to devote to Conexant in order to carry out their duties as directors. In fulfilling its responsibility to lead the search for qualified director candidates, the committee consults with other directors, as well as the chief executive officer and other senior executives of Conexant. The committee may also from time to time retain third party search firms to assist in identifying candidates. The committee will consider director candidates recommended by Conexant shareowners pursuant to the procedures described in Shareowner Proposals or Nominations. In the opinion of the Conexant board of directors, all current members of the Board Governance and Composition Committee are independent directors. The Board Governance and Composition Committee met 2 times during the 2004 fiscal year.

The principal functions of the **Compensation and Management Development Committee**, or the Compensation Committee, are to recommend compensation and benefits for non-employee directors; to review and approve on an annual basis the corporate goals and objectives with respect to compensation for the chief executive officer; to determine the salaries of all executive officers and review annually the salary plan for other executives in general management positions; to review Conexant's base pay, incentive compensation, deferred compensation and all stock-based plans; to review the performance of Conexant's chief executive officer and senior executives and oversee the development of executive succession plans; and to prepare and publish an annual executive compensation report. The members of the Compensation Committee are ineligible to participate in any of the plans or programs administered by the Compensation Committee, except the Conexant Directors Stock Plan. In the opinion of the Conexant board of directors, all current members of the Compensation Committee are independent directors. The Compensation Committee met 6 times during the 2004 fiscal year and acted by unanimous written consent 5 times.

The principal functions of the **Investment Management Committee** are the review of the Company's investments, equity and debt positions and working with management to develop a strategy for the liquidation of certain investments and repayment of the Company's convertible notes. The Investment Management Committee met once during the 2004 fiscal year.

The Conexant Board of Directors held 13 meetings and acted by unanimous written consent 2 times during the 2004 fiscal year. Each director is expected to attend each meeting of the board and those committees on which he serves. No director attended less than 75% of all the meetings of the board and those committees on which he served in the 2004 fiscal year. In addition, Conexant's independent directors held 3 meetings during the 2004 fiscal year. Directors are expected to attend Conexant's annual meetings of shareowners. All currently serving directors, who were members of the board of directors as of the time of the Conexant 2004 annual meeting of shareowners, (other than Mr. Farrill) attended that meeting on February 25, 2004. The board of directors has implemented a process for shareowners of Conexant to send communications to the board. Any shareowner desiring to communicate with the board, or with specific individual directors, may do so by writing to the Secretary of Conexant, who has been instructed by the board to forward promptly all such communications to the addressees indicated thereon.

Directors Compensation

During fiscal 2004, non-employee directors of Conexant received a base retainer at the rate of \$30,000 per year for board service. They received an additional retainer for service on committees of the board as follows: an annual fee of \$5,000 for service as a committee chairman, except that the chairman of the Audit committee received an annual fee of \$10,000 and an annual fee of \$2,500 for service as a member of a committee. In addition, each non-employee director received \$1,500 per day for each board meeting attended in person and \$750 per day for each board meeting attended by telephone. On dates when there was no regularly scheduled board meeting, each non-employee director received \$1,000 for each committee meeting attended either in person or by telephone. The Conexant Directors Stock Plan provides that upon initial election to the board, each non-employee director will be granted an option to purchase 40,000 shares of Conexant Common Stock at an exercise price per share equal to the fair market value of Conexant Common Stock on the date of grant. Such stock options become exercisable in four equal installments on each of the first, second, third and fourth anniversaries of the date the options are granted. In addition, following completion of 6 months of service on the board, each non-employee director is eligible to receive an option to purchase 10,000 shares following the Conexant Annual Meeting of Shareowners and an option to purchase an additional 10,000 shares approximately 6 months from that date.

On October 6, 2003, each then serving non-employee director was granted an option to purchase 10,000 shares of Conexant Common Stock. This grant was in recognition of extraordinary performance, dedication and service in respect of the focused business creation strategy that culminated in the Mindspeed Spin-Off. Immediately following the 2004 Annual Meeting of Shareowners on February 25, 2004, each non-employee director (other than Messrs. Bilodeau, Deb, Marren and Zocco, who were not directors at that time) was granted an option to purchase 10,000 shares of Conexant Common Stock. Messrs. Bilodeau, Deb, Marren and Zocco were granted 40,000 stock options upon their election to the board effective February 27, 2004. In August 2004, each non-employee director (including Messrs. Bilodeau, Deb, Marren and Zocco) received an option to purchase 10,000 shares of Conexant Common Stock. All of the cash and equity compensation to which Mr. Marren is entitled is paid directly to TPG GenPar L.P., a unit of Texas Pacific Group.

Effective December 30, 2004, Dr. Cicerone resigned from the board in preparation for his assuming the Presidency of the National Academy of Sciences, which does not permit its president to serve on corporate boards. In recognition of Dr. Cicerone's contribution to the Company and service on the Board of Directors, the Compensation Committee amended the terms and conditions of Dr. Cicerone's stock options grants such that his stock options will be treated as if he were retiring at age 55 and after 5 years of service; *i.e.*, upon his leaving the board all his outstanding options became exercisable and that he has the lesser of 5 years or the remaining life of the options in which to exercise them.

None of the non-employee directors was eligible to participate in the Company's Exchange Offer, described below under the caption "Stock Options and Restricted Stock" in the report of the Compensation Committee on Executive Compensation.

Under the terms of Conexant's directors' deferred compensation plan, a director may elect to defer all or part of the cash payment of retainer fees until such time as shall be specified with interest on deferred amounts accruing quarterly at 120% of the Federal long-term rate set each month by the Secretary of the Treasury. Each director also has the alternative each year to determine whether to defer all or any portion of the cash retainer by electing to receive shares or restricted shares valued at the closing price of Conexant Common Stock on the Nasdaq National Market System on the date each retainer payment would otherwise be made in cash.

Report of the Audit Committee

The Audit Committee has furnished the following report on Audit Committee matters:

The Audit Committee acts pursuant to a written charter that was adopted by the board of directors on November 30, 1998 and amended and restated most recently on February 25, 2004. The Audit Committee reviews the charter annually and revises it as appropriate; a copy of the charter is attached as Annex A to this proxy statement and is also available on the Company's website at www.conexant.com. The Audit Committee consists entirely of independent directors, and its Chairman is a financial expert.

The Audit Committee reviewed and discussed with Conexant's management and Deloitte & Touche LLP, the Company's independent auditors, the audited consolidated financial statements of Conexant for the fiscal year 2004. The Audit Committee also discussed with Deloitte & Touche the matters required to be discussed pursuant to the Statement on Auditing Standards No. 61 (Communication with Audit Committees) and Securities and Exchange Commission Regulation S-X Rule 2-07.

The Audit Committee also reviewed written disclosures and the letter from Deloitte & Touche LLP required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and discussed with Deloitte & Touche LLP its independence from Conexant and considered whether the provision of non-audit services by Deloitte & Touche LLP is compatible with maintaining the independence of that firm.

The Audit Committee also discussed with the Company's internal and independent auditors their evaluations of the Company's internal accounting controls and the overall quality of the Company's financial reporting.

Based on the reviews and discussions referred to above, the Audit Committee approved the inclusion of the audited financial statements for the fiscal year 2004 in Conexant's Annual Report on Form 10-K filed with the Securities and Exchange Commission. The Audit Committee also selected, subject to shareholder ratification, Deloitte & Touche LLP as the Company's independent auditors for fiscal year 2005.

Report of the Compensation and Management Development Committee on Executive Compensation

The Compensation and Management Development Committee, or the Compensation Committee, which consists entirely of independent directors, has furnished the following report on executive compensation.

Compensation Philosophy and Objectives

The Compensation Committee has adopted for Conexant a general compensation philosophy of "pay for performance" in which total cash compensation should vary with Conexant's performance. The Compensation Committee believes this philosophy is appropriate for Conexant as a high technology, semiconductor company. The Compensation Committee's goal is to provide base salary and opportunity for annual incentives sufficient to provide total cash compensation at market competitive levels for major U.S. high technology companies and to provide long-term incentives in the form of stock option grants to its executives at slightly above market competitive levels for major U.S. high technology companies.

Total annual compensation for the majority of Conexant's employees, including its executive officers, consists of the following:

base salary; and

an annual incentive compensation program that is related to achievement of certain financial performance measures of Conexant and/or its stock price appreciation, and based on an individual bonus target for the performance period. The annual incentive from year to year may be delivered in cash, restricted stock or stock options.

Long-term incentive compensation is realized through the grant of stock options (and in some cases, shares of restricted stock) to executive officers and most employees under the 1999 Long-Term Incentives Plan ("1999 LTIP") and the 2000 Non-Qualified Stock Plan.

In addition to encouraging stock ownership by granting stock options and restricted stock, Conexant further encourages all of its employees to own Conexant Common Stock through Conexant's Employee Stock Purchase Plans, or the ESPPs. The ESPPs allow participants to buy Conexant Common Stock at a discount to the market price with up to 15% of their salary and bonuses (subject to certain limits).

Setting Executive Compensation

In setting the base salary and individual bonus target amount for executive officers, the Compensation Committee reviews information relating to executive compensation of U.S.-based semiconductor and other high technology companies that are considered generally comparable to Conexant. While there is no specific formula that is used to establish executive compensation in relation to this market data, executive officer base salary is generally set to be around the average salaries for comparable jobs in the marketplace. However, if Conexant meets or exceeds certain predetermined financial and non-financial goals, amounts paid under Conexant's performance-based incentive compensation programs may lead to total cash compensation levels that are higher than the average salaries for comparable positions. The Compensation Committee considers the total compensation (earned or potentially available) of the senior executives in establishing each component of compensation. In its review, the Compensation Committee considers the following: (1) industry, peer group and national surveys of other U.S. semiconductor and high technology companies; (2) reports of the independent compensation consultants who advise the Compensation Committee on Conexant's

compensation programs in comparison with those of other companies which the consultants believe compete with Conexant for executive talent; and (3) performance judgments as to the past and expected future contributions of individual senior executives.

Performance-Based Compensation

Conexant's executive annual incentive compensation program is based on the overall financial performance of Conexant. In any given year, that performance is measured against the specific performance criteria adopted

by the Compensation Committee for use in that particular fiscal year. Performance criteria typically include revenue growth, operational profitability, and attainment of strategic business development goals. In addition, executive incentive compensation awards may be adjusted by an individual performance multiplier. The chief executive officer's annual incentive compensation has the same components as the executive program. This award may also be adjusted by the board of directors based on individual performance. For all executives, the annual incentive award value is targeted at competitive market levels for semiconductor and other high technology companies.

Performance-Based Compensation for Fiscal 2004

For fiscal 2004, the Compensation Committee adopted an annual incentive compensation plan for employees. This plan was based on financial performance as measured by pro-forma operating income.

For fiscal 2003, the Compensation Committee adopted an annual incentive compensation plan for employees of Conexant's Broadband Communications business (the continuing Conexant following the Mindspeed Spin-Off). This plan was based on financial performance as measured by pro-forma operating income. In 2003, achievement of our pro-forma operating income goals to plan generated a bonus which was approximately 17% of an employee's target level of annual incentive compensation.

For fiscal 2002, as described in Conexant's proxy statement for the 2003 and 2004 annual meetings, the Compensation Committee adopted the 2001 Performance Share Plan as Conexant's annual incentive compensation plan. Pursuant to the plan, Conexant made performance share awards to eligible employees, including executive officers. The performance share awards entitled the recipient to receive cash or shares of Conexant common stock, based on the value of Conexant Common Stock on the date the performance share award vested. At the time the performance share awards were granted the Compensation Committee established vesting criteria based upon the achievement of financial performance criteria by certain specified dates. To the extent that the applicable financial performance criteria were not met by the specified dates, the relevant performance share awards would not vest and would terminate. In February 2004, the remaining portion of the performance shares vested based on achievement of the fiscal 2003 performance criteria. On average, the performance share awards for an individual generated a bonus which was approximately 28% of an employee's target level of annual incentive compensation.

Upon completion of the Merger on February 27, 2004, Messrs. Decker, Rhodes, Brewster and Blouin each received a special cash bonus in recognition of their contributions in completing the Company's focused business creation strategy and during the Merger.

Stock Options and Restricted Stock

Conexant grants stock options to aid in the attraction and retention of employees and to align the interests of employees with those of the shareowners. Stock options have value for an employee only if the price of Conexant Common Stock increases above the fair market value on the grant date and the employee remains employed by Conexant for the period required for the stock option to be exercisable, thus providing an incentive to remain in Conexant's employ. In addition, stock options provide a direct link to the interests of shareowners by providing an incentive to maximize shareowner value.

The 1999 LTIP is generally used for making grants of incentive stock options, non-qualified stock options and restricted stock to officers and other employees as a part of Conexant's executive performance review process. The 2000 Non-Qualified Stock Plan authorizes the grant of non-qualified stock option and restricted stock awards to officers and other employees. In February of 2004, the 2004 New Hire Incentive Plan was created for the express purpose of making employment inducement awards to prospective employees. The 2004 New Hire Incentive Plan authorizes the grant of non-qualified stock option, stock appreciation rights, restricted stock, performance share awards and other equity-based

incentive awards. Additionally, in connection with the

Merger, Conexant assumed all GlobespanVirata options outstanding as of the Merger date. The outstanding options were adjusted by the merger ratio to preserve the intrinsic value of the options. Also, shareowners approved the assumption of three GlobespanVirata stock plans and authorized the Company to use all authorized but unissued equity awards under those plans for awards under the 2000 Non-Qualified Stock Plan.

Annual stock option grants for executives and employees are a key element of market-competitive total compensation. In fiscal year 2004, stock options for the executive officers were granted upon recommendation of management and approval of the Compensation Committee. On March 5, 2004 Conexant issued options to purchase 18,460,688 shares of Conexant Common Stock to eligible employees and executives of the recently merged Conexant and GlobespanVirata. The majority of these option grants are exercisable in 25% increments over a four-year period, first exercisable one year after the date of grant (*e.g.*, 25% of options granted in 2004 become exercisable on the anniversary of the date of grant in 2005). Additionally, certain of the grants made on March 5, 2004 were retention related option grants which become 100% exercisable on February 27, 2006, the second anniversary of the Merger with GlobespanVirata. Individual grant amounts were based on internal factors such as relative job scope and contributions made during the past year, as well as a review of publicly available data on senior management compensation at other companies.

The recent deterioration in the price of the Company's Common Stock strongly undercut the Board of Directors' desire to provide all employees of the Company with the opportunity to participate in the Company's long-term growth through its stock option programs. In order to increase the retention value of the Company's stock option programs, the Board approved an exchange offer pursuant to which all employees with stock option grants having an exercise price of \$5 or above could exchange them for new stock options to be granted in the future (the Exchange Offer). Under the terms of the Exchange Offer, which commenced on November 12, 2004, eligible employees who chose to participate had their tendered stock options cancelled on December 13, 2004 and will receive on or after June 14, 2005 one new option for each option cancelled with an exercise price equal to the fair market value (based on the closing price of the Common Stock as reported by Nasdaq) on that date (the Replacement Options). Depending on whether the cancelled options were granted before, on or after December 31, 2002 or whether the eligible employee is a senior executive of the Company, the Replacement Options will either (i) vest in three equal installments on the first, second and third anniversaries of the grant date or (ii) vest 50% on the first anniversary of the grant date and 25% on each of the second and third anniversaries of the grant date. In addition, if an eligible employee's employment is involuntarily terminated without cause within one year following the Replacement Option grant date, then 50% of the shares subject to the Replacement Option will vest immediately as of the date of termination.

On December 13, 2004, the Company accepted and cancelled all properly tendered options. The approximately 32.7 million tendered options represented approximately 85% of the options eligible for the Exchange Offer. Pursuant to the Company's Exchange Offer, all of the executive officers exchanged all of their eligible options with exercise prices of \$5 or above for a grant of new options to be made on or after June 14, 2005 with an exercise price equal to the fair market value of Conexant Common Stock on the grant date.

Compliance with Section 162(m)

Section 162(m) of the Internal Revenue Code of 1986, as amended, places a limit of \$1,000,000 on the amount of compensation that may be deducted by Conexant in any year with respect to each of Conexant's five most highly paid executive officers. Certain performance-based compensation that has been approved by shareowners is not subject to the deduction limit. The 1999 LTIP is qualified so that awards under the plan constitute performance-based compensation not subject to the deduction limit under section 162(m). It is the Committee's objective that, so long as it is consistent with its overall business, compensation and retention objectives, Conexant will, to the extent reasonable, endeavor to keep executive compensation deductible by Conexant for federal income tax purposes.

Conexant's Performance and CEO Compensation

Mr. Geday served as chief executive officer of the Company from the date of the Merger through November 9, 2004 when he resigned as chief executive officer. Mr. Geday resigned from the Board of Directors on November 12, 2004. Mr. Geday's cash compensation from February 27, 2004 through fiscal year end is represented in the proxy table and consists of base salary, imputed income on Company paid life insurance and the value of certain Company-paid transportation expenses. On November 9, 2004 Mr. Decker was asked by the Board to assume the role of chief executive officer, a role he held from the spin-off of Conexant from Rockwell International Corporation in 1999 through the completion of the Merger on February 27, 2004. Mr. Decker's FY04 compensation will be discussed below.

Mr. Decker's base salary and incentive target are determined in the same manner as described above for all executive officers. On February 27, 2004, Mr. Decker relinquished the role of chief executive officer of Conexant to Mr. Geday. At the request of the Board, Mr. Decker remained an employee of Conexant and became the non-executive chairman of the board. Pursuant to his employment agreement described later and in his capacity as non-executive chairman of the board, Mr. Decker's base salary remained at \$575,000. In January 2004, Mr. Decker, together with the other employees of Conexant, received a cash payout for the fiscal 2003 cash bonus program which was based on a pro forma operating income performance measure. In February 2004, Mr. Decker, together with the other employees of Conexant, earned the portion of the 2001 performance share award that was based on the fiscal 2003 pro forma operating performance. Mr. Decker received a portion of his performance share award in shares of Conexant Common Stock. Additionally, upon completion of the Merger on February 27, 2004, Mr. Decker received a special cash bonus in recognition of his performance, dedication and service in completing the focused business creation strategy and in recognition of his contributions in completing the Merger. In March 2004, as part of Conexant's broad-based stock options grant, Mr. Decker, as non-executive chairman of the board, was awarded stock options covering 125,000 shares.

Equity Compensation Plans Not Approved by Shareowners

1999 Non-Qualified Employee Stock Purchase Plan

The Company's 1999 Non-Qualified Employee Stock Purchase Plan (the *Non-Qualified ESPP*) was adopted by the Board of Directors on May 14, 1999 and was subsequently amended on August 13, 1999 and July 18, 2002. The Non-Qualified ESPP has not been approved by the Company's shareowners. Employees of the Company's subsidiaries located in certain countries outside the U.S. who are not officers or directors of the Company may be eligible to participate in the Non-Qualified ESPP. The Board of Directors has reserved 2,400,000 shares of the Company's Common Stock for issuance under the Non-Qualified ESPP, subject to adjustment under certain circumstances.

The Non-Qualified ESPP permits eligible employees to purchase shares of the Company's Common Stock at the end of each offering period at 85% of the lower of the fair market value of the Company's Common Stock on the first trading day of the offering period or on the last trading day of the offering period. Under the plan, employees may authorize the Company to withhold up to 15% of their compensation for each pay period to purchase shares under the plan, subject to certain limitations. Offering periods generally commence on the first trading day of February and August of each year and are generally twenty-four months in duration, but may be terminated earlier under certain circumstances. As of September 30, 2004, an aggregate of 1,520,580 shares of the Company's Common Stock were available for future purchases under the Non-Qualified ESPP.

2000 Non-Qualified Stock Plan

The Company's 2000 Non-Qualified Stock Plan (the *2000 Plan*) was adopted by the Board of Directors on November 5, 1999 and was most recently amended on February 26, 2003. The 2000 Plan has not been approved by the Company's shareowners. The 2000 Plan authorizes grants of non-qualified stock options and restricted stock. An aggregate of 47,500,000 shares of the Company's Common Stock are authorized for issuance or delivery under the 2000 Plan, provided that no more than 3,000,000 shares will be available for grants of restricted stock, in each case, subject to adjustment under certain circumstances.

Restricted stock may be granted only to employees, including officers and directors who are employees, of the Company. Stock options granted under the 2000 Plan will have an exercise price per share equal to the fair market value per share of the Company's Common Stock at the date of grant. Each option will vest in installments over a four year period, with 25% of the shares becoming exercisable each year on the anniversary of the date of grant. Stock options granted under the 2000 Plan may not be exercised after eight years from the date of grant. As of September 30, 2004, an aggregate of 22,137,102 shares were available for future grants under the 2000 Plan.

At the time of the Merger, Conexant shareowners approved the assumption and adoption by Conexant of GlobespanVirata's 1999 Equity Incentive Plan, 1999 Supplemental Stock Option Plan and Amended and Restated 1999 Stock Incentive Plan, referred to collectively as the GlobespanVirata stock plans. Additionally, shareowners approved Conexant's use of the shares remaining available for grant under the GlobespanVirata stock plans at the time of the Merger, as well as any additional shares that may become available for grant under the GlobespanVirata stock plans as a result of cancellations, forfeitures, lapses or other terminations of outstanding awards (in each case after adjustment to reflect the merger exchange ratio), for grant of awards by Conexant after the Merger under the GlobespanVirata stock plans or under Conexant's stock plans, including Conexant's 1999 LTIP and the 2000 Plan. As of September 30, 2004, a total of 5,493,107 shares were available for issuance under these plans.

2001 Performance Share Plan

The Company's 2001 Performance Share Plan (the Performance Share Plan) was adopted by the Board of Directors on November 2, 2001. The Performance Share Plan has not been approved by the Company's shareowners. An aggregate of 4,000,000 shares of the Company's Common Stock are authorized for grants of performance share awards under the Performance Share Plan, subject to adjustment under certain circumstances.

The Performance Share Plan permits eligible employees to receive grants of performance share awards which vest based on performance criteria and continued employment with the Company from the grant date through the time of vesting. The value of the performance share award will equal the fair market value of the Company's Common Stock. Employees whose performance share awards vest are entitled to receive a payment in the form of shares of the Company's Common Stock, cash or both. As of September 30, 2004, an aggregate of 3,442,196 shares of the Company's Common Stock were available for future grants under the Performance Share Plan.

2004 New-Hire Incentive Plan

The Company's 2004 New-Hire Incentive Plan (the New-Hire Plan) was adopted by the Board of Directors on February 6, 2004. The New-Hire Plan has not been approved by the Company's shareowners. An aggregate of 12,000,000 shares of the Company's Common Stock were authorized for grants of stock or stock options under the New-Hire Plan, subject to adjustment under certain circumstances. The New-Hire Plan has an evergreen feature so that at the start of each new fiscal year of the Company the number of shares authorized for grants is adjusted to add as many shares as needed to bring the aggregate available shares up to 10,000,000.

The New-Hire Plan permits the Company to make grants of equity compensation to new employees in a merger or acquisition or to persons not previously a director of or employed by the Company, or following a *bona fide* period of non-employment by the Company, if the equity grant is a material inducement in the person's entering into employment with the Company. As of September 30, 2004, an aggregate of 4,373,250 shares of the Company's Common Stock were available for future grants under the New Hire Plan.

Shareowner Return Performance Graph

Set forth below is a line graph comparing the cumulative total shareowner return on Conexant Common Stock against the cumulative total return of the Standard & Poor's 500 Stock Index and the Nasdaq Electronic Components Index for the period beginning October 1, 1999 and ending September 30, 2004. The graph assumes that \$100 was invested on October 1, 1999, in each of Conexant common stock, the Standard & Poor's 500 Stock Index and the Nasdaq Electronic Components Index at the respective closing prices on October 1, 1999 and that all dividends were reinvested. No cash dividends have been paid or declared on Conexant common stock. For purposes of the graph, the 2002 distribution of the Skyworks Solutions, Inc. shares to holders of Conexant Common Stock as part of the spin-off and merger of Conexant's wireless communication business with Alpha Industries, Inc. to form Skyworks Solutions, Inc., and the 2003 Mindspeed Spin-Off are treated as non-taxable cash dividends that were reinvested in additional shares of Conexant Common Stock at the closing price on June 26, 2002 and June 30, 2003, respectively.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Change of Control Employment Agreements

At the time of the Merger, Conexant entered into employment agreements with certain key executives, including Messrs. Decker, Rhodes, Brewster, Blouin, O Reilly and Geday. Except as noted below, each of the employment agreements contains the following provisions. Each agreement sets forth the individual's initial annual base salary and a formula for determining the individual's annual target bonus for fiscal 2004. Each agreement provides that Conexant's Board of Directors or the Compensation Committee will (1) review the individual's annual base salary at least annually and may increase (but not decrease) the salary and (2) determine the amount of the individual's annual target bonus for fiscal years after fiscal 2004. If Conexant terminates an individual's employment without cause or if the individual resigns for good reason (as defined in the employment agreements), Conexant will continue to provide certain benefits to the executive for a specified period after the termination, unless and until the executive receives similar benefits from another employer. Each agreement also restricts the individual from competing with Conexant or soliciting employees or customers of Conexant during the employment period and for 12 months thereafter. Under each agreement, the individual will generally be made whole for any excise taxes imposed by the Internal Revenue Code on certain change of control payments.

For the purposes of the employment agreements, a change of control is defined generally as:

the acquisition by any individual, entity or group of beneficial ownership of 20% or more of either the then outstanding shares of Conexant Common Stock or the combined voting power of the then outstanding voting securities entitled to vote generally in the election of directors;

a change in the composition of a majority of the Conexant Board of Directors which is not supported by the current board of directors;

a major corporate transaction, such as a reorganization, merger or consolidation or sale or other disposition of all or substantially all of Conexant's assets, which results in a change in the majority of the board of directors or of more than 60% of Conexant's shareowners; or

approval by Conexant's shareowners of the complete liquidation or dissolution of Conexant.

Executive Officer Employment Agreements

Dwight W. Decker. Mr. Decker's January 15, 2004 employment agreement was effective February 27, 2004, the closing date of the Merger, and provides that he will serve as non-executive chairman of the board and an employee of Conexant for as long as he continues as a director, but at least until February 27, 2007. Mr. Decker's annual base salary is \$575,000 for the first year and \$100,000 for each of the second and third years of his employment. Thereafter, the board or the Compensation Committee will determine his annual base salary and annual target bonus. For the second and third years of his employment, Mr. Decker will receive twice the equity awards granted to non-employee directors. Thereafter, the board or the Compensation Committee will determine the amount of Mr. Decker's equity awards. His outstanding unvested equity awards will continue to vest during the employment term. Mr. Decker will be entitled to all benefits afforded employees of Conexant and during the first 18 months of the employment term will be entitled to all perquisites made available to senior executives. If Conexant terminates Mr. Decker's employment without cause or if he resigns for good reason during the first 12 months of the employment term, Conexant will pay him a cash sum of (i) any unpaid base salary (and any other unpaid amounts) accrued through his termination date, (ii) any unpaid base salary for the remainder of the 12 month period, (iii) any unpaid target bonus for the fiscal year immediately before the year in which his termination occurs, (iv) any unpaid target bonus for the fiscal year in which his termination occurs, and (v) \$200,000. Thereafter, if Conexant terminates Mr. Decker's employment without cause or if he resigns for good reason, Conexant will pay him a cash sum of the amounts described in clauses (i), (iii) and (v) of the preceding sentence. If Conexant terminates Mr. Decker's employment without cause or if he resigns for good reason, all of his options and shares of restricted stock will become fully vested and his options may be exercised until the later of February 27, 2010 and the second anniversary of his termination date. If Mr. Decker resigns without good reason after the February 27, 2005, all of his options and shares of restricted stock will become fully vested and his options may be exercised for two years following his resignation. It is anticipated that Mr. Decker's employment agreement will be modified to reflect his resumption of the chief executive officer position.

F. Matthew Rhodes. Mr. Rhodes's January 15, 2004 employment agreement, as amended on November 12, 2004, was effective February 27, 2004 and provides that he will be employed as president of Conexant. The agreement has an initial two-year term, which will be automatically extended daily to provide for a rolling two-year term, unless either party notifies the other that it no longer wishes the extensions to continue. Mr. Rhodes's initial annual base salary was \$450,000 and his initial annual target bonus was 85% of his annual base salary. If Conexant terminates Mr. Rhodes' employment without cause or if he resigns for good reason, Conexant will pay him a cash sum of (i) any unpaid base salary (and any other unpaid amounts) accrued through his termination, (ii) a pro rata share of his target bonus for the fiscal year in which his termination occurs, (iii) two times his annual base salary, (iv) two times his target bonus for the fiscal year in which his termination occurs, and (v) \$200,000. In addition, all of Mr. Rhodes' options and shares of restricted stock will become fully vested and his options may be exercised for three years following his termination.

Lewis C. Brewster. Mr. Brewster's February 27, 2004 employment agreement was effective on that date and provides that he will serve as executive vice president, sales, operations and quality of Conexant. In November 2004, he was promoted to executive vice president and chief operating officer. His agreement has an initial two-year term and thereafter will be automatically extended for additional one-year terms, unless either party notifies the other that it no longer wishes the extensions to continue. Mr. Brewster's initial annual base salary was \$360,000 and his initial annual target bonus was 70% of his annual base salary. If Conexant terminates Mr. Brewster's employment without cause, Conexant will (i) continue to pay his base salary for 12 months following his termination and (ii) pay him promptly after the end of the fiscal year in which the termination

occurs a cash sum of (A) a pro rata share of his target bonus for the fiscal year in which the termination occurs and (B) the full amount of his target bonus for such fiscal year. In addition, all of Mr. Brewster's options and shares of restricted stock will continue to vest during the 12 months following his termination and all vested options may be exercised during that period and for ninety days thereafter, after which time all of his options will expire.

J. Scott Blouin. In December 2002, Conexant entered into an employment and change of control agreement with Mr. Blouin which, in addition to providing for his continuing employment after a change of control (defined in substantially similar terms as under the change of control employment agreements described above), further defined the terms of his employment with Conexant. In connection with the Merger, the agreement was amended effective February 27, 2004 to provide that he will be employed as senior vice president and chief accounting officer of Conexant. Mr. Blouin was promoted to senior vice president and chief financial officer in August 2004. His amended agreement has an initial two-year term and thereafter will be automatically extended for additional one-year terms, unless either party notifies the other that it no longer wishes the extensions to continue. Mr. Blouin's initial annual base salary was \$300,000 and his initial annual target bonus was 60% of his annual base salary. In addition, Mr. Blouin will receive on or about the first anniversary of the Merger, a cash bonus of \$75,000, subject to repayment in certain circumstances. If Conexant terminates Mr. Blouin's employment without cause or if he resigns for good reason, Conexant will (i) pay him a cash lump-sum equal to any unpaid base salary (and any other unpaid amounts) accrued through his termination, (ii) continue to pay his base salary for two years following his termination and (iii) pay him promptly after the end of the fiscal year in which the termination occurs a cash lump-sum equal to the full amount of his target bonus for such fiscal year. In addition, all of Mr. Blouin's options and shares of restricted stock will continue to vest during the two-year period following his termination and all vested options may be exercised during that period and for ninety days thereafter, after which time all of his options will expire.

Dennis E. O'Reilly. Mr. O'Reilly's January 15, 2004 employment agreement was effective February 27, 2004 and provides that he will be employed as senior vice president, chief legal officer and secretary of Conexant. His agreement has an initial two-year term and thereafter will be automatically extended for additional one-year terms, unless either party notifies the other that it no longer wishes the extensions to continue. Mr. O'Reilly's initial annual base salary was \$325,000 and his initial annual target bonus was 60% of his annual base salary. If Conexant terminates Mr. O'Reilly's employment without cause, Mr. O'Reilly will be entitled to substantially the same payments and benefits as Mr. Brewster under his employment agreement described above. In addition, Mr. O'Reilly's agreement with Conexant defining certain conditional benefits to Mr. O'Reilly upon his retirement, including payment of any earned unused vacation, formal salary and benefit continuation status for six months and continued eligibility for applicable benefits, remains in effect.

Armando Geday. Mr. Geday's January 15, 2004 employment agreement was effective February 27, 2004 and initially provided that Mr. Geday would serve as chief executive officer and as a director of Conexant. Following his resignation as chief executive officer and a director of the Company in November 2004, Conexant entered into a separation agreement with Mr. Geday in December 2004 defining certain post-termination payments and benefits to which Mr. Geday will be entitled and amending his employment agreement. Under the separation agreement, Conexant (i) will continue to pay his base salary as a non-executive employee until June 30, 2005, (ii) paid him a cash sum of (A) unpaid base salary (and other unpaid amounts) accrued through the date of his resignation as chief executive officer, (B) a pro rata share of his target bonus of \$550,000 for fiscal 2005, (C) two times his annual base salary of \$550,000, (D) two times his target bonus of \$550,000 for fiscal 2005, and (E) \$510,000, (iii) will continue to provide certain benefits and perquisites to Mr. Geday until June 30, 2005 and (iv) will pay him on or about June 30, 2005 a cash lump-sum equal to the amount to cover the cost of his continued health benefits from June 30, 2005 to November 9, 2006. In addition, all of Mr. Geday's options and shares of restricted stock will continue to vest through June 30, 2005, at which time all remaining unvested options will vest and be eligible for exercise during the thirty-five month period following his resignation as chief executive officer, after which time all of his unexercised options will expire. In addition, the non-competition and non-solicitation provisions of Mr. Geday's employment agreement were extended until June 30, 2006.

Indemnification Agreements

The Company has entered into indemnification agreements with each of its directors, executive officers and with certain other executives. The indemnification agreements require the Company to indemnify these individuals to the fullest extent permitted by Delaware law and to advance expenses incurred by them in connection with any proceeding against them with respect to which they may be entitled to indemnification by the Company.

Other

In 2003, Conexant entered into an agreement with Mindspeed in connection with the Mindspeed Spin-Off pursuant to which Conexant reimburses Mindspeed, through January 1, 2005, for costs incurred on behalf of Mr. Iyer and for related administrative overhead. In fiscal year 2004, the amount of this reimbursement was \$583,451.

In fiscal year 2004 Conexant donated \$225,210 to the University of California, Irvine Foundation. Of these donations, \$220,660 was made directly by Conexant; the remainder was made by the Conexant Systems Charitable Fund, a donor-directed fund administered by the California Community Foundation. Dr. Cicerone is Chancellor of the University of California, Irvine.

During fiscal year 2004, a loan that existed between the Company's GlobespanVirata subsidiary and Mr. Geday became due. The principal and interest outstanding on Mr. Geday's loan was \$2,858,344; and, the loan was repaid in fiscal year 2004.

In connection with the Mindspeed Spin-Off, Mindspeed entered into a Credit Agreement (credit facility) with Conexant, under which Mindspeed could borrow up to \$50.0 million for working capital and other general corporate purposes. The credit facility was available for a term ending on June 29, 2007. Loans under the credit facility would accrue interest at the rate of 10 percent per annum, payable at maturity. In connection with the credit facility, Mindspeed issued to Conexant warrants to purchase up to 8.3 million shares of Mindspeed common stock. The number of shares that may be acquired under the warrants would depend on the highest level of borrowings under the credit facility, increasing on a pro rata basis up to a maximum of 8.3 million shares of Mindspeed common stock if the level of borrowings under the credit facility reached \$50 million. On December 2, 2004, Conexant entered into an amendment to the credit facility, which amendment, among other things, provided that upon the closing of any financing or series of related financings resulting in gross aggregate proceeds to Mindspeed of \$40.0 million or more, Conexant's commitment and the Credit Agreement would terminate upon the closing of such financing(s). On December 8, 2004, Mindspeed closed a financing in excess of \$40.0 million and the credit facility and related warrants were terminated. No borrowings ever occurred under the credit facility.

In connection with the Mindspeed Spin-Off, Mindspeed issued to Conexant a warrant to purchase 30 million shares of Mindspeed common stock at a price of \$3.408 per share, exercisable until June 27, 2013.
