ALBERTO-CULVER COMPANY AND SUBSIDIARIES

Notes to Consolidated Financial Statements

(1) DESCRIPTION OF BUSINESS AND BASIS OF PRESENTATION

Alberto-Culver Company and its consolidated subsidiaries (the company) operate two businesses: Global Consumer Products and Beauty Supply Distribution. The Global Consumer Products business consists of two divisions: (1) Alberto-Culver Consumer Products Worldwide, which develops, manufactures, distributes and markets branded beauty care products as well as branded food and household products in the United States and more than 120 other countries, and (2) Cederroth International, which manufactures, markets and distributes beauty and health care products throughout Scandinavia and in Europe. For reporting purposes, these two divisions are included in the Global Consumer Products segment. The company's Beauty Supply Distribution business includes two segments: (1) Sally Beauty Supply, a domestic and international chain of cash-and-carry stores offering professional beauty supplies to both salon professionals and retail consumers, and (2) Beauty Systems Group (BSG), a full-service beauty supply distributor offering professional brands directly to salons through its own sales force and professional-only stores in exclusive geographical territories in North America.

The consolidated financial statements of the company contained in this report have not been audited by the company's independent registered public accounting firm, except for balance sheet information presented at September 30, 2004. However, in the opinion of the company, the consolidated financial statements reflect all adjustments, which include only normal recurring adjustments, necessary to present fairly the data contained therein. The results of operations for the periods presented are not necessarily indicative of results for a full year. Certain amounts for the prior year have been reclassified to conform to the current year's presentation.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses in the financial statements. Actual results may differ from those estimates. Management believes these estimates and assumptions are reasonable.

These statements should be read in conjunction with the consolidated financial statements and notes thereto included in the annual report on Form 10-K for the fiscal year ended September 30, 2004.

(2) CONVERSION TO ONE CLASS OF COMMON STOCK

On October 22, 2003, the Board of Directors approved the conversion of all of the issued shares of Class A common stock into Class B common stock on a one share-for-one share basis in accordance with the terms of the company's certificate of incorporation. The conversion became effective after the close of business on November 5, 2003. Following the conversion, all outstanding options to purchase shares of Class A common stock became options to purchase an equal number of shares of Class B common stock. On January 22, 2004, all shares of Class B common stock were redesignated as common stock. The single class of common stock continues to trade on the New York Stock Exchange under the symbol ACV.

The company accounts for stock compensation expense in accordance with Accounting Principles Board (APB) Opinion No. 25, Accounting for Stock Issued to Employees. Under these rules, the conversion to one class of common stock requires the company to recognize a non-cash

Edgar Filing: ALBERTO CULVER CO - Form 10-Q

charge from the remeasurement of the intrinsic value of all Class A stock options outstanding on the conversion date (herein referred to as non-cash charge). A portion of this non-cash charge was recognized on the conversion date for vested stock options and the remaining non-cash charges related to unvested stock options and restricted shares will be recognized over the remaining vesting periods. As a result, the company will record a non-cash charge against pre-tax earnings of approximately \$103.7 million (\$67.4 million after taxes), of which \$85.6 million (\$55.6 million after taxes) was recognized in fiscal year 2004 (\$7.8 million, or \$5.1 million after taxes, was recognized in the third quarter of fiscal year 2004 and \$79.0 million, or \$51.4 million after taxes, was recognized in the first nine months of fiscal year 2004); \$3.7 million (\$2.4 million after taxes) was recognized in the third quarter of fiscal year 2005, with \$11.1 million (\$7.2 million after taxes) recognized in the first nine months of fiscal year 2005; \$3.7 million (\$2.4 million after taxes) will be recognized during the fourth quarter of fiscal year 2005; and \$3.4 million (\$2.2 million

(continued)

ALBERTO-CULVER COMPANY AND SUBSIDIARIES

Notes to Consolidated Financial Statements (continued)

(2) CONVERSION TO ONE CLASS OF COMMON STOCK (continued)

after taxes) will be recognized over the following two fiscal years in diminishing amounts. The non-cash charges reduce operating earnings, provision for income taxes, net earnings and basic and diluted net earnings per share. The balance sheet effects of the options remeasurement increased total stockholders' equity by \$30.0 million in fiscal year 2004 and \$3.9 million in the first nine months of fiscal year 2005, with \$1.3 million of that amount in the third quarter, and resulted in the recognition of deferred tax assets for the same amounts. Thereafter, the remaining non-cash charges will increase total stockholders' equity and result in the recognition of additional deferred tax assets of \$1.3 million during the fourth quarter of fiscal year 2005 and \$1.2 million over the following two fiscal years in diminishing amounts.

(3) SALE OF BUSINESS

In June, 2004, the company sold its Indola European professional hair care business. As a result of the sale, the company recorded a \$10.1 million gain (\$5.7 million after taxes) in the third quarter of fiscal 2004 which increased basic and diluted net earnings per share by six cents.

(4) STOCKHOLDERS' EQUITY

On April 28, 2005, the Board of Directors authorized the company to purchase up to 5,000,000 shares of common stock. This authorization increased the previous share repurchase program that had 2,052,450 remaining authorized shares. No shares have been purchased under the program as of June 30, 2005.

On January 21, 2004, the Board of Directors approved a 3-for-2 stock split in the form of a 50% stock dividend. The additional shares were distributed February 20, 2004 to shareholders of record at the close of business on February 2, 2004. The stock dividend was distributed on outstanding shares and not on shares held in treasury. All share and per share information in this report, except for treasury shares, has been restated to reflect the 50% stock dividend.

During the nine months ended June 30, 2005 and 2004, the company acquired \$2.3 million and \$40.1 million, respectively, of common stock surrendered by employees in connection with the exercises of stock options and the payment of withholding taxes as provided under the terms of certain incentive plans. Shares acquired under these plans are not subject to the company's stock repurchase program.

(5) WEIGHTED AVERAGE SHARES OUTSTANDING

Edgar Filing: ALBERTO CULVER CO - Form 10-Q

The following table provides information on basic and diluted weighted average shares outstanding (in thousands):

	Three Months		Nine Months	
	Ended June 30		Ended June 30	
	2005	2004	2005	2004
Basic weighted average shares outstanding	91,647	90,218	91,234	89,770
Effect of dilutive securities:				
Assumed exercise of stock options	1,150	1,703	1,320	1,501
Assumed vesting of restricted stock	231	391	234	391
Diluted weighted average shares outstanding	93,028	92,312	92,788	91,662

Stock options for 38,000 shares were excluded from the computation of diluted weighted average shares outstanding for the three months and nine months ended June 30, 2005 since the options' exercise prices were greater than the average market price and therefore the options were anti-dilutive. No stock options were anti-dilutive for the three or nine months ended June 30, 2004.

ALBERTO-CULVER COMPANY AND SUBSIDIARIES

Notes to Consolidated Financial Statements (continued)

(6) ACCOUNTING FOR STOCK-BASED COMPENSATION

The Financial Accounting Standards Board's (FASB) Statement of Financial Accounting Standards (SFAS) No. 123, Accounting for Stock-Based Compensation, requires either the adoption of a fair value based method of accounting for stock-based compensation or the continuance of the intrinsic value method with pro-forma disclosures as if the fair value method was adopted. The company has elected to continue measuring compensation expense for its stock-based plans using the intrinsic value method prescribed by APB No. 25.

Had compensation expense for stock option plans been determined based upon the fair value of stock options on the dates of grant and recognized over the vesting period consistent with SFAS No. 123, the company's pro-forma net earnings and net earnings per share for the three and nine months ended June 30, 2005 and 2004 would have been as follows (in thousands, except per share amounts):

	Three Months		Nine Months	
	Ended June 30		Ended June 30	
	2005	2004	2005	2004
Net earnings:				
As reported	\$ 53,437	51,464	151,933	93,790
Add: Stock-based compensation expense included in reported net income, net of related income tax effects	2,603	5,292	7,845	52,094
Less: Stock-based compensation expense determined under the fair-value based method, net of related income tax effects	(2,023)	(1,759)	(8,364)	(10,227)
Pro-forma	\$ 54,017	54,997	151,414	135,657
Basic net earnings per share:				
As reported	\$.58	.57	1.66	1.04
Pro-forma	\$.59	.61	1.66	1.51
Diluted net earnings per share:				
As reported	\$.57	.56	1.63	1.02
Pro-forma	\$.58	.60	1.63	1.48

The \$2.6 million and \$5.3 million additions to reported net income for the three months ended June 30, 2005 and 2004, respectively, for stock-based compensation expense include the \$2.4 million and \$5.1 million, respectively, of after-tax non-cash charges related to the conversion to a single class of common stock for the same periods. The \$7.8 million and \$52.1 million additions to reported net income for the nine months ended June 30, 2005 and 2004, respectively, for stock-based compensation expense include the \$7.2 million and \$51.4 million, respectively, of after-tax non-cash charges related to the conversion to a single class of common stock for the same periods. The \$2.0 million and \$1.8 million deductions for the three months ended June 30, 2005 and 2004, respectively, for stock-based compensation expense determined under the fair-value based method include \$6,000 and \$10,000, respectively, of pro-forma after-tax non-cash charges related to the conversion to a single class of common stock for the same periods. The \$8.4 and \$10.2 million deductions for the nine months ended June 30, 2005 and 2004, respectively, for stock-based compensation expense determined under the fair-value based method include \$18,000 and \$95,000, respectively, of

Edgar Filing: ALBERTO CULVER CO - Form 10-Q

pro-forma after-tax non-cash charges related to the conversion to a single class of common stock for the same periods. See note 2 for further discussion of the conversion.

In January, 2004, the company amended the retirement provisions of its stock option plans to change the definition of retirement and allow for the continuation of vesting after retirement. As a result of implementation guidance provided in SFAS No. 123(R), Share-Based Payment, and other minor adjustments, the company has modified its pro-forma disclosures for prior periods. See note 13 for further discussion of the requirements of SFAS No. 123(R).

ALBERTO-CULVER COMPANY AND SUBSIDIARIES

Notes to Consolidated Financial Statements (continued)

(7) COMPREHENSIVE INCOME

Comprehensive income consists of net earnings and foreign currency translation adjustments as follows (in thousands):

	Three Months		Nine Months	
	Ended June 30		Ended June 30	
	2005	2004	2005	2004
Net earnings	\$ 53,437	51,464	151,933	93,790
Other comprehensive income adjustments-foreign currency translation	(14,717)	(4,800)	600	11,011
Comprehensive income	\$ 38,720	46,664	152,533	104,801

The net earnings and comprehensive income amounts for the three months ended June 30, 2005 and 2004 include \$2.4 million and \$5.1 million, respectively, of after-tax non-cash charges related to the conversion to a single class of common stock. The net earnings and comprehensive income amounts for the nine months ended June 30, 2005 and 2004 include \$7.2 million and \$51.4 million, respectively, of after-tax non-cash charges related to the conversion to a single class of common stock. The net earnings and comprehensive income amounts for the three and nine months ended June 30, 2004 also include the \$5.7 million after-tax gain on the sale of Indola. See note 2 and note 3 for further discussion of the conversion and the sale of Indola, respectively.

(8) BUSINESS SEGMENT INFORMATION

In the fourth quarter of fiscal year 2004, the company changed the segment reporting for its Beauty Supply Distribution business by reporting its Sally Beauty Supply and Beauty Systems Group divisions as two separate segments. Sally Beauty Supply, a domestic and international chain of cash-and-carry outlets, offers professional beauty supplies to both salon professionals and retail customers. Beauty Systems Group, a full-service beauty supply distributor, offers professional brands directly to salons through its own sales force and professional-only stores in exclusive geographical territories in North America. Prior year information has been reclassified to conform to the new presentation.

Segment information for the three and nine months ended June 30, 2005 and 2004 is as follows (in thousands):

Three Months Nine Months

Edgar Filing: ALBERTO CULVER CO - Form 10-Q

Balance as of June 30, 2005	\$ 207,548	10,029	362,483	580,060
-----------------------------	------------	--------	---------	---------

The increase for Global Consumer Products was primarily due to \$37.1 million of goodwill recorded in connection with the acquisition of Nexxus and the \$9.6 million of goodwill recorded in connection with the acquisition of Paramedical. The \$65.9 million increase in Beauty Systems Group's goodwill was primarily due to \$75.3 million of goodwill recorded in connection with the acquisition of CosmoProf, partially offset by a decrease in goodwill resulting from purchase price adjustments, primarily related to West Coast Beauty Supply. See note 10 for further discussion of these acquisitions.

Indefinite-lived trade names by operating segment at June 30, 2005 and September 30, 2004 were as follows (in thousands):

	June 30, 2005	September 30, 2004
Global Consumer Products	\$ 91,707	93,470
Sally Beauty Supply	613	613
Beauty Systems Group	10,300	3,900
	<u>\$ 102,620</u>	<u>97,983</u>

(continued)

ALBERTO-CULVER COMPANY AND SUBSIDIARIES

Notes to Consolidated Financial Statements (continued)

(9) GOODWILL AND TRADE NAMES (continued)

The increase in Beauty Systems Group's trade names was mainly attributable to the finalization of the purchase price allocation related to the acquisition of West Coast Beauty Supply. The company has not finalized the purchase price allocations for Nexxus, which was acquired on May 18, 2005, CosmoProf, which was acquired on December 31, 2004, or Paramedical, which was acquired on January 14, 2005, and, as a result, no value has been assigned to trade names.

(10) ACQUISITIONS

On December 1, 2003, the company acquired the net assets of West Coast Beauty Supply, a full-service distributor of professional beauty products, in order to expand the geographic area served by Beauty Systems Group. The total amount paid for the acquisition was \$128.1 million. In addition, approximately \$9.2 million may be paid over future periods in accordance with the purchase agreement. The acquisition was accounted for using the purchase method and, accordingly, the results of operations of West Coast Beauty Supply have been included in the consolidated financial statements from the date of acquisition. West Coast Beauty Supply is included in the company's Beauty Systems Group segment.

The following table provides pro-forma consolidated results for the nine months ended June 30, 2005 and 2004 as if West Coast Beauty Supply had been acquired on October 1, 2003 (pro-forma information for the three months ended June 30, 2005 and 2004 is not provided since West Coast Beauty Supply's results of operations are included for the full period in each of these quarters). Anticipated cost savings and other effects of the planned integration of West Coast Beauty Supply are not included in the pro-forma results. The pro-forma amounts presented are not necessarily indicative of the results that would have occurred had the acquisition been completed as of October 1, 2003, nor are the pro-forma amounts necessarily indicative of future results.

(in thousands)	Nine Months	
	Ended June 30	
	2005	2004
Pro-forma net sales	\$ 2,630,488	2,437,712
Pro-forma net earnings	151,933	94,498
Pro-forma net earnings per share		
Basic	\$ 1.66	1.05
Diluted	\$ 1.63	1.03

The pro-forma amounts for the nine months ended June 30, 2005 and 2004 include the non-cash charge related to the conversion to a single class of common stock and the gain on the sale of Indola. The non-cash charge reduced net earnings by \$7.2 million and \$51.4 million in the first nine

Edgar Filing: ALBERTO CULVER CO - Form 10-Q

months of fiscal years 2005 and 2004, respectively. The gain on the sale of Indola increased net earnings by \$5.7 million in the first nine months of fiscal year 2004. Basic and diluted net earnings per share were lowered by eight cents for the first nine months of fiscal year 2005 for the non-cash charge and by 51 cents and 50 cents, respectively, for the first nine months of fiscal year 2004 as a result of the non-cash charge and the gain on the sale of Indola.

On December 31, 2004, the company acquired CosmoProf, a full-service distributor of professional beauty products, in order to expand the geographic area served by Beauty Systems Group. The total purchase price was \$92.6 million, with \$84.8 million of this amount paid at closing. The remaining \$7.8 million of purchase price was paid in the third quarter of fiscal year 2005 upon finalization of the closing balance sheet. The acquisition was accounted for using the purchase method and, accordingly, the results of operations of CosmoProf are included in the consolidated financial statements starting January 1, 2005. CosmoProf is included in the company's Beauty Systems Group segment. Pro-forma information for CosmoProf is not provided since it is not material to the company's consolidated results of operations.

(continued)

ALBERTO-CULVER COMPANY AND SUBSIDIARIES

Notes to Consolidated Financial Statements (continued)

(10) ACQUISITIONS (continued)

On May 18, 2005, the company acquired substantially all the assets of Nexxus Products Company related to its Nexxus line of hair care products in order to expand the company's market share in the hair care category with higher margin products. The total estimated purchase price of \$45.0 million was paid at closing, and is subject to adjustment upon finalization of the closing balance sheet. Additional consideration of up to \$55.0 million may be paid over the next ten years based on a percentage of sales of Nexxus branded products in accordance with the purchase agreement. The acquisition was accounted for using the purchase method and, accordingly the results of operations of Nexxus have been included in the consolidated financial statements from the date of acquisition. Nexxus is included in the company's Global Consumer Products segment. Pro-forma information for Nexxus is not provided since it is not material to the company's consolidated results of operations.

(11) LEASE ACCOUNTING ADJUSTMENT

In February, 2005, the Securities and Exchange Commission (SEC) issued a letter expressing its interpretations of certain lease accounting issues relating to the amortization of leasehold improvements, the recognition of rent expense when leases have rent holidays and allowances received by tenants for leasehold improvements. As a result of a review of its historical lease accounting practices, the company found some deviations to these interpretations and recorded a pre-tax, non-cash charge in the second quarter of fiscal year 2005 of \$2.45 million (\$1.6 million after taxes) which reduced basic and diluted earnings per share by two cents. In addition, net fixed assets were increased by \$2.0 million and other liabilities were increased by \$4.5 million.

(12) AUCTION RATE SECURITIES

The company regularly invests in auction rate securities (ARS) which typically are bonds with 20-30 year maturities that have interest rates which reset at short intervals through an auction process. Prior to March 31, 2005, the company had consistently classified these investments as cash equivalents. As a result of interpretations on the balance sheet classification of ARS that were released during the second quarter of fiscal year 2005, the company has changed its previous practice and has classified \$31.7 million and \$102.9 million of ARS as available for sale short-term investments as of June 30, 2005 and September 30, 2004, respectively. In addition, Proceeds from sales of short-term investments, net of purchases, included in the accompanying Consolidated Statements of Cash Flows, has been revised to reflect the purchase and sale of ARS during the periods presented.

(13) NEW ACCOUNTING PRONOUNCEMENTS

In December, 2004, the FASB issued SFAS No. 123(R), Share-Based Payment, which replaces SFAS No. 123 and supersedes APB No. 25. The Statement requires that the cost resulting from all share-based compensation arrangements, such as the company's stock option and restricted stock plans, be recognized in the financial statements based on their fair value. The provisions of SFAS No. 123(R), as amended by the SEC on April 15, 2005, are required to be applied beginning with the first interim reporting period of the first fiscal year beginning on or after June 15, 2005. Accordingly, the company will adopt the provisions of SFAS No. 123(R) at the beginning of

Edgar Filing: ALBERTO CULVER CO - Form 10-Q

fiscal year 2006. SFAS No. 123(R) requires companies to adopt its provisions prospectively by recognizing compensation expense for the unvested portion of previously granted awards and all new awards granted after the adoption date over the respective vesting periods. SFAS No. 123(R) also allows companies the alternative to restate previously issued financial statements for all years beginning after December 15, 1994.

The adoption of SFAS No. 123(R) will not affect the company's net cash flows, but it will reduce net earnings and basic and diluted net earnings per share. While the company currently discloses the pro-forma net earnings effects of its stock-based awards (see note 6), it is in the process of evaluating the alternative methods of adoption and the effects that the implementation guidance and revisions included in SFAS No. 123(R) will have on its consolidated financial statements.

ALBERTO-CULVER COMPANY AND SUBSIDIARIES

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

DESCRIPTION OF BUSINESS

Alberto-Culver Company and its consolidated subsidiaries (the company) operate two businesses: Global Consumer Products and Beauty Supply Distribution. The Global Consumer Products business consists of two divisions: (1) Alberto-Culver Consumer Products Worldwide, which develops, manufactures, distributes and markets branded beauty care products as well as branded food and household products in the United States and more than 120 other countries, and (2) Cederroth International, which manufactures, markets and distributes beauty and health care products throughout Scandinavia and in Europe. For reporting purposes, these two divisions are included in the Global Consumer Products segment. The company's Beauty Supply Distribution business includes two segments: (1) Sally Beauty Supply, a domestic and international chain of cash-and-carry stores offering professional beauty supplies to both salon professionals and retail consumers, and (2) Beauty Systems Group (BSG), a full-service beauty supply distributor offering professional brands directly to salons through its own sales force and professional-only stores in exclusive geographical territories in North America.

OVERVIEW

As discussed in note 2 to the Consolidated Financial Statements, on October 22, 2003, the Board of Directors approved the conversion of all of the issued shares of Class A common stock into Class B common stock on a one share-for-one share basis in accordance with the terms of the company's certificate of incorporation. The conversion became effective after the close of business on November 5, 2003. Following the conversion, all outstanding options to purchase shares of Class A common stock became options to purchase an equal number of shares of Class B common stock. On January 22, 2004, all shares of Class B common stock were redesignated as common stock. The single class of common stock continues to trade on the New York Stock Exchange under the symbol ACV.

The company accounts for stock compensation expense in accordance with Accounting Principles Board (APB) Opinion No. 25, Accounting for Stock Issued to Employees. Under these rules, the conversion to one class of common stock requires the company to recognize a non-cash charge from the remeasurement of the intrinsic value of all Class A stock options outstanding on the conversion date (herein referred to as non-cash charge). A portion of this non-cash charge was recognized on the conversion date for vested stock options and the remaining non-cash charges related to unvested stock options and restricted shares will be recognized over the remaining vesting periods. As a result, the company will record a non-cash charge against pre-tax earnings of approximately \$103.7 million (\$67.4 million after taxes), of which \$85.6 million (\$55.6 million after taxes) was recognized in fiscal year 2004 (\$7.8 million, or \$5.1 million after taxes, was recognized in the third quarter of fiscal year 2004 and \$79.0 million, or \$51.4 million after taxes, was recognized in the first nine months of fiscal year 2004); \$3.7 million (\$2.4 million after taxes) was recognized in the third quarter of fiscal year 2005, with \$11.1 million (\$7.2 million after taxes) recognized in the first nine months of fiscal year 2005; \$3.7 million (\$2.4 million after taxes) will be recognized during the fourth quarter of fiscal year 2005; and \$3.4 million (\$2.2 million after taxes) will be recognized over the following two fiscal years in diminishing amounts. The non-cash charges reduce operating earnings, provision for income taxes, net earnings and basic and diluted net earnings per share. The balance sheet effects of the options remeasurement increased total stockholders' equity by \$30.0 million in fiscal year 2004 and \$3.9 million in the first nine months of fiscal year 2005, with \$1.3 million of that amount in the third quarter, and resulted in the recognition of deferred tax assets for the same amounts. Thereafter, the remaining non-cash charges will increase total stockholders' equity and result in the recognition of additional deferred tax assets of \$1.3 million during the fourth quarter of fiscal year 2005 and \$1.2 million over the following two fiscal years in diminishing amounts.

In June, 2004, the company sold its Indola European professional hair care business. As a result of the sale, the company recorded a \$10.1 million gain (\$5.7 million after taxes) or six cents basic and diluted net earnings per share in the third quarter of fiscal 2004.

ALBERTO-CULVER COMPANY AND SUBSIDIARIES

OVERVIEW (continued)

Net earnings excluding the non-cash charge and gain on the sale of Indola, basic net earnings per share excluding the non-cash charge and gain on the sale of Indola and diluted net earnings per share excluding the non-cash charge and gain on the sale of Indola are used in the Results of Operations section of Management's Discussion and Analysis of Financial Condition and Results of Operations (MD&A). These measures are non-GAAP financial measures as defined by Regulation G of the Securities and Exchange Commission. The non-cash charge relates to a change in the capital structure of the company rather than the normal operations of the company's core businesses. The gain on the sale of Indola represents the effect of a specific divestiture transaction rather than the normal ongoing operations of the company's businesses. Management uses the non-GAAP financial measures, which exclude the non-cash charge and gain on the sale of Indola, to evaluate the operating results of the company and believes the presentation of these amounts provides the reader with information necessary to analyze the company's normal operations over various periods. Reconciliations of these measures to the most directly comparable financial measures under generally accepted accounting principles in the United States (GAAP) are provided in the Reconciliation of Non-GAAP Financial Measures section of MD&A.

In September, 2004, the company redeemed its \$200 million of 8.25% senior notes due November 1, 2005 under the redemption provisions of the notes. In connection with the buyback, the company recorded a pre-tax charge in the fourth quarter of fiscal year 2004 of \$12.6 million (\$8.2 million after taxes) or nine cents basic and diluted net earnings per share consisting primarily of a make-whole premium. As part of the redemption, the company also paid \$6.1 million of interest accrued through the redemption date.

On January 21, 2004, the Board of Directors approved a 3-for-2 stock split in the form of a 50% stock dividend. The additional shares were distributed February 20, 2004 to shareholders of record at the close of business on February 2, 2004. The stock dividend was distributed on outstanding shares and not on shares held in treasury. All share and per share information in this report, except for treasury shares, has been restated to reflect the 50% stock dividend.

In February, 2005, the Securities and Exchange Commission (SEC) issued a letter expressing its interpretations of certain lease accounting issues relating to the amortization of leasehold improvements, the recognition of rent expense when leases have rent holidays and allowances received by tenants for leasehold improvements. As a result of a review of its historical lease accounting practices, the company found some deviations to these interpretations and recorded a pre-tax, non-cash charge in the second quarter of fiscal year 2005 of \$2.45 million (\$1.6 million after taxes) which reduced basic and diluted earnings per share by two cents. In addition, net fixed assets were increased by \$2.0 million and other liabilities were increased by \$4.5 million.

The company regularly invests in auction rate securities (ARS) which typically are bonds with 20-30 year maturities that have interest rates which reset at short intervals through an auction process. Prior to March 31, 2005, the company had consistently classified these investments as cash equivalents. As a result of interpretations on the balance sheet classification of ARS that were released during the second quarter of fiscal year 2005, the company has changed its previous practice and has classified \$31.7 million and \$102.9 million of ARS as available for sale short-term investments as of June 30, 2005 and September 30, 2004, respectively. In addition, Proceeds from sales of short-term investments, net of purchases, included in the accompanying Consolidated Statements of Cash Flows, has been revised to reflect the purchase and sale of ARS during the periods presented.

ALBERTO-CULVER COMPANY AND SUBSIDIARIES

RESULTS OF OPERATIONS

Third Fiscal Quarter and Nine Months Ended June 30, 2005 versus Third Fiscal Quarter and Nine Months Ended June 30, 2004

The company achieved record third quarter net sales of \$898.9 million in fiscal year 2005, up \$75.7 million or 9.2% over the comparable period of the prior year. For the nine-month period ended June 30, 2005, net sales reached a new high of \$2.63 billion, representing a 9.3% increase compared to last year's nine-month period. The effect of foreign exchange rates increased sales by 1.2% in the third quarter and 1.4% in the first nine months of fiscal year 2005. Organic sales, which exclude the effects of foreign exchange rates, acquisitions and a divestiture, grew 5.8% during the quarter and 5.6% for the first nine months of fiscal year 2005. Management uses organic sales, a non-GAAP financial measure, to evaluate the operating results of the company and believes the presentation of organic sales provides the reader with information necessary to analyze the company's operations over various periods. See the Reconciliation of Non-GAAP Financial Measures section of MD&A for a reconciliation of organic sales to the most directly comparable financial measure under GAAP.

Net earnings were \$53.4 million for the three months ended June 30, 2005 versus \$51.5 million in the prior year. Net earnings for the third quarter of fiscal years 2005 and 2004 were reduced by \$2.4 million and \$5.1 million, net of income taxes, respectively, as a result of the non-cash charge net of income taxes discussed in the Overview section of MD&A. In addition, net earnings for the third quarter of fiscal year 2004 were increased by \$5.7 million, net of income taxes, as a result of the gain on the sale of Indola, discussed in the Overview section of MD&A. Basic earnings per share were 58 cents in the third quarter of fiscal year 2005 versus 57 cents in the same period of fiscal year 2004. Diluted earnings per share for the current quarter increased to 57 cents from 56 cents in the same period of the prior year. In the third quarter of fiscal year 2005, the non-cash charge decreased basic and diluted earnings per share by three cents. In the third quarter of fiscal year 2004, the non-cash charge and gain on the sale of Indola increased basic and diluted earnings per share by one cent.

Excluding the non-cash charge and gain on the sale of Indola, net earnings were \$55.8 million for the three months ended June 30, 2005 or 10.0% higher than the prior year period's net earnings of \$50.8 million. Basic earnings per share excluding the non-cash charge and gain on the sale of Indola were 61 cents in the third quarter of fiscal year 2005, which was five cents or 8.9% higher than the same period of fiscal year 2004. Diluted earnings per share excluding the non-cash charge and gain on the sale of Indola for the current quarter increased 9.1% to 60 cents from 55 cents in the same period of the prior year.

Net earnings for the nine months ended June 30, 2005 were \$151.9 million versus \$93.8 million in the prior year. Net earnings were lowered by \$7.2 million and \$51.4 million in the first nine months of fiscal years 2005 and 2004, respectively, as a result of the non-cash charge net of income taxes. In addition, net earnings for the first nine months of fiscal year 2004 were increased by \$5.7 million, net of income taxes, as a result of the gain on the sale of Indola. As a result, basic earnings per share were \$1.66 in the first nine months versus \$1.04 last year and diluted earnings per share were \$1.63 in fiscal year 2005 compared to \$1.02 in the prior year. In the first nine months of fiscal year 2005, the non-cash charge reduced basic and diluted earnings per share by eight cents. In the first nine months of fiscal year 2004, the non-cash charge and gain on the sale of Indola reduced basic and diluted earnings per share by 51 cents and 50 cents, respectively.

Net earnings excluding the non-cash charge and gain on the sale of Indola were \$159.1 million for the nine months ended June 30, 2005 or 14.1% higher than the prior year's first nine months net earnings of \$139.4 million. Basic earnings per share excluding the non-cash charge and gain on the sale of Indola were \$1.74 in the first nine months of fiscal year 2005, which was 19 cents or 12.3% higher than the same period of fiscal year 2004. Diluted earnings per share excluding the non-cash charge and gain on the sale of Indola for the first nine months of fiscal 2005 increased 12.5% to \$1.71 from \$1.52 in the same period of the prior year.

ALBERTO-CULVER COMPANY AND SUBSIDIARIES

RESULTS OF OPERATIONS (continued)

Compared to the same periods of the prior year, sales of Global Consumer Products increased 13.9% and 11.4% in the third quarter and first nine months of fiscal year 2005, respectively. The third quarter and first nine months increases benefited from the effect of foreign exchange rates, which increased sales by 2.5% and 2.9% in the third quarter and first nine months of fiscal year 2005, respectively. The remaining third quarter and first nine month increases were primarily due to higher sales of TRESemmé shampoos, conditioners and styling products (9.8% for the third quarter and 8.9% for the first nine months), principally due to its initial launch in the United Kingdom during the third quarter of fiscal year 2004 and continued growth in the United States. Global Consumer Products also had higher sales of Alberto VO5 hair care products (0.1% for the third quarter and 1.1% for the first nine months), including the launch of the Red styling line in the U.S. in the second quarter, St. Ives skin care products (0.4% for the third quarter and 0.8% for the first nine months), primarily due to the launch of Apricot Radiance Cleansers in the U.S. and Pro-Line ethnic hair care products (0.9% for the third quarter and 0.5% for the first nine months), mainly due to increased sales of the Motions product line. In addition, sales increased for custom label filling operations (0.6% for the third quarter and 0.7% for the first nine months) and acquisitions added approximately 1.4% and 0.9% to sales for the third quarter and first nine months, respectively. These increases were partially offset by the loss of sales resulting from the divestiture of the Indola European professional hair care business in June, 2004 (3.4% for the third quarter and 3.9% for the first nine months).

Sales of the Beauty Supply Distribution business, composed of Sally Beauty Supply and BSG, were \$576.6 million in the third quarter and \$1.69 billion for the first nine months of fiscal year 2005, representing an increase of 6.7% for the third quarter and 8.2% for the nine-month period versus the prior year.

Sales of Sally Beauty Supply increased to \$346.2 million in the third quarter and \$1.02 billion for the first nine months of fiscal year 2005, compared to \$328.8 million and \$965.8 million for the respective periods in the prior year. The sales increases of 5.3% for the third quarter and 5.6% for the first nine months of fiscal year 2005 were primarily attributable to the opening of new stores, including 61 net new stores during the last twelve months (2.1% for the third quarter and 2.3% for the first nine months), the effect of foreign exchange rates (0.3% for the third quarter and 0.5% for the first nine months) and the growth of its existing business which primarily represents same store sales.

Sales of BSG were \$230.4 million in the third quarter and \$667.9 million for the first nine months of fiscal year 2005 compared to \$211.5 million for the third quarter and \$594.3 million for the first nine months of the prior year. The sales increase of 8.9% for the third quarter of fiscal year 2005 was mainly attributable to acquisitions (11.7%), the opening of 47 net new stores during the last twelve months (1.4%) and the impact of foreign exchange rates (0.9%). These increases were partially offset by a decrease in sales for existing BSG store business and lower sales from its professional distributor sales consultants principally resulting from certain suppliers' decisions to begin selling their products directly to salons. The sales increase of 12.4% for the first nine months of fiscal year 2005 was primarily attributable to acquisitions (13.9%), the opening of 47 net new stores during the last twelve months (1.3%), the impact of foreign exchange rates (0.9%) and the growth of existing BSG store business, partially offset by lower sales from professional distributor sales consultants principally resulting from certain suppliers' decisions to begin selling their products directly to salons.

Cost of products sold as a percentage of net sales was 50.0% for the third quarter and 49.8% for the first nine months of fiscal year 2005 compared to 49.1% for the third quarter and 49.4% for the first nine months of the prior year. The higher cost of products sold percentages in the third quarter and first nine months of fiscal year 2005 were primarily attributable to higher material costs, increased use of special packs, increased trade spending (which reduced net sales), and product mix for Global Consumer Products, partially offset by improved vendor pricing and lower store inventory shrinkage for the Beauty Supply Distribution business.

Edgar Filing: ALBERTO CULVER CO - Form 10-Q

Compared to the prior year, advertising, marketing, selling and administrative expenses in fiscal year 2005 increased \$26.3 million or 7.8% for the third quarter and \$83.4 million or 8.4% for the first nine months. The increases primarily resulted from the higher selling and administrative costs associated with the growth of the Sally Beauty Supply and BSG businesses, including the acquisition

ALBERTO-CULVER COMPANY AND SUBSIDIARIES

RESULTS OF OPERATIONS (continued)

of CosmoProf in December, 2004 and West Coast Beauty Supply in December, 2003, and higher expenditures for advertising and marketing. In addition, a portion of the increase for the first nine months of fiscal year 2005 relates to the \$2.45 million lease accounting adjustment (discussed in the Overview section of MD&A) that was recorded in the second quarter of fiscal year 2005.

Advertising and marketing expenditures were \$66.6 million in the third quarter, an increase of 4.7% from \$63.6 million in the prior year, and \$203.3 million for the first nine months of fiscal year 2005, which was 9.7% higher than the \$185.4 million for the first nine months of fiscal year 2004. These increases were primarily due to higher advertising expenditures, which rose 6.2% in the third quarter and 13.2% in the first nine months, principally due to an increase for Global Consumer Products in the U.K. (2.0% for the third quarter and 6.6% for the first nine months), primarily related to television advertising for TRESemmé hair care products, along with higher advertising for Sally Beauty Supply (2.0% for the third quarter and 2.7% for the first nine months) and Cederroth (1.3% for the third quarter and 0.1% for the first nine months) and the effect of foreign exchange rates (0.9% for the third quarter and 2.1% for the first nine months).

Interest expense, net of interest income, was \$2.0 million in the third quarter and \$6.0 million for the first nine months of fiscal year 2005 compared to \$5.5 million for the third quarter and \$16.7 million for the first nine months of fiscal year 2004. Interest expense was \$2.6 million in the third quarter and \$8.0 million for the first nine months of fiscal year 2005 versus \$6.5 million for the third quarter and \$19.7 million for the first nine months of fiscal year 2004. The decrease for the third quarter and first nine months of fiscal year 2005 was primarily due to lower interest expense as a result of the redemption of the \$200 million, 8.25% senior notes in September, 2004. Interest income was \$626,000 in the third quarter of fiscal year 2005 and \$2.0 million for the first nine months of fiscal year 2005 compared to \$991,000 for the third quarter and \$3.0 million for the first nine months of the prior year. The decreases in interest income were primarily due to lower cash and short-term investment balances in the current year.

The provision for income taxes as a percentage of earnings before income taxes was 35.0% for the third quarter and first nine months of fiscal year 2005 and 36.1% for the third quarter and 35.6% for the first nine months of fiscal year 2004, respectively. The higher effective tax rate in fiscal year 2004 was due to the taxes on the gain on the sale of Indola, which increased the 2004 tax rate by 1.1% for the third quarter and 0.6% for the first nine months.

FINANCIAL CONDITION

June 30, 2005 versus September 30, 2004

Working capital at June 30, 2005 was \$612.7 million, an increase of \$26.7 million from \$586.0 million at September 30, 2004. The resulting ratio of current assets to current liabilities was 2.19 to 1.00 at June 30, 2005 compared to 2.10 to 1.00 at September 30, 2004. The increase in working capital was primarily due to working capital generated from operations along with working capital resulting from acquisitions, partially offset by cash outlays for the purchases of CosmoProf in December, 2004, Paramedical in January, 2005, and Nexxus in May, 2005, as well as capital expenditures and cash dividends.

Edgar Filing: ALBERTO CULVER CO - Form 10-Q

Cash, cash equivalents and short-term investments decreased \$98.6 million to \$103.3 million during the first nine months of fiscal year 2005 primarily due to cash outlays for the acquisitions of CosmoProf, Paramedical and Nexxus, capital expenditures and cash dividends. These outflows were partially offset by cash flows provided by operating activities, cash received from exercises of employee stock options and the net increase in long-term debt.

Accounts receivable increased \$23.1 million during the first nine months of fiscal year 2005 to \$273.2 million. Trade receivables grew \$17.4 million in the first nine months primarily due to higher sales of Global Consumer Products, including the launch of TRESEmmé in the U.K., and the timing of customer payments. In addition, the acquisitions of CosmoProf, Paramedical and Nexxus contributed to the increase in trade receivables. Other receivables increased \$5.7 million during the first nine months of fiscal year 2005 principally due to the timing of collections from vendors under various advertising and volume purchase programs for Beauty Supply Distribution. The allowance for doubtful accounts decreased \$5.5 million during the first nine months of fiscal year 2005 primarily due to the write-off of fully reserved receivable balances in Asia and lower bad debt provisions for Global Consumer Products.

ALBERTO-CULVER COMPANY AND SUBSIDIARIES

FINANCIAL CONDITION (continued)

Inventories increased \$84.6 million during the first nine months of fiscal year 2005 to \$711.5 million. Sally Beauty Supply and BSG inventories increased \$47.4 million primarily due to the acquisition of CosmoProf, inventories related to new stores, strategic inventory purchases related to favorable pricing from vendors and the effect of foreign exchange rates. Inventories for Global Consumer Products were \$35.7 million higher principally due to increased finished goods inventories to support product launches and promotions, increased raw material inventories due to higher material costs and the acquisition of Nexxus.

Net property, plant and equipment increased \$37.3 million during the first nine months of fiscal year 2005 to \$331.2 million at June 30, 2005. The increase resulted primarily from expenditures for additional Sally Beauty Supply and BSG stores, office facilities and warehouse expansions, the acquisition of CosmoProf and Paramedical, the effect of foreign exchange rates and additional leasehold improvements resulting from the lease accounting adjustment discussed in the Overview section of MD&A, partially offset by depreciation during the nine-month period.

Goodwill increased \$112.3 million during the first nine months of fiscal year 2005 to \$580.1 million mainly due to the acquisitions of CosmoProf in December, 2004, Paramedical in January, 2005 and Nexxus in May, 2005.

During the first nine months of fiscal year 2005, trade names increased \$4.6 million to \$102.6 million primarily due to the finalization of the purchase price allocation related to the acquisition of West Coast Beauty Supply.

Accrued expenses decreased \$13.9 million during the first nine months of fiscal year 2005 to \$238.1 million mainly due to lower current year accruals for various incentive plans and the payment of incentives earned in the prior year. These decreases were partially offset by accruals related to the acquisition of CosmoProf, advertising and promotion in the U.K. and higher insurance accruals.

Long-term debt increased \$12.9 million in the first nine months of fiscal year 2005 to \$134.2 million due to \$10.0 million outstanding on the revolving credit facility related to the Nexxus acquisition in May, 2005 and the assumption of long-term debt as a result of the Paramedical acquisition in January, 2005.

Other liabilities increased \$5.1 million during the first nine months of fiscal year 2005 mainly due to deferred rent recorded as part of the lease accounting adjustment discussed in the Overview section of MD&A.

LIQUIDITY AND CAPITAL RESOURCES

On April 28, 2005, the Board of Directors authorized the company to purchase up to 5,000,000 shares of common stock. This authorization increased the previous share repurchase program that had 2,052,450 remaining authorized shares. No shares have been purchased under the

Edgar Filing: ALBERTO CULVER CO - Form 10-Q

program as of June 30, 2005. Purchases may be made by the company through the open market and/or private transactions depending on various factors including market conditions, share price and other alternative uses of cash such as acquisitions.

In July, 2005, subsequent to the end of the third quarter of fiscal 2005, the company repaid \$10.0 million that was outstanding on the revolving credit facility at June 30, 2005.

CRITICAL ACCOUNTING POLICIES

The company's significant accounting policies are described in note 1 of the Notes to the Consolidated Financial Statements included in the Annual Report on Form 10-K for the fiscal year ended September 30, 2004. A discussion of critical accounting policies is included in Management's Discussion and Analysis of Financial Condition and Results of Operations in the company's Annual Report on Form 10-K for the fiscal year ended September 30, 2004. There were no significant changes in the company's critical accounting policies during the nine months ended June 30, 2005.

RECONCILIATION OF NON-GAAP FINANCIAL MEASURES

Reconciliations of non-GAAP financial measures to their most directly comparable financial measures under GAAP for the three and nine months ended June 30, 2005 and 2004 are as follows (in thousands, except per share data):

	Three Months Ended		Nine Months Ended	
	June 30		June 30	
	2005	2004	2005	2004
Net earnings, as reported	\$ 53,437	51,464	151,933	93,790
Non-cash charge related to conversion to one class of common stock, net of income taxes	2,392	5,050	7,188	51,375
Gain on the sale of Indola, net of income taxes		(5,745)		(5,745)
Net earnings excluding non-cash charge and gain on the sale of Indola	\$ 55,829	50,769	159,121	139,420
Basic net earnings per share, as reported	\$.58	.57	1.66	1.04
Non-cash charge related to conversion to one class of common stock, net of income taxes	.03	.05	.08	.57
Gain on the sale of Indola, net of income taxes		(.06)		(.06)
Basic net earnings per share excluding non-cash charge and gain on the sale of Indola	\$.61	.56	1.74	1.55
Diluted net earnings per share, as reported	\$.57	.56	1.63	1.02
Non-cash charge related to conversion to one class of common stock, net of income taxes	.03	.05	.08	.56
Gain on the sale of Indola, net of income taxes		(.06)		(.06)
Diluted net earnings per share excluding non-cash charge and gain on the sale of Indola	\$.60	.55	1.71	1.52

ALBERTO-CULVER COMPANY AND SUBSIDIARIES

RECONCILIATION OF NON-GAAP FINANCIAL MEASURES (continued)

A reconciliation of organic sales growth to its most directly comparable financial measure under GAAP for the three and nine months ended June 30, 2005 and 2004 is as follows:

	Three Months Ended June 30		Nine Months Ended June 30	
	2005	2004	2005	2004
Net sales growth, as reported	9.2%	11.8%	9.3%	12.5%
Effect of foreign exchange	(1.2)	(1.3)	(1.4)	(2.5)
Effect of acquisitions	(3.5)	(7.0)	(3.8)	(5.4)
Effect of divestiture	1.3	0.5	1.5	0.2
Organic sales growth	5.8%	4.0%	5.6%	4.8%

Management uses these non-GAAP financial measures to evaluate the performance of the company and believes the presentation of these amounts provides the reader with information necessary to analyze the company's normal operations for the periods presented.

NEW ACCOUNTING PRONOUNCEMENTS

In December, 2004, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards (SFAS)

No. 123(R), Share-Based Payment, which replaces SFAS No. 123 and supersedes APB No. 25. The Statement requires that the cost resulting from all share-based compensation arrangements, such as the company's stock option and restricted stock plans, be recognized in the financial statements based on their fair value. The provisions of SFAS No. 123(R), as amended by the SEC on April 15, 2005, are required to be applied beginning with the first interim reporting period of the first fiscal year beginning on or after June 15, 2005. Accordingly, the company will adopt the provisions of SFAS No. 123(R) at the beginning of fiscal year 2006. SFAS No. 123(R) requires companies to adopt its provisions prospectively by recognizing compensation expense for the unvested portion of previously granted awards and all new awards granted after the adoption date over the respective vesting periods. SFAS No. 123(R) also allows companies the alternative to restate previously issued financial statements for all years beginning after December 15, 1994.

The adoption of SFAS No. 123(R) will not affect the company's net cash flows, but it will reduce net earnings and basic and diluted net earnings per share. While the company currently discloses the pro-forma net earnings effects of its stock-based awards (see note 6), it is in the process of evaluating the alternative methods of adoption and the effects that the implementation guidance and revisions included in SFAS No. 123(R) will have on its consolidated financial statements.

ALBERTO-CULVER COMPANY AND SUBSIDIARIES

FORWARD - LOOKING STATEMENTS

This Quarterly Report on Form 10-Q and the documents incorporated by reference herein, if any, may contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. Such statements are based on management's current expectations and assessments of risks and uncertainties and reflect various assumptions concerning anticipated results, which may or may not prove to be correct. Some of the factors that could cause actual results to differ materially from estimates or projections contained in such forward-looking statements include: the pattern of brand sales, including variations in sales volume within periods; competition within the relevant product markets, including the ability to develop and successfully introduce new products, ensuring product quality, pricing, promotional activities, introduction of competing products and continuing customer acceptance of existing products; risks inherent in acquisitions and strategic alliances; the loss of one or more key employees; loss of distributorship rights; sales by unauthorized distributors in the company's exclusive markets; the effects of a prolonged United States or global economic downturn or recession; changes in costs, including changes in labor costs, raw material prices or advertising and marketing expenses; the costs and effects of unanticipated legal or administrative proceedings; health epidemics; and variations in political, economic or other factors such as currency exchange rates, inflation rates, interest rates, tax changes, legal and regulatory changes or other external factors over which Alberto-Culver Company has no control. Alberto-Culver Company has no obligation to update any forward-looking statement in this Quarterly Report on Form 10-Q or any incorporated document.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

There have been no material changes in the company's market risk during the nine months ended June 30, 2005.

ITEM 4. CONTROLS AND PROCEDURES

- (a) As of the end of the period covered by this quarterly report on Form 10-Q, the company carried out an evaluation, under the supervision and with the participation of the company's management, including the chief executive officer and the chief financial officer, of the effectiveness of the design and operation of the disclosure controls and procedures, as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934 (the Exchange Act). Based upon that evaluation, the chief executive officer and the chief financial officer of the company have concluded that Alberto-Culver Company's disclosure controls and procedures are effective to ensure that information required to be disclosed by the company in reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms.
- (b) There were no changes in the company's internal control over financial reporting that occurred during the company's last fiscal quarter that have materially affected, or are reasonably likely to materially affect, the company's internal control over financial reporting.

ALBERTO-CULVER COMPANY AND SUBSIDIARIES

PART II

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

During the three months ended June 30, 2005, the company acquired 1,119 shares of common stock that were either surrendered by employees in connection with the payment of withholding taxes related to the vesting of restricted stock or purchased as directed by participants in the Deferred Compensation Plan For Non-Employee Directors. These shares are not subject to the company's stock repurchase program.

The following table summarizes information with respect to the above referenced purchases made by or on behalf of the company of shares of its common stock.

<u>Period</u>	<u>(a)</u> <u>Total</u> <u>Number</u> <u>of Shares</u> <u>Purchased</u>	<u>(b)</u> <u>Average</u> <u>Price</u> <u>Paid per</u> <u>Share</u>	<u>(c)</u> <u>Total Number of</u> <u>Shares Purchased</u> <u>as Part of Publicly</u> <u>Announced Plans</u> <u>or Programs</u>	<u>(d)</u> <u>Maximum Number</u> <u>of Shares That May</u> <u>Yet Be Purchased</u> <u>Under the Plans or</u> <u>Programs</u>
April 1 - April 30, 2005	553	\$ 43.925		5,000,000
May 1 - May 31, 2005	566	\$ 43.750		5,000,000
June 1 - June 30, 2005				5,000,000
Total	1,119			

On April 28, 2005, the Board of Directors authorized the company to purchase up to 5,000,000 shares of common stock. This authorization increased the previous share repurchase program that had 2,052,450 remaining authorized shares. No shares have been purchased under the program as of June 30, 2005.

ALBERTO-CULVER COMPANY AND SUBSIDIARIES

ITEM 6. EXHIBITS

(a) Exhibits:

31(a) Certification pursuant to Rules 13a-14(a) and 15d-14(a) of the Exchange Act.

31(b) Certification pursuant to Rules 13a-14(a) and 15d-14(a) of the Exchange Act.

32(a) Certification pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002.

32(b) Certification pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002.
