The declaration in this proceeding, filed with the Commission on June 9, 2005, is hereby amended and restated in its entirety to read as follows:

ITEM 1. DESCRIPTION

A. Introduction

ScottishPower, organized in Scotland and the ultimate holding company of the ScottishPower System, was formed following the reorganization of ScottishPower UK plc to facilitate ScottishPower's November 29, 1999, merger with PacifiCorp, an Oregon corporation and a public utility company as defined under Section 2(a)(5) of the Public Utility Holding Company Act of 1935, as amended (Act). As a result thereof, ScottishPower and the Intermediate Companies in the corporate structure between ScottishPower and PacifiCorp are registered holding companies that directly and indirectly hold the Common Stock. ScottishPower and the Intermediate Holding Companies intend to sell the Common Stock to a non-affiliated third-party, MidAmerican (Transaction). This declaration (Declaration) seeks approval pursuant to Section 12(e) of the Act for ScottishPower to solicit proxies from its Shareholders to approve the Transaction at an extraordinary general meeting of Shareholders to be held on July 22, 2005 (Extraordinary General Meeting). By subsequent application, ScottishPower will seek approval under Section 12(d) of the Act to execute the Transaction and, upon completion of the Transaction, an order de-registering ScottishPower and the Intermediate Holding Companies under Section 5(d) of the Act.

B. Proposed Sale of the Stock of a Public Utility Company to be put to a Vote of the Holding Company Shareholders

PacifiCorp is a wholly-owned public utility subsidiary company of ScottishPower that serves approximately 1.6 million retail customers in a service territory aggregating about 136,000 square miles in portions of six western states: Utah, Oregon, Wyoming, Washington, Idaho and California. The combined service territory's diverse regional economy ranges from rural, agricultural and mining areas to urbanized manufacturing and government service centers. On May 23, 2005, ScottishPower, PHI and MidAmerican entered into the Agreement pursuant to which ScottishPower and PHI agreed to sell and transfer to MidAmerican, and MidAmerican agreed to purchase from ScottishPower and PHI, all of the Common Stock. A copy of the Agreement is filed as Exhibit B-1 to this Declaration.

In consideration for the sale and transfer of the Common Stock, MidAmerican agreed to pay to ScottishPower and PHI an amount equal to \$5.1 billion in cash and to assume approximately \$4.3 billion in net debt and preferred stock, which will remain at PacifiCorp.

In addition, ScottishPower has agreed to make annual payments of \$4.0 million to MidAmerican on each anniversary of completion of the Transaction for a period of 25 years. Such amounts represent royalty payments in respect of certain non-regulated businesses currently reported as part of the PacifiCorp segment in the financial reports for the ScottishPower System, which were not included in the Transaction.

Table of Contents

1. Background of the Transaction

ScottishPower conducted a strategic review of its ownership of PacifiCorp as a result of its recent performance and its anticipated future investment requirements. The review examined PacifiCorp's future capital investment requirements, the likely development of its regulatory regimes, the scope for further operational efficiencies and improvements and the scale and timing of further improvements in its achieved rates of return. In addition, ScottishPower considered the opportunities for growth and returns that exist in its other businesses.

After examining several options including, among others, retaining PacifiCorp, ScottishPower concluded in May, 2005, that in light of the scale and timing of PacifiCorp's expected capital investment requirements and the likely profile of returns from that investment, Shareholders' interests were best served by a sale of PacifiCorp and a return of capital to Shareholders. Accordingly, on May 23, 2005, ScottishPower entered into the Agreement.

The Transaction will enable ScottishPower to focus its management and capital on the continued development of its UK businesses and PPM. These businesses have driven ScottishPower's profit growth over the last two years and delivered overall returns ahead of ScottishPower's cost of capital. In addition, these businesses have substantial opportunities for continued growth through capital investment and improved operational performance.

2. Financial effects of the Transaction and return of capital

MidAmerican will acquire the equity of PacifiCorp for \$5.1 billion and will be assuming net debt at completion expected to be approximately \$4.3 billion which gives a total price for PacifiCorp of approximately \$9.4 billion.

In light of the strategic review and proposed Transaction, the directors of ScottishPower undertook a review of the recoverable value of goodwill relating to PacifiCorp. As a result of this review, an exceptional impairment charge of £927 million, under UK GAAP, has been made in ScottishPower's results for the year ended March 31, 2005. Pending completion of the Transaction, PacifiCorp will be treated as a discontinued operation in the financial statements of ScottishPower. The impairment amount excludes foreign exchange gains of £485 million, achieved to date, which will be reflected in ScottishPower's income statement when the Transaction is closed.

In the period prior to closing, ScottishPower has agreed to invest additional equity in PacifiCorp to fund ongoing capital expenditures in line with PacifiCorp's current plan. Pursuant to these arrangements, ScottishPower will invest \$500 million during the financial year 2005/06. In addition ScottishPower has agreed to make further investments of up to \$525 million during the financial year 2006/07, contributed quarterly. At the closing, MidAmerican will reimburse ScottishPower for any investments made in respect of the financial year 2006/07.

Between signing of the Agreement and completion of the Transaction, ScottishPower is entitled to dividends from PacifiCorp in line with PacifiCorp's current plan. Pursuant to these arrangements, it is expected that ScottishPower will receive \$214.8 million of dividends during the financial year 2005/06, and up to \$242.3 million of dividends during the financial year 2006/07, such amounts to accrue monthly and be payable quarterly.

Table of Contents

After the closing of the Transaction, ScottishPower intends to return approximately \$4.5 billion of the net proceeds from the Transaction to Shareholders, with the balance to be invested in UK businesses and PPM.

3. Other key terms of the Transaction

Completion of the Transaction is conditional upon, among other things: (i) the approval of the Shareholders of ScottishPower; (ii) approvals at the US federal level of this Commission, pursuant to Act, the Federal Energy Regulatory Commission, the Department of Justice or Federal Trade Commission, the Federal Communications Commission and the Nuclear Regulatory Commission, all without conditions that would have a material adverse effect on the PacifiCorp business; (iii) approvals at the US state level in Oregon, Utah, Washington, Wyoming, California and Idaho, provided that such state approvals are not subject to conditions whose effect would be meaningfully adverse to the business of PacifiCorp; (iv) the representations and warranties of the parties contained in the Agreement remaining true and correct; (v) the parties performing their covenants and obligations under the Agreement in all material respects; and (vi) no material adverse effect in relation to PacifiCorp having occurred.

The Agreement may be terminated prior to closing by mutual agreement of the parties or otherwise in certain circumstances including (i) material breach of the representations, warranties or covenants of the parties; (ii) the Shareholders of ScottishPower not approving the Transaction; (iii) the Transaction not having been completed by May 23, 2006 or, in certain circumstances, by February 17, 2007. In addition, MidAmerican may terminate the Agreement if the ScottishPower Board withdraws or adversely modifies its recommendation of the Transaction.

ScottishPower has also agreed that it will not initiate, solicit or engage in negotiations concerning any alternative proposals relating to PacifiCorp other than in certain specified circumstances.

ScottishPower and MidAmerican have entered into a break fee arrangement in connection with the Transaction. The maximum aggregate amount payable in break fees by either party is \$250 million.

C. Solicitation of Proxies

In conjunction with Section 2.19 of the Agreement and in view of the size of the Transaction, ScottishPower is required, pursuant to the Listing Rules, as published by the United Kingdom Listing Authority, to convene a meeting of its Shareholders for the purpose of obtaining required stockholder approval relating to the Transaction.¹ ScottishPower will seek to obtain the affirmative vote of a majority of votes cast by its Shareholders of its ordinary shares

¹ Pursuant to the rules of the UK Listing Authority, the Transaction will be a Class 1 transaction for ScottishPower. A Class 1 transaction is defined as a transaction where at least one of the percentage ratios in the five calculations as set out in the Listing Rules (based upon assets, profits, turnover, consideration to market capitalization and gross capital of, in this case, ScottishPower and PacifiCorp) is 25% or more. Where a UK listed company proposes to enter into a Class 1 transaction, it must, among other things, obtain the prior approval of its shareholders in general meeting, and any agreement effecting the transaction must be conditional upon such approval being obtained.

represented at the Extraordinary General Meeting. In the event ScottishPower does not receive such majority vote of the Shareholders, the Transaction cannot be completed.

In the case of the American depositary shareholders (the ADS Holders² JP Morgan Chase Bank, the depositary on ScottishPower ordinary shares (the Depositary), has appointed all ADS Holders directly on its register to attend and vote on the Transaction at the Extraordinary General Meeting. Each such person has the right to vote in person or may appoint the Depositary or any other person to act as its proxy. The Depositary will be available at the Extraordinary General Meeting to verify appointments and the right to attend. A draft of the ScottishPower preliminary proxy materials was filed as Exhibit B-2. The final proxy materials are filed as Exhibit B-3.

ScottishPower intends to begin mailing definitive proxy materials to its stockholders on June 30, 2005, for the Extraordinary General Meeting. As noted above, ScottishPower's Extraordinary General Meeting will be held on July 22, 2005. Accordingly, ScottishPower respectfully requests that the Commission grant it authority to provide its stockholders with such proxy materials in their final form (the Solicitation) as soon as practicable. In this regard, ScottishPower asks the Commission to issue a notice of the Transaction in the form filed herewith as Exhibit G and, concurrently therewith, that the Commission enter an appropriate order authorizing the Solicitation effective upon the date the notice/order is issued.

D. Summary of Application

In summary, Applicants request, pursuant to the information set forth above, (to the extent they are not otherwise exempt from the Act) authorization for the Solicitation.

ITEM 2. FEES, COMMISSIONS AND EXPENSES

It is estimated that the fees, commissions and expenses paid or incurred, or to be paid or incurred, directly or indirectly, in connection with the Solicitation, will total approximately:

Estimated proxy solicitation fees and expenses	Approximately	\$	4,000.00
Estimated printing and mailing expenses	Approximately	\$	945,000.00
Legal fees and expenses	Approximately	\$	220,000.00
TOTAL	Approximately	\$	1,169,000.00

ITEM 3. APPLICABLE STATUTORY PROVISIONS

Section 12(e) of the Act and Rules 54, 62 and 65 are considered applicable to the Solicitation.

To the extent that the Solicitation is considered by the Commission to require authorization, exemption or approval under any section of the Act or the rules and regulations other than those set forth above, request for such authorization, exemption or approval is hereby made.

Section 12(e) and Rules 62 and 65

Section 12(e) provides that it shall be unlawful for any person to solicit or permit the use of his or its name to solicit, by use of the mails or any means or instrumentality of interstate commerce, or otherwise, any proxy, power of attorney, consent, or authorization regarding any security of a registered holding company or a subsidiary company thereof in contravention of such rules and regulations or orders as the Commission deems necessary or appropriate in the public interest or for the protection of investors or consumers. Applicants respectfully request authorization for the Solicitation.

Rule 54

Rule 54 provides that in determining whether to approve the issue or sale of a security by a registered holding company for purposes other than the acquisition of an exempt wholesale generator (EWG) or a foreign utility company (FUCO), or other transactions by such registered holding company or its subsidiaries other than with respect to EWGs or FUCOs, the Commission shall not consider the effect of the capitalization or earnings of any subsidiary which is an EWG or a FUCO upon the registered holding company if paragraphs (a), (b) and (c) of Rule 53 are satisfied.

ScottishPower currently does not meet the conditions of Rule 53(a)(1). At March 31, 2005, ScottishPower s aggregate investment (as defined in Rule 53(a)(1)) was approximately \$2,440.6 million. At March 31, 2005, ScottishPower s consolidated retained earnings (also as defined in Rule 53(a)(1)) were approximately \$2158.6 million.

Accordingly, at March 31, 2005, ScottishPower s aggregate investment exceeded 50% of its consolidated earnings, the safe harbor limitation contained in Rule 53(a). However, by order dated May 28, 2004 HCAR No. 27851, the Commission authorized ScottishPower to increase its aggregate investment above the safe harbor limit of Rule 53(a). ScottishPower satisfies all of the other conditions of paragraphs (a), (b) and (c) of Rule 53.
