Dear Stockholder:

It is my pleasure to invite you to attend the 2005 Annual Meeting of Stockholders of Host Marriott Corporation, which will be held at 11:00 a.m. on Thursday, May 19, 2005, at the Ritz-Carlton, Tysons Corner in McLean, Virginia. The following pages contain the Notice of the 2005 Annual Meeting and the Proxy Statement. Please review this material for information concerning the business to be conducted at the meeting and the nominees for election as directors. Following the formal portion of the meeting we will also report on our 2004 financial results and discuss our plans for the future. Our directors and management team will be available to answer questions. We hope that you will be able to attend the meeting.

Your vote is important. Whether you plan to attend the meeting or not, I urge you to promptly vote and submit your proxy instructions by telephone, via the Internet, or by completing and returning your proxy card in the enclosed envelope. If you attend the meeting, you may continue to have your shares voted as instructed in the proxy or you may withdraw your proxy at the meeting and vote your shares in person.

Host Marriott's 2004 Annual Report is also enclosed. We encourage you to read our Annual Report and hope you will find it interesting and useful. Thank you for your continued interest in and support of Host Marriott Corporation and we look forward to seeing you at the meeting.

Sincerely,

Richard E. Marriott

Chairman of the Board

PROXY STATEMENT

ATTENDANCE AND VOTING MATTERS

Q: What is a proxy?

A proxy is your legal designation of another person to vote the stock you own. That other person is called a proxy. If you designate someone as your proxy in a written document, that document is also called a proxy or a proxy card. When you properly sign your proxy card, you are giving the persons named on the card your direction to vote your shares of common stock at the annual meeting as you designate on the proxy card.

Q: What is a proxy statement?

We sent you this proxy statement and the enclosed proxy card because our Board of Directors is soliciting your proxy to vote your shares at the annual stockholders meeting. This proxy statement summarizes information that we are required to provide you under the rules of the Securities and Exchange Commission, or SEC, when we ask you to vote your proxy. It is designed to assist you in voting.

Q: What does it mean if I get more than one proxy card?

You should vote by completing and signing each proxy card you receive. You will receive separate proxy cards for all of the shares you hold in different ways, such as jointly with another person, or in trust, or in different brokerage accounts. If you hold shares in a stock brokerage account, you will receive a proxy card or information about other methods of voting from each broker, and you must return your voting instructions to your broker according to the broker's instructions.

Q: What may I vote on?

You may vote on the following proposals:

Edgar Filing: HOST MARRIOTT CORP/ - Form DEF 14A

- (1) election of Robert M. Baylis, Terence C. Golden, Ann M. Korologos, Richard E. Marriott, Judith A. McHale, John B. Morse, Jr. and Christopher J. Nassetta as directors;
- (2) the ratification of the appointment of KPMG LLP as independent auditors of the Company for 2005; and
- (3) a stockholder proposal to elect directors by a majority vote standard, if properly presented at the meeting.

Stockholders will also transact any other business as may properly come before the meeting or any adjournment or postponement thereof.

Q: Who is entitled to vote?

Anyone who owned common stock of the Company at the close of business on Wednesday, March 30, 2005, the record date, is entitled to vote at the annual meeting. We are first sending the enclosed proxy card and this proxy statement on April 11, 2005 to all stockholders entitled to vote at the meeting.

Q: What other information should I review before voting?

For your review, our 2004 annual report is being mailed to stockholders with this proxy statement. Although our annual report is not part of the proxy solicitation material, we recommend that you review it prior to voting.

Table of Contents

Q. How can I manage the number of Annual Reports I receive?

Our 2004 annual report has been mailed to stockholders with this proxy statement. If you share an address with any of our other stockholders, your household might receive only one copy of these documents. To request individual copies for each stockholder in your household, please contact our investor relations department at 240-744-1000 or by e-mail to iiinfo@hostmarriott.com. To ask that only one set of the documents be mailed to your household, please contact your bank, broker or other nominee or, if you are a stockholder of record, please call our transfer agent, EquiServe Trust Company, N.A., (Equiserve) toll-free at 1-800-519-3111.

Q. How do I vote?

Voting in Person at the Meeting. If you are a stockholder of record as of March 30, 2005 and attend the annual meeting, you may vote in person at the meeting. If your shares are held by a broker, bank or other nominee (i.e., in street name) and you wish to vote in person at the meeting, you will need to obtain a proxy form from the broker, bank or other nominee that holds your shares of record.

Voting by Proxy for Shares Registered Directly in the Name of the Stockholder. If you hold your shares in your own name as a holder of record, you may vote your shares as follows:

Vote by Telephone. If you hold your shares in your own name as a holder of record, you may vote by telephone by calling the toll-free number listed on the accompanying proxy card. Telephone voting is available 24 hours per day until 11:59 p.m., Eastern Time, on Wednesday, May 18, 2005. When you call, have your proxy card in hand, and you will receive a series of voice instructions which will allow you to vote your shares of common stock. **IF YOU VOTE BY TELEPHONE, YOU DO NOT NEED TO RETURN YOUR PROXY CARD.**

Vote by Internet. You also have the option to vote via the Internet. The Website for Internet voting is printed on your proxy card. Internet voting is available 24 hours per day until 11:59 p.m., Eastern Time, on Wednesday, May 18, 2005. As with telephone voting, you will be given the opportunity to confirm that your instructions have been properly recorded. **IF YOU VOTE VIA THE INTERNET, YOU DO NOT NEED TO RETURN YOUR PROXY CARD.**

Vote by Mail. If you would like to vote by mail, mark your proxy card, sign and date it, and return it to EquiServe in the postage-paid envelope provided.

Voting by Proxy for Shares Registered in Street Name. If your shares are held in street name, you will receive instructions from your broker, bank or other nominee which you must follow in order to have your shares of common stock voted.

Q. Who is acting as my proxy?

The individuals named on the enclosed proxy card are your proxies. They will vote your shares as you indicate. If you do not indicate how you wish to vote, all of your shares will be voted:

- (1) FOR each of the nominees for director;

- (2) FOR the ratification of the appointment of KPMG LLP as independent auditors of the Company for 2005;
- (3) AGAINST the stockholder proposal to elect directors by a majority vote standard; and
- (4) In the discretion of your proxies on any other matters that may properly come before the annual meeting or any adjournment or postponement thereof.

Q. What if I vote and then change my mind?

You have the right to revoke your proxy at any time before the annual meeting if you:

- (1) File a written notice of revocation dated after the date of your proxy with EquiServe; or

Table of Contents

- (2) Send EquiServe by mail a later-dated proxy for the same shares of common stock; or
- (3) Submit a new vote by telephone or the Internet. (The date of your last vote, by either of these methods or by mail, will be the one that is counted.); or
- (4) Attend the annual meeting AND vote there in person.

The mailing address for EquiServe is P.O. Box 8611, Edison, New Jersey 08818-9119.

Q. How many shares of common stock may vote at the annual meeting?

At the close of business on March 30, 2005, there were 352,662,585 shares of our common stock issued and outstanding. Every stockholder is entitled to one vote for each share of common stock held.

Q. What vote is required to approve each proposal?

Directors are elected by a plurality of the votes cast at a stockholders meeting at which a quorum is present. In the event there are more nominees than directors to be elected, the top nominees in terms of for votes received will be elected directors. Shares not voted will not affect the election of the directors except to the extent that failure to vote for an individual results in another individual s receiving a larger proportion of votes.

The proposal to ratify the approval of KPMG, LLC as independent auditors for 2005 will require approval by a majority of votes cast at the annual meeting.

The stockholder s proposal to elect directors by a majority vote standard will require approval by a majority of votes cast at the annual meeting.

Q. What is a quorum ?

A quorum is the presence at the annual meeting, in person or by proxy, of a majority of the outstanding shares of our common stock. Since there were 352,662,585 shares of common stock outstanding at the close of business on March 30, 2005, the presence of holders of 176,331,293 shares is a quorum. We must have a quorum to conduct the meeting. If a quorum is not present or if we decide that more time is necessary for the solicitation of proxies, we may adjourn the annual meeting. We may do this with or without a stockholder vote. If there is a stockholder vote to adjourn, the named proxies will vote all shares of common stock for which they have voting authority in favor of the adjournment.

Q. How are abstentions and broker non-votes treated?

Shares of our common stock represented by proxies that are marked withhold authority (with respect to the election of the nominees for election as a director), or marked abstain, or which constitute broker non-votes, will be counted as present at the meeting for the purpose of determining a

Edgar Filing: HOST MARRIOTT CORP/ - Form DEF 14A

quorum. Broker non-votes occur when a nominee holding shares of our common stock for a beneficial owner returns a properly executed proxy but has not received voting instructions from the beneficial owner and such nominee does not possess or does not choose to exercise discretionary authority with respect to such shares.

With respect to the election of directors, the proposal to ratify the appointment of auditors, and the stockholder proposal to elect directors by a majority vote standard, abstentions and broker non-votes will have no effect on the results of the vote.

Q. How will voting on any other business be conducted?

Although we do not know of any other business to be considered at the annual meeting other than the election of directors and the additional proposals described in this proxy statement, if any other business is properly presented at the annual meeting, your signed proxy card gives authority to W. Edward Walter and Elizabeth A. Abdoo, or either of them, to vote on such matters in their discretion. Unless otherwise required by our Charter or Bylaws or by applicable Maryland law, any other matter properly presented for a vote at the meeting will require the affirmative vote of a majority of the votes cast.

Table of Contents

Q. Who will count the votes?

Representatives of EquiServe, our transfer agent, will act as the inspectors of election and will tabulate the votes.

Q. Who pays the cost of this proxy solicitation?

We will bear the entire cost of this proxy solicitation. We have hired the firm of MacKenzie Partners, Inc., 105 Madison Avenue, 14th Floor, New York, New York 10016, to assist in the solicitation of proxies on behalf of our Board. MacKenzie Partners has agreed to perform these services for a fee of \$6,500, plus certain reimbursable expenses. In addition, we will, upon request, reimburse brokerage firms, banks and other nominees who hold our stock on behalf of other beneficial owners for their reasonable expenses related to forwarding our proxy materials to those beneficial owners.

Q. Is this proxy statement the only way that proxies are being solicited?

No. In addition to mailing these proxy solicitation materials, our officers and employees may solicit proxies by further mailings or personal conversations, or by telephone, facsimile or other electronic means.

Prior to joining us, Mr. Nassetta served as President of Bailey Realty Corporation from 1991 until 1995, and he had previously served as Chief Development Officer and in various other positions with The Oliver Carr Company.

PROPOSAL TWO:

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The Audit Committee has unanimously approved and voted to recommend that the stockholders ratify the appointment of KPMG LLP as independent auditors of the Company for 2005. Representatives of KPMG LLP will be present at the annual meeting and will be given the opportunity to make a statement, if they desire to do so, and to respond to questions.

The Board of Directors unanimously recommends a vote FOR ratification of the appointment of KPMG LLP as independent auditors of the Company for 2005.

PROPOSAL THREE:

STOCKHOLDER PROPOSAL ON DIRECTOR ELECTION BY A MAJORITY VOTE STANDARD

A stockholder, the Massachusetts State Carpenters Pension Fund, located at 350 Fordham Road, Wilmington, MA, 01887, has informed the Company that it intends to present the proposal set forth below at the annual meeting. As of December 21, 2004, the Massachusetts State Carpenters Pension Fund beneficially owned 5,600 shares of the Company's common stock. The Board of Directors of the Company is not responsible for the contents of the proposal or the accompanying supporting statement. As explained below, the Board of Directors recommends that you vote AGAINST this proposal. The proposal is as follows:

Edgar Filing: HOST MARRIOTT CORP/ - Form DEF 14A

Resolved: That the shareholders of Host Marriott Corporation (Company) hereby request that the Board of Directors initiate the appropriate process to amend the Company s governance documents (certificate of incorporation or bylaws) to provide that director nominees shall be elected by the affirmative vote of the majority of votes cast at an annual meeting of shareholders.

Stockholder s Supporting Statement

In support of the resolution, the Massachusetts State Carpenters Pension Fund has submitted the following statement:

Our Company is incorporated in Maryland. Among other issues, Maryland corporate law addresses the issue of the level of voting support necessary for a specific action, such as the election of corporate directors. Maryland law provides that unless a company s charter or bylaws provide otherwise, a plurality of all the votes cast at a meeting at which a quorum is present is sufficient to elect a director. (Maryland Corporate Statutes,

Table of Contents

Section 2-404(d) Election and tenure of directors). Article II, Section 7 of the Company's bylaws states that a plurality of the votes cast at a meeting of stockholders, duly called and at which a quorum is present, shall be sufficient to elect any director.

We feel that it is appropriate and timely for the Board to initiate a change in the Company's director election vote standard. Specifically, this shareholder proposal urges that the Board of Directors initiate a change to the director election vote standard to provide that in director elections a majority vote standard will be used in lieu of the Company's current plurality vote standard. Specifically, the new standard should provide that nominees for the board of directors must receive a majority of the vote cast in order to be elected or re-elected to the Board.

Under the Company's current plurality vote standard, a director nominee in a director election can be elected or re-elected with as little as a single affirmative vote, even while a substantial majority of the votes cast are withheld from that director nominee. So even if 99.99% of the shares withhold authority to vote for a candidate or all the candidates, a 0.01% for vote results in the candidate's election or re-election to the board. The proposed majority vote standard would require that a director receive a majority of the vote cast in order to be elected to the Board.

It is our contention that the proposed majority vote standard for corporate board elections is a fair standard that will strengthen the Company's governance and the Board. Our proposal is not intended to limit the judgment of the Board in crafting the requested governance change. For instance, the Board should address the status of incumbent directors who fail to receive a majority vote when standing for re-election under a majority vote standard or whether a plurality director election standard is appropriate in contested elections.

We urge your support of this important director election reform.

Board of Directors Response

The Board of Directors believes that this proposal should not be implemented and recommends a vote AGAINST for the following reasons:

The Board of Directors believes that active stockholder participation in the election of directors is important to the Company and to effective corporate governance. In 2004, upon the Board's recommendation, the stockholders voted to declassify the Board and starting this year each and every director will be subject to stockholder consideration on an annual basis. The number of director positions to fill each year is determined by the Board of Directors and is based upon the Nominating and Corporate Governance Committee's and the Board's determination as to the number of directors necessary to staff the Board's committees and to address the Board's workload.

The Board believes that the majority vote requirement proposed by the proponent presents complex practical difficulties that the proposal does not address. For example, the requirement of a majority vote for election of directors could put the Board in the position of having an insufficient number of directors to carry out the Board's work since the proposal does not address what would occur if a candidate fails to receive the requisite majority vote. Under Maryland law and the Company's Bylaws, the possible scenarios that may result when an insufficient number of directors are elected include: the prior director remaining in office until a successor is elected; the Board of Directors (rather than stockholders) electing a director to fill a vacancy; or the director position remaining vacant. All of these alternatives are less democratic and, in the view of the Board of Directors, less desirable than the election of directors by plurality vote. Finally, the proposal could also prove impractical in a situation where a competing slate of directors is nominated for election, because of the possibility that the division of votes could result in no candidate receiving the requisite vote. The problem of failed elections led state legislatures, including the Maryland legislature, to provide for plurality election of directors, which is now the near universal rule in director elections at public companies in the United States.

Table of Contents

Host Marriott has a history of electing, by plurality, strong Boards. During the past ten years, every director nominee has received the affirmative vote of more than 80% of the votes cast at the annual meeting of stockholders. Consequently, changing from the Company's plurality voting requirement to a majority vote standard would not have had any effect on the outcome of our election process during the past ten years.

The Board is committed to good governance practices and has implemented a variety of measures (discussed elsewhere in this proxy statement) to strengthen the Company's governance processes. The Board does not believe, however, that instituting a majority vote requirement for directors that may decrease democracy and increase uncertainty is in furtherance of these efforts. For these reasons, the Board of Directors is of the view that election of directors by plurality voting which is the norm in the United States and is known and understood by stockholders is in the best interests of the Company.

The Board unanimously recommends a vote AGAINST the stockholder proposal.

THE BOARD OF DIRECTORS AND COMMITTEES OF THE BOARD

Corporate Governance

The Board of Directors has implemented numerous corporate governance enhancements in recent years to further strengthen the Board's capacity to oversee the Company and to serve the long-term interests of all stockholders. Last year the Board recommended, and the stockholders approved, an amendment to the Company's charter declassifying the Board of Directors. Effective with the 2005 annual meeting, all directors will be elected on an annual basis. The Company's Corporate Governance Guidelines, codes of conduct and other documents setting forth the Company's corporate governance practices can be accessed in the Investor Relations Corporate Governance section of the Company's website at <http://www.hostmarriott.com>.

The Board has also adopted a code of business conduct and ethics that applies to all officers and employees and a code of business conduct and ethics and conflict of interest policy for the Board of Directors. The purpose of these codes of conduct is to promote honest and ethical conduct; to promote full, fair, accurate, timely and understandable disclosure in periodic reports required to be filed by the Company; and to promote compliance with all applicable rules and regulations that apply to the Company and its officers and directors.

Under our Corporate Governance Guidelines, non-management directors meet in executive session without management on a regular basis. In 2004, executive sessions were held after each of the four regularly scheduled meetings of the Board. The purpose of the sessions is to promote open discussions among the non-management directors. Judith A. McHale, as chair of the Nominating and Corporate Governance Committee, will serve as the presiding director at executive sessions in 2005. The Company invites stockholders and other interested parties to communicate any concerns they may have about the Company directly and confidentially with any of: the full Board of Directors, the presiding director or the non-management directors as a group, by writing to the Board of Directors, the Presiding Director or the Non-Management Directors at Host Marriott Corporation, 6903 Rockledge Drive, Bethesda, MD 20817, Attn: Corporate Secretary. The Corporate Secretary will review and forward all stockholder communications to the intended recipient except those unrelated to the duties and responsibilities of the Board, such as junk mail and mass mailings, resumes and other forms of job inquiries, surveys, new business suggestions, business solicitations or advertisements. In addition, material that is hostile, threatening, illegal or similarly unsuitable or outside the scope of Board matters or duplicative of other communications previously forwarded to the recipient will also be excluded. The Corporate Secretary shall retain copies of all stockholder communications and maintain a record of whether the communications were forwarded and, if not, the reason why.

Board Meetings

The Board met four times in 2004. Each director attended at least 75% of the meetings of the Board and of the committees on which the director served. The Company expects directors to attend annual meetings of stockholders. All directors attended the annual meeting in 2004.

Table of Contents

Independence of Directors

It is the Board's policy that a majority of the directors of the Company be independent. To be considered independent, a director must not have a material relationship with the Company that could interfere with a director's independent judgment. To be considered independent, directors must also be independent within the meaning of the New York Stock Exchange's requirements. A director is not considered independent if, within the past three years: the director was employed by the Company (except on an interim basis), or an immediate family member of the director was an officer of the Company; the director or an immediate family member was affiliated with or employed by the Company's internal or external auditors; the director or an immediate family member was employed by a company when a present officer of the Company sat on that company's compensation committee; the director or an immediate family member received, during any 12-month period, more than \$100,000 in compensation from the Company, other than director or committee fees or deferred compensation; the director is an employee or an executive officer, or an immediate family member is an executive officer, of a company that makes payments to or receives payments from the Company of over \$1 million or 2% of that company's consolidated gross revenue over one fiscal year. In addition, the Board of Directors considers, among other factors, whether the director, or an organization with which the director is affiliated, has entered into any commercial, consulting, or similar contracts with the Company; whether the director receives any compensation or other fees from the Company, other than the director fees described below under Compensation of Directors; and whether the Company and/or any of its affiliates make substantial contributions to tax-exempt organizations with which the director, or the director's spouse, is affiliated.

Consistent with these considerations, the Board affirmatively determined that five of the Company's seven directors are independent. Messrs. Marriott and Nassetta are not independent because they are Company employees.

Committees of the Board

The Board has established three standing committees to assist it in carrying out its responsibilities: the Audit Committee, the Compensation Policy Committee and the Nominating and Corporate Governance Committee. The Board has adopted a written charter for each committee, all of which are available on the Company's website (<http://www.hostmarriott.com>). Each committee consists entirely of independent directors. Committee assignments are generally made in May after the annual meeting of stockholders by the Board of Directors, upon recommendation of the Nominating and Corporate Governance Committee. The Board may from time to time appoint other committees as circumstances warrant. Any new committees will have authority and responsibility as delegated by the Board of Directors.

Audit Committee

Members: Robert M. Baylis (Chair), Terence C. Golden, and John B. Morse, Jr. Each current member of the Audit Committee is, in the business judgment of the Board, independent, meets the qualifications and expertise requirements of the New York Stock Exchange, and is an audit committee financial expert within the meaning of SEC rules.

Number of Meetings held in 2004: nine

Functions:

Board Nominations

Each year the Nominating and Corporate Governance Committee reviews with the Board of Directors the composition of the Board as a whole and makes a recommendation whether to renominate directors and whether to consider any new persons to be added to the Board of Directors. In assessing qualifications for nominees, the committee expects candidates to meet the qualifications described in the committee's charter and the Company's Corporate Governance Guidelines, including integrity, mature and independent judgment, diverse business experience, familiarity with the issues affecting the Company's business and experience in running a major enterprise. In addition, when considering new Board members, the committee considers whether the candidate would qualify as an independent director under New York Stock Exchange and other applicable regulations.

The Nominating and Corporate Governance Committee will consider any written suggestions of stockholders for director nominees. The recommendation must include the name and address of the candidate, a brief biographical description, and a description of the person's qualifications. Recommendations should be mailed to Host Marriott Corporation, 6903 Rockledge Drive, Bethesda, MD 20817, Attn: Corporate Secretary. The Nominating and Corporate Governance Committee will evaluate in the same manner candidates suggested in accordance with this policy and those recommended by other sources. The Committee has full discretion in considering all nominations to the Board of Directors. Alternatively, stockholders who would like to nominate a candidate for director (in lieu of making a recommendation to the Nominating and Corporate Governance Committee) must comply with the requirements described in this proxy statement and the Company's Bylaws. See Stockholder Proposals for our Next Annual Meeting.

Compensation of Directors

Directors are compensated partially in cash and partially in our common stock to align their interests with those of our stockholders. Directors who are also our employees receive no additional compensation for their service as directors.

Annual Retainer and Attendance Fees. In 2004, directors who were not also our employees received an annual retainer fee of \$35,000, as well as an attendance fee of \$1,250 for attendance at any stockholders' meeting, meeting of the Board of Directors or meeting of a committee of the Board of Directors. If the director attended more than one meeting on a given day, an attendance fee is paid for each meeting. The chair of each committee of the Board received an additional retainer fee of \$7,500.

Annual Stock Awards. Under the Non-Employee Directors' Deferred Stock Compensation Plan, directors who are not also our employees receive annual awards of common stock equivalents in addition to their annual retainer and attendance fees. The annual award of common stock equivalents is equal in value to the \$35,000 annual retainer fee and is credited to the directors immediately following the annual meeting of stockholders. The number of common stock equivalents is based on the fair market value of our common stock on the date of the annual meeting. The common stock equivalents are converted into shares of common stock only after a director stops serving on our Board. In 2004, each such award was for 2,974 common stock equivalents. The plan also permits participants to be credited with dividend equivalents that are equal in value to the dividends paid on our common stock.

Deferral of Payment. Directors may elect to defer payment of all or any portion of their annual retainer and attendance fees under our Non-Employee Directors' Deferred Stock Compensation Plan. Fees that are deferred are credited as common stock equivalents, which are then converted into shares of our common stock only after a director stops serving on our Board. The common stock equivalents are credited with dividend equivalents, which are equal in value to the dividends paid on our common stock.

Other Compensation. Directors are reimbursed for travel expenses and other out-of-pocket costs incurred in attending meetings. In addition, to encourage our directors to visit and personally evaluate our properties and the manager of a majority of our properties, directors receive complimentary rooms, food and beverage and other

Table of Contents

hotel services when they stay at properties owned by us or managed by Marriott International, Inc. or its affiliates, and directors are reimbursed for taxes associated with the value of this benefit. The cost of these travel services for each independent director paid in 2004, including the reimbursement for tax liability, was as follows: Robert M. Baylis \$1,530; Terence C. Golden \$49,727; Ann McLaughlin Korologos \$18,848; Judith A. McHale \$30,112; and John B. Morse, Jr. \$3,041.

Stock Ownership Guidelines. The Compensation Policy Committee has adopted stock ownership guidelines for non-employee directors that require all forms of equity compensation received from the Company, including the annual stock awards, to be retained by the non-employee director until termination of their service from the Board. Employee directors are subject to separate stock ownership guidelines applicable to corporate officers.

Asset Management

(1) Salary is established at an annual rate, determined on the basis of a 52-week year, and is paid bi-weekly. The annual rates for each of the named executive officers for 2002 through 2004 were:

	2004	2003	2002
Mr. Marriott	\$ 350,000	\$ 350,000*	\$ 336,000
Mr. Nassetta	\$ 800,000	\$ 800,000	\$ 800,000
Mr. Walter	\$ 467,250	\$ 467,250	\$ 467,250
Mr. Risoleo	\$ 400,000	\$ 400,000*	\$ 365,000

Edgar Filing: HOST MARRIOTT CORP/ - Form DEF 14A

Mr. Abji	\$ 375,000	\$ 375,000*
----------	------------	-------------

* For Messrs. Risoleo and Marriott, the annual rate increases became effective January 30, 2003. As discussed in footnote 8, Mr. Abji joined the Company in August 2003.

The amount listed in the salary column reflects the annual rate earned and paid bi-weekly in cash over 27 pay dates during 2004 and 26 pay dates in 2003 and 2002, including amounts deferred at the election of the named executive officer under our Executive Deferred Compensation Plan in any such year.

(2) The amounts listed in the bonus column reflect annual incentive bonus awards paid to each officer or deferred under the Executive Deferred Compensation Plan. For 2003 and 2004, amounts are based on the performance of the Company in achieving financial goals related to funds from operations per diluted share (FFO), the Company's FFO growth, measured in comparison to other REITs in the NAREIT lodging index,

Table of Contents

and the performance of each executive officer in meeting individual business objectives set at that time. The criteria for the named executive officers were weighted (i) 80% on the Company's annual financial performance, of which 70% was based on the Company's success in achieving its FFO objective and 30% was based on the Company's success in achieving its relative FFO objective, and (ii) 20% on the executive's attainment of his individual business objectives.

- (3) Other Annual Compensation includes the cost of benefits that executive officers are eligible to receive. These benefits are tax preparation services, complimentary rooms and other hotel services when on personal travel at hotels owned by us or managed by Marriott International or its affiliates, airline club memberships, and cash compensation for taxes that are associated with each of these benefits. The cost of these benefits is as follows:

	Fiscal Year	Mr. Marriott**	Mr. Nassetta	Mr. Walter	Mr. Risoleo	Mr. Abji
Tax preparation	2004	\$ 4,000	\$ 2,000	\$ 0	\$ 2,261	\$ 898
	2003	200	3,025	1,500	1,350	0
	2002	1,800	3,619	0	1,400

	2003	44,158	21,293	1,480	26,521	0
	2002	422	21,871	6,989	9,709	
Airline club memberships	2004	0	0	0	395	0
	2003	0	0	0	395	0
	2002	0	0	0	0	
Tax reimbursements	2004	3,201	1,460	14,650	15,850	5,462
	2003	35,447	16,389	1,535	20,112	0
	2002	245,139	20,672	5,570	8,652	

** For Mr. Marriott, the amount set forth under Other Annual Compensation in 2002 also includes: \$194,886 for the allocation of Company personnel costs for personal use and \$64,185 for personal use of Company aircraft. These benefits ended as of December 31, 2002.

- (4) This column includes the following for 2004:
 Matching contributions made under the Retirement and Savings Plan for Messrs. Marriott, Nassetta, Walter, and Abji in the amount of \$6,150 and for Mr. Risoleo in the amount of \$1,950.
 A Company discretionary contribution made under the Retirement and Savings Plan of \$3,000 received by all eligible participants, including Messrs. Marriott, Nassetta, Walter, and Risoleo.
 Matching contributions made under the Executive Deferred Compensation Plan as follows: Mr. Marriott, \$12,254; Mr. Nassetta, \$42,663; Mr. Walter, \$18,780; Mr. Risoleo, \$25,512; and Mr. Abji, \$8,488.
 In connection with the long-term stock awards granted for the period 2003 to 2005, Messrs. Nassetta, Walter and Risoleo each agreed to purchase life insurance policies and to accept funding under these policies instead of receiving any long-term incentive stock compensation that would vest and would be payable in the event of the executive's death. The Company annually reimburses each executive for the cost of each policy and the taxes payable as a result of this reimbursement. In 2004 the amount reimbursed was: Mr. Nassetta, \$13,019; Mr. Walter, \$21,040; and Mr. Risoleo, \$12,794.
- (5) For Mr. Marriott in 2003 this includes \$639,138 which, although no cash payments were paid by the Company or received by Mr. Marriott, is imputed as compensation to him as a result of the Company's termination and assignment of the split-dollar life insurance agreement between the Company and The REM Insurance Trust in December 2003. The remainder is matching contributions under the Retirement and Savings Plan and the Executive Deferred Compensation Plan in 2003 of \$6,000 and \$9,487, respectively.

Table of Contents

- (6) In January 2003, the Compensation Policy Committee approved long-term incentive stock awards for senior management for the three-year period 2003 to 2005. As described below, these stock awards vest over a three-year period from 2003 to 2005 based seventy-five percent on the achievement of annual performance criteria and twenty-five percent on continued employment until December 31st of each year in the vesting period. Although the grants vest over three years and an executive may not ultimately earn portions of the award, we reflect the total dollar value of the award on the day it is granted. The awards granted in 2003 to Messrs. Nassetta, Walter and Risoleo for the three-year period 2003 to 2005 are valued at \$8.02 per share, the closing price of our common stock on the New York Stock Exchange on January 30, 2003, the date of grant. The award granted to Mr. Abji in 2003 for the three-year period 2003 to 2005 is valued at \$9.94 per share, which is the closing price of our common stock on the New York Stock Exchange on August 11, 2003, the date of his grant.
- Under these grants, twenty-five percent of the shares vest on a yearly basis over the three-year period as long as the executive continues to be employed. The remaining seventy-five percent of the shares vest based on performance criteria established by the Compensation Policy Committee as follows: (i) twenty-five percentage points may be earned by satisfying an earnings-based measure (based on funds from operations per diluted share) established each calendar year, (ii) fifty percentage points may be earned by satisfying a total stockholder return measure, and (iii) any shares not vested by satisfaction of these annual performance criteria may be earned at the end of the award period by satisfying a total cumulative stockholder return measure established in 2003 for the years 2003 to 2005. In the event performance criteria are not satisfied, the shares are forfeited. Cash dividends are only paid on shares of restricted stock that ultimately vest. The total number of restricted shares granted to each named executive officer under long-term incentive stock awards for 2003 to 2005 that remain subject to vesting conditions as of December 31, 2004, and the aggregate value of those shares, were as follows: Mr. Nassetta: 822,731 shares valued at \$14,233,246; Mr. Walter: 564,935 shares valued at \$9,461,976; Mr. Risoleo: 268,648 shares valued at \$4,647,610; and Mr. Abji: 129,327 shares valued at \$2,237,357. In addition, Mr. Marriott has 1,800 shares of common stock granted under a prior program that he will receive upon his retirement, valued at \$31,140. All shares were valued at \$17.30 per share, the closing price for our common stock on the New York Stock Exchange on December 31, 2004.
- (7) Equals the market value of restricted stock awards to Messrs. Nassetta, Walter, and Risoleo on August 1, 2002, the date on which the shares were granted. The shares of restricted stock were granted to these executives in recognition of the work performed in positioning and restructuring the Company leading up to and after the events of September 11, 2001 and the economic downturn, including the restructuring of a majority of the Company's management and other corporate agreements, and to provide the executives with a strong incentive to continue to increase the value of the Company during their employment. The number of shares granted was as follows: Mr. Nassetta: 476,644 shares; Mr. Walter: 190,658 shares; and Mr. Risoleo: 38,132 shares. The market value is based on the average of the high and low sale price of the common stock on August 1, 2002 of \$10.49 on the New York Stock Exchange. One-third of the shares to each executive vested on the date of the grant, one-third of the shares vested in August 2003 and the final one-third vested in August 2004.
- (8) Mr. Abji joined the Company in August 2003. His 2003 salary amount reflects the portion earned from an annual rate of \$375,000. His 2003 bonus includes \$110,188 of an annual incentive award under the criteria discussed above and a signing bonus of \$276,000.

Table of Contents**Aggregated Stock Option/SAR Exercises and Year-End Value**

information regarding the exercise of options to purchase our common stock by each of the named executive officers listed above on the Summary Compensation Table;

information regarding the exercise of stock appreciation rights (SARs) in our common stock by each of the named executive officers listed above on the Summary Compensation Table; and

the value on December 31, 2004 of all unexercised options and SARs held by such individuals.

Messrs. Nassetta, Walter, Abji and Risoleo do not have any options to purchase stock or SARs in the Company. Mr. Marriott is the only executive officer who holds stock appreciation rights in our common stock. In 1998, Mr. Marriott entered into an agreement with the Company which canceled all of his then outstanding options to purchase common stock and replaced them with stock appreciation rights on equivalent economic terms.

Severance and Other Arrangements

Severance Plan

In 2002, the Compensation Policy Committee approved the adoption of the Host Marriott Severance Plan for members of senior management, including Messrs. Nassetta, Walter, Abji and Risoleo. Mr. Marriott is not covered by the plan. The plan provides for the payment of severance compensation upon termination as follows:

Termination for Cause: an executive terminated for cause receives no severance and forfeits any unvested long-term incentive stock compensation;

Termination as a Result of Death or Disability: upon death or disability, an executive receives a prorated annual bonus through the month of death or disability and all long-term incentive stock compensation vests. In addition, the executive would be entitled to benefits under the Company's life insurance and disability plans applicable to all employees. Messrs. Nassetta, Walter and Risoleo have each agreed to purchase life insurance policies and to accept the proceeds under these policies instead of receiving any long-term incentive stock compensation that would vest and be payable in the event of the executive's death. The Company annually reimburses each executive for the cost of each policy;

Voluntary Termination by Executive Without Good Reason: an executive who resigns in this manner receives no severance compensation and the executive's unvested long-term incentive stock compensation is forfeited;

Termination Without Cause or Voluntary Termination by Executive With Good Reason: an executive terminated in this manner receives a payment equal to a multiple of the executive's current base pay and average bonus over the prior three-year period. Mr. Nassetta is entitled to two times his current base salary plus two times his average bonus. All other members of senior management covered by the plan are entitled to a payment equal to their current base salary plus their average annual bonus. One year's worth of the executive's time-based and performance-based portions (assuming achievement of target performance goals) of long-term incentive stock compensation is subject to accelerated vesting, and the Company will pay for the executive's benefits under the Company's standard benefit plans for 18 months or until the executive is re-employed, whichever time period is shorter; and

Change in Control Termination Without Cause or Voluntary Termination by Executive With Good Reason: an executive terminated following a change in control receives a payment equal to a multiple of the executive's current base pay and average bonus over the prior three-year period. Mr. Nassetta is entitled to three times his current base salary plus three times his average bonus. All other members of senior management covered by the plan are entitled to two times their current base salary plus two times their average bonus. All long-term incentive stock compensation vests, and the Company will pay for the executive's benefits under the Company's standard benefit plans for 18 months or until the executive is re-employed, whichever time period is shorter. These provisions remain in effect for a period of one year following a change in control of the Company.

The plan also provides for a one-year non-compete/non-solicitation period and allows each executive a period of one year after termination to exercise any options to which the executive may be entitled due to the accelerated vesting of long-term incentive compensation.

Employment Agreements

The Company does not maintain employment agreements with any of its executive officers.

REPORT OF THE COMPENSATION POLICY COMMITTEE

ON EXECUTIVE COMPENSATION

The Compensation Policy Committee of the Board of Directors approves compensation objectives and policies for all employees and oversees and administers the executive compensation program on behalf of the Board and, by extension, our stockholders. The Compensation Policy Committee consists entirely of independent members of the Board of Directors. The Committee met three times during 2004.

Goals of the Program

The Committee has established three primary objectives for the executive compensation program:

- to foster a strong relationship between stockholder value and executive compensation programs by having a significant portion of compensation comprised of equity-based incentives;
- to provide annual and long-term incentives that emphasize performance-based compensation contingent upon achieving corporate and individual performance goals; and
- to provide overall levels of compensation that are competitive in order to attract, retain and motivate highly qualified executives to continue to enhance long-term stockholder value.

Competitiveness Targets

To establish compensation targets, the Committee uses data gathered by independent consultants which reflects the compensation practices for a large group of general industry, lodging and real estate companies. These surveys are based on a broader group of companies than the comparison group used in the performance graph below because the Committee believes that targeting compensation of a diverse group of companies better reflects the labor market for our executives. Based on information collected, the Committee then makes decisions regarding individual executives based on competitive levels of compensation and the need to retain an experienced and effective management team.

Key Elements of Executive Compensation

Edgar Filing: HOST MARRIOTT CORP/ - Form DEF 14A

The key elements of our executive compensation program consist of base salary, annual incentive bonus awards and long-term incentives. The annual incentive bonus award is paid in cash and the long-term incentives consist entirely of restricted stock. As an executive's level of responsibility increases, a greater portion of total compensation is based on the annual and long-term performance-based incentive compensation and less on salary, creating the potential for greater variability in the individual's compensation level from year to year. The level and structure of these performance-based incentive elements reflects our variable pay-for-performance philosophy.

The Committee generally establishes its executive compensation program for three-year periods and then annually reviews its key elements. The Committee established the current program in 2003 for the fiscal years ending 2003, 2004 and 2005.

Cash Compensation

Base Salary. Salaries are set at annual rates, based on the level of the position within the Company and the individual's current and sustained performance results as well as the process used to achieve such results.

Table of Contents

Salaries are targeted to between the median and 75th percentile of the comparison group. The annual rate for each executive officer and each other member of senior management is reviewed each year by the Committee.

Annual Incentive Bonus Awards. The Compensation Policy Committee adopted the annual incentive bonus award program for the period 2003 to 2005 to provide management employees of the Company, including executive officers, an opportunity to receive cash incentive awards contingent on the financial performance of the Company and the individual performance of each participant in the program. Under the program, the Committee establishes criteria for the Company's financial objectives and reviews and approves the individual performance criteria for the named executive officers. In February 2004 the Committee set the following performance goals and criteria for the 2004 program:

- the performance of the Company during 2004 in achieving its financial goal with respect to the Company's funds from operations per diluted share (FFO), as adjusted to exclude costs incurred in connection with the repayment of debt and preferred stock (the Absolute FFO Objective);
- the performance of the Company during 2004 in achieving its financial goal with respect to the Company's funds from operations per diluted share growth, as adjusted to exclude costs incurred in connection with the repayment of debt and preferred stock, certain insurance proceeds and the loss on foreign currency forward contracts, measured in comparison to other REITs in the NAREIT lodging index (the Relative FFO Objective); and
- the performance of each executive officer in meeting individual business objectives set at that time (the Individual Business Objective).

Each objective was set with three separate levels – a threshold level, a target level and a high level. Executives were eligible for annual bonuses based on performance at these levels in an aggregate amount as determined by a percentage of base salary. For Mr. Nassetta the bonus parameters were 50% of base salary for performance at the threshold level, 100% of base salary for performance at the target level and 150% of base salary for performance at the high level. For all other named executive officers, the bonus parameters were 37.5% of base salary for performance at the threshold level, 75% of base salary for performance at the target level and 120% of base salary for performance at the high level. Once the performance level has been established for each objective, the amount of the executive's bonus is dependent on the relative weighting of the criteria as set by the Committee. For 2004, the criteria for the named executive officers were weighted (i) 80% on the Company's annual financial performance, of which 70% was based on the Company's success in meeting its Absolute FFO Objective and 30% was based on the Company's success in meeting its Relative FFO Objective, and (ii) 20% on the executive's attainment of his Individual Business Objectives.

The Committee may also, on occasion, grant special cash bonuses to executive officers in recognition of exemplary contributions to the Company and/or for the completion of special projects on behalf of the Company. The Committee did not grant any such cash bonuses to any of the named executive officers in 2004.

Long-Term Incentive Compensation

Restricted Stock. Long-term incentives consist entirely of restricted stock for senior executives. We do not award stock options to any executives or other members of senior management. We believe that restricted stock creates an incentive for our senior executives to manage our Company in a manner that creates significant long-term value for stockholders. The Comprehensive Stock and Cash Incentive Plan allows the Committee to make awards of stock with restrictions relating to either continued employment (time-based awards) or to performance standards that are set by the Committee (performance-based awards).

The Committee awarded grants of restricted stock for the three-year period 2003 to 2005 to executives and senior management at the beginning of 2003. Under these grants, twenty-five percent of the shares vest on a yearly basis over the three-year period as long as the executive continues to be employed. The remaining seventy-five percent of the shares vest based on performance criteria we establish annually as follows: (i) twenty-

Table of Contents

five percentage points may be earned by satisfying an earnings-based measure (based on funds from operations per diluted share) established each calendar year, (ii) fifty percentage points may be earned by satisfying a total stockholder return measure, and (iii) any shares not vested by satisfaction of these annual performance criteria may be earned at the end of the award period by satisfying a total cumulative stockholder return measure established in 2003 for the years 2003 to 2005. In the event performance criteria are not satisfied, the shares are forfeited. Cash dividends are only paid on shares of restricted stock that ultimately vest.

Additional Information

Other Benefits. Executive officers are eligible to receive, subject to limitations, complimentary rooms and other hotel services when on personal travel at hotels owned by us or managed by Marriott International or its affiliates, tax preparation services, airline club memberships, and cash compensation for taxes that are associated with each of these benefits.

Stock Ownership Guidelines. As described above, a significant portion of executive compensation consists of equity-based incentives. The Committee expects senior management to retain Host Marriott stock to closely align their interests with those of the stockholders and previously adopted stock ownership guidelines for senior management. These guidelines provide that, within five years of joining the Company or being promoted to a position in senior management, members of senior management should own stock equal to the following respective multiple of their annual salary rate:

CEO five times annual salary rate,

Executive Vice Presidents three times annual salary rate, and

Senior Vice Presidents two times annual salary rate

CEO Evaluation. The Committee considers the evaluation of the CEO important and valuable. The Committee considers both quantitative and qualitative measures in assessing the performance of the CEO. In 2004, the Committee gathered information from both Board members and others on the performance of the CEO. The CEO's individual objectives set forth by the Committee, and used to determine the bonus for 2004, included specific recommendations as a result of that evaluation.

Compensation of the CEO and Named Executive Officers

The Committee reviewed the annual rate for Mr. Nassetta and all other named executive officers in February 2004. Mr. Nassetta's annual rate remained at \$800,000, the level it has been since 2001. The Committee did not increase the annual rate of any other named executive officer in 2004.

As discussed above, Mr. Nassetta's bonus parameters under the annual incentive award program were 50% of base salary for performance at the threshold level, 100% of base salary for performance at the target level and 150% of base salary for performance at the high level. The criteria for Mr. Nassetta and the other named executive officers were weighted (i) 80% on the Company's annual financial performance, of which 70% was based on the Company's success in meeting its Absolute FFO Objective and 30% was based on the Company's success in meeting its

Edgar Filing: HOST MARRIOTT CORP/ - Form DEF 14A

Relative FFO Objective, and (ii) 20% on the executive's attainment of his Individual Business Objectives. The Committee reviewed the performance criteria in February and March 2005. Based on its review, the Committee determined that the Company's performance in achieving its Absolute FFO and Relative FFO objectives was at the high level. The Committee also commended Mr. Nassetta on his individual performance and leadership in implementing the Company's business objectives. The Committee noted that in 2004 the Company had strengthened its balance sheet and reduced its leverage, acquired over \$500 million of new properties and added two new brands to its portfolio, sold non-core assets and achieved strong growth in operations. As a result of the Company's financial and Mr. Nassetta's individual performance, the Committee awarded Mr. Nassetta a total annual incentive bonus award of \$1,172,000 for 2004, which award was 147% of his annual salary rate.

Table of Contents

The other named executive officers had an opportunity to receive a bonus generally between 37.5% - 120% of their annual salary rate contingent on the achievement of financial and individual performance objectives. They received annual incentive bonus awards for 2004 ranging from 111% to 116% of their base salary.

The Committee also reviewed the criteria for the release of that portion of the multi-year long-term incentive stock award attributable to 2004. The Committee determined that the Company satisfied both the funds from operations per diluted share measure and the total stockholder return measure. Accordingly, the Committee approved the release of 391,776 shares to Mr. Nassetta, 269,016 shares to Mr. Walter, 127,927 shares to Mr. Risoleo and 63,344 shares to Mr. Abji.

Policy Regarding 162(m)

Section 162(m) of the Internal Revenue Code precludes a public corporation from taking a deduction for compensation in excess of \$1 million for its chief executive officer or any of its four other highest paid executive officers, unless such compensation is performance based and certain specific and detailed criteria are satisfied. Our executives, and all other employees, are employed by Host Marriott, L.P., our operating partnership, and not by Host Marriott Corporation. As a result, we believe that none of our employees are subject to the \$1 million compensation deduction limit under Section 162(m).

However, in the event that some portion of employee compensation is subject to Section 162(m) but fails to be deductible, our taxable income would increase to the extent of the disallowed deduction and we could be required to make additional dividend distributions to our stockholders or to pay tax on the undistributed income provided we have distributed at least 90% of our adjusted taxable income. In such event, the Committee may consider the anticipated tax treatment to the Company and the executive officers in its review and establishment of compensation programs and payments. However, the deductibility of some types of compensation payments can depend upon the timing of an executive's vesting or exercise of previously granted rights. Interpretations of and changes in applicable tax laws and regulations as well as other factors beyond the Committee's control also can affect deductibility of compensation. Accordingly, the Committee may determine that it is appropriate to structure compensation packages in a manner that may not be deductible under Section 162(m).

Summary

The Committee believes that the caliber and motivation of our employees, and their leadership, are critical to our success in a competitive marketplace. Effective and motivational compensation programs are essential ingredients to success. The Committee believes that our compensation programs are effective in serving us and our stockholders in the short and long term.

REPORT OF THE AUDIT COMMITTEE

To Our Stockholders:

The Audit Committee serves as the representative of the Board of Directors for general oversight of the Company's financial accounting and reporting, systems of internal control and audit processes. Management of the Company has responsibility for preparing the Company's financial statements, as well as for the Company's financial reporting process and internal controls. KPMG LLP, acting as independent auditors, is responsible for performing an independent audit of the Company's financial statements and for expressing an opinion on the conformity of the Company's financial statements with accounting principles generally accepted in the United States. The Audit Committee is responsible for monitoring and overseeing these processes. The Audit Committee members are not professional accountants or auditors, and the Committee's functions are not intended to duplicate or certify the activities of management and the independent auditors. In this context, the Audit Committee has:

reviewed and discussed with management the audited financial statements for the year ended December 31, 2004, including discussions of the quality, not merely the acceptability, of the Company's accounting principles, the reasonableness of significant estimates and judgments, and the clarity of disclosure in the Company's financial statements;

discussed with Company's internal and independent auditors the overall scope for their respective audits and the results of their examinations, the evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting;

discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, Communications with Audit Committees;

received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees; and

discussed with KPMG LLP their independence from the Company and its management.

In reliance on the reviews, reports and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board of Directors has approved, that the audited financial statements be included in the Company's Annual Report for the year ended December 31, 2004. This report was filed with the Securities and Exchange Commission on March 1, 2005.

Table of Contents**AUDITORS FEES****Principal Accountant Fees and Services**

The Company was billed the following amounts for professional services by KPMG LLP, its independent auditor, for 2003 and 2004:

	<u>2004</u>	<u>2003</u>
Audit fees (annual financial statements, review of quarterly financial statements and Sarbanes-Oxley 404)	\$ 2,188,000	\$ 1,679,500
Audit-related fees (1)	541,695	\$ 528,106
Tax fees		
All other fees		
Total Fees	\$ 2,729,695	\$ 2,207,606

- (1) Audit related fees consisted principally of fees for compliance audits, acquisition and disposition proration audits, audits of financial statements of our employee benefit plan, and consultation on accounting issues.

The Audit Committee concluded that the provision of these audit-related services is compatible with maintaining the independence of KPMG LLP.

Pre-Approval Policy for Services of Independent Auditors

All services performed by KPMG LLP were pre-approved by the Audit Committee in accordance with its pre-approval policy adopted in 2003. The policy describes the audit, audit-related, tax and other services permitted to be performed by the independent auditors, subject to the Audit Committee's prior approval of the services and fees. On an annual basis, the Audit Committee will review and provide pre-approval for certain types of services that may be provided by the independent auditors without obtaining specific pre-approval from the Audit Committee. For 2004, the Audit Committee pre-approved certain services (and corresponding cost levels) at a meeting held in February 2004. If a type of service to be provided has not received pre-approval during this annual process, it will require specific pre-approval by the Audit Committee. Any proposed services exceeding pre-approved cost levels or budgeted amounts will also require separate pre-approval by the Committee.

The Audit Committee has designated the Senior Vice President and Corporate Controller to monitor the performance of all services provided by the independent auditors and to determine whether such services are in compliance with the pre-approval policy.

Policy for Hiring Members of the Audit Engagement Team

In 2003, the Audit Committee adopted a policy regarding the hiring of audit engagement team members to address the potential for impairment of auditor independence when partners and other members of the audit engagement team accept employment with the Company. Under the policy, the Company may not hire into a financial oversight role any individuals who were members of the Company's audit engagement team for the prior year. Individuals not subject to the one-year cooling off period include, among others, persons who provided less than 10 hours of audit services and individuals whose employment resulted from an emergency or other unusual situation. In all such cases the Audit Committee must determine that the relationship is in the best interests of stockholders. In addition, the Company may not appoint a director who is affiliated with or employed by a present or former auditor of the Company until three years after the affiliation or auditing relationship has ended.

Other Company Accountants and Auditors

The Company has engaged Ernst & Young LLP for tax consultation and tax compliance services and PricewaterhouseCoopers LLP as its internal auditors. The purpose of the internal audit program is to provide the Audit Committee and Company management with ongoing assessments of the Company's risk management processes and to review the effectiveness and design of internal controls at our properties and the Company's corporate office.

Table of Contents**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**

The following table sets forth the number of shares of our common stock and of the partnership units of Host Marriott, L.P. (which we call the operating partnership) that were beneficially owned as of February 28, 2005 by:

each director and director nominee;

each executive officer named in the Summary Compensation Table;

all of our directors and executive officers as a group; and

beneficial owners of 5% or more of our common stock.

Information about the ownership of operating partnership units is included because the operating partnership units are redeemable by holders for cash or, at our election, for shares of our common stock on a one-for-one basis. As of February 28, 2005, the Company owns approximately 94% of the operating partnership units; no other person or entity is the beneficial owner of 5% or more of the operating partnership units.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Federal securities laws require directors, executive officers, and owners of more than ten percent of our common stock to file reports with the SEC and with the New York Stock Exchange. These reports relate to the number of shares of our common stock that each of those persons beneficially owns, and any changes in their ownership. Based solely upon a review of copies of the forms furnished to the Company, we believe all persons required to file such forms have done so during 2004 except as noted below.

Due to an administrative oversight on the part of the Company, each of our non-employee directors did not timely report the distribution of dividends on common stock equivalents previously awarded under the Company's director compensation plans. Pursuant to these plans, directors are required to reinvest cash dividends in shares of Company common stock (which are held as common stock equivalents). The names of the directors whose distribution of dividends were not timely reported are as follows: Robert M. Baylis, Terence C. Golden, Ann M. Korologos, Judith A. McHale and John B. Morse, Jr. Reports were filed for each director promptly upon the discovery of this oversight.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Relationship between Marriott International, Inc. and Host Marriott

Prior to October 8, 1993, we and Marriott International, Inc. were operated as a single consolidated company. On October 8, 1993, in connection with the issuance of a special dividend, the consolidated company's businesses were split between Host Marriott Corporation and Marriott International. Thereafter, we retained the lodging real estate business and the airport/toll road concessions business, while Marriott International took the lodging and service management businesses. On December 29, 1995, we distributed the airport/toll road concessions business to our stockholders.

Our ongoing relationships with Marriott International can be divided into three general categories:

distribution agreement and the related agreements stemming from our separation into two companies;

lodging management and franchise agreements relating to our properties; and

acquisition financing and joint ventures.

As of February 28, 2005, Richard E. Marriott, the Chairman of our Board, beneficially owned approximately 11.2% of the outstanding shares of common stock of Marriott International, and J.W. Marriott, Jr., who was one of our directors until his retirement from our Board in May 2002, beneficially owned approximately 13.6% of the outstanding shares of common stock of Marriott International. J.W. Marriott, Jr. also serves as

Edgar Filing: HOST MARRIOTT CORP/ - Form DEF 14A

Chairman of the Board and Chief Executive Officer of Marriott International, and Richard E. Marriott served as a director of Marriott International until May 2002. By reason of their ownership of such shares of common stock and their current and former positions as directors of Marriott International, they could be deemed in control of Marriott International within the meaning of the federal securities laws. Other members of the Marriott family might also be deemed control persons of Marriott International by reason of their ownership of shares of Marriott International and/or their relationship to other family members.

Distribution Agreement and Related Agreements

In connection with the separation of our business from that of Marriott International, we entered into a distribution agreement with Marriott International that allocated the assumption of liabilities and cross-indemnities so that each company shouldered the financial and legal responsibility for its respective businesses. This distribution agreement has been amended from time to time. In connection with our renegotiation of our

Table of Contents

management agreements with Marriott International, we amended the distribution agreement to terminate Marriott International's right to purchase up to 20% of each class of our outstanding voting shares upon certain changes of control.

We also entered into other agreements with Marriott International in connection with the business separation which govern aspects of our ongoing relationships. These other agreements include:

Tax Sharing Agreement. We entered into a tax sharing agreement with Marriott International that allocates the parties' rights and obligations with respect to: (1) deficiencies and refunds of federal, state and other income or franchise taxes relating to our businesses for tax years prior to the separation; and (2) certain of our tax attributes after the separation. We have agreed to cooperate with each other and to share information in preparing tax returns and in dealing with other tax matters.

License Agreement. We entered into a license agreement with Marriott International that grants us a non-exclusive, royalty-free, worldwide license to use the Marriott mark for corporate or partnership name purposes and only in connection with our activities relating directly to our business of developing, purchasing, leasing, selling and owning hotel properties. The license is subject to certain conditions, most significantly that the majority of all hotels owned by us are managed or operated pursuant to a franchise granted by Marriott International or its affiliates.

Administrative Services Agreements and Office Space Lease. We entered into agreements with Marriott International pursuant to which Marriott International provided certain continuing administrative services for us and our subsidiaries and by which we subleased office space from Marriott International. These services and the sublease were provided on market terms and conditions. In August 2002, we terminated the sublease and related administrative services agreements when we relocated to our current office space, although we continue to lease from Marriott International approximately 2,400 square feet of office space. In 2004, we paid Marriott International approximately \$150,000 in rental fees for this office space. In addition, we paid Marriott International \$100,000 in ground rent in connection with property at the Desert Springs Marriott hotel.

Lodging Management and Franchise Agreements

Marriott International and certain of its subsidiaries have entered into management agreements with us and certain of our subsidiaries to manage Marriott-and Ritz-Carlton-branded full-service hotels owned or leased by us and our subsidiaries. Marriott International has also entered into franchise agreements with us and certain of our subsidiaries that allow us to use the Marriott brand, associated trademarks, reservation systems and other related items for two Marriott hotels for which we have entered into operating agreements with hotel management companies other than Marriott International. In 2004, we and our subsidiaries paid \$130.2 million in the aggregate in management and franchise fees to Marriott International. The initial term of our management agreements with Marriott International is generally 15 to 20 years with one or more renewal terms. Our agreements with Marriott International typically include the terms described below.

General. Under each management agreement, Marriott International provides comprehensive management services for the hotels.

Operational Services. Marriott International generally has sole responsibility and exclusive authority for all activities necessary for the day-to-day operation of the hotels, including establishing all room rates, processing reservations, procuring inventories, supplies and services, providing periodic inspection and consultation visits to the hotels by technical and operational experts and promoting and publicizing of the hotels. Marriott International receives compensation in the form of a base management fee, typically 3%, which is calculated as a percentage of annual gross revenues, and an incentive management fee, which is typically calculated as a

percentage (generally 20%) of operating profit, up to certain limits (typically 20% of cumulative operating profit), after the owner has received a priority return on its investment in the hotel.

Executive Supervision and Management Services. Marriott International provides all managerial and other employees for the hotels, reviews the operation and maintenance of the hotels, prepares reports, budgets and projections, provides other administrative and accounting support services to the hotels, such as planning and policy services, financial planning, divisional financial services, risk management services, product planning and development, employee staffing and training, corporate executive management, legislative and governmental representation and certain in-house legal services, and protects trademarks, trade-names and service marks. For the majority of our properties managed by Marriott International, we also have approval rights over the budget, capital expenditures and other matters.

Chain Services. Marriott International furnishes chain services on a centralized basis. Such services include: (1) the development and operation of certain computer systems and reservation services; (2) regional management and administrative services, regional marketing and sales services, regional training services, manpower development and relocation of regional personnel; and (3) such additional central or regional services as may from time to time be more efficiently performed on a regional or group basis rather than at an individual hotel. Costs and expenses incurred in providing these services are generally allocated among all hotels managed by Marriott International or its affiliates.

Working Capital and Fixed Asset Supplies. Our management agreements with Marriott International typically require us to maintain working capital for each hotel and to fund the cost of certain fixed asset supplies (for example, linen, china, glassware, silver and uniforms). We are also responsible for providing funds to meet the cash needs for hotel operations if at any time the funds available from hotel operations are insufficient to meet the financial requirements of the hotels.

Furniture, Fixtures and Equipment Replacements. Under our management agreements with Marriott International, we are required to provide all necessary furniture, fixtures and equipment for the operation of the hotels (including funding any required furniture, fixtures and equipment replacements). The management agreements generally provide that, on an annual basis, the manager will prepare a list of furniture, fixtures and equipment to be acquired and certain routine repairs and maintenance to be performed in the next year and an estimate of the funds that are necessary, which is subject to our review or approval. For purposes of funding the furniture, fixtures and equipment replacements, a specified percentage (typically 5%) of the gross revenues of the hotel is deposited by the manager in an escrow account. However, for 68 of our Marriott hotels, we fund such expenditures directly as incurred from one account which we control, subject to maintaining a minimum balance of the greater of \$26 million, or 30% of total annual specified contributions, rather than escrowing funds at accounts at each of these hotels.

Building Alterations, Improvements and Renewals. Marriott International is required to prepare an annual estimate of the expenditures necessary for major repairs, alterations, improvements, renewals and replacements to the structural, mechanical, electrical, heating, ventilating, air conditioning, plumbing and vertical transportation elements of each hotel which we review and approve based on their recommendations and our judgment. In addition to the foregoing, the management agreements generally provide that the manager may propose such changes, alterations and improvements to the hotel as are required, in the manager's reasonable judgment, to keep the hotel in a competitive, efficient and economical operating condition consistent with the manager's brand standards, over which we also have approval authority.

Sale of the Hotel. Most of our management agreements with Marriott International limit our ability to sell, lease or otherwise transfer the hotels by requiring that the transferee assume the related management agreements and meet specified other conditions including the condition that the transferee not be a competitor of the manager.

Termination on Sale. While most of our management agreements with Marriott International are not terminable prior to their full term in connection with the sale of the hotel, we have negotiated rights to terminate management agreements in connection with the sale of certain hotels, within limitations,

including a remaining pool of 36 hotels, 73% of which (as measured by EBITDA) may be sold free and clear of their existing management agreements over a period of time without the payment of a termination fee.

Performance Termination. The majority of our management agreements with Marriott International provide for termination rights in the case of the manager's failure to meet certain financial performance criteria, generally a set return on the owner's investment. Similarly, the majority of our management agreements condition the manager's right to renew or extend the term upon satisfaction of certain financial performance criteria.

In addition to our management agreements with Marriott International for our full service hotels, certain of our subsidiaries are partners in a joint venture that owned 120 Courtyard by Marriott lodging properties as of December 31, 2004. These properties are operated by a subsidiary of Marriott International under long-term agreements. Our subsidiaries are co-general partners in the joint venture partnerships. In 2004, those partnerships paid fees of \$29.8 million to Marriott International under those agreements. The partnerships also paid \$17.2 million in rent to Marriott International in 2004 for leases of land upon which some of the partnerships' hotels are located. On March 29, 2005, we sold 85% of our interest in the joint venture to a third party for approximately \$92 million. Under the terms of the agreement, we have the right, between December 2007 and December 2009, to cause the joint venture to redeem our remaining 15% joint venture interest under certain conditions.

Acquisition Financing and Joint Venture

Marriott International has in the past provided financing to us for a portion of the cost of acquiring properties to be operated or franchised by Marriott International. One of our subsidiaries remains indebted to Marriott International for acquisition financing from prior years. The amount of such indebtedness as of December 31, 2004 was \$7.5 million. In 2004, Marriott International did not provide us with any new acquisition financing, although it is possible that Marriott International may from time to time provide this type of financing in the future.

STOCKHOLDER PROPOSALS FOR OUR NEXT ANNUAL MEETING

If you wish to submit a proposal to be included in the proxy statement for our 2006 annual meeting, we must receive it no later than December 12, 2005. The proposal must comply with the SEC's proxy rules and should be sent to the Corporate Secretary at Host Marriott Corporation, 6903 Rockledge Drive, Suite 1500, Bethesda, MD 20817.

Additionally, the Company's Bylaws include requirements which must be met if a stockholder would like to nominate a candidate for director or bring other business before the stockholders at the 2006 annual meeting, whether or not the proposal or nomination is requested to be included in the proxy statement. Those requirements include written notice to the Corporate Secretary (at the above address), no earlier than October 13, 2005 and no later than December 12, 2005, and which notice must contain all of the information required under our Bylaws, a copy of which is available, at no charge, from the Corporate Secretary.

OTHER MATTERS

Our Board is not aware of any other business that will be presented at the annual meeting. If any other business is properly brought before the annual meeting or any adjournment or postponement thereof, proxies received will be voted in accordance with the recommendation of our Board. Discretionary authority with respect to such other matters is granted by execution of the enclosed proxy.

It is important that the proxies be voted promptly and that your shares be represented. Please submit your proxy via the Internet, by phone or by signing, dating and returning your proxy in the enclosed envelope. A copy of our 2004 Annual Report has been mailed concurrently with this proxy statement to all stockholders entitled to notice of and to vote at the annual meeting. The Annual Report is not incorporated into this proxy statement and is not considered proxy solicitation material.

We have filed an Annual Report on Form 10-K for the year ended December 31, 2004 with the Securities and Exchange Commission. You may obtain, free of charge, a copy of the Annual Report (excluding exhibits) by writing to the Corporate Secretary, Host Marriott Corporation, 6903 Rockledge Drive, Suite 1500, Bethesda, Maryland 20817-1109. We will charge an amount equal to the reproduction cost if the exhibits are requested. Our Annual Report on Form 10-K may also be accessed electronically on our website (<http://www.hostmarriott.com>).
