PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of eGain Communications Corporation, a Delaware corporation (eGain or the Company), of proxies in the accompanying form to be used at the Annual Meeting of Stockholders of eGain to be held at 345 East Middlefield Road, Mountain View, California on December 8, 2005, 10:00 a.m., Pacific Time, and any postponement or adjournment thereof (the Annual Meeting). The shares represented by the proxies received in response to this solicitation and not properly revoked will be voted at the Annual Meeting in accordance with the instructions therein. A stockholder who has given a proxy may revoke it at any time before it is exercised by filing with the Secretary of eGain a written revocation or a duly executed proxy bearing a later date or by voting in person at the Annual Meeting. On the matters coming before the Annual Meeting for which a choice has been specified by a stockholder by means of the ballot on the proxy, the shares will be voted accordingly. If no choice is specified, the shares will be voted **FOR** the election of the five nominees for director listed in this Proxy Statement and **FOR** approval of the proposals referred to in Items 2 and 3 in the Notice of Annual Meeting and described in this Proxy Statement.

Stockholders of record at the close of business on October 10, 2005 (the Record Date), are entitled to vote at the Annual Meeting. As of the close of business on that date, eGain had 15,301,548 shares of common stock, \$0.001 par value (the common stock), outstanding. The presence in person or by proxy of the holders of a majority of eGain s outstanding shares of common stock constitutes a quorum for the transaction of business at the Annual Meeting. Each holder of common stock is entitled to one vote for each share held as of the Record Date.

Directors are elected by a plurality vote. The five nominees for director who receive the most votes cast in their favor will be elected to serve as a director. Other proposals submitted for stockholder approval at the Annual Meeting will be decided by the affirmative vote of the majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on such proposal. Abstentions with respect to any proposal are treated as shares present or represented and entitled to vote on that proposal and thus have the same effect as negative votes. If a broker which is the record holder of shares indicates on a proxy that it does not have discretionary authority to vote on a particular proposal as to such shares, or if shares are not voted in other circumstances in which proxy authority is defective or has been withheld with respect to a particular proposal, these non-voted shares will be counted for quorum purposes but are not deemed to be present or represented for purposes of determining whether stockholder approval of that proposal has been obtained.

The expense of printing, mailing proxy materials and solicitation of proxies will be borne by eGain. eGain will reimburse brokerage firms and others for their reasonable expenses in forwarding solicitation materials to beneficial owners of the common stock. No additional compensation will be paid to such persons for such solicitation.

This Proxy Statement, the accompanying form of proxy and the Annual Report to Stockholders on Form 10-K for the fiscal year ended June 30, 2005, including financial statements, are being mailed to stockholders on or about November 3, 2005.

IMPORTANT

Please mark, sign and date the enclosed proxy and return it at your earliest convenience in the enclosed postage-prepaid return envelope so that, whether you intend to be present at the Annual Meeting or not, your shares can be voted. This will not limit your rights to attend or vote at the Annual Meeting.

The members of the Stock Option Committee are Ashutosh Roy and Dr. Wolfson. The Stock Option Committee held three meetings in fiscal 2005 and took certain actions by written consent. The members of the Nominating and Corporate Governance Committee are David G. Brown, Phiroz P. Darukhanavala and Mark A. Wolfson, each of whom has been determined to be independent in accordance with the rules of The Nasdaq Stock Market and the Securities and Exchange Commission. The Nominating and Corporate Governance Committee had one meeting in fiscal 2005. The Nominating and Corporate Governance Committee's primary functions are to seek and recommend to the Board qualified candidates for election to the Board and to oversee matters of corporate governance, including the evaluation of the Board's performance and processes, and assignment and rotation of members of the committees established by the Board. The Nominating and Corporate Governance Committee operates under the Nominating and Corporate Governance Committee Charter adopted by the Board in October 2004. The Charter is available at the Company's website at: <http://www.egain.com/IR>.

The members of the Audit Committee are three non-employee directors, Mr. Brown, Dr. Darukhanavala and Dr. Wolfson, each of whom has been determined to be independent in accordance with the rules of The Nasdaq Stock Market and the Securities and Exchange Commission. Messrs. Wolfson and Brown are the financial experts, as defined by the Securities and Exchange Commission, on the Audit Committee. The Audit Committee held four meetings during fiscal 2005. The Audit Committee's functions are to review the scope of the annual audit, monitor the independent auditor's relationship with eGain, advise and assist the Board of Directors in evaluating the independent auditor's examination, supervise eGain's financial and accounting organization and financial reporting, and nominate, for approval of the Board of Directors, a firm of certified public accountants whose duty it is to audit the financial records of eGain for the fiscal year for which it is appointed.

Stockholder Communications with the Board of Directors

If you wish to communicate with the Board of Directors, you may send your communications in writing to: Secretary, eGain Communications Corporation, 345 East Middlefield Road, Mountain View, California 94043. You must include your name and address in the written communication and indicate whether you are a stockholder of the Company. The Secretary will review any communications received from a stockholder, and all material communications from stockholders will be forwarded to the appropriate director or directors or committee of the Board based on the subject matter.

Code of Ethics

In October 2004, the Board approved a code of ethics applicable to the Board, senior management including financial officers, and all other employees. The Code of Ethics and Business Conduct (Code of Ethics) includes standards to deter wrongdoing and promote honest and ethical conduct, including the ethical handling of

actual or apparent conflicts of interest between personal and professional relationships; full, fair, accurate, timely and understandable disclosure in reports filed with the Securities and Exchange Commission; compliance with laws; prompt internal reporting of violations of the Code of Ethics, and accountability for the adherence to the Code of Ethics. The Code of Ethics is available on the Company's website at: <http://www.egain.com/IR>. Copies of the Code of Ethics are also available in print upon written request to Secretary, eGain Communications Corporation, 345 East Middlefield Road, Mountain View, California 94043.

Director Qualifications

The Nominating and Corporate Governance Committee periodically reviews with the Board the appropriate skills and characteristics required of Board members given the current Board composition. The Nominating and Corporate Governance Committee believes that the Board should be comprised of individuals who have leadership qualities and a record of success in their arena of activity and who can make substantial contributions to Board operations. The assessment of Board candidates includes, but is not limited to, consideration of relevant industry experience, relevant financial experience, general business experience and compliance with independence and other qualifications necessary to comply with any applicable corporate and securities laws and the rules and regulations thereunder. Specific consideration shall also be given to: (i) contributions valuable to the business community, (ii) personal qualities of leadership, character, judgment and whether the candidate possesses and maintains throughout service on the Board a reputation in the community at large of integrity, competence and adherence to the highest ethical standards, (iii) relevant knowledge and diversity of background and experience in such things as business, software development, manufacturing, technology, finance and accounting, marketing, international business, government and the like; or (iv) whether the candidate is free of conflicts and has the time required for preparation, participation and attendance at all meetings. Other than the foregoing, there are no stated minimum criteria for director nominees. The Nominating and Corporate Governance Committee does, however, believe it is appropriate for at least one, and preferably, multiple, members of the Board to meet the criteria for an audit committee financial expert as defined by Securities and Exchange Commission rules, and that a majority of the members of the Board meet the definition of independent director under the rules of the Nasdaq Stock Market, although eGain is currently not subject to Nasdaq listing requirements. The Nominating and Corporate Governance Committee also believes it is appropriate for certain members of management to serve on the Board. When evaluating a candidate for the Board, the Nominating and Corporate Governance Committee does not assign specific weight to any of these factors nor does it believe that all of the criteria necessarily apply to every candidate. A director's qualifications in light of the above-mentioned criteria is considered at least each time the director is nominated or re-nominated for Board membership.

Identifying and Evaluating Director Nominees

The Nominating and Corporate Governance Committee considers candidates for Board membership suggested by Board members and management of the Company. The Nominating and Corporate Governance Committee will consider persons recommended by the Company's stockholders in the same manner as a nominee recommended by Board members, management, or a third-party executive search firm. A stockholder who wishes to suggest a prospective nominee for the Board should notify eGain's Secretary or any member of the Nominating and Corporate Governance Committee in writing with any supporting material the stockholder considers appropriate. After completing the evaluation and review, the Nominating and Corporate Governance Committee makes a recommendation to the full Board as to the person who should be nominated to the Board, and the Board considers the nominees after evaluating the recommendation and report of the Nominating and Corporate Governance Committee.

Compensation of Directors

Directors of eGain do not currently receive any fees for service on the Board of Directors. Directors are reimbursed for their expenses for each meeting attended. Pursuant to eGain's 1998 Stock Plan, each non-

employee director will receive, if re-elected as a director at the Annual Meeting, an option to purchase 500 shares of common stock at an exercise price equal to the fair market value of the common stock on the date of grant. Such options will vest on the first anniversary of the grant.

Compensation Committee Interlocks and Insider Participation

Messrs. Brown, Darukhanavala and Wolfson, all of whom are non-employee directors, serve as members of the Compensation Committee. None of eGain's executive officers serves as a member of the board of directors or compensation committee of any entity that has one or more of its executive officers serving as a member of eGain's Board of Directors or Compensation Committee.

The Board of Directors recommends a vote FOR election as director of the nominees set forth above.

PROPOSAL 2

PROPOSAL TO APPROVE AND ADOPT THE eGAIN COMMUNICATIONS CORPORATION

2005 STOCK INCENTIVE PLAN

In March 2005, the Board of Directors approved the eGain Communications Corporation 2005 Stock Incentive Plan (the 2005 Stock Plan), subject to the approval of eGain's stockholders at the Annual Meeting. The following summary of the principal features of the 2005 Stock Plan is qualified by reference to the terms of the 2005 Stock Plan, a copy of which is available without charge upon stockholder request to Eric N. Smit, eGain Communications Corporation, 345 East Middlefield Road, Mountain View, California 94043, or by telephone at 650-230-7500.

2005 Stock Plan

The purpose of the 2005 Stock Plan is to assist eGain in the recruitment, retention and motivation of employees and of independent contractors who are in a position to make material contributions to eGain's progress. The 2005 Stock Plan offers a significant incentive to the employees and independent contractors of eGain by enabling such individuals to acquire common stock, thereby increasing their proprietary interest in the growth and success of eGain.

The 2005 Stock Plan provides for the direct award or sale of shares of common stock, stock appreciation rights, stock units and for the grant of both incentive stock options, or ISOs, to purchase common stock intended to qualify for preferential tax treatment under Section 422 of the Internal Revenue Code of 1986, as amended (the Code), and nonstatutory stock options, or NSOs, to purchase common stock that do not qualify for such treatment under the Code. All employees (including officers) of eGain or any subsidiary and any independent contractor who performs services for eGain or a subsidiary are eligible to purchase shares of common stock and to receive awards of shares or grants of NSOs. Only employees are eligible to receive grants of ISOs. As of June 30, 2005, 225 employees were eligible to be considered for the grant of options under the 2005 Stock Plan.

A total of 460,000 shares have been reserved for issuance under the 2005 Stock Plan. If any option, stock appreciation right or stock unit granted under the 2005 Stock Plan expires or terminates for any reason without having been exercised in full, then the unpurchased shares subject to that option or right will once again be available for additional award. As of June 30, 2005, eGain had no outstanding options to purchase its common stock under the 2005 Stock Plan. As of September 22, 2005 the price per share of eGain's common stock was \$0.76 as reported on the over-the-counter bulletin board.

The Compensation Committee has not made any determination with respect to future awards under the 2005 Stock Plan, and any allocation of such awards will be made only in accordance with the provisions of the 2005 Stock Plan. eGain believes that the granting of options is necessary to attract the highest quality personnel as well as to reward and thereby retain existing key personnel. Moreover, the attraction and retention of such personnel is essential to the continued progress of eGain which ultimately is in the interests of eGain's stockholders.

Administration

Edgar Filing: EGAIN COMMUNICATIONS CORP - Form DEF 14A

The 2005 Stock Plan is administered by the Board of Directors and the Compensation Committee. Subject to the limitations set forth in the 2005 Stock Plan, the Compensation Committee has the authority to determine, among other things, to whom options or other awards will be granted and shares will be sold, the number of shares, the term during which an option or other awards may be exercised and the rate at which the options may be exercised and the shares may vest.

Terms and Conditions of Restricted Shares

Each grant of restricted shares under the 2005 Stock Plan will be evidenced by a restricted stock agreement between the recipient and eGain. These restricted shares will be subject to all applicable terms of the 2005 Stock

Plan and may be subject to any other terms that are not inconsistent with the 2005 Stock Plan. The provisions of the various restricted stock agreements entered into under the 2005 Stock Plan need not be identical.

Terms and Conditions of Options

Stock Option Agreement. Each grant of an option under the 2005 Stock Plan will be evidenced by a stock option agreement between the optionee and eGain. This option will be subject to all applicable terms and conditions of the 2005 Stock Plan and may be subject to any other terms and conditions which are not inconsistent with the 2005 Stock Plan and which the Compensation Committee deems appropriate for inclusion in a stock option agreement. The stock option agreement will specify whether the option is an ISO or an NSO. The provisions of the various stock option agreements entered into under the 2005 Stock Plan need not be identical.

Exercise Price. Each stock option agreement will specify the exercise price of such option as determined by the Compensation Committee. The exercise price of an ISO will not be less than 100% of the fair market value of a share of eGain common stock on the date of grant, except as otherwise provided in the 2005 Stock Plan, and the exercise price of an NSO will not be less 100% of the fair market value of a share of eGain common stock on the date of grant. However, a stock option agreement may specify that the exercise price of an NSO may vary in accordance with a predetermined formula.

Exercisability and Term. Each stock option agreement will specify the date when all or any installment of the option is to become exercisable. The stock option agreement will also specify the term of the option; provided that the term of an ISO will in no event exceed ten years from the date of grant. A stock option agreement may provide for accelerated exercisability in the event of the optionee's death, disability, or retirement or other events and may provide for expiration prior to the end of its term in the event of the termination of the optionee's service.

Exercise of Options Upon Termination of Service. Each stock option agreement will set forth the extent to which the optionee shall have the right to exercise the option following termination of the optionee's service with eGain, and the right to exercise the option of any executors or administrators of the optionee's estate or any person who has acquired such option directly from the optionee by bequest or inheritance.

Payment of Shares

The entire exercise price or purchase price for shares of common stock issued under the 2005 Stock Plan are payable in lawful money of the United States or, pursuant to the 2005 Stock Plan and if permitted by the stock option agreement, any of the following: surrender of stock, services rendered, cashless exercise, exercise and pledge arrangements or promissory note.

Terms and Conditions of Stock Appreciation Rights

SAR Agreement. Each grant of a stock appreciation right, or SAR, under the 2005 Stock Plan will be evidenced by a SAR agreement between the optionee and eGain. Such SAR will be subject to all applicable terms of the 2005 Stock Plan and may be subject to any other terms that are not inconsistent with the 2005 Stock Plan. The provisions of the various SAR agreements entered into under the 2005 Stock Plan need not be identical. SARs may be granted in consideration of a reduction in the optionee's other compensation.

Edgar Filing: EGAIN COMMUNICATIONS CORP - Form DEF 14A

Number of Shares. Each SAR agreement will specify the number of shares of eGain common stock to which the SAR pertains.

Exercise Price. Each SAR agreement will specify an exercise price. A SAR agreement may specify an exercise price that varies in accordance with a predetermined formula while the SAR is outstanding.

Exercisability and Term. Each SAR agreement will specify the date when all or any installment of the SAR is to become exercisable. The SAR agreement will also specify the term of the SAR. A SAR agreement may provide for accelerated exercisability in the event of the optionee's death, disability or retirement or other events and may provide for expiration prior to the end of its term in the event of the termination of the optionee's service. SARs may be awarded in combination with options, and such an award may provide that the SARs will not be exercisable unless the related options are forfeited. A SAR may be included in an ISO only at the time of grant but may be included in an NSO at the time of grant or thereafter. A SAR granted under the 2005 Stock Plan may provide that it will be exercisable only in the event of a change in control of eGain.

Exercise of SARs. Upon exercise of a SAR, the optionee (or any person having the right to exercise the SAR after his or her death) will receive from eGain (a) shares of eGain common stock, (b) cash or (c) a combination of shares and cash, as the Compensation Committee may determine. The amount of cash and/or the fair market value of shares of eGain common stock received upon exercise of SARs will, in the aggregate, be equal to the amount by which the fair market value (on the date of surrender) of the shares of eGain common stock subject to the SARs exceeds the exercise price.

Terms and Conditions of Stock Units

Stock Unit Agreement. Each grant of stock units under the 2005 Stock Plan will be evidenced by a stock unit agreement between the recipient and eGain. Such stock units will be subject to all applicable terms of the 2005 Stock Plan and may be subject to any other terms that are not inconsistent with the 2005 Stock Plan. The provisions of the various stock unit agreements entered into under the 2005 Stock Plan need not be identical. Stock units may be granted in consideration of a reduction in the recipient's other compensation.

Payment for Awards. To the extent that an award is granted in the form of stock units, no cash consideration will be required of the award recipients.

Vesting Conditions. Each award of stock units may or may not be subject to vesting. Vesting will occur, in full or in installments, upon satisfaction of the conditions specified in the stock unit agreement. A stock unit agreement may provide for accelerated vesting in the event of the participant's death, disability or retirement or other events. The Compensation Committee may determine, at the time of granting stock units or thereafter, that all or part of such stock units will become vested in the event that a change in control occurs with respect to eGain.

Voting and Dividend Rights. The holders of stock units will have no voting rights. Prior to settlement or forfeiture, any stock unit awarded under the 2005 Stock Plan may, at the Compensation Committee's discretion, carry with it a right to dividend equivalents. Such right entitles the holder to be credited with an amount equal to all cash dividends paid on one share of eGain common stock while the stock unit is outstanding. Dividend equivalents may be converted into additional stock units. Settlement of dividend equivalents may be made in the form of cash, in the form of shares of eGain common stock, or in a combination of both. Prior to distribution, any dividend equivalents which are not paid will be subject to the same conditions and restrictions (including without limitation, any forfeiture conditions) as the stock units to which they attach.

Form and Time of Settlement of Stock Units. Settlement of vested stock units may be made in the form of (a) cash, (b) shares of eGain common stock or (c) any combination of both, as determined by the Compensation Committee. The actual number of stock units eligible for settlement may be larger or smaller than the number included in the original award, based on predetermined performance factors. Methods of converting stock units into cash may include (without limitation) a method based on the average fair market value of shares of eGain common stock over a series of trading days. Vested stock units may be settled in a lump sum or in installments. The distribution may occur or commence when all vesting conditions applicable to the stock units have been satisfied or have lapsed, or it may be deferred to any later date. The amount of a deferred distribution may be increased by an interest factor or by dividend equivalents.

Amendment and Termination

The 2005 Stock Plan may be amended or terminated at any time by the Board of Directors, subject to applicable laws.

Effect of Certain Corporate Events

In the event of a subdivision of the outstanding common stock or a combination or consolidation of the outstanding common stock (by reclassification or otherwise) into a lesser number of shares, a spin-off or a similar occurrence, or declaration of a dividend payable in common stock, in cash, the Compensation Committee will make adjustments in the number and/or exercise price of options and/or the number of shares available under the 2005 Stock Plan, as appropriate.

In the event of a merger or other reorganization, outstanding options will be subject to the agreement of merger or reorganization. Such agreement will provide for the assumption of outstanding options by the surviving corporation or its parent, for their continuation by eGain (if eGain is the surviving corporation), for payment of a cash settlement equal to the difference between the amount to be paid for one share under the agreement of merger or reorganization and the exercise price for each option, or for the acceleration of the exercisability of each option followed by the cancellation of options not exercised, in all cases without the optionees' consent.

California Law Compliance

The 2005 Stock Plan contains provisions designed to make such Plan comply with the requirements of the California Corporations Code.

Certain Federal Income Tax Consequences of Options Under the 2005 Stock Plan

Incentive stock options granted under the 2005 Stock Plan will be afforded favorable federal income tax treatment under the Code. If an option is treated as an incentive stock option, the optionee will recognize no income upon grant or exercise of the option unless the alternative minimum tax rules apply. Upon an optionee's sale of the shares (assuming that the sale occurs more than two years after grant of the option and more than one year after exercise of the option), any gain will be taxed to the optionee as long-term capital gain. If the optionee disposes of the shares prior to the expiration of either of the above holding periods, then the optionee will recognize ordinary income in an amount generally measured as the difference between the exercise price and the lower of the fair market value of the shares at the exercise date or the sale price of the shares. Any gain recognized on such a premature sale of the shares in excess of the amount treated as ordinary income will be characterized as capital gain.

All other options granted under the 2005 Stock Plan will be nonstatutory stock options and will not qualify for any special tax benefits to the optionee. An optionee will not recognize any taxable income at the time he or she is granted a nonstatutory stock option. However, upon exercise of the nonstatutory stock option, the optionee will recognize ordinary income for federal income tax purposes in an amount generally measured as the excess of the then fair market value of each share over its exercise price. Upon an optionee's resale of such shares, any difference between the sale price and the fair market value of such shares on the date of exercise will be treated as capital gain or loss and will generally qualify for long term capital gain or loss treatment if the shares have been held for more than one year. The Code provides for reduced tax rates for long term capital gains based on the taxpayer's income and the length of the taxpayer's holding period.

The recipient of a restricted share award will generally recognize ordinary compensation income when such shares are no longer subject to a substantial risk of forfeiture, based on the excess of the value of the shares at that time over the price, if any, paid for such shares. However, if the recipient makes a timely election under the

Code to be subject to tax upon the receipt of the shares, the recipient will recognize ordinary compensation income at that time equal to the fair market value of the shares over the price paid, if any, and no further ordinary compensation income will be recognized when the shares vest.

In the case of an exercise of a stock appreciation right or an award of stock units, the recipient will generally recognize ordinary income in an amount equal to any cash received and the fair market value of any shares received on the date of payment or delivery.

We are generally entitled to a deduction for Federal income tax purposes equal to the amount of ordinary compensation income recognized by the recipient of an award at the time such income is recognized.

The foregoing does not purport to be a complete summary of the federal income tax considerations that may be relevant to holders of options or restricted shares, or to eGain. It also does not reflect provisions of the income tax laws of any municipality, state or foreign country in which an optionee may reside, nor does it reflect the tax consequences of an optionee's death.

The above description of tax consequences is based upon federal tax laws and regulations and does not purport to be a complete description of the federal income tax aspects of the 2005 Stock Plan.

**REPORT OF THE COMPENSATION COMMITTEE
OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION**

The following report on executive compensation is provided by the Compensation Committee of the Board of Directors (the Compensation Committee) to assist stockholders in understanding the committee's objectives and procedures in establishing the compensation of eGain's executive officers and describes the basis on which it made fiscal 2005 compensation determinations. The Compensation Committee is currently comprised of three non-employee directors. In making its determinations, the Compensation Committee relied, in part, on independent surveys and public disclosures of compensation of management of companies in the ecommerce software industry.

Compensation Objectives

The Compensation Committee believes that compensation of eGain's executive officers should:

- encourage creation of stockholder value and achievement of strategic corporate objectives by providing management with longer term incentives through equity ownership by management;
- provide a competitive total compensation package that enables eGain to attract and retain, on a long-term basis, high caliber personnel;
- provide total compensation opportunity that is competitive with companies in eGain's industry, taking into account relative company size, performance and geographic location as well as individual responsibilities and performance; and
- provide fair compensation consistent with internal compensation programs.

Key Elements of Executive Compensation

The compensation of executive officers is based upon eGain's financial performance as well as an evaluation of eGain's progress in the achievement of certain business objectives, including the execution of corporate and collaborative agreements, the expansion of eGain's business and the attainment of certain operational and research and development milestones in eGain's technology development programs, as well as the achievement of individual business objectives by each executive officer. eGain's existing compensation structure for executive officers generally includes a combination of salary and stock options and may include cash bonuses for performance determined to be deserving of such bonuses by the Compensation Committee.

Salary. Salary levels are largely determined through comparisons with companies of similar headcount and market capitalizations or complexity in the ecommerce software industry. Actual salaries are based on individual performance contributions within a competitive salary range for each position that is established through job evaluation of responsibilities and market comparisons. The Compensation Committee, on the basis of its knowledge of executive compensation in the industry, believes that eGain's salary levels for the executive officers, other than Mr. Roy, are at a level that the Compensation Committee, at the time such salary determinations were made, considered to be reasonable and necessary given eGain's financial resources and the stage of its development. Mr. Roy's salary was set at \$24 per annum at his request beginning October 2003. The Compensation Committee reviews salaries on an annual basis. At such time, the Compensation Committee may change each executive officer's salary based on the individual's contributions and responsibilities over the prior 12 months and changes in median comparable

company pay levels.

Stock Options. The Compensation Committee believes that by providing those persons who have substantial responsibility for the management and growth of eGain with an opportunity to increase their ownership of eGain stock through stock option grants, the interests of stockholders and executive officers will be closely aligned. Therefore, executive officers are eligible to receive stock options when the Compensation Committee performs its annual salary review; although the Stock Option Committee, at its discretion, may grant

options at other times in recognition of exceptional achievements. The number of shares underlying stock options granted to executive officers is based on competitive practices in the industry as determined by independent surveys and the Compensation Committee's knowledge of industry practice.

Chief Executive Officer Compensation

Ashutosh Roy is eGain's Chief Executive Officer. From the beginning of fiscal year 2004 through October 15, 2003, Mr. Roy's salary was \$100,000 per annum. In October 2003 at the request of Mr. Roy, the Compensation Committee reduced Mr. Roy's salary to \$24.00 per annum. Mr. Roy made this request in light of the continued difficult economic environment surrounding eGain's industry and as part of eGain's commitment to reduce its expense and pursue profitability.

eGain's policy is generally to qualify compensation paid to executive officers for deductibility under Section 162(m) of the Internal Revenue Code. However, eGain reserves the discretion to pay compensation to its executive officers that may not be deductible.

Mr. Roy is a member of the Board of Directors, but did not participate in matters involving the evaluation of his own performance or the setting of his own compensation.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee of the Board of Directors (the "Audit Committee") operates under a written charter adopted by the Board of Directors on April 24, 2001. The current members of the Audit Committee are Mark A. Wolfson, David G. Brown and Phiroz P. Darukhanavala, each of whom meets the independence standards established by The Nasdaq Stock Market.

The Audit Committee performs the following activities:

- overseeing eGain's financial reporting process on behalf of the Board of Directors; and
- providing independent, objective oversight of eGain's accounting functions and internal controls.

The Audit Committee reviewed and discussed the audited financial statements contained in the 2005 Annual Report on Form 10-K with eGain's management and its independent auditors. Management is responsible for the financial statements and the reporting process, including the system of internal controls. The independent auditors are responsible for expressing an opinion on the conformity of those financial statements with accounting principles generally acceptable in the United States.

The Audit Committee met privately with the independent auditors, and discussed issues deemed significant by the auditors, including those required by Statement on Auditing Standards No. 61 (Codification of Statements on Auditing Standards), as amended. In addition, the Audit Committee discussed with the independent auditors their independence from eGain and its management, including the matters in the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with the Audit Committees). The Audit Committee also considered BDO's provision of non-audit services to eGain and determined that such provision of such services was compatible with maintaining the independence of BDO.

In reliance on the reviews and discussions outlined above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in eGain's Annual Report on Form 10-K for the fiscal year ended June 30, 2005, for filing with the Securities and Exchange Commission.
