4. Summary of the information provided by investors: None
5. Company's explanation of the reportage or provided information:

- (1) Was there any employee transfer between UMC group companies and Hejian?

UMC and its associated group companies are independent entities, unrelated to Hejian Technology, which is a Mainland Chinese corporate entity. All of these companies have their own independent regulations and procedures with regards to hiring employees, and UMC and its related enterprises have no means to send employees to work for Hejian. Furthermore, since UMC has no way of tracking its former employees after they have left employment at UMC, there is no accurate way for us to confirm where they are working after UMC.

- (2) Has UMC or any member of its management team made any direct or indirect investment in Hejian?

Neither UMC nor any members of its management team have made any direct or indirect investment in Hejian.

- (3) Has UMC or any of its related group companies directly or indirectly sold equipment to Hejian?

Neither UMC nor any of its related group companies has directly or indirectly sold equipment to Hejian.

- (4) Has UMC or any of its related companies transferred or sold any of its technology patents to Hejian Technology?

Neither UMC nor any of its related companies has transferred or sold any of its technology patents to Hejian Technology. Furthermore, UMC will vigorously defend its patent portfolio from any semiconductor company, including Hejian, that threatens the interest of UMC and its shareholders.
