The Plan Administrator

UnumProvident 401(k) Retirement Plan

We have audited the accompanying statements of net assets available for benefits of UnumProvident 401(k) Retirement Plan as of December 31, 2005 and 2004, and the related statement of changes in net assets available for benefits for the year ended December 31, 2005. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2005 and 2004, and the changes in its net assets available for benefits for the year ended December 31, 2005, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2005 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

Notes to Financial Statements

December 31, 2005

1. Description of the Plan

The following description of the UnumProvident 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers all domestic employees of UnumProvident Corporation and its subsidiaries (UnumProvident or the Company). Participants who are regularly scheduled to work at least nineteen hours per week are eligible to participate in the Plan. Participants become eligible for employer-matching contributions after the completion of 1,000 hours in a 12 month eligibility computation period. The Plan sponsor is UnumProvident. The purpose of the Plan is to provide covered employees a qualified plan that meets the requirements of sections 401(a) and 401(k) of the Internal Revenue Code (the Code) of 1986. The Plan is administered by a Benefit Finance Committee (the Committee), which is responsible for overseeing the administration and operation of the Company's qualified benefit plans. Members of the Committee are appointed by the Compensation Committee of the Company's Board of Directors. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended.

Contributions

Dependent upon the employee's annual earnings, eligible employees may elect to contribute 1% to 25% of their annual compensation, including incentive payouts, on a pretax basis. Participants who have attained age 50 by the end of the Plan year may elect to contribute additional amounts on a pre-tax basis subject to certain limitations under the Code. UnumProvident matches 100% of participant contributions, excluding catch-up contributions, up to 3% of each participant's pay period compensation contributed, plus 50% of participant contributions on the next 2% of the participant's pay period compensation contributed, for a maximum match of 4% after one year of service, as defined. In addition, participants may receive a discretionary contribution at the election of the Board of Directors of UnumProvident. Contributions are limited to the maximum amount allowable under the Code.

1. Description of the Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions, Plan earnings and loan fees, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Employer and employee contributions plus actual earnings thereon are immediately 100% vested at the date of contribution.

Participant Notes Receivable

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one year to a maximum of five years. The loans are secured by the balance in the participant's account and bear interest at a rate equal to the prime rate as published in *The Wall Street Journal* on the last business day of the month immediately preceding the month in which the loan is approved plus 1%. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits

Participants may receive lump-sum distributions upon financial hardship, termination of employment, retirement, disability or death.

Administrative Expenses

Generally, costs of investment administration were paid by the Plan. Other administrative expenses, including accounting and auditing fees, were paid by UnumProvident.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will remain 100% vested in their accounts.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, which equals the quoted market price on the last business day of the Plan year. The shares of registered investment companies are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end. Investments in common stock of the Company are based on the closing market price of the Company's common stock. The participant notes receivable are valued at their outstanding balances, which approximate fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. Investments

During the year ended December 31, 2005, the Plan's investments (including investments purchased, sold, and held during the year) appreciated in fair value as determined by quoted market prices as follows:

Common stock	\$ 10,721,307
Mutual funds	21,430,310
	\$ 32,151,617

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated September 10, 2003, stating that the Plan is qualified under section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the Internal Revenue Service, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan sponsor believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax-exempt.

7. Fund Replacement

In 2005, the Plan replaced the following funds due to underperformance or for funds with lower fees:

Original Fund	Replacement	Reason
PIMCO Total Return Administrative Class	PIMCO Total Return Institutional Class	Fees
Fidelity Equity Income	John Hancock Classic Value I Fund	Performance
