Item 2.02 Results of Operations and Financial Condition.

On March 14, 2005, Baxter International Inc. (the Company) issued a press release announcing that it would restate its financial statements for the years 2001 through 2003 and for the first three quarters of 2004 as a result of income tax accounting errors affecting balance sheet accounts only. The situation arises primarily from errors related to income tax accounting for periods prior to 2001 and from classification errors of certain income tax and other related balance sheet accounts. In addition to reclassification of certain income tax balance sheet accounts for 2001 through 2003, the net effect of the restatement will be to increase the Company's previously reported stockholders' equity for the years 2001 through 2003 by approximately \$108 million. Stockholders' equity as of December 31, 2004, as previously reported in the Company's Current Report on Form 8-K filed January 27, 2005, will be increased by approximately \$130 million as a result of the restatement. The restatement will not affect the Company's reported tax rates for the affected years, or the anticipated tax rate for 2005, nor will it affect the Company's business prospects or earnings outlook for 2005 and beyond. The press release is furnished as Exhibit 99 to this Current Report on Form 8-K and incorporated by reference into this Item 2.02. This Current Report on Form 8-K and the press release contain statements intended as forward-looking statements which are subject to the cautionary statements about forward-looking statements set forth in the press release.

Item 4.02 Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review.

On March 14, 2005, the Audit Committee of the Board of Directors of the Company concluded that the previously issued financial statements for the years 2001 through 2003 and the first three quarters of 2004 should not be relied upon because of errors in those financial statements and that the Company would restate these financial statements to make the necessary accounting corrections. The subject matter giving rise to this conclusion was discussed with the Company's independent registered public accounting firm, PricewaterhouseCoopers LLP.

The restatement, which will be effected through an amendment to the Company's Annual Report on Form 10-K for the year ended December 31, 2003, relates to income tax accounting errors affecting balance sheet accounts only for these periods, and does not affect the Company's previously reported revenue, cash flow, net income or earnings per share for those periods.

All necessary corrections and restated financial statements for the fiscal years 2003, 2002 and 2001 are expected to be completed to allow the Company to timely file with the Securities and Exchange Commission its Annual Report on Form 10-K for the year ended December 31, 2004. Amendments to the Company's Quarterly Reports on Form 10-Q for the quarterly periods ended March 31, 2004, June 30, 2004 and September 30, 2004 are expected to be filed in the near future.

A copy of the Company's press release issued March 14, 2005 is furnished as Exhibit 99 to this Form 8-K and is incorporated by reference into this Item 4.02.
