BOARD COMMITTEES AND MEETINGS

The Board of Directors presently has two committees, the audit committee and the option committee. The board has had no executive, nominating or compensation committees, and the full board has acted in these capacities. On April 15, 2004, the board adopted the Nomination Process and Compensation Decision Procedures attached hereto as Appendix A under which the nomination and compensation decisions are based on the recommendation of a majority of the independent directors.

The Nomination Process of Appendix A provides: the process and procedure for nominating directors; the specific minimum qualifications and qualities and skills that the board believes must be met by a nominee; the process for identifying and evaluating nominees; and, that timely shareholder recommendations of nominees shall be given the same consideration as other recommendations. Mr. West was recommended as a nominee by Mr. Zito, an officer, director and shareholder.

Edgar Filing: PROVENA FOODS INC - Form DEF 14A

The audit committee's function is to oversee the Company's financial practices and controls and its relationship with its outside auditors, as provided by the revised Audit Committee Charter attached hereto as Appendix B adopted by the board and audit committee on April 15, 2004. The charter provides that all related party transactions are subject to review and oversight by the audit committee, that the audit committee has the responsibility for engaging or terminating the outside auditors and that the audit committee determines the funding it requires to perform its functions and sets forth procedures for the receipt, retention and treatment of complaints received regarding accounting, controls or auditing matters and for the confidential, anonymous submission by employees of concerns regarding accounting or auditing matters. The board has determined that all members of the audit committee are independent within the meaning of the AMEX rules. All audit committee members have financial literacy and at least one, Joseph W. Wolbers, has financial sophistication under AMEX criteria. The audit committee met 3 times in 2004 and acted 1 time by written consent.

The option committee's function is to administer the Company's 1987 Incentive Stock Option Plan. The option committee did not meet in 2004.

The board held 4 formal meetings and acted 3 times by unanimous written consent during 2004. All members were present at all board and committee meetings.

Directors are encouraged, but not required, to attend shareholders meetings. Directors who are not officers or employees are paid a fee of \$1,000 for each shareholders meeting attended. At the 2004 Annual Meeting of Shareholders, 7 of the 8 directors were in attendance.

Directors who are not officers or employees are paid a fee of \$1,000 for each board meeting or board committee meeting attended in person and \$250 for each meeting attended by telephonic conference call. In addition, the Chairman of the Audit Committee is paid a retainer of \$1,000 per month.

Audit Committee Report

Beginning with the 2nd quarter of 2000, the audit committee has met at least quarterly. The outside auditors were invited to each meeting to discuss any significant matters relating to the quality and accuracy of the Company's financial reporting principles, policies and practices. The committee reviewed and discussed with the auditors and management the results of the annual audit and the audited financial statements for the year 2004. The committee also reviewed with the auditors and received a written statement from them on their independence and any relationships that might compromise that independence. Based on the foregoing, the committee recommended to the board that the financial statements be included in the Form 10-K.

See Incentive Stock Option Plan below for information on Incentive Stock Options. See Simplified Employee Pension Plan below for information on SEP-IRA Contributions. The cash bonuses were paid in anticipation of the adoption of a Stock Grant Plan. See Stock Grant Plan below for information on the Stock Grant Plan.

Except as authorized by the approval of the Stock Grant Plan, the Company does not currently pay bonuses or deferred compensation to executive officers. The Company does not provide executive officers with automobiles, employment contracts or golden parachute arrangements.

Simplified Employee Pension Plan

In 1988, the Company adopted a Simplified Employee Pension-Individual Retirement Accounts (SEP-IRA) plan and executed SEP-IRA Agreements with Wells Fargo Bank, N.A. and Dean Witter Reynolds Inc., covering all employees at least 18 years old who have worked at least six months and earned at least \$300 during the year, except certain union employees. Union plant employees at both divisions do not participate in the SEP-IRA plan under the terms of their current collective bargaining agreements.

The Company makes contributions under the plan in the discretion of the board, allocated in proportion to compensation, to an Individual Retirement Account (IRA) established by each eligible employee.

Contributions, up to 15% of eligible compensation, are deductible by the Company and not taxable to the employee. An employee may withdraw SEP-IRA funds from the employee s IRA. Withdrawals are taxable as ordinary income, and withdrawals before age 59-1/2 may be subject to tax penalties.

For 2003, the Company contributed \$405,151 to IRA s under the plan, but made no contribution for 2004.

Incentive Stock Option Plan

In April 1987, the Company adopted an Incentive Stock Option Plan under Section 422A of the Internal Revenue Code of 1986. Under the plan, as amended in 1988, for a period of 10 years from the date of adoption, an Option Committee appointed by the Board of Directors was authorized in its discretion to grant to key management employees options to purchase up to an aggregate of 261,704 shares of common stock of the Company. The purchase price of shares covered by an option could not be less than the market value of the shares on the date of grant and the term of an option could not exceed 10 years.

Options may no longer be granted under the plan. No options were exercised in 2004. At December 31, 2004, outstanding options to purchase shares at \$2-9/16 per share were held 91,458 by Theodore L. Arena and 15,653 by Thomas J. Mulroney. All outstanding options are exercisable at a price which exceeds the year end stock market closing price of \$1.28 per share.

Stock Grant Plan

In 2002, the Board of Directors of the Company conditionally authorized the adoption of a Stock Grant Plan to grant shares of the Company s common stock to two executive officers of the Company, 180,000 shares to Theodore L. Arena and 100,000 shares to Thomas J. Mulroney and to pay them cash bonuses over three years beginning in 2002 to cover the income taxes they incur from receipt of the grants. In October 2003, the Board of Directors revised the Plan to limit the stock grant to 150,000 shares to Mr. Arena and to provide for only cash bonuses to Mr. Mulroney.

On February 26, 2004, the Company granted and issued the 150,000 shares to Mr. Arena when the market price of the Company s shares was \$1.36 per share. The shares have full voting power and participate in dividends, but only 1/6 of the shares vested immediately and the balance will vest ratably over the next five years, contingent on Mr. Arena s continued employment with the Company. The shares have been listed on the American Stock Exchange but have not been registered under the Securities Act of 1933, relying on the exemption under Section 4(2) of the act for transactions not involving any public offering. The \$204,000 market value of the 150,000 shares on the date of grant is taxable income to Mr. Arena and an income tax deduction to the Company in 2004 and will be compensation expense recognized by the Company ratably over the vesting period. Mr. Arena was paid \$57,900 in 2002 and \$37,542 in 2003 and will be paid \$64,844 on or before April 15, 2005 as cash bonuses to cover the income taxes he incurs from receipt of the shares.

Compensation Committee Interlocks and Insider Participation

The Company has no formal compensation committee, but the compensation of every officer is determined by the Board based on the recommendation of a majority of the directors who are independent. The chief executive officer is not present during deliberations regarding his compensation.

Board Report on Executive Compensation

The major Company policy affecting past and current executive compensation is to run the Company for the benefit of its shareholders and not for the benefit of management. The board members own close to half of the outstanding shares of the Company. Four out of five of the executive officers are substantial shareholders of the Company. Executive officers who are substantial shareholders have the same interest as the other shareholders in the long term performance of the Company. Their stock interest causes them to be directly rewarded or penalized by whether or not and the extent to which the Company pays dividends and maintains its growth, which should ultimately be reflected in the value of the Company's stock.

The compensation of the one executive officer who is not a substantial shareholder is based upon the judgment of the board of how well the officer is performing his duties and how well the Company is performing.

The shares issued under the Stock Grant Plan described above were intended to increase the stock ownership of one executive officer and retain his services. There is no specific relationship between Company performance and compensation for any executive officer, other than through stock options for two executive officers.

RELATIONSHIP WITH INDEPENDENT AUDITORS

On September 8, 2004, the Audit Committee dismissed KPMG LLP and engaged Cacciamatta Accountancy Corporation as the Company's independent auditors.

In connection with the audits of the two fiscal years ended December 31, 2003 and the subsequent interim period through September 8, 2004, there were no disagreements with KPMG LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedures, which disagreements if not resolved to their satisfaction would have caused them to make reference in connection with their opinion to the subject matter of the disagreement.

The audit reports of KPMG LLP on the financial statements of the Company as of and for the years ended December 31, 2002 and 2003 did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope, or accounting principles.

During the two fiscal years ended December 31, 2003 and the subsequent interim period through September 8, 2004, neither the Company nor anyone acting on its behalf consulted Cacciamatta Accountancy Corporation regarding either: the application of accounting principles to a specified transaction, either completed or proposed; or the type of audit opinion that might be rendered on the Corporation's financial statements.

Cacciamatta Accountancy Corporation is expected to continue as the Company's independent auditors for the current year. Representatives of Cacciamatta Accountancy Corporation have indicated that they intend to be present at the Annual Meeting and will have an opportunity to address the shareholders and respond to appropriate questions. The aggregate fees billed for services rendered by Cacciamatta Accountancy Corporation to the Company for 2004 are as follows:

Audit Fees. Cacciamatta Accountancy Corporation's audit and quarterly review fees for 2004 were \$78,000.

Audit-Related Fees. No audit-related fees were billed by Cacciamatta Accountancy Corporation for 2004.

Tax Fees. No fees for tax advice were billed by Cacciamatta Accountancy Corporation for 2004.

All Other Fees. No other fees were billed by Cacciamatta Accountancy Corporation for 2004 for products or services.

The policies and procedures of the Audit Committee with respect to the engagement of the Company's independent auditors to render audit or non-audit services are that the services are not performed until after the Audit Committee has discussed with the auditors the services to be rendered, received estimates of the fees for the services and approved the engagement.

OTHER MATTERS

The Board of Directors knows of no business which will be presented for consideration at the Annual Meeting other than as stated in the Notice of Meeting. If any other business should properly come before the meeting, votes may be cast pursuant to the proxies solicited hereby with respect to such business in the discretion of the proxyholders.
