**Item 3.01 Notice of Delisting or Failure to Satisfy a Continued Listing Rule or Standard; Transfer of Listing.**

On March 17, 2006, Power Integrations, Inc. ( "Power Integrations" ) received a written Staff Determination notice from the Nasdaq National Market stating that Power Integrations is not in compliance with Nasdaq's Marketplace Rule 4310(c)(14) because Power Integrations has not timely filed its Report on Form 10-K for the year ended December 31, 2005. Power Integrations issued a press release on March 17, 2006 disclosing its receipt of this notice from Nasdaq. A copy of the press release is attached hereto as Exhibit 99.1 and is incorporated by reference herein.

As previously disclosed, on March 13, 2006 Power Integrations announced that its filing of Form 10-K for the year ended December 31, 2005 would be delayed to allow for completion of an ongoing internal investigation of company practices related to stock option grants to officers and directors and related matters. On March 16, 2006, Power Integrations filed Form 12b-25 with the Securities and Exchange Commission relating to the late filing of its Form 10-K for 2005. The information in Power Integrations' Form 12b-25 is incorporated by reference herein.

Power Integrations intends to request a hearing before a Nasdaq Listing Qualifications Panel to review the Staff Determination notice. Delisting will be stayed pending a decision by the hearing panel. There can be no assurance that the hearing panel will grant Power Integrations' request for continued listing.

**FORWARD LOOKING STATEMENTS**

This Form 8-K contains statements that are forward-looking in nature, including statements about the status of the listing of Power Integrations securities on Nasdaq National Market. These statements are just predictions and involve risks and uncertainties, such that actual results may differ significantly. These risks include, but are not limited to, the possibility that Nasdaq may reject Power Integrations' requests, and as a result, delist Power Integrations' common stock; in the event that Power Integrations is successful in obtaining its requests from Nasdaq, Power Integrations may still not be able to file the requisite periodic reports on a timely basis or otherwise comply with the Nasdaq listing requirements, which may also result in the delisting of Power Integrations' common stock. Additional risk factors associated with Power Integrations' business are explained in its annual report on Form 10-K, filed with the SEC on March 16, 2005, and its quarterly report on Form 10-Q, filed on November 7, 2005.
