Item 8.01. Other Events

On July 7, 2006, Green Plains Renewable Energy, Inc. announced a proposed public offering of Company securities pursuant to an effective shelf registration statement. The offering has not been priced. The Company is offering an indeterminate number of shares of common stock with a maximum aggregate purchase price of \$100,000,000. Each share purchased includes a warrant to purchase 1/5th of an additional share of common stock from the Company at a purchase price of \$60.00 per share. The warrants contain a call option that can be exercised on twenty trading days notice, and the warrants can otherwise be exercised at any time through December 31, 2008. The Company may not, however, exercise this call option unless the closing price of our common stock equals or exceeds \$72 per share for the twenty (20) consecutive trading days immediately prior to the exercise of the call option. Up to \$50,000,000 of the securities are offered on a best efforts basis directly through our officers and directors. The remaining securities are offered on a best efforts basis through our lead placement agent, Anderson & Strudwick, Incorporated, and selected dealers that are members in good standing of the National Association of Securities Dealers, Inc.

The offering of the securities will be effected by means of a prospectus, as may be supplemented from time to time, that has been filed with the SEC. The form of the Placement Agent Agreement, Escrow Agreement, and Warrant Certificate to be utilized in connection with the offering are attached as exhibits hereto and are incorporated by reference herein. A copy of the form of a subscription agreement that may be used in connection with sales of securities in the offering directly through officers and directors is also filed as an exhibit hereto and is incorporated by reference herein.
