CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus, the accompanying prospectus supplement and the documents incorporated by reference herein and therein may contain forward-looking statements within the meaning of Section 27A of the Securities Act and Section 21E of the Exchange Act. They can be identified by the use of forward-looking words, such as may, could, estimate, project, forecast, intend, expect, believe, target, guidance or other comparable words, or by discussions of strategy that may involve risks and uncertainties. We caution you that these forward-looking statements are only predictions, which are subject to risks and uncertainties that could cause actual results to differ materially from those in the forward-looking statements. Some factors that could cause actual results to differ include:

the effects of vigorous competition, including the impact of competition on the price we are able to charge customers for services we provide and our ability to attract new customers and retain existing customers; the overall demand for our service offerings, including the impact of decisions of new subscribers between our post-paid and prepaid services offerings and between our two network platforms; and the impact of new, emerging and competing technologies on our business;

the impact of overall wireless market penetration on our ability to attract and retain customers with good credit standing and the intensified competition among wireless carriers for those customers;

the uncertainties related to the benefits of our merger with Nextel Communications, Inc., including anticipated synergies and cost savings and the timing thereof;

the potential impact of difficulties we may encounter in connection with the integration of the pre-merger Sprint and Nextel businesses, and the integration of the businesses and assets of certain of the third party affiliates, or PCS Affiliates, that provide wireless personal communications services, or PCS, under the Sprint® brand that we have acquired, and Nextel Partners, Inc., including the risk that these difficulties could prevent or delay our realization of the cost savings and other benefits we expect to achieve as a result of these integration efforts and the risk that we will be unable to continue to retain key employees;

the uncertainties related to the implementation of our business strategies, investments in our networks, our systems, and other businesses, including investments required in connection with our planned deployment of a next generation broadband wireless network;

the costs and business risks associated with providing new services and entering new geographic markets, including with respect to our development of new services expected to be provided using the next generation broadband wireless network that we plan to deploy;

the impact of potential adverse changes in the ratings afforded our debt securities by ratings agencies;

the ability of our wireless segment to continue to grow and improve profitability;

the ability of our long distance segment to achieve expected revenues;

the effects of mergers and consolidations and new entrants in the communications industry and unexpected announcements or developments from others in the communications industry;

unexpected results of litigation filed against us;

the inability of third parties to perform to our requirements under agreements related to our business operations;

no significant adverse change in Motorola, Inc.'s ability or willingness to provide handsets and related equipment and software applications or to develop new technologies or features for our integrated Digital Enhanced Network, or iDEN[®], network;

the impact of adverse network performance, including, but not limited to, any performance issues resulting from reduced network capacity and other adverse impacts resulting from the reconfiguration of the 800 megahertz, or MHz, band used to operate our iDEN network, as contemplated by the Federal Communications Commission's, or FCC's, Report and Order, released in August 2004 as supplemented thereafter;

the costs of compliance with regulatory mandates, particularly requirements related to the FCC's Report and Order, deployment of enhanced 911, or E911, services on the iDEN network and privacy-related matters;

equipment failure, natural disasters, terrorist acts, or other breaches of network or information technology security;

one or more of the markets in which we compete being impacted by changes in political or other factors such as monetary policy, legal and regulatory changes or other external factors over which we have no control; and

other risks referenced from time to time in our filings with the SEC, including our Form 10-K for the year ended December 31, 2005, as amended, in Part I, Item 1A, Risk Factors, as well as in Exhibit 99.1 to our Form 8-K filed September 18, 2006, each of which is incorporated herein.

RATIO OF EARNINGS TO FIXED CHARGES AND RATIO OF EARNINGS TO COMBINED FIXED CHARGES AND PREFERRED STOCK DIVIDENDS

For purposes of calculating the ratios,

(i) earnings include:

income (loss) from continuing operations before income taxes, less the effect of

equity in the net earnings (losses) of less-than-50% owned entities, and

capitalized interest; and

amortization of debt issuance costs; and

the interest component of operating rents.

USE OF PROCEEDS

Unless otherwise described in a prospectus supplement, we intend to use the net proceeds from the sale of securities under this prospectus for general business purposes, which may include, among other things, network expansion or enhancement, financing acquisitions, repurchasing our outstanding debt and equity securities, debt service requirements and redemptions of long-term debt, or for other general working capital requirements. Until we apply the proceeds from a sale of securities to their intended purposes, we may invest those proceeds.

DESCRIPTION OF SPRINT NEXTEL COMMON STOCK

This section describes the general terms and provisions of our common stock. The prospectus supplement relating to any offering of common stock, or other securities convertible into or exchangeable or exercisable for common stock, will describe more specific terms of the offering of common stock or other securities, including the number of shares offered, the initial offering price, and market price and dividend information.

The summary set forth below does not purport to be complete and is subject to and qualified in its entirety by reference to our amended and restated articles of incorporation and amended and restated bylaws, each of which is incorporated by reference as an exhibit to the registration statement of which this prospectus is a part. We encourage you to read our articles of incorporation and bylaws for additional information before you purchase any shares of our common stock.

General

Our articles of incorporation provide that we may issue up to 6,000,000,000 shares of series 1 common stock, par value \$2.00 per share; 500,000,000 shares of series 2 common stock, par value \$2.00 per share (together with the series 1 common stock, the Voting Common Stock); and 100,000,000 shares of non-voting common stock, par value \$0.01 per share. As of October 31, 2006, 2,777,478,227 shares of series 1 common stock, 79,831,333 shares of series 2 common stock and 37,594,109 shares of non-voting common stock were outstanding.

Voting Powers

General

Except as otherwise provided by law, as set forth in our articles of incorporation or as otherwise provided by the terms of any outstanding non-voting common stock or any outstanding series of preferred stock, the holders of series 1 common stock and series 2 common stock will vote together with the holders of all other classes or series of capital stock that have general voting power on all matters as a single class. The holders of series 1 common stock and series 2 common stock, voting together as a separate class, are entitled to vote on a proposed amendment to our articles of incorporation if the amendment would:

increase or decrease the number of authorized shares of series 1 common stock or series 2 common stock;

increase or decrease the par value of the shares of series 1 common stock or series 2 common stock; or

alter or change the powers, preferences or special rights of the shares of series 1 common stock or series 2 common stock so as to affect them adversely.

Except as otherwise provided by law or as described below, the holders of non-voting common stock will have no right to vote on any matter. Our articles of incorporation provide that the holders of non-voting common stock have the right to vote, as a separate class, on any fundamental change in which shares of non-voting common stock would be treated differently from shares of series 1 common stock. A fundamental change is any

merger, consolidation, reorganization of us or reclassification by us of our shares of capital stock, any amendment to our articles of incorporation or any liquidation, dissolution or winding up of us. However, the holders of the non-voting common stock do not have the right to vote on a fundamental change in which the only difference in treatment is that the holders of series 1 common stock would be entitled to receive equity securities with full voting rights and the holders of non-voting common stock would be entitled to receive equity securities that have voting rights substantially identical to the voting rights of the non-voting common stock and that are convertible:

with respect to holders of non-voting common stock other than Motorola, upon any Voting Conversion Event (as defined below under Optional Conversion of Non-voting Common Stock); or

with respect to Motorola, upon any distribution, disposition or sale, or upon a Motorola Conversion Event (as defined below under Optional Conversion of Non-voting Common Stock),
in each case on a share-for-share basis into the voting securities to which the holders of the series 1 common stock are entitled, but which are otherwise identical to those voting securities.

References to Motorola mean Motorola, Inc., a Delaware corporation, or any affiliate thereof.

Votes Per Share

Except as specified below, on each matter to be voted on by the holders of series 1 common stock and series 2 common stock:

each outstanding share of series 1 common stock is entitled to one vote per share; and

each outstanding share of series 2 common stock is entitled to 1/10 of a vote per share.

In any vote in which the series 1 common stock and series 2 common stock are entitled to vote together as a separate class and are voting as a separate class, each share is entitled to one vote; except that in any vote in which the holders of series 1 common stock and series 2 common stock vote together as a separate class solely because the shares of series 1 common stock and series 2 common stock are the only voting securities of ours that are outstanding, or are the only securities of ours entitled to vote on the matter, and neither the law nor our articles of incorporation entitle the series 1 common stock and series 2 common stock to vote as a separate class, the vote per share as described in the paragraph immediately above will apply.

In addition, (1) if shares of only one series of Voting Common Stock are outstanding on the record date for determining the holders of Voting Common Stock entitled to vote on any matter, then each share of the outstanding series is entitled to one vote and (2) if either the series 1 common stock or series 2 common stock votes as a single class with respect to any matter, each share of that series is, for purposes of that vote, entitled to one vote on that matter.

In any vote in which the holders of the non-voting common stock are entitled to vote together as a separate class, each share of non-voting common stock is entitled to one vote.

Cumulative Voting

Our shareholders are not entitled to cumulative voting of their shares in elections of directors.

Liquidation Rights

In the event of our voluntary or involuntary liquidation, dissolution or winding up, the prior rights of creditors and the aggregate liquidation preference of any preferred stock then outstanding must first be satisfied. The holders of series 1 common stock, series 2 common stock and non-voting common stock would be entitled to

share in our remaining assets on a pro rata basis. Neither the merger nor consolidation of us, nor the transfer of all or part of our assets, shall be deemed to be a voluntary or involuntary liquidation, dissolution or winding up of us within the meaning of this paragraph.

Dividends

Generally

Dividends on our series 1 common stock, series 2 common stock and the non-voting common stock, which we refer to collectively as our common stock, may be declared and paid only out of the funds of the company legally available therefor.

The per share dividends on our common stock, when and if declared, will be an equivalent amount for all classes and series of our common stock and will be payable on the same date, except that if a dividend is paid in shares of our common stock, or in options, warrants or rights to acquire our common stock, or in securities convertible into or exchangeable into our common stock, the dividend on each series or class of our common stock will be paid in shares of that series or class of stock, or options, warrants or rights to acquire shares of that series or class of common stock, or securities convertible into or exchangeable for shares of that series or class of common stock.

Share Distributions

The board of directors may declare and pay dividends or distributions of shares of our common stock (or securities convertible into or exchangeable or exercisable for shares of our common stock) on shares of our common stock or preferred stock only as follows:

dividends or distributions of shares of series 1 common stock (or securities convertible into or exchangeable or exercisable for shares of series 1 common stock) on shares of series 1 common stock, as well as on preferred stock;

dividends or distributions of shares of series 2 common stock (or securities convertible into or exchangeable or exercisable for shares of series 2 common stock) on shares of series 2 common stock, as well as on preferred stock; and

dividends or distributions of shares of non-voting common stock (or securities convertible into or exchangeable or exercisable for shares of non-voting common stock) on shares of non-voting common stock, as well as on preferred stock.

Preemptive Rights

No holder of shares of any class or series of our capital stock or holder of any security or obligation convertible into shares of any class or series of our capital stock has any preemptive right to subscribe for, purchase or otherwise acquire shares of any class or series of our capital stock.

Redemption of Shares Held By Aliens

Our articles of incorporation permit, by action of the board of directors, the redemption by us of shares of series 1 common stock and series 2 common stock held by aliens if necessary or advisable to comply with the foreign ownership limitations set forth in Section 310 of the U.S. Communications Act of 1934, as amended. The provisions permit series 1 common stock held by aliens to be redeemed at a price equal to the market price (i.e., the closing price of the series 1 common stock on the previous trading day) of the shares on the third business day before mailing the notice of redemption, except that the redemption price with respect to shares of series 1 common stock purchased by any alien after November 21, 1995 and within one year of the redemption date would not, unless otherwise determined by our board, exceed the purchase price paid for those shares by the alien. The provisions also permit series 2 common stock held by aliens to be redeemed at a price equal to the market price of a share of series 1 common stock on the redemption date.

We will give written notice of the redemption date at least 30 days before the redemption date to the record holders of the shares selected to be redeemed, except that the redemption date may be the date on which notice is given if the cash or redemption securities necessary to effect the redemption have been deposited in trust for the benefit of record holders and are subject to immediate withdrawal by them when they surrender their stock certificates.

The redemption price may be paid in cash, any of our or our subsidiaries' debt or equity securities, or any combination of those securities or any combination of cash and those securities, provided that the securities, together with any cash to be paid as part of the redemption price, will, in the opinion of an investment banking firm of recognized national standing selected by our board of directors, have a market price, at the time notice of redemption is given, at least equal to the redemption price.

No Dilution or Impairment; Certain Tender Offers

Our articles of incorporation will not permit us to effect any reclassification, subdivision or combination of the outstanding shares of our common stock (including any reclassification, subdivision or combination effected pursuant to a consolidation, merger or liquidation) unless at the same time shares of all series or classes of our common stock are reclassified, subdivided or combined on an equal per share basis so that the holders of shares of each series or class of common stock:

are entitled, in the aggregate, to the same percentage of the voting power as they had immediately before the reclassification, subdivision or combination; and

maintain all of the rights associated with that series or class of common stock set forth in our articles of incorporation, subject to the limitations, restrictions and conditions on those rights contained in our articles of incorporation.

In the case of any consolidation or merger of us with or into any other entity (other than a merger that does not result in any reclassification, conversion, exchange or cancellation of the series 1 common stock) or any reclassification of the series 1 common stock into any other form of our capital stock, each holder of series 2 common stock will, after the consolidation, merger or reclassification, have the right to convert each share of series 2 common stock held by that holder into the kind and amount of shares of stock and other securities and property which that holder would have been entitled to receive upon the consolidation, merger or reclassification if that holder had converted its shares of series 2 common stock into series 1 common stock immediately before the consolidation, merger or reclassification.

Exclusionary Tender Offers

If the board of directors does not oppose a tender offer by a person other than a Cable Holder (as defined below) for our voting securities representing not less than 35% of our voting power, and the terms of the tender offer do not permit the holders of series 2 common stock to sell an equal or greater percentage of their shares as the holders of series 1 common stock are permitted to sell taking into account any proration, then each holder of series 2 common stock will have the right (but not the obligation) to deliver to us a written notice requesting conversion of certain shares of series 2 common stock designated by that holder into series 1 common stock. Subject to certain limitations set forth in our articles of incorporation, each share of series 2 common stock so designated will automatically convert (without the payment of any consideration) into one duly issued, fully paid and nonassessable share of series 1 common stock.

Cable Holder means, generally, any of Tele-Communications, Inc., a Delaware corporation, Comcast Corporation, a Pennsylvania corporation, or Cox Communications, Inc., a Delaware corporation, or any of their affiliates or successors.

Issuer Tender Offers

We may not conduct an issuer tender offer (as defined in Rule 13e-4 under the Exchange Act) with respect to the series 1 common stock unless:

the tender offer provides for the participation of the holders of series 2 common stock on an equal basis with the series 1 common stock; and

we accept for repurchase the number of shares tendered by the holders of series 1 common stock and series 2 common stock in proportion to the number of shares of each series tendered.

This restriction will not prevent us from administering in good faith an odd-lot program in connection with the issuer tender offer and will not apply to customary acquisitions of series 1 common stock or series 2 common stock made by the company on the open market for purposes of maintaining our stock option plans.

Automatic Conversion of Series 2 Common Stock

Below One Percent Voting Power

If the total number of converted votes (i.e., treating the series 2 common stock as having one vote per share) represented by the aggregate number of issued and outstanding shares of series 2 common stock is below 1% of our outstanding voting power for more than 90 consecutive days (we refer to the date on which the 90-day period ends as the Conversion Trigger Date), then each outstanding share of series 2 common stock will automatically convert into one duly issued, fully paid and nonassessable share of series 1 common stock on the 90th day following the Conversion Trigger Date.

Certain Transfers

When the ownership of shares of series 2 common stock is transferred to someone other than a Cable Holder, each transferred share will automatically convert into one duly issued, fully paid and nonassessable share of series 1 common stock as of the date of the transfer.

Optional Conversion of Non-voting Common Stock

Under the circumstances described below, each share of non-voting common stock is convertible into one duly issued, fully paid and non-assessable share of series 1 common stock. On the occurrence, or expected occurrence, of any Voting Conversion Event (as defined below) with respect to holders of non-voting common stock other than Motorola, or any distribution, disposition or sale by Motorola, each share of non-voting common stock that is being or has been distributed, disposed of or sold will be convertible at the option of the holder into one duly issued, fully paid and nonassessable share of series 1 common stock. In addition, on the occurrence of a Motorola Conversion Event (as defined below), Motorola may, at its option, convert any or all of the shares of non-voting common stock held by it into one duly issued, fully paid and nonassessable share of series 1 common stock.

Voting Conversion Event means:

any public offering or public sale of our securities, including a public offering registered under the Securities Act and a public sale under Rule 144 of the Securities Act;

any sale of our securities to a person or group if, after the sale, that person or group would own or control securities which possess in the aggregate the voting power to elect a majority of the board of directors, if the sale has been approved by our board of directors or a committee of the board;

any sale of our securities to a person or group if, after the sale, that person or group would own or control securities (excluding any non-voting common stock being converted and disposed of in connection with the Voting Conversion Event) that possess in the

aggregate the voting power to elect a majority of our board of directors;

any sale of our securities to a person or group if, after the sale, that person or group would not, in the aggregate, own, control or have the right to acquire more than 2% of the outstanding securities of any class of our voting securities; and

any distribution, disposition or sale of our securities to a person or group in connection with a merger, consolidation or similar transaction if, after the transaction, that person or group would own or control securities that constitute in the aggregate the voting power to elect a majority of the surviving corporation's directors, if the transaction has been approved by our board of directors or a committee of the board.

Motorola Conversion Event means the existence of circumstances that, in Motorola's judgment, constitute or are likely to cause or result in a material adverse development with respect to our and our subsidiaries' business, properties, operations or financial condition and which otherwise cause conversion of the shares of non-voting common stock held by Motorola into shares of Voting Common Stock to be reasonably necessary to protect Motorola's interests as our shareholder, provided that, notwithstanding the foregoing, in no event shall a Motorola Conversion Event be deemed to have occurred unless and until there shall have been a downgrade in our credit rating to below B-, as determined by Standard & Poor's Ratings Services, or B3, as determined by Moody's Investor's Services.

Transfer Agent and Registrar

The transfer agent and registrar for the series 1 common stock and series 2 common stock is UMB Bank, n.a., Kansas City, Missouri.

Anti-takeover Provisions

The Kansas General Corporation Code, or KGCC, and our articles of incorporation and bylaws contain provisions that could discourage or make more difficult a change in control of the company without the support of our board of directors. A summary of these provisions follows.

Vote Required for Certain Business Combinations

Under the KGCC, the board of directors and the holders of a majority of the shares entitled to vote must approve a merger, consolidation or sale of all or substantially all of a corporation's assets. However, unless the corporation provides otherwise in its articles of incorporation, no shareholder vote of a constituent corporation surviving a merger is required if:

the merger agreement does not amend the constituent corporation's articles of incorporation;

each share of stock of the constituent corporation outstanding before the merger is an identical outstanding or treasury share of the surviving corporation after the merger; and

either no shares of common stock of the surviving corporation are to be issued or delivered by way of the merger or, if common stock will be issued or delivered, it will not increase the number of outstanding shares of common stock immediately before the merger by more than 20%.

Our articles of incorporation require that certain business combinations initiated by a beneficial owner of 10% or more of our voting stock, together with its affiliates and associates (collectively an interested shareholder), must be approved by the holders of 80% of the outstanding voting stock, unless (1) approved by a majority of continuing directors at a meeting where at least seven continuing directors are present, or (2) the consideration received by our shareholders in the business combination is not less than the highest price per share paid by the interested shareholder for its shares. The types of business combinations covered by this provision include:

a merger or consolidation of our company or any of our subsidiaries with an interested shareholder or its affiliate;

a sale, lease, exchange, pledge, transfer or other disposition (in one transaction or a series of transactions) of assets with a fair market value of \$1 million or more to or with an interested shareholder or its affiliate;

the issuance or transfer by us or any of our subsidiaries (in one transaction or a series of transactions) of our securities or securities of any of our subsidiaries in exchange for cash, securities or other property having an aggregate fair market value of \$1 million or more to an interested shareholder or its affiliate;

the adoption of a plan or proposal for our liquidation or dissolution proposed by an interested shareholder or its affiliate; or

any reclassification of securities or recapitalization of our company or other transaction that has the effect of increasing the proportionate share of our equity securities or equity securities of any subsidiary owned directly or indirectly by the interested shareholder or its affiliate.

In order to qualify as a continuing director, a director cannot be affiliated with an interested shareholder and must have been a director before the time the interested shareholder became an interested shareholder (or any successor director recommended by a majority of the continuing directors).

Restriction on Purchase of Equity Securities by Sprint Nextel

If the beneficial owner of 5% or more of a class of our equity securities has held any of the securities for less than two years, our articles of incorporation prohibit us from purchasing equity securities of the same class as the securities held for less than two years from the 5% security holder at a premium over market price unless we obtain the approval of the holders of a majority of the voting power of our outstanding capital stock, excluding the shares held by the 5% security holder.

The approval of shareholders is not required in connection with:

any purchase or other acquisition of securities made as part of a tender or exchange offer by us to purchase securities of the same class on the same terms to all holders of those equity securities;

any purchase, redemption, conversion or other acquisition by us of series 2 common stock from a holder of that stock pursuant to the provisions of our articles of incorporation; or

any purchase, redemption, conversion or other acquisition by us of non-voting common stock from a holder of that stock.

Notice Provisions Relating to Shareholder Proposals and Nominees

Our bylaws contain provisions requiring shareholders to give advance written notice to us of a proposal or director nomination in order to have the proposal or the nominee considered at an annual meeting of shareholders. The notice must usually be received not less than 120 days and not more than 150 days before the first anniversary of the preceding year's annual meeting. Under our bylaws, a special meeting of shareholders may be called only by the Chairman of the Board, the Chief Executive Officer and President or the board of directors.

Rights Plan

We have entered into a rights plan with UMB Bank, n.a. The rights plan was designed to provide our board of directors with sufficient time, flexibility and negotiating leverage to adequately evaluate strategic alternatives in an orderly manner as well as to ensure equal and fair treatment of our shareholders. Pursuant to the terms of the rights agreement, one-half of a right is attached to each share of series 1, series 2 and non-voting common stock outstanding.

The rights become exercisable upon the earlier of ten business days after a person or group has acquired, or obtained the right to acquire, in a transaction not approved by our board of directors, 15% or more of our voting power or ten business days after a person or group announces a tender or exchange offer for 15% or more of our voting power. The rights plan includes a permitted offer exception for a tender offer or exchange offer which meets certain criteria including the following:

the offer is for all outstanding shares of our common stock; and

the offer has been determined to be fair to shareholders and otherwise in our and our shareholders' best interests by a majority of our directors who are not our officers after receiving advice from an investment banking firm.

Once the rights become exercisable, all rights owned by the acquiring person, and the acquiring person's affiliates and associates, will be null and void.

If the rights become exercisable as the result of a tender offer, unless redeemed by us, each right will entitle the registered holder to purchase 1/1000th of a share of sixth series preferred stock at an exercise price of \$275, subject to adjustment. Each share of sixth series preferred stock is entitled to a preferential quarterly dividend payment of the greater of \$100 per share or 2,000 times the aggregate per share amount of all dividends declared per share on the series 1 common stock, other than a dividend payable in series 1 common stock, during the preceding quarter. In the event of our liquidation, the holders of shares of sixth series preferred stock will be entitled to a preferential liquidation payment of the greater of \$1,000 per share, plus accrued dividends, or 2,000 times the aggregate amount to be distributed per share of common stock.

Once a person or group acquires 15% or more of the voting power, each right will entitle its holder to purchase, for the exercise price of the right, a number of shares of our Voting Common Stock or non-voting common stock having a market value equal to two times the exercise price of the right, unless the rights are earlier redeemed by us. However, at the option of our board of directors, until such time as an acquiring shareholder owns 50% or more of the voting power, we may exchange each right for two shares of our Voting Common Stock or non-voting common stock.

In addition, if we are acquired in a merger or other business combination transaction after the rights become exercisable, each right will entitle its holder to purchase, for the exercise price of the right, a number of shares of the acquiring entity's common stock having a market value equal to two times the exercise price of the right, unless the rights are earlier redeemed by us.

We may redeem the rights at a price of \$0.01 per right, payable in cash or other consideration deemed appropriate by our board of directors, at any time before the close of business on the 10th business day after a person or group obtains 15% or more of our voting power. The rights agreement and the rights may be amended in any respect by action of our board of directors, and without the approval of the holders of the rights, at any time before the rights become non-redeemable, except that the redemption price cannot be changed. After the rights can no longer be redeemed, our board of directors may not amend the rights agreement or the rights in any respect that would adversely affect the interests of the holders of rights without their approval. The rights expire on June 25, 2007, unless extended or earlier redeemed.

Business Combination Statute

Kansas law contains a business combination statute, which restricts business combinations between a domestic corporation and an interested shareholder. A business combination means one of various types of transactions, including mergers, that increases the proportionate voting power of the interested shareholder. An interested shareholder means any person, or its affiliate or associate, that owns or controls 15% or more of the outstanding shares of the corporation's voting stock.

Under this statute, a domestic corporation may not engage in a business combination with an interested shareholder for a period of three years following the time the interested shareholder became an interested shareholder, unless:

before that time the corporation's board of directors approved either the business combination or the transaction that resulted in the shareholder becoming an interested shareholder;

upon completion of the transaction that resulted in the shareholder becoming an interested shareholder, the interested shareholder owns at least 85% of the corporation's voting stock outstanding at the time the transaction commenced, excluding shares owned by persons who are directors and also officers and shares held by specified employee stock ownership plans; or

at or after that time the business combination is approved by the board of directors and authorized at a shareholders' meeting by the affirmative vote of at least two-thirds of the outstanding voting stock not owned by the interested shareholder.

The business combination restrictions of this statute do not apply if, among other things:

the holders of a majority of the corporation's voting stock approve an amendment to its articles of incorporation or bylaws expressly electing not to be governed by the antitakeover provisions, which election will be effective 12 months after the amendment's adoption and would not apply to any business combination with a person who was an interested shareholder at or before the time the amendment was approved; or

a shareholder becomes an interested shareholder inadvertently and as soon as possible thereafter divests itself of a sufficient number of shares so that such shareholder ceases to be an interested shareholder and would not, at any time within the three-year period immediately before a business combination between the corporation and such interested shareholder, have been an interested shareholder, but for the inadvertent acquisition.

We have not opted out of the Kansas business combination statute.

Control Share Acquisition Statute

Kansas law also contains a control share acquisition statute which provides, unless otherwise provided in a company's articles of incorporation or bylaws, that any person or group must obtain shareholder approval before acquiring any shares of stock of a publicly traded Kansas corporation if, after the acquisition, that person would have a triggering level of voting power, beginning at 20%, as set forth in the statute. We amended our bylaws to opt out of the control share acquisition statute.

Blank Check Preferred

Our articles of incorporation provide for 20,000,000 shares of preferred stock, of which only 3,532,745 have been designated. The existence of authorized but unissued shares of preferred stock may enable our board of directors to render more difficult or to discourage an attempt to obtain control of us by means of a merger, tender offer or otherwise. To the extent our board causes shares of our preferred stock to be issued, the voting or other rights of a potential acquirer might be diluted. Our board of directors has the authority to issue shares of our preferred stock without any action by our shareholders. Any such issuance may have the effect of delaying, deterring or preventing a change of control of us.

DESCRIPTION OF SPRINT NEXTEL PREFERRED STOCK

This section describes the general terms and provisions of our preferred stock. The prospectus supplement relating to any offering of preferred stock, or other securities convertible into or exchangeable or exercisable for preferred stock, will describe more specific terms of the preferred stock being offered, including the designation of the series, the number of shares offered, the initial offering price and any voting, dividend, and liquidation preference rights, and any general terms described in this section that will not apply to those shares of preferred stock.

The summary set forth below does not purport to be complete and is subject to and qualified in its entirety by reference to our articles of incorporation and the certificate of designation relating to the applicable series of preferred stock that we will file with the Kansas Secretary of State, each of which is or will be filed with the SEC and incorporated by reference as an exhibit to the registration statement of which this prospectus is a part. We encourage you to read our articles of incorporation and the applicable certificate of designation for additional information before you purchase any shares of our preferred stock or securities convertible into or exchangeable or exercisable for our preferred stock.

General

Our articles of incorporation authorize the issuance of up to 20,000,000 shares of preferred stock, no par value. The preferred stock may be issued from time to time in one or more series, each of which is to have the voting powers, designation, preferences and relative, participating, optional or other special rights and qualifications, limitations or restrictions thereof as are stated and expressed in our articles of incorporation, or in a resolution or resolutions providing for the issue of that series adopted by our board of directors.

Our board of directors, without further action of our stockholders, has the authority to create one or more series of preferred stock and, with respect to each series, to fix or alter as permitted by law:

the number of shares and the distinctive designation of the series;

the dividend rights;

any redemption rights, terms and prices;

the terms of any retirement or sinking funds;

the rights, terms and prices, if any, by which the shares may be convertible into, or exchangeable for, other shares;

the voting power, if any; and

any other terms, conditions, special rights and protective provisions.

Preferred Stock Sixth Series, Junior Participating

Designation

In connection with the adoption of our rights agreement, our board of directors designated a class of preferred stock as the Preferred Stock-Sixth Series, Junior Participating, which we refer to as the sixth series preferred stock. Our articles of incorporation authorize 3,000,000 shares of the sixth series preferred stock. No shares are currently outstanding. The sixth series preferred stock will only be issued under the circumstances contemplated under Description of Sprint Nextel Common Stock Rights Plan above.

Dividends and Liquidation

Each share of the sixth series preferred stock will be entitled, when declared by our board of directors out of funds legally available, to a preferential quarterly dividend payable in cash on January 1, April 1, July 1 and October 1 of each year in an amount equal to the greater of:

\$100 per share, or

2,000 times the aggregate per share amount of all dividends, other than a dividend payable in series 1 common stock, declared on the series 1 common stock during the preceding quarter.

In the event of our liquidation, dissolution or winding up, the holders of shares of the sixth series preferred stock will be entitled to a preferential liquidation payment equal to the greater of:

\$1,000 per share, plus accrued dividends, or

2,000 times the aggregate amount to be distributed per share of series 1 common stock.

Voting and Other Rights

Each share of the sixth series preferred stock will have 2,000 votes and will vote together with, and on the same matters as, the series 1 common stock and the series 2 common stock.

In the event of any merger, consolidation or other transaction involving us in which shares of series 1 common stock are exchanged for or changed into other stock, securities, cash and/or other property, each share of the sixth series preferred stock will be entitled to receive 2,000 times the amount received per share of series 1 common stock.

The dividend, liquidation, voting and other rights of the sixth series preferred stock are subject to adjustment if there is a dividend on the series 1 common stock paid in shares of series 1 common stock or a subdivision or combination of the shares of series 1 common stock.

Rank

The sixth series preferred stock will rank junior to all other series of the preferred stock as to the payment of dividends and the distribution of assets, unless the terms of any series provide otherwise.

Fractional Shares

Shares of the sixth series preferred stock may be issued in fractions of a share which will entitle the holder, in proportion to that holder's fractional shares, to exercise voting rights, receive dividends, participate in distributions and have the benefit of all other rights of holders of the sixth series preferred stock.

Other Designated Preferred Stock

As of October 31, 2006, the following series of preferred stock were also designated:

300,000 shares of preferred stock-seventh series, convertible; and

232,745 shares of preferred stock-ninth series zero coupon convertible due 2013.

Edgar Filing: SPRINT NEXTEL CORP - Form POSASR

None of these shares are outstanding. We redeemed all of our outstanding shares of preferred stock-seventh series, and we cannot re-issue shares of our preferred stock-seventh series as shares of the same series. In addition, we have no plans to issue new shares of either our preferred stock-seventh series or our preferred stock-ninth series.

DESCRIPTION OF DEPOSITARY SHARES

This section describes the general terms and provisions of shares of our preferred stock represented by depositary shares. The prospectus supplement relating to the offering of depositary shares will describe more specific terms of the depositary shares being offered, including the number of shares offered, the initial offering price and the powers, preferences and other rights of the underlying preferred stock and any general terms outlined in this section that will not apply to those depositary shares.

The summary set forth below does not purport to be complete and is subject to and qualified in its entirety by reference to the applicable deposit agreement (including the depositary receipt), the form of which will be filed with the SEC and incorporated by reference as an exhibit to the registration statement of which this prospectus is a part. We encourage you to read the form of deposit agreement (including the depositary receipt) for additional information before you buy any of our depositary shares.

General

We may, at our option, elect to offer fractional interests in shares of preferred stock, rather than shares of preferred stock. If we exercise this option, we will appoint a depositary to issue receipts for depositary shares, each of which will represent a fraction (to be set forth in the prospectus supplement relating to a particular series of preferred stock) of a share of a particular series of preferred stock as described below.

The shares of any series of preferred stock represented by depositary shares will be deposited under one or more deposit agreements among us, a depositary to be named in the applicable prospectus supplement and the holders from time to time of depositary receipts issued thereunder. Subject to the terms of the applicable deposit agreement, each holder of a depositary share will be entitled, in proportion to the applicable fraction of a share of preferred stock represented by the depositary share, to all the rights and preferences of the preferred stock represented thereby (including, as applicable, dividend, voting, redemption, subscription and liquidation rights).

The depositary shares will be evidenced by depositary receipts issued pursuant to the deposit agreement. Depositary receipts will be distributed to those persons purchasing the fractional shares of the related series of preferred stock.

To the extent that any particular terms of the depositary shares or the deposit agreement described in a prospectus supplement differ from any of the terms described below, then the terms described below will be deemed to have been superseded by that prospectus supplement. The forms of deposit agreement and depositary receipt will be filed with the SEC and incorporated by reference as exhibits to the registration statement of which this prospectus is a part.

Immediately following our issuance of shares of a series of preferred stock that will be offered as fractional shares, we will deposit the shares with the depositary, which will then issue and deliver the depositary receipts to the purchasers thereof. Depositary receipts will be issued evidencing only whole depositary shares. A depositary receipt may evidence any number of whole depositary shares.

Pending the preparation of definitive depositary receipts, the depositary may, upon our written order, issue temporary depositary receipts substantially identical to (and entitling the holders thereof to all the rights pertaining to) the definitive depositary receipts but not in definitive form. Definitive depositary receipts will then be prepared without unreasonable delay, and such temporary depositary receipts will be exchangeable for definitive depositary receipts at our expense.

Dividends and Other Distributions

The depositary will distribute all cash dividends or other cash distributions received in respect of the related series of preferred stock to the record holders of depositary shares relating to the series of preferred stock in proportion to the number of the depositary shares owned by the holders.

In the event of a distribution other than in cash, the depositary will distribute the securities or property received by it to the record holders of depositary shares entitled thereto in proportion to the number of depositary shares owned by the holders, unless the depositary determines that the distribution cannot be made proportionately among the holders or that it is not feasible to make the distributions, in which case the depositary may, with our approval, adopt any method as it deems equitable and practicable for the purpose of effecting the distribution, including the sale (at public or private sale) of the securities or property thus received, and the distribution of the net proceeds. The amount distributed in any of the foregoing cases will be reduced by any amounts required to be withheld by us or the depositary on account of taxes or other governmental charges.

Redemption of Depositary Shares

If any series of the preferred stock underlying the depositary shares is subject to redemption, the depositary shares will be redeemed from the proceeds received by the depositary resulting from any redemption, in whole or in part, of the series of the preferred stock held by the depositary. The redemption price per depositary share will be equal to the applicable fraction of the redemption price per share payable with respect to the series of the preferred stock. If we redeem shares of a series of preferred stock held by the depositary, the depositary will redeem as of the same redemption date the number of depositary shares representing the shares of preferred stock so redeemed. If less than all the depositary shares are to be redeemed, the depositary shares to be redeemed will be selected by lot or substantially equivalent method determined by the depositary.

After the date fixed for redemption, the depositary shares so called for redemption will no longer be deemed to be outstanding and all rights of the holders of the depositary shares will cease, except the right to receive the monies payable upon redemption and any money or other property to which the holders of the depositary shares were entitled upon such redemption, upon surrender to the depositary of the depositary receipts evidencing the depositary shares. Any funds deposited by us with the depositary for any depositary shares that the holders thereof fail to redeem will be returned to us.

Voting the Underlying Preferred Stock

Upon receipt of notice of any meeting at which the holders of any series of the preferred stock are entitled to vote, the depositary will mail the information contained in the notice of meeting to the record holders of the depositary shares relating to the series of preferred stock. Each record holder of the depositary shares on the record date (which will be the same date as the record date for the related series of preferred stock) will be entitled to instruct the depositary as to the exercise of the voting rights pertaining to the number of shares of the series of preferred stock represented by that holder's depositary shares. The depositary will endeavor, insofar as practicable, to vote or cause to be voted the number of shares of preferred stock represented by the depositary shares in accordance with the instructions, provided the depositary receives the instructions sufficiently in advance of the meeting to enable it to so vote or cause to be voted the shares of preferred stock, and we will agree to take all reasonable action that may be deemed necessary by the depositary in order to enable the depositary to do so. The depositary will abstain from voting shares of the preferred stock to the extent that it does not receive specific instructions from the holders of depositary shares representing the preferred stock.

Withdrawal of Stock

Upon surrender of the depositary receipts at the corporate trust office of the depositary and upon payment of the taxes, charges and fees provided for in the deposit agreement and subject to the terms thereof, the holder of the depositary shares evidenced thereby is entitled to delivery at such office, to or upon his or her order, of the number of whole shares of the related series of preferred stock and any money or other property, if any, represented by the depositary shares. Holders of depositary shares will be entitled to receive whole shares of the related series of preferred stock, but holders of the whole shares of preferred stock will not thereafter be entitled to deposit the shares of preferred stock with the depositary or to receive depositary shares therefor. If the depositary receipts delivered by the holder evidence a number of depositary shares in excess of the number of

depository shares representing the number of whole shares of the related series of preferred stock to be withdrawn, the depository will deliver to the holder, upon his or her order, a new depository receipt evidencing the excess number of depository shares.

Amendment and Termination of a Deposit Agreement

The form of depository receipt evidencing the depository shares of any series and any provision of the applicable deposit agreement may at any time and from time to time be amended by agreement between us and the depository. However, any amendment that materially adversely alters the rights of the holders of depository shares of any series will not be effective unless the amendment has been approved by the holders of at least a majority of the depository shares of the series then outstanding. Every holder of a depository receipt at the time the amendment becomes effective will be deemed, by continuing to hold the depository receipt, to be bound by the deposit agreement as so amended. Notwithstanding the foregoing, in no event may any amendment impair the right of any holder of any depository shares, upon surrender of the depository receipts evidencing the depository shares and subject to any conditions specified in the deposit agreement, to receive shares of the related series of preferred stock and any money or other property represented thereby, except in order to comply with mandatory provisions of applicable law. The deposit agreement may be terminated by us at any time upon not less than 60 days prior written notice to the depository, in which case, on a date that is not later than 30 days after the date of the notice, the depository shall deliver or make available for delivery to holders of depository shares, upon surrender of the depository receipts evidencing the depository shares, the number of whole or fractional shares of the related series of preferred stock as are represented by the depository shares. The deposit agreement shall automatically terminate after all outstanding depository shares have been redeemed or there has been a final distribution in respect of the related series of preferred stock in connection with any liquidation, dissolution or winding up of us and the distribution has been distributed to the holders of depository shares.

Charges of Depository

We will pay all transfer and other taxes and the governmental charges arising solely from the existence of the depository arrangements. We will pay the charges of the depository, including charges in connection with the initial deposit of the related series of preferred stock and the initial issuance of the depository shares and all withdrawals of shares of the related series of preferred stock, except that holders of depository shares will pay transfer and other taxes and governmental charges and any other charges as are expressly provided in the deposit agreement to be for their accounts.

Resignation and Removal of Depository

The depository may resign at any time by delivering to us written notice of its election to do so, and we may at any time remove the depository. Any resignation or removal is to take effect upon the appointment of a successor depository, which successor depository must be appointed within 60 days after delivery of the notice of resignation or removal and must be a bank or trust company having its principal office in the United States and having a combined capital and surplus of at least \$50,000,000.

Miscellaneous

The depository will forward to the holders of depository shares all reports and communications from us that are delivered to the depository and that we are required to furnish to the holders of the related preferred stock.

The depository's corporate trust office will be identified in the applicable prospectus supplement. Unless otherwise set forth in the applicable prospectus supplement, the depository will act as transfer agent and registrar for depository receipts and, if shares of a series of preferred stock are redeemable, the depository also will act as redemption agent for the corresponding depository receipts.

DESCRIPTION OF DEBT SECURITIES

This section contains a description of the general terms and provisions of the debt securities that may be offered by this prospectus. We may issue senior debt securities and subordinated debt securities under one of two separate indentures to be entered into between us and The Bank of New York Trust Company, N.A., as trustee. Senior debt securities will be issued under a senior indenture and subordinated debt securities will be issued under a subordinated indenture. The senior indenture and the subordinated indenture are referred to in this prospectus individually as the indenture and collectively as the indentures. The indentures may be supplemented from time to time.

We have summarized the material provisions of the indentures below. The forms of the indentures have been filed as exhibits to the registration statement of which this prospectus is a part and you should read the indentures for provisions that may be important to you. Capitalized terms used in the summary have the meanings specified in the indentures. You can obtain copies of the indentures by following the directions described under the caption Where You Can Find More Information. In this section, references to our, we and similar terms mean Sprint Nextel Corporation, excluding its subsidiaries.

In addition, the material specific financial, legal and other terms, as well as any material U.S. federal income tax consequences, of a particular series of debt securities will be described in the prospectus supplement relating to that series of debt securities. The prospectus supplement may or may not modify the general terms found in this prospectus and will be filed with the SEC. For a description of the terms of a particular series of debt securities, you should read both this prospectus and the prospectus supplement relating to that particular series.

General

Neither indenture limits the aggregate principal amount of debt securities that we may issue and each indenture provides that we may issue debt securities from time to time in one or more series, in each case with the same or various maturities, at par or at a discount. Unless otherwise specified in a prospectus supplement for a particular series, we may issue additional debt securities of such series without the consent of the holders of the debt securities of that series outstanding at the time of the issuance. Any additional debt securities, together with all other outstanding debt securities of that series, will constitute a single series of debt securities under the applicable indenture. Neither indenture limits our ability to incur other debt and neither contains financial or similar restrictive covenants, except as described below.

We may issue debt securities other than the debt securities described in this prospectus. There is no requirement that any debt securities that we issue be issued under either of the indentures described in this prospectus. Thus, any debt securities that we may issue may be issued under other indentures or documentation containing provisions different from those included in the indentures or applicable to one or more issues of the debt securities described in this prospectus.

Unless otherwise specified in a prospectus supplement for a particular series, the debt securities covered by this prospectus will be our direct unsecured obligations. Senior debt securities will rank equally with our other unsecured and unsubordinated indebtedness. Subordinated debt securities will be unsecured and subordinated in right of payment to the prior payment in full of all of our senior indebtedness. See

Subordination below. Secured indebtedness will rank ahead of the debt securities to the extent of the value of the assets securing such indebtedness.

We conduct operations primarily through our subsidiaries and substantially all of our consolidated assets are held by our subsidiaries. Accordingly, our cash flow and our ability to meet our obligations under outstanding debt securities largely will be dependent on the earnings of our subsidiaries and the distribution or other payment of these earnings to us in the form of dividends, loans or advances and repayment of loans and advances from us. Our subsidiaries are separate and distinct legal entities and have no obligation to pay the amounts that will be due

on our debt securities or to make any funds available for payment of amounts that will be due on our debt securities. Because we are primarily a holding company, our obligations under our debt securities will be effectively subordinated to all existing and future liabilities of our subsidiaries. Therefore, our rights, and the rights of our creditors, including the rights of the holders of the debt securities, to participate in any distribution of assets of any of our subsidiaries, if such subsidiary were to be liquidated or reorganized, are subject to the prior claims of the subsidiary's creditors. To the extent that we may be a creditor with recognized claims against our subsidiaries, our claims will still be effectively subordinated to any security interest in, or mortgages or other liens on, the assets of the subsidiary that are senior to us.

We, together with Sprint Capital Corporation and Nextel Communications Inc., two of our wholly-owned subsidiaries, have a five-year \$6.0 billion revolving credit facility. We, Sprint Capital and Nextel Communications are jointly and severally obligated in respect of all borrowings under the facility. In addition, although we have issued some of our outstanding senior notes, the majority of the other long-term debt and capital lease obligations reflected in our consolidated financial statements has been issued by wholly-owned subsidiaries of ours and has been fully and unconditionally guaranteed by us. The indentures and financing arrangements of certain of our subsidiaries contain provisions that limit cash dividend payments on subsidiary common stock held by us. The transfer of cash in the form of advances from the subsidiaries to us is generally not restricted.

A prospectus supplement relating to the debt securities being offered will include specific terms relating to the offering. These terms will include some or all of the following:

the title and series of the debt securities;

the principal amount of the series of debt securities and whether there will be any limit upon the aggregate principal amount of such debt securities;

the person to whom interest, if any, on the debt securities will be payable, if other than the person in whose name that debt security is registered at the close of business on the regular record date for such interest, if any;

the date or dates on which the principal of the debt securities will be payable, or the method or methods, if any, by which such date or dates will be determined;

the rate of interest, if any, which may be fixed or floating, at which the debt securities will bear interest, or the method of determining the rate, if any;

whether the debt securities, in whole or any specified part, will not be defeasible as described below under the caption Defeasance;

whether the debt securities will be issued in permanent global form and the circumstances under which the permanent global debt security may be exchanged;

any provisions granting special rights to the holders of the debt securities upon the occurrence of specified events;

any deletions from, changes in or additions to the events of default or the covenants specified in the indenture or in this prospectus;

whether the debt securities will be issued with warrants to purchase other securities;

any term applicable to original issue discount debt securities, if any, including the rate or rates at which such original issue discount debt securities, if any, shall accrue, and any necessary or desirable conforming changes to other provisions of the indentures; and

any other material terms of the debt securities not specified in this prospectus.

The prospectus supplement relating to debt securities being offered pursuant to this prospectus will be attached to the front of this prospectus.

Unless the applicable prospectus supplement states otherwise, debt securities will be issued only in fully registered form, without coupons, in denominations of \$1,000 and any integral multiple of \$1,000. Holders of debt securities will not pay any service charge for any registration of transfer or exchange of the debt securities, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with the registration of transfer or exchange.

Unless the applicable prospectus supplement states otherwise, the covenants contained in the indentures and the debt securities would not necessarily afford holders protection in the event of a highly leveraged or other transaction involving us that may adversely affect holders.

Subordination

Our subordinated debt securities will, to the extent set forth in the subordinated indenture, be subordinate in right of payment to the prior payment in full of all senior indebtedness. Upon any payment by us or distribution of assets of ours of any kind or character, whether in cash, property or securities, to creditors upon any liquidation, dissolution, winding up, receivership, reorganization, assignment for the benefit of creditors, marshaling of assets and liabilities or any bankruptcy, insolvency or similar proceedings of ours, the holders of

senior indebtedness will be entitled to receive payment in full of all amounts due or to become due on or in respect of all senior indebtedness, or provision will be made for such payment in cash, before the holders of our subordinated debt securities are entitled to receive or retain any payment on account of principal of, or any premium or interest on, our subordinated debt securities.

Accordingly, the holders of senior indebtedness will be entitled to receive, for application to the payment thereof, any payment or distribution of any kind or character, whether in cash, property or securities, including any such payment or distribution that would be payable or deliverable in respect of the subordinated debt securities in any such case, proceeding, dissolution, liquidation or other winding up event. By reason of such subordination, in the event of our liquidation or insolvency, holders of senior indebtedness and holders of our other obligations that are not subordinated to senior indebtedness may recover more, ratably, than the holders of our subordinated debt securities.

Subject to the payment in full of all senior indebtedness, the rights of the holders of our subordinated debt securities will be subrogated to the rights of the holders of the senior indebtedness to receive payments or distributions of cash, property or securities applicable to such senior indebtedness until the principal of, and any premium and interest on, our subordinated debt securities have been paid in full.

No payment of principal (including redemption and sinking fund payments) of, or any premium or interest on, our subordinated debt securities may be made (1) in the event and during the continuation of our default in the payment of principal, premium, interest or any other amount due on any of our senior indebtedness without giving effect to any cure or grace period, or (2) if the maturity of any our senior indebtedness has been accelerated because of a default.

The subordinated indenture does not limit or prohibit us from incurring additional senior indebtedness, which may include indebtedness that is senior to our subordinated debt securities, but subordinate to our other obligations. Our senior debt securities will constitute senior indebtedness under our subordinated indenture.

The term *senior indebtedness* means all of our indebtedness outstanding at any time, except (1) our subordinated debt securities, (2) indebtedness as to which, by the terms of the instrument creating or evidencing the same, it is provided that such indebtedness is subordinated to or ranks equally with or junior to our subordinated debt securities, (3) our indebtedness to an affiliate, (4) interest accruing after the filing of a petition initiating any bankruptcy, insolvency or other similar proceeding unless such interest is an allowed claim enforceable against us in a proceeding under federal or state bankruptcy laws, and (5) trade accounts payable. Senior indebtedness will continue to be senior indebtedness and be entitled to the benefits of the subordination provisions irrespective of any amendment, modification or waiver of any term of such senior indebtedness.

The subordinated indenture provides that the foregoing subordination provisions, insofar as they relate to any particular issue of our subordinated debt securities, may be changed prior to such issuance. Any such change would be described in the related prospectus supplement.

Payment; Transfer

Unless the applicable prospectus supplement states otherwise, principal of, premium, if any, and interest, if any, on the debt securities will be payable, and the debt securities will be transferable, at the corporate trust office of the trustee. However, interest may be paid at our option by check mailed to the address of the holder entitled to the interest as it appears on the applicable security register. We will have the right to require a holder of any debt security, in connection with any payment on the debt security, to certify information to us or, in the absence of certification, we may rely on any legal presumption to enable us to determine our obligation, if any, to deduct or withhold taxes, assessments or governmental charges from the payment.

Restrictive Covenants

Under the indentures, we will not directly or indirectly create, incur or allow to exist any Lien (a) securing our indebtedness for borrowed money on any property or assets of ours or any property or assets of our subsidiaries, now owned or acquired at a later time, or (b) securing any indebtedness for borrowed money on any of our property or assets now owned or acquired at a later time, in either case, unless:

we have made or will make effective provision whereby the outstanding debt securities are equally and ratably secured with (or prior to) all other indebtedness for borrowed money secured by such Lien for so long as any such other indebtedness for borrowed money is so secured;

the Lien is a Permitted Lien; or

the aggregate principal amount of indebtedness secured by the Lien and any other such Lien, other than Permitted Liens, does not exceed 15% of the Company's Consolidated Net Tangible Assets.

Definitions. Under the indentures:

Capital Lease Obligations means indebtedness represented by obligations under a lease that is required to be capitalized for financial reporting purposes in accordance with generally accepted accounting principles. The amount of indebtedness will be the capitalized amount of the obligations determined in accordance with generally accepted accounting principles consistently applied.

Consolidated Net Tangible Assets means our consolidated total assets as reflected in our most recent balance sheet preceding the date of determination prepared in accordance with generally accepted accounting principles consistently applied, less

current liabilities, excluding current maturities of long-term debt and Capital Lease Obligations, and

goodwill, tradenames, trademarks, patents, unamortized debt discount and expense and other similar intangible assets, excluding any investments in permits or licenses issued, granted or approved by the Federal Communications Commission.

Lien means any mortgage or deed of trust, pledge, hypothecation, assignment, deposit arrangement, security interest, lien, charge, priority or other security agreement of any kind or nature whatsoever on or with respect to property including any Capital Lease Obligation, conditional sale or other title retention agreement having substantially the same economic effect as any of the foregoing.

Permitted Liens means:

- (1) Liens existing on the date that the applicable securities are issued;
- (2) Liens on property existing at the time of acquisition of the property or to secure the payment of all or any part of the purchase price of the property or to secure any indebtedness incurred before, at the time of or within 270 days after the acquisition of the property for the purpose of financing all or any part of the purchase price of the property;
- (3) Liens securing indebtedness owed by any of our subsidiaries to us or any of our subsidiaries;
- (4) Liens on property of any entity, or on the stock, indebtedness or other obligations of any entity, existing at the time

the entity becomes a subsidiary of ours;

Edgar Filing: SPRINT NEXTEL CORP - Form POSASR

the entity is merged into or consolidated with us or a subsidiary of ours; or

we or a subsidiary of ours acquires all or substantially all of the assets of the entity,
as long as the Liens do not extend to any other property of ours or property of any other subsidiary of ours;

(5) Liens on property to secure any indebtedness incurred to provide funds for all or any part of the cost of development of or improvements to the property;

(6) Liens on our property or the property of any of our subsidiaries securing

contingent obligations on surety and appeal bonds, and

other nondelinquent obligations of a similar nature,
in each case, incurred in the ordinary course of business;

(7) Liens on property securing Capital Lease Obligations, provided that

the Liens attach to the property within 270 days after the acquisition thereof, and

the Liens attach solely to the property acquired in connection with the Capital Lease Obligations;

(8) Liens arising solely by virtue of any statutory or common law provision relating to banker's liens, rights of set-off or similar rights and remedies as to deposit accounts or other funds, as long as the deposit account is not a dedicated cash collateral account and is not subject to restrictions against access in excess of those set forth by regulations promulgated by the Federal Reserve Board and the deposit account is not intended to provide collateral to the depository institution;

(9) Liens on personal property to secure loans maturing not more than one year from the date of the creation of the loan and on accounts receivable associated with a receivables financing program of ours or any of our subsidiaries;

(10) Liens on our property or the property of any of our subsidiaries securing indebtedness or other obligations issued by the United States of America or any state or any department, agency or instrumentality or political subdivision of the United States of America or any state, or by any other country or any political subdivision of any other country, to finance all or any part of the purchase price of, or, in the case of real property, the cost of construction on or improvement of, any property or assets subject to the Liens, including Liens incurred in connection with pollution control, industrial revenue or similar financings; and

(11) any renewal, extension or replacement of any Lien permitted pursuant to (1), (2), (4), (5), (7) and (10) above or of any indebtedness secured by any such Lien, as long as the extension, renewal or replacement Lien is limited to all or any part of the same property that secured the Lien extended, renewed or replaced, plus improvements on the property, and the principal amount of indebtedness secured by the Lien and not otherwise authorized by clauses (1), (2), (4), (5), (7) and (10) does not exceed the principal amount of indebtedness plus any premium or fee payable in connection with the renewal, extension or replacement so secured at the time of the renewal, extension or replacement.

Events of Default

Definition. Each indenture defines an Event of Default with respect to debt securities of any series issued thereunder as any one of the following events:

(1) failure to pay principal of or any premium on any debt security of that series when due, regardless of whether, in the case of the subordinated debt securities, such payment is permitted by any subordination provisions in the subordinated indenture;

(2) failure to pay any interest on any debt security of that series for 30 days after payment was due, regardless of whether, in the case of the subordinated debt securities, such payment is permitted by any subordination provisions in the subordinated indenture;

(3) failure to deposit any mandatory sinking fund payment, when due, in respect of any debt security of that series, regardless of whether, in the case of the subordinated debt securities, such deposit is permitted by the subordination provisions in the subordinated indenture;

(4) failure to perform any other covenant in the applicable indenture, other than a covenant included solely for the benefit of series of debt securities other than that series, continued for 60 days after written notice as provided in the indenture;

(5) certain events of bankruptcy, insolvency or reorganization; and

(6) any other Event of Default provided with respect to debt securities of that series.

Remedies. If an Event of Default with respect to debt securities of any series at the time outstanding occurs and is continuing, either the trustee or the holders of at least 25% in principal amount of the outstanding debt securities of that series may declare the principal amount (or, if any of the debt securities of that series are original issue discount securities, such portion of the principal amount as may be specified in the terms of that series) of all the debt securities of that series to be due and payable immediately by written notice as provided in the applicable indenture. Notwithstanding the foregoing, unless the applicable prospectus supplement states otherwise, if an Event of Default described in clause (5) with respect to any debt securities of any series occurs and is continuing, then all of the debt securities of that series shall become immediately due and payable without any further act by us, any holder or the trustee. At any time after a declaration of acceleration with respect to debt securities of any series has been made and before a judgment or decree for payment of the money due based on acceleration has been obtained, the holders of a majority in principal amount of the outstanding debt securities of that series may, in accordance with the indenture, rescind and annul the acceleration and its consequences if:

we have paid or deposited with the trustee a sum sufficient to pay overdue interest and overdue principal other than the accelerated interest and principal; and

we have cured or the holders have waived all Events of Default, other than the non-payment of accelerated principal and interest with respect to debt securities of that series, as provided in the applicable indenture.

Obligations of Trustee. Each indenture provides that the trustee will be under no obligation, subject to the duty of the trustee during an Event of Default to act with the required standard of care, to exercise any of its rights or powers under the indenture at the request or direction of any of the holders, unless the holders offer reasonable indemnity to the trustee. Subject to the provisions for indemnification of the trustee, the holders of a majority in principal amount of the outstanding debt securities of any series will have the right, in accordance with applicable law, to direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred on the trustee, with respect to the debt securities of that series.

Under each indenture we must furnish to the trustee annually a statement regarding the performance of our obligations under the indenture and as to any default in performance.

Modification and Waiver

Modifications and Amendments. We and the trustee may modify and amend either indenture, in most cases with the consent of the holders of a majority in principal amount of the outstanding debt securities affected by the modification or amendment.

Unless the applicable prospectus supplement states otherwise, however, we may not, without the consent of the holder of each outstanding debt security affected:

change the date specified in the debt security for the payment of the principal of, or any installment of principal of, or mandatory sinking fund or any premium or interest on, the debt security,

reduce the principal amount of, or any premium or interest on, any debt security,

reduce the amount of principal of an original issue discount security or any other debt security payable upon acceleration of the maturity of that debt security,

change the place or currency of payment of principal of, or any premium or interest on, any debt security,

impair the right to institute suit for the enforcement of any payment on or with respect to any debt security,

modify conversion rights in a manner adverse to the holders of the debt securities,

modify any of the provisions of the subordinated indenture relating to subordination in a manner adverse to the holders of the subordinated debt securities, or

reduce the percentage in principal amount of outstanding debt securities, the consent of whose holders is required to modify or amend the indenture or to waive compliance with certain provisions of the indenture or for waiver of certain defaults.

Each indenture permits, with certain exceptions as noted above or as therein provided, the amendment thereof and the modification of our rights and obligations and the rights of the holders of each series of debt securities to be effected under the applicable indenture at any time by us and the trustee with the consent of certain holders of our debt securities. With respect to any such series of debt securities, the required consent could be obtained from either the holders of a majority in principal amount of the debt securities of that series, or from the holders of a majority in principal amount of the debt securities of that series and all other series affected by that amendment, voting as a single class.

We and the trustee may, without the consent of the holders of the debt securities issued under the indenture, enter into supplemental indentures for, among others, one or more of the following purposes:

to evidence the succession of another person to us, and the assumption by such successor of our obligations under the indenture and the debt securities;

to add covenants of our company, or surrender any of our rights, or add any rights for the benefit of the holders of debt securities;

to cure any ambiguity, omission, defect or inconsistency in such indenture;

to establish the form or terms of any other series of debt securities;

to provide for the issuance of additional securities in accordance with the indenture;

to comply with requirements of the SEC in order to maintain the qualification of the indenture under the Trust Indenture Act;

to evidence and provide the acceptance of any successor trustee with respect to the debt securities of one or more series or to facilitate the administration of the trusts thereunder by one or more trustees in accordance with such indenture; and

to provide any additional events of default for the benefit of the holders of all or any series of debt securities;

to add to or change any of the provisions of the indentures to such extent as shall be necessary to permit or facilitate the issuance of debt securities in bearer form, registerable or not registerable as to principal, and with or without interest coupons, or to permit or

Edgar Filing: SPRINT NEXTEL CORP - Form POSASR

facilitate the issuance of debt securities in uncertificated form;

to add to, change or eliminate any of the provisions of the indentures in respect of one or more series of debt securities, provided that any such addition, change or elimination:

shall neither (i) apply to any debt security of any series created prior to the execution of such supplemental indenture and entitled to the benefit of such provision nor (ii) modify the rights of the holder of any such debt security with respect to such provision, or

shall become effective only when there is no such debt security outstanding;

to secure one or more series of the debt securities;

to provide for the appointment of an authenticating agent or agents with respect to one or more series of debt securities which shall be authorized to act on behalf of the trustee to authenticate debt securities of such series issued upon original issue and upon exchange, registration of transfer or partial redemption of debt securities of such series;

to make any provisions with respect to the optional conversion rights of holders, including providing for the conversion of the debt securities into any other security or securities of ours, provided that such provisions are not adverse to the interests of the holders of any debt securities then outstanding;

to add any guarantee of one or more series of the debt securities; or

to amend or supplement any provision contained in the indentures or in any supplemental indenture, provided that no such amendment or supplement shall, in the opinion of our board of directors, as evidenced by a resolution of our board of directors, materially adversely affect the interests of the holders of any debt securities then outstanding.

Waivers. The holders of a majority in principal amount of the outstanding debt securities of any series issued under either indenture may on behalf of the holders of all debt securities of that series waive, insofar as that series is concerned, our compliance with certain restrictive provisions of the indenture. The holders of a majority in principal amount of the outstanding debt securities of any series may on behalf of the holders of all debt securities of that series waive any past default under the applicable indenture with respect to that series, except a default in the payment of the principal of or any premium or interest on any debt security of that series or in respect of a covenant or provision which under the indenture cannot be modified or amended without the consent of the holder of each outstanding debt security of that series affected.

With respect to any series of debt securities issued under either indenture, in addition to obtaining waivers from the holders of a majority in principal amount of outstanding debt securities of that series as provided under the preceding paragraph, a waiver of compliance with the applicable indenture or of past defaults under the applicable indenture can also be obtained from the holders of a majority in principal amount of debt securities of that series and all other series affected by the waiver, whether issued under that indenture or the other indenture or any other indenture of ours providing for such aggregated voting, all voting as a single class.

Consolidation, Merger and Conveyances

We may consolidate with or merge into any other person or convey, transfer or lease all or substantially all of our properties and assets to any person, only if:

we are the continuing corporation or the successor entity is a corporation, partnership, limited liability company or trust organized and existing under the laws of the United States, any state thereof, the District of Columbia or any territory thereof and assumes our obligations under the debt securities and the indentures pursuant to a supplemental indenture reasonably satisfactory to the trustee, provided that in the case when such successor entity is not a corporation, a co-obligor of the debt securities is a corporation,

after giving effect to the transaction no Event of Default, and no event which, after notice or lapse of time or both, would become an Event of Default, has happened and is continuing, and

certain other conditions specified in the indenture are met.

Upon complying with the foregoing conditions and the successor entity assuming all of our obligations under the indentures, such entity will be bound by the indentures and have all of our rights and powers thereunder as if it were an original party to the indentures, and, except in the case of a lease, all of our obligations under the indentures will terminate.

Defeasance

Unless the applicable prospectus supplement states otherwise, the following defeasance provisions will apply to the debt securities.

Each indenture provides that we may elect either:

to defease and be discharged from any and all obligations with respect to all or any series of debt securities with certain limited exceptions described below, which we refer to as full defeasance, or

to be released from our respective obligations with respect to all or any series of debt securities under the restrictive covenants in the applicable indenture and the related Events of Default, which we refer to as covenant defeasance.

In order to accomplish full defeasance or covenant defeasance, we must deposit with the trustee, or other qualifying trustee, in trust, money and/or U.S. government obligations which through the payment of principal and interest in accordance with their terms will provide money in an amount sufficient to pay the principal of and any premium and interest on the debt securities to be defeased on the applicable due dates or redemption dates for the payments. Such a trust may be established only if, among other things, we deliver to the trustee an opinion of counsel to the effect that the holders of the debt securities will not recognize gain or loss for federal income tax purposes as a result of full defeasance or covenant defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if full defeasance or covenant defeasance had not occurred. The opinion, in the case of full defeasance, must refer to and be based upon a ruling of the Internal Revenue Service or a change in applicable federal income tax law occurring after the date of the applicable indenture. Obligations not discharged in a full defeasance include those relating to the rights of holders of outstanding debt securities to receive, solely from the trust fund described above, payments in respect of the principal of and any premium and interest on debt securities when due as set forth in each indenture, and obligations to register the transfer or exchange of the debt securities, to replace temporary or mutilated, destroyed, lost or stolen debt securities, to maintain an office or agency in respect of the debt securities, to hold moneys for payment in trust and to compensate, reimburse and indemnify the trustee.

The applicable prospectus supplement may further describe additional provisions, if any, permitting full defeasance or covenant defeasance with respect to the debt securities.

Discharge

We may satisfy and discharge our obligations under either indenture by delivering to the trustee for cancellation all debt securities outstanding under that indenture or by depositing with the trustee or the paying agent, no earlier than one year before the debt securities become due and payable, whether at stated maturity, or any redemption date, or otherwise, cash sufficient to pay all of the outstanding debt securities and paying all other sums payable under the indenture by us.

Regarding the Trustee

We have had a normal business banking relationship, including the maintenance of accounts and the borrowing of funds, with The Bank of New York Trust Company, N.A., who will be the original trustee under each indenture, and its affiliates. The address of the trustee is 227 West Monroe Street, Suite 2600, Chicago, Illinois 60606; Attention: Corporate Trust Services. The trustee may own our debt securities, and transact other business with us, subject to the Trust Indenture Act.

No Personal Liability of Directors, Officers, Employees and Stockholders

No recourse for payment of the principal of, or premium or interest, if any, on any of the debt securities, or for any claim based thereon or otherwise in respect thereof, and no recourse under or upon any obligation,

covenant or agreement of ours contained in the indentures, or in any of the debt securities, or because of the creation of any indebtedness represented thereby, shall be had against any incorporator or any past, present or future partner, shareholder, other equity holder, officer, director, employee or controlling person, as such, of ours or of any successor person, either directly or through us or any successor person, whether by virtue of any constitution, statute or rule of law, or by enforcement of any assessment or penalty or otherwise, it being expressly understood that all such liability, either at common law or in equity or by constitution or statute, is hereby waived and released as a condition of, and as consideration for, the execution of the indentures and the issuance of the debt securities.

Governing Law

New York law will govern the indentures and the debt securities.

Global Securities

Unless otherwise provided in the applicable prospectus supplement, the debt securities will be issued in the form of one or more global securities that will be deposited with, or on behalf of, The Depository Trust Company, as depository. Unless and until it is exchanged in whole or in part for debt securities in definitive form, a global security may not be transferred except as a whole to a nominee of the depository for that global security, or by a nominee of the depository to the depository or another nominee of the depository, or by the depository or any nominee of the depository to a successor depository or a nominee of that successor depository.

Book-Entry System

Initially, the debt securities will be registered in the name of Cede & Co., the nominee of The Depository Trust Company, which we refer to as the depository. Accordingly, beneficial interests in the debt securities will be shown on, and transfers of the debt securities will be effected only through, records maintained by the depository and its participants.

Upon the issuance of a book-entry security, the depository for that book-entry security or its nominee will credit, on its book-entry registration and transfer system, the respective principal amounts of the debt securities represented by that book-entry security to the accounts of persons that have accounts with that depository, or participants. Those accounts will be designated by the initial purchasers of the debt securities. Participants include securities brokers and dealers, banks and trust companies, clearing corporations and certain other organizations. Access to the depository's system is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with participants either directly or indirectly, which we refer to as indirect participants. Persons who are not participants may beneficially own book-entry securities held by the depository only through participants or indirect participants.

Ownership of beneficial interests in any book-entry security will be shown on, and the transfer of that ownership will be effected only through, records maintained by the depository or its nominee with respect to interests of participants in that book-entry security and on the records of participants with respect to interests of indirect participants. The laws of some states require that certain purchasers of securities take physical delivery of the securities in definitive form. These laws, as well as the limits on participation in the depository's book-entry system, may impair the ability to transfer beneficial interests in a book-entry security.

So long as the depository or its nominee is the registered owner of a book-entry security, the depository or its nominee will be considered the sole owner or holder of the debt securities represented by that book-entry security for all purposes under the indentures. Except as provided below, owners of beneficial interests in debt securities represented by book-entry securities will not be entitled to have debt securities of the series represented by that book-entry security registered in their names, will not receive or be entitled to receive physical delivery of the debt securities in definitive form, and will not be considered the owners or holders of the debt securities under the indentures.

Payments of principal of, premium, if any, and interest on debt securities registered in the name of the depository or its nominee will be made to the depository or its nominee, as the case may be, as the registered owner of the book-entry security representing those debt securities. We expect that the depository for the debt securities or its nominee, upon receipt of any payment of principal, premium or interest, will immediately credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of the book-entry security for those debt securities, as shown on the records of the depository or its nominee. We also expect that payments by participants and indirect participants to owners of beneficial interests in the book-entry security held through those persons will be governed by standing instructions and customary practices, as is now the case with securities registered in street name, and will be the responsibility of the participants and indirect participants. None of us, the trustee, any authenticating agent, any paying agent, or the security registrar for the debt securities will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the book-entry security for those debt securities or for maintaining, supervising or reviewing any records relating to those beneficial ownership interests.

If the depository for the debt securities notifies us that it is unwilling or unable to continue as depository or if at any time the depository ceases to be a clearing agency registered under the Exchange Act, we will appoint a successor depository. If a successor is not appointed within 90 days, we will issue debt securities in definitive registered form in exchange for the book-entry security representing the debt securities. In addition, we may at any time and in our sole discretion determine that the debt securities issued in the form of one or more book-entry securities will no longer be represented by that book-entry security or securities and, in that event, we will issue debt securities in definitive registered form in exchange for the book-entry security or securities. Further, if we so specify with respect to the debt securities, or if an Event of Default, or an event which with notice, lapse of time or both would be an Event of Default, with respect to the debt securities has occurred and is continuing, an owner of a beneficial interest in a book-entry security representing the debt securities may receive debt securities in definitive registered form. In that case, an owner of a beneficial interest in a book-entry security will be entitled to physical delivery in definitive registered form of debt securities represented by and in exchange for that book-entry security equal in principal amount to that beneficial interest and to have those debt securities registered in its name.

The Depository Trust Company

The Depository Trust Company, or DTC, has advised us that it is a limited-purpose trust company organized under the laws of the State of New York, a banking organization within the meaning of the New York Banking Law, a member of the Federal Reserve System, a clearing corporation within the meaning of the New York Uniform Commercial Code, and a clearing agency registered under the Exchange Act. DTC was created to hold securities of its participants and to facilitate the clearance and settlement of securities transactions among its participants in securities through electronic book-entry changes in accounts of the participants. By doing so, DTC eliminates the need for physical movement of securities certificates. DTC's participants include securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organization. DTC is owned by a number of its participants and by the New York Stock Exchange, Inc., the American Stock Exchange, Inc., and the National Association of Securities Dealers, Inc. Access to the DTC's book-entry system is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly. The rules applicable to the DTC and its participants are on file with the SEC.

DESCRIPTION OF WARRANTS

We may issue, either separately or together with other securities, warrants for the purchase of any of the other types of securities that we may sell under this prospectus.

The warrants will be issued under warrant agreements to be entered into between us and a bank or trust company, as warrant agent, all to be set forth in the applicable prospectus supplement relating to any or all warrants in respect of which this prospectus is being delivered. Copies of the form of agreement for each warrant, which we refer to collectively as warrant agreements, including the forms of certificates representing the warrants, which we refer to collectively as warrant certificates, and reflecting the provisions to be included in such agreements that will be entered into with respect to the particular offerings of each type of warrant, will be filed with the SEC and incorporated by reference as exhibits to the registration statement of which this prospectus is a part.

The following description sets forth certain general terms and provisions of the warrants to which any prospectus supplement may relate. The particular terms of the warrants to which any prospectus supplement may relate and the extent, if any, to which the general provisions may apply to the warrants so offered will be described in the applicable prospectus supplement. To the extent that any particular terms of the warrants, warrant agreements or warrant certificates described in a prospectus supplement differ from any of the terms described below, then the terms described below will be deemed to have been superseded by that prospectus supplement. We encourage you to read the applicable warrant agreement and certificate for additional information before you purchase any of our warrants.

General

The prospectus supplement will describe the terms of the warrants in respect of which this prospectus is being delivered, as well as the related warrant agreement and warrant certificates, including the following, where applicable:

the principal amount of, or the number of, securities, as the case may be, purchasable upon exercise of each warrant and the initial price at which the principal amount or number of securities, as the case may be, may be purchased upon such exercise;

the designation and terms of the securities, if other than common stock, purchasable upon exercise of the warrants and of any securities, if other than common stock, with which the warrants are issued;

the procedures and conditions relating to the exercise of the warrants;

the date, if any, on and after which the warrants, and any securities with which the warrants are issued, will be separately transferable;

the offering price, if any, of the warrants;

the date on which the right to exercise the warrants will commence and the date on which that right will expire;

if applicable, a discussion of the material United States federal income tax considerations applicable to the exercise of the warrants;

whether the warrants represented by the warrant certificates will be issued in registered or bearer form and, if registered, where they may be transferred and registered;

call provisions, if any, of the warrants;

antidilution provisions, if any, of the warrants; and

any other material terms of the warrants.

The description in the prospectus supplement will not necessarily be complete and will be qualified in its entirety by reference to the warrant agreement and warrant certificate relating to the warrants being offered.

Exercise of Warrants

Each warrant will entitle the holder to purchase for cash that principal amount of, or number of, securities, as the case may be, at the exercise price set forth in, or to be determined as set forth in, the applicable prospectus supplement relating to the warrants. Unless otherwise specified in the applicable prospectus supplement, warrants may be exercised at the corporate trust office of the warrant agent or any other office indicated in the applicable prospectus supplement at any time up to 5:00 p.m., New York City time, on the expiration date set forth in the applicable prospectus supplement. After 5:00 p.m., New York City time, on the expiration date, unexercised warrants will become void. Upon receipt of payment and the warrant certificate properly completed and duly executed, we will, as soon as practicable, issue the securities purchasable upon exercise of the warrant. If less than all of the warrants represented by the warrant certificate are exercised, a new warrant certificate will be issued for the remaining amount of warrants.

No Rights of Security Holder Prior to Exercise

Before the exercise of their warrants, holders of warrants will not have any of the rights of holders of the securities purchasable upon the exercise of the warrants, and will not be entitled to:

in the case of warrants to purchase debt securities, payments of principal of, or any premium or interest on, the debt securities purchasable upon exercise; or

in the case of warrants to purchase equity securities, the right to vote or to receive dividend payments or similar distributions on the securities purchasable upon exercise.

Exchange of Warrant Certificates

Warrant certificates will be exchangeable for new warrant certificates of different denominations at the corporate trust office of the warrant agent or any other office indicated in the applicable prospectus supplement.

DESCRIPTION OF PURCHASE CONTRACTS

We may issue, from time to time, purchase contracts, including contracts obligating holders to purchase from us, and us to sell to the holders, a specified principal amount of debt securities or a specified number of shares of common stock or preferred stock, or any of the other securities that we may sell under this prospectus, at a future date or dates. The consideration payable upon settlement of the purchase contracts may be fixed at the time the purchase contracts are issued or may be determined by a specific reference to a formula set forth in the purchase contracts. The purchase contracts may be issued separately or as part of units consisting of a purchase contract and other securities or obligations issued by us or third parties, including United States treasury securities, securing the holders' obligations to purchase or sell the relevant securities under the purchase contracts. The purchase contracts may require us to make periodic payments to the holders of the purchase contracts or units or vice versa, and the payments may be unsecured or prefunded on some basis. The purchase contracts may require holders to secure their obligations under the purchase contracts.

The prospectus supplement will describe, among other things:

the material terms of any purchase contracts and of the securities being sold pursuant to such purchase contracts;

any special United States federal income tax considerations applicable to the purchase contracts; and

any material provisions governing the purchase contracts that differ from those described above.

The description in the prospectus supplement will not necessarily be complete and will be qualified in its entirety by reference to the purchase contracts, and, if applicable, collateral arrangements and depository arrangements, relating to the purchase contracts.

DESCRIPTION OF UNITS

We may, from time to time, issue units comprised of one or more of the other securities that may be offered under this prospectus, in any combination. Each unit will be issued so that the holder of the unit is also the holder of each security included in the unit. Thus, the holder of a unit will have the rights and obligations of a holder of each included security. The unit agreement under which a unit is issued may provide that the securities included in the unit may not be held or transferred separately at any time, or at any time before a specified date.

Any applicable prospectus supplement may describe, among other things:

the material terms of the units and of the securities comprising the units, including whether and under what circumstances those securities may be held or transferred separately;

any material provisions relating to the issuance, payment, settlement, transfer or exchange of the units or of the securities comprising the units;

any special United States federal income tax considerations applicable to the units; and

any material provisions of the governing unit agreement that differ from those described above.

The audit report covering the consolidated financial statements and financial statement schedule refers to the adoption of FASB Interpretation No. 47, *Accounting for Conditional Asset Retirement Obligations*, in the fourth quarter of 2005.

With respect to the unaudited interim financial information for the periods ended March 31, 2006 and 2005, June 30, 2006 and 2005, and September 30, 2006 and 2005, incorporated by reference herein, KPMG LLP has reported that they applied limited procedures in accordance with professional standards for a review of such information. However, their separate reports, included in Sprint Nextel's Current Report on Form 8-K filed September 18, 2006 and Sprint Nextel's quarterly reports on Form 10-Q for the quarters ended June 30, 2006 and September 30, 2006, and incorporated by reference herein, state that they did not audit and they do not express an opinion on the interim financial information. Accordingly, the degree of reliance on their reports on such information should be restricted in light of the limited nature of the review procedures applied. The accountants are not subject to the liability provisions of Section 11 of the Securities Act of 1933 (the "1933 Act") for their reports on the unaudited interim financial information because those reports are not a report or a part of the registration statement prepared or certified by the accountants within the meaning of Sections 7 and 11 of the 1933 Act.

The consolidated financial statements and financial statement schedule of Sprint Nextel Corporation (formerly Sprint Corporation) for the year ended December 31, 2003 included in its current report on Form 8-K filed September 18, 2006 have been audited by Ernst & Young LLP, an independent registered public accounting firm, as set forth in their report thereon included therein and incorporated by reference herein. The consolidated financial statements and financial statement schedule are incorporated herein by reference in reliance on Ernst & Young LLP's report given on their authority as experts in accounting and auditing.

The consolidated financial statements, the related financial statement schedules, and management's report on the effectiveness of internal control over financial reporting of Nextel Communications, Inc. and subsidiaries as of and for the year ended December 31, 2004 incorporated in this prospectus by reference in the Current Report on Form 8-K dated August 18, 2005 (as amended by the Current Report on Form 8-K/A dated December 5, 2005) of Sprint Nextel Corporation have been audited by Deloitte & Touche LLP, an independent registered public accounting firm, as stated in their reports (which reports (1) express an unqualified opinion on the consolidated financial statements and financial statement schedules and include an explanatory paragraph referring to the adoption of the provisions of Emerging Issues Task Force Issue No. 00-21, *Accounting for Revenue Arrangements with Multiple Deliverables*, in 2003 and the adoption of Statement of Financial Accounting Standards No. 142, *Goodwill and Other Intangible Assets*, in 2002, (2) express an unqualified opinion on management's assessment regarding the effectiveness of internal control over financial reporting, and (3) express an unqualified opinion on the effectiveness of internal control over financial reporting), and have been so incorporated in reliance upon the reports of such firm given upon their authority as experts in accounting and auditing.

With respect to the unaudited interim consolidated balance sheet of Nextel Communications, Inc. and subsidiaries as of June 30, 2005, and the related condensed consolidated statements of operations and comprehensive income for the three-month and six-month periods ended June 30, 2005 and 2004, and of cash flows for the six-month periods ended June 30, 2005 and 2004, and the condensed consolidated statement of changes in stockholders' equity for the six-month period ended June 30, 2005 which are incorporated herein by reference, Deloitte & Touche LLP, an independent registered public accounting firm, have applied limited procedures in accordance with the standards of the Public Company Accounting Oversight Board (United States) for a review of such information. However, as stated in their report included in the Current Report on Form 8-K/A dated December 5, 2005 of Sprint Nextel Corporation and incorporated by reference herein, they did not audit and they do not express an opinion on that interim financial information. Accordingly, the degree of reliance on their report on such information should be restricted in light of the limited nature of the review procedures applied. Deloitte & Touche LLP is not subject to the liability provisions of Section 11 of the Securities Act of 1933 for their report on the unaudited interim financial information because that report is not a report or a part of the registration statement prepared or certified by an accountant within the meaning of Sections 7 and 11 of the Act.

Item 15. Indemnification of Directors and Officers

The following summary is qualified in its entirety by reference to the complete text of the statutes referred to below and the amended and restated articles of incorporation and amended and restated bylaws of Sprint Nextel Corporation (Sprint Nextel).

Under Section 17-6305 of the Kansas General Corporation Code, or KGCC, a corporation may indemnify a director, officer, employee, or agent of the corporation (or other entity if such person is serving in such capacity at the corporation s request) against expenses (including attorneys fees), judgments, fines, and amounts paid in settlement actually and reasonably incurred by him if he acted in good faith and in a manner he reasonably believed to be in, or not opposed to, the best interests of the corporation and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. In the case of an action brought by or in the right of a corporation, the corporation may indemnify a director, officer, employee, or agent of the corporation (or other entity if such person is serving in such capacity at the corporation s request) against expenses (including attorneys fees) actually and reasonably incurred by him if he acted in good faith and in a manner he reasonably believed to be in, or not opposed to, the best interests of the corporation, except that no indemnification shall be made in respect of any claim, issue, or matter as to which such person shall have been adjudged to be liable to the corporation unless a court determines that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnification for such expenses as the court shall deem proper. Expenses (including attorneys fees) incurred by an officer or director in defending any civil or criminal action, suit or proceeding may be paid by the corporation in advance of the final disposition of such action, suit or proceeding upon receipt of an undertaking by or on behalf of such director or officer to repay such amount if it shall ultimately be determined that he is not entitled to be indemnified by the corporation.

Consistent with Section 17-6305 of the KGCC, Article IV, Section 10 of the bylaws of Sprint Nextel provides that the corporation will indemnify its directors and officers against expenses, judgments, fines and amounts paid in settlement in connection with any action, suit, or proceeding if the director or officer acted in good faith and in a manner reasonably believed to be in or not opposed to the best interests of the corporation. With respect to a criminal action or proceeding, the director or officer must also have had no reasonable cause to believe his conduct was unlawful.

In accordance with Section 17-6002(b)(8) of the KGCC, Sprint Nextel's articles of incorporation provide that directors shall not be personally liable for monetary damages for breaches of their fiduciary duty as directors except for (i) breaches of their duty of loyalty to Sprint Nextel or its shareholders, (ii) acts or omissions not in good faith or which involve intentional misconduct or knowing violations of law, (iii) certain transactions under Section 17-6424 of the KGCC (unlawful payment of dividends) or (iv) transactions from which a director derives an improper personal benefit.

Under Article IV, Section 10 of the bylaws of Sprint Nextel, Sprint Nextel may purchase and maintain insurance on behalf of any person who is or was a director, officer or employee of the corporation, or who is or was serving at the request of the corporation as a director, officer or employee of any other enterprise, against any liability arising out of his status as such, whether or not the corporation would have the power to indemnify such persons against liability. Sprint Nextel carries standard directors and officers liability coverage for its directors and officers and the directors and officers of its subsidiaries. Subject to certain limitations and exclusions, the policies reimburse the corporation for liabilities indemnified under the bylaws.

Sprint Nextel has entered into indemnification agreements with its directors and officers. These agreements provide for the indemnification, to the full extent permitted by law, of expenses, judgments, fines, penalties and amounts paid in settlement incurred by the director or officer in connection with any threatened, pending or completed action, suit or proceeding on account of service as a director, officer, employee or agent of Sprint Nextel.

Item 17. Undertakings

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) to include any prospectus required by Section 10(a)(3) of the Securities Act of 1933, as amended;

(ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities

offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (1)(i), (1)(ii) and (1)(iii) above do not apply if information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Exchange Act that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement;

(2) that, for the purpose of determining any liability under the Securities Act of 1933, as amended, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof; and

(3) to remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) that, for the purpose of determining liability under the Securities Act of 1933, as amended, to any purchaser:

(i) each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which the prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof; provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) that, for the purpose of determining liability of the registrant under the Securities Act of 1933, as amended, to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

- (ii) any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
- (iii) the portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
- (iv) any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.
- (6) that, for purposes of determining any liability under the Securities Act of 1933, as amended, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934, as amended, (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934, as amended) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (7) insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
- (8) that:
- (i) for purposes of determining any liability under the Securities Act of 1933, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b) (1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective;
- (ii) for the purpose of determining any liability under the Securities Act of 1933, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (9) to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act in accordance with the rules and regulations prescribed by the Commission under Section 305(b)(2) of the Trust Indenture Act.
