Entravision Communications Corporation

2001 Employee Stock Purchase Plan

Santa Monica, California

We have audited the accompanying statements of net assets available for benefits of the Entravision Communications Corporation 2001 Employee Stock Purchase Plan as of December 31, 2005 and 2004, and the related statements of changes in net assets available for benefits for the years ended December 31, 2005, 2004 and 2003. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Entravision Communications Corporation 2001 Employee Stock Purchase Plan as of December 31, 2005 and 2004, and the changes in net assets available for benefits for the years ended December 31, 2005, 2004 and 2003, in conformity with U.S. generally accepted accounting principles.

**2001 EMPLOYEE STOCK PURCHASE PLAN**

**NOTES TO FINANCIAL STATEMENTS**

**Note 1. Description of Plan**

The Entravision Communications Corporation 2001 Employee Stock Purchase Plan (the Plan) is a self-funded contributory stock purchase plan that provides employees the option to purchase Entravision Communications Corporation (Plan sponsor) Class A Common Stock (the stock) at a discounted price.

General: The Plan was adopted by the Board of Directors of the Plan sponsor on April 4, 2001 to allow eligible employees to purchase Plan sponsor stock (initially 600,000 shares in the aggregate plus an additional 600,000 shares, beginning January 2002, each calendar year for ten calendar years subject to adjustment as provided in the Plan). Eligible employees are employees of the Plan sponsor or any of its designated subsidiaries who have completed at least six months of continuous service as an employee as of an offering date. Two offering periods commence in each calendar year. The offering periods consist of the six-month periods commencing on each February 15 and August 15, during which periods eligible participants may elect to have deducted a portion of their compensation to purchase shares of stock at the end of such offering period. The purchase price of the stock is 85% of the lower of the day preceding the beginning-of-period or end-of-period closing market price. Fair market value is defined as the closing price as reported by the New York Stock Exchange for such date.

A participant may withdraw from the Plan at any time before the last day of any offering period. Effective December 31, 2005, this provision was amended as further discussed in Note 4. Unless a participant has previously withdrawn from the Plan, shares are issuable on the last day of each offering period. No fractional shares are issued, and any remaining participant balance is carried forward to the next offering period.

Contributions: Contributions to the Plan are made by the participants based on the amount participants elect to have deducted, not to exceed 15% of their compensation. However, no participant may purchase more than 25,000 shares of stock during any offering period. In addition, no participant can purchase stock with a fair market value in excess of \$25,000 per calendar year. Contributions are made through payroll deductions. The Plan's first offering period commenced on August 15, 2001 and has had eight completed periods as of December 31, 2005, in which an aggregate of 445,775 shares of stock were purchased for participants.

Distributions: Upon written request, participants may withdraw their total contributions in cash and without interest at any time prior to the last day of an offering period. Effective December 31, 2005, this provision was amended as further discussed in Note 4. Upon termination of employment for any reason, including death, participation in the Plan terminates immediately and all amounts deducted for such a participant prior to the end of the offering period will be returned in cash and without interest.

Administrative expenses: The Compensation Committee of the Board of Directors of the Plan sponsor administers the Plan. The expenses of administering the Plan are paid by the Plan sponsor.

Vesting and termination: At all times, participants have fully-vested, non-forfeitable rights to all amounts deducted from their compensation. The Plan may be terminated or amended by the Board of Directors of the Plan sponsor at any time, except that it may not increase the number of shares of stock subject to the Plan other than as described above.

Plan accounts: The Plan sponsor maintains Plan accounts on its books in the name of each participant during each offering period. Amounts deducted from a participant's compensation are credited to the participant's Plan account. Such amounts are not held in a separate trust and may be commingled with the Plan sponsor's general assets. No interest is credited on such accounts.

**2001 EMPLOYEE STOCK PURCHASE PLAN**

**NOTES TO FINANCIAL STATEMENTS (Continued)**

**Note 2. Summary of Significant Accounting Policies**

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Purchases of stock: Payments for the purchase of Plan sponsor stock are recorded when the purchases are made at the end of each semi-annual offering period.

Participant contributions: Participant contributions, as well as a related receivable from the Plan sponsor, are recorded when amounts are deducted from participants' compensation for the purchase of Plan sponsor stock.

Distributions due to participants: Participants may withdraw their contributions to the Plan up to the last day of any offering period and, effective December 31, 2005, only at the beginning of an offering period; therefore, all participant contributions not previously expended for stock purchases are recorded as a liability.

Use of estimates: The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

**Note 3. Income Taxes**

The right to purchase shares of stock under the Plan is intended to constitute an option granted by the Plan sponsor pursuant to an employee stock purchase plan within the meaning of Section 423 of the Internal Revenue Code, and such shares, for income tax purposes, shall be treated in accordance with the provisions thereof.

Participants are not considered to have income for federal income tax purposes as a result of their purchasing shares under the plan. Amounts deducted from participants' compensation do not reduce the amount of their income for tax purposes.

**Note 4. Plan Amendment**

Effective December 31, 2005, the Board of Directors of the Plan sponsor approved certain amendments to the Plan. The amendments provide that participants in the Plan may change their payroll withholding elections or withdraw from the Plan only at the beginning of an offering period, and may no longer change their payroll withholding elections or withdraw from the Plan during an offering period.

**SIGNATURES**

Pursuant to the requirements of the Securities Exchange Act of 1934, the trustees (or other persons who administer the employee benefit plan) have duly caused this annual report to be signed on its behalf by the undersigned hereunto duly authorized.
